Sec. 94a. (1) There is created within the state budget office in the department of technology, management, and budget the center for educational performance and information. The center shall do all of the following:

(a) Coordinate the collection of all data required by state and federal law from districts, intermediate districts, and postsecondary institutions.

(b) Create, maintain, and enhance this state's statewide longitudinal data system and ensure that it meets the requirements of subsection (6).

(c) Collect data in the most efficient manner possible in order to reduce the administrative burden on reporting entities, including, but not limited to, electronic transcript services.

(d) Create, maintain, and enhance this state's web-based educational portal to provide information to school leaders, teachers, researchers, and the public in compliance with all federal and state privacy laws. Data shall include, but are not limited to, all of the following:

(i) Data sets that link teachers to student information, allowing districts to assess individual teacher impact on student performance and consider student growth factors in teacher and principal evaluation systems.

(ii) Data access or, if practical, data sets, provided for regional data warehouses that, in combination with local data, can improve teaching and learning in the classroom.

(iii) Research-ready data sets for researchers to perform research that advances this state's educational performance.

(e) Provide data in a useful manner to allow state and local policymakers to make informed policy decisions.

(f) Provide public reports to the citizens of this state to allow them to assess allocation of resources and the return on their investment in the education system of this state.

(g) Other functions as assigned by the state budget director.

(2) Each state department, officer, or agency that collects information from districts, intermediate districts, or postsecondary institutions as required under state or federal law shall make arrangements with the center to ensure that the state department, officer, or agency is in compliance with subsection (1). This subsection does not apply to information collected by the department of treasury under the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a; the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821; the school bond qualification, approval, and loan act, 2005 PA 92, MCL 388.1921 to 388.1939; or section 1351a of the revised school code, MCL 380.1351a.

(3) The state budget director shall appoint a CEPI advisory committee to provide advice to the director. The CEPI advisory committee shall consist of the following members:

(a) One representative from the house fiscal agency.

(b) One representative from the senate fiscal agency.

(c) One representative from the state budget office.

(d) One representative from the state education agency.

(e) One representative each from the department of energy, labor, and economic growth and the department of treasury.

(f) Three representatives from intermediate school districts.

(g) One representative from each of the following educational organizations:

(i) Michigan association of school boards.

(ii) Michigan association of school administrators.

(iii) Michigan school business officials.

(h) One representative representing private sector firms responsible for auditing school records.

(i) Other representatives as the state budget director determines are necessary.

(4) The CEPI advisory committee appointed under subsection (3) shall provide advice to the director of the center regarding the management of the center's data collection activities, including, but not limited to:

(a) Determining what data is necessary to collect and maintain in order to perform the center's functions in the most efficient manner possible.

(b) Defining the roles of all stakeholders in the data collection system.

(c) Recommending timelines for the implementation and ongoing collection of data.

(d) Establishing and maintaining data definitions, data transmission protocols, and system specifications and procedures for the efficient and accurate transmission and collection of data.

(e) Establishing and maintaining a process for ensuring the reasonable accuracy of the data.

(f) Establishing and maintaining state and model local policies related to data collection, including, but not limited to, privacy policies related to individual student data. These privacy policies shall ensure that a student's social security number is not released to the public for any purpose.

(g) Working with stakeholders to develop a state research agenda.

(h) Other matters as determined by the state budget director or the director of the center.

