Unless otherwise prohibited by law, the secretary of state may charge the requesting agency a preparation fee to cover the cost of preparing and furnishing a list provided under this subsection if the cost of preparation exceeds \$25.00, and use the revenues received from the service to defray

necessary expenses. If the secretary of state sells a list of information under this subsection to a member of the state legislature, the secretary of state shall charge the same fee as the fee for the sale of information under subsection (2) unless the list of information is requested by the member of the legislature to carry out a legislative function. 324.81114f Electronic lien title system; notification and release of security interests in ORVs; participation required; electronic transfers; admissibility in civil, criminal, or administrative proceedings; requirements; definitions.

Sec. 81114f. (1) The secretary of state may enter into 1 or more contracts under this section to establish, implement, and operate an electronic lien title system to process the notification and release of security interests in ORVs through electronic file transfers, or as otherwise determined by the secretary of state, in lieu of the issuance and maintenance of paper documents otherwise required by law. Any such contract shall require the protection of proprietary information in the electronic lien title system and provide for the protection of a competitive free market.

(2) Except for persons who are not normally engaged in the business or practice of financing ORVs, all secured parties are required to participate in the electronic lien title system.

(3) For the purposes of this part, any requirement that a security interest or other information appear on a certificate of title is satisfied by the inclusion of that information in an electronic file maintained in an electronic lien title system. The satisfaction of a security interest may be electronically transmitted to the secretary of state. A secured party shall execute a release of its security interest in an ORV in a manner prescribed by the department not more than 14 days after the secured party receives the payment in satisfaction of the security interest. If the certificate of title is in the possession of the ORV owner, the secured party shall deliver the release to the ORV owner or as otherwise directed by the owner. However, if the certificate of title is held electronically as provided under section 81109(5), the secured party shall deliver the release of security interest to the department of state, and the department of state shall cancel the security interest. If the secured party fails to comply with these requirements for the release of a secured interest, the secured party is liable to the ORV owner for all damages sustained by the owner because of the failure to

comply. The electronic lien title system shall provide a mechanism by which an ORV dealer may assign ownership of an ORV without proof that the prior security interest was satisfied existing on the electronic lien title system. However, in the event of such an assignment, the dealer warrants that the title is free and clear of all liens and assumes responsibility for the satisfaction of the security interest.

(4) A certified copy of the secretary of state's electronic record of a security interest is admissible in any civil, criminal, or administrative proceeding in this state as evidence of the existence of the security interest. If a certificate of title is maintained in the electronic lien title system, a certified copy of the secretary of state's electronic record of the certificate of title is admissible in any civil, criminal, or administrative proceeding in this state as evidence of the existence and contents of the certificate of title.

(5) The secretary of state may determine any requirements necessary to carry out this section, including, but not limited to, 1 or more of the following:

(a) Monitoring the reasonable fees charged by service providers or a contractor for the establishment and maintenance of the electronic lien title system.

(b) The qualifications of service providers for participation in the electronic lien title system.

(c) The qualifications for a contractor to enter into a contract with the secretary of state to establish, implement, and operate the electronic lien title system.

(d) Program specifications that a contractor must adhere to in establishing, implementing, and operating the electronic lien title system.

(6) The electronic lien title system under this section shall be established, implemented, and operational by February 16, 2021.

(7) By February 16, 2021, the department shall require a person to enter evidence of security interests and any related information into the electronic lien title system in lieu of paper documents.

(8) As used in this section:

(a) "Contractor" means a person who enters into a contract with the secretary of state to establish, implement, and operate the electronic lien title system described in this section.

(b) "Electronic lien title system" means a system to process the notification and release of security interests through electronic file transfers that is established and implemented under this section.

(c) "Service provider" means a person who provides secured parties with software to manage electronic lien and title data as provided under this section.

A person operating an unlicensed ORV during a free ORV-riding day has the same privileges and is subject to the same rules and regulations as a person operating an ORV licensed as required under subsection (1).

