recreational and snowmobile trails system; expenditures; construction of recreational trail facilities or major improvements on private land; interconnecting network of statewide snowmobile trails and use areas; alternative nonconflicting off-season recreational trail uses.

Sec. 82106.

(1) Except as otherwise provided in this part, revenue received from the registration fees under this part shall be deposited as follows:

(a) Twenty-two dollars of each registration fee for a snowmobile and \$8.00 of each registration fee for a historic snowmobile shall be deposited into the snowmobile registration fee subaccount. However, if the balance of the snowmobile registration fee subaccount exceeds \$1,600,000.00 at any time, the state treasurer shall transfer all amounts in excess of \$1,600,000.00 to the recreational snowmobile trail improvement subaccount. From the revenue deposited in the snowmobile registration fee subaccount under this part, the legislature shall make an annual appropriation as follows:

(i) Not more than \$3.00 of each registration fee for a snowmobile and not more than \$3.00 for each registration fee for a historic snowmobile collected during each fiscal year shall be appropriated to the department of state for administration of the registration provisions of this part. At the close of each state fiscal year, any money appropriated under this subparagraph but not expended shall be credited to the recreational snowmobile trail improvement subaccount. Additionally, if less than \$3.00 of each registration fee is appropriated to the department of state, the state treasurer shall transfer the difference between \$3.00 and the amount appropriated from each registration fee to the recreational snowmobile trail improvement subaccount.

(ii) Fourteen dollars of each fee for a registration for a snowmobile paid before July 1, 2009, or \$19.00 of each fee for a registration for a snowmobile paid on or after July 1, 2009, and \$5.00 of each fee for a registration for a historic snowmobile shall be appropriated to the department for purposes set forth in section 82107, including financial assistance to county sheriff departments and local law enforcement agencies for local snowmobile programs. Any money appropriated but not expended under this subparagraph shall be credited each year to the snowmobile registration fee subaccount.

(b) Five dollars of each fee for a registration for a snowmobile paid before July 1, 2009, and \$42.00 of each fee for registration of a historic snowmobile shall be deposited in the recreational snowmobile trail improvement subaccount and shall be administered by the department for the purposes of planning, construction, maintenance, and acquisition of trails and areas for the use of snowmobiles, or access to those trails and areas, and basic snowmobile facilities.

(c) From each fee for a registration for a snowmobile other than a historic snowmobile paid on or after July 1, 2009, \$8.00 shall be deposited into the permanent snowmobile trail easement subaccount under section 82110a. This money is intended to supplement other money expended for snowmobile-related activities of the department and not as a replacement for those expenditures.

(2) The department shall designate a state recreational trail coordinator and shall maintain a comprehensive plan for implementing a statewide recreational and snowmobile trails system. The comprehensive plan shall be reviewed and updated each year by the department.

(3) The money appropriated under this section to the department for snowmobile trails and areas, for access to those trails or areas, and for basic snowmobile facilities may be expended for the acquisition, development, and maintenance on any land in the state. This money may be used to purchase lands or secure easements, leases, permits, or other appropriate agreements permitting use of private property for snowmobile trails, basic facilities, and areas which may be used by bicyclists, hikers, equestrians, and other nonconflicting off-season recreational trail users, if the easements, leases, permits, or other agreements provide public access to the trail, use areas, and support facilities.

(4) Recreational trail facilities or major improvements shall not be constructed on private land unless a written agreement in the form of an easement, lease, or permit for a public trail right-of-way having a term of not less than 5 years is made between the owner of the land and the department.

(5) The money appropriated under this section shall be expended in a manner and as part of the overall plan of the department for an interconnecting network of statewide snowmobile trails and use areas giving consideration to expected snowfall and availability for use with adequate snow cover. Consideration shall be given in the plan for alternative nonconflicting off-season recreational uses of snowmobile trails.

Sec. 82109.

(1) Money appropriated to the department from the recreational snowmobile trail improvement subaccount shall be used for 1 or more of the following:

(a) Seek input from the snowmobile advisory committee created under section 82102a.

(b) To the degree feasible, give priority to use of the funds for financial assistance to local units of government and nonprofit incorporated snowmobile clubs or organizations.

(3) A portion of the funds appropriated to the department each year shall be used to provide financial assistance to local units of government and nonprofit incorporated snowmobile clubs or organizations in the form of grants or contract payments for annual snowmobile trail maintenance costs, including signage and liability insurance. (b) Repair or new development of snowmobile trails or related facilities, including the costs of designing and engineering for grant-funded improvements.

