324.50111 Western Upper Peninsula forest improvement district; establishment; petition; selection of lands by committee; employment of forester; activation of working forests; factors in determining and allocating funds.

Sec. 50111. (1) A forest restoration pilot project organized as a forest improvement district with a gross territorial boundary encompassing the western 6 counties of the Upper Peninsula of this state with its headquarters and industrial site in or near the village of Baraga shall be established as a governmental subdivision of the state when a petition signed by 25 or more landowners of a total combined acreage of more than 55,000 acres within the gross territorial boundary is filed with the department. The name of the district shall be the "western Upper Peninsula forest improvement district". The petition shall set forth those requirements prescribed by section 50124(1)(a), (b), and (e). The district forester of the department may sign the petition and include in the petition forest lands under the jurisdiction of the department to establish 1 working forest within each district. In the western Upper Peninsula pilot project district, at least 25% of the lands shall be composed of nonindustrial private timber owners of at least 40-acre tracts and not more than 640-acre tracts. Not more than 15,000 acres in each district may be owned by 1 timber owner. One timber owner shall not have a majority ownership in more than 1 working forest in a district. One timber owner of more than 7,500 acres shall not vote for a director from more than 1 working forest.

(2) The pilot project district shall give preference to land well stocked predominantly with hardwood trees and may include other broadleaf trees having approximately 6 inches or more diameter breast height and having above average future market values to expedite marketability from the restructuring of the land.

(3) The selection of land composing each working forest in the pilot project district shall be made from the written applications received from the timber owners on application forms prescribed by a committee composed of 7 members, 3 of whom shall be the 3 directors of forest restoration, inc., and 4 of whom shall be members of the public appointed by these 3 directors. Not less than 4 members of the committee shall be graduate foresters who have had at least 5 years' experience supervising logging operations. The committee shall select the land and may employ a full-time forester.

(4) When the selection of land is made and the working forests identified, the committee shall establish a sequence for the activation of the working forests in the pilot project district when, and as, a substantial use for or marketing of waste wood becomes available, if more than 4 working forests are identified. When the working forests are to be activated, the forest management plans of the members shall be approved, and the members of each activated working forest then shall elect a director of the district.

(5) The department or any other state agency shall remit to the western Upper Peninsula forest improvement district funds appropriated for such purposes by the legislature.

(6) The funds otherwise appropriated for the western Upper Peninsula forest improvement district shall be determined and allocated to produce the greatest public benefit based on the following factors:

(a) The potential economic benefits of forest practices which can be recognized by the establishment of the western Upper Peninsula forest improvement district.

(b) The potential benefits to long-term production, maintenance, and enhancement of the total forest resource system.

(c) The potential benefits from a large-volume use of waste wood as a primary fuel for electric generating plants or as raw material for processing and manufacturing plants.

(d) The potential increased employment produced by the adoption of forest practices.

Sec. 50115. For the public benefit, the board shall mandate the continuous growing, improvement, and harvesting of forest trees to protect and maintain the forest soil, air, water resources, wildlife, and aquatic habitat within the district. The board of the western Upper Peninsula forest improvement district shall establish minimum standards for the conduct of forest practices on forest land within the district. These standards shall do all of the following:

(a) Provide for the improvement and harvesting of forest trees in a manner that will increase the productivity of the forest land, reduce soil and debris entering streams, and protect wildlife and fish habitat.

(b) Provide for road construction that will ensure the maintenance of forest productivity and water quality during construction and maintenance.

(c) Provide for reforestation that will maintain the growing and harvesting of desirable forest tree species by describing the conditions under which reforestation will be required, specifying the minimum and maximum number of trees per acre and the maximum period of time allowed after harvesting for reforestation, and requiring stabilization of soils that have become exposed as a result of harvesting. An acreage exemption from reforestation may be established, except that, on the land exempted, within 1 year after harvesting, some form of vegetative cover shall be required sufficient to provide continuing soil productivity and stabilization.

(d) Provide for management of slashings resulting from the harvesting, management, or improvement of forest tree species so as to protect reproduction and residual stands, to reduce the risk from fire, insects, and disease, to optimize the conditions for future regeneration of forest trees, and to maintain water quality and fish and wildlife habitat.

