(w) Nonsurgical extractions of periodontally diseased permanent teeth with tooth mobility +3. However, a dental therapist shall not extract a tooth for any patient if the tooth is unerupted, impacted, or fractured or needs to be sectioned for removal.

(x) Performing other related services and functions authorized by the supervising dentist and for which the dental therapist is trained.

(y) Performing any other duties of a dental therapist that are authorized by the board by rule.

(2) A dental therapist may supervise dental assistants and dental hygienists to the extent permitted in a written practice agreement. However, a dental therapist shall not supervise more than 3 dental assistants and 2 dental hygienists in any 1 practice setting.

(3) A dental therapist shall not prescribe a controlled substance that is included in schedules 2 to 5 of part 72.

(4) As used in this section and section 16657, "health care professional" means an individual who is authorized to practice a health profession under this article.

**History:** Add. 2018, Act 463, Eff. Mar. 27, 2019.

**Popular name:** Act 368

### 333.16657 Referrals; beyond scope of practice.

Sec. 16657. (1) A supervising dentist shall arrange for another dentist or specialist to provide any services needed by a patient of a dental therapist who is supervised by that dentist that are beyond the scope of practice of the dental therapist and that the supervising dentist is unable to provide.

(2) A dental therapist, in accordance with a written practice agreement entered into under section 16655, shall refer patients to another qualified dental professional or health care professional to receive needed services that exceed the scope of practice of the dental therapist.

**History:** Add. 2018, Act 463, Eff. Mar. 27, 2019.

© Courtesy of www.legislature.mi.gov

**Popular name:** Act 368

### 333.16658 Rules; study on licensing dental therapists; written report.

Sec. 16658. (1) Within 12 months after the effective date of the amendatory act that added this section, the department, in consultation with the board, shall promulgate any rules that the department considers necessary to implement this section and sections 16651 to 16657.

(2) Within 7 years after the effective date of the amendatory act that added this section, the department of health and human services, in consultation with the department, shall conduct and complete a study concerning the impact of licensing dental therapists on patient safety, cost-effectiveness, and access to dental services in this state. The study shall focus on the following outcome measures:

(a) Number of new patients served.

(b) Reduction in waiting time for needed services.

(c) Decreased travel time for patients.

(d) Impact on emergency room usage for dental care.

(e) Costs to the health care system.

(3) Within 30 days after the completion of the study described in subsection (2), the department of health and human services shall provide a written report concerning the results of the study to the director of the department and the chairs of the standing committees of the senate and house of representatives responsible for health policy.

**History:** Add. 2018, Act 463, Eff. Mar. 27, 2019.

**Compiler's note:** Act 368

### 333.16659 Third party reimbursement or mandated worker's compensation benefits.

Sec. 16659. Sections 16651 to 16658 do not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual who is licensed as a dental therapist under this article.

**History:** Add. 2018, Act 463, Eff. Mar. 27, 2019.

**Popular name:** Act 368

## PART 168.
## AUDIOLOGY

### 333.16801 Definitions; scope of practice; limitation.

Sec. 16801. (1) As used in this part:

(a) "Audiologist" means an individual licensed under this article to engage in the practice of audiology.

(b) "Practice of audiology" means the nonmedical and nonsurgical application of principles, methods, and procedures related to disorders of hearing, including all of the following:

(*i*) Facilitating the conservation of auditory system function.

(*ii*) Developing and implementing hearing conservation programs.

(*iii*) Preventing, identifying, and assessing hearing disorders of the peripheral and central auditory system.

(*iv*) Selecting, fitting, and dispensing of amplification systems, including hearing aids and related devices, and providing training for their use.

(*v*) Providing auditory training, consulting, education, and speech reading to individuals with hearing disorders.

(*vi*) Administering and interpreting tests of vestibular function and tinnitus in compliance with section 16809 and in adherence to the mandate of subsection (2).

(*vii*) Routine cerumen removal from the cartilaginous portion of the external ear in otherwise healthy ears except that if the audiologist, while engaged in routine cerumen removal, discovers any trauma, including, but not limited to, continuous uncontrolled bleeding, lacerations, or other traumatic injuries, he or she shall, as soon as practically possible, refer the patient to a person licensed in the practice of medicine or osteopathic medicine and surgery.

(*viii*) Speech and language screening limited to a pass-fail determination for the purpose of identification of individuals with disorders of communication.

(2) Practice of audiology does not include the practice of medicine or osteopathic medicine and surgery or medical diagnosis or treatment.

(3) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** Add. 2004, Act 97, Imd. Eff. May 7, 2004.

**Popular name:** Act 368

### 333.16803 Practice of audiology; license required; use of words, titles, or letters.

Sec. 16803. (1) Beginning September 4, 2004 and except as otherwise provided in section 16807, an individual shall not engage in the practice of audiology unless licensed or otherwise authorized by this article.

(2) The following words, titles, or letters or a combination thereof, with or without qualifying words or phrases, are restricted in use only to those individuals authorized under this part to use the following terms and in a way prescribed in this part: "audiometrist", "audiologist", "hearing therapist", "hearing aid audiologist", "educational audiologist", "industrial audiologist", and "clinical audiologist".

**History:** Add. 2004, Act 97, Imd. Eff. May 7, 2004;—Am. 2006, Act 411, Imd. Eff. Sept. 29, 2006.

**Popular name:** Act 368

### 333.16805 Michigan board of audiology; creation; membership; terms of office.

Sec. 16805. (1) The Michigan board of audiology is created within the department. The board consists of the following 9 voting members who meet the requirements of part 161:

(a) Five audiologists. The members initially appointed under this subdivision shall meet the requirements of section 16135.

(b) Two members shall be persons licensed to practice medicine or osteopathic medicine and surgery who hold a certificate of qualification from the American board of otolaryngology.

(c) Two public members, neither of whom is an audiologist or physician or has family or financial ties to an audiologist or physician.

(2) The terms of office of individual members of the board created under subsection (1), except those appointed to fill vacancies, expire 4 years after appointment on June 30 of the year in which the term will expire.

**History:** Add. 2004, Act 97, Imd. Eff. May 7, 2004;—Am. 2006, Act 411, Imd. Eff. Sept. 29, 2006.

**Popular name:** Act 368

### 333.16807 Limitations; exceptions.

Sec. 16807. This part does not limit any of the following:

(a) An individual employed by a regionally accredited college or university and involved with research or the teaching of communication disorders from performing those duties for which he or she is employed by that institution, as long as the individual does not engage in the practice of audiology or hold himself or herself out as licensed or otherwise authorized under this article as an audiologist.

(b) An individual who is employed by the department of community health in 1 of its approved hearing screening training programs from conducting screening of hearing sensitivity.

(c) An individual certified by an agency acceptable to the occupational health standards commission from engaging in hearing screening as part of a hearing conservation program in compliance with standards adopted under the Michigan occupational safety and health act, 1974 PA 154, MCL 408.1001 to 408.1094.

(d) A certified, licensed, registered, or otherwise statutorily recognized member of another profession, including a person licensed in the practice of medicine or osteopathic medicine and surgery and an unlicensed or licensed person to whom tasks have been delegated under his or her supervision, and including a person licensed under article 13 of the occupational code, 1980 PA 299, MCL 339.1301 to 339.1309, from practicing his or her profession as authorized by law, so long as the individual does not hold himself or herself out to the public as possessing a license issued or title protected under this article.

**History:** Add. 2004, Act 97, Imd. Eff. May 7, 2004.

**Popular name:** Act 368

### 333.16809 Administration of tests; compliance with federal guidelines for fitting and dispensing hearing instruments; sale of hearing instrument to person under 18 years of age.

Sec. 16809. (1) An audiologist shall administer tests of vestibular function only to patients who have been referred to him or her by a person licensed to practice medicine or osteopathic medicine and surgery.

(2) If an audiologist administers an audiometric test for tinnitus and his or her examination of the patient reflects the presence of otologic or systemic diseases, the audiologist shall promptly refer the patient to a person licensed to practice medicine or osteopathic medicine and surgery.

(3) An audiologist shall comply with the federal food and drug administration medical referral guidelines for fitting and dispensing hearing instruments, 21 CFR 801.621, incorporated by reference.

(4) A licensed audiologist may not sell a hearing instrument to a person under 18 years of age unless the

© Courtesy of www.legislature.mi.gov

person or the parent or guardian of the person presents to the audiologist a written statement signed by a licensed physician who specializes in diseases of the ear stating that both of the following exist:

(a) The person's hearing loss has been medically evaluated during the 6-month period preceding the date the statement is presented.

(b) The person may be considered a candidate for a hearing instrument.

**History:** Add. 2004, Act 97, Imd. Eff. May 7, 2004.

**Popular name:** Act 368

### 333.16811 Requirements for licensure.

Sec. 16811. (1) The department shall require an individual granted a license under this article as an audiologist to meet either of the following requirements:

(a) Possess a master's degree in audiology from a regionally accredited college or university approved by the board; have completed at least 9 months of supervised clinical experience in audiology; and have successfully completed an examination in audiology as described in subsection (2) or (3).

(b) Possess a doctoral degree in audiology from a regionally accredited college or university approved by the board; have completed at least 9 months of supervised clinical experience in audiology; and have successfully completed an examination in audiology as described in subsection (2) or (3).

(2) The department, in consultation with the board, shall provide that applicants pass an examination dealing with all aspects of the practice of audiology before issuance of a license under this part. The department, in consultation with the board, may develop its own examination and may promulgate rules to establish standards for that examination or for the adoption by reference of an examination, or parts of an examination, developed by an outside entity that it determines offers an appropriate examination. If the department adopts all or part of an examination developed by an outside entity, the department may promulgate rules to adopt by reference any supplement or update to the examination.

(3) Beginning on the effective date of this part and until 1 or more examinations are developed or adopted under subsection (2), the PRAXIS examination in audiology, developed by educational testing services, in existence on the effective date of this part is adopted by reference and considered acceptable for qualification of applicants under this part. Not later than June 30, 2005, the department, in consultation with the board, shall make a recommendation on whether to develop its own exam, adopt an examination developed by an outside entity, or continue to accept the PRAXIS examination and any update pursuant to rule as further described in subsection (2). The department shall notify the house and senate standing committees on health policy matters of its recommendation.

(4) Notwithstanding subsections (2) and (3), the department shall grant a license to a person who, on the effective date of this part, has been engaged in the practice of audiology, who meets the requirements of subsection (1), who applies for licensure under this part, and who presents to the department proof of passing any past or present version of the PRAXIS examination in audiology or any past or present version of its predecessor, the national teachers examination on speech and language pathology and audiology, both of which were developed by educational testing services. Passage of those examinations is considered fulfillment of the examination requirement of this subsection. The past and present versions of the PRAXIS examination in audiology and all versions of its predecessor, the national teachers examination on speech and language pathology and audiology, both of which were developed by educational testing services, are adopted by reference for purposes of this subsection.

(5) Beginning the license year after the effective date of the rules promulgated under this subsection, an individual shall meet the continuing education requirements of this subsection. The department, in consultation with the board, shall promulgate rules to require licensees seeking renewal to furnish evidence acceptable to the department and board of the successful completion, during the preceding license year, of at least 10 clock hours of continuing education courses or programs related to the practice of audiology and designed to further educate licensees.

(6) The department shall ensure that all approved continuing education courses described in subsection (5) include defined measurements of preknowledge and postknowledge or skill improvements, or both, as a result of the continuing education program.

**History:** Add. 2004, Act 97, Imd Eff. May 7, 2004.

**Popular name:** Act 368

## PART 169
## MARRIAGE AND FAMILY THERAPY

### 333.16901 Definitions; principles of construction.

© Courtesy of www.legislature.mi.gov

Sec. 16901. (1) As used in this part:

(a) "Advertise" means issuing or ordering the printing or distribution of a card, sign, or device or causing, permitting, or allowing a sign or marking on or in a building or structure, or placing material in a newspaper, magazine, or directory, or on radio or television.

(b) "Marriage and family therapist" means an individual licensed under this article to engage in the practice of marriage and family therapy.

(c) "Practice of marriage and family therapy" means the providing of guidance, testing, discussions, therapy, instruction, or advice that is intended to avoid, eliminate, relieve, manage, or resolve marital or family conflict or discord, to create, improve, or restore marital or family harmony, or to prepare couples for marriage. Practice of marriage and family therapy does not include the administration and interpretation of psychological tests except for those tests that are consistent with the individual's education and training and with the code of ethics for licensed marriage and family therapists.

(2) In addition to the definitions of this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** Add. 1995, Act 126, Eff. Jan. 1, 1996.

**Popular name:** Act 368

### 333.16903 Restricted use of title; advertising; limited license; use of title during training period; use of words, titles, or letters.

Sec. 16903. (1) An individual licensed under this part as a marriage and family therapist shall use only the title "licensed marriage and family therapist" or "licensed marriage counselor" or the abbreviation "l.m.f.t." in representing his or her services in the practice of marriage and family therapy to the public.

(2) Unless exempt under section 16905(3), only an individual licensed under this part may advertise that he or she offers marriage and family therapy; marriage or family counseling service or advice; marriage or family guidance service or advice; marriage or family relations service or advice; marriage or family problems service or advice; marriage or family relations advice or assistance; service in the alleviation of a marital or family problem; or service of similar import or effect that is included in the practice of marriage and family therapy.

(3) The board may grant a limited license to an individual who has met the requirements of section 16909(a) and (b) in order to permit that individual to obtain the experience required under section 16909(c). The board shall not renew a limited license for more than 6 years. A limited licensee shall do all of the following:

(a) Use only the title "limited licensed marriage and family therapist" or "limited licensed marriage counselor".

(b) Not represent that he or she is engaged in the independent practice of marriage and family therapy.

(c) Practice only under the supervision of a fully licensed marriage and family therapist.

(d) Confine his or her practice to an organized health care setting or other arrangement approved by the board.

(4) An individual engaged in obtaining experience required under section 16909(b) may use the title "marriage and family therapist intern" or "marriage and family therapist trainee" during the training period. The board shall not require an individual obtaining experience required under section 16909(b) to hold a limited license.

(5) The following words, titles, or letters or a combination thereof, with or without qualifying words or phrases, are restricted in use only to those individuals authorized under this part to use the terms and in a way prescribed by this part: "marriage advisor" or "marriage consultant"; "family counselor", "family advisor", "family therapist", or "family consultant"; "family guidance counselor", "family guidance advisor", or "family guidance consultant"; "marriage guidance counselor", "marriage guidance advisor", or "marriage guidance consultant"; "family relations counselor"; "marriage relations counselor", "marriage relations advisor", or "marriage relations consultant"; or "marital counselor" or "marital therapist".

**History:** Add. 1995, Act 126, Eff. Jan. 1, 1996;—Am. 2006, Act 388, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

### 333.16905 Exceptions.

Sec. 16905. (1) This part does not apply to an individual engaged in the practice of social work as defined in part 185, in the course of employment with a governmental agency or a reputable social service agency regularly providing social work services as an agency.

(2) This part does not apply to an ordained cleric or other religious practitioner who is employed by or working under the authority of an organization exempt from taxation under section 501(c)(3) of the internal

© Courtesy of www.legislature.mi.gov

revenue code of 1986, 26 USC 501, if the advice or counsel given by the cleric or other religious practitioner is incidental to his or her duties as a cleric or other religious practitioner, and if the cleric or other religious practitioner does not hold himself or herself out to the public as a marriage and family therapist licensed under this article or use 1 or more of the titles listed in section 16903 and if no fee or donation is exacted for the service.

(3) This part does not apply to a physician licensed under this article who has completed an accredited psychiatric residency program approved by the Michigan board of medicine or to a psychologist fully licensed under this article, if both of the following circumstances exist:

(a) The individual is practicing his or her profession in a manner consistent with his or her education and training and is practicing in a manner consistent with the code of ethics of that profession.

(b) The individual does not hold himself or herself out to the public as a marriage and family therapist licensed under this article or use any of the titles listed in section 16903 for advertising purposes. However, this subdivision does not prohibit the individual from advertising under a telephone or other business directory listing that uses those titles if the individual discloses in the listing, in an unabbreviated fashion, the profession in which he or she is licensed.

(4) This part does not limit an individual in, or prevent an individual from, the practice of a statutorily regulated profession or occupation if services to families, couples, or subsystems of families are part of the services provided by that profession or occupation, and if the individual does not hold himself or herself out to the public as a marriage and family therapist licensed under this article or use 1 or more of the titles listed in section 16903. As used in this subsection, "statutorily regulated profession or occupation" means an occupation or profession regulated by statute that includes, but is not limited to, all of the following: a physician, attorney, social worker, social service technician, fully licensed psychologist, limited licensed psychologist, temporary limited licensed psychologist, licensed professional counselor, limited licensed counselor, or school counselor.

**History:** Add. 1995, Act 126, Eff. Jan. 1, 1996;—Am. 2006, Act 388, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

### 333.16907 Board of marriage and family therapy; creation; membership; terms.

Sec. 16907. (1) Subject to section 16913(2), the Michigan board of marriage and family therapy is created in the department. The board consists of the following 9 voting members who shall meet the requirements of part 161: six licensed marriage and family therapists and 3 public members.

(2) Subject to section 16913(2), the terms of office of individual members of the board created under subsection (1), except those appointed to fill vacancies, expire 4 years after appointment on June 30 of the year in which the term will expire.

**History:** Add. 1995, Act 126, Eff. Jan. 1, 1996;—Am. 2006, Act 388, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

### 333.16909 Marriage and family therapist; licensure requirements.

Sec. 16909. (1) The board shall grant a license as a marriage and family therapist to an individual who meets all of the following requirements:

(a) Provides satisfactory evidence to the board of meeting either of the following educational qualifications:

(*i*) Has a master's or higher graduate degree from an accredited training program in marriage and family therapy approved by the board.

(*ii*) Has a master's or higher graduate degree from an accredited college or university approved by the board and has completed all of the following graduate-level courses at an accredited college or university approved by the board:

(A) Three courses in family studies that total at least 6 semester or 9 quarter hours.

(B) Three courses in family therapy methodology that total at least 6 semester or 9 quarter hours.

(C) Three courses in human development, personality theory, or psychopathology that total at least 6 semester or 9 quarter hours.

(D) At least 2 semester or 3 quarter hours in ethics, law, and standards of professional practice.

(E) At least 2 semester or 3 quarter hours in research.

(b) Except as otherwise provided in subsection (2), provides satisfactory evidence to the board of having completed supervised clinical marriage and family therapy experience in conjunction with the applicant's educational program. The clinical marriage and family therapy experience described in this subdivision shall meet all of the following requirements:

(*i*) Be obtained either in a clinical practicum during graduate education or in a postgraduate marriage and

© Courtesy of www.legislature.mi.gov

family institute training program acceptable to the board.

(*ii*) Be obtained over not less than 8 consecutive months.

(*iii*) Be verified by a supervisor who has a master's or higher graduate degree from an accredited college or university approved by the board and meets 1 of the following:

(A) Is a marriage and family therapist.

(B) Is a certified social worker or a social worker registered under article 16 of the occupational code, 1980 PA 299, MCL 339.1601 to 339.1610.

(C) Is a licensed professional counselor as defined in section 18101.

(D) Is a physician as defined in section 17001 or 17501 and practicing in a mental health setting.

(E) Is a fully licensed psychologist as defined in section 18201.

(F) Is an approved supervisor or supervisor-in-training through a program conducted by the American association for marriage and family therapy and approved by the board.

(*iv*) Include not less than 300 direct client contact hours in supervised clinical marriage and family therapy experience, at least 1/2 of which were completed in a setting in which families, couples, or subsystems of families were physically present in the therapy room.

(*v*) Be supervised in a ratio of at least 1 hour of supervision for each 5 hours of direct client contact, for a total of not less than 60 hours of supervision concurrent with the 300 hours of supervised direct client contact.

(c) Except as otherwise provided in subsection (2), provides satisfactory evidence to the board of having completed a minimum of 1,000 direct client contact hours in supervised marriage and family therapy experience, at least 1/2 of which was completed with families, couples, or subsystems of families physically present in the therapy room, that meets all of the following conditions:

(*i*) Is verified by the supervising licensed marriage and family therapist.

(*ii*) Is obtained following the completion of the degree required by subdivision (a)(*i*), is obtained following the completion of the degree required by subdivision (a)(*ii*) and concurrent with or following the course work specified in subdivision (a)(*ii*)(A), (B), (C), (D), and (E), or is obtained as part of a doctoral program in marriage and family therapy from an accredited college or university approved by the board, which experience may include experience obtained under subdivision (b)(*i*).

(*iii*) Is supervised in a ratio of at least 1 hour of supervision for each 5 hours of experience, for a total of not less than 200 hours of supervision concurrent with the 1,000 hours of supervised experience. Not less than 100 hours of supervision under this subparagraph shall be individual supervision with no more than 1 other supervisee present. The remaining supervision under this subparagraph may be group supervision involving no more than 6 supervisees with 1 supervisor. The supervision shall be given in face-to-face contact with the individual obtaining marriage and family therapy experience.

(2) The board shall waive the requirements of subsection (1)(b) and (c) for an applicant who provides satisfactory evidence to the board of having obtained a doctoral degree from an accredited doctoral training program in marriage and family therapy approved by the board.

**History:** Add. 1995, Act 126, Eff. Jan. 1, 1996;—Am. 1996, Act 536, Imd. Eff. Jan. 13, 1997;—Am. 1997, Act 188, Imd. Eff. Dec. 30, 1997.

**Popular name:** Act 368

### 333.16911 Privileged information; waiver.

Sec. 16911. (1) Except as provided in subsection (3), information regarding an individual to whom a licensee provided marriage and family therapy is privileged information and not subject to waiver, regardless of any of the following:

(a) Whether the information was obtained directly from the individual, from another person involved in the therapy, from a test or other evaluation mechanism, or from other sources.

(b) Whether the information was obtained before, during, or following therapy.

(c) Whether the individual involved is a present client or a former client.

(2) Except as provided in subsection (3), referrals made by a circuit court or its counseling service, as provided in the circuit court family counseling services act, Act No. 155 of the Public Acts of 1964, being sections 551.331 to 551.344 of the Michigan Compiled Laws, is privileged information not subject to waiver.

(3) The privilege established in this section is waived only under 1 of the following circumstances:

(a) If disclosure is required by law or necessary to protect the health or safety of an individual.

(b) If the licensee is a party defendant to a civil, criminal, or administrative action arising from services performed as a licensee, in which case the waiver is limited only to that action.

(c) If a waiver specifying the terms of disclosure is obtained in writing from each individual over 18 years of age involved in the marriage and family therapy and then only in accordance with the terms of the written waiver. If more than 1 individual is or was involved in the marriage and family therapy performed by a

© Courtesy of www.legislature.mi.gov

licensee, the privilege is not waived for any individual unless all individuals over 18 years of age involved in the marriage and family therapy have executed the written waiver.

**History:** Add. 1995, Act 126, Eff. Jan. 1, 1996.

**Popular name:** Act 368

### 333.16913 Licenses issued under former article; terms of board members appointed under former section; effect of rules promulgated under former article.

Sec. 16913. (1) An individual who holds a license issued under former article 15 of Act No. 299 of the Public Acts of 1980 on the effective date of the amendatory act that added this part is licensed under this part until that license expires and may renew his or her license pursuant to part 161.

(2) The members of the board of marriage and family therapy created under former section 1502 of Act No. 299 of the Public Acts of 1980 shall serve as the initial members of the Michigan board of marriage and family therapy until their successors are appointed under this article or until the expiration of their respective terms, whichever occurs first. However, if the term of a member of the board of marriage and family therapy created under former section 1502 of Act No. 299 of the Public Acts of 1980 has not expired on the effective date of the amendatory act that added this part, that term expires on June 30 of the year in which the term will expire.

(3) Rules promulgated by the board of marriage and family therapy under former article 15 of Act No. 299 of the Public Acts of 1980 and under section 308 of the occupational code, Act No. 299 of the Public Acts of 1980, being section 339.308 of the Michigan Compiled Laws, and in effect on the effective date of the amendatory act that added this part continue in effect to the extent that they do not conflict with this article. The rules shall be enforced by and may be amended or rescinded by the Michigan board of marriage and family therapy.

**History:** Add. 1995, Act 126, Eff. Jan. 1, 1996.

**Popular name:** Act 368

### 333.16915 Additional health care payments or benefits not mandated by part.

Sec. 16915. The addition of this part to the code does not mandate additional coverage, payments, or benefits by a health care payment or benefits provider including, but not limited to, a health insurer, nonprofit health care corporation, or health maintenance organization.

**History:** Add. 1995, Act 126, Eff. Jan. 1, 1996.

**Popular name:** Act 368

## PART 170
## MEDICINE

### 333.17001 Definitions; principles of construction.

Sec. 17001. (1) As used in this part:

(a) "Academic institution" means either of the following:

(*i*) A medical school approved by the board.

(*ii*) A hospital licensed under article 17 that meets all of the following requirements:

(A) Was the sole sponsor or a co-sponsor, if each other co-sponsor is either a medical school approved by the board or a hospital owned by the federal government and directly operated by the United States Department of Veterans Affairs, of not less than 4 postgraduate education residency programs approved by the board under section 17031(1) for not less than the 3 years immediately preceding the date of an application for a limited license under section 16182(2)(c) or an application for a full license under section 17031(2), if at least 1 of the residency programs is in the specialty area of medical practice, or in a specialty area that includes the subspecialty of medical practice, in which the applicant for a limited license proposes to practice or in which the applicant for a full license has practiced for the hospital.

(B) Has spent not less than $2,000,000.00 for medical education during each of the 3 years immediately preceding the date of an application for a limited license under section 16182(2)(c) or an application for a full license under section 17031(2). As used in this sub-subparagraph, "medical education" means the education of physicians and candidates for degrees or licenses to become physicians, including, but not limited to, physician staff, residents, interns, and medical students.

(b) "Electrodiagnostic studies" means the testing of neuromuscular functions utilizing nerve conduction tests and needle electromyography. It does not include the use of surface electromyography.

(c) "Genetic counselor" means an individual who is licensed under this part to engage in the practice of genetic counseling.

© Courtesy of www.legislature.mi.gov

(d) "Medical care services" means those services within the scope of practice of physicians who are licensed or authorized by the board, except those services that the board prohibits or otherwise restricts within a practice agreement or determines shall not be delegated by a physician because a delegation would endanger the health and safety of patients as provided for in section 17048(1).

(e) "Participating physician" means a physician, a physician designated by a group of physicians under section 17049 to represent that group, or a physician designated by a health facility or agency under section 20174 to represent that health facility or agency.

(f) "Physician" means an individual who is licensed or authorized under this article to engage in the practice of medicine.

(g) "Podiatrist" means an individual who is licensed under this article to engage in the practice of podiatric medicine and surgery.

(h) "Practice agreement" means an agreement described in section 17047.

(i) "Practice of genetic counseling" means provision of any of the following services:

(*i*) Obtaining and evaluating individual, family, and medical histories to determine the genetic risk for genetic or medical conditions or diseases in a client, the client's descendants, or other family members of the client.

(*ii*) Discussing with a client the features, natural history, means of diagnosis, genetic and environmental factors, and management of the genetic risks of genetic or medical conditions or diseases.

(*iii*) Identifying and coordinating appropriate genetic laboratory tests and other diagnostic studies for genetic assessment of a client.

(*iv*) Integrating genetic laboratory test results and other diagnostic studies with personal and family medical history to assess and communicate a client's risk factors for genetic or medical conditions or diseases.

(*v*) Explaining to a client the clinical implications of genetic laboratory tests and other diagnostic studies and their results.

(*vi*) Evaluating the responses of a client and the client's family to a genetic or medical condition or disease or to the risk of recurrence of that condition or disease and providing client-centered counseling and anticipatory guidance.