(c) Acquisition of land or rights in lands for snowmobile trails or related facilities, costs of leases, permits, easements, or other agreements that allow for use of private lands for public access to snowmobile trails and related

facilities, or development of new snowmobile trails and related facilities.

(4) Financial assistance shall not be made under this section unless the costs are for a trail that is available for public snowmobile use and is approved by the department.

(5) Financial assistance shall be allocated as follows:

(a) Assistance for snowmobile trail maintenance costs, excluding signage and liability insurance, shall be according to a formula promulgated by the state recreational trail coordinator, which shall provide an amount up to 100% of the actual, eligible expense of maintaining the trail per year incurred and documented by the grant recipient or contractor and approved by the department.

(b) Assistance for the cost of land acquisition, leasing, permits, or other agreements may equal 100% of the actual, eligible expenses incurred and documented by the grant recipient or contractor and approved by the department.

(c) Assistance for signage may equal 100% of the actual, eligible costs incurred and documented by the grant recipient or contractor and approved by the department. In lieu of financial assistance for signage, the department may choose to use recreational snowmobile trail improvement funds to purchase signs and provide them to grant recipients or contractors. Financial assistance for signs shall not be provided under this section unless the snowmobile trails meet minimum state snowmobile trail construction standards and are funded for snowmobile season maintenance.

(d) Assistance for trail insurance may equal 100% of the actual, eligible costs incurred and documented by the grant recipient or contractor and approved by the department.

(e) Assistance for repair or the development of new trails or trail facilities shall equal 100% of the actual, eligible costs incurred and documented by the grant recipient or contractor and approved by the department.

(7) To receive financial assistance under this section, a local unit of government or nonprofit incorporated snowmobile club or organization must enter into a grant agreement or contract with the department that specifies the obligations of the grant recipient or contractor. The grant agreement or contract shall include provisions as determined by the department, including, but not limited to, requirements that the grant recipient or contractor maintain records and submit documentation and reports to the department to verify expenditure of money received. The grant agreement or contract shall also require a grant recipient or contractor to adhere to trail specifications prescribed by the department.

(9) A grant agreement or contract shall include a specified term for which the grant agreement or contract is valid. Grant or contract funds shall be encumbered upon execution of the grant agreement or contract and remain available for the specified term. Grant or contract funds not expended by a grant recipient or contractor within the specified term may, at the department's discretion, be reallocated to the grant recipient or contractor as part of a new grant agreement or contract.

324.82119 Operation of snowmobiles prohibited; exceptions; permanent prohibition; requirements; rules.

Sec. 82119.

(1) A person shall not operate a snowmobile upon a public highway, land used as an airport or street, or on a public or private parking lot not specifically designated for the use of snowmobiles except under the following conditions and circumstances:

(a) Subject to subsection (2), a snowmobile may be operated on the right-of-way of a public highway, except a limited access highway, if it is operated at the extreme right of the open portion of the right-of-way and with the flow of traffic on the highway. However, a snowmobile may be operated on the right-of-way of a public highway against the flow of traffic if the right-of-way is a snowmobile trail that is designated by the department in the plan developed pursuant to section 82106(2) and that is approved by the state transportation department. Snowmobiles operated on the right-of-way of a public highway, as provided in this subdivision, shall travel single file and shall not be operated abreast except when overtaking and passing another snowmobile. In the absence of a posted

snowmobile speed limit, a snowmobile operated on the right-of-way of a public highway, as provided in this subdivision, shall not exceed the speed limit posted on the public highway.

(b) Subject to subsection (2), a snowmobile may be operated on the right-of-way of a limited access public highway if it is operated on a snowmobile trail that is designated by the department in the plan developed pursuant to section 82106(2) and that is approved by the state transportation department. A snowmobile shall only be operated on that right-of-way in the manner provided in that plan. In addition, a snowmobile operated on the right-of-way of a public highway, as provided in this subdivision, shall travel single file and shall not be operated abreast except when overtaking and passing another snowmobile. In the absence of a posted snowmobile speed limit, a snowmobile operated on the right-of-way of a public highway, as provided in this subdivision, shall not exceed the speed limit posted on the public highway.

(c) A snowmobile may be operated on the roadway or shoulder when necessary to cross a bridge or culvert if the snowmobile is brought to a complete stop before entering onto the roadway or shoulder and the driver yields the right-of-way to an approaching vehicle on the highway.