(a) The operator of a vehicle may cross a street, county road, or highway, other than a limited access highway, at right angles, for the purpose of getting from 1 area to another, if the operation can be done in safety. The operator shall bring the vehicle to a complete stop before proceeding across a street, county road, or highway, and shall yield the right-of-way to oncoming traffic.

(b) A vehicle may be operated on a street, county road, or highway for a special event of limited duration and conducted according to a prearranged schedule only under permit from the governmental unit having jurisdiction. 324.81131 Ordinance allowing disabled person to operate ORV; notice of public hearing; closure of county road to operation of ORVs; operation of ORVs on highway; operation of ORV with flow of traffic; maintaining county road or street or highway not required; immunity from tort liability; "gross negligence" defined; operator of ORV as prima facie negligent; violation as municipal civil infraction; deposit of fines; violation as state civil infraction.

Sec. 81131. (1) A municipality may pass an ordinance allowing a permanently disabled person to operate an ORV in that municipality.

(2) Subject to subsection (4), a county board of commissioners may adopt an ordinance authorizing the operation of ORVs on 1 or more county roads located within the county. Not less than 45 days before a public hearing on the ordinance, the county clerk shall send notice of the public hearing, by certified mail, to the county road commission, to the legislative body of each township and municipality located within the county, to the state transportation department if the road intersects a highway, and, if state forestland is located within the county, to the department. If the county is a southern county, before adopting an ordinance under this subsection, the county board of commissioners shall consult with the board of county road commissioners.

(3) Subject to subsection (4), the legislative body of a township or municipality may adopt an ordinance authorizing the operation of ORVs on 1 or more county roads located within the township or municipality, respectively. Not less than 28 days before a public hearing on the ordinance, the clerk of the township or municipality shall send notice of the public hearing, by certified mail, to the county road commission, to the county board of commissioners, to the legislative body of every other township and municipality located within the county, to the state transportation department if the road intersects a highway, and, if state forestland is located within the township or municipality, to the department. If the township or municipality is located in a southern county, before adopting an ordinance under this subsection, the legislative body of the township or municipality shall consult with the board of county road commissioners. This subsection does not apply to a township or municipality until 1 year after the effective date of the amendatory act that first authorized the county in which that township or municipality is located to adopt an ordinance under subsection (2).

(4) The board of county road commissioners may close a county road to the operation of ORVs otherwise authorized pursuant to subsection (2) or (3). A county road commission shall not under this subsection close more than 30% of the linear miles of county roads located within the county to the operation of ORVs otherwise authorized pursuant to subsection (2) or (3). The legislative body of a township or municipality may adopt an ordinance to close a county road located in the township or municipality to the operation of ORVs otherwise authorized pursuant to subsection (2). The legislative body of a village may adopt an ordinance to close a county road located in the village to the operation of ORVs otherwise authorized by the township pursuant to subsection (3). A county road may be closed to the operation of ORVs under this subsection only to protect the environment or if the operation of ORVs poses a particular and demonstrable threat to public safety.

(5) The legislative body of a municipality may adopt an ordinance authorizing the operation of ORVs on 1 or more streets within the municipality.

(6) The legislative body of a local unit of government may request the state transportation department to authorize the local unit of government to adopt an ordinance authorizing the operation of ORVs on a highway, other than an interstate highway, located within the local unit of government. The request shall describe how the authorization would meet the requirements of subsection (7). The state transportation department shall solicit comment on the request from the department, ORV clubs, and local units of government where the highway is located. The state transportation department shall consider comments received on the request before making a decision on the request. The state transportation department shall grant the request in whole or in part or deny the request not more than 60 days after the request is received. If the state transportation department grants a request in whole or in part under this subsection, the local unit of government that submitted the request may adopt an ordinance authorizing the operation of ORVs on the highway that was the subject of the request. A county may submit a request for authorization under this subsection on behalf of 1 or more local units of government located within that county if requested by those local units of government. Before January 1, 2015, the state transportation department may authorize the operation of ORVs on a highway as provided in this subsection and subsection (7) on the department's initiative and without having received a request from a local unit of government.

