

MEDICAL MARIHUANA FACILITIES LICENSING ACT (EXCERPT)
Act 281 of 2016

333.27504 Provisioning center license.

Sec. 504.

(1) A provisioning center license authorizes the purchase or transfer of marihuana only from a grower or processor and sale or transfer to only a registered qualifying patient or registered primary caregiver. Except as otherwise provided in section 505 and this subsection, all transfers of marihuana to a provisioning center from a separate marihuana facility must be by means of a secure transporter. A transfer of marihuana to a provisioning center from a marihuana facility that occupies the same location as the provisioning center does not require a secure transporter if the marihuana is transferred to the provisioning center using only private real property without accessing public roadways.

(2) A provisioning center license authorizes the provisioning center to transfer marihuana to or from a safety compliance facility for testing by means of a secure transporter or as provided in section 505.

(3) To be eligible for a provisioning center license, the applicant and each investor in the provisioning center must not have an interest in a secure transporter or safety compliance facility.

(4) A provisioning center shall comply with all of the following:

(a) Sell or transfer marihuana to a registered qualifying patient or registered primary caregiver only after it has been tested and bears the label required for retail sale.

(b) Enter all transactions, current inventory, and other information into the statewide monitoring system as required in this act, rules, and the marihuana tracking act.

(c) Before selling or transferring marihuana to a registered qualifying patient or to a registered primary caregiver on behalf of a registered qualifying patient, inquire of the statewide monitoring system to determine whether the patient and, if applicable, the caregiver hold a valid, current, unexpired, and unrevoked registry identification card and that the sale or transfer will not exceed the daily and monthly purchasing limit established by the medical marihuana licensing board under this act.

(d) Not allow the sale, consumption, or use of alcohol or tobacco products on the premises.

(e) Not allow a physician to conduct a medical examination or issue a medical certification document on the premises for the purpose of obtaining a registry identification card.

Compiler's Notes: Enacting section 2 of Act 281 of 2016 provides: "Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare." For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001. For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.