(*vii*) Identifying and utilizing community resources that provide medical, educational, financial, and psychosocial support and advocacy to a client.

(*viii*) Providing written documentation of medical, genetic, and counseling information for families of and health care professionals of a client.

(j) "Practice of medicine" means the diagnosis, treatment, prevention, cure, or relieving of a human disease, ailment, defect, complaint, or other physical or mental condition, by attendance, advice, device, diagnostic test, or other means, or offering, undertaking, attempting to do, or holding oneself out as able to do, any of these acts.

(k) "Practice as a physician's assistant" means the practice of medicine with a participating physician under a practice agreement.

(*l*) "Qualified supervisor" means an individual who is a genetic counselor and who holds a license under this part other than a temporary or limited license.

(m) "Task force" means the joint task force created in section 17025.

(n) "Temporary licensed genetic counselor" means a genetic counselor who has been issued a temporary license under this article.

(2) In addition to the definitions in this part, article 1 contains definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 1990, Act 248, Imd. Eff. Oct. 12, 1990;—Am. 2005, Act 264, Eff. Mar. 30, 2006;—Am. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2016, Act 379, Eff. Mar. 22, 2017;—Am. 2018, Act 524, Eff. Mar. 28, 2019;—Am. 2018, Act 624, Eff. Mar. 28, 2019.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.17008 Physician's assistant; health profession subfield.

Sec. 17008. Practice as a physician's assistant is a health profession subfield of the practice of medicine, osteopathic medicine and surgery, and podiatric medicine and surgery.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 161, Eff. Nov. 26, 2006.

**Popular name:** Act 368

## 333.17011 License or authorization required; granting license to individuals meeting certain requirements; prohibition; conditions for granting license; use of words, titles, or letters.

Sec. 17011. (1) An individual shall not engage in the practice of medicine or practice as a physician's assistant unless licensed or otherwise authorized by this article. An individual shall not engage in teaching or research that requires the practice of medicine unless the individual is licensed or otherwise authorized by this article.

(2) Notwithstanding section 16145 or rules promulgated under that section, the board may grant a license to an individual who meets the requirements of section 16186 or 17031(2) after reviewing the applicant's record of practice, experience, and credentials and determining that the applicant is competent to practice medicine.

(3) For individuals applying for licensure under section 16186, the board shall not impose requirements on graduates of medical schools located outside the United States or Canada that exceed the requirements imposed on graduates of medical schools located in the United States or Canada.

(4) Notwithstanding section 16145 or rules promulgated under that section, the board may grant a license in accordance with section 16186 after determining that each of the following conditions is satisfied:

(a) The applicant has disclosed that a sanction is in force against him or her as described in section 16174(2)(b) and considering the reasons for the sanction and the applicant's record of practice, experience, credentials, and competence to engage in the practice of medicine, that sanction should not prevent the applicant from being granted a license in this state.

(b) The sanction imposed by the other state is not permanent.

(c) The sanction imposed by the other state was not the result of a patient safety violation.

(d) If the applicant was required by the state that imposed the sanction to participate in and complete a probationary period or treatment plan as a condition of the continuation of his or her licensure, the applicant did not complete the probationary period or treatment plan because the applicant ceased engaging in the practice of medicine in that state.

(e) As a condition of licensure under this subsection, the applicant voluntarily agrees to complete a probationary period or treatment plan, the terms of which are no less stringent than those imposed by the state that imposed the sanction.

(5) Except as otherwise provided in this subsection, the following words, titles, or letters or a combination thereof, with or without qualifying words or phrases, are restricted in use only to those individuals authorized under this part to use the terms and in a way prescribed in this part: "doctor of medicine", "m.d.", "physician's assistant", and "p.a.". Notwithstanding section 16261, an individual who was specially trained at an institution of higher education in this state to assist a physician in the field of orthopedics and, upon completion of training, received a 2-year associate of science degree as an orthopedic physician's assistant before January 1, 1977 may use the title "orthopedic physician's assistant" whether or not the individual is licensed under this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1980, Act 2, Imd. Eff. Feb. 6, 1980;—Am. 1990, Act 248, Imd. Eff. Oct. 12, 1990 ;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2006, Act 385, Imd. Eff. Sept. 27, 2006;—Am. 2006, Act 398, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

## 333.17011a Expedited license under the interstate medical licensure compact; authorization to engage in practice of medicine; "interstate medical licensure compact" defined.

Sec. 17011a. (1) An allopathic physician who holds an expedited license under the interstate medical licensure compact is authorized to engage in the practice of medicine under this article.

(2) For purposes of this article, including the obligations of an individual who is licensed as a physician under this part, an allopathic physician who holds an expedited license under the interstate medical licensure compact is considered a physician who is licensed under this part.

(3) As used in this section, "interstate medical licensure compact" means the interstate medical licensure compact as enacted in section 16189.

**History:** Add. 2018, Act 524, Eff. Mar. 28, 2019.

**Popular name:** Act 368

## 333.17012 Postgraduate medical study requiring practice of medicine; full or limited license required; requirements of limited license; training; renewing limited license.

Sec. 17012. (1) An individual shall not engage in postgraduate medical study which requires the practice of medicine by that individual without a full or limited license to practice under this part.

(2) A limited license for a postgraduate shall require that the individual confine his or her practice and

© Courtesy of www.legislature.mi.gov

training to a hospital or institution approved by the board for the training. The hospital or institution is responsible for the training. A limited license for a postgraduate is renewable for not more than 5 years.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17013 Alternative methods of treatment of breast cancer; duty of physician to inform patient; standardized written summary or brochure; form; civil action.

Sec. 17013. (1) Beginning November 6, 1986, a physician who is administering the primary treatment for breast cancer to a patient who has been diagnosed as having breast cancer shall inform the patient, orally and in writing, about alternative methods of treatment of the cancer, including surgical, radiological, or chemotherapeutic treatments, or any other generally accepted medical treatment. The physician also shall inform the patient about the advantages, disadvantages, and risks of each method of treatment and about the procedures involved in each method of treatment.

(2) If a patient receives a standardized written summary or brochure, as described in this subsection or subsection (3), the physician shall be in full compliance with this section, including both the written and oral requirements. The standardized written summary:

(a) Shall be developed by the department of public health in cooperation with the chronic disease advisory committee.

(b) Shall be drafted in nontechnical terms that the patient can understand.

(c) Shall inform the patient about alternative methods of treatment of breast cancer, including surgical, radiological, or chemotherapeutic treatments, or any other generally accepted medical treatment.

(d) Shall inform the patient about the advantages, disadvantages, and risks of each method of treatment and about the procedures involved in each method of treatment.

(e) The standardized written summary or a brochure described in subsection (3), or both, shall be made available to physicians through the Michigan board of medicine and the Michigan board of osteopathic medicine and surgery. The Michigan board of medicine and the Michigan board of osteopathic medicine and surgery shall notify in writing all physicians subject to this section of the requirements of this section and the availability of the standardized written summary by October 16, 1986.

(3) For purposes of subsection (2), a physician may use a brochure which contains information substantially similar to that contained in the standardized written summary developed by the department of public health and which is approved by the department of public health.

(4) The department of public health, after consultation with appropriate professional organizations, shall develop the standardized written summary required by subsection (2) by October 6, 1986.

(5) A form, signed by the patient, indicating that the patient has been given a copy of the brochure or the standardized written summary shall be included in the patient's medical record.

(6) A physician's duty to inform a patient under this section does not require disclosure of information beyond what a reasonably well-qualified physician licensed under this article would know.

(7) A patient who signs a form pursuant to subsection (5) shall be barred from subsequently bringing a civil action against the physician providing the summary or brochure described in subsection (2) and (3) based on failure to obtain informed consent, but only in regard to information pertaining to alternative forms of treatment of breast cancer, and the advantages, disadvantages, and risks of each method.

**History:** Add. 1986, Act 195, Imd. Eff. July 8, 1986;—Am. 1989, Act 15, Imd. Eff. May 15, 1989.

**Popular name:** Act 368

### 333.17014 Repealed. 2023, Act 209, Eff. Feb. 13, 2024.

**Compiler's note:** The repealed section pertained to legislative findings regarding the enactment of measures favoring childbirth over abortion.

**Popular name:** Act 368

**Popular name:** Informed Consent

### 333.17015 Informed consent; definitions; duties of physician or assistant; location; disclosure of information; view of ultrasound; medical emergency necessitating abortion; duties of department; physician's duty to inform patient; validity of consent or certification form; right to abortion not created; prohibition; portion of act found invalid; duties of local health department; confidentiality.

Sec. 17015. (1) Subject to subsection (10), a physician shall not perform an abortion otherwise permitted by law without the patient's informed written consent, given freely and without coercion to abort.

(2) For purposes of this section and section 17015a:

© Courtesy of www.legislature.mi.gov

(a) "Abortion" means the intentional use of an instrument, drug, or other substance or device to terminate a woman's pregnancy for a purpose other than to increase the probability of a live birth, to preserve the life or health of the child after live birth, or to remove a fetus that has died as a result of natural causes, accidental trauma, or a criminal assault on the pregnant woman. Abortion does not include the use or prescription of a drug or device intended as a contraceptive.

(b) "Coercion to abort" means an act committed with the intent to coerce an individual to have an abortion, which act is prohibited by section 213a of the Michigan penal code, 1931 PA 328, MCL 750.213a.

(c) "Domestic violence" means that term as defined in section 1 of 1978 PA 389, MCL 400.1501.

(d) "Fetus" means an individual organism of the species Homo sapiens in utero.

(e) "Local health department representative" means an individual who meets 1 or more of the licensing requirements listed in subdivision (h) and who is employed by, or under contract to provide services on behalf of, a local health department.

(f) "Medical emergency" means a condition which, on the basis of the physician's good-faith clinical judgment, so complicates the medical condition of a pregnant individual as to necessitate the immediate abortion of the individual's pregnancy to avert the individual's death or for which a delay will create serious risk of substantial and irreversible impairment of a major bodily function.

(g) "Medical service" means the provision of a treatment, procedure, medication, examination, diagnostic test, assessment, or counseling, including, but not limited to, a pregnancy test, ultrasound, pelvic examination, or an abortion.

(h) "Qualified person assisting the physician" means another physician or a physician's assistant licensed under this part or part 175, a fully licensed or limited licensed psychologist licensed under part 182, a professional counselor licensed under part 181, a registered professional nurse or a licensed practical nurse licensed under part 172, or a social worker licensed under part 185.

(i) "Probable gestational age of the fetus" means the gestational age of the fetus at the time an abortion is planned to be performed.

(j) "Provide the patient with a physical copy" means confirming that the patient accessed the internet website described in subsection (5) and received a printed valid confirmation form from the website and including that form in the patient's medical record or giving a patient a copy of a required document by 1 or more of the following means:

(*i*) In person.

(*ii*) By registered mail, return receipt requested.

(*iii*) By parcel delivery service that requires the recipient to provide a signature in order to receive delivery of a parcel.

(*iv*) By facsimile transmission.

(3) Subject to subsection (10), a physician or a qualified person assisting the physician shall do all of the following not less than 24 hours before that physician performs an abortion upon a patient who is pregnant:

(a) Confirm that, according to the best medical judgment of a physician, the patient is pregnant, and determine the probable gestational age of the fetus.

(b) Orally describe, in language designed to be understood by the patient, taking into account the patient's age, level of maturity, and intellectual capability, each of the following:

(*i*) The probable gestational age of the fetus the patient is carrying.

(*ii*) Information about what to do and whom to contact should medical complications arise from the abortion.

(*iii*) Information about how to obtain pregnancy prevention information through the department of health and human services.

(c) Provide the patient with a physical copy of the written standardized summary described in subsection (11)(b) that corresponds to the procedure the patient will undergo and is provided by the department of health and human services. If the procedure has not been recognized by the department of health and human services, but is otherwise allowed under Michigan law, and the department of health and human services has not provided a written standardized summary for that procedure, the physician shall develop and provide a written summary that describes the procedure, any known risks or complications of the procedure, and risks associated with live birth and meets the requirements of subsection (11)(b)(*iii*) through (*vii*).

(d) Provide the patient with a physical copy of a medically accurate depiction, illustration, or photograph and description of a fetus supplied by the department of health and human services pursuant to subsection (11)(a) at the gestational age nearest the probable gestational age of the patient's fetus.

(e) Provide the patient with a physical copy of the prenatal care and parenting information pamphlet distributed by the department of health and human services under section 9161.

(f) Provide the patient with a physical copy of the prescreening summary on prevention of coercion to

© Courtesy of www.legislature.mi.gov

abort described in subsection (11)(i).

(4) The requirements of subsection (3) may be fulfilled by the physician or a qualified person assisting the physician at a location other than the health facility where the abortion is to be performed. The requirement of subsection (3)(a) that a patient's pregnancy be confirmed may be fulfilled by a local health department under subsection (18). The requirements of subsection (3) cannot be fulfilled by the patient accessing an internet website other than the internet website that is maintained and operated by the department of health and human services under subsection (11)(g).

(5) The requirements of subsection (3)(c) through (f) may be fulfilled by a patient accessing the internet website that is maintained and operated by the department of health and human services under subsection (11)(g) and receiving a printed, valid confirmation form from the website that the patient has reviewed the information required in subsection (3)(c) through (f) at least 24 hours before an abortion being performed on the patient. The website must not require any information be supplied by the patient. The department of health and human services shall not track, compile, or otherwise keep a record of information that would identify a patient who accesses this website. The patient shall supply the valid confirmation form to the physician or qualified person assisting the physician to be included in the patient's medical record to comply with this subsection.

(6) Subject to subsection (10), before obtaining the patient's signature on the acknowledgment and consent form, a physician personally and in the presence of the patient shall do all of the following:

(a) Provide the patient with the physician's name, confirm with the patient that the coercion to abort screening required under section 17015a was performed, and inform the patient of the right to withhold or withdraw consent to the abortion at any time before performance of the abortion.

(b) Orally describe, in language designed to be understood by the patient, taking into account the patient's age, level of maturity, and intellectual capability, each of the following:

(*i*) The specific risk, if any, to the patient of the complications that have been associated with the procedure the patient will undergo, based on the patient's particular medical condition and history as determined by the physician.

(*ii*) The specific risk of complications, if any, to the patient if the patient chooses to continue the pregnancy based on the patient's particular medical condition and history as determined by a physician.

(7) To protect a patient's privacy, the information set forth in subsection (3) and subsection (6) must not be disclosed to the patient in the presence of another patient.

(8) If at any time before the performance of an abortion, a patient undergoes an ultrasound examination, or a physician determines that ultrasound imaging will be used during the course of a patient's abortion, the physician or qualified person assisting the physician shall provide the patient with the opportunity to view or decline to view an active ultrasound image of the fetus, and offer to provide the patient with a physical picture of the ultrasound image of the fetus before the performance of the abortion. After the expiration of the 24-hour period prescribed under subsection (3) but before performing an abortion on a patient who is pregnant, a physician or a qualified person assisting the physician shall do all of the following:

(a) Obtain the patient's signature on the acknowledgment and consent form described in subsection (11)(c) confirming that the patient has received the information required under subsection (3).

(b) Provide the patient with a physical copy of the signed acknowledgment and consent form described in subsection (11)(c).

(c) Retain a copy of the signed acknowledgment and consent form described in subsection (11)(c) and, if applicable, a copy of the pregnancy certification form completed under subsection (18)(b), in the patient's medical record.

(9) This subsection does not prohibit notifying the patient that payment for medical services will be required or that collection of payment in full for all medical services provided or planned may be demanded after the 24-hour period described in this subsection has expired. A physician or an agent of the physician shall not collect payment, in whole or in part, for a medical service provided to or planned for a patient before the expiration of 24 hours from the time the patient has done either or both of the following, except in the case of a physician or an agent of a physician receiving capitated payments or under a salary arrangement for providing those medical services:

(a) Inquired about obtaining an abortion after the patient's pregnancy is confirmed and the patient has received from that physician or a qualified person assisting the physician the information required under subsection (3)(c) and (d).

(b) Scheduled an abortion to be performed by that physician.

(10) If the attending physician, utilizing the physician's experience, judgment, and professional competence, determines that a medical emergency exists and necessitates performance of an abortion before the requirements of subsections (1), (3), and (6) can be met, the physician is exempt from the requirements of

© Courtesy of www.legislature.mi.gov

subsections (1), (3), and (6), may perform the abortion, and shall maintain a written record identifying with specificity the medical factors upon which the determination of the medical emergency is based.

(11) The department of health and human services shall do each of the following:

(a) Produce medically accurate depictions, illustrations, or photographs of the development of a human fetus that indicate by scale the actual size of the fetus at 2-week intervals from the fourth week through the twenty-eighth week of gestation. Each depiction, illustration, or photograph must be accompanied by a printed description, in nontechnical English, Arabic, and Spanish, of the probable anatomical and physiological characteristics of the fetus at that particular state of gestational development.

(b) Subject to subdivision (e), develop, draft, and print, in nontechnical English, Arabic, and Spanish, written standardized summaries, based upon the various medical procedures used to abort pregnancies, that do each of the following:

(*i*) Describe, individually and on separate documents, those medical procedures used to perform abortions in this state that are recognized by the department of health and human services.

(*ii*) Identify the physical complications that have been associated with each procedure described in subparagraph (*i*) and with live birth, as determined by the department. In identifying these complications, the department shall consider studies concerning complications that have been published in a peer review medical journal, with particular attention paid to the design of the study, and shall consult with the Centers for Disease Control and Prevention, the American Congress of Obstetricians and Gynecologists, the Michigan State Medical Society, or any other source that the department of health and human services determines appropriate for the purpose.

(*iii*) State that as the result of an abortion, some individuals may experience depression, feelings of guilt, sleep disturbance, loss of interest in work or sex, or anger, and that if these symptoms occur and are intense or persistent, professional help is recommended.

(*iv*) State that not all of the complications listed in subparagraph (*ii*) may pertain to that particular patient and refer the patient to the patient's physician for more personalized information.

(*v*) Identify services available through public agencies to assist the patient during the patient's pregnancy and after the birth of the child, should the patient choose to give birth and maintain custody of the child.

(*vi*) Identify services available through public agencies to assist the patient in placing the child in an adoptive or foster home, should the patient choose to give birth but not maintain custody of the child.

(*vii*) Identify services available through public agencies to assist the patient and provide counseling should the patient experience subsequent adverse psychological effects from the abortion.

(c) Develop, draft, and print, in nontechnical English, Arabic, and Spanish, an acknowledgment and consent form that includes only the following language above a signature line for the patient:

"I, _____ , voluntarily and willfully hereby authorize Dr. _____ ("the physician") and any assistant designated by the physician to perform upon me the following operation(s) or procedure(s):

_____

(Name of operation(s) or procedure(s))

_____

A. I understand that I am approximately _____ weeks pregnant. I consent to an abortion procedure to terminate my pregnancy. I understand that I have the right to withdraw my consent to the abortion procedure at any time before performance of that procedure.

B. I understand that it is illegal for anyone to coerce me into seeking an abortion.

C. I acknowledge that at least 24 hours before the scheduled abortion I have received a physical copy of each of the following:

1. A medically accurate depiction, illustration, or photograph of a fetus at the probable gestational age of the fetus I am carrying.

2. A written description of the medical procedure that will be used to perform the abortion.

3. A prenatal care and parenting information pamphlet.

D. If any of the documents listed in paragraph C were transmitted by facsimile, I certify that the documents were clear and legible.

E. I acknowledge that the physician who will perform the abortion has orally described all of the following to me:

1. The specific risk to me, if any, of the complications that have been associated with the procedure I am scheduled to undergo.

2. The specific risk to me, if any, of the complications if I choose to continue the pregnancy.

F. I acknowledge that I have received all of the following information:

1. Information about what to do and whom to contact in the event that complications arise from the

© Courtesy of www.legislature.mi.gov

abortion.

2. Information pertaining to available pregnancy related services.

G. I have been given an opportunity to ask questions about the operation(s) or procedure(s).

H. I certify that I have not been required to make any payments for an abortion or any medical service before the expiration of 24 hours after I received the written materials listed in paragraph C, or 24 hours after the time and date listed on the confirmation form if the information described in paragraph C was viewed from the state of Michigan internet website.".

(d) Make available to physicians through the board and the Michigan board of osteopathic medicine and surgery, and to any person upon request, the copies of medically accurate depictions, illustrations, or photographs described in subdivision (a), the written standardized summaries described in subdivision (b), the acknowledgment and consent form described in subdivision (c), the prenatal care and parenting information pamphlet described in section 9161, the pregnancy certification form described in subdivision (f), and the materials regarding coercion to abort described in subdivision (i).

(e) In developing the written standardized summaries for abortion procedures under subdivision (b), include in the summaries only medication that has been approved by the United States Food and Drug Administration for use in performing an abortion.

(f) Develop, draft, and print a certification form to be signed by a local health department representative at the time and place a patient has a pregnancy confirmed, as requested by the patient, verifying the date and time the pregnancy is confirmed.

(g) Develop, operate, and maintain an internet website that allows a patient considering an abortion to review the information required in subsection (3)(c) through (f). After the patient reviews the required information, the department of health and human services shall ensure that a confirmation form can be printed by the patient from the internet website that will verify the time and date the information was reviewed. A confirmation form printed under this subdivision becomes invalid 14 days after the date and time printed on the confirmation form.

(h) Include on the informed consent internet website operated under subdivision (g) a list of health care providers, facilities, and clinics that offer to perform ultrasounds free of charge. The list must be organized geographically and include the name, address, and telephone number of each health care provider, facility, and clinic.

(i) After considering the standards and recommendations of the Joint Commission on Accreditation of Healthcare Organizations, the Michigan Domestic and Sexual Violence Prevention and Treatment Board, the Michigan Coalition to End Domestic and Sexual Violence or successor organization, and the American Medical Association, do all of the following:

(*i*) Develop, draft, and print or make available in printable format, in nontechnical English, Arabic, and Spanish, a notice that is required to be posted in facilities and clinics under section 17015a. The notice must be at least 8-1/2 inches by 14 inches, be printed in at least 44-point type, and contain at a minimum all of the following:

(A) A statement that it is illegal under Michigan law to coerce an individual to have an abortion.

(B) A statement that help is available if an individual is being threatened or intimidated; is being physically, emotionally, or sexually harmed; or feels afraid for any reason.

(C) The telephone number of at least 1 domestic violence hotline and 1 sexual assault hotline.

(*ii*) Develop, draft, and print or make available in printable format, in nontechnical English, Arabic, and Spanish, a prescreening summary on prevention of coercion to abort that, at a minimum, contains the information required under subparagraph (*i*) and notifies the patient that an oral screening for coercion to abort will be conducted before giving written consent to obtain an abortion.

(*iii*) Develop, draft, and print screening and training tools and accompanying training materials to be utilized by a physician or qualified person assisting the physician while performing the coercion to abort screening required under section 17015a. The screening tools must instruct the physician or qualified person assisting the physician to orally communicate information to the patient regarding coercion to abort and to document the findings from the coercion to abort screening in the patient's medical record.

(*iv*) Develop, draft, and print protocols and accompanying training materials to be utilized by a physician or a qualified person assisting the physician if a patient discloses coercion to abort or that domestic violence is occurring, or both, during the coercion to abort screening. The protocols must instruct the physician or qualified person assisting the physician to do, at a minimum, all of the following:

(A) Follow the requirements of section 17015a as applicable.

(B) Assess the patient's current level of danger.

(C) Explore safety options with the patient.

(D) Provide referral information to the patient regarding law enforcement and domestic violence and

© Courtesy of www.legislature.mi.gov

sexual assault support organizations.

(E) Document any referrals in the patient's medical record.

(12) A physician's duty to inform the patient under this section does not require disclosure of information beyond what a reasonably well-qualified physician licensed under this article would possess.

(13) A written consent form meeting the requirements set forth in this section and signed by the patient is presumed valid. The presumption created by this subsection may be rebutted by evidence that establishes, by a preponderance of the evidence, that consent was obtained through fraud, negligence, deception, misrepresentation, coercion, or duress.

(14) A completed certification form described in subsection (11)(f) that is signed by a local health department representative is presumed valid. The presumption created by this subsection may be rebutted by evidence that establishes, by a preponderance of the evidence, that the physician who relied upon the certification had actual knowledge that the certificate contained a false or misleading statement or signature.

(15) This section does not create a right to abortion.

(16) Notwithstanding any other provision of this section, a person shall not perform an abortion that is prohibited by law.

(17) If any portion of this act or the application of this act to any person or circumstances is found invalid by a court, that invalidity does not affect the remaining portions or applications of the act that can be given effect without the invalid portion or application, if those remaining portions are not determined by the court to be inoperable.

(18) Upon a patient's request, a local health department shall comply with the following:

(a) Provide a pregnancy test for that patient to confirm the pregnancy as required under subsection (3)(a) and determine the probable gestational stage of the fetus. The local health department need not comply with this subdivision if the requirements of subsection (3)(a) have already been met.

(b) If a pregnancy is confirmed, ensure that the patient is provided with a completed pregnancy certification form described in subsection (11)(f) at the time the information is provided.

(19) The identity and address of a patient who is provided information or who consents to an abortion pursuant to this section is confidential and is subject to disclosure only with the consent of the patient or by judicial process.

(20) A local health department with a file containing the identity and address of a patient described in subsection (19) who has been assisted by the local health department under this section shall do both of the following:

(a) Only release the identity and address of the patient to a physician or qualified person assisting the physician in order to verify the receipt of the information required under this section.

(b) Destroy the information containing the identity and address of the patient within 30 days after assisting the patient under this section.

**History:** Add. 1993, Act 133, Eff. Apr. 1, 1994;—Am. 2000, Act 345, Eff. Mar. 28, 2001;—Am. 2002, Act 685, Eff. Mar. 31, 2003;—Am. 2006, Act 77, Imd. Eff. Mar. 24, 2006;—Am. 2012, Act 499, Eff. Mar. 31, 2013;—Am. 2023, Act 209, Eff. Feb. 13, 2024.

**Popular name:** Act 368

**Popular name:** Informed Consent

### 333.17015a Coercion; screening; protocols; report; availability of publications about violence against women; right to abortion not created.

Sec. 17015a. (1) At the time a patient first presents at a private office, freestanding surgical outpatient facility, or other facility or clinic in which abortions are performed for the purpose of obtaining an abortion, whether before or after the expiration of the 24-hour period described in section 17015(3), the physician or qualified person assisting the physician shall orally screen the patient for coercion to abort using the screening tools developed by the department under section 17015(11). The oral screening required under this subsection may occur before the requirements of section 17015(3) have been met with regard to that patient.

(2) If a patient discloses that she is the victim of domestic violence that does not include coercion to abort, the physician or qualified person assisting the physician shall follow the protocols developed by the department under section 17015(11).

(3) If a patient discloses coercion to abort, the physician or qualified person assisting the physician shall follow the protocols developed by the department under section 17015(11).

(4) If a patient who is under the age of 18 discloses domestic violence or coercion to abort by an individual responsible for the health or welfare of the minor patient, the physician or qualified person assisting the physician shall report that fact to a local child protective services office.

(5) A private office, freestanding surgical outpatient facility, or other facility or clinic in which abortions

© Courtesy of www.legislature.mi.gov

are performed shall post in a conspicuous place in an area of its facility that is accessible to patients, employees, and visitors the notice described in section 17015(11)(i). A private office, freestanding surgical outpatient facility, or other facility or clinic in which abortions are performed shall make available in an area of its facility that is accessible to patients, employees, and visitors publications that contain information about violence against women.

(6) This section does not create a right to abortion. Notwithstanding any other provision of this section, a person shall not perform an abortion that is prohibited by law.