- (5) The center may enter into any interlocal agreements necessary to fulfill its functions.
- (6) The center shall ensure that the statewide longitudinal data system required under subsection (1)(b) meets all of the following:
- (a) Includes data at the individual student level from preschool through postsecondary education and into the workforce.
 - (b) Supports interoperability by using standard data structures, data formats, and data definitions to ensure linkage and connectivity in a manner that facilitates the exchange of data among agencies and institutions within the state and between states.
 - (c) Enables the matching of individual teacher and student records so that an individual student may be matched with those teachers providing instruction to that student.
 - (d) Enables the matching of individual teachers with information about their certification and the institutions that prepared and recommended those teachers for state certification.
 - (e) Enables data to be easily generated for continuous improvement and decision-making, including timely reporting to parents, teachers, and school leaders on student achievement.
 - (f) Ensures the reasonable quality, validity, and reliability of data contained in the system.
 - (g) Provides this state with the ability to meet federal and state reporting requirements.
 - (h) For data elements related to preschool through grade 12 and postsecondary, meets all of the following:
 - (i) Contains a unique statewide student identifier that does not permit a student to be individually identified by users of the system, except as allowed by federal and state law.
 - (ii) Contains student-level enrollment, demographic, and program participation information.
 - (iii) Contains student-level information about the points at which students exit, transfer in, transfer out, drop out, or complete education programs.
 - (iv) Has the capacity to communicate with higher education data systems.
 - (i) For data elements related to preschool through grade 12 only, meets all of the following:
 - (i) Contains yearly test records of individual students for assessments approved by DED-OESE for accountability purposes under section 1111(b) of the elementary and secondary education act of 1965, 20 USC 6311, including information on individual students not tested, by grade and subject.
 - (ii) Contains student-level transcript information, including information on courses completed and grades earned.
 - (iii) Contains student-level college readiness test scores.
 - (j) For data elements related to postsecondary education only:
 - (i) Contains data that provide information regarding the extent to which individual students transition successfully from secondary school to postsecondary education, including, but not limited to, all of the following:
 - (A) Enrollment in remedial coursework.
 - (B) Completion of 1 year's worth of college credit applicable to a degree within 2 years of enrollment.
 - (ii) Contains data that provide other information determined necessary to address alignment and adequate preparation for success in postsecondary education.
- (7) From the general fund appropriation in section 11, there is allocated an amount not to exceed \$3,621,100.00 for 2010-2011 to the department of technology, management, and budget to support the operations of the center. In addition, from the federal funds appropriated in section 11 there is allocated for 2010-2011 the amount necessary, estimated at \$10,067,800.00 for 2010-2011, to support the operations of the center. The center shall cooperate with the state education agency to ensure that this state is in compliance with federal law and is maximizing opportunities for increased federal funding to improve education in this state.
- (8) From the federal funds allocated in subsection (7), there is allocated for 2010-2011 an amount not to exceed \$850,000.00 funded from the competitive grants of DED-OESE, title II, educational technology funds for the purposes of this subsection. Not later than November 30 of each fiscal year, the department shall award a single grant to an eligible partnership that includes an intermediate district with at least 1 high-need local school district and the center.
- (9) In addition to the amount allocated under subsection (7) there is also allocated from the general fund money appropriated in section 11 for 2010-2011 an additional amount not to exceed \$1,800,000.00 for the purpose of establishing a longitudinal data system as provided under this section in compliance with the assurance provided to the federal department of education in order to receive state fiscal stabilization funds. In addition, there is allocated for 2010-2011 from the state school aid fund money appropriated under section 11 an amount not to exceed \$8,440,000.00 to support the efforts of districts to match individual teacher and student records. The funds shall be distributed to districts in an amount and manner determined by the center.
- (10) From the federal funds allocated in subsection (7), there is allocated for 2010-2011 an amount not to exceed \$850,000.00 funded from the competitive grants of DED-OESE, title II, educational technology funds for the purposes of this subsection. Not later than November 30 of each fiscal year, the department shall award a single grant to an eligible partnership that includes an intermediate district with at least 1 high-need local school district and the center.

exceed \$242,000.00 to support the efforts of postsecondary institutions to comply with the requirements of this state's statewide longitudinal data system. The funds shall be distributed to postsecondary institutions in an amount and manner determined by the center.

(11) The center and the department shall work cooperatively to develop a cost allocation plan that pays for center expenses from the appropriate federal fund and state restricted fund revenues.

(12) Funds allocated under this section that are not expended in the fiscal year in which they were allocated may be carried forward to a subsequent fiscal year and are appropriated for the purposes for which the funds were originally allocated.

(13) The center may bill departments as necessary in order to fulfill reporting requirements of state and federal law. The center may also enter into agreements to supply custom data, analysis, and reporting to other principal executive departments, state agencies, local units of government, and other individuals and organizations. The center may receive and expend funds in addition to those authorized in subsection (7) to cover the costs associated with salaries, benefits, supplies, materials, and equipment necessary to provide such data, analysis, and reporting services.

(14) As used in this section:

(a) "DED-OESE" means the United States department of education office of elementary and secondary education.