(7) The state transportation department shall authorize operation of an ORV under subsection (6) only on a highway that is not an interstate highway and that meets 1 or more of the following requirements:

(a) Serves as a connector between ORV areas, routes, or trails designated by the department or an ORV user group.

(b) Provides access to tourist attractions, food service establishments, fuel, motels, or other services.

(c) Serves as a connector between 2 segments of the same county road that run along discontinuous town lines and on which ORV use is authorized pursuant to subsection (2) or (3).

(d) Includes a bridge or culvert that allows an ORV to cross a river, stream, wetland, or gully that is not crossed by a street or county road on which ORVs are authorized to operate under subsection (2), (3), or (5).

(8) The state transportation department may close a highway to the operation of ORVs otherwise authorized pursuant to subsection (6) after written notice to the clerk of each local unit of government where the highway is located and the senate and house committees with primary responsibility for natural resources, recreation, and transportation. The notice shall be in writing and sent by first-class United States mail or personally delivered not less than 30 days before the adoption of the rule or order closing the highway. The notice shall set forth specific reasons for the closure.

(9) Subject to subsection (4), if a local unit of government adopts an ordinance pursuant to subsection (2), (3), or (5), a person may operate an ORV with the flow of traffic on the far right of the maintained portion of the street or county road covered by the ordinance. If the operation of ORVs on a highway is authorized pursuant to subsection (6), a person may operate an ORV with the flow of traffic as follows:

(a) On the right shoulder of the highway.

(b) If there is not a right shoulder or the right shoulder is not of adequate width, on the right unmaintained portion of the highway.

(c) On the far right of the right traffic lane of the highway, if necessary to cross a bridge or culvert and if the operator brings the ORV to a complete stop before entering and yields the right-of-way to an approaching vehicle on that traffic lane.

(10) A person shall not operate an ORV as authorized pursuant to subsection (2), (3), (5), or (6) at a speed greater than 25 miles per hour or a lower posted ORV speed limit or in a manner that interferes with traffic on the street, county road, or highway.

(11) Unless the person possesses a license as defined in section 25 of the Michigan vehicle code, 1949 PA 300, MCL 257.25, a person shall not operate an ORV as authorized pursuant to subsection (2), (3), (5), or (6) if the ORV is registered as a motor vehicle under chapter II of the Michigan vehicle code, 1949 PA 300, MCL 257.201 to 257.259, and either is more than 65 inches wide or has 3 wheels. ORVs operated as authorized pursuant to subsection (2), (3), (5), or (6) shall travel single file, except that an ORV may travel abreast of another ORV when it is overtaking and passing, or being overtaken and passed by, another ORV.

(12) A person shall not operate an ORV as authorized pursuant to this section without displaying a lighted headlight and lighted taillight.

(13) A person under 18 years of age shall not operate an ORV as authorized pursuant to this section unless the person is in possession of a valid driver license or under the direct supervision of a parent or guardian and the person has in his or her immediate possession an ORV safety certificate issued pursuant to this part or a comparable ORV safety certificate issued under the authority of another state or a province of Canada. A person under 12 years of age shall not operate an ORV as authorized pursuant to this section. The requirements of this subsection are in addition to any applicable requirements of section 81129.

(14) A township that has authorized the operation of ORVs on a county road under subsection (3) does not

have a duty to maintain the maintained portion or unmaintained portion of the county road in a condition reasonably safe and convenient for the operation of ORVs. This state does not have a duty to maintain a highway in reasonable repair so that it is reasonably safe and convenient for the operation of ORVs except ORVs registered and operated as motor vehicles as provided in the code. A board of county road commissioners, a county board of commissioners, or a municipality does not have a duty to maintain the maintained portion or unmaintained portion of a county road or street under its jurisdiction in a condition reasonably safe and convenient for the operation of ORVs, except the following ORVs:

- (a) ORVs registered and operated as motor vehicles as provided in the code.
- (b) ORVs operated as authorized pursuant to subsection (1).

