

MICHIGAN ELECTION LAW (EXCERPT)
Act 116 of 1954

POLLING PLACES, EQUIPMENT, SUPPLIES

168.662 Designating place of holding election in municipality; polling places and early voting sites; central polling places; abolishment; compliance with voting accessibility; notice.

Sec. 662. (1) The legislative body in each municipality shall provide a suitable polling place for each precinct located in the municipality for use on election day and shall provide a suitable early voting site for each precinct in the municipality for each election at which the municipality conducts early voting under section 720e. If at any election a municipality conducts early voting jointly with 1 or more other municipalities located in the same county, early voting sites for that election must be provided in accordance with section 720f. If at any election a county clerk conducts early voting for 1 or more municipalities located in the county, the board of county election commissioners of that county shall provide 1 or more early voting sites for that election as provided under section 720g. A publicly owned or controlled building, including, but not limited to, a municipal building or school building, must be used as a polling place unless it is not possible or convenient to use a publicly owned or controlled building as a polling place.

(2) The legislative body of a city or township, or a board of county election commissioners as provided under section 720g, shall not designate as a polling place or early voting site a building that is owned or leased by an elected official, an individual who is a candidate, or a person that is regulated under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282. For purposes of the previous sentence, "leased" means that the entire building, and not just a portion of the building, is leased by an elected official, an individual who is a candidate, or a person that is regulated under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282. In addition, a building must not be designated as a polling place or early voting site if a portion of that building is leased by an elected official, an individual who is a candidate, or a person that is regulated under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282, and the portion of that building leased by an elected official, an individual who is a candidate, or a person that is regulated under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282, is located within 100 feet from the entrance of the polling place or early voting site located inside that building.

(3) Except as otherwise provided in section 4(1)(m) of article II of the state constitution of 1963 for early voting, the legislative body in each city or township may establish a central polling place or central polling places for 6 precincts or less if it is possible and convenient for the electors to vote at a central polling place or at central polling places. The legislative body in each city or township may abolish other polling places not required as a result of the establishment of a central polling place or central polling places.

(4) A township board may provide polling places or early voting sites located within the limits of a city that has been incorporated from territory formerly a part of the township, and the electors of the township may cast their ballots at those polling places or early voting sites. If 2 contiguous townships utilize a combined township hall or other publicly owned or controlled building within 1 of the township's boundaries and outside of the other township's boundaries, and there is not another publicly owned or controlled building available or suitable for a polling place or early voting site within the other township, then each township board may provide a polling place or early voting site in that publicly owned building for 1 or more election precinct.

(5) A city or township, or a county as provided under section 720g, shall not use as a polling place, early voting site, or central polling place a building that does not meet the requirements of this section. For early voting under sections 720a to 720j, if a city or township cannot secure a building to be used as a polling place or early voting site that meets the requirements of this section, that city or township must enter into a municipal agreement under section 720f or a county agreement under section 720g.

(6) The legislative body of a city or township, or a board of county election commissioners as provided under section 720g, shall not establish, move, or abolish a polling place, early voting site, or central polling place less than 60 days before an election unless necessary because a polling place, early voting site, or central polling place has been damaged, destroyed, or rendered inaccessible or unusable as a polling place, early voting site, or central polling place.

(7) The legislative body of a city or township, or a board of county election commissioners as provided under section 720g, shall ensure that a polling place, early voting site, or central polling place established under this section is accessible and complies with the voting accessibility for the elderly and handicapped act and the help America vote act of 2002.

(8) After a polling place or early voting site is approved under this section, the appropriate clerk, as provided under subsections (9) and (10), must provide a notice specifying the location of the polling place or

early voting site to each registered elector entitled to vote at that polling place or early voting site. The notice requirement under this subsection applies to permanent and temporary changes to polling places and early voting sites, except that notice is not required if an early voting site is established in addition to 1 or more early voting sites that remain in effect for which notice was previously provided to each elector. The notice required under this subsection must be provided as follows:

(a) No later than 45 days before an election for a polling place or early voting site established or changed by the sixtieth day before an election.

(b) For temporary changes made to a polling place or early voting site under subsection (6), no later than 21 days before an election for a polling place and no later than 21 days before the first day of early voting for an early voting site. In addition to the notice required to each registered elector under this subdivision, the appropriate clerk must post a sign indicating the new polling place location or early voting site at the location of the former polling place location or early voting site.

(9) After a polling place is approved under this section, the city or township clerk of the city or township approving the polling place must provide the notice required under subsection (8) by either of the following methods:

(a) Updating and sending the voter identification card issued under section 499.

(b) Sending a separate notice by mail or other method designed to provide actual notice to the registered elector.

(10) After an early voting site is approved under this section, the appropriate clerk must provide the notice required under subsection (8) by sending a separate notice by mail or other method designed to provide actual notice to the registered elector, and must not provide the notice by updating the voter identification card issued under section 499. In addition to identifying the location of the early voting site, the separate notice sent under this subsection must provide the hours of operation of the early voting site for each day early voting is offered. The notice under this subsection must be provided as follows:

(a) For early voting conducted under section 720e, by the clerk of the municipality approving the early voting site.

