

MICHIGAN TELECOMMUNICATIONS ACT (EXCERPT)
Act 179 of 1991

484.2356 Co-location with other providers.

Sec. 356. A provider of local exchange service shall allow and provide for virtual co-location with other providers at or near the central office of the provider of local exchange service of transmission equipment that the provider has exclusive physical control over and is necessary for efficient interconnection of the unbundled services. Providers may enter into an agreement that allows for interconnection on other terms and conditions than provided under this subsection.

History: Add. 1995, Act 216, Imd. Eff. Nov. 30, 1995.