(15) Subject to section 5 of 1964 PA 170, MCL 691.1405, this state, a board of county road commissioners, a county board of commissioners, and a local unit of government are immune from tort liability for injuries or damages sustained by any person arising in any way out of the operation or use, on the maintained portion or unmaintained portion of a highway, road, or street, of an ORV that is not registered under the code or that is registered under the code but is operated as authorized pursuant to subsection (2), (3), (5), or (6). The immunity provided by this subsection does not apply to actions of an employee of this state, an employee of a board of county road commissioners, an employee of a county board of commissioners, or an employee of a local unit of government that constitute gross negligence. As used in this subsection, "gross negligence" means conduct so reckless as to demonstrate a substantial lack of concern for whether an injury results.

(16) In a court action in this state, if competent evidence demonstrates that a vehicle that is permitted to operate on a road, street, or highway pursuant to the code was in a collision on a roadway with an ORV that is not registered under the code, the operator of the ORV shall be considered prima facie negligent.

(17) A violation of an ordinance described in this section is a municipal civil infraction. The ordinance may provide for a fine of not more than \$500.00 for a violation of the ordinance. In addition, the court shall order the defendant to pay the cost of repairing any damage to the environment, a street, county road, or highway, or public property as a result of the violation.

(18) The treasurer of the local unit of government shall deposit fines collected by that local unit of government under section 8379 of the revised judicature act of 1961, 1961 PA 236, MCL 600.8379, and subsection (17) and damages collected under subsection (17) into a fund to be designated as the "ORV fund". The legislative body of the local unit of government shall appropriate revenue in the ORV fund as follows:

(a) Fifty percent to the county sheriff or police department responsible for law enforcement in the local unit of government for ORV enforcement and training.

(b) Fifty percent to the board of county road commissioners or, in the case of a city or village, to the department responsible for street maintenance in the city or village. However, if a fine was collected for a violation of an ordinance adopted under subsection (6), 50% of the fine revenue shall be appropriated to the state transportation department. Revenue appropriated under this subdivision shall be used for repairing damage to streets, county roads, or highways and the environment that may have been caused by ORVs and for posting signs indicating ORV speed limits or indicating whether streets, county roads, or highways are open or closed to the operation of ORVs under this section.

(19) A person who violates a rule promulgated or order issued under subsection (6) is responsible for a state civil infraction and may be ordered to pay a civil fine of not more than \$500.00. 324.81132 Rules; ordinance enacted under authority of rule; enforcement.

Sec. 81132. (1) The department may promulgate rules governing the operation and conduct of ORVs, vehicle speed limits, use of vehicles by day and hour, and the establishment and designation of areas within which vehicles may be used in a manner compatible with, and that will best protect, the public safety and general welfare on the frozen surface of public waters, and that will preserve the submerged marshlands adjacent to the borders of the Great Lakes, Lake St. Clair, and the navigable inland waters of the state.

(2) The department, on its own initiative or on receipt of a certified resolution of the governing body of a

local unit of government may initiate investigations into the need for special rules governing the operation of vehicles on the frozen surface of public waters and the submerged marshlands adjacent to the borders of the Great Lakes, Lake St. Clair, and the navigable inland waters of the state. If controls for that activity are considered necessary, or when the amendment or rescission of an existing rule is required, a rule must be prepared. Notice of a public hearing must be made not less than 10 days prior to the hearing, in a newspaper of general circulation in the area within which the rules are to be imposed, amended, or rescinded.

(3) The proposed rule must then be submitted to the governing body of the political subdivision in which the affected frozen waters or marshes lie. Within 30 calendar days, the governing body shall inform the department that it approves or disapproves of the proposed rule. If the governing body disapproves the proposed rule, further action must not be taken. If the governing body approves the proposed rule, a local ordinance may be enacted which must be identical to the rule, and which ordinance must not be effective until the rule is in effect in accordance with law. The department shall then promulgate the rule.

(4) When an ordinance is enacted under the authority of a rule, and that rule is subsequently suspended by the legislature, or amended or rescinded by the department, the ordinance must also be suspended, amended, or repealed.

(5) A local peace officer may enforce an ordinance enacted pursuant to this section, and a state peace officer shall enforce a rule promulgated under this section.