(b) "High-need local school district" means a local educational agency as defined in the enhancing education through technology part of the no child left behind act of 2001, Public Law 107-110.

(c) "State education agency" means the department.

388.1698 Michigan virtual high school; powers and duties of Michigan virtual university; report; definitions.

Sec. 98. (1) From the general fund money appropriated in section 11, there is allocated an amount not to exceed \$1,687,500.00 for 2010-2011 to provide a grant to the Michigan virtual university for the development, implementation, and operation of the Michigan virtual high school; to provide professional development opportunities for educators; and to fund other purposes described in this section. In addition, from the federal funds appropriated in section 11, there is allocated for 2010-2011 an amount estimated at \$2,700,000.00.

(2) The Michigan virtual high school shall have the following goals:

(a) Significantly expand curricular offerings for high schools across this state through agreements with districts or licenses from other recognized providers.

(b) Create statewide instructional models using interactive multimedia tools delivered by electronic means, including, but not limited to, the internet, digital broadcast, or satellite network, for distributed learning at the high school level.

(c) Provide pupils with opportunities to develop skills and competencies through online learning.

(d) Grant high school diplomas through a dual enrollment method with districts.

(e) Act as a broker for college level equivalent courses, as defined in section 1471 of the revised school code, MCL 380.1471, and dual enrollment courses from postsecondary education institutions.

(f) Maintain the accreditation status of the Michigan virtual high school from recognized national and international accrediting entities.

(3) The Michigan virtual high school course offerings shall include, but are not limited to, all of the following:

(a) Information technology courses.

(b) College level equivalent courses, as defined in section 1471 of the revised school code, MCL 380.1471.

(c) Courses and dual enrollment opportunities.

(d) Programs and services for at-risk pupils.

(e) General education development test preparation courses for adjudicated youth.

(f) Special interest courses.

(g) Professional development programs that teach Michigan educators how to develop and deliver online instructional services.

(4) From the federal funds allocated in subsection (1), there is allocated for 2010-2011 an amount estimated at \$1,700,000.00 from DED-OESE, title II, improving teacher quality funds for a grant to the Michigan virtual university for the purpose of this subsection. With the approval of the department, the Michigan virtual university shall coordinate the following activities related to DED-OESE, title II, improving teacher quality funds in accordance with federal law:

(a) Develop, and assist districts in the development and use of, proven, innovative strategies to deliver intensive professional development programs that are both cost-effective and easily accessible, such as strategies that involve delivery through the use of technology, peer networks, and distance learning.

(b) Encourage and support the training of teachers and administrators to effectively integrate technology into curricula and instruction.

(c) Coordinate the activities of eligible partnerships that include higher education institutions for the purposes of providing professional development activities for teachers, paraprofessionals, and principals as defined in federal law.

(d) Offer teachers opportunities to learn new skills and strategies for developing and delivering instructional services.

(e) Provide online professional development opportunities for educators to update and expand knowledge and skills needed to support the Michigan merit curriculum core content standards and credit requirements.

(5) The Michigan virtual university shall offer at least 200 hours of online professional development for classroom teachers under this section each fiscal year beginning in 2006-2007 without charge to the teachers or to districts or intermediate districts.

(6) From the federal funds appropriated in subsection (1), there is allocated for 2010-2011 an amount estimated at \$1,000,000.00 from the DED-OESE, title II, educational technology grant funds to support e-learning and virtual school initiatives consistent with the goals contained in the United States national educational technology plan issued in January 2005. These funds shall be used to support activities designed to build the capacity of the Michigan virtual university and shall not be used to supplant other funding. Not later than November 30, 2010, from the funds allocated in this subsection, the department shall award a single grant of \$1,000,000.00 to a consortium or partnership established by the Michigan virtual university that meets the requirements of this subsection. To be eligible for this funding, a consortium or partnership established by the Michigan virtual university shall include at least 1 intermediate district and at least 1 high-need local district. All of the following apply to this funding:

(a) An eligible consortium or partnership must demonstrate the following:

(i) Prior success in delivering online courses and instructional services to K-12 pupils throughout this state.

(ii) Expertise in designing, developing, and evaluating online K-12 course content.

(iii) Experience in maintaining a statewide help desk service for pupils, online teachers, and other school personnel.

(iv) Knowledge and experience in providing technical assistance and support to K-12 schools in the area of online education.