**History:** Add. 2012, Act 499, Eff. Mar. 31, 2013.

**Popular name:** Act 368

### 333.17016-333.17017 Repealed. 2023, Act 209, Eff. Feb. 13, 2024.

**Compiler's note:** The repealed sections pertained to a prohibition on partial-birth abortions and physical examination and informed consent requirements before performing a medical abortion.

**Popular name:** Act 368

### 333.17018 Needle electromyography; performance by licensed physician; delegation; nerve conduction tests; performance of electrodiagnostic studies by physical therapist, podiatrist, or chiropractor; payment.

Sec. 17018. (1) Except as otherwise provided under this section, only an individual who is licensed as a physician shall perform needle electromyography or interpret nerve conduction tests. A physician shall not delegate the interpretation of nerve conduction tests to another individual unless that individual is licensed under this article to engage in the practice of medicine or osteopathic medicine and surgery. A physician shall not delegate the performance of needle electromyography to another individual unless that individual is licensed under this article to engage in the practice of medicine or osteopathic medicine and surgery or that individual is otherwise authorized under this section.

(2) In accordance with section 16215, a physician may delegate the performance of nerve conduction tests to a licensed or unlicensed individual who is otherwise qualified by education, training, or experience if those tests are conducted under the direct supervision of a physician.

(3) A physical therapist who is licensed under this article and certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist on the effective date of this section may perform electrodiagnostic studies that are to be interpreted by a physician if he or she has been performing electrodiagnostic studies in this state on a consistent basis within the 5 years immediately preceding the effective date of this section. A physical therapist who is licensed under this article but is not certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist on the effective date of this section and who has been performing electrodiagnostic studies in this state on a consistent basis since before May 1, 2001 may continue to perform electrodiagnostic studies that are to be interpreted by a physician as long as he or she becomes certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist by December 31, 2007. As used in this subsection, "consistent basis" means at a minimum an annual average of 10 electrodiagnostic studies each month.

(4) A podiatrist who is licensed under this article and has successfully completed additional training in the performance and interpretation of electrodiagnostic studies that is satisfactory to his or her respective board may conduct electrodiagnostic studies that are within his or her scope of practice.

(5) A chiropractor who is licensed under this article and has successfully completed additional training in the performance and interpretation of electrodiagnostic studies that is satisfactory to his or her respective board may conduct nerve conduction tests that are within his or her scope of practice.

(6) This section does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual authorized to conduct electrodiagnostic studies under this section.

**History:** Add. 2005, Act 264, Eff. Mar. 30, 2006.

**Popular name:** Act 368

### 333.17020 Genetic test; informed consent.

Sec. 17020. (1) Except as otherwise provided for a test performed under section 5431 and except as otherwise provided by law, beginning upon the expiration of 6 months after the effective date of the amendatory act that added this section, a physician or an individual to whom the physician has delegated authority to perform a selected act, task, or function under section 16215 shall not order a presymptomatic or predictive genetic test without first obtaining the written, informed consent of the test subject, pursuant to this section.

© Courtesy of www.legislature.mi.gov

(2) For purposes of subsection (1), written, informed consent consists of a signed writing executed by the test subject or the legally authorized representative of the test subject that confirms that the physician or the individual acting under the delegatory authority of the physician has explained, and the test subject or the legally authorized representative of the test subject understands, at a minimum, all of the following:

(a) The nature and purpose of the presymptomatic or predictive genetic test.

(b) The effectiveness and limitations of the presymptomatic or predictive genetic test.

(c) The implications of taking the presymptomatic or predictive genetic test, including, but not limited to, the medical risks and benefits.

(d) The future uses of the sample taken from the test subject in order to conduct the presymptomatic or predictive genetic test and the information obtained from the presymptomatic or predictive genetic test.

(e) The meaning of the presymptomatic or predictive genetic test results and the procedure for providing notice of the results to the test subject.

(f) Who will have access to the sample taken from the test subject in order to conduct the presymptomatic or predictive genetic test and the information obtained from the presymptomatic or predictive genetic test, and the test subject's right to confidential treatment of the sample and the information.

(3) Within 6 months after the effective date of the amendatory act that added this section, the department of community health, in consultation with the Michigan board of medicine, the Michigan board of osteopathic medicine and surgery, at least 1 physician who is board certified by the American board of medical genetics, and appropriate professional organizations, shall develop and distribute a model informed consent form for purposes of this section that practitioners may adopt. The department of community health shall include in the model form at least all of the information required under subsection (2). The department of community health shall distribute the model form to physicians and other individuals subject to this section upon request and at no charge. The department of community health shall review the model form at least annually for 5 years after the first model form is distributed, and shall revise the model form if necessary to make the form reflect the latest developments in medical genetics.

(4) The department of community health, in consultation with the entities described in subsection (3), may also develop and distribute a pamphlet that provides further explanation of the information included in the model informed consent form.

(5) If a test subject or his or her legally authorized representative signs a copy of the model informed consent form developed and distributed under subsection (3), the physician or individual acting under the delegatory authority of the physician shall give the test subject a copy of the signed informed consent form and shall include the original signed informed consent form in the test subject's medical record.

(6) If a test subject or his or her legally authorized representative signs a copy of the model informed consent form developed and distributed under subsection (3), the test subject is barred from subsequently bringing a civil action for damages against the physician, or an individual to whom the physician delegated the authority to perform a selected act, task, or function under section 16215, who ordered the presymptomatic or predictive genetic test, based on failure to obtain informed consent for the presymptomatic or predictive genetic test.

(7) A physician's duty to inform a patient under this section does not require disclosure of information beyond what a reasonably well-qualified physician licensed under this article would know.

(8) Except as otherwise provided in subsection (9), as used in this section:

(a) "Genetic information" means information about a gene, gene product, or inherited characteristic which information is derived from a genetic test.

(b) "Genetic test" means the analysis of human DNA, RNA, chromosomes, and those proteins and metabolites used to detect heritable or somatic disease-related genotypes or karyotypes for clinical purposes. A genetic test must be generally accepted in the scientific and medical communities as being specifically determinative for the presence, absence, or mutation of a gene or chromosome in order to qualify under this definition. Genetic test does not include a routine physical examination or a routine analysis, including, but not limited to, a chemical analysis, of body fluids, unless conducted specifically to determine the presence, absence, or mutation of a gene or chromosome.

(c) "Predictive genetic test" means a genetic test performed for the purpose of predicting the future probability that the test subject will develop a genetically related disease or disability.

(d) "Presymptomatic genetic test" means a genetic test performed before the onset of clinical symptoms or indications of disease.

(9) For purposes of subsection (8)(b), the term "genetic test" does not include a procedure performed as a component of biomedical research that is conducted pursuant to federal common rule under 21 C.F.R. parts 50 and 56 and 45 C.F.R. part 46.

**Popular name:** Act 368

### 333.17021 Michigan board of medicine; creation; membership; limitation on powers and duties.

Sec. 17021. (1) The Michigan board of medicine is created in the department and consists of the following 19 voting members who meet the requirements of part 161:

(a) Ten physicians.

(b) One physician's assistant.

(c) One genetic counselor. However, the governor shall not appoint a genetic counselor member to the board until there are only 7 public members of the board under subdivision (d).

(d) Seven public members. However, if there are 8 public members of the board on the effective date of the amendatory act that added this sentence, each public member of the board may continue in office until he or she resigns or otherwise vacates the office or until the expiration of his or her term.

(2) Except as otherwise provided in this article, the board of medicine does not have the powers and duties vested in the task force by sections 17060 to 17084.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2016, Act 379, Eff. Mar. 22, 2017;—Am. 2018, Act 624, Eff. Mar. 28, 2019.

**Popular name:** Act 368

### 333.17025 Joint task force; creation; membership.

Sec. 17025. A joint task force is created for the health profession subfields licensed under this part. The task force shall consist of the following members, who shall meet the requirements of part 161:

(a) One member each from the board of medicine, the board of osteopathic medicine and surgery, and the board of podiatric medicine and surgery holding a license other than a health profession subfield license.

(b) Until June 30, 2010, 5 physician's assistants. Beginning July 1, 2010, 7 physician's assistants.

(c) Three public members.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1980, Act 146, Imd. Eff. June 5, 1980;—Am. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2010, Act 79, Imd. Eff. May 20, 2010.

**Popular name:** Act 368

### 333.17026 Terms of office.

Sec. 17026. The terms of office of individual members of the board and task force created under this part, except those appointed to fill vacancies, expire 4 years after appointment on December 31 of the year in which the term expires.

**History:** Add. 2006, Act 385, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

### 333.17029 Standards of medical practice for medical services involving vaginal or anal penetration; promulgation of rules.

Sec. 17029. The department may promulgate rules that provide guidance to licensees on generally accepted standards of medical practice for medical services involving vaginal or anal penetration, including internal pelvic floor treatments but excluding medical services that primarily relate to a patient's urological, gastrointestinal, reproductive, gynecological, or sexual health, that are performed to measure a patient's temperature, or that are performed for the purpose of rectally administering a drug or medicine. If the department promulgates rules under this section, the department shall consult with appropriate professional associations and other interested stakeholders.

**History:** Add. 2023, Act 62, Eff. Oct. 10, 2023.

**Popular name:** Act 368

### 333.17030 Clinical academic limited license; requirements; annual renewal; duration of practice.

Sec. 17030. (1) A clinical academic limited license granted by the board under section 16182(2)(c) for the practice of medicine shall require that the individual practice only for an academic institution and under the supervision of 1 or more physicians fully licensed under this part.

(2) A clinical academic limited license granted by the board under section 16182(2)(c) for the practice of medicine is renewable annually, but an individual shall not engage in the practice of medicine under 1 or more clinical academic limited licenses for more than 5 years.

**History:** Add. 1990, Act 248, Imd. Eff. Oct. 12, 1990.

**Popular name:** Act 368

### 333.17031 Condition for more than limited licensure; requirements for full license to practice medicine; filing and contents of written statement; civil or criminal liability; rebuttable presumption; applicability to clinical academic limited license.

Sec. 17031. (1) Except as provided in subsection (2), an applicant, in addition to completing the requirements for the degree in medicine, shall complete a period of postgraduate education to attain proficiency in the practice of the profession, as prescribed by the board in rules, as a condition for more than limited licensure.

(2) The board may grant a full license to practice medicine to an applicant who has completed the requirements for a degree in medicine at a medical school located outside the United States or Canada if, except as provided in subsection (4), the applicant demonstrates to the board all of the following:

(a) That the applicant has engaged in the practice of medicine for not less than 10 years after completing the requirements for a degree in medicine.

(b) That the applicant has completed not less than 3 years of postgraduate clinical training in an institution that has an affiliation with a medical school that is listed in a directory of medical schools published by the World Health Organization as approved by the board.

(c) That the applicant has achieved a score determined by the board to be a passing score on an initial medical licensure examination approved by the board.

(d) That the applicant has safely and competently practiced medicine under a clinical academic limited license granted by the board under this article for 1 or more academic institutions located in this state for not less than the 2 years immediately preceding the date of application for a license under this subsection, during which time the applicant functioned not less than 800 hours per year in the observation and treatment of patients.

(3) An applicant who is required to meet the requirements of subsection (2)(d) shall file with the board a written statement from each academic institution upon which the applicant relies to satisfy that subsection. The statement shall indicate, at a minimum, that the applicant functioned for the academic institution in the observation and treatment of patients not less than 800 hours per year and that in so doing the applicant practiced medicine safely and competently. A person who in good faith makes a written statement that is filed under this subsection is not civilly or criminally liable for that statement. There is a rebuttable presumption that a person who makes a written statement that is filed under this subsection has done so in good faith.

(4) Subsection (2)(c) and (d) do not apply to an applicant who was granted a clinical academic limited license after January 1, 2011 but before January 1, 2017 and who has continuously held a license to practice medicine from the effective date of the amendatory act that added this subsection through the date of application for a full license under subsection (2).

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1990, Act 248, Imd. Eff. Oct. 12, 1990;—Am. 2002, Act 643, Imd. Eff. Dec. 23, 2002;—Am. 2018, Act 463, Eff. Mar. 27, 2019.

**Popular name:** Act 368

### 333.17033 Renewal of license; evidence required; completion of hours or courses in pain and symptom management as continuing education; rules.

Sec. 17033. (1) Notwithstanding the requirements of part 161, the board may require a licensee seeking renewal of a license to furnish the board with satisfactory evidence that during the 3 years immediately preceding application for renewal the licensee has attended continuing education courses or programs approved by the board totaling not less than 150 hours in subjects related to the practice of medicine including, but not limited to, medical ethics and designed to further educate licensees.

(2) As required under section 16204, the board shall promulgate rules requiring each applicant for license renewal to complete as part of the continuing education requirement of subsection (1) an appropriate number of hours or courses in pain and symptom management.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 290, Imd. Eff. Dec. 22, 1986;—Am. 1994, Act 234, Imd. Eff. June 30, 1994.

**Popular name:** Act 368

### 333.17040-333.17047 Repealed. 1990, Act 247, Imd. Eff. Oct. 12, 1990.

**Compiler's note:** The repealed sections pertained to supervision or employment of physician's assistants.

**Popular name:** Act 368

## 333.17047 Practice as physician's assistant; practice agreement.

Sec. 17047. (1) A physician's assistant shall not engage in the practice as a physician's assistant except under the terms of a practice agreement that meets the requirements of this section.

(2) A practice agreement must include all of the following:

(a) A process between the physician's assistant and participating physician for communication, availability, and decision making when providing medical treatment to a patient. The process must utilize the knowledge and skills of the physician's assistant and participating physician based on their education, training, and experience.

(b) A protocol for designating an alternative physician for consultation in situations in which the participating physician is not available for consultation.

(c) The signature of the physician's assistant and the participating physician.

(d) A termination provision that allows the physician's assistant or participating physician to terminate the practice agreement by providing written notice at least 30 days before the date of termination.

(e) Subject to section 17048, the duties and responsibilities of the physician's assistant and participating physician. The practice agreement shall not include as a duty or responsibility of the physician's assistant or participating physician an act, task, or function that the physician's assistant or participating physician is not qualified to perform by education, training, or experience and that is not within the scope of the license held by the physician's assistant or participating physician.

(f) A requirement that the participating physician verify the physician's assistant's credentials.

(3) The number of physician's assistants in a practice agreement with a participating physician and the number of individuals to whom a physician has delegated the authority to perform acts, tasks, or functions are subject to section 16221.

**History:** Add. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

## 333.17048 Prohibiting or restricting delegation of medical care service or requiring higher levels of supervision; rules concerning prescribing of drugs; organization as professional service corporation or professional limited liability company; shareholders.

Sec. 17048. (1) Except for a medical care service within a practice agreement, to the extent that a particular selected medical care service requires extensive medical training, education, or ability or poses serious risks to the health and safety of patients, the board may prohibit or otherwise restrict the delegation of that medical care service or may require higher levels of supervision. To the extent that a particular medical care service requires extensive training, education, or ability or poses serious risks to the health or safety of patients, the board may prohibit or otherwise restrict that medical care service within a practice agreement.

(2) For purposes of section 17076(2) and (3), the department, in consultation with the board, may promulgate rules concerning the prescribing of drugs by a physician's assistant. Subject to section 17076, the rules may define the drugs or classes of drugs that a physician's assistant may not prescribe and other procedures and protocols necessary to promote consistency with federal and state drug control and enforcement laws.

(3) Beginning on July 19, 2010, if 1 or more individuals licensed under part 170 to engage in the practice of medicine, licensed under part 175 to engage in the practice of osteopathic medicine and surgery, or licensed under part 180 to engage in the practice of podiatric medicine and surgery, and 1 or more physician's assistants organize a professional service corporation under section 4 of former 1962 PA 192, a professional corporation under section 284 of the business corporation act, 1972 PA 284, MCL 450.1284, or a professional limited liability company under section 904 of the Michigan limited liability company act, 1993 PA 23, MCL 450.4904, the physicians who are parties to a practice agreement with the physician's assistants shall be shareholders in the same professional service corporation or professional corporation or members in the same professional limited liability company as the physician's assistants and shall meet all of the applicable requirements of part 170, 175, or 180. If 1 or more physician's assistants organized a professional service corporation under section 4 of former 1962 PA 192, a professional corporation under section 284 of the business corporation act, 1972 PA 284, MCL 450.1284, or a professional limited liability company under section 904 of the Michigan limited liability company act, 1993 PA 23, MCL 450.4904, before July 19, 2010 that has only physician's assistants as shareholders or members, the physicians who are parties to a practice agreement with the physician's assistants shall meet all of the applicable requirements of part 170, 175, or 180.

(4) In addition to the requirements of section 17068 and beginning on July 19, 2010, the department shall include on the form used for renewal of licensure a space for a physician's assistant to disclose whether he or

© Courtesy of www.legislature.mi.gov

she is a shareholder in a professional service corporation under section 4 of former 1962 PA 192, or a member in a professional limited liability company under section 904 of the Michigan limited liability company act, 1993 PA 23, MCL 450.4904, that was organized before July 19, 2010. A physician's assistant who is a shareholder in a professional service corporation or a member in a professional limited liability company described in this subsection shall disclose all of the following in the form used for renewal of licensure provided by the department:

(a) Whether any individuals licensed under part 170 to engage in the practice of medicine, licensed under part 175 to engage in the practice of osteopathic medicine and surgery, or licensed under part 180 to engage in the practice of podiatric medicine and surgery are shareholders in the professional service corporation or members in the professional limited liability company.

(b) The name and license number of the individual licensed under part 170 to engage in the practice of medicine, licensed under part 175 to engage in the practice of osteopathic medicine and surgery, or licensed under part 180 to engage in the practice of podiatric medicine and surgery who is a party to a practice agreement with the physician's assistant.

(c) Whether the individual licensed under part 170 to engage in the practice of medicine, licensed under part 175 to engage in the practice of osteopathic medicine and surgery, or licensed under part 180 to engage in the practice of podiatric medicine and surgery disclosed in subdivision (b) is a shareholder in the same professional service corporation or member in a professional limited liability company as the physician's assistant.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 174, Imd. Eff. July 7, 1986;—Am. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 1996, Act 355, Imd. Eff. July 1, 1996;—Am. 2010, Act 124, Imd. Eff. July 19, 2010;—Am. 2011, Act 210, Imd. Eff. Nov. 8, 2011;—Am. 2012, Act 618, Imd. Eff. Jan. 9, 2013;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Compiler's note:** Section 3 of Act 174 of 1986 provides: “This amendatory act shall only apply to contested cases filed on or after July 1, 1986.”

**Popular name:** Act 368

**Administrative rules:** R 338.6101 et seq. of the Michigan Administrative Code.

### 333.17049 Practice agreement; designation of physician; countersigning order or signing official form not required.

Sec. 17049. (1) A group of physicians practicing other than as sole practitioners may designate 1 or more physicians in the group to enter into a practice agreement under section 17047.

(2) Notwithstanding any law or rule to the contrary, a physician is not required to countersign orders written in a patient's clinical record by a physician's assistant with whom the physician has a practice agreement. Notwithstanding any law or rule to the contrary, a physician is not required to sign an official form that lists the physician's signature as the required signatory if that official form is signed by a physician's assistant with whom the physician has a practice agreement.

**History:** Add. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 2004, Act 512, Imd. Eff. Jan. 3, 2005;—Am. 2011, Act 210, Imd. Eff. Nov. 8, 2011;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.17050 Prohibiting physician or physician's assistant from entering into practice agreement; grounds.

Sec. 17050. In addition to its other powers and duties under this article, the board may prohibit a physician or a physician's assistant from entering into a practice agreement for any of the grounds set forth in section 16221.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

**Administrative rules:** R 338.6101 et seq. of the Michigan Administrative Code.

### 333.17054 Criteria for licensure of physician's assistants and for evaluation of training programs; recommendations.

Sec. 17054. The board shall make written recommendations on criteria for the licensure of physician's assistants and on criteria for the evaluation of physician's assistants' training programs to the task force on physician's assistants.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17056 Exception.

© Courtesy of www.legislature.mi.gov

Sec. 17056. This part does not apply to a student in training to become a physician's assistant while performing duties assigned as part of the training.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17058 Repealed. 1993, Act 79, Eff. Apr. 1, 1994.

**Compiler's note:** The repealed section pertained to powers and duties of task force.

**Popular name:** Act 368

### 333.17060 Duties of department.

Sec. 17060. The department, in consultation with the task force, shall do all of the following:

(a) Promulgate rules necessary for the implementation of its powers and duties under this part and may perform the acts and make the determinations necessary for the proper implementations of those powers and duties.

(b) Promulgate rules to establish the requirements for the education, training, or experience of physician's assistants for licensure in this state. The requirements must take into account nationally recognized standards for education, training, and experience and the desired utilization of physician's assistants. By January 14, 2017, the rules must include training standards for identifying victims of human trafficking. The training standards for identifying victims of human trafficking must apply for a physician's assistant license or registration renewal beginning with the first renewal cycle after the rules are promulgated and for an initial license or registration issued 5 or more years after the rules are promulgated.

(c) Grant licenses to applicants who meet the requirements of this part and the rules promulgated under this part for practice and use of the title of physician's assistant.

(d) Promulgate rules to establish criteria for the evaluation of programs for the education and training of physician's assistants for the purpose of determining whether graduates of the programs have the knowledge and skills requisite for practice and use of the title physician's assistant in this state as defined by this part and the rules promulgated under this part. The criteria established must be substantially consistent with nationally recognized standards for the education and training of physician's assistants. Until the criteria are established, the criteria developed by the advisory commission on physician's assistants shall remain in effect. The department shall consider and may use where appropriate the criteria established by professional associations, education accrediting bodies, or governmental agencies. In establishing criteria for the evaluation of education and training programs, the department may seek the advice of the boards and the department of education.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1980, Act 59, Imd. Eff. Apr. 1, 1980;—Am. 1986, Act 290, Imd. Eff. Dec. 22, 1986;—Am. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 2014, Act 343, Eff. Jan. 14, 2015;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

**Administrative rules:** R 338.6101 et seq. of the Michigan Administrative Code.

### 333.17062 Applicant for licensure as physician's assistant; qualifications.

Sec. 17062. An applicant for licensure as a physician's assistant shall meet the requirements of section 16174(a), (b), and (d) and be a graduate of a program for the training of physician's assistants approved by the task force or be a licensed, certified, registered, approved, or other legally recognized physician's assistant in another state with qualifications substantially equivalent to those established by the task force.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1980, Act 146, Imd. Eff. June 5, 1980;—Am. 1986, Act 174, Imd. Eff. July 7, 1986.

**Compiler's note:** Section 3 of Act 174 of 1986 provides: "This amendatory act shall only apply to contested cases filed on or after July 1, 1986."

**Popular name:** Act 368

### 333.17064 Applicant for licensure as physician's assistant; examination required; waiver; nature of examination; use of national examination; discrimination prohibited; reciprocity; investigation; additional documentation or information.

Sec. 17064. (1) To determine whether an applicant for initial licensure has the appropriate level of skill and knowledge as required by this part, the task force shall require the applicant to submit to an examination which shall include those subjects the general knowledge of which is commonly and generally required of a graduate of an accredited physician's assistants' program in the United States. The task force may waive the examination requirement for a graduate of an approved program if the applicant has taken a national examination and achieved a score acceptable to the task force as demonstrating the level of skill and knowledge required by this part. The task force may waive the examination for an applicant who is licensed,

© Courtesy of www.legislature.mi.gov

certified, registered, approved, or otherwise legally recognized as a physician's assistant in another state, when the task force determines that the other state has qualifications, including completion of a national or state approved examination for physician's assistants, that are substantially equivalent to those established by this part.

(2) The nature of an examination shall be determined by the task force and may include the use and acceptance of national examinations where appropriate. The use of examinations or the requirements for successful completion shall not permit discriminatory treatment of applicants.

(3) The task force shall provide for the recognition of the certification or experience consistent with this part acquired by physician's assistants in other states who wish to practice in this state.

(4) The task force may cause an investigation to be conducted when necessary to determine the qualifications of an applicant for licensure. An applicant may be required to furnish additional documentation and information upon a determination by the task force that the documentation or information is necessary to evaluate the applicant's qualifications.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 174, Imd. Eff. July 7, 1986.

**Compiler's note:** Section 3 of Act 174 of 1986 provides: "This amendatory act shall only apply to contested cases filed on or after July 1, 1986."

**Popular name:** Act 368

### 333.17066 Repealed. 2016, Act 379, Eff. Mar. 22, 2017.

**Compiler's note:** The repealed section pertained to design of standards and decisions regarding qualifications of physician's assistants.

**Popular name:** Act 368

### 333.17068 Application by physician's assistant for licensure or renewal of licensure; form; requirements for relicensing; standards; temporary license.

Sec. 17068. (1) A physician's assistant shall apply for licensure or renewal of licensure on a form provided by the department.

(2) A physician's assistant who has failed to renew a license may be relicensed upon showing that he or she meets the current requirements for licensure set forth in this part and rules promulgated under this part. In relicensing an individual under this section, the task force may establish standards for training, education, or experience equivalent to current educational and practice requirements. A temporary license under section 17072 may be issued pending the results of action taken under this subsection.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1988, Act 462, Eff. Sept. 1, 1989.

**Popular name:** Act 368

**Administrative rules:** R 388.6101 et seq. of the Michigan Administrative Code.

### 333.17070 Granting renewal; notice of denial; right to hearing.

Sec. 17070. (1) If the applicant meets the requirements for renewal as set forth in this part or rules promulgated under this part, the task force shall direct the board to grant a renewal.

(2) If an applicant is determined by the task force not to have met the requirements for renewal, the applicant shall be notified in writing of the reasons for denial and shall have the right to a hearing.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17072 Certificate of licensure, temporary licensure, or renewal; issuance; contents; interim licensure; nonrenewable temporary license; display; pocket card; identification.

Sec. 17072. (1) A certificate of licensure, temporary licensure, or renewal shall be issued by the department to an applicant who is granted licensure, temporary licensure, or renewal. A certificate issued under this part shall contain the full name of the individual licensed, a permanent individual number, and the date of expiration.

(2) The task force shall direct the board to grant interim licensure to an unlicensed individual who was employed as a physician's assistant on December 29, 1977, to be effective until the task force formally issues or denies a license to the physician's assistant pursuant to this part and the rules promulgated under this part. During this period the task force may direct the board to grant interim licensure to a new applicant who has graduated from a program training physician's assistants.

(3) The task force may direct the board to grant a nonrenewable temporary license to an applicant who meets all requirements for licensure except examination, if required. The task force shall make its decision within 30 days after submission of a complete application or the conclusion of a department investigation,

© Courtesy of www.legislature.mi.gov

whichever is later. The temporary license shall be valid for a period determined by the task force, but not to exceed 1 year, or until the results of a required examination are made available, whichever is sooner. The department shall issue a certificate of temporary licensure within 15 days after the board grants the license.

(4) A physician's assistant licensed under this part shall publicly display the current certificate of licensure, temporary license, or renewal permanently in that individual's place of practice, if feasible, and shall have available for inspection a pocket card issued by the department containing the essential information of the license. While working, the individual shall wear appropriate identification, clearly indicating that the individual is a physician's assistant.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 625, Imd. Eff. Jan. 6, 1979.

**Popular name:** Act 368

### 333.17074 Prohibited undertakings, representations, and services by physician's assistant; permissible services.

Sec. 17074. (1) A physician's assistant shall not undertake or represent that he or she is qualified to undertake provision of a medical care service that he or she knows or reasonably should know to be outside his or her competence or is prohibited by law.

(2) A physician's assistant shall not:

(a) Perform acts, tasks, or functions to determine the refractive state of a human eye or to treat refractive anomalies of the human eye, or both.

(b) Determine the spectacle or contact lens prescription specifications required to treat refractive anomalies of the human eye, or determine modification of spectacle or contact lens prescription specifications, or both.