324.81133 Operation of ORV; prohibited acts; crash helmet and protective eyewear required; exception; assumption of risk.

Sec. 81133. (1) An individual shall not operate an ORV:

(a) At a rate of speed greater than is reasonable and proper, or in a careless manner, having due regard for conditions then existing.

(b) During the hours of 1/2 hour after sunset to 1/2 hour before sunrise without displaying a lighted headlight and lighted taillight. The requirements of this subdivision are in addition to any applicable requirements of section 81131(12).

(c) Unless the vehicle is equipped with a braking system that may be operated by hand or foot, capable of producing deceleration at 14 feet per second on level ground at a speed of 20 miles per hour; a brake light, brighter than the taillight, visible from behind the vehicle when the brake is activated, if the vehicle is operated during the hours of 1/2 hour after sunset and 1/2 hour before sunrise; and a throttle so designed that when the pressure used to advance the throttle is removed, the engine speed will immediately and automatically return to idle.

(d) In a state game area or state park or recreation area, except on roads, trails, or areas designated for this purpose, notwithstanding section 72118; on other state-owned lands under the control of the department where the operation would be in violation of rules promulgated by the department; in a forest nursery or planting area; on public lands posted or reasonably identifiable as an area of forest reproduction, and when growing stock may be damaged; in a dedicated natural area of the department; or in any area in such a manner as to create an erosive condition, or to injure, damage, or destroy trees or growing crops. However, the department may permit an owner and guests of the owner to use an ORV within the boundaries of a state forest in order to access the owner's property.

(e) On the frozen surface of public waters within 100 feet of an individual not in or upon a vehicle, or within 100 feet of a fishing shanty or shelter or an area that is cleared of snow for skating purposes, except at the minimum speed required to maintain controlled forward movement of the vehicle, or as may be authorized by permit in special events.

(f) Unless the vehicle is equipped with a spark arrester type United States Forest Service approved muffler, in good working order and in constant operation. Exhaust noise emission shall not exceed 86 Db(A) or 82 Db(A) on a vehicle manufactured after January 1, 1986, when the vehicle is under full throttle, traveling in second gear, and measured 50 feet at right angles from the vehicle path with a sound level meter that meets the requirement of ANSI S1.4 1983, using procedure and ancillary equipment therein described; or 99 Db(A) or 94 Db(A) on a vehicle manufactured after January 1, 1986, or that level comparable to the current sound level as provided for by the United States Environmental Protection Agency when tested according to the provisions of the current SAE J1287, June 86 test procedure for exhaust levels of stationary motorcycles,

using sound level meters and ancillary equipment therein described. A vehicle subject to this part, manufactured or assembled after December 31, 1972 and used, sold, or offered for sale in this state, shall conform to the noise emission levels established by the United States Environmental Protection Agency under the noise control act of 1972, 42 USC 4901 to 4918.

(h) In or upon the lands of another without the written consent of the owner, the owner's agent, or a lessee, when required by part 731. The operator of the vehicle is liable for damage to private property caused by operation of the vehicle, including, but not limited to, damage to trees, shrubs, or growing crops, injury to other living creatures, or erosive or other ecological damage. The owner of the private property may recover from the individual responsible nominal damages of not less than the amount of damage or injury. Failure to post private property or fence or otherwise enclose in a manner to exclude intruders or of the private property owner or other authorized person to personally communicate against trespass does not imply consent to ORV use.

(i) In an area on which public hunting is permitted during the regular November firearm deer season, from 7 a.m. to 11 a.m. and from 2 p.m. to 5 p.m., except as follows:

(i) During an emergency.

An individual holding a valid permit to hunt from a standing vehicle issued under part 401, or a person with a disability using an ORV to access public lands for purposes of hunting or fishing, may display a flag, the color of which the department shall determine, to identify himself or herself as a person with a disability or an individual holding a permit to hunt from a standing vehicle under part 401.