(e) Coordinate the notification requirement of this subpart and all other submission requirements imposed upon members so as to minimize the requirements for submission of information.

(f) Require having specific forest fire fighting equipment readily available.

(2) If it appears at the hearing that it may be desirable to include territory outside of the area within which notice of the hearing was given, the hearing shall be adjourned and notice of the further hearing shall be given to forest owners or occupiers of land throughout the entire area considered for inclusion in the district, and a further hearing held. The gross territorial boundary of a district shall not include an area included within the gross territorial boundary of another district.

Sec. 50134. (1) The members within a district, whose total lands compose 25% or more of the private forest land which comprise the district, may file a petition with the department requesting that the district be discontinued. The petition shall identify the provisions to be taken for the payment of outstanding debt and the disposition of district property.

(2) The department may conduct public hearings to assist it in its consideration of the petition. Within 60 days after a petition has been filed, the board shall give notice for the holding of a referendum upon the issue of the discontinuance of a district. All members of the district shall be eligible to vote in the referendum pursuant to the schedule in section 50131(3).

(3) The board shall publish the results of the referendum. If a majority of the votes cast are in favor of discontinuing a district, the department shall determine that the district will be discontinued. Even if a majority of the votes cast are not in favor of discontinuing a district, the department may determine that the district not continue in existence. If the department determines that the district shall continue, it shall record that determination and deny the petition. If the department determines that a district shall be discontinued, it shall record its determination and certify its decision to the board of the district. In making its determination, the department shall consider the economic and administrative feasibility of the continuation of a district, the extent of outstanding debt of the district, the attitudes of the members within the district, the number of members eligible to vote in the referendum who voted, the proportion of the votes cast in favor of the discontinuance of the district to the total number of votes cast, and other economic and social factors which may be relevant to the determination.

The board shall thereafter file an application with the secretary of state for the discontinuance of the district. The application shall identify the action taken to provide for the payment of all outstanding debt and for the disposition of district property. The secretary of state shall issue a certificate of dissolution to the board of the district which specifies the effective date of discontinuance and shall record the certificate in the appropriate book of record.

If a district is discontinued, the department shall be substituted for the district as a party to each contract entered into by the district, except the department is not responsible for any coupon or bond issued by a district under this part. The department is

entitled to all benefits and subject to all responsibilities under each contract for which it is substituted as a party and has the same right to perform, to require performance, to sue and be sued, and to modify or terminate the contract by mutual consent or otherwise, as the board of a district would have had.

(6) The department shall not entertain a petition for the discontinuance of a district, or make determination pursuant to a petition under this section, more often than once every 2 years.

SUBPART 5 FOREST PRACTICES

324.50140 Conduct of forest practices; minimum standards.

Sec. 50140. For the public benefit, the board shall mandate the continuous growing, improvement, and harvesting of forest tree species so as to protect and maintain the forest soil, air, water resources, wildlife, and aquatic habitat within a district. The board of a district shall establish minimum standards for the conduct of forest practices on forest land within a district. These standards shall do all of the following:

(a) Provide for the improvement and harvesting of forest tree species in a manner that will increase the productivity of the forest land, reduce soil and debris entering streams, and protect wildlife and fish habitat.

(b) Provide for road construction that will ensure the maintenance of forest productivity, water quality, and fish and wildlife habitat during construction and maintenance.

(c) Provide for reforestation that will maintain the growing and harvesting of desirable forest tree species by describing the conditions under which reforestation will be required, specifying the minimum and maximum number of trees per acre and the maximum period of time allowed after harvesting for reforestation, and requiring stabilization of soils which have become exposed as a result of harvesting. An acreage exemption from reforestation may be established, except that on the land exempted, within 1 year after harvesting, some form of vegetative cover shall be required sufficient to provide continuing soil productivity and stabilization.

(d) Provide for management of slashings resulting from the harvesting, management, or improvement of forest tree species so as to protect reproduction and residual stands, to reduce the risk from fire, insects, and disease, to optimize the conditions for future regeneration of forest tree species, and to maintain air and water quality and fish and wildlife habitat.