(d) In a court action in this state where competent evidence demonstrates that a vehicle that is permitted to be operated on a highway pursuant to the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923, collided with a snowmobile on a roadway, the driver of the snowmobile involved in the collision shall be considered prima facie negligent.

(e) A snowmobile may be operated across a public highway other than a limited access highway, at right angles to the highway, for the purpose of getting from 1 area to another when the operation can be done in safety and another vehicle is not crossing the highway at the same time in the same general area. An operator shall bring his or her snowmobile to a complete stop before proceeding across the public highway and shall yield the right-of-way to all oncoming traffic.

(f) Snowmobiles may be operated on a highway in a county road system that is not normally snowplowed for vehicular traffic and on the plowed right-of-way or shoulder when no right-of-way exists on a snowplowed highway in the county road system, outside the corporate limits of a city or village, that is designated and marked for snowmobile use by the county road commission having jurisdiction. Upon the request of a county road commission that has designated all county roads outside the corporate limits of a city or village for snowmobile use, the state transportation department shall erect at county road commission expense and shall maintain, in accordance with the Michigan manual of uniform traffic control devices standards, the basic snowmobile sign unit together with a supplemental panel stating "permitted on right-of-way or shoulder of all (county name) roads — MCL 324.82119" at the county line on all state trunk line highways and county roads. A sign erected before the effective date of the 2005 amendatory act that amended this section may cite 1968 PA 74 instead of citing this section.

(g) A law enforcement officer of a local unit of government or the state may authorize use of a snowmobile on a public highway or street within his or her jurisdiction when an emergency occurs and conventional motor vehicles cannot be used for transportation due to snow or other extreme highway conditions.

(h) A snowmobile may be operated on a highway or street for a special event of limited duration conducted according to a prearranged schedule only under permit from the governmental unit having jurisdiction. The event may be conducted on the frozen surface of public waters only under permit from the department.

(i) A city or village by ordinance may designate 1 or more specific public highways or streets within its jurisdiction as egress and ingress routes for the use of snowmobiles. A city or village acting under the authority of this subdivision shall erect and maintain, in accordance with the Michigan manual of uniform traffic control devices standards, a sign unit giving proper notice of the designation.

(2) The state transportation department and the department of natural resources may permanently prohibit snowmobile use as described in subsection (1)(a) or (b) in a highway right-of-way if, within 10 years after the effective date of the amendatory act that added this subsection, all of the following requirements are met:

(a) The right-of-way is designated in a closure plan developed by the state transportation department and the department of natural resources and approved by the state transportation commission and the commission of natural resources.

(b) The state transportation department and the department of natural resources have held a public hearing on the proposed prohibition in the county where the prohibition is to apply. The state transportation department and the department of natural resources shall give notice of the hearing by publication in a newspaper of general circulation in the county not more than 21 or less than 7 days before the hearing.

(c) The state transportation department and the department have consulted on the proposed prohibition with the snowmobile advisory committee created under section 82102a.

(d) Snowmobile use in that right-of-way poses a particular and demonstrable threat to public safety.

(e) The department has designated and, if required under subsection (1)(a) or (b), the state transportation department has approved an alternative snowmobile trail that meets all of the following requirements:

(i) Is open for use and functional during snowmobile season.

(ii) Bypasses the highway right-of-way on which snowmobile use is to be prohibited.

(iii) Provides access to any qualified business that, when the alternative snowmobile trail is designated, is located along the highway right-of-way on which snowmobile use is to be prohibited. As used in this subparagraph,

"qualified business" means a gas station, restaurant, hotel, motel, convenience store, or grocery store or any other business that relies on snowmobile-based commerce.

(3) The state transportation department and the department of natural resources may promulgate rules to implement subsections (1)(b) and (2).

324.82124 Ordinances; duty to maintain highway; immunity from liability; "gross negligence" defined.

Sec. 82124.

(1) Any municipality may pass an ordinance regulating the operation of snowmobiles if the ordinance meets substantially the minimum requirements of this part. A local unit of government may not adopt an ordinance that:

(a) Imposes a fee for a license.

(b) Specifies accessory equipment to be carried on the snowmobile.

(c) Requires a snowmobile operator to possess a motor vehicle driver license.

(d) Restricts operation of a snowmobile on the frozen surface of public waters or on lands owned by or under the control of the state except pursuant to section 82125.

(2) A board of county road commissioners, a county board of commissioners, and a county have no duty to maintain any highway under their jurisdiction in a condition reasonably safe and convenient for the operation of snowmobiles.