(j) Except as otherwise provided in section 40111, while transporting on the vehicle a bow unless unstrung or encased, or a firearm unless unloaded and securely encased, or equipped with and made inoperative by a manufactured keylocked trigger housing mechanism.

(k) On or across a cemetery or burial ground, or land used as an airport.

(l) Within 100 feet of a slide, ski, or skating area, unless the vehicle is being used for the purpose of servicing the area or is being operated pursuant to section 81131(2), (3), (5), or (6).

(m) On an operating or nonabandoned railroad or railroad right-of-way, or public utility right-of-way, other than for the purpose of crossing at a clearly established site intended for vehicular traffic, except railroad, public utility, or law enforcement personnel while in performance of their duties, and except if the right-of-way is designated as provided for in section 81127.

(ii) If the vehicle does not have a trunk or compartment separate from the passenger compartment, the container is encased or enclosed.

(s) While transporting any passenger in or upon an ORV unless the manufacturing standards for the vehicle make provisions for transporting passengers.

(t) On adjacent private land, in an area zoned residential, within 300 feet of a dwelling at a speed greater than the minimum required to maintain controlled forward movement of the vehicle except under any of the following circumstances:

(i) On a forest road or forest trail if the forest road or forest trail is maintained by or under the jurisdiction of the department.

(ii) On a street, county road, or highway on which ORV use is authorized under section 81131(2), (3), (5), or (6).

(u) On a forest trail if the ORV is greater than 50 inches in width.

(2) An individual who is operating or is a passenger on an ORV shall wear a crash helmet and protective eyewear that are approved by the United States Department of Transportation. This subsection does not apply to any of the following:

(a) An individual who owns the property on which the ORV is operating, is a family member of the owner and resides at that property, or is an invited guest of an individual who owns the property. An exception under this subdivision does not apply to any of the following:

(ii) An individual 16 or 17 years of age, unless the individual has consent from his or her parent or guardian to ride without a crash helmet.

(iii) An individual participating in an organized ORV riding or racing event if an individual who owns the property receives consideration for use of the property for operating ORVs.

(d) An ORV operated for the purpose of towing a fishing shanty or supply shed over the frozen surface of public waters at the minimum speed required to maintain controlled forward movement of the vehicle or while traveling to and from a fishing shanty at a speed of not greater than 10 miles per hour. An owner of private property is not liable for personal injuries, including death, to an individual who operates an ORV as described in this subdivision without wearing a helmet while traveling on the owner's property.

(3) Each person who participates in the sport of ORV riding accepts the risks associated with that sport insofar as the dangers are inherent. Those risks include, but are not limited to, injuries to persons or property that can result from variations in terrain; defects in traffic lanes; surface or subsurface snow or ice conditions; bare spots; rocks, trees, and other forms of natural growth or debris; and collisions with fill material, decks, bridges, signs, fences, trail maintenance equipment, or other ORVs. Those risks do not include injuries to persons or property that result from the use of an ORV by another person in a careless or negligent manner likely to endanger person or property. When an ORV is operated in the vicinity of a railroad right-of-way, each person who participates in the sport of ORV riding additionally assumes risks including, but not limited to, entanglement with railroad tracks, switches, and ties and collisions with trains and train-related equipment and facilities.

Sec. 81136. (1) In a criminal prosecution for violating section 81134 or a local ordinance substantially corresponding to section 81134(1), (3), or (6) or in a criminal prosecution for negligent homicide, manslaughter, or murder resulting from the operation of an ORV while the operator is alleged to have been impaired by or under the influence of alcoholic liquor or a controlled substance or a combination of alcoholic liquor and a controlled substance, or to have had a blood alcohol content of 0.08 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, or to have had in his or her body any amount of a controlled substance listed in schedule 1 under section 7212 of the public health code, 1978 PA 368, MCL 333.7212, or a rule promulgated under that section, or of a controlled substance described in section 7214(a)(iv) of the public health code, 1978 PA 368, MCL 333.7214, the amount of alcohol or controlled substance in the operator's blood at the time alleged as shown by chemical analysis of the operator's blood, urine, or breath is admissible into evidence.