(b) For early voting conducted under section 720f, by the clerk of each municipality that is a party to the municipal agreement, or as otherwise provided by the municipal agreement.

(c) For early voting conducted under section 720g, by the clerk of the county where the early voting site is located or by the clerk of each municipality that is a party to the county agreement.

(11) For temporary changes made under subsection (6) to a polling place within 20 days before an election or to an early voting site within 20 days before the start of early voting, the appropriate clerk must provide notice in all of the following ways:

(a) By posting a sign indicating the new polling place location or early voting site at the location of the former polling place location or early voting site.

(b) By posting the new polling place location or early voting site on the website of the municipality or county, as applicable.

(c) By posting the new polling place location or early voting site on the department of state's website.

(12) As used in this section:

(a) "Accessible" means the removal or modification of policies, practices, and procedures that deny an individual with a disability the opportunity to vote, including the removal of physical barriers as identified in section 261(b) of the help America vote act of 2002, 52 USC 21021, so as to ensure individuals with disabilities the opportunity to participate in elections in this state.

(b) "Candidate" means that term as defined in section 3 of the Michigan campaign finance act, 1976 PA 388, MCL 169.203.

The board of election commissioners may appoint as election inspector an individual on the list submitted by a major political party under section 673a who is qualified to serve under section 677. An appointment of an election inspector under this section is void if a properly completed application for that election inspector is not on file in the clerk's office as prescribed in section 677.

(2) The board of election commissioners shall designate 1 appointed election inspector as chairperson. The board of election commissioners shall appoint at least 1 election inspector from each major political party and shall appoint an equal number, as nearly as possible, of election inspectors in each election precinct from each major political party. The board of election commissioners may appoint election inspectors in an election precinct from minor political parties. The challenge must be in writing, specifically identify the reason for the challenge, and include any available documentation supporting the challenge. The county chair of the political party shall file a challenge under this subsection with the board of election commissioners not later than 4 business days following receipt of the board of election commissioners' notice of appointed election inspectors under subsection (2).

(4) Upon receipt of a challenge under subsection (3), the board of election commissioners shall determine whether the appointee has the necessary qualifications by reviewing the application or any other official records, such as voter registration records, or whether the applicant has a properly completed certification of political party affiliation in the application. If the challenge alleges that the appointee is a known active advocate of a political party other than the one on the appointee's application, the board of election commissioners immediately shall provide the appointee with a copy of the challenge by certified mail,

personal service, or electronic transmission capable of determining date of receipt. The appointee may respond to the challenge within 2 business days after receiving a copy of the challenge. A response must be by affidavit addressing the specific reasons for the challenge. Failure to respond results in revocation of the appointment. Within 2 business days after receiving the challenge or a response from the appointee, whichever is later, the board of election commissioners shall make a final determination and notify the appointee and the county chair of the political party of the determination.

(5) If a vacancy occurs in the office of chairperson or in the office of election inspector before election day, the chairperson of the board of election commissioners shall designate some other properly qualified applicant or election inspector as chairperson or some other qualified applicant as election inspector, as applicable, subject to this section. If a vacancy occurs in the office of chairperson on election day, the remaining election inspectors shall designate 1 of the election inspectors as chairperson.

A county, city, or township clerk may allow an applicant for precinct election inspector to file an application through an online application portal or by other electronic means. The clerk shall maintain a file of applications filed under this section and make the applications available for public inspection at the clerk's office during normal business hours.

(3) An individual must not be knowingly appointed or permitted to act as a precinct election inspector if the individual or any member of the individual's immediate family is a candidate for nomination or election to any office at the election or has been convicted of a felony or election crime. An individual must not be permitted to act as a precinct election inspector if the individual has failed to attend a school of instruction or failed to take an examination as provided in section 683. This section does not prohibit the candidate for or delegate to a political party convention from acting as a precinct election inspector in a precinct other than the precinct in which that individual resides. An election must not be invalidated merely because of the violation of the provisions of this section.

(4) Except as otherwise provided in this subsection and subject to subsection (5), an individual who is 16 or 17 years of age may be appointed to a board of election inspectors. Before an individual may be appointed under this subsection, the first 3 members of the board of election inspectors required to be appointed under section 672 must meet the requirements of subsections (1) to (3). An individual who is appointed under this

subsection must meet the requirements of subsections (1) to (3) other than being a qualified and registered elector of this state. An individual who is appointed under this subsection is not eligible to be designated as chairperson of the board of election inspectors under section 674.

(5) If an individual seeking appointment to a board of election inspectors under subsection (4) is attending a K-12 school and if an election falls on a school day, the individual shall provide to the clerk, along with the application filed under subsections (1) and (2), a written document from the individual's school specifically acknowledging that individual's application for appointment to the board of election inspectors and specifically excusing that individual from school on the date of service, if the appointment is made.