(e) Coordinate the notification requirement of this subpart, the application requirement of section 50148, and all other submission requirements imposed upon members so as to minimize the requirements for submission of information.

(f) Provide for public uses of member forest land within the district, consistent with the purposes of this part.

The notification shall include the name and address of the member, the legal description of the area in which the forest management plan is to be implemented, the specific forest practices to be conducted during the plan, and other information the board considers necessary.

(2) The member shall notify the board of each subsequent change in the information provided in the notification within 30 days after the change.

(3) The notification shall be valid for not more than 5 years after the date of original notification.

(a) Shall issue and serve an order directing that further violations cease.

(b) May issue and serve an order directing the member to make reasonable efforts to repair the damage or correct the unsatisfactory condition.

Sec. 50143. (1) If an order directs the repair of damage or correction of an unsatisfactory condition and if the member fails to comply, the board shall estimate the cost to repair the damage or the unsatisfactory condition and shall notify the member in writing of the amount of the estimate. Upon written agreement with the member to pay the cost, the district may have the damage repaired or the unsatisfactory condition corrected.

(2) If the member does not agree to pay the cost within 30 days after being notified, the board shall review the matter and determine whether the district shall repair the damage or correct the unsatisfactory condition, and shall approve the amount to be expended. The expenditure approved may include reasonable administrative costs directly associated with repairing the damage or correcting the unsatisfactory condition. The member shall be afforded the opportunity to appear before the board to present the facts pertaining to the alleged violation and the proposed expenditure.

(3) The board shall keep a complete account of expenditures incurred in repairing damage or correcting an unsatisfactory condition. Not more than 90 days after the completion of the work, the board shall prepare an itemized statement and deliver a copy to the member. An itemized certified statement of the expenditures incurred by the district shall be accepted as prima facie evidence of the expenditures in a proceeding authorized by this subpart.

(4) Upon the initiation of the forest practice work, the expenditures of a district shall become a lien upon a member's forest land located within the district. A written notice of the lien, containing a statement of the demand, an itemization of expenditures incurred, the date incurred and where incurred, and the names of the parties against whom the lien is attached, shall be certified under oath by the district and filed in the office of the register of deeds in each county where the real and personal property of the member is located, if considered necessary to recover the expenditures incurred by the district. This written notice shall be filed within 6 months but not sooner than 30 days after the date of delivery of the itemized statement referred to in subsection (3). The prosecuting attorney of a county in which a lien is filed shall bring legal action on behalf of a district to recover the debt. An error or mistake in the notice of lien of the description of real or personal property does not affect the validity of the lien, if the real or personal property can be identified by the description.

(5) A lien provided for in this section shall terminate 5 years after the date of filing of the notice of the lien unless legal action is instituted before that time.

Sec. 50507. (1) The authority shall finance only forest management operations and practices consistent with part 525 that follow the guidelines, rules, and objectives prescribed by the department.

(2) Funds managed by the authority shall be applied in a manner consistent with part 525 and the land management planning policies of the department on lands that have been identified for forest management practices. In the absence of an approved state forest management plan covering a candidate area, the department shall use an interim procedure to ensure that all forest values have been considered in selecting sites for investment with funds of the authority. The department shall annually submit a list of activities and practices funded from revenue generated under this part for the board's review and determination of consistency with this part.

