

MOTOR VEHICLE SERVICE AND REPAIR ACT (EXCERPT)
Act 300 of 1974

257.1313b Display of current and valid certificate; name and certification number to be affixed to statement of repairs; compliance with accepted motor vehicle repair industry standards; violation of subsection (3).

Sec. 13b. (1) A certified specialty or master mechanic shall display, in a conspicuous location in the place of business where he or she is employed or engaged to perform repairs, a current and valid certificate issued by the administrator.

(2) If a certified mechanic works on, inspects and approves, or supervises a repair, he or she shall affix his or her name and certification number, as assigned by the administrator, to the written statement of repairs given the customer under section 34.

(3) A certified specialty or master mechanic or mechanic trainee shall not depart from, or disregard in any material respect, accepted motor vehicle repair industry standards. Compliance with published vehicle manufacturer, parts manufacturer, equipment manufacturer, or recognized aftermarket repair manual specifications creates a presumption that the mechanic or mechanic trainee has followed accepted motor vehicle repair industry standards.

(4) If the administrator, after notice and a hearing, determines that a specialty or master mechanic or mechanic trainee has violated subsection (3), the administrator may, under section 21, require that the specialty or master mechanic or mechanic trainee do both of the following:

(a) Successfully complete a designated training course or program as a prerequisite to continued certification.

(b) Only perform specific motor vehicle repairs or repair procedures identified by the administrator until the training course or program described in subdivision (a) is completed.

History: Add. 2016, Act 430, Eff. Apr. 4, 2017.
