Sec. 45906.

(1) A person shall not import into this state any live game fish, including viable eggs of any game fish, except as authorized by a license as provided for in this part issued by the department pursuant to part 13. A license under this subsection does not apply to a genetically engineered variant of a live game fish species unless the genetically engineered variant is specifically identified in the license.

A prohibition or restriction in rules promulgated under this subsection applies to a genetically engineered variant of a fish species identified in the prohibition or restriction unless the prohibition or restriction specifically provides otherwise. A prohibition or restriction in rules promulgated under this subsection may be limited to a genetically engineered fish.
