(2) The members of the county mental health transportation panel must include all of the following:

(a) A county administrator or an individual who has similar responsibilities within the county as a county administrator.

(b) A judge of a court having jurisdiction in the county.

(c) A peace officer who works at a law enforcement agency or state police post within the county.

(d) A mental health professional who is an employee of a community mental health services program located within the county.

(3) The panel may recommend a contract with a private security company to hire security transport officers to transport individuals for involuntary psychiatric hospitalization or screening under this act and, only upon that recommendation, the county board of commissioners may enter into that contract.

(4) In order to enter into a contract with a county board of commissioners as described in subsection (3), the private security company must meet all of the following requirements:

(a) Maintain insurance coverage on file with the department that satisfies the following:

(i) As to motor vehicle coverage, a policy of insurance issued by an insurer authorized to do business in this state that provides the coverage required by chapter 31 of the insurance code of 1956, 1956 PA 218, MCL 500.3101 to 500.3179, including, but not limited to, personal protection insurance in the amount stated in section 3107c.

(iii) As to liability, other than for a motor vehicle, a policy of insurance issued by an insurer authorized to do business in this state that names the private security company, the county, and the county mental health transportation panel as co-insureds in the amount of \$25,000.00 per occurrence, for property damages and \$2,000,000.00 per occurrence for injury to or death of 1 or more persons arising out of the operation of the activity.

(iv) As to coverage required by this subsection, the insurer of the private security company is primary to any insurer, or coverage provider, of the county or the county mental health transportation panel, including any self-insurance or group self-insurance.

(b) Provide to security transport officers a specialized training program for best practices when working with and transporting an individual with severe mental illness or a person requiring treatment safely and effectively, which program must be approved by the department. This specialized training program must include training on recipient rights.

(c) Maintain a dispatch system that is available 24 hours a day, 7 days a week to receive transport orders and deploy security transport officers.

(d) Deploy 2 security transport officers for every transport order. Deployment of security transport officers under this subdivision must be gender appropriate for the situation.

However, the authority under this subsection only applies if the individual is being transported to or from a hospital, a mental health screening unit, or other mental health treatment center pursuant to a court order.