(3) Beginning on October 19, 1993, a board of county road commissioners, a county board of commissioners, and a county are immune from tort liability for injuries or damages sustained by any person arising in any way out of the operation or use of a snowmobile on maintained or unmaintained highways, shoulders, and rights-of-way over which the board of county road commissioners, the county board of commissioners, or the county has

324.82125 Rules governing operation and conduct of snowmobiles; special rules; hearing; notice; corresponding ordinances; suspension, amendment, or repeal; enforcement.

Sec. 82125.

(1) The department may promulgate rules to govern the operation and conduct of snowmobiles, speed limits, and the times when a snowmobile may be used and to establish and designate areas where snowmobiles may be used in a manner that will ensure compatible use and best protection of the safety and general welfare of the public on the frozen surface of public waters.

(2) The department, on its own initiative or upon receipt of a certified resolution of the governing body of a political subdivision, may initiate investigations into the need for special rules to govern the operation of snowmobiles on the frozen surface of public waters. If controls for an activity are considered necessary, or amendment or repeal of an existing rule is required, the department shall prepare a rule for consideration at a public hearing. Notice of the public hearing shall be published in a newspaper of general circulation in the area where the rules are to be imposed, amended, or repealed, at least 10 days before the hearing.

(3) After a hearing is held pursuant to subsection (2), the proposed rule shall be submitted to the governing body of the political subdivision in which the affected frozen waters lie. The governing body shall inform the department that it approves or disapproves of the proposed rule within 30 days after receiving the rule from the department. If the governing body disapproves the proposed rule, further action shall not be taken. If the governing body approves the proposed rule, it may enact an ordinance that is identical to the proposed rule and the department shall promulgate the rule. An ordinance enacted pursuant to this subsection is not effective until the proposed rule is promulgated and effective.

(4) An ordinance that is the same as a rule that is suspended by the legislature or amended or repealed by the department shall likewise be suspended, amended, or repealed. The governing body, by majority vote, may repeal the ordinance at any time.

(5) Local law enforcement officers may enforce ordinances enacted pursuant to this section, and state and county enforcement officers shall enforce rules that are promulgated pursuant to this section.

(i) On a railroad or railroad right-of-way. This prohibition does not apply to railroad personnel, public utility personnel, law enforcement personnel while in the performance of their duties, or persons using a snowmobile trail located on or along a railroad right-of-way, or an at-grade snowmobile trail crossing of a railroad right-of-way, that has been expressly approved in writing by the owner of the right-of-way and each railroad company using the tracks and that meets the conditions imposed in subsections (4) and (5). A snowmobile trail or an at-grade snowmobile trail crossing shall not be constructed on a right-of-way designated by the federal government as a high-speed rail corridor.

(a) Indemnify the person owning the railroad right-of-way and the person operating the railroad against any claims associated with, arising from, or incidental to the construction, maintenance, operation, and use of the trail or at-grade snowmobile trail crossing.

(5) A snowmobile trail shall be clearly demarcated by signing constructed and maintained at the sole cost and expense of the grant program sponsor. The signing shall be placed at the outer edge of the railroad right-of-way, as far from the edge of the railroad tracks as possible, and not closer than 20 feet from the edge of the railroad tracks unless topography or other natural or manmade features require the trail to lie within 20 feet of the edge of the railroad tracks. The at-grade snowmobile trail crossing of a railroad right-of-way shall be aligned at 90 degrees or

as close to 90 degrees as possible to the railroad track being crossed, and shall be located where approach grades to the crossing are minimal and where the vision of a person operating a snowmobile will be unobstructed as he or she approaches the railroad tracks. The design of the snowmobile trail, including the location of signing, shall be included upon plan sheets by the person constructing, operating, and maintaining the trail, and shall be approved in writing by the person owning the right-of-way and the person operating the railroad. (7) A person shall not alter, deface, damage, or remove a snowmobile trail sign or control device.

(8) Each person who participates in the sport of snowmobiling accepts the risks associated with that sport insofar as the dangers are obvious and inherent. Those risks do not include injuries to persons or property that can result from the use of a snowmobile by another person in a careless or negligent manner likely to endanger person or property. When a snowmobile is operated in the vicinity of a railroad right-of-way, each person who participates in the sport of snowmobiling additionally assumes risks including, but not limited to, entanglement with tracks, switches, and ties and collisions with trains and other equipment and facilities.

(9) A person who violates subsection (2) is responsible for a state civil infraction and shall be ordered to pay a civil fine of not less than \$100.00 or more than \$250.00.
