Sec. 63512.

(1) Within 6 months after the completion of a project to restore, reclaim, abate, control, or prevent the adverse effects of past mining practices on privately owned property, the department shall itemize the money expended to complete the project and shall file an account of the money expended with the clerk of the county in which the property is located, together with a notarized appraisal by an independent appraiser of the value of the land before the restoration, reclamation, abatement, control, or prevention of the adverse effects of past mining practices if the money so expended will result in a significant increase in property value. The filing of lis pendens with a copy of the statement of account and the appraisal constitutes a lien on the land second in priority only to a lien for delinquent property taxes placed on the property pursuant to section 40 of the general property tax act, Act No. 206 of the Public Acts of 1893, being section 211.40 of the Michigan Compiled Laws. The lien shall not exceed the amount of the increase in the market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past mining practices. A lien shall not be filed against the property of a person who was a record owner of the surface rights in the property prior to May 2, 1977, and who did not consent to, participate in, or exercise control over the mining operation that necessitated the restoration, reclamation, abatement, control, or prevention of the adverse effects of past mining practices.

(2) An affected landowner may petition the department within 60 days of the filing of the lien for a hearing concerning the amount of the lien. That hearing and any appeal shall be conducted under chapter 4 of the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being sections 24.271 to 24.287 of the Michigan Compiled Laws.
