324.50120 Duties of department generally; applicability of provisions to western Upper Peninsula forest improvement district.

Sec. 50120.

(1) The department shall do all of the following:

(a) Provide the technical assistance of the department to the board of directors of a forest improvement district and to agencies of the state and persons with respect to the development of forest practices guidelines, the development and implementation of forest management plans, and other matters as to which the department has special expertise.

(b) Secure the cooperation and assistance of the United States or an agency of the United States, and an agency of this state, or any combination of federal and state agencies, in the work of a district, and formulate policies and procedures as necessary to facilitate the extension of aid from an agency of the United States or an agency of this state to the district.

(c) Keep the board of each forest improvement district informed of the activities and experience of all other districts organized under this part and facilitate an interchange of advice, experience, and cooperation between them.

(d) Pay all the expenses for the serving of notice, the conduct of hearings, and elections held during the district formation procedures pursuant to subpart 4. The department shall make all determinations as to eligibility of persons to vote. A determination made by the department is final without a right of appeal. A referendum or election shall be conducted by a district except for the first board of directors election. The department shall supervise the conduct of any referendum or election required by this part. A referendum or election shall be conducted in a manner so as to preserve the purity of the ballot and to prevent fraud and corruption.

(e) Oversee the issuance of bonds by a district under this part and, if the department determines that the forest improvement project to be funded from the proceeds of the bonds is economically feasible and desirable, that the terms and conditions of the bond issuance, including the required reserve fund level, as specified in the resolution authorizing the issuance of bonds, are appropriate and acceptable, and that the bond issuance promotes the policy and purposes declared in this part and should be approved and supported by the department, then the department shall officially approve the bond issuance and designate the reserve fund established in connection with the bond issuance as an approved reserve fund.

(f) Receive the certification submitted by a district pursuant to section 50158 concerning the amounts necessary to restore approved reserve funds to amounts equal to their reserve fund requirements, review that certification and the financial affairs of the district to determine the accuracy of the amounts required, and certify, before April 2 of each year, to the governor and the budget director the amount, if any, necessary to restore an approved reserve fund to an amount equal to the approved reserve fund requirement of the fund. The governor and the budget director shall include in the annual budget the amount certified by the department.

(g) Disseminate information throughout the state concerning the activities and programs of the forest improvement districts and encourage the formation of these districts in areas where their organization is desirable.

(h) Monitor financings by districts under this part and determine, for recommendation to the legislature, what additional steps, which may include a recommendation to the legislature for the issuance of faith and credit bonds for a vote of the people, may be necessary in order to accomplish the policies and purposes declared in this part.

(2) Subsection (1)(c), (d), (e), (g), and (h) do not apply to the western Upper Peninsula forest improvement district until 5 years after the district is established and activated.