(3) The executive director of the authority shall notify the department if the authority projects a probable default on any bonds or notes issued by the authority. (4) The authority shall establish a fund designated as the "forest development fund". Revenue as provided under section 53519 and any money on hand or received in the future from bond proceeds and from contracts for the cutting and sale of timber on tax reverted lands shall be deposited in the forest development fund. (3) In order to provide for additional security for indebtedness of the authority, the department may convey to the authority title to timber on all or any portion of tax reverted lands, on lands in the state forest system from which revenues derived from the sale of timber were previously deposited in the forest management fund created in former 1945 PA 268, and on other lands as provided by law. The form of conveyance shall be approved by the attorney general and by resolution of the state administrative board. Sec. 51104. (1) Upon receipt of the application, the forest management plan certification, the timber rights certification, and the application fee described in section 51103, the department shall evaluate the forestland offered and fix a date for a public hearing upon the eligibility of the forestland for determination as a commercial forest. The hearing shall be held in the county where the land is located not later than November 1 following receipt of the application. Applications offering lands in the same county may be heard on the same day and at the same place. The department shall publish a notice of hearing and a list of the legal descriptions of lands being considered for determination as commercial forests in a newspaper of general circulation in the county in which the land is located. The notice of hearing shall be published at least 20 days before the date of the hearing. At the time of publication, the department shall provide a copy of the notice of hearing and a list of descriptions of land in each township to be considered for determination as a commercial forest to each township supervisor in whose township the lands are located. Any person who wishes may testify as to eligibility for determination as a commercial forest of any of the described lands. The hearing shall be conducted by the department.

(2) After the hearing, if the department determines that the applicant and forestland meet the requirements of this part and determines that all valid taxes assessed against that forestland have been paid, the department shall approve the application. (5) Until September 1, 2021, the owner of forestland located within a township and classified as commercial forest under this part not later than September 1, 2016 may withdraw not more than 160 acres of that forestland without a withdrawal penalty, subject to the following:

(a) The owner of the former commercial forestland must have continuously owned that former commercial forestland since not later than September 1, 2016.

(b) The former commercial forestland shall be made subject to the transitional qualified forest property specific tax act, as transitional qualified forest property under that act, as a result of all of the following:

(a) Evidence is submitted to the department that the land met the legal requirements to be exempt from ad valorem property tax on tax day for the tax year in which the list application was submitted and approved and that the land would have met the legal requirements to be exempt from ad valorem property tax on tax day for each year that the land was classified as commercial forest under this part, if the land had not been classified as commercial forest under this part. As used in this subdivision, "tax day" means that term as provided in section 2 of the general property tax act, 1893 PA 206, MCL 211.2.

(c) The landowner reimburses the state treasurer for the specific tax that was paid by the state treasurer to the county treasurer, as provided in section 51106(1), for each tax year the land was classified as commercial forest under this part.

(8) The department may withdraw forestland from the classification as commercial forest under this part if the forestland has been acquired by a federally recognized Indian tribe and the associated property taxes are subsequently preempted under federal law. A withdrawal under this subsection is not subject to the withdrawal application fee or penalty under this section.

(9) The department shall remit the withdrawal application fee paid pursuant to subsection (2) to the state treasurer for deposit into the fund. The penalty received by the township treasurer under subsection (3) shall be distributed by the township treasurer in the same proportions to the various funds as the ad valorem general property tax is allocated in the township, except as provided by section 51109(2).

(10) If an application to withdraw forestland from classification as commercial forest under this part is granted, the department shall immediately notify the applicant, the assessor of the township, and the register of deeds of the county in which the lands are located of the action and shall file with those officials a list of the lands withdrawn.

(11) Not later than 30 days after the effective date of the amendatory act that added this sentence, the department of natural resources and the department of agriculture and rural development shall establish in writing a basis of interdepartmental cooperation when an owner of forestland seeks to withdraw that forestland from the classification as commercial forest without penalty under subsection (5).

324.51113 Prohibited use of forestland by owner; exception; denying or inhibiting access for public hunting or fishing; exploration for minerals; removal of commercial mineral deposits, sand and gravel, and oil and gas; exploration for wind energy development.

Sec. 51113. (1) Except as provided in this section, the owner of forestland that is classified as commercial forest shall not use that land in a manner that is prejudicial to its development as a commercial forest, use the land for agricultural, mineral extraction except as provided in this section, wind energy development except as provided in this section, grazing, industrial, developed recreational, residential, resort, commercial, or developmental purposes, or deny the general public the privilege of hunting and fishing on commercial forestland unless the land is closed to hunting or fishing, or both, by order of the department or by an act of the legislature. If the department determines that the owner of commercial forestland has taken an action that has the effect of denying or inhibiting access to the commercial forestland for public hunting and fishing, except as specifically provided in this part, the department may require withdrawal of the forestland as commercial forest under this part unless the owner corrects that action and allows access to the commercial forestland for public hunting and fishing. If there is not access to a parcel of commercial forestland and the lack of access is not the consequence of an action taken by the owner of commercial forestland, the forestland may remain as commercial forestland if all of the following apply:

(a) There is not a transfer of title for the parcel of commercial forestland, other than as a part of a larger sale of 10,000 or more acres.

