Act 451 of 1994

324.2107 Acquired lands; classification; control; application by private individual for exchange.

Sec. 2107.

If the state acquires lands under this subpart, under former Act No. 193 of the Public Acts of 1911, or pursuant to the laws of the United States providing for an exchange of lands between the United States and the state, the lands acquired by the state shall become a part or portion of that class of lands to which the lands relinquished in lieu of the lands formerly belonged, and shall be subject to the same supervision and control and laws of the state to which the lands relinquished or conveyed by the state would have been subject had they remained the property of the state. However, an application from private individuals for the exchange of their lands for lands proposed to be acquired by the state from the United States under section 2104 shall not be received, filed, or in any manner considered or acted upon until after the state has received conveyance of the lands from the United States, and then applications from private individuals for the exchange of their lands shall be filed, considered, and acted upon only in the order in which they are received.