(3) A physician's assistant may perform routine visual screening or testing, postoperative care, or assistance in the care of medical diseases of the eye under a practice agreement.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.17076 Physician's assistant; making calls or going on rounds in accordance with practice agreement; prescribing drugs; ordering, receiving, and dispensing complimentary starter dose drugs.

Sec. 17076. (1) A physician's assistant may make calls or go on rounds in private homes, public institutions, emergency vehicles, ambulatory care clinics, hospitals, intermediate or extended care facilities, health maintenance organizations, nursing homes, or other health care facilities in accordance with a practice agreement. Notwithstanding any law or rule to the contrary, a physician's assistant may make calls or go on rounds as provided in this subsection without restrictions on the time or frequency of visits by a physician or the physician's assistant.

(2) A physician's assistant who is a party to a practice agreement may prescribe a drug in accordance with procedures and protocols for the prescription established by rule of the department in consultation with the appropriate board. A physician's assistant may prescribe a drug, including a controlled substance that is included in schedules 2 to 5 of part 72. If a physician's assistant prescribes a drug under this subsection, the physician's assistant's name shall be used, recorded, or otherwise indicated in connection with that prescription. If a physician's assistant prescribes a drug under this subsection that is included in schedules 2 to 5, the physician's assistant's DEA registration number shall be used, recorded, or otherwise indicated in connection with that prescription.

(3) A physician's assistant may order, receive, and dispense complimentary starter dose drugs, including controlled substances that are included in schedules 2 to 5 of part 72. If a physician's assistant orders, receives, or dispenses a complimentary starter dose drug under this subsection, the physician's assistant's name shall be used, recorded, or otherwise indicated in connection with that order, receipt, or dispensing. If a physician's assistant orders, receives, or dispenses a complimentary starter dose drug under this subsection that is included in schedules 2 to 5, the physician's assistant's DEA registration number shall be used, recorded, or otherwise indicated in connection with that order, receipt, or dispensing. As used in this subsection, "complimentary starter dose" means that term as defined in section 17745. It is the intent of the legislature in enacting this subsection to allow a pharmaceutical manufacturer or wholesale distributor, as those terms are defined in part 177, to distribute complimentary starter dose drugs to a physician's assistant, as described in this subsection, in compliance with section 503(d) of the federal food, drug, and cosmetic act, 21 USC 353.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 1996, Act 355, Imd. Eff. July 1,

1996;—Am. 2011, Act 210, Imd. Eff. Nov. 8, 2011;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

**Administrative rules:** R 338.6101 et seq. of the Michigan Administrative Code.

### 333.17078 Physician's assistant; conformance to minimal standards of practice.

Sec. 17078. A physician's assistant shall conform to minimal standards of acceptable and prevailing practice under this part, part 175, or part 180, as applicable.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2011, Act 210, Imd. Eff. Nov. 8, 2011;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.17082 Investigations and evaluations by task force; purpose; revision of criteria for education and training; continuation of program approval and criteria.

Sec. 17082. (1) The task force may conduct or cause to be conducted, investigations and evaluations necessary to determine whether a program meets the criteria established by this part and rules promulgated under this part.

(2) At times the task force determines appropriate, the task force may revise the criteria for the education and training of graduates to determine whether the graduates meet the requirements for practice and use of the title physician's assistant in this state.

(3) A program approval of the director of public health and the criteria developed or recommended by the physician's assistant's advisory commission permitted under section 20 of former Act No. 420 of the Public Acts of 1976 shall be continued for the duration of its initial approval, unless disapproved by the task force.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Compiler's note:** Act 420 of 1976, referred to in this section, was repealed by Act 368 of 1978 .

**Popular name:** Act 368

### 333.17084 Register of programs; contents; public inspection.

Sec. 17084. The department shall keep a register of programs meeting the criteria established by the task force. The register of programs shall include the full title of the program, the institution of which it is a part, and its address. A copy of the register or the information contained in the register shall be available for public inspection.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17086-333.17088 Repealed. 1993, Act 79, Eff. Apr. 1, 1994.

**Compiler's note:** The repealed sections pertained to procedures for maintaining disciplinary action; denying, suspending, limiting, or revoking a license or renewal; examinations; hearings; and application for reinstatement.

**Popular name:** Act 368

### 333.17091 Rules.

Sec. 17091. (1) The department, in consultation with the board, shall promulgate rules that specify the minimum standards for licensure, temporary licensure, and license renewal of genetic counselors.

(2) In addition to any other requirements of this article, the board shall perform other functions and duties as necessary to carry out the regulation of genetic counselors under this part.

**History:** Add. 2018, Act 624, Eff. Mar. 28, 2019.

**Popular name:** Act 368

### 333.17092 Genetic counselor; licensure requirements.

Sec. 17092. To be licensed as a genetic counselor under this part, an individual shall do all of the following:

(a) Submit an application prescribed by the board.

(b) Pay the fee prescribed in section 16338.

(c) Provide satisfactory evidence of having current certification through a nationally recognized certifying agency for genetic counselors or medical geneticists approved by the board.

**History:** Add. 2018, Act 624, Eff. Mar. 28, 2019.

**Popular name:** Act 368

### 333.17093 Practice of genetic counseling; license required.

© Courtesy of www.legislature.mi.gov

Sec. 17093. Beginning 1 year after the effective date of the rules promulgated under section 17091, an individual shall not engage in the practice of genetic counseling unless he or she is licensed as a genetic counselor under this part.

**History:** Add. 2018, Act 624, Eff. Mar. 28, 2019.

**Popular name:** Act 368

### 333.17094 Genetic counselor; temporary license; interim requirements.

Sec. 17094. A temporary licensed genetic counselor shall work under the supervision of a qualified supervisor at all times during which the temporary licensed genetic counselor engages in the practice of genetic counseling.

**History:** Add. 2018, Act 624, Eff. Mar. 28, 2019.

**Popular name:** Act 368

### 333.17095 Use of titles, words, or initials; applicability of sections 17091 to 17096.

Sec. 17095. (1) Except as otherwise provided in subsection (2), an individual who is not licensed as a genetic counselor under this part shall not use in connection with his or her name or place of business, the title "genetic counselor", "licensed genetic counselor", "gene counselor", "genetic consultant", "genetic associate" or any words, letters, abbreviations, or insignia indicating or implying that an individual holds a license to engage in the practice of genetic counseling under this part.

(2) Sections 17091 to 17096 do not apply to the following individuals:

(a) An individual who is certified by the American Board of Medical Genetics and Genomics as a doctor of philosophy medical geneticist, or holds an equivalent certification as determined by the board.

(b) An individual who is licensed by this state to engage in the practice of a health profession other than the practice of genetic counseling when acting within the scope of the individual's health profession and doing work of a nature consistent with the individual's education and training.

**History:** Add. 2018, Act 624, Eff. Mar. 28, 2019.

**Popular name:** Act 368

### 333.17096 Renewal of license; evidence required.

Sec. 17096. To obtain a license renewal as a genetic counselor under this part, a licensee shall present satisfactory evidence to the board that in the period since the license was issued or last renewed the licensee has maintained certification through a nationally recognized certifying agency for genetic counselors or medical geneticists approved by the board.

**History:** Add. 2018, Act 624, Eff. Mar. 28, 2019.

**Popular name:** Act 368

### 333.17097 Third party reimbursement or mandated worker's compensation benefits.

Sec. 17097. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual who is licensed as a genetic counselor under this part.

**History:** Add. 2018, Act 624, Eff. Mar. 28, 2019.

**Popular name:** Act 368

## PART 171.
## MIDWIFERY

### 333.17101 Definitions; principles of construction.

Sec. 17101. (1) As used in this part:

(a) "Appropriate health professional", for the purposes of referral, consultation, or collaboration with a midwife under this part, means any of the following:

(*i*) A physician.

(*ii*) A certified nurse midwife.

(*iii*) As identified in rules promulgated under section 17117, another appropriate health professional licensed, registered, or otherwise authorized to engage in a health profession under this article.

(b) "Certified nurse midwife" means a registered professional nurse licensed under part 172 who has been granted a specialty certification in the health profession specialty field of nurse midwifery by the Michigan board of nursing under section 17210.

(c) "Health care provider" means an individual who is licensed or registered under this article.

© Courtesy of www.legislature.mi.gov

(d) "Midwife" means an individual licensed under this part to engage in the practice of midwifery.

(e) "Physician" means an individual licensed to engage in the practice of medicine under part 170 or the practice of osteopathic medicine and surgery under part 175.

(f) "Practice of midwifery", subject to subsection (2), means providing perinatal care that is consistent with a midwife's training, education, and experience, to individuals and neonates during the antepartum, intrapartum, and postpartum periods.

(2) For purposes of this part, practice of midwifery does not include either of the following:

(a) The practice of medicine or osteopathic medicine and surgery.

(b) The practice of nursing, including the practice of nursing with a specialty certification in the health profession specialty field of nurse midwifery under part 172.

(3) In addition to the definitions of this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017;—Am. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.17103 Use of titles, words, or initials.

Sec. 17103. Beginning on the effective date of rules promulgated under section 17117, an individual shall not use the titles "licensed midwife" or "l.m.", or similar words or initials that indicate that the individual is licensed as a midwife, unless the individual is licensed under this part.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

### 333.17105 Practice of midwifery; license required; additional exemptions.

Sec. 17105. (1) Beginning on the effective date of rules promulgated under section 17117, an individual shall not engage in the practice of midwifery unless licensed under this part or otherwise authorized by this article.

(2) A midwife shall not perform an act, task, or function within the practice of midwifery unless he or she is trained to perform the act, task, or function and the performance of that act, task, or function is consistent with the rules promulgated under section 17117.

(3) In addition to the exemptions from licensure under section 16171, subsection (1) does not prevent any of the following:

(a) An individual licensed, registered, or certified under any other part or act from performing activities that are considered to be within the practice of midwifery if those activities are within the individual's scope of practice and if the individual does not use the titles protected under section 17103.

(b) Subject to section 16215, an employee or other individual who is assisting a midwife and who is under the midwife's supervision from performing activities or functions that are delegated by the midwife, that are nondiscretionary, that do not require the exercise of professional judgment for their performance, and that are within the midwife's authority to perform.

(c) An individual from performing activities that are within the practice of midwifery if those activities are performed under the direct and immediate supervision of an appropriate health professional while engaged in any of the following:

(*i*) Completing a portfolio evaluation process of the North American Registry of Midwives or an organization that the board determines is a successor organization.

(*ii*) Participating as a student attending a midwifery education program that is accredited by the Midwifery Education and Accreditation Council or another accrediting organization approved by the board.

(d) Self-care by a patient or uncompensated care by a friend or family member who does not represent or hold himself or herself out to be a midwife.

(e) Services provided by a religious practitioner if that religious practitioner does not hold himself or herself out to the public as a midwife who is licensed to engage in the practice of midwifery in this state and does not use any of the titles protected under section 17103.

(f) Services provided by a member of a bona fide church or religious denomination if all of the following are met:

(*i*) The services are provided to another member of that church or denomination and that other member is an adherent of the established tenets or teachings of that church or denomination and relies on treatment by prayer or spiritual means only, in accordance with the creed or tenets of that church or denomination.

(*ii*) The individual providing the services does not receive a fee for those services. For purposes of this subparagraph, a voluntary contribution is not considered a fee for the services provided by that individual.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

### 333.17107 Transfer of care to physician or hospital; protocol.

Sec. 17107. (1) At the inception of care, a midwife shall establish a protocol for transfer of care to a physician or to a hospital that is specific to that patient.

(2) For purposes of subsection (1), the board shall identify or create a standard form, and recommend use of the standard form, to collect information on a patient whose care is transferred, either temporarily or permanently, to a hospital or a physician.

(3) The board shall promulgate rules that require a midwife to report a patient's data to the MANA Statistical Registry maintained by the Midwives Alliance of North America, or a similar registry maintained by a successor organization approved by the board, unless the patient refuses to consent to the reporting of his or her data.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

### 333.17109 Informed consent.

Sec. 17109. A midwife shall obtain informed consent from a patient at the inception of care and continuing throughout the patient's care.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

### 333.17110 Liability of health care worker for act or omission of midwife.

Sec. 17110. A health care provider who provides care to a patient of a midwife who is licensed under this part is not liable in a civil action for personal injury or death resulting from an act or omission by the midwife, unless the professional negligence or malpractice of the health care provider was a proximate cause of the injury or death.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

### 333.17111 Midwife; prohibited acts; administration of prescription drugs or medications; rules.

Sec. 17111. (1) A midwife shall not do any of the following:

(a) Except as provided in subsection (2), administer prescription drugs or medications.

(b) Use vacuum extractors or forceps.

(c) Prescribe medications.

(d) Perform surgical procedures other than episiotomies or repairs of perineal lacerations.

(e) Any other act, task, or function prohibited in rules promulgated under this part.

(2) Beginning on the effective date of the rules promulgated under subsection (3), a midwife who has appropriate pharmacology training as established by rule by the board, and who holds a standing prescription from a health care provider with prescriptive authority, may administer any of the following in accordance with the rules promulgated under subsection (3):

(a) Prophylactic vitamin K to a newborn, either orally or through intramuscular injection.

(b) Antihemorrhagic agents to a postpartum mother after the birth of the baby.

(c) Local anesthetic for the repair of lacerations to a mother.

(d) Oxygen to a mother or newborn.

(e) Prophylactic eye agent to a newborn.

(f) Prophylactic Rho(D) immunoglobulin to a mother.

(g) Agents for group B streptococcus prophylaxis, recommended by the federal centers for disease control and prevention, to a mother.

(h) Intravenous fluids, excluding blood products, to a mother.

(i) Any other drug or medication prescribed by a health care provider with prescriptive authority that is consistent with the scope of practice of midwifery and is authorized by the board by rule.

(3) The department, in consultation with the board, shall promulgate rules concerning the administration of prescription drugs or medications described in subsection (2) by midwives.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

### 333.17112 Obtaining supplies and devices, ordering and obtaining screening tests, and

© Courtesy of www.legislature.mi.gov

**receiving reports of test results; classification as normal pregnancy, labor, delivery, postpartum period, or newborn period; rules; findings.**

Sec. 17112. (1) Beginning on the effective date of, and subject to, the rules described in section 17117, and if necessary to the practice of midwifery and consistent with the scope of practice of midwifery, a midwife may directly obtain supplies and devices, order and obtain screening tests including ultrasound tests, and receive verbal and written reports of the results of those tests.

(2) The department shall promulgate rules that include standards for the delineation of findings that preclude a woman or a newborn from being classified as having a normal pregnancy, labor, delivery, postpartum period, or newborn period. In promulgating the rules described in this subsection, the department shall consider any data, views, questions, and arguments submitted by the Michigan board of licensed midwifery, the Michigan board of medicine, and the Michigan board of osteopathic medicine and surgery.

(3) The finding described in subsection (2) shall form the basis for any requirements or restrictions imposed by the board on the practice of midwifery when providing care to women or newborns whose condition is classified as outside of normal.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

## 333.17113 Michigan board of licensed midwifery; creation; membership; terms.

Sec. 17113. (1) The Michigan board of licensed midwifery is created in the department. The board consists of the following 12 members, each of whom must meet the requirements of part 161:

(a) Seven midwives.

(b) One certified nurse midwife.

(c) One physician who is board certified as an obstetrician-gynecologist.

(d) One physician who is board certified as a pediatrician.

(e) Two members of the general public, 1 of whom is a consumer of midwifery care.

(2) Except as otherwise provided in this article, the term of office of a member of the board is 4 years and expires on December 31 of the year in which the term expires. For members first appointed under this section, 5 members shall serve for 2 years, 4 members shall serve for 3 years, and 3 members shall serve for 4 years.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

## 333.17115 Licensure; requirements; credential.

Sec. 17115. (1) If the department receives a complete application and payment of the fee prescribed in section 16326, the board shall grant a license under this part to the applicant if the applicant meets all of the following:

(a) Except as provided in subsection (2), he or she has completed an educational program or pathway accredited by the Midwifery Education and Accreditation Council or another accrediting organization approved by the board.

(b) He or she holds the credential of certified professional midwife from the North American Registry of Midwives or holds an equivalent credential from another midwifery credentialing program that is approved by the board under section 16148 and accredited by the National Commission for Certifying Agencies or another accrediting organization approved by the board.

(c) He or she successfully passes an examination approved by the department, in consultation with the board. If the education program described in subdivision (a) includes an examination that meets the requirements of section 16178(1), the board may accept passing of that examination as meeting the requirements of this subdivision.

(2) An applicant who holds the credential described in subsection (1)(b) before January 1, 2020, and has not completed the educational program or pathway described in subsection (1)(a), meets the requirement of subsection (1)(a) if he or she provides evidence that he or she holds a midwifery bridge certificate awarded by the North American Registry of Midwives, or an equivalent credential from another midwifery credentialing program that is approved by the board under section 16148 and accredited by the National Commission for Certifying Agencies or another accrediting organization approved by the board.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

## 333.17116 Nonrenewable temporary license; term; failure to comply with requirements; application fee for initial license.

Sec. 17116. (1) If the department receives a completed application and an application fee and temporary

© Courtesy of www.legislature.mi.gov

license fee described in section 16326, the board shall grant a nonrenewable temporary license under this part to an individual who holds a credential of certified professional midwife from a midwifery education program that does not meet the requirements of section 17115(1)(a). An individual who holds a temporary license under this section must hold a midwifery bridge certificate awarded by the North American Registry of Midwives, or an equivalent credential approved by the board, to qualify for a license when his or her temporary license expires.

(2) The term of a temporary license under this section is 24 months.

(3) An applicant who is granted a temporary license under this section is subject to all other requirements of this part and rules promulgated under this part, and the department may automatically void the temporary license if the applicant fails to comply with those requirements.

(4) An individual who paid an application fee under section 16326 in connection with an application for a temporary license under this section is not required to pay an application fee in connection with an application for an initial license under this part if the department receives the application within 60 days after the expiration of the temporary license.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

### 333.17117 Rules.

Sec. 17117. (1) Within 24 months after the effective date of this part, the department, in consultation with the board, shall promulgate rules to do all of the following:

(a) Establish and implement the licensure program for the practice of midwifery under this part.

(b) Require the completion of continuing education for the practice of midwifery as a condition for license renewal. However, the rule shall allow the board to accept proof of a current credential under section 17115(1)(b) as meeting the requirements of this subdivision.

(c) Describe and regulate, limit, or prohibit the performance of acts, tasks, or functions by midwives. The department shall include rules that recognize and incorporate the requirements under section 17107 regarding the referral to and consultation with appropriate health professionals and ensure that those rules conform to national standards for the practice of midwifery as defined in section 17101.

(d) For purposes of section 17109, establish the process by which informed consent is obtained and ensure that the process conforms to national standards for the practice of midwifery as defined in section 17101. The process established for obtaining informed consent shall include at least all of the following:

(*i*) A requirement that at the inception of care for a client, the midwife must provide a copy of the rules promulgated by the department under this section.

(*ii*) A requirement that at the inception of care for a client, the midwife must orally and in writing disclose whether the midwife has malpractice liability insurance coverage and, if so, the policy limitations of that coverage.

(e) For purposes of establishing protocols for transfer of care under section 17107, establish the duties a midwife must perform if an emergency transfer to a hospital is necessary. Rules promulgated under this subdivision shall conform to nationally recognized guidelines on safe transfers.

(2) In addition to the authority to promulgate rules under section 16145 and subject to this section and section 16175, the department, in consultation with the board, may promulgate rules to supplement the requirements for licensure under this part, including the adoption of updated standards applicable to the practice of midwifery established by the North American Registry of Midwives or an organization that the board determines is a successor organization.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

### 333.17119 Individual licensed in another state; requirements.

Sec. 17119. (1) The board may grant a license under this part to an individual who is licensed as a midwife in another state at the time of application if the applicant provides evidence satisfactory to the board and the department that all of the following are met:

(a) Subject to subsection (2), the applicant meets the requirements described in section 17115(1) and (2).

(b) There are no pending disciplinary proceedings against the applicant before a similar licensing agency of this or any other state or country.

(c) If sanctions have been imposed against the applicant by a similar licensing agency of this or any other state or country based upon grounds that are substantially similar to those under this article, as determined by the board, the sanctions are not in force at the time of the application.

(2) If an applicant is licensed as a midwife in a state that does not require completion of an educational

© Courtesy of www.legislature.mi.gov

program or pathway equivalent to section 17115(1)(a) for licensure, the department may determine that the applicant has met the requirements of subsection (1)(a) if he or she meets all of the following:

(a) The requirements of this part and rules promulgated under this part for licensure, except section 17115(1)(a).

(b) The requirements of section 17115(2), regardless of the date he or she obtained the credential of certified professional midwife described in section 17115(1)(b).

(3) The board may make an independent inquiry to determine whether an applicant meets the requirements described in subsection (1)(b) and (c).

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

### 333.17121 Initial or renewal licenses; term.

Sec. 17121. (1) Except as provided in subsection (2) and section 17116, the department shall determine the term of initial or renewal licenses granted under this part.

(2) Until the application processing fee for a license under this part is reduced to $75.00 under section 16326, the term of an initial license under part 171 is 1 year. This subsection does not limit the department's authority under this section to establish a renewal cycle for licenses under this part regardless of the amount of the application fee under section 16326.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

### 333.17123 Third party reimbursement or worker's compensation benefits.

Sec. 17123. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual licensed under this part.

**History:** Add. 2016, Act 417, Eff. Apr. 4, 2017.

**Popular name:** Act 368

## PART 172
## NURSING

### 333.17201 Definitions; principles of construction.

Sec. 17201. (1) As used in this part:

(a) "Advanced practice registered nurse" or "a.p.r.n." means a registered professional nurse who has been granted a specialty certification under section 17210 in 1 of the following health profession specialty fields:

(*i*) Nurse midwifery.

(*ii*) Nurse practitioner.

(*iii*) Clinical nurse specialist.

(b) "Physician" means a physician who is licensed under part 170 or part 175.

(c) "Practice of nursing" means the systematic application of substantial specialized knowledge and skill, derived from the biological, physical, and behavioral sciences, to the care, treatment, counsel, and health teaching of individuals who are experiencing changes in the normal health processes or who require assistance in the maintenance of health and the prevention or management of illness, injury, or disability.

(d) "Practice of nursing as a licensed practical nurse" or "l.p.n." means the practice of nursing based on less comprehensive knowledge and skill than that required of a registered professional nurse and performed under the supervision of a registered professional nurse, physician, or dentist.

(e) "Registered professional nurse" or "r.n." means an individual who is licensed under this part to engage in the practice of nursing which scope of practice includes the teaching, direction, and supervision of less skilled personnel in the performance of delegated nursing activities.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in the code and part 161 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2016, Act 499, Eff. Apr. 9, 2017.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.17208 Licensed practical nurse; health profession subfield.

Sec. 17208. The practice of nursing as a licensed practical nurse is a health profession subfield of the

practice of nursing.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17209 Renewal of license to practice as trained attendant; eligibility; "practice as a trained attendant" defined; original license prohibited; licensed psychiatric attendant nurse considered licensed practical nurse.

Sec. 17209. (1) After the effective date of this part, an individual licensed to practice as a trained attendant is eligible to apply to the board for a renewal of licensure pursuant to this article. For purposes of this section, "practice as a trained attendant" means the practice of nursing based on less comprehensive knowledge and skill than that required of a registered professional nurse or a licensed practical nurse and performed under supervision of a registered professional nurse or licensed physician or dentist. After the effective date of this part, the board shall not grant an original license to an applicant for licensure to practice as a trained attendant.

(2) After the effective date of this part, licensed psychiatric attendant nurse licenses shall be considered licensed practical nurse licenses. A licensed psychiatric attendant nurse shall have the same rights and duties as a licensed practical nurse under this part as consistent with the licensee's education and training.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17210 Registered professional nurse; issuance of specialty certification; qualifications; rules; scope of practice for nurse anesthetist; malpractice insurance required; definitions.

Sec. 17210. (1) The Michigan board of nursing may grant a specialty certification to a registered professional nurse who has advanced training beyond that required for initial licensure, who has demonstrated competency through examination or other evaluative processes, and who practices in 1 of the following health profession specialty fields:

(a) Nurse midwifery.

(b) Nurse anesthetist.

(c) Nurse practitioner.

(d) Subject to subsection (2), clinical nurse specialist.

(2) The Michigan board of nursing shall promulgate rules establishing the qualifications for the training and competency of the health profession specialty field of clinical nurse specialist. The Michigan board of nursing shall not grant a specialty certification as a clinical nurse specialist under subsection (1) until after the effective date of the rules promulgated under this subsection.

(3) All of the following apply to a registered professional nurse who holds a specialty certification as a nurse anesthetist:

(a) In addition to performing duties within the scope of the practice of nursing, his or her scope of practice includes any of the following anesthesia and analgesia services if the services are performed in accordance with the American Association of Nurse Anesthetists Standards for Nurse Anesthesia Practice:

(*i*) Development of a plan of care.

(*ii*) Performance of all patient assessments, procedures, and monitoring to implement the plan of care or to address patient emergencies that arise during implementation of the plan of care.

(*iii*) Selection, ordering, or prescribing and the administration of anesthesia and analgesic agents, including pharmacological agents that are prescription drugs as defined in section 17708 or controlled substances. For purposes of this subparagraph, the authority of a registered professional nurse who holds a specialty certification as a nurse anesthetist to prescribe pharmacological agents is limited to pharmacological agents for administration to patients as described in subdivision (b), (c), or (d), and his or her authority does not include any activity that would permit a patient to self-administer, obtain, or receive pharmacological agents, including prescription drugs or controlled substances, outside of the facility in which the anesthetic or analgesic service is performed or beyond the perioperative, periobstetrical, or periprocedural period.

(b) If he or she meets both of the following requirements, he or she may provide the anesthesia and analgesia services described in subdivision (a) without supervision:

(*i*) He or she meets either of the following:

(A) He or she has practiced in the health profession specialty field of nurse anesthetist for 3 years or more and has practiced in that health profession specialty field in a health care facility for a minimum of 4,000 hours.

(B) He or she has a doctor of nurse anesthesia practice degree or doctor of nursing practice degree.

(*ii*) He or she is collaboratively participating in a patient-centered care team.

(c) He or she may provide the anesthesia and analgesia services described in subdivision (a) in a health

© Courtesy of www.legislature.mi.gov

care facility if the health care facility has a policy in place under subsection (4) allowing for the provision of the anesthesia and analgesia services and ensuring that a qualified health care professional is immediately available in person or through telemedicine to address any urgent or emergent clinical concerns.

(d) The anesthesia and analgesia services described in subdivision (a) may be performed for and during the perioperative, periobstetrical, or periprocedural period.

(e) If he or she is practicing pain management in a freestanding pain clinic, he or she must be under the supervision of a physician.

(4) A health care facility may adopt policies relating to the provision of anesthesia and analgesia services. If a health care facility uses a registered professional nurse who holds a specialty certification as a nurse anesthetist to perform the anesthesia and analgesia services described in subsection (3) who is not employed by the health care facility, the health care facility shall ensure that the registered professional nurse or the person employing the registered professional nurse maintains malpractice insurance.

(5) Subsection (3) does not require new or additional third party reimbursement or mandated worker's compensation benefits for anesthesia and analgesia services provided under that subsection by a registered professional nurse who holds a specialty certification as a nurse anesthetist under this part.

(6) As used in this section:

(a) "Collaboratively participating" means practicing and communicating with health care professionals involved in the patient-centered care team to optimize the overall care delivered to the patient.

(b) "Health care facility" means any of the following:

(*i*) A hospital inpatient or outpatient facility.

(*ii*) A freestanding surgical outpatient facility.

(*iii*) An office of a physician, podiatrist, or dentist.

(*iv*) Any other office or facility in which diagnostic or therapeutic procedures are provided to a patient, including, but not limited to, imaging, endoscopy, or cystoscopy services.