(b) The landowner has not taken an action following acquisition of the commercial forestland that has the effect of denying or inhibiting access to the commercial forestland to the public for hunting and fishing.

(c) The commercial forestland is otherwise in compliance with this part.

(2) Exploration for minerals shall be permitted on forestland that is classified as commercial forest under this part. Except as provided in subsections (3) and (4), before the removal of any commercial mineral deposits, the owner shall withdraw the portion of the commercial forestland directly affected by the removal pursuant to section 51108. The withdrawal of commercial forestland due to mineral removal as provided in this section and section 51108 does not require the remaining portion of the commercial forestland to be withdrawn due to insufficient acreage of the remaining commercial forestland.

(3) Upon application to and approval by the department, sand and gravel may be removed from the commercial forestland without affecting the land's classification as a commercial forest. The department shall approve an application to remove sand and gravel deposits only if the removal site is not greater than 5 acres, excluding access to the removal site, and the sand and gravel are to be utilized by 1 or more of the following:

(a) The owner of a commercial forestland for personal use if the owner of the commercial forestland is also the owner of the sand and gravel deposits.

(b) The owner of the sand and gravel deposits for his or her personal use or for sale to the owner of the commercial forestland for personal use, if the owner of the commercial forestland is not also the owner of the sand and gravel deposits.

(c) For sale to this state, a local unit of government, a federal government agency, or a county road commission, for governmental use, or a contractor or other agent undertaking construction, maintenance, or a project for 1 of these governmental entities.

(4) Upon application to and approval by the department, deposits of oil and gas may be removed from the commercial forestland without affecting the land's classification as a commercial forest.

(5) The exploration for wind energy development is permitted on forestland classified as commercial forest under this part pursuant to this subsection. Upon application to and approval by the department, meteorological towers may be erected and wind energy exploration or development leases, easements, or license agreements may be entered into without affecting the land's classification as commercial forest. A landowner may be paid compensation for these leases, easements, and license agreements. Before any wind turbines are erected for the purpose of generating electricity for commercial purposes, the owner shall withdraw the portion of the commercial forest directly affected as follows:

(a) The actual physical footprint of each wind turbine, associated buildings, and adjacent areas that will be permanently removed from forest production shall be removed from the classification as commercial forest.

(b) Forestland under a wind energy development lease, easement, or license agreement where forest production will continue may continue to be classified as commercial forest.

(c) Forestland containing road and utility rights-of-way may continue to be classified as commercial forest.

324.51115 Transfer of title; effect; withdrawal; document; notification.

Sec. 51115. (1) The transfer of title of forestland classified as commercial forest under this part does not affect that forestland's classification as a commercial forest if the forestland continues to meet all of the eligibility requirements under this part. If the purchaser desires to withdraw his or her forestland from the classification as commercial forest under this part, the purchaser shall withdraw that forestland pursuant to section 51108. If the forestland's eligibility to be classified as commercial forest is affected by the transfer of title, the department shall determine which forestlands may remain classified as commercial forest under this part and which forestlands must be withdrawn or declassified.

(2) A document that transfers any interest in commercial forestlands shall state on the face of the document that "this property is subject to part 511, the commercial forest part of the natural resources and environmental protection act". Failure to comply with this subsection does not affect the classification of the land as commercial forestland.

(3) Not later than 30 days after the county equalization office receives notice of a transfer of title or the transfer of any interest in a land contract concerning the commercial forestland, the county equalization office shall notify the department in writing of the transfer or ownership change.