(2) If a chemical test of an operator's blood, urine, or breath is given, the results of the test shall be made available to the person charged with an offense enumerated in subsection (1) or the person's attorney upon written request to the prosecution, with a copy of the request filed with the court. The prosecution shall furnish the report at least 2 days before the day of the trial and the results shall be offered as evidence by the prosecution in a criminal proceeding. Failure to fully comply with the request shall bar the admission of the results into evidence by the prosecution.

(3) A sample or specimen of urine or breath shall be taken and collected in a reasonable manner. Only a licensed physician, or a licensed nurse or medical technician under the direction of a licensed physician and qualified to withdraw blood acting in a medical environment, at the request of a peace officer, may withdraw blood for the purpose of determining the alcoholic content of the blood under this part. Liability for a crime or civil damages predicated on the act of withdrawing blood and related procedures shall not attach to a qualified person who withdraws blood or assists in the withdrawal in accordance with this part unless the withdrawal is performed in a negligent manner.

(4) A person arrested for a crime enumerated in subsection (1) who takes a chemical test administered at the request of a peace officer as provided in this part shall be given a reasonable opportunity to have a person of his or her own choosing administer 1 of the chemical tests described in this section within a reasonable time after his or her detention, and the results of the test shall be admissible and shall be considered with other competent evidence in determining the defendant's innocence or guilt of a crime enumerated in subsection (1). If the person arrested is administered a chemical test by a person of his or her own choosing, the person arrested shall be responsible for obtaining a chemical analysis of the test sample. The person shall be informed that he or she has the right to demand that a person of his or her choosing administer 1 of the chemical tests described in this section, that the results of the test shall be admissible and shall be considered with other competent evidence in determining the innocence or guilt of the defendant, and that the person arrested shall be responsible for obtaining a chemical analysis of the test sample.

(5) A person arrested shall be advised that if the person refuses the request of a peace officer to take a test described in this section, a test shall not be given without a court order. The person arrested shall also be advised that the person's refusal of the request of a peace officer to take a test described in this section shall result in the suspension of the person's right to operate an ORV.

(6) This section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether or not the defendant was impaired by or under the influence of alcoholic liquor or a controlled substance, or a combination of alcoholic liquor and a controlled substance, or whether the person had a blood alcohol content of 0.08 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine or had in his or her body any amount of a controlled substance listed in schedule 1 under section 7212 of the public health code, 1978 PA 368, MCL 333.7212, or a rule promulgated under that section, or of a controlled substance described in section 7214(a)(iv) of the public health code, 1978 PA

368, MCL 333.7214.

(7) If a jury instruction regarding a defendant's refusal to submit to a chemical test under this section is requested by the prosecution or the defendant, the jury instruction shall be given as follows:

"Evidence was admitted in this case which, if believed by the jury, could prove that the defendant had exercised his or her right to refuse a chemical test. You are instructed that such a refusal is within the statutory rights of the defendant and is not evidence of the defendant's guilt. You are not to consider such a refusal in determining the guilt or innocence of the defendant."

(8) If after an accident the operator of an ORV involved in the accident is transported to a medical facility and a sample of the operator's blood is withdrawn at that time for the purpose of medical treatment, the results of a chemical analysis of that sample shall be admissible in a criminal prosecution for a crime described in subsection (1) to show the amount of alcohol or presence of a controlled substance, or both, in the person's blood at the time alleged, regardless of whether the person had been offered or had refused a chemical test. The medical facility or person performing the chemical analysis shall disclose the results of the analysis to a prosecuting attorney who requests the results for use in a criminal prosecution as provided in this subsection. A medical facility or person disclosing information in compliance with this subsection shall not be civilly or criminally liable for making the disclosure.

(9) If after an accident the operator of an ORV involved in the accident is deceased, a sample of the decedent's blood shall be withdrawn in a manner directed by the medical examiner for the purpose of determining blood alcohol content or presence of a controlled substance, or both. The medical examiner shall give the results of the chemical analysis to the law enforcement agency investigating the accident, and that agency shall forward the results to the department of state police.