(c) "Health care professional" means an individual who is licensed or registered to perform a health profession under this article.

(d) "Patient-centered care team" means a group of health care professionals, which must include, but is not limited to, a qualified health care professional, who directly or indirectly care for a patient by each contributing his or her specialized knowledge, skill, and experience to the care of the patient.

(e) "Qualified health care professional" means any of the following health care professionals who has completed the necessary education, training, and experience in anesthesia care or pharmacology, or has experience with procedures requiring anesthesia:

(*i*) A physician.

(*ii*) A dentist licensed under part 166.

(*iii*) A podiatric physician licensed under part 180.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2016, Act 499, Eff. Apr. 9, 2017;—Am. 2017, Act 22, Imd. Eff. Mar. 31, 2017;—Am. 2021, Act 53, Eff. Oct. 11, 2021.

**Popular name:** Act 368

### 333.17211 Practice of nursing or as licensed practical nurse; license or authorization required; use of words, titles, or letters.

Sec. 17211. (1) An individual shall not engage in the practice of nursing or the practice of nursing as a licensed practical nurse unless he or she is licensed or is otherwise authorized by this article.

(2) The following words, titles, or letters or a combination of the words, titles, or letters, with or without qualifying words or phrases, are restricted in use only to those persons authorized under this part to use the terms and in a way prescribed in this part:

(a) "Registered professional nurse", "registered nurse", "r.n.", "licensed practical nurse", "l.p.n.", "nurse midwife", "certified nurse midwife", "c.n.m.", "advanced practice registered nurse", "a.p.r.n.", "nurse anesthetist", "nurse practitioner", "n.p.", "certified nurse practitioner", and "c.n.p.".

(b) Beginning 12 months after the effective date of the rules promulgated under section 17210(2), "clinical nurse specialist", "c.n.s.", "clinical nurse specialist-certified", and "c.n.s.-c.".

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 409, Imd. Eff. Sept. 29, 2006;—Am. 2016, Act 499, Eff. Apr. 9, 2017;—Am. 2017, Act 22, Imd. Eff. Mar. 31, 2017.

**Popular name:** Act 368

### 333.17211a Advanced practice registered nurse; authority to prescribe nonscheduled prescription drug or controlled substance.

Sec. 17211a. (1) An advanced practice registered nurse may prescribe any of the following:

© Courtesy of www.legislature.mi.gov

(a) A nonscheduled prescription drug.

(b) Subject to subsection (2), a controlled substance included in schedules 2 to 5 of part 72, as a delegated act of a physician.

(2) If an advanced practice registered nurse prescribes a controlled substance under subsection (1)(b), both the advanced practice registered nurse's name and the physician's name shall be used, recorded, or otherwise indicated in connection with that prescription. If an advanced practice registered nurse prescribes a controlled substance under subsection (1)(b), both the advanced practice registered nurse's and the physician's DEA registration numbers shall be used, recorded, or otherwise indicated in connection with that prescription.

(3) The amendatory act that added this section does not require new or additional third-party reimbursement or mandated worker's compensation benefits for services rendered by an advanced practice registered nurse who is authorized to prescribe nonscheduled prescription drugs and controlled substances included in schedules 2 to 5 of part 72 under this section.

**History:** Add. 2016, Act 499, Eff. Apr. 9, 2017.

**Popular name:** Act 368

### 333.17212 Registered professional nurse or advanced practice registered nurse; ordering, receiving, or dispensing complimentary starter dose drugs; delegation; "complimentary starter dose" defined.

Sec. 17212. (1) Subject to subsections (2) and (3), in addition to acts, tasks, and functions delegated under section 16215, 17211a(1)(b), 17745, 17745a, or 17745b, a supervising physician may delegate in writing to a registered professional nurse the ordering, receipt, and dispensing of complimentary starter dose drugs other than controlled substances as defined in article 7 or federal law. If a delegated ordering, receipt, or dispensing of complimentary starter dose drugs described in this subsection occurs, both the registered professional nurse's name and the supervising physician's name shall be used, recorded, or otherwise indicated in connection with each order, receipt, or dispensing.

(2) Subject to subsection (3), an advanced practice registered nurse may order, receive, and dispense a complimentary starter dose drug without delegation from a physician. Only the name of the advanced practice registered nurse shall be used, recorded, or otherwise indicated in connection with an order, receipt, or dispensing of a complimentary starter dose drug under this subsection.

(3) An advanced practice registered nurse may order, receive, and dispense complimentary starter doses of controlled substances included in schedules 2 to 5 of part 72 as a delegated act of a physician. If a delegated ordering, receipt, or dispensing of complimentary starter dose drugs described in this subsection occurs, the advanced practice registered nurse's name and the delegating physician's name shall be used, recorded, or otherwise indicated in connection with each order, receipt, or dispensing and both the advanced practice registered nurse's and the delegating physician's DEA registration number shall be used, recorded, or otherwise indicated in connection with each order, receipt, or dispensing.

(4) It is the intent of the legislature in enacting this section to allow a pharmaceutical manufacturer or wholesale distributor, as those terms are defined in part 177, to distribute complimentary starter dose drugs to an advanced practice registered nurse described in subsections (2) and (3), or to a registered professional nurse described in subsection (1), in compliance with section 503(d) of the federal food, drug, and cosmetic act, 21 USC 353.

(5) As used in this section, "complimentary starter dose" means that term as defined in section 17745.

**History:** Add. 1996, Act 355, Imd. Eff. July 1, 1996;—Am. 2016, Act 499, Eff. Apr. 9, 2017.

**Popular name:** Act 368

### 333.17213 Licensure as registered professional nurse; graduate of nurse education program located outside of United States; requirements.

Sec. 17213. (1) Notwithstanding section 16145 or section 16174(1)(c) or rules promulgated pursuant to either of those sections, the board may grant a license to an applicant applying for initial licensure as a registered professional nurse who is a graduate of a nurse education program that is located outside of the United States if he or she meets the requirements of section 16174 and satisfies each of the following:

(a) Provides verification that the nurse education program from which he or she graduated is substantially equivalent to the nursing education programs in this state that are approved by the board.

(b) Has passed the requisite examination for licensure as a registered professional nurse, as approved by the board.

(2) Notwithstanding section 16145 or section 16174(1)(c) or rules promulgated pursuant to either of those sections, the board may grant a license to an applicant applying for licensure as a registered professional nurse

© Courtesy of www.legislature.mi.gov

who is licensed in another state or, until January 1, 2012, is licensed in a province of Canada and who is a graduate of a nurse education program located outside of the United States and Canada if he or she meets the requirements of subsection (1) and provides verification of licensure or registration in each state, country, jurisdiction, territory, and province in which he or she is currently licensed or registered or has been licensed or registered. If the applicant seeking licensure under this subsection has, for at least 5 years immediately preceding the application, maintained an active license or registration in another state with no disciplinary sanctions, then the applicant does not have to provide the verification required under subsection (1)(a).

**History:** Add. 2007, Act 19, Imd. Eff. June 14, 2007.

**Popular name:** Act 368

### 333.17214 Advanced practice registered nurse; calls or rounds.

Sec. 17214. An advanced practice registered nurse may make calls or go on rounds in private homes, public institutions, emergency vehicles, ambulatory care clinics, hospitals, intermediate or extended care facilities, health maintenance organizations, nursing homes, or other health care facilities. Notwithstanding any law or rule to the contrary, an advanced practice registered nurse may make calls or go on rounds as provided in this section without restrictions on the time or frequency of visits by a physician or the advanced practice registered nurse.

**History:** Add. 2016, Act 499, Eff. Apr. 9, 2017.

**Popular name:** Act 368

### 333.17221 Michigan board of nursing; creation; number and qualifications of members; terms.

Sec. 17221. (1) The Michigan board of nursing is created in the department.

(2) Except as otherwise provided in subsection (3), the Michigan board of nursing shall consist of the following 24 voting members who shall meet the requirements of part 161: 9 registered professional nurses, 1 nurse midwife, 1 nurse anesthetist, 1 nurse practitioner, 1 clinical nurse specialist, 3 licensed practical nurses, and 8 public members. Three of the registered professional nurse members shall be engaged in nursing education, 1 of whom shall be in less than a baccalaureate program, 1 in a baccalaureate or higher program and 1 in a licensed practical nurse program and each of whom shall have a master's degree from an accredited college with a major in nursing. Three of the registered professional nurse members shall be engaged in nursing practice or nursing administration, each of whom shall have a baccalaureate degree in nursing from an accredited college. Three of the registered professional nurse members shall be engaged in nursing practice or nursing administration, each of whom shall be a nonbaccalaureate registered nurse. The 3 licensed practical nurse members shall have graduated from a state approved program for the preparation of individuals to practice as licensed practical nurses. The nurse midwife, the nurse anesthetist, the nurse practitioner, and the clinical nurse specialist shall each have a specialty certification granted by the Michigan board of nursing in his or her respective specialty field.

(3) All of the following apply to the members of the board described in subsection (2):

(a) The individual who is a registered professional nurse who is certified by a national organization as a clinical nurse specialist shall continue as a member of the board under subsection (2) for the remainder of his or her respective term. When the term of the registered professional nurse described in this subdivision expires, subject to section 16121, the governor shall appoint a registered professional nurse who has been granted a specialty certification as a clinical nurse specialist by the Michigan board of nursing.

(b) The 8 public members on the board shall continue in office for the remainder of their respective terms. Until the term of office of 1 of those public members expires, the board shall continue with 24 members. When the term of office of 1 or more of the 8 public members first expires, the governor shall not appoint 1 public member, to reduce the total number of public members to 7 and the total number of board members to 23.

(4) The terms of office of individual members of the board created under this part, except those appointed to fill vacancies, expire 4 years after appointment on June 30 of the year in which the term expires.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 625, Imd. Eff. Jan. 6, 1979;—Am. 1989, Act 201, Imd. Eff. Oct. 23, 1989;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2006, Act 409, Imd. Eff. Sept. 29, 2006;—Am. 2016, Act 499, Eff. Apr. 9, 2017.

**Popular name:** Act 368

### 333.17224, 333.17225 Repealed. 1989, Act 201, Imd. Eff. Oct. 23, 1989.

**Compiler's note:** The repealed sections pertained to task force for health professional subfields and health profession specialty fields.

**Popular name:** Act 368

### 333.17231 Honorary license; "advanced illness" defined; name of section.

Sec. 17231. (1) The department, in consultation with the board, may issue an honorary license to an individual, living or deceased, who has met all of the requirements of this part to be eligible for a license except for passage of an examination and who is unable to take the examination due to advanced illness. An honorary license issued under this section does not confer any right to engage in the practice of nursing.

(2) As used in this section, "advanced illness" means that term as defined in section 5653.

(3) This section may be referred to as "Katie Viger's law".

**History:** Add. 2010, Act 15, Imd. Eff. Mar. 18, 2010.

### 333.17241 Nursing education program; application to conduct; evidence required; evaluation; inspection; report; approval; continuation of existing programs; accreditation by national board or organization; education program for psychiatric attendant nurses or trained attendants prohibited.

Sec. 17241. (1) An institution seeking to conduct a nursing education program to prepare individuals for licensing shall apply to the board and submit evidence that it is prepared:

(a) To carry out the minimum curriculum prescribed by the board in rules for the preparation of individuals for licensing.

(b) To meet other educational and training standards established by the board under this article and the rules promulgated under this article.

(2) The board shall evaluate and may inspect the institution and its nursing education program and prepare a written report of its findings. The board, upon determining that requirements for a nursing education program are met, shall approve the program. A nursing education program approved by the board and in operation on the effective date of this part may continue as approved pending further action by the board. The board may accept accreditation by a national board or organization as a basis for approval under this section.

(3) After September 30, 1978, the board shall not approve an educational program for psychiatric attendant nurses or trained attendants.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 174, Imd. Eff. July 7, 1986.

**Compiler's note:** Section 3 of Act 174 of 1986 provides: “This amendatory act shall only apply to contested cases filed on or after July 1, 1986.”

**Popular name:** Act 368

### 333.17242 Inspection of approved nursing education program; report; notice of deficiency; removal from list of approved programs; hearing.

Sec. 17242. (1) The board may inspect an approved nursing education program in this state and prepare a written report of its findings. If the board determines that the standards required by this part and the board are not being met, written notice specifying the areas in which the board has found a program to be deficient shall be sent immediately to the institution conducting the program.

(2) A nursing education program which within a reasonable length of time, as determined by the board, fails to meet standards prescribed by the board shall be removed from the list of approved programs. An institution conducting a program which is removed from the approved list shall be granted an opportunity for a hearing.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

## PART 173

### 333.17301 Definitions; principles of construction.

Sec. 17301. (1) As used in this part:

(a) "Nursing home" means that term as defined in section 20109.

(b) "Nursing home administrator" means the individual licensed under this article to engage in the practice of nursing home administration.

(c) "Practice of nursing home administration" means planning, organizing, directing, and controlling the total operation of the nursing home on behalf of the governing board or owner of a nursing home.

(2) In addition to the definitions of this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** Add. 2001, Act 139, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

© Courtesy of www.legislature.mi.gov

### 333.17303 Representation as nursing home administrator.

Sec. 17303. A person shall not represent that he or she is a nursing home administrator or use a title including "nursing home administrator" or an abbreviation of that term or similar words that would indicate that he or she is licensed under this article unless the person is licensed under this article as a nursing home administrator.

**History:** Add. 2001, Act 139, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

### 333.17305 Board of nursing home administrators; creation; membership; terms.

Sec. 17305. (1) Subject to section 17319(2), the Michigan board of nursing home administrators is created in the department and consists of the following 9 voting members who meet the requirements of part 161:

(a) Six nursing home administrators.

(b) Three public members.

(2) The terms of office of individual members of the board created under subsection (1), except those appointed to fill vacancies, expire 4 years after appointment on June 30 of the year in which the term expires.

**History:** Add. 2001, Act 139, Imd. Eff. Oct. 26, 2001;—Am. 2006, Act 389, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

### 333.17307 Operation of nursing home; practice of nursing home administrator.

Sec. 17307. (1) In addition to the requirements of section 21720, a nursing home shall not operate except under the direction of a nursing home administrator.

(2) A person shall not engage in the practice of nursing home administration unless the person is the holder of a valid nursing home administrator's license issued under this part.

**History:** Add. 2001, Act 139, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

### 333.17309 License; issuance; requirements.

Sec. 17309. (1) The department shall issue a license as a nursing home administrator to a person who fulfills the requirements of this section or section 17315.

(2) An applicant for licensure as a nursing home administrator shall have satisfactorily completed a course of instruction and training approved by the department, which course shall be designed as to content and be administered as to present sufficient knowledge of the following:

(a) The needs properly to be served by a nursing home.

(b) The laws governing the operation of a nursing home and the protection of the interests of a patient in a nursing home.

(c) The elements of good nursing home administration.

(3) An applicant for licensure as a nursing home administrator shall present evidence satisfactory to the department of sufficient education and training in the fields of study described in subsection (2) or shall have been employed as a chief executive or administrative officer at a hospital licensed under article 17 for not less than 5 of the 7 years immediately preceding the date of application for a license under this part.

(4) Subject to section 16178, an applicant for licensure as a nursing home administrator shall also present evidence acceptable to the department of having passed an examination acceptable to the board and the department. The examination shall be designed to test for competence in the fields of study described in subsection (2).

(5) An applicant for licensure as a nursing home administrator shall be of good moral character and meet any additional qualifications as may be required by rule of the department and board.

**History:** Add. 2001, Act 139, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

### 333.17311 Insufficient courses or training sessions; approval of course.

Sec. 17311. (1) If the department and board find that there are not a sufficient number of courses of instruction and training sufficient to meet the requirements of this part conducted within this state, the department may conduct 1 or more of those courses or training sessions, or both. The department shall ensure that a course or training session conducted under this subsection is reasonably accessible to a resident of this state.

(2) The department and board may approve a course of instruction or a training session conducted within or without this state if the department determines that it is sufficient to meet the education and training

© Courtesy of www.legislature.mi.gov

requirements of this part.

**History:** Add. 2001, Act 139, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

### 333.17313 License renewal; continuing education required.

Sec. 17313. (1) Subject to sections 16201 and 16204, the department shall not issue a renewal license unless the licensee presents satisfactory evidence to the department that the licensee has participated in continuing education courses of not less than 18 clock hours' duration approved by the board and department, for each year subsequent to the expiration of the individual's last license.

(2) The continuing education courses required under subsection (1) shall contain subjects related to the practice of nursing home administration acceptable to the board and the department.

**History:** Add. 2001, Act 139, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

### 333.17315 Nursing home administrator of Christian Science nursing home; limited license.

Sec. 17315. (1) Subject to section 16182, this part or a rule promulgated under this part shall not require an applicant for a limited license as a nursing home administrator of a Christian Science nursing home to meet a medical educational qualification or to pass an examination on medical subjects.

(2) A license issued under this section shall describe its limitation.

**History:** Add. 2001, Act 139, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

### 333.17317 Out-of-state license; requirements.

Sec. 17317. Subject to section 16186, the department may issue a nursing home administrator's license, without examination, to an individual who holds a current license as a nursing home administrator from another state if the applicant passes an examination approved by the department and the board which tests the individual's knowledge of law relating to practice in Michigan.

**History:** Add. 2001, Act 139, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

### 333.17319 Individual licensed under former article 19 of occupational code; members of nursing home administrators' board created under former section 1902 of occupational code; rules.

Sec. 17319. (1) An individual who holds a license issued under former article 19 of the occupational code, 1980 PA 299, on the effective date of the amendatory act that added this part is licensed under this part until that license expires and may renew his or her license pursuant to part 161.

(2) The members of the nursing home administrators' board created under former section 1902 of the occupational code, 1980 PA 299, shall serve as the initial members of the nursing home administrators' board created in section 17305 until their successors are appointed under this article or until the expiration of their respective terms, whichever occurs first. However, if the term of a member of the nursing home administrators' board has not expired on the effective date of the amendatory act that added this part, that term expires on June 30 of the year in which the term will expire.

(3) Rules promulgated by the nursing home administrators' board, the department, or the director under former article 19 of the occupational code, 1980 PA 299, and in effect on the effective date of the amendatory act that added this part continue in effect to the extent that they do not conflict with this article and shall continue to be enforced. The rules may be amended or rescinded by the director.

**History:** Add. 2001, Act 139, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

## PART 174
## OPTOMETRY

### 333.17401 Definitions; principles of construction.

Sec. 17401. (1) As used in this part:

(a) "Optometrist" means an individual licensed under this article to engage in the practice of optometry.

(b) "Practice of optometry" means 1 or more of the following, but does not include the performance of invasive procedures:

(*i*) The examination of the human eye to ascertain the presence of defects or abnormal conditions that may

© Courtesy of www.legislature.mi.gov

be corrected, remedied, or relieved, or the effects of which may be corrected, remedied, or relieved by the use of lenses, prisms, or other mechanical devices.

(*ii*) The employment of objective or subjective physical means to determine the accommodative or refractive conditions or the range of powers of vision or muscular equilibrium of the human eye.

(*iii*) The adaptation or the adjustment of the lenses or prisms or the use of therapeutic pharmaceutical agents to correct, remedy, or relieve a defect or abnormal condition or to correct, remedy, or relieve the effect of a defect or abnormal condition of the human eye.

(*iv*) The examination of the human eye for contact lenses and the fitting or insertion of contact lenses to the human eye.

(*v*) The employment of objective or subjective means, including diagnostic pharmaceutical agents by an optometrist who meets the requirements of section 17412, for the examination of the human eye for the purpose of ascertaining a departure from the normal, measuring of powers of vision, and adapting lenses for the aid of those powers.

(c) "Diagnostic pharmaceutical agent" means a topically administered prescription drug or other topically administered drug used for the purpose of investigating, analyzing, and diagnosing a defect or abnormal condition of the human eye or ocular adnexa.

(d) "Therapeutic pharmaceutical agent" means 1 or more of the following:

(*i*) A topically administered prescription drug or other topically administered drug used for the purpose of investigating, analyzing, diagnosing, correcting, remedying, or relieving a defect or abnormal condition of the anterior segment of the human eye or for the purpose of correcting, remedying, or relieving the effects of a defect or abnormal condition of the anterior segment of the human eye.

(*ii*) A topically or orally administered antiglaucoma drug.

(*iii*) An orally administered prescription drug or other orally administered drug used for the purpose of investigating, analyzing, diagnosing, correcting, remedying, or relieving a defect or abnormal condition of the anterior segment of the human eye and adnexa or for the purpose of investigating, analyzing, diagnosing, correcting, remedying, or relieving the effects of a defect or abnormal condition of the anterior segment of the human eye and adnexa that is administered by an optometrist who has completed 50% of the continuing education hours required for renewal of a license in the category of pharmacological management of ocular conditions.

(e) "Drug" means that term as defined in section 17703, but does not include a controlled substance as defined in section 7104 and included in schedule 2 under section 7214, an oral cortical steroid, or a prescription drug. However, drug does include a controlled substance included in schedules 3, 4, and 5 under sections 7216, 7218, and 7220, respectively, and dihydrocodeinone combination drugs.

(f) "Prescription drug" means that term as defined in section 17708, but does not include a controlled substance as defined in section 7104 and included in schedule 2 under section 7214 or an oral cortical steroid. However, prescription drug does include a controlled substance included in schedules 3, 4, and 5 under sections 7216, 7218, and 7220, respectively, and dihydrocodeinone combination drugs.

(g) "Physician" means that term as defined in section 17001 or 17501.

(h) "Invasive procedures" means all of the following:

(*i*) The use of lasers other than for observation.

(*ii*) The use of ionizing radiation.

(*iii*) The use of therapeutic ultrasound.

(*iv*) The administration of medication by injection.

(*v*) Procedures that include an incision.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1984, Act 42, Eff. Apr. 12, 1984;—Am. 1994, Act 384, Eff. Mar 30, 1995;—Am. 1997, Act 151, Imd. Eff. Dec. 2, 1997;—Am. 2002, Act 599, Imd. Eff. Dec. 16, 2002.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.17411 Practice of optometry; authorization required; use of words, titles, or letters.

Sec. 17411. (1) A person shall not engage in the practice of optometry except as authorized by this article.

(2) The following words, titles, or letters or a combination thereof, with or without qualifying words or phrases, are restricted in use only to those persons authorized under this part to use the terms and in a way prescribed by this part: "doctor of optometry", "optometrist", and "o.d.".

© Courtesy of www.legislature.mi.gov

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 410, Imd. Eff. Sept. 29, 2006.

**Popular name:** Act 368

### 333.17412 Administration of diagnostic pharmaceutical agents; purposes; certification required; requirements for certification; completion of course of study and examination; exception.

Sec. 17412. (1) Subject to subsection (2), a licensee may administer a diagnostic pharmaceutical agent in the course of his or her practice solely for the purposes of determining the refractive, muscular, or functional origin of sources of visual discomfort or difficulty and detecting abnormalities which may be evidence of disease if the licensee is certified by the board as being qualified to administer diagnostic pharmaceutical agents pursuant to this section.

(2) The board shall certify a licensee as qualified to administer diagnostic pharmaceutical agents if the licensee meets all of the following requirements:

(a) Has successfully completed 60 classroom hours of study in general and clinical pharmacology as it relates to the practice of optometry, with particular emphasis on the use of diagnostic pharmaceutical agents for examination purposes. Not less than 30 of the 60 classroom hours shall be in ocular pharmacology and shall emphasize the systemic effects of and reactions to diagnostic pharmaceutical agents, including the emergency management and referral of any adverse reactions that may occur. The course of study shall be approved by the board, and shall be offered by a school or college of optometry that is recognized by the board as fully accredited. The course of study shall be completed before taking the examination required by this section.

(b) Has successfully completed an examination approved by the board on the subject of general and ocular pharmacology as it relates to the practice of optometry with particular emphasis on the use of diagnostic pharmaceutical agents, including emergency management and referral of any adverse reactions that may occur.

(c) Has successfully completed a course in cardiopulmonary resuscitation approved by the department of public health and offered or approved by the red cross, American heart association, an accredited hospital, or a comparable organization or institution.

(d) Has established an emergency plan for the management and referral to appropriate medical services of patients who experience adverse drug reactions resulting from the application of diagnostic pharmaceutical agents. The plan shall be approved by the board and shall, at a minimum, require the optometrist to do all of the following:

(*i*) Refer patients who notify the optometrist of an adverse drug reaction to appropriate medical specialists or facilities.

(*ii*) Routinely advise each patient to immediately contact the optometrist if the patient experiences an adverse drug reaction.

(*iii*) Place in the patient's permanent record information describing any adverse drug reaction experienced by the patient and the date and time that any referral was made.

(*iv*) Include in the plan the names of not less than 3 physicians, physician clinics, or hospitals to whom the optometrist will refer patients who experience an adverse drug reaction, at least 1 of which is skilled or specializes in the diagnosis and treatment of diseases of the eye. However, if a patient being treated by the optometrist has a primary care physician, the optometrist may substitute the patient's primary care physician for a physician named in the plan, but shall not substitute the patient's primary care physician for a physician named in the plan who specializes in the diagnosis and treatment of diseases of the eye.

(3) The course of study and examination required by subsection (2)(a) and (b) shall be completed before certification, except that the board may certify applicants who have graduated from a school of optometry recognized by the board as accredited within the 5 years immediately preceding April 12, 1984, if the school's curriculum includes a course of study and examination meeting the requirements of subsection (2)(a) and (b).

**History:** Add. 1984, Act 42, Eff. Apr. 12, 1984;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 1994, Act 384, Eff. Mar 30, 1995.

**Popular name:** Act 368

### 333.17414 Permissible conduct; untruthful, misleading, or deceptive statements in advertisement or notice prohibited.

Sec. 17414. (1) This part does not prohibit:

(a) An optician from the adjusting, replacing, repairing, or reproducing of previously prepared eyeglasses or any part thereof.

(b) An unlicensed person from selling eyeglasses on prescription from an optometrist or physician.

(c) A person who does not hold himself or herself out as being a licensee under this part from selling

© Courtesy of www.legislature.mi.gov

eyeglasses as an article of merchandise.

(2) It shall be unlawful for any person licensed under this part, or any individual, firm or corporation engaged in the sale of merchandise of any description who maintains or operates, or who allows to be maintained or operated in connection with said merchandise business, an optometric department, or who rents or subleases to any person or persons for the purpose of engaging in the practice of optometry therein, any part of premises in which such person, persons, firm or corporation is engaged in mercantile business, to publish or circulate, or print or cause to be printed, by any means whatsoever, any advertisement or notice in which said advertisement or notice appears, any untruthful or misleading statement, or anything calculated or intended to mislead or deceive the public or any individual.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17421 Michigan board of optometry; creation; membership; terms.

Sec. 17421. (1) The Michigan board of optometry is created in the department and shall consist of the following 9 voting members who shall meet the requirements of part 161: 5 optometrists and 4 public members.

(2) The terms of office of individual members of the board created under subsection (1), except those appointed to fill vacancies, expire 4 years after the appointment on June 30 of the year in which the term expires.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2006, Act 410, Imd. Eff. Sept. 29, 2006.

**Compiler's note:** For the revision of the membership requirements of the Michigan board of optometry, see E.R.O. No. 2024-2, compiled at MCL 16.735.

**Popular name:** Act 368

### 333.17431 Renewal of license; evidence required; completion of hours or courses in pain and symptom management as continuing education; rules.

Sec. 17431. (1) Notwithstanding the requirements of part 161, the board may require a licensee seeking renewal of a license to furnish the board with satisfactory evidence that during the 2 years immediately preceding the application for renewal the licensee has attended an education program approved by the board and totaling not less than 40 hours in subjects related to the practice of optometry and designed to further educate licensees.