324.51116 Removal of designation; declassification; notice; recording; fee.

Sec. 51116. If, after providing notice and an opportunity for a hearing, the department determines that a commercial forest was used in violation of this part, that the owner failed to pay the specific tax pursuant to section 51105, that the owner failed to report to the department pursuant to section 51111, that minerals were removed in violation of section 51113, or, after an owner certifies to the department that a forest management plan has been prepared and is in effect, that the owner failed to plant, harvest, or remove forest products in compliance with the owner's forest management plan, then the department shall remove the commercial forest designation for the commercial forest, serve a notice of declassification of the lands upon the owner, and record a copy of the declassification in the office of the register of deeds of the county in which the lands are located. Upon declassification, the land is subject to the ad valorem general property tax. Within 30 days after the service of the declassification notice on the owner, the owner shall pay both of the following:

(a) A fee equal to the withdrawal application fee described in section 51108 to the department for deposit into the fund.

(b) An amount equal to the penalty described in section 51108 to the township treasurer of the township in which the land is located to be distributed, except as provided in section 51109(2), in the same proportions to

the various funds as the ad valorem general property tax is allocated in the township.

324.51118 Applicability of changes in part; withdrawal; fees.

Sec. 51118. (1) Except as provided in this section, changes in the terms, fees, taxes, or other provisions of this part apply to all forestlands that are commercial forests when the changes take effect.

(2) An owner, without penalty or payment of the withdrawal application fee pursuant to section 51108, may withdraw commercial forestland from the operation of this part if any change in the terms, fees, taxes, or other provisions of this part materially increases the burden on the owner. However, if an owner elects to withdraw his or her commercial forestlands under this subsection, the owner shall pay a fee for each acre withdrawn equal to the product of the current average ad valorem property tax per acre on timber cutover real property within the township in which the commercial forestland is located, as determined by the township assessor, multiplied by 5. If the township in which the commercial forestland is located does not contain any real property classified as timber cutover real property under the general property tax act, Act No. 206 of the Public Acts of 1893, being sections 211.1 to 211.157 of the Michigan Compiled Laws, then 1 of the following applies:

(a) If there is timber cutover real property located within the county in which the commercial forestland is located, the per acre average of the ad valorem property tax for all timber cutover real property located in the county in which the commercial forestland is located shall be used in calculating the penalty under this subsection.

(b) If there is no timber cutover real property located within the county in which the commercial forestland is located, the per acre average of the ad valorem property tax for all timber cutover real property in townships contiguous to the county in which the commercial forestland is located shall be used in calculating the penalty under this subsection.

(3) The fee described in subsection (2) shall not exceed \$100,000.00. The owner shall pay the fee described in subsection (2) before withdrawal.

(4) The owner may not withdraw commercial forestland under this section unless he or she makes application to do so within 1 year after the changes take effect. If an owner elects to withdraw commercial forestlands under this section, he or she shall withdraw all the commercial forestlands owned by him or her at the time of withdrawal.

(5) If an application to withdraw commercial forestlands under subsection (2) is initiated by an owner or by the department before changes in terms, fees, taxes, or other provisions of this part or former Act No. 94 of the Public Acts of 1925 become effective, the owner shall pay the stumpage fees, other fees, taxes, and penalties, if any, in the same manner and at the same rates as were in effect when the application was filed.

(6) The department shall remit the fees paid pursuant to this section to the township treasurer. Except as provided in section 51109(2), all fees remitted to the township treasurer under this section shall be distributed by the township treasurer in the same proportions to the various funds as the ad valorem general property tax is allocated in the township.

324.52706 Authority to sell state lands to municipalities for forestry; reversion; relinquishing reversionary interest; re-acquisition; definitions; use of term "this section."

Sec. 52706. (1) The department, the department of treasury, or a state officer having charge of state land, may sell homestead, tax, swamp, or primary school land to a public agency for a forestry or recreational purpose, or both, at a price set by the department, the department of treasury, or the state officer. However, the amount of land sold shall not exceed the amount that may be necessary for the public agency, and any land that is sold shall be suitable for and used for a forestry or recreational purpose, or both, unless conveyed as provided in this section. Land sold to a public agency under this section or section 6 of former 1931 PA 217 shall be used only for a forestry or recreational purpose, or both, if the land is prime land. When the prime land is no longer used for a forestry or recreational purpose, or both, the land shall revert to this state.