(v) Experience in training and supporting K-12 educators in this state to teach online courses.

(vi) Demonstrated technical expertise and capacity in managing complex technology systems.

(vii) Experience promoting twenty-first century learning skills through the use of online technologies.

(b) The Michigan virtual university, which operates the Michigan virtual high school, shall perform the following tasks related to this funding:

(i) Strengthen its capacity by pursuing activities, policies, and practices that increase the overall number of Michigan virtual high school course enrollments and course completions by at-risk students.

(ii) Examine the curricular and specific course content needs of middle and high school students in the areas of mathematics and science.

(iii) Design, develop, and acquire online courses and related supplemental resources aligned to state standards to create a comprehensive and rigorous statewide catalog of online courses and instructional services.

(iv) Continue to evaluate and conduct pilot programs for new and innovative online tools, resources, and courses.

(v) Evaluate existing online teaching and learning practices and develop continuous improvement strategies to enhance student achievement.

(vi) Develop, support, and maintain the technology infrastructure and related software required to deliver online courses and instructional services to students statewide.

(7) If a home-schooled or nonpublic school student is a resident of a district that subscribes to services provided by the Michigan virtual high school, the student may use the services provided by the Michigan virtual high school to the district without charge to the student beyond what is charged to a district pupil using the same services.

(8) Not later than December 1, 2010, the Michigan virtual university shall provide a report to the house and senate appropriations subcommittees on state school aid, the state budget director, the house and senate fiscal agencies, and the department that includes at least all of the following information related to the Michigan virtual high school for the preceding state fiscal year:

(a) A list of the Michigan schools served by the Michigan virtual high school.

(b) A list of online course titles available to Michigan schools.

(c) The total number of online course enrollments and information on registrations and completions by course.

(d) The overall course completion rate percentage.

(e) A summary of DED-OESE, title IIA, teacher quality grant and DED-OESE, title IID, education technology grant expenditures.

(f) Identification of unmet educational needs that could be addressed by the Michigan virtual high school.

\$5,249,300.00 from DED-OESE, title II, mathematics and science partnership grants.

(2) Within a service area designated locally, approved by the department, and consistent with the comprehensive master plan for mathematics and science centers developed by the department and approved by the state board, an established mathematics and science center shall provide 2 or more of the following 6 basic services, as described in the master plan, to constituent districts and communities: leadership, pupil services, curriculum support, community involvement, professional development, and resource clearinghouse services.

(3) The department shall not award a state grant under this section to more than 1 mathematics and science center located in a designated region as prescribed in the 2007 master plan unless each of the grants serves a distinct target population or provides a service that does not duplicate another program in the designated region.

(4) As part of the technical assistance process, the department shall provide minimum standard guidelines that may be used by the mathematics and science center for providing fair access for qualified pupils and professional staff as prescribed in this section.

(5) Allocations under this section to support the activities and programs of mathematics and science centers shall be continuing support grants to all 33 established mathematics and science centers. Each established mathematics and science center that was funded in 2009-2010 shall receive state funding in an amount equal to 100% of the amount it was allocated under this subsection for 2009-2010. If a center declines state funding or a center closes, the remaining money available under this section shall be distributed to the remaining centers, as determined by the department.

(6) From the funds allocated in subsection (1), there is allocated for 2010-2011 an amount not to exceed \$750,000.00 in a form and manner determined by the department to those centers able to provide curriculum and professional development support to assist districts in implementing the Michigan merit curriculum components for mathematics and science. Funding under this subsection is in addition to funding allocated under subsection (5).

(7) In order to receive state or federal funds under this section, a grant recipient shall allow access for the department or the department's designee to audit all records related to the program for which it receives such funds. The grant recipient shall reimburse the state for all disallowances found in the audit.

(8) Not later than September 30, 2013, the department shall reevaluate and update the comprehensive master plan described in subsection (1).

(9) The department shall give preference in awarding the federal grants allocated in subsection (1) to eligible existing mathematics and science centers.

(10) In order to receive state funds under this section, a grant recipient shall provide at least a 10% local match from local public or private resources for the funds received under this section.

(11) As used in this section:

(a) "DED" means the United States department of education.

(b) "DED-OESE" means the DED office of elementary and secondary education.