(2) As required under section 16204, the board shall promulgate rules requiring each applicant for license renewal to complete as part of the education program required under subsection (1) an appropriate number of hours or courses in pain and symptom management.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 290, Imd. Eff. Dec. 22, 1986;—Am. 1994, Act 234, Imd. Eff. June 30, 1994;—Am. 2002, Act 599, Imd. Eff. Dec. 16, 2002.

**Popular name:** Act 368

### 333.17432 Duties of optometrist upon determining symptoms evidencing disease; conditions requiring consultation with physician for further diagnosis and treatment; diagnosis and treatment of glaucoma.

Sec. 17432. (1) Whether or not diagnostic pharmaceutical agents or therapeutic pharmaceutical agents have been used, if an optometrist determines from interviewing or examining a patient, using judgment and that degree of skill, care, knowledge, and attention ordinarily possessed and exercised by optometrists in good standing under like circumstances, that there are present in that patient signs or symptoms that may be evidence of disease that the optometrist is not authorized to treat under this part, then the optometrist shall do both of the following:

(a) Promptly advise that patient to seek evaluation by an appropriate physician for diagnosis and possible treatment.

(b) Not attempt to treat the condition by the use of diagnostic pharmaceutical agents, therapeutic pharmaceutical agents, or any other means.

(2) Subject to subsections (3) and (4), if an optometrist treats a patient for a condition or disease that the optometrist is authorized to treat under this part, and if that condition or disease may be related to a nonlocalized or systemic condition or disease or does not demonstrate adequate clinical progress as a result of the treatment, the optometrist shall consult an appropriate physician for further diagnosis and possible treatment and to determine if the condition or disease is related to a nonlocalized or systemic condition or disease.

(3) When a diagnosis of glaucoma is made and treatment has begun, the treating optometrist shall consult

© Courtesy of www.legislature.mi.gov

an appropriate physician for further diagnosis and possible treatment if the condition does not demonstrate adequate clinical progress as a result of the treatment.

(4) If an optometrist diagnoses that a patient has acute glaucoma, the optometrist shall, as soon as possible, consult a physician for further diagnosis and possible treatment.

**History:** Add. 1984, Act 42, Eff. Apr. 12, 1984;—Am. 1994, Act 384, Eff. Mar 30, 1995;—Am. 1997, Act 151, Imd. Eff. Dec. 2, 1997;—Am. 2002, Act 599, Imd. Eff. Dec. 16, 2002.

**Popular name:** Act 368

### 333.17433 Repealed. 1994, Act 384, Eff. Mar. 30, 1995.

**Compiler's note:** The repealed section pertained to reimbursement from public or private third-party payer.

**Popular name:** Act 368

### 333.17435 Administration and prescription of therapeutic pharmaceutical agents; certification requirements.

Sec. 17435. (1) A licensee may administer and prescribe therapeutic pharmaceutical agents in the course of his or her practice if the licensee is certified by the board as being qualified to administer and prescribe therapeutic pharmaceutical agents pursuant to this section.

(2) The board shall certify a licensee as qualified to administer and prescribe therapeutic pharmaceutical agents if the licensee meets all of the following requirements:

(a) Has met the certification requirements to administer diagnostic pharmaceutical agents under section 17412.

(b) Has successfully earned at least 10 quarter hours or 7 semester hours of credit or successfully completed 100 classroom hours of study in courses relating to the didactic and clinical use of therapeutic pharmaceutical agents from a school or college of optometry that is recognized by the board as fully accredited.

(c) Has established a management plan in the event a patient has an ocular condition or disease that may be related to a nonlocalized or systemic condition or disease or to an adverse drug reaction, or that does not demonstrate adequate clinical progress as a result of treatment. The plan shall meet the requirements of section 17412(2)(d). A licensee who has an emergency plan approved by the board under section 17412(2)(d) at the time he or she applies for certification to administer and prescribe therapeutic pharmaceutical agents is in compliance with this subdivision.

**History:** Add. 1994, Act 384, Eff. Mar. 30, 1995.

**Popular name:** Act 368

### 333.17437 Time of certification.

Sec. 17437. Except for a licensee from another state who is seeking licensure in this state, an optometrist licensed after the effective date of this section who intends to obtain certification to administer diagnostic pharmaceutical agents and to administer and prescribe therapeutic pharmaceutical agents shall obtain the certification at the time of initial licensure.

**History:** Add. 1994, Act 384, Eff. Mar. 30, 1995.

**Popular name:** Act 368

## PART 175
## OSTEOPATHIC MEDICINE AND SURGERY

### 333.17501 Definitions; principles of construction.

Sec. 17501. (1) As used in this part:

(a) "Electrodiagnostic studies" means the testing of neuromuscular functions utilizing nerve conduction tests and needle electromyography. It does not include the use of surface electromyography.

(b) "Medical care services" means those services within the scope of practice of physicians who are licensed or authorized by the board, except those services that the board prohibits or otherwise restricts within a practice agreement or determines shall not be delegated by a physician without endangering the health and safety of patients as provided for in section 17548(1).

(c) "Participating physician" means a physician, a physician designated by a group of physicians under section 17549 to represent that group, or a physician designated by a health facility or agency under section 20174 to represent that health facility or agency.

(d) "Physician" means an individual who is licensed or authorized under this article to engage in the practice of osteopathic medicine and surgery.

© Courtesy of www.legislature.mi.gov

(e) "Practice agreement" means an agreement described in section 17547.

(f) "Practice of osteopathic medicine and surgery" means a separate, complete, and independent school of medicine and surgery utilizing full methods of diagnosis and treatment in physical and mental health and disease, including the prescription and administration of drugs and biologicals, operative surgery, obstetrics, radiological and other electromagnetic emissions, and placing special emphasis on the interrelationship of the musculoskeletal system to other body systems.

(g) "Practice as a physician's assistant" means the practice of osteopathic medicine and surgery with a participating physician under a practice agreement.

(h) "Task force" means the joint task force created in section 17025.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in the code and part 161 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 2005, Act 264, Eff. Mar. 30, 2006;—Am. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2016, Act 379, Eff. Mar. 22, 2017;—Am. 2018, Act 524, Eff. Mar. 28, 2019.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.17508 Physician's assistant; health profession subfield.

Sec. 17508. Practice as a physician's assistant is a health profession subfield of the practice of osteopathic medicine and surgery, the practice of medicine, and the practice of podiatric medicine and surgery.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 161, Eff. Nov. 26, 2006.

**Popular name:** Act 368

### 333.17511 Practice of osteopathic medicine and surgery and practice as physician's assistant; license or authorization required; conditions; use of words, titles, or letters.

Sec. 17511. (1) A person shall not engage in the practice of osteopathic medicine and surgery or practice as a physician's assistant unless licensed or otherwise authorized by this article.

(2) Notwithstanding section 16145 or rules promulgated under that section, the board may grant a license in accordance with section 16186 after determining that each of the following conditions is satisfied:

(a) The applicant has disclosed that a sanction is in force against him or her as described in section 16174(2)(b) and considering the reasons for the sanction and the applicant's record of practice, experience, credentials, and competence to engage in the practice of osteopathic medicine and surgery, that sanction should not prevent the applicant from being granted a license in this state.

(b) The sanction imposed by the other state is not permanent.

(c) The sanction imposed by the other state was not the result of a patient safety violation.

(d) If the applicant was required by the state that imposed the sanction to participate in and complete a probationary period or treatment plan as a condition of the continuation of his or her licensure, the applicant did not complete the probationary period or treatment plan because the applicant ceased engaging in the practice of osteopathic medicine and surgery in that state.

(e) As a condition of licensure under this subsection, the applicant voluntarily agrees to complete a probationary period or treatment plan, the terms of which are no less stringent than those imposed by the state that imposed the sanction.

(3) Except as otherwise provided in this subsection, the following words, titles, or letters or a combination thereof, with or without qualifying words or phrases, are restricted in use only to those persons authorized under this part to use the terms and in a way prescribed in this part: "osteopath", "osteopathy", "osteopathic practitioner", "doctor of osteopathy", "diplomate in osteopathy", "d.o.", "physician's assistant", and "p.a.". Notwithstanding section 16261, a person who was specially trained at an institution of higher education in this state to assist a physician in the field of orthopedics and, upon completion of training, received a 2-year associate of science degree as an orthopedic physician's assistant before January 1, 1977 may use the title "orthopedic physician's assistant" whether or not the individual is licensed under this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 386, Imd. Eff. Sept. 27, 2006;—Am. 2006, Act 398, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

### 333.17511a Expedited license under the interstate medical licensure compact; authorization to engage in practice of osteopathic medicine and surgery; "interstate medical licensure compact" defined.

© Courtesy of www.legislature.mi.gov

Sec. 17511a. (1) An osteopathic physician who holds an expedited license under the interstate medical licensure compact is authorized to engage in the practice of osteopathic medicine and surgery under this article.

(2) For purposes of this article, including the obligations of an individual who is licensed as a physician under this part, an osteopathic physician who holds an expedited license under the interstate medical licensure compact is considered a physician who is licensed under this part.

(3) As used in this section, "interstate medical licensure compact" means the interstate medical licensure compact as enacted in section 16189.

**History:** Add. 2018, Act 524, Eff. Mar. 28, 2019.

**Popular name:** Act 368

### 333.17512 Postgraduate study; full or limited license required; requirements of limited license; responsibility for training; limited license renewable.

Sec. 17512. (1) An individual shall not engage in postgraduate study before obtaining a full or limited license to practice under this part.

(2) A limited license for a postgraduate shall require that the individual confine his or her practice and training to a hospital or institution approved by the board for the training. The hospital or institution is responsible for the training. A limited license for a postgraduate is renewable for not more than 5 years.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17513 Alternative methods of treatment of breast cancer; duty of physician to inform patient; standardized written summary or brochure.

Sec. 17513. (1) Beginning November 6, 1986, a physician who is administering the primary treatment for breast cancer to a patient who has been diagnosed as having breast cancer shall inform the patient, orally and in writing, about alternative methods of treatment of the cancer, including surgical, radiological, or chemotherapeutic treatments, or any other generally accepted medical treatment. The physician also shall inform the patient about the advantages, disadvantages, and risks of each method of treatment and about the procedures involved in each method of treatment.

(2) If a patient receives a standardized written summary or brochure, as described in section 17013(2) or (3), the physician shall be in full compliance with this section, including both the written and oral requirements.

(3) A physician's duty to inform a patient under this section does not require disclosure of information beyond what a reasonably well-qualified physician licensed under this article would know.

**History:** Add. 1986, Act 195, Imd. Eff. July 8, 1986;—Am. 1989, Act 15, Imd. Eff. May 15, 1989.

**Popular name:** Act 368

### 333.17515 Compliance with MCL 333.17015 and 333.17015a before performing abortion.

Sec. 17515. A physician, before performing an abortion on a patient, shall comply with sections 17015 and 17015a.

**History:** Add. 1993, Act 133, Eff. Apr. 1, 1994;—Am. 2012, Act 499, Eff. Mar. 31, 2013.

**Popular name:** Act 368

### 333.17516-333.17517 Repealed. 2023, Act 209, Eff. Feb. 13, 2024.

**Compiler's note:** The repealed sections pertained to a prohibition on partial-birth abortions and physical examination and informed consent requirements before performing a medical abortion.

**Popular name:** Act 368

### 333.17518 Needle electromyography; performance by licensed physician; delegation; nerve conduction tests; performance of electrodiagnostic studies by physical therapist, podiatrist, or chiropractor; payment.

Sec. 17518. (1) Except as otherwise provided in this section, only an individual who is licensed as a physician shall perform needle electromyography or interpret nerve conduction tests. A physician shall not delegate the interpretation of nerve conduction studies to another individual unless that individual is licensed under this article to engage in the practice of medicine or osteopathic medicine and surgery. A physician shall not delegate the performance of needle electromyography to another individual unless that individual is licensed under this article to engage in the practice of medicine or osteopathic medicine and surgery or that individual is otherwise authorized under this section.

© Courtesy of www.legislature.mi.gov

(2) In accordance with section 16215, a physician may delegate the performance of nerve conduction tests to a licensed or unlicensed individual who is otherwise qualified by education, training, or experience if those tests are conducted under the direct supervision of a physician.

(3) A physical therapist who is licensed under this article and certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist on the effective date of this section may perform electrodiagnostic studies that are to be interpreted by a physician if he or she has been performing electrodiagnostic studies in this state on a consistent basis within the 5 years immediately preceding the effective date of this section. A physical therapist who is licensed under this article but is not certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist on the effective date of this section and who has been performing electrodiagnostic studies in this state on a consistent basis since before May 1, 2001 may continue to perform electrodiagnostic studies that are to be interpreted by a physician as long as he or she becomes certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist by December 31, 2007. As used in this subsection, "consistent basis" means at a minimum an annual average of 10 electrodiagnostic studies each month.

(4) A podiatrist who is licensed under this article and has successfully completed additional training in the performance and interpretation of electrodiagnostic studies that is satisfactory to his or her respective board may conduct electrodiagnostic studies that are within his or her scope of practice.

(5) A chiropractor who is licensed under this article and has successfully completed additional training in the performance and interpretation of electrodiagnostic studies that is satisfactory to his or her respective board may conduct nerve conduction tests that are within his or her scope of practice.

(6) This section does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual authorized to conduct electrodiagnostic studies under this section.

**History:** Add. 2005, Act 264, Eff. Mar. 30, 2006.

### 333.17520 Genetic test; informed consent.

Sec. 17520. (1) Except as otherwise provided for a test performed under section 5431 and except as otherwise provided by law, beginning upon the expiration of 6 months after the effective date of the amendatory act that added this section, a physician or an individual to whom the physician has delegated authority to perform a selected act, task, or function under section 16215 shall not order a presymptomatic or predictive genetic test without first obtaining the written, informed consent of the test subject, pursuant to this section.

(2) For purposes of subsection (1), written, informed consent consists of a signed writing executed by the test subject or the legally authorized representative of the test subject that confirms that the physician or the individual acting under the delegatory authority of the physician has explained, and the test subject or the legally authorized representative of the test subject understands, at a minimum, all of the following:

(a) The nature and purpose of the presymptomatic or predictive genetic test.

(b) The effectiveness and limitations of the presymptomatic or predictive genetic test.

(c) The implications of taking the presymptomatic or predictive genetic test, including, but not limited to, the medical risks and benefits.

(d) The future uses of the sample taken from the test subject in order to conduct the presymptomatic or predictive genetic test and the information obtained from the presymptomatic or predictive genetic test.

(e) The meaning of the presymptomatic or predictive genetic test results and the procedure for providing notice of the results to the test subject.

(f) Who will have access to the sample taken from the test subject in order to conduct the presymptomatic or predictive genetic test and the information obtained from the presymptomatic or predictive genetic test, and the test subject's right to confidential treatment of the sample and the information.

(3) Within 6 months after the effective date of the amendatory act that added this section, the department of community health, in consultation with the Michigan board of medicine, the Michigan board of osteopathic medicine and surgery, at least 1 physician who is board certified by the American board of medical genetics, and appropriate professional organizations, shall develop and distribute a model informed consent form for purposes of this section that practitioners may adopt. The department of community health shall include in the model form at least all of the information required under subsection (2). The department of community health shall distribute the model form to physicians and other individuals subject to this section upon request and at no charge. The department of community health shall review the model form at least annually for 5 years after the first model form is distributed, and shall revise the model form if necessary to make the form reflect the latest developments in medical genetics.

(4) The department of community health, in consultation with the entities described in subsection (3), may

© Courtesy of www.legislature.mi.gov

also develop and distribute a pamphlet that provides further explanation of the information included in the model informed consent form.

(5) If a test subject or his or her legally authorized representative signs a copy of the model informed consent form developed and distributed under subsection (3), the physician or individual acting under the delegatory authority of the physician shall give the test subject a copy of the signed informed consent form and shall include the original signed informed consent form in the test subject's medical record.

(6) If a test subject or his or her legally authorized representative signs a copy of the model informed consent form developed and distributed under subsection (3), the test subject is barred from subsequently bringing a civil action for damages against the physician, or an individual to whom the physician delegated the authority to perform a selected act, task, or function under section 16215, who ordered the presymptomatic or predictive genetic test, based on failure to obtain informed consent for the presymptomatic or predictive genetic test.

(7) A physician's duty to inform a patient under this section does not require disclosure of information beyond what a reasonably well-qualified physician licensed under this article would know.

(8) Except as otherwise provided in subsection (9), as used in this section:

(a) "Genetic information" means information about a gene, gene product, or inherited characteristic which information is derived from a genetic test.

(b) "Genetic test" means the analysis of human DNA, RNA, chromosomes, and those proteins and metabolites used to detect heritable or somatic disease-related genotypes or karyotypes for clinical purposes. A genetic test must be generally accepted in the scientific and medical communities as being specifically determinative for the presence, absence, or mutation of a gene or chromosome in order to qualify under this definition. Genetic test does not include a routine physical examination or a routine analysis, including, but not limited to, a chemical analysis, of body fluids, unless conducted specifically to determine the presence, absence, or mutation of a gene or chromosome.

(c) "Predictive genetic test" means a genetic test performed for the purpose of predicting the future probability that the test subject will develop a genetically related disease or disability.

(d) "Presymptomatic genetic test" means a genetic test performed before the onset of clinical symptoms or indications of disease.

(9) For purposes of subsection (8)(b), the term "genetic test" does not include a procedure performed as a component of biomedical research that is conducted pursuant to federal common rule under 21 C.F.R. parts 50 and 56 and 45 C.F.R. part 46.

**History:** Add. 2000, Act 29, Imd. Eff. Mar. 15, 2000.

**Popular name:** Act 368

### 333.17521 Michigan board of osteopathic medicine and surgery; creation; membership; waiver; certain powers and duties prohibited.

Sec. 17521. (1) The Michigan board of osteopathic medicine and surgery is created in the department and consists of the following 11 voting members who shall meet the requirements of part 161: 7 physicians, 1 physician's assistant, and 3 public members.

(2) The requirement of section 16135(1)(d) that a board member shall have practiced that profession for 2 years immediately before appointment is waived until September 30, 1980 for members of the board who are licensed in a health profession subfield created under this part.

(3) Except as otherwise provided in this article, the Michigan board of osteopathic medicine and surgery does not have the powers and duties vested in the task force by sections 17060 to 17084.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 1993, Act 138, Imd. Eff. Aug. 2, 1993;—Am. 2006, Act 582, Imd. Eff. Jan. 3, 2007;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.17523 Repealed. 1978, Act 625, Imd. Eff. Jan. 6, 1979.

**Compiler's note:** The repealed section pertained to rules establishing standards and criteria.

**Popular name:** Act 368

### 333.17525 Repealed. 2006, Act 161, Eff. Nov. 26, 2006.

**Compiler's note:** The repealed section pertained to creation of joint task force to advise boards on health profession subfields.

**Popular name:** Act 368

### 333.17526 Terms of office.

Sec. 17526. The terms of office of individual members of the board and task force created under this part,

© Courtesy of www.legislature.mi.gov

except those appointed to fill vacancies, expire 4 years after appointment on December 31 of the year in which the term expires.

**History:** Add. 2006, Act 386, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

### 333.17529 Standards of medical practice for medical services involving vaginal or anal penetration; promulgation of rules.

Sec. 17529. The department may promulgate rules that provide guidance to licensees on generally accepted standards of medical practice for medical services involving vaginal or anal penetration, including internal pelvic floor treatments but excluding medical services that primarily relate to a patient's urological, gastrointestinal, reproductive, gynecological, or sexual health, that are performed to measure a patient's temperature, or that are performed for the purpose of rectally administering a drug or medicine. If the department promulgates rules under this section, the department shall consult with appropriate professional associations and other interested stakeholders.

**History:** Add. 2023, Act 62, Eff. Oct. 10, 2023.

**Popular name:** Act 368

### 333.17531 Postgraduate education as condition for more than limited licensure.

Sec. 17531. An applicant, in addition to completing the requirements for the degree in osteopathic medicine and surgery, shall complete a period of postgraduate education to attain proficiency in the practice of the profession as prescribed by the board in rules as a condition for more than limited licensure.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17533 Renewal of license; evidence required; completion of hours or courses in pain and symptom management as continuing education; rules.

Sec. 17533. (1) Notwithstanding the requirements of part 161, the board may require a licensee seeking renewal of a license to furnish the board with satisfactory evidence that during the 3 years immediately preceding an application for renewal the licensee has attended continuing education courses or programs approved by the board and totaling not less than 150 hours in subjects related to the practice of osteopathic medicine and surgery and designed to further educate licensees.

(2) As required under section 16204, the board shall promulgate rules requiring each applicant for license renewal to complete as part of the continuing education requirement of subsection (1) an appropriate number of hours or courses in pain and symptom management.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 290, Imd. Eff. Dec. 22, 1986;—Am. 1994, Act 234, Imd. Eff. June 30, 1994.

**Popular name:** Act 368

### 333.17540-333.17547 Repealed. 1990, Act 247, Imd. Eff. Oct. 12, 1990.

**Compiler's note:** The repealed sections pertained to supervision of physician's assistants.

**Popular name:** Act 368

### 333.17547 Practice as physician's assistant; practice agreement; requirements.

Sec. 17547. (1) A physician's assistant shall not engage in the practice as a physician's assistant except under the terms of a practice agreement that meets the requirements of this section.

(2) A practice agreement must include all of the following:

(a) A process between the physician's assistant and participating physician for communication, availability, and decision making when providing medical treatment to a patient. The process must utilize the knowledge and skills of the physician's assistant and participating physician based on their education, training, and experience.

(b) A protocol for designating an alternative physician for consultation in situations in which the participating physician is not available for consultation.

(c) The signatures of the physician's assistant and the participating physician.

(d) A termination provision that allows the physician's assistant or participating physician to terminate the practice agreement by providing written notice at least 30 days before the date of termination.

(e) Subject to section 17548, the duties and responsibilities of the physician's assistant and participating physician. The practice agreement shall not include as a duty or responsibility of the physician's assistant or participating physician an act, task, or function that the physician's assistant or participating physician is not

© Courtesy of www.legislature.mi.gov

qualified to perform by education, training, or experience and that is not within the scope of the license held by the physician's assistant or participating physician.

(f) A requirement that the participating physician verify the physician's assistant's credentials.

(3) The number of physician's assistants in a practice agreement with a participating physician and the number of individuals to whom a physician has delegated the authority to perform acts, tasks, or functions are subject to section 16221.

**History:** Add. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.17548 Prohibiting or restricting delegation of medical care service or requiring higher levels of supervision; making calls or going on rounds; rules concerning prescribing of drugs; ordering, receiving, and dispensing complimentary starter dose drugs.

Sec. 17548. (1) Except for a medical care service within a practice agreement, to the extent that a particular selected medical care service requires extensive medical training, education, or ability or pose serious risks to the health and safety of patients, the board may prohibit or otherwise restrict the delegation of that medical care service or may require higher levels of supervision. To the extent that a particular medical care service requires extensive training, education, or ability or poses serious risks to the health or safety of patients, the board may prohibit or otherwise restrict that medical care service within a practice agreement.

(2) A physician's assistant may make calls or go on rounds in private homes, public institutions, emergency vehicles, ambulatory care clinics, hospitals, intermediate or extended care facilities, health maintenance organizations, nursing homes, or other health care facilities in accordance with a practice agreement. Notwithstanding any law or rule to the contrary, a physician's assistant may make calls or go on rounds as provided in this subsection without restrictions on the time or frequency of visits by a physician or the physician's assistant.

(3) For purposes of subsection (4), the department, in consultation with the board, may promulgate rules concerning the prescribing of drugs by a physician's assistant. Subject to subsection (4), the rules may define the drugs or classes of drugs that a physician's assistant may not prescribe and other procedures and protocols necessary to promote consistency with federal and state drug control and enforcement laws.

(4) A physician's assistant who is a party to a practice agreement may prescribe a drug in accordance with procedures and protocols for the prescription established by rule of the department in consultation with the appropriate board. A physician's assistant may prescribe a drug, including a controlled substance that is included in schedules 2 to 5 of part 72. If a physician's assistant prescribes a drug under this subsection, the physician's assistant's name shall be used, recorded, or otherwise indicated in connection with that prescription. If a physician's assistant prescribes a drug under this subsection that is included in schedules 2 to 5, the physician's assistant's DEA registration number shall be used, recorded, or otherwise indicated in connection with that prescription.

(5) A physician's assistant may order, receive, and dispense complimentary starter dose drugs including controlled substances that are included in schedules 2 to 5 of part 72. If a physician's assistant orders, receives, or dispenses a complimentary starter dose drug under this subsection, the physician's assistant's name shall be used, recorded, or otherwise indicated in connection with that order, receipt, or dispensing. If a physician's assistant orders, receives, or dispenses a complimentary starter dose drug under this subsection that is included in schedules 2 to 5, the physician's assistant's DEA registration number shall be used, recorded, or otherwise indicated in connection with that order, receipt, or dispensing. As used in this subsection, "complimentary starter dose" means that term as defined in section 17745. It is the intent of the legislature in enacting this subsection to allow a pharmaceutical manufacturer or wholesale distributor, as those terms are defined in part 177, to distribute complimentary starter dose drugs to a physician's assistant, as described in this subsection, in compliance with section 503(d) of the federal food, drug, and cosmetic act, 21 USC 353.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1988, Act 462, Eff. Sept. 1, 1989;—Am. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 1996, Act 355, Imd. Eff. July 1, 1996;—Am. 2011, Act 210, Imd. Eff. Nov. 8, 2011;—Am. 2012, Act 618, Imd. Eff. Jan. 9, 2013;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Compiler's note:** In subsection (1), “pose” evidently should read “poses.”

**Popular name:** Act 368

**Administrative rules:** R 338.6101 et seq. of the Michigan Administrative Code.

### 333.17549 Practice agreement; designation of physician; countersigning order or signing official form not required.

© Courtesy of www.legislature.mi.gov

Sec. 17549. (1) A group of physicians practicing other than as sole practitioners may designate 1 or more physicians in the group to enter into a practice agreement under section 17547.

(2) Notwithstanding any law or rule to the contrary, a physician is not required to countersign orders written in a patient's clinical record by a physician's assistant with whom the physician has a practice agreement. Notwithstanding any law or rule to the contrary, a physician is not required to sign an official form that lists the physician's signature as the required signatory if that official form is signed by a physician's assistant with whom the physician has a practice agreement.

**History:** Add. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 2004, Act 512, Imd. Eff. Jan. 3, 2005;—Am. 2011, Act 210, Imd. Eff. Nov. 8, 2011;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.17550 Prohibiting physician or physician's assistant from entering into practice agreement; grounds.

Sec. 17550. In addition to its other powers and duties under this article, the board may prohibit a physician or a physician's assistant from entering into a practice agreement for any of the grounds set forth in section 16221.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1990, Act 247, Imd. Eff. Oct. 12, 1990;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

**Administrative rules:** R 338.6101 et seq. of the Michigan Administrative Code.

### 333.17554 Criteria for approval or evaluation; recommendations.

Sec. 17554. The board shall make written recommendations on criteria for the approval of physician's assistants and on criteria for the evaluation of physician's assistants' training programs to the task force on physician's assistants.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17556 Exemption.

Sec. 17556. This part does not apply to a student in training to become a physician's assistant while performing duties assigned as part of the training.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

## PART 176.
## SPEECH-LANGUAGE PATHOLOGY

### 333.17601 Definitions; limitation on scope of practice.

Sec. 17601. (1) As used in this part:

(a) "Practice of speech-language pathology", subject to subsection (2), means the application of principles, methods, and procedures related to the development of disorders of human communication including the following:

(*i*) Identifying by history or nonmedical physical examination, assessing, treating with therapy, rehabilitating, and preventing disorders of speech, voice, and language.