(2) Except as provided in subsection (6), the department shall relinquish a reversionary interest in municipal forestland, conveyed to a public agency under this section or section 6 of former 1931 PA 217 before October 12, 2004, within 90 days after the department receives, on a form prescribed by the department, a written request for relinquishment from the public agency that owns the municipal forestland subject to the reversionary interest. The department shall relinquish its reversionary interest by an instrument approved by the department of attorney general and recorded by the department with the register of deeds of the county where the municipal forestland is located. The instrument shall include provisions implementing subsections (3) through (8). The department may charge the public agency an amount equal to the charge for recording the release.

(3) A public agency to which a reversionary interest was relinquished under subsection (2) shall not convey the municipal forestland formerly subject to the reversionary interest unless the conveyance is approved by the department.

(4) Subject to subsection (5), a public agency to which a reversionary interest was relinquished under subsection (2) and any public agency that is a successor in interest shall not convey the municipal forestland formerly subject to the reversionary interest, or any part thereof, unless the conveyance is to a public agency for \$1.00 or to a public agency or any other person for fair market value. If the conveyance is to a public agency for \$1.00, the deed shall recite "MCL 324.52706 requires an accounting and specifies how proceeds are to be distributed when the property is subsequently conveyed for fair market value." If the conveyance is to a public agency or any other person for fair market value, the public agency conveying the property shall have an accounting taken, shall retain 50% of the proceeds, and shall submit the remaining 50% of the proceeds to the department of treasury for deposit as follows:

(a) The first \$18,000,000.00 in total proceeds from all such conveyances shall be deposited in the general fund.

(b) Any proceeds in excess of \$18,000,000.00 shall be deposited in the fire protection fund created in section 732a of the Michigan vehicle code, 1949 PA 300, MCL 257.732a.

(5) Once the municipal forestland or part thereof formerly subject to a reversionary interest is conveyed for fair market value and an accounting is taken and the proceeds are distributed as provided under subsection (4), subsection (4) does not apply to subsequent conveyances of that municipal forestland or part thereof, respectively.

(6) Subsection (2) does not apply to prime land.

(7) A public agency to which a reversionary interest is relinquished under subsection (2) shall not convey the municipal forestland formerly subject to the reversionary interest to a third person unless the public agency has conducted a public hearing on the proposed conveyance. The public agency may conduct a second public hearing on the proposed conveyance if the public agency determines that a second public hearing may be necessary. Notice of a public hearing under this subsection shall be published at least twice in a newspaper of general circulation in the county or counties where the municipal forestland is located, not more than 28 or less than 7 days before the hearing. The notice shall describe where the municipal forestland is located, specify the approximate size of the municipal forestland, describe its current use, and identify the person to whom the municipal forestland is proposed to be sold, if known. The public agency shall provide a copy of the notice to the director of the department not less than 7 days before the hearing.

(8) The requirements of subsection (7) do not relieve the public agency of any notice, hearing, or other requirements imposed by any other law.

(9) If municipal forestland was conveyed to a public agency under this section or section 6 of former 1931 PA 217 and the municipal forestland is subsequently conveyed by the public agency to the department, then, for purposes of subparts 13 and 14 of part 21, the municipal forestland shall not be considered to have been

reacquired by the department on or after January 1, 1933 for natural resource purposes unless the municipal forestland was originally acquired by the department on or after January 1, 1933 for natural resource purposes.

(10) As used in this section:

(c) "Prime land" means municipal forestland that meets 1 or more of the following requirements:

(i) Is within a boundary of a program administered by the department.

(ii) Provides access to a public body of water.

(d) "Public agency" means a school district, public educational institution, governmental unit of this state or agency of this state, or a municipality.

(e) "Recreational purpose" includes any motorized or nonmotorized recreational activity.

(11) The use in this section of the phrase "this section or section 6 of former 1931 PA 217" does not imply that the term "this section" as used elsewhere in this act does not include the relevant section as it existed in former law codified in this act.