168.679 Counting board; membership; appointment; duties; applicability of MCL 168.662 to place of performance.

Sec. 679. (1) The legislative body of a city or township, by resolution, may provide that for an election in a precinct of the city or township, there shall be an additional board of election inspectors, known as the counting board. The counting board must consist of 3 or more election inspectors. Sections 673a and 674 apply to the appointment of election inspectors to counting boards under this section. The counting board shall count the ballots cast in the precinct at an election and make a statement of returns of that count. The provisions of this chapter relative to the appointment, qualifications, privileges, powers, duties, and oaths of office of election inspectors apply to the members of a counting board, to the extent that they apply to the counting of the votes cast at and the making of the statement of returns of an election.

(2) In a precinct for which a counting board has been provided, the duties of the election inspectors who have conducted the election during the day cease on the closing of the polls and, upon the closing of the polls, the counting board assumes charge and control of the place of voting, the ballot boxes, the ballots, and all other equipment of the polling place and shall proceed with the counting of votes. The counting board shall perform all duties required by this act to be performed after the closing of the polls at an election by the board of election inspectors in a precinct that does not have a counting board, as provided in this section.

168.679a Receiving board; appointment and duties of inspectors; review of poll book and statement of returns; corrective action; delivery.

Sec. 679a. (1) The election commission of a city or township shall, by resolution, provide that at an election at which the ballots are counted and certified at the precinct, 1 or more additional boards of election inspectors be appointed to serve as receiving boards. For a precinct having receiving boards, the board of election commissioners shall appoint a receiving board consisting of 2 or more election inspectors, with an equal number from each major political party, and shall appoint an equal number of election inspectors from each major political party.

(2) Not less than 2 election inspectors in a precinct, representing each of the major political parties, shall deliver to the receiving board for that precinct a sealed ballot container containing the voted ballots, and, in a separate sealed envelope, the poll book and statement of returns. The poll book and statement of returns may be enclosed in a single sealed envelope.

(3) The receiving board shall open the sealed envelope and review the poll book and statement of returns to determine both of the following:

(a) That the ballot container is properly sealed and the seal number is properly recorded in the poll book

and the statement of returns. If the ballot container is not properly sealed or there is a discrepancy with the seal number recorded in the poll book or the statement of returns, the election inspectors who delivered the ballot container and the receiving board shall together take the necessary steps to correct the discrepancy. The election inspectors and the receiving board shall note the discrepancy and the corrective action in the remarks section of the poll book and all shall sign the notation.

(b) That the number of individuals voting recorded in the poll book equals the number of ballots issued to electors, as shown by the statement of returns. If the number of individuals voting as shown by the poll book does not equal the number of ballots counted as shown by the statement of returns, and if an explanation of the discrepancy has not been noted in the poll book, the receiving board shall ask the election inspectors about the discrepancy, note the explanation in the poll book, and all shall sign the notation.

(4) If the poll book or statement of returns has been erroneously sealed in the ballot container, the election inspectors may open the ballot container and remove the poll book or statement of returns. The elections inspectors and receiving board shall note the corrective action in the remarks section of the poll book and all shall sign the notation before placing the poll book or statement of returns in a separate sealed envelope. If the statement of returns was sealed in the ballot container and the poll book was sealed in an envelope, the poll book must be removed from the sealed envelope for the notation of corrective action to be recorded before placing the poll book and statement of returns in a sealed envelope. The receiving board shall notify the clerk of the board of canvassers responsible for canvassing all or a portion of the election of the corrective action taken.

(5) When the receiving board has completed the review under subsection (3), the receiving board shall place the poll book and statement of returns in the appropriate envelope, sealed with a red paper seal and initialed by the receiving board. If permitted by the clerk of the board of canvassers, the poll books and statement of returns from more than 1 precinct may be included and delivered in a single envelope.

168.683 Election inspectors; instruction, compensation, vacancy.

Sec. 683. Each county clerk before each primary and election shall, by some reliable means, notify the clerk of each township and city in the county of a training school for election inspectors to be held at a place designated by the county clerk within 20 days before each primary, general, and special election. The township and city clerks shall notify each election inspector appointed to serve at that election of the time and place of the training school. At the meeting, the county clerk shall instruct and demonstrate the manner in which the duties of election inspectors are required by law to be performed. It is the duty of the inspectors, so notified, to attend the meeting unless excused by the county clerk for good cause. Compensation may be paid to them by their respective municipalities at a rate as determined by the governing bodies. An election inspector shall not serve in any election unless he or she has within the last preceding 2 years either attended

an election school or has passed satisfactorily an examination given by the election commission of the city or township in which appointed. The examination is subject to the approval of the secretary of state. This section does not prevent the appointment of an election inspector to fill a vacancy. This section does not prohibit any city or any township having a population of 10,000 or more from conducting its own training school for election inspectors of that city or township. If a city or township conducts its own training school, election inspectors who attend a city or township training school are not required to attend the county training school.