(*ii*) Identifying by history or nonmedical physical examination, assessing, treating with therapy, rehabilitating, and preventing disorders of oral-pharyngeal function and disorders related to swallowing dysfunction.

(*iii*) Identifying by history or nonmedical physical examination, assessing, treating with therapy, rehabilitating, and preventing cognitive-communicative disorders.

(*iv*) Assessing, selecting, and developing augmentative and alternative communication systems and providing training in their use.

(*v*) Providing speech-language treatment or therapy and related counseling services to deaf, deafblind, and hard of hearing persons and their families.

(*vi*) Enhancing speech-language proficiency and communication effectiveness.

(*vii*) Screening of hearing for the purpose of speech-language assessment provided that judgments and descriptive statements about results of that screening are limited to pass-fail determinations.

(b) "Speech-language pathologist" means an individual who is engaged in the practice of speech-language pathology.

(2) Practice of speech-language pathology does not include either of the following:

© Courtesy of www.legislature.mi.gov

(a) The practice of medicine or osteopathic medicine and surgery or medical diagnosis, medical management with medication, surgical interventions, ordering medical testing, or medical treatment.

(b) The fitting and dispensing of hearing aids under article 13 of the occupational code, 1980 PA 299, MCL 339.1301 to 339.1309.

(3) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this act and part 161 contains definitions applicable to this part.

**History:** Add. 2008, Act 524, Imd. Eff. Jan. 13, 2009;—Am. 2016, Act 238, Eff. Sept. 22, 2016.

**Popular name:** Act 368

### 333.17603 Use of certain titles or words.

Sec. 17603. Beginning the effective date of this part, an individual shall not use the titles "speech-language pathologist", "speech pathologist", "speech therapist", "speech correctionist", "speech clinician", "language therapist", "language pathologist", "logopedist", "communicologist", "aphasiologist", "phoniatrist", "voice therapist", and "voice pathologist", or similar words that indicate that the individual is a speech-language pathologist, unless the individual is licensed under this part as a speech-language pathologist.

**History:** Add. 2008, Act 524, Imd. Eff. Jan. 13, 2009.

**Popular name:** Act 368

### 333.17605 Michigan board of speech-language pathology; creation; membership; qualifications; terms.

Sec. 17605. (1) The Michigan board of speech-language pathology is created in the department and consists of the following 11 members who meet the requirements of part 161:

(a) Six individuals who meet the requirements of section 16135(2), at least 1 of whom represents each professional area described in section 17609.

(b) Three public members.

(c) Two physicians, 1 of whom is a board-certified otolaryngologist.

(2) The terms of office of individual members of the board created under this part, except those appointed to fill vacancies and as otherwise provided in this subsection, expire 4 years after appointment on December 31 of the year in which the term expires. However, for the members first appointed, 2 shall serve for 1 year, 3 shall serve for 2 years, 3 shall serve for 3 years, and 3 shall serve for 4 years.

**History:** Add. 2008, Act 524, Imd. Eff. Jan. 13, 2009.

**Compiler's note:** For the reduction of the membership of the Michigan board of speech-language pathology from 11 to 9 and revision of the membership requirements, see E.R.O. No. 2024-2, compiled at MCL 16.735.

**Popular name:** Act 368

### 333.17607 Speech-language pathology; license required; restrictions.

Sec. 17607. (1) An individual shall not engage in the practice of speech-language pathology unless licensed under this part.

(2) A licensee shall not perform an act, task, or function within the practice of speech-language pathology unless he or she is trained to perform the act, task, or function and the performance of that act, task, or function is consistent with the rules promulgated under section 17610(3). A speech-language pathologist shall refer a patient to an individual licensed in the practice of medicine or osteopathic medicine and surgery if signs or symptoms identified during the practice of speech-language pathology cause the speech-language pathologist to suspect that the patient has an underlying medical condition.

(3) A licensee shall perform assessment, treatment or therapy, and procedures related to swallowing disorders and medically related communication disorders only on patients who have been referred to him or her by an individual licensed in the practice of medicine or osteopathic medicine and surgery or by an advanced practice registered nurse as that term is defined in section 17201.

(4) A licensee shall only perform diagnostic testing, such as endoscopic videolaryngostroboscopy, in collaboration with or under the supervision of an individual licensed in the practice of medicine or osteopathic medicine and surgery.

(5) A licensee shall follow procedures in which collaboration among the licensee and an individual licensed in the practice of medicine or osteopathic medicine and surgery and other licensed health care professionals is regarded to be in the best interests of the patient.

(6) Subsection (1) does not prevent any of the following:

(a) An individual licensed or registered under any other part or act from performing activities that are considered speech-language pathology services if those activities are within the individual's scope of practice and if the individual does not use the titles protected under section 17603.

© Courtesy of www.legislature.mi.gov

(b) The practice of speech-language pathology that is an integral part of a program of study by students enrolled in an accredited speech-language pathology educational program approved by the board, if those individuals are identified as students and provide speech-language pathology services only while under the supervision of a licensed speech-language pathologist.

(c) Self-care by a patient or uncompensated care by a friend or family member who does not represent or hold himself or herself out to be a licensed speech-language pathologist.

**History:** Add. 2008, Act 524, Imd. Eff. Jan. 13, 2009;—Am. 2016, Act 499, Eff. Apr. 9, 2017.

**Popular name:** Act 368

### 333.17609 License; issuance requirements; eligibility of certified teacher endorsed in speech and language impairment or individual credentialed by American Speech-Language-Hearing Association; temporary license.

Sec. 17609. (1) The department shall, upon submission of a completed application and payment of the appropriate application processing and license fee, issue a license under this part to the following:

(a) An individual who meets the requirements of subsection (2) or (3).

(b) An individual who possesses a master's or doctor of science or doctor of philosophy degree in speech-language pathology acceptable to the board, who has successfully completed an accredited speech-language pathology training program approved by the department and the board that has at least 9 months, or the equivalent, of full-time supervised postgraduate clinical experience in speech-language pathology, and who passes an examination acceptable to the board.

(2) A certified teacher who, on January 12, 2009, was endorsed in the area of speech and language impairment for the sole purpose of providing services as a part of employment or contract with a school district, intermediate school district, nonpublic school, or state department that provides educational services is eligible for a license under this part. An individual who meets the requirements of this subsection shall first apply for a license on or before the expiration of 2 years after the effective date of the rules promulgated under this part. An individual who obtains a license under this subsection is eligible for renewal of that license under this part if he or she continues to meet the requirements of this subsection.

(3) An individual who, on January 12, 2009, has the credential conferred by the American Speech-Language-Hearing Association as a certified speech-language pathologist is eligible for a license under this part. An individual who meets the requirements of this subsection and who maintains the credential conferred by the American Speech-Language-Hearing Association or a successor credential conferred by its successor organization shall first apply for a license on or before the expiration of 2 years after the effective date of the rules promulgated under this part. An individual who obtains a license under this subsection is eligible for renewal of that license under this part if he or she continues to meet the requirements of this subsection.

(4) An individual may apply for a temporary license under this subsection for the purpose of completing a supervised postgraduate clinical experience. The department shall issue a temporary license under this subsection for a period not to exceed 24 months. A temporary license issued under this subsection may be renewed for 1 additional 12-month term if the applicant continues to meet the requirements of this subsection. An individual seeking a temporary license under this subsection shall obtain a temporary license before beginning the supervised postgraduate clinical experience. At the conclusion of the postgraduate clinical experience, the individual's supervisor shall sign and submit to the department a report that documents the individual's satisfactory completion of the supervised postgraduate clinical experience. To be eligible for a temporary license under this subsection, an applicant must meet all of the following requirements:

(a) Possess a master's or doctor of science or doctor of philosophy degree in speech-language pathology acceptable to the board. An applicant shall have his or her academic transcripts provided directly to the department by the academic institution.

(b) Submit a plan for supervised postgraduate clinical experience on a form approved by the board and signed by a licensed professional who will provide supervision.

**History:** Add. 2008, Act 524, Imd. Eff. Jan. 13, 2009;—Am. 2010, Act 304, Imd. Eff. Dec. 17, 2010;—Am. 2024, Act 57, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.17610 Rules.

Sec. 17610. (1) The department, in consultation with the board, may promulgate rules under section 16145 as necessary or appropriate to fulfill its functions under this article and to supplement the requirements for licensure under this part, including adopting updated standards of that organization or standards of any successor organization of the American speech-language-hearing association.

© Courtesy of www.legislature.mi.gov

(2) Subject to section 16204, the department shall by rule prescribe continuous professional development as a condition for licensure renewal.

(3) The department, in consultation with the board, shall promulgate rules regarding the performance of speech-language pathology that includes, but is not limited to, the performance of procedures described in section 17601(1)(a)(*ii*). The rules shall recognize and incorporate the requirements described in section 17607(3) and (4) and the need for collaboration among a speech-language pathologist and a person licensed in the practice of medicine or osteopathic medicine and surgery and other licensed health care professionals.

**History:** Add. 2008, Act 524, Imd. Eff. Jan. 13, 2009.

**Popular name:** Act 368

### 333.17611 Applicant from another state.

Sec. 17611. The department may issue a license by endorsement to an applicant from another state that has licensure requirements substantially equivalent to this part, as determined by the board.

**History:** Add. 2008, Act 524, Imd. Eff. Jan. 13, 2009.

**Popular name:** Act 368

### 333.17613 Third-party endorsement or mandated worker's compensation benefits.

Sec. 17613. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual licensed under this part.

**History:** Add. 2008, Act 524, Imd. Eff. Jan. 13, 2009.

**Popular name:** Act 368

## PART 177
## PHARMACY PRACTICE AND DRUG CONTROL

### 333.17701 Meanings of words and phrases; general definitions and principles of construction.

Sec. 17701. (1) For purposes of this part the words and phrases defined in sections 17702 to 17709 have the meanings ascribed to them in those sections.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.17702 Definitions; A to C.

Sec. 17702. (1) "Agent" means an individual designated by a prescriber to act on behalf of or at the discretion of that prescriber as provided in section 17744.

(2) "Automated device" means a mechanical system that performs an operation or activity, other than compounding or administration, relating to the storage, packaging, dispensing, or delivery of a drug and that collects, controls, and maintains transaction information.

(3) "Biological drug product" means a biological product as that term is defined in 42 USC 262.

(4) "Brand name" means the registered trademark name given to a drug product by its manufacturer.

(5) Except as otherwise provided in subsection (6), "compounding" means the preparation, mixing, assembling, packaging, and labeling of a drug or device by a pharmacist under the following circumstances:

(a) Upon the receipt of a prescription for a specific patient.

(b) Upon the receipt of a medical or dental order from a prescriber or agent for use in the treatment of patients within the course of the prescriber's professional practice.

(c) In anticipation of the receipt of a prescription or medical or dental order based on routine, regularly observed prescription or medical or dental order patterns.

(d) For the purpose of or incidental to research, teaching, or chemical analysis and not for the purpose of sale or dispensing.

(6) "Compounding" does not include any of the following:

(a) Except as provided in section 17748c, the compounding of a drug product that is essentially a copy of a commercially available product.

(b) The reconstitution, mixing, or other similar act that is performed pursuant to the directions contained in

© Courtesy of www.legislature.mi.gov

approved labeling provided by the manufacturer of a commercially available product.

(c) The compounding of allergenic extracts or biologic products.

(7) "Compounding pharmacy" means a pharmacy that is licensed under this part and is authorized to offer compounding services under sections 17748, 17748a, and 17748b.

(8) "Current selling price" means the retail price for a prescription drug that is available for sale from a pharmacy.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 304, Eff. Mar. 31, 1987;—Am. 2006, Act 672, Imd. Eff. Jan. 10, 2007;—Am. 2012, Act 209, Imd. Eff. June 27, 2012;—Am. 2014, Act 280, Eff. Sept. 30, 2014;—Am. 2016, Act 528, Eff. Apr. 9, 2017;—Am. 2018, Act 41, Eff. May 29, 2018.

**Popular name:** Act 368

### 333.17703 Definitions; D, E.

Sec. 17703. (1) "Deliver" or "delivery" means the actual, constructive, or attempted transfer of a drug or device from 1 person to another.

(2) "Device" means an instrument, apparatus, or contrivance, including its components, parts, and accessories, intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in human beings or other animals, or to affect the structure or function of the body of human beings or other animals.

(3) "Dispense" means the preparation, compounding, packaging, or labeling of a drug pursuant to any of the following:

(a) A prescription.

(b) An authorization issued by a prescriber.

(c) Section 17724a or 17744f.

(4) "Dispensing prescriber" means a prescriber, other than a veterinarian, who dispenses prescription drugs.

(5) Except as otherwise provided in section 17780, "distribute" or "distribution" means to sell, offer for sale, deliver, offer to deliver, broker, give away, or transfer a drug, whether by passage of title or physical movement. The term does not include any of the following:

(a) Dispensing or administering a drug.

(b) The delivery of a drug, or offering to deliver a drug, by a common carrier in the usual course of business as a common carrier.

(c) The delivery of a drug via an automated device under section 17760.

(6) "Drug" means any of the following:

(a) A substance recognized or for which the standards or specifications are prescribed in the official compendium.

(b) A substance intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in human beings or other animals.

(c) A substance, other than food, intended to affect the structure or a function of the body of human beings or other animals.

(d) A substance intended for use as a component of a substance specified in subdivision (a), (b), or (c), but not including a device or its components, parts, or accessories.

(7) "Electronic signature" means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

(8) "Electronically transmitted prescription" means the communication of an original prescription or refill authorization by electronic means including computer to computer, computer to facsimile machine, or email transmission that contains the same information it contained when the prescriber or the prescriber's agent transmitted the prescription. Electronically transmitted prescription does not include a prescription or refill authorization transmitted by telephone or facsimile machine.

(9) "Emergency contraceptive" means a drug approved by the FDA to prevent pregnancy as soon as possible following unprotected sexual intercourse or a known or suspected contraceptive failure.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1980, Act 431, Eff. Mar. 31, 1981;—Am. 1992, Act 281, Imd. Eff. Dec. 18, 1992;—Am. 2006, Act 672, Imd. Eff. Jan. 10, 2007;—Am. 2012, Act 209, Imd. Eff. June 27, 2012;—Am. 2014, Act 285, Eff. Dec. 22, 2014;—Am. 2016, Act 528, Eff. Apr. 9, 2017;—Am. 2021, Act 36, Imd. Eff. July 1, 2021;—Am. 2023, Act 97, Imd. Eff. July 19, 2023;—Am. 2024, Act 242, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.17704 Definitions; F to I.

Sec. 17704. (1) "Federal act" means the federal food, drug, and cosmetic act, 21 USC 301 to 399i.

(2) "Food and Drug Administration" or "FDA" means the United States Food and Drug Administration.

© Courtesy of www.legislature.mi.gov

(3) "Generic name" means the established or official name of a drug or drug product.

(4) "Harmful drug" means a drug intended for use by human beings that is harmful because of its toxicity, habit-forming nature, or other potential adverse effect; the method of its use; or the collateral measures necessary to its safe and effective use and that is designated as harmful by a rule promulgated under this part.

(5) "Hormonal contraceptive patch" means a transdermal patch applied to the skin of an individual that releases a drug composed of a combination of hormones that is approved by the FDA to prevent pregnancy.

(6) "Interchangeable biological drug product" means either of the following, as applicable:

(a) A biological drug product that is licensed by the FDA and that the FDA has determined meets the standards for interchangeability under 42 USC 262(k)(4).

(b) Until March 23, 2021, a biological drug product that the FDA has determined to be therapeutically equivalent as set forth in "Approved Drug Products with Therapeutic Equivalence Evaluations", an FDA publication that is commonly referred to as the "Orange Book".

(7) "Internship" means an educational program of professional and practical experience for an intern.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2014, Act 280, Eff. Sept. 30, 2014;—Am. 2018, Act 41, Eff. May 29, 2018;—Am. 2024, Act 242, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.17705 Definitions; L.

Sec. 17705. (1) "Label" means a display of written, printed, or graphic matter on the immediate container of a drug or device, but does not include package liners. A requirement made by or under authority of this part that a word, statement, or other information appear on the label is not complied with unless the word, statement, or other information appears on the outside container or wrapper of the retail package of the drug or device as displayed for sale or is easily legible through an outside container or wrapper.

(2) "Labeling" means the labels and other written, printed, or graphic matter on a drug or device or its container or wrapper, or accompanying the drug or device.

(3) "License" in addition to the definition in section 16106 means a pharmacy license, drug control license, or a manufacturer, wholesale distributor, or wholesale distributor-broker of drugs or devices license.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 304, Eff. Mar. 31, 1987;—Am. 2020, Act 142, Imd. Eff. July 14, 2020.

**Popular name:** Act 368

### 333.17706 Definitions; M, O.

Sec. 17706. (1) "Manufacturer" means a person that prepares, produces, derives, propagates, compounds, processes, packages, or repackages a drug or device salable on prescription only, or otherwise changes the container or the labeling of a drug or device salable on prescription only, and that supplies, distributes, sells, offers for sale, barters, or otherwise disposes of that drug or device and any other drug or device salable on prescription only, to another person for resale, compounding, or dispensing. Manufacturer does not include a pharmacy unless the pharmacy meets the requirements described in section 17748f.

(2) "Official compendium" means the United States Pharmacopoeia and the National Formulary, or the Homeopathic Pharmacopoeia of the United States, as applicable. If an official compendium is revised after September 30, 2014, the department shall officially take notice of the revision. Within 30 days after taking notice of the revision, the department, in consultation with the board, shall decide whether the revision continues to protect the public health as it relates to the manner that the official compendium is used in this act. If the department, in consultation with the board, decides that the revision continues to protect the public health, the department may issue an order to incorporate the revision by reference. If the department issues an order under this subsection to incorporate the revision by reference, the department shall not make any changes to the revision.

(3) "Outsourcing facility" means that term as defined in 21 USC 353b.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 304, Eff. Mar. 31, 1987;—Am. 2014, Act 280, Eff. Sept. 30, 2014;—Am. 2020, Act 142, Imd. Eff. July 14, 2020.

**Popular name:** Act 368

### 333.17707 Definitions; P.

Sec. 17707. (1) "Parent pharmacy" means a pharmacy that operates a remote pharmacy through a telepharmacy system.

(2) "Personal charge" means the immediate physical presence of a pharmacist or dispensing prescriber.

(3) "Pharmacist" means an individual who is licensed under this article to engage in the practice of pharmacy.

(4) "Pharmacist in charge" or "PIC" means the pharmacist who is designated by a pharmacy, manufacturer,

© Courtesy of www.legislature.mi.gov

wholesale distributor, or wholesale distributor-broker as its pharmacist in charge under section 17748(2).

(5) "Pharmacist intern" or "intern" means an individual who satisfactorily completes the requirements set forth in rules promulgated by the department in consultation with the board and is licensed by the board for the purpose of obtaining instruction in the practice of pharmacy from a preceptor approved by the board.

(6) "Pharmacy" means a facility or part of a facility that is licensed under this part to dispense prescription drugs or prepare prescription drugs for delivery or distribution. Pharmacy does not include the office of a dispensing prescriber or an automated device. For the purpose of a duty placed on a pharmacy under this part, "pharmacy" means the person to which the pharmacy license is issued, unless otherwise specifically provided.

(7) "Pharmacy technician" means an individual who is required to hold a health profession subfield license under this part to serve as a pharmacy technician.

(8) "Practice of pharmacy" means a health service, the clinical application of which includes the encouragement of safety and efficacy in the prescribing, dispensing, administering, and use of drugs and related articles for the prevention of illness, and the maintenance and management of health. Practice of pharmacy includes the direct or indirect provision of professional functions and services associated with the practice of pharmacy. Professional functions associated with the practice of pharmacy include the following:

(a) The interpretation and evaluation of the prescription.

(b) Drug product selection.

(c) The compounding, dispensing, safe storage, and distribution of drugs and devices.

(d) The maintenance of legally required records.

(e) Advising the prescriber and the patient as required as to contents, therapeutic action, utilization, and possible adverse reactions or interactions of drugs.

(f) Ordering and administering qualified immunizing agents in accordance with section 17724.

(g) Ordering and administering qualified laboratory tests in accordance with section 17724a.

(h) Issuing prescriptions for hormonal contraceptive patches, self-administered hormonal contraceptives, emergency contraceptives, and vaginal ring hormonal contraceptives in accordance with section 17744g.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1990, Act 333, Eff. Mar. 28, 1991;—Am. 2014, Act 280, Eff. Sept. 30, 2014;—Am. 2014, Act 285, Eff. Dec. 22, 2014;—Am. 2016, Act 528, Eff. Apr. 9, 2017;—Am. 2020, Act 4, Eff. Apr. 26, 2020;—Am. 2020, Act 142, Imd. Eff. July 14, 2020;—Am. 2023, Act 97, Imd. Eff. July 19, 2023;—Am. 2024, Act 242, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.17708 Definitions; P to R; limitation on prescription of pharmacological agents.

Sec. 17708. (1) "Preceptor" means a pharmacist approved by the board to direct the training of an intern in an approved pharmacy.

(2) "Prescriber" means a licensed dentist; a licensed doctor of medicine; a licensed doctor of osteopathic medicine and surgery; a licensed doctor of podiatric medicine and surgery; a licensed physician's assistant; subject to part 174, a licensed optometrist; subject to section 17211a, an advanced practice registered nurse; a licensed veterinarian; subject to subsection (7), a registered professional nurse who holds a specialty certification as a nurse anesthetist under section 17210 when engaging in the practice of nursing and providing the anesthesia and analgesia services described in section 17210(3); or any other licensed health professional acting under the delegation and using, recording, or otherwise indicating the name of the delegating licensed doctor of medicine or licensed doctor of osteopathic medicine and surgery. As used in this subsection:

(a) "Advanced practice registered nurse" means that term as defined in section 17201 and includes a licensed advanced practice registered nurse.

(b) "License" means that term as defined in section 16106 and includes an authorization issued under the laws of another state or province of Canada to practice a profession described in this subsection in that state or province of Canada where practice would otherwise be unlawful.

(3) "Prescription" means an order by a prescriber to fill, compound, or dispense a drug or device written and signed; written or created in an electronic format, signed, and transmitted by facsimile; or transmitted electronically or by other means of communication. An order transmitted in other than written or hard-copy form must be electronically recorded, printed, or written and immediately dated by the pharmacist, and that record is considered the original prescription. In a health facility or agency licensed under article 17 or other medical institution, an order for a drug or device in the patient's chart is considered for the purposes of this definition the original prescription. For purposes of this part, prescription also includes a standing order issued under section 17744e and an order to dispense a hormonal contraceptive patch, a self-administered hormonal contraceptive, an emergency contraceptive, or a vaginal ring hormonal contraceptive issued by a pharmacist under section 17744g. Subject to section 17751(2) and (5), prescription includes, but is not limited to, an order for a drug, not including a controlled substance except under circumstances described in section

© Courtesy of www.legislature.mi.gov

17763(e), written and signed; written or created in an electronic format, signed, and transmitted by facsimile; or transmitted electronically or by other means of communication by a prescriber in another state or province of Canada.

(4) Subject to subsection (5), "prescription drug" means a drug to which 1 or more of the following apply:

(a) The drug is dispensed pursuant to a prescription.

(b) The drug bears the federal legend "CAUTION: federal law prohibits dispensing without prescription" or "Rx only".

(c) The drug is designated by the board as a drug that may only be dispensed pursuant to a prescription.

(5) For purposes of this part, prescription drug also includes a drug dispensed pursuant to section 17724a or 17744f.

(6) "Remote pharmacy" means a pharmacy described in sections 17742a and 17742b.

(7) The authority of a registered professional nurse who holds a specialty certification as a nurse anesthetist under section 17210 to prescribe pharmacological agents is limited to pharmacological agents for administration to patients as described in section 17210(3)(b), (c), or (d). Subsection (2) does not require new or additional third party reimbursement or mandated worker's compensation benefits for anesthesia and analgesia services provided under section 17210(3) by a registered professional nurse who holds a specialty certification as a nurse anesthetist under section 17210.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1994, Act 384, Eff. Mar 30, 1995;—Am. 1997, Act 153, Eff. Mar. 31, 1998;—Am. 2005, Act 85, Imd. Eff. July 19, 2005;—Am. 2006, Act 672, Imd. Eff. Jan. 10, 2007;—Am. 2009, Act 150, Imd. Eff. Nov. 19, 2009;—Am. 2011, Act 155, Imd. Eff. Sept. 27, 2011;—Am. 2012, Act 209, Imd. Eff. June 27, 2012;—Am. 2016, Act 49, Eff. **Compiler's note:** Enacting section 1 of Act 49 of 2016 provides:

"Enacting section 1. Section 16349 of the public health code, 1978 PA 368, MCL 333.16349, as amended by this amendatory act, applies to licensing fees required to be paid after December 31, 2018."

**Popular name:** Act 368

### 333.17709 Definitions; S to W.

Sec. 17709. (1) "Self-administered hormonal contraceptive" means a drug composed of a single hormone or combination of hormones that is approved by the FDA to prevent pregnancy and that the individual to whom the drug is prescribed may take orally, inject, or otherwise self-administer.

(2) "Sign" means to affix one's signature manually to a document or to use an electronic signature when transmitting a prescription electronically.

(3) "Sterile pharmaceutical" means a dosage form of a drug that is essentially free from living microbes and chemical or physical contamination to the point at which it poses no present risk to the patient, in accordance with USP standards. As used in this subsection, "dosage form" includes, but is not limited to, parenteral, injectable, and ophthalmic dosage forms.

(4) "Substitute" means to dispense, without the prescriber's authorization, a different drug in place of the drug prescribed.

(5) "Surveillance system" means a real-time, continuous audio and visual camera system that connects a pharmacist at a parent pharmacy with a remote pharmacy for the purposes of providing oversight and security surveillance.

(6) "Telepharmacy system" means an interoperable computer system that meets all of the following requirements:

(a) Shares real-time data and uses a real-time audio and video link to connect a pharmacist at a parent pharmacy with a remote pharmacy operated by the parent pharmacy.

(b) Uses a camera that is of sufficient quality and resolution to allow a pharmacist at a parent pharmacy who is reviewing a prescription to visually identify the markings on tablets and capsules at the remote pharmacy.

(7) "USP standards" means the pharmacopeial standards for drug substances, dosage forms, and compounded preparations based on designated levels of risk as published in the official compendium.

(8) "Wholesale distributor" means a person, other than a manufacturer or wholesale distributor-broker, that supplies, distributes, sells, offers for sale, barters, or otherwise disposes of, to other persons for resale, compounding, or dispensing, a drug or device salable on prescription only that the distributor has not prepared, produced, derived, propagated, compounded, processed, packaged, or repackaged, or otherwise changed the container or the labeling of the drug or device. A wholesale distributor does not include a pharmacy unless the pharmacy meets the requirements of section 17748f.

© Courtesy of www.legislature.mi.gov

(9) "Wholesale distributor-broker" means a person that meets both of the following:

(a) The person facilitates the delivery or trade of a drug or device salable on prescription only, other than a controlled substance, between pharmacies, or between a pharmacy and a qualified pharmacy as that term is defined in section 17748e, for the purpose of filling a prescription for an identified patient.

(b) The person does not take possession or ownership of a drug or device salable on prescription only or coordinate warehousing of the drug or device.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 672, Imd. Eff. Jan. 10, 2007;—Am. 2014, Act 280, Eff. Sept. 30, 2014;—Am. 2020, Act 4, Eff. Apr. 26, 2020;—Am. 2020, Act 142, Imd. Eff. July 14, 2020;—Am. 2024, Act 242, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.17711 Practice of pharmacy or pharmacy technician; license or authorization required; use of words, titles, or letters.

Sec. 17711. (1) An individual shall not engage in the practice of pharmacy unless licensed or otherwise authorized by this article. Beginning October 1, 2015, an individual shall not serve as a pharmacy technician unless licensed or otherwise authorized by this article.

(2) The following words, titles, or letters or a combination of words, titles, or letters, with or without qualifying words or phrases, are restricted in use only to those persons authorized under this part to use the terms and in a way prescribed in this part: "pharmacy", "pharmacist", "Pharm.D", "doctor of pharmacy", "pharmacy intern", "pharmacy technician", "licensed pharmacy technician", "certified pharmacy technician", "CPhT", "apothecary", "dispensary", "drugstore", "druggist", "medicine store", "prescriptions", and "r.ph.".

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 390, Imd. Eff. Sept. 27, 2006;—Am. 2014, Act 285, Eff. Dec. 22, 2014;—Am. 2014, Act 413, Eff. Mar. 30, 2015;—Am. 2015, Act 91, Imd. Eff. June 25, 2015.

**Popular name:** Act 368

### 333.17713 Temporary regulations of pharmacists and prescriptions during qualified order or declaration; definitions.

Sec. 17713. (1) Notwithstanding any provision of this article or rule promulgated under this article to the contrary, beginning on December 29, 2020, all of the following apply while a qualified order or declaration is in effect:

(a) A pharmacist may temporarily operate a pharmacy in a location that is not designated on a pharmacy license. However, the pharmacy described in this subdivision may not prepare a sterile drug product beyond a low-risk preparation, as defined by USP standards, for immediate inpatient administration.

(b) A pharmacist may substitute a therapeutically equivalent drug for a drug that is the subject of a critical shortage. A pharmacist substituting a drug under this subdivision shall inform the patient of the substitution and notify the prescriber of the substitution within a reasonable period of time. A prescriber is not subject to criminal prosecution, civil liability, or administrative sanction as a result of a pharmacist's substitution under this subdivision.

(c) A preceptor may supervise a student pharmacist remotely to fulfill eligibility requirements for licensure and to avoid a delay in graduation.

(d) A pharmacist may oversee a pharmacy technician and other pharmacy staff remotely through the use of a real-time, continuous audiovisual camera system that is capable of allowing the pharmacist to visually identify the markings on tablets and capsules. The pharmacist must have access to all relevant patient information to accomplish remote oversight and must be available at all times during the oversight to provide real-time patient consultation. A pharmacy technician shall not perform sterile or nonsterile compounding without a pharmacist on the premises.

(e) An out-of-state pharmacy that is in good standing is considered licensed to do business in this state. An out-of-state pharmacy shall not deliver a controlled substance into this state, except that, notwithstanding article 7 or any rule promulgated under that article, an out-of-state pharmacy may deliver a controlled substance that is compounded for a drug shortage, as determined by the FDA. An out-of-state pharmacy shall comply with this part and the rules promulgated by this part, except that an out-of-state pharmacy is not required to designate a pharmacist in charge for the out-of-state pharmacy. To provide sterile compounding services to a patient in this state, an out-of-state pharmacy shall hold a current accreditation from a national organization approved by the board.

(f) A manufacturer or wholesale distributor that is licensed in another state is considered to be licensed to do business in this state. Notwithstanding article 7 or any rule promogulated under that article, a manufacturer or wholesale distributor that holds a license in good standing in another state may temporarily distribute a controlled substance in this state to a hospital or to a manufacturer or wholesale distributor that is licensed under this part. An out-of-state license described in this subdivision is not considered to be in good standing

© Courtesy of www.legislature.mi.gov

for purposes of this subdivision if it has been suspended or revoked or is the subject of pending disciplinary action in another state. If an out-of-state license described in this subdivision contains restrictions or conditions, those restrictions or conditions apply in this state for purposes of this subdivision.

(g) A pharmacy may confirm the delivery of a prescription drug, excluding a controlled substance, to a patient by any reasonable means, including, but not limited to, a telephone call, a text message, or email.

(2) As used in this section:

(a) "Out-of-state pharmacy" means a facility or part of a facility that is located outside of this state and that is licensed in another state to dispense prescription drugs or prepare prescription drugs for delivery or distribution.

(b) "Qualified epidemic" means an epidemic involving a respiratory disease that can easily spread between individuals and may result in serious illness or death.

(c) "Qualified order or declaration" means 1 of the following issued in response to a qualified epidemic:

(*i*) An emergency order under section 2253.

(*ii*) A state of disaster or state of emergency declared under the emergency management act, 1976 PA 390, MCL 30.401 to 30.421.

**History:** Add. 2020, Act 324, Imd. Eff. Dec. 29, 2020;—Am. 2023, Act 97, Imd. Eff. July 19, 2023.

**Popular name:** Act 368

### 333.17721 Michigan board of pharmacy; creation; membership; terms.

Sec. 17721. (1) The Michigan board of pharmacy is created in the department and consists of the following 11 voting members who meet the requirements of part 161:

(a) Six pharmacists.

(b) One pharmacy technician.

(c) Four public members.

(2) The terms of office of the individual members of the board created under this section, except those appointed to fill vacancies, expire 4 years after appointment on June 30 of the year in which the term expires.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2006, Act 390, Imd. Eff. Sept. 27, 2006;—Am. 2014, Act 285, Eff. Dec. 22, 2014.

**Popular name:** Act 368

### 333.17722 Michigan board of pharmacy; duties generally.

Sec. 17722. In addition to the functions set forth in part 161, except as otherwise provided in this part, the board shall do the following:

(a) Regulate, control, and inspect the character and standard of pharmacy practice and of drugs and devices manufactured, distributed, prescribed, dispensed, administered, or issued in this state and procure samples and limit or prevent the sale of drugs and devices that do not comply with this part.

(b) Prescribe minimum criteria for the use of professional and technical equipment and references in the compounding and dispensing of drugs and devices.

(c) Grant a pharmacy license for each separate place of practice in which the compounding or dispensing of prescription drugs or devices, or both, or the receiving of prescription orders in this state is to be conducted.

(d) Grant a drug control license for the place of practice of a dispensing prescriber who meets the requirements for the license.

(e) Grant a license to a manufacturer, wholesale distributor, or wholesale distributor-broker that meets the requirements for the license.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2020, Act 4, Eff. Apr. 26, 2020;—Am. 2020, Act 142, Imd. Eff. July 14, 2020.

**Popular name:** Act 368

**Administrative rules:** R 338.3971 et seq. of the Michigan Administrative Code.

### 333.17723 Pilot project to maintain or improve patient care in delivery of pharmacy services and improving patient outcomes.

Sec. 17723. (1) Subject to this section, the board may approve a pilot project that is designed to utilize new or expanded technology or processes and to provide patients with better pharmacy products or provide pharmacy services in a more efficient manner. The board shall ensure that a pilot project it approves under this section is focused on maintaining or improving patient care in the delivery of pharmacy services and improving patient outcomes. The department may charge petitioners a filing fee sufficient to cover the department's costs incurred while administering and monitoring the pilot project under this section.

© Courtesy of www.legislature.mi.gov

(2) The department shall do all of the following:

(a) Establish and administer a process to receive, review, and accept or deny petitions for proposed pilot projects.

(b) Establish time frames for the receipt, review, and approval or denial of petitions for proposed pilot projects.

(c) Designate the individuals who will review and evaluate petitions for proposed pilot projects.

(3) The board shall not approve more than 10 pilot projects under this section. If it determines necessary, the board or department may further limit the number of approved pilot projects based on the scope and type of petitions for proposed pilot projects received.

(4) The board shall not approve a pilot project that does any of the following:

(a) Expands the definition of the practice of pharmacy.

(b) Provides for the therapeutic substitution or substitution of medical devices used in patient care.

(c) Allows a pharmacy or pharmacist to be involved with a pilot project if the pharmacy's or pharmacist's license is not current or is under investigation for or subject to a sanction for a violation of this act.

(5) The department, in consultation with the board, may grant to a petitioner conducting an approved pilot project under this section an exception to a rule promulgated under this part. The department shall not grant an exception under this subsection from any law relating to the practice of pharmacy. The department shall grant an exception under this subsection for a specified period of time, which period must not exceed 18 months unless extended under subsection (12).

(6) A petitioner who wishes the board to consider a pilot project for approval under this section shall submit to the department a petition that contains all of the following information:

(a) The name, address, telephone number, electronic mail address, and Michigan license number of the pharmacist responsible for overseeing the proposed pilot project.

(b) The specific location where the proposed pilot project will be conducted. The petitioner shall include the Michigan license number of the pharmacy and a statement that the Michigan license of the pharmacy and any pharmacist involved with the pilot project is current, is not under investigation for or subject to a sanction for a violation of this act, and will remain in good standing for the duration of the pilot project.

(c) A detailed summary of the proposed pilot project that includes all of the following:

(*i*) The goals, hypothesis, and objectives, as applicable, of the proposed pilot project.

(*ii*) A full explanation of the proposed pilot project and how the project will be conducted.

(*iii*) The initial time frame for the pilot project, including the proposed start date and length of the project, which initial time frame must not exceed 18 months.

(*iv*) All background information and literature review, as applicable, to support the proposed pilot project.

(*v*) If applicable, identification of the rules promulgated under this part from which the petitioner is requesting an exception as provided in subsection (5) in order to complete the proposed pilot project and a request for that exception.

(*vi*) If applicable, procedures the petitioner will use during the proposed pilot project to ensure that the public's health and safety are not compromised as a result of an exception to a rule being granted under subsection (5).

(*vii*) The procedures the petitioner will use to protect the identity and privacy of patients in accordance with existing federal and state law and consistent with regulations promulgated under the health insurance portability and accountability act of 1996, Public Law 104-191.

(7) Upon approval of a petition for a pilot project, the department shall specify a time period for the operation of that pilot project, which period must not exceed 18 months unless extended under subsection (11). The department, in consultation with the board, may include appropriate conditions or qualifications on the approval of a pilot project. The department or board may suspend the operation of a pilot project if it determines that the petitioner or any person involved with the pilot project has deviated the operation of the pilot project from the plan of operation that was approved.

(8) If determined appropriate for the pilot project approved under this section, the board or department may require the petitioner to notify patients that pharmacy services are being provided as part of a pilot project. If required under this subsection, the petitioner shall notify patients in the manner required by the board or department.

(9) The petitioner shall allow the department to inspect and review pilot project documentation and the pilot project site at any time during the review process and after the pilot project is approved. The pharmacist responsible for overseeing an approved pilot project shall forward all of the following to the department:

(a) Progress reports at intervals specified by the department.

(b) A summary of the results of the project and conclusions drawn from the results of the project within 3 months after completion of the pilot project.

© Courtesy of www.legislature.mi.gov

(10) The individuals designated to review and evaluate petitions under subsection (2)(c) shall review the progress reports and the summary of the results of the pilot project submitted under subsection (9). Within 90 days after receipt of the summary of the results of the pilot project under subsection (9), the individuals designated to review and evaluate petitions under subsection (2)(c) shall submit a written report to the department regarding the results of the pilot project. The department shall provide a copy of the written report submitted under this subsection to the board. The individuals designated to review and evaluate petitions under subsection (2)(c) shall submit a copy of the written report to the petitioner at least 2 weeks before the board meeting at which the report will be considered by the board. Upon the request of the petitioner, the board shall allow the petitioner to make a presentation to the board.

(11) If determined appropriate by the board at the meeting at which the written report is considered under subsection (10), and if approved by the department, the specified period of time for conducting a pilot project under subsection (7) may be extended for an additional period of up to 18 months. The board or department shall not grant an extension that would result in a specified period of time for conducting a pilot project under this section to exceed 36 months.

(12) If the department, in consultation with the board, determines that a pilot project for which an exception to a rule has been granted under subsection (5) should be extended so that rules may be promulgated in order to allow the pilot project to be conducted on a permanent basis, the department may extend the exception to the rule for an additional period of up to 18 months.

**History:** Add. 2013, Act 267, Eff. Mar. 30, 2014.

**Popular name:** Act 368

### 333.17724 Ordering and administration of qualified immunizing agent by pharmacist; requirements and duties; promulgation of rules; exception emergency order; definitions.

Sec. 17724. (1) Subject to this section, a pharmacist may, without acting under the direction of a physician, order and administer a qualified immunizing agent to an individual who is 3 years of age or older.

(2) Before ordering or administering a qualified immunizing agent under this section, a pharmacist shall comply with all of the following:

(a) Successfully complete a training program approved under subsection (4).

(b) If the pharmacist is ordering a qualified immunizing agent for or administering a qualified immunizing agent to an individual who is less than 19 years of age and the pharmacy does not participate in the Vaccines for Children Program administered by the Centers for Disease Control and Prevention, inform the individual that the individual may qualify for the Vaccines for Children Program and notify the individual of local providers that participate in the program. This subdivision does not apply if a public or private third-party payer provides coverage for the cost of ordering or administering the qualified immunizing agent to the individual.

(3) A pharmacist who administers a qualified immunizing agent under this section shall do all of the following:

(a) Comply with rules promulgated under this section in addition to any other requirement established by law.

(b) If the qualified immunizing agent is administered to an individual who is 20 years of age or older, report the administration of the qualified immunizing agent to the Michigan care improvement registry within 72 hours after administering the qualified immunizing agent in the same manner as required under section 9206 for a health care provider who is administering an immunizing agent to a child.

(4) The department, in consultation with the board, shall promulgate rules to implement this section. The rules must require the training program required under this section to include a course on the administration of vaccines that is provided by an entity accredited by the Accreditation Council for Pharmacy Education.

(5) This section does not prohibit a pharmacist from ordering or administering an immunizing agent pursuant to federal law or an emergency order.

(6) As used in this section:

(a) "Immunizing agent" means that term as defined in section 9201.

(b) "Michigan care improvement registry" means the Michigan care improvement registry established under section 9207.

(c) "Qualified immunizing agent" means an immunizing agent that meets all of the following requirements:

(*i*) Is a vaccine that is recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.

(*ii*) Is a vaccine that is approved or authorized for use by the Food and Drug Administration or has been authorized for emergency use by the Food and Drug Administration.

**History:** Add. 2023, Act 97, Imd. Eff. July 19, 2023.

**Popular name:** Act 368

### 333.17724a Ordering and administration of qualified laboratory tests by pharmacist; requirements and duties; promulgation of rules; exceptions; "qualified laboratory test" defined.

Sec. 17724a. (1) Subject to this section, a pharmacist may order a qualified laboratory test for and administer the qualified laboratory test to an individual if the qualified laboratory test meets all of the following requirements:

(a) The qualified laboratory test is classified as waived by the Food and Drug Administration.

(b) The qualified laboratory test requires only the use of a specimen collected by a nasal or throat swab or a finger prick.

(c) The qualified laboratory test is used to detect or screen for any of the following:

(*i*) COVID-19.

(*ii*) Influenza.

(*iii*) A respiratory infection.

(2) Before ordering or administering a qualified laboratory test under this section, a pharmacist shall successfully complete the training program approved under subsection (5).

(3) A pharmacist who orders a qualified laboratory test for or administers a qualified laboratory test to an individual under this section shall advise the individual of the test result and refer the individual to a physician, or another health professional, designated by the individual.

(4) A pharmacist who orders a qualified laboratory test for and administers that qualified laboratory test to an individual under this section for purposes of detecting or screening for COVID-19 or influenza may, without a prescription, dispense a drug to the individual if all of the following are met:

(a) The pharmacist determines that the drug is needed to treat the individual for COVID-19 or influenza based on the individual's test result.

(b) The drug is an antiviral drug and is available at the pharmacy.

(c) The drug is provided pursuant to protocols established by the Centers for Disease Control and Prevention or public health guidelines established by the department of health and human services.

(d) The pharmacist complies with subsection (3) and any other requirement established by rule under this section.

(5) The department, in consultation with the board, shall promulgate rules to implement this section. The rules must require the training program required under this section to require a pharmacist to demonstrate sufficient knowledge of how to administer and interpret each laboratory test that the pharmacist may order or administer under this section and to demonstrate sufficient knowledge of each illness, condition, or disease described in subsection (1) for which the pharmacist provides treatment based on the results of a qualified laboratory test.

(6) This section does not prohibit a pharmacist from doing any of the following:

(a) Ordering or administering a laboratory test as a delegated act of a physician or another health professional under section 16215.

(b) Ordering or administering a laboratory test pursuant to federal law or an emergency order.

(c) Dispensing a drug to a patient without a prescription pursuant to federal law or an emergency order.

(7) As used in this section, "qualified laboratory test" means a laboratory test meeting the requirements described in subsection (1).

**History:** Add. 2023, Act 97, Imd. Eff. July 19, 2023.

**Popular name:** Act 368

### 333.17726 Certificate of licensure; issuance.

Sec. 17726. The department shall issue a certificate of licensure to an applicant who is granted a license under this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2020, Act 4, Eff. Apr. 26, 2020.

**Popular name:** Act 368

### 333.17731 Renewal of pharmacist or pharmacy technician license; continuing education; rules.

Sec. 17731. (1) Notwithstanding the requirements of part 161, the board may require either of the following:

(a) That a licensee seeking renewal of a pharmacist's license furnish the department with satisfactory evidence that during the 2 years immediately preceding application for renewal, he or she attended continuing

© Courtesy of www.legislature.mi.gov

education courses or programs, approved by the board, totaling not less than 30 hours or satisfactorily completed a proficiency examination according to rules promulgated by the department in consultation with the board.

(b) That a licensee seeking renewal of a pharmacy technician's license furnish the department with satisfactory evidence that during the 2 years immediately preceding application for renewal, he or she has attended at least 20 hours of continuing education courses or programs, approved by the board, or satisfactorily completed a proficiency examination according to rules promulgated by the department in consultation with the board.

(2) The department in consultation with the board shall promulgate rules requiring each applicant for license renewal to complete as part of the continuing education or proficiency examination requirement of subsection (1) an appropriate number of hours or courses in pain and symptom management.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 290, Imd. Eff. Dec. 22, 1986;—Am. 1994, Act 234, Imd. Eff. June 30, 1994;—Am. 2014, Act 285, Eff. Dec. 22, 2014.

**Popular name:** Act 368

**Administrative rules:** R 338.3041 et seq. of the Michigan Administrative Code.

### 333.17733 Relicensure of pharmacist; requirements.

Sec. 17733. A pharmacist who has not actively engaged in the practice of pharmacy for more than 3 consecutive years may be granted relicensure upon application and completion of a program of practical pharmacy experience of at least 200 hours, as determined by the board.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1981, Act 215, Imd. Eff. Jan. 5, 1982;—Am. 1988, Act 462, Eff. Sept. 1, 1989.

**Popular name:** Act 368

### 333.17737 Rules establishing standards for internship program; limited license required.

Sec. 17737. (1) The board shall promulgate rules to establish standards for an internship program and participation therein by interns and preceptors.

(2) An individual shall not engage in an internship program which includes the practice of pharmacy without a limited license under this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17739 Pharmacy technician; functions; licensure.

Sec. 17739. (1) An individual who performs any of the following functions is considered to be serving as a pharmacy technician and, except as otherwise provided in this part, is required to be licensed under this part as a pharmacy technician:

(a) Assisting in the dispensing process.

(b) Handling transfer of prescriptions, except controlled substances prescriptions.

(c) Compounding drugs.

(d) Preparing or mixing intravenous drugs for injection into a human patient.

(e) Contacting prescribers concerning prescription drug order clarification, which does not include drug regimen review or clinical or therapeutic interpretation.

(f) Receiving verbal orders for prescription drugs, except orders for controlled substances.

(g) Subject to section 16215, performing any other functions authorized under rules promulgated by the department in consultation with the board.

(2) A pharmacy or dispensing prescriber that utilizes the services of a pharmacy technician shall ensure that all of the following requirements, as applicable, are met:

(a) The pharmacy technician is licensed or otherwise authorized to serve as a pharmacy technician under this part.

(b) The pharmacy technician only performs the activities or functions that he or she is licensed or otherwise authorized to perform under this part or rules promulgated under this part.

(c) Except for a remote pharmacy or as otherwise provided by rule promulgated by the department in consultation with the board, the pharmacy technician only performs the activities or functions described in subdivision (b) under the supervision and personal charge of the pharmacist or dispensing prescriber.

**History:** Add. 2014, Act 285, Eff. Dec. 22, 2014;—Am. 2020, Act 4, Eff. Apr. 26, 2020.

**Popular name:** Act 368

### 333.17739a Pharmacy technician; licensure; requirements; exemption from certain requirements.

© Courtesy of www.legislature.mi.gov

Sec. 17739a. (1) Subject to subsection (2), the department may license an individual who meets all of the following requirements as a pharmacy technician under this part:

(a) Submits a completed application to the department on a form prescribed by the department.

(b) Except as otherwise provided in subsection (4), graduated from an accredited high school or comparable school or educational institution or passed the general educational development test or other graduate equivalency examination.

(c) Satisfies the requirements of section 16174.

(d) Except as otherwise provided in subsection (4), passes and submits proof to the department of passage of any of the following:

(*i*) The certified pharmacy technician examination given by the Pharmacy Technician Certification Board.

(*ii*) The certified pharmacy technician examination given by the National Healthcareer Association.

(*iii*) Any other nationally recognized and administered certification examination approved by the board.

(*iv*) An employer-based training program examination that is approved by the board and covers job descriptions, pharmacy security, commonly used medical abbreviations, routes of administration, product selection, final check by pharmacists, guidelines for the use of pharmacy technicians, pharmacy terminology, basic drug information, basic calculations, quality control procedures, state and federal laws and regulations regarding pharmacy technician duties, pharmacist duties, pharmacy intern duties, prescription or drug order processing procedures, drug record-keeping requirements, patient confidentiality, and pharmacy security and drug storage.

(2) An individual who is not a pharmacist, pharmacist intern, or pharmacy technician shall not perform any of the functions described in section 17739(1) for a pharmacy.

(3) A pharmacist shall not allow any individual employed or otherwise under the personal charge of the pharmacist to violate subsection (2). A person that owns, manages, operates, or conducts a pharmacy shall not allow any individual employed or otherwise under the control of that person to violate subsection (2).

(4) An individual who meets any of the following is not required to meet the requirements of subsection (1)(b) and (d) to be eligible for a license under subsection (1):

(a) As provided in section 16171(a), is a student in a pharmacy technician program approved by the board.

(b) Is applying for a temporary license under section 17739b.

(c) Is applying for a limited license under section 17739c.

**History:** Add. 2014, Act 285, Eff. Dec. 22, 2014;—Am. 2015, Act 133, Imd. Eff. Sept. 30, 2015.

**Popular name:** Act 368

### 333.17739b Pharmacy technician; temporary license.

Sec. 17739b. (1) Subject to section 17739a(4), the department may issue a temporary license as a pharmacy technician to an individual who is preparing for the examination under section 17739a(1)(d). Notwithstanding section 16181, the term of a temporary license issued under this section expires 1 year after the date the temporary license is issued.

(2) An individual requesting a temporary license under this section shall submit a completed application, on a form prescribed by the department, to the department and pay the applicable fee under section 16333.

(3) An individual who holds a temporary license as a pharmacy technician issued under subsection (1) is subject to all of the requirements of this part, and rules promulgated by the department in consultation with the board, applicable to pharmacy technicians except the examination requirement under section 17739a(1)(d).

**History:** Add. 2014, Act 285, Eff. Dec. 22, 2014;—Am. 2015, Act 133, Imd. Eff. Sept. 30, 2015.

**Popular name:** Act 368

### 333.17739c Pharmacy technician; limited license.

Sec. 17739c. (1) In addition to the requirement of section 16182 and subject to section 17739a(4), the department may issue a limited license as a pharmacy technician to an individual if all of the following are met:

(a) The individual was employed as a pharmacy technician by a pharmacy on December 22, 2014 and has been continuously employed by that pharmacy since that date.

(b) The individual submits a completed application to the department on a form prescribed by the department and meets the requirements of section 16174.

(c) The individual provides documentation of satisfactory employment as a pharmacy technician for a minimum of 1,000 hours during the 2-year period immediately preceding the date of his or her application under subdivision (b).

(d) The applicable fee under section 16333 is paid.

© Courtesy of www.legislature.mi.gov

(2) Except as otherwise provided in subsection (5), an individual who holds a limited license under this section may only act as a pharmacy technician for the pharmacy described in subsection (1)(a) and only until 1 of the following occurs:

(a) He or she is no longer employed by that pharmacy to perform those functions.

(b) He or she performs any of those functions for another pharmacy.

(3) The term of a limited pharmacy technician license issued by the department under this section is the same as a pharmacy technician license issued by the department under section 17739a.

(4) An individual who holds a limited pharmacy technician license issued under this section is subject to all of the requirements of this part, and the rules promulgated by the department in consultation with the board, except the examination requirement under section 17739a(1)(d).

(5) An individual who is employed as a pharmacy technician by an employer that operates multiple licensed pharmacy locations may work as a limited license pharmacy technician at any of the employer's licensed pharmacy locations in this state.

**History:** Add. 2014, Act 285, Eff. Dec. 22, 2014;—Am. 2015, Act 133, Imd. Eff. Sept. 30, 2015.

**Popular name:** Act 368

### 333.17741 Pharmacy license required; personal charge of pharmacy by pharmacist; responsibility for compliance with laws; control and personal charge of pharmacy services; remote pharmacy exception; effect of violation on pharmacy license.

Sec. 17741. (1) A pharmacy must not be operated unless licensed under this part.

(2) Except for a remote pharmacy, a pharmacy open for business must be under the personal charge of a pharmacist. A pharmacist shall not simultaneously have personal charge of more than 1 pharmacy.

(3) The person to whom a pharmacy license is issued and the pharmacists on duty are responsible for compliance with federal and state laws regulating the distribution of drugs and the practice of pharmacy. Except for a remote pharmacy, pharmacy services must be conducted under the control and personal charge of a pharmacist.

(4) A sanction for a violation of this part only affects the pharmacy license of the place of business where the violation occurred.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2020, Act 4, Eff. Apr. 26, 2020.

**Popular name:** Act 368

### 333.17742 Disclosure; "applicant" defined.

Sec. 17742. (1) The board may require an applicant or the holder of a pharmacy, manufacturer's, wholesale distributor's, or wholesale distributor-broker's license to fully disclose the identity of each partner, stockholder, officer, or member of the board of directors of the pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker, as applicable.

(2) As used in this section and sections 17742a, 17748, 17748a, 17748e, and 17768, "applicant" means a person applying for a pharmacy, manufacturer's, wholesale distributor's, or wholesale distributor-broker's license under this article. Applicant includes only 1 or more of the following:

(a) An individual, if the person applying is an individual.

(b) All partners, including limited partners, if the person applying is a partnership.

(c) All stockholders, officers, and members of the board of directors, if the person applying is a privately held corporation.

**History:** Add. 1987, Act 250, Imd. Eff. Dec. 28, 1987;—Am. 2014, Act 280, Eff. Sept. 30, 2014;—Am. 2020, Act 4, Eff. Apr. 26, 2020;—Am. 2020, Act 142, Imd. Eff. July 14, 2020.

**Popular name:** Act 368

### 333.17742a Remote pharmacy; operation; licensure requirements; location waiver; exception.

Sec. 17742a. (1) A parent pharmacy shall not operate a remote pharmacy in this state unless the parent pharmacy and the remote pharmacy are each located in this state and licensed as a pharmacy under this part.

(2) The department shall grant a pharmacy license to an applicant seeking to operate a remote pharmacy if the applicant meets all of the following:

(a) Submits a completed application and pays the applicable fee under section 16333.

(b) Demonstrates to the satisfaction of the department that the parent pharmacy and the proposed remote pharmacy share common ownership.

(c) Subject to subsection (3), demonstrates to the satisfaction of the department that, at the time of the

© Courtesy of www.legislature.mi.gov

application, the location of the proposed remote pharmacy is not within 10 miles of another pharmacy. This subdivision does not apply if the remote pharmacy is located at a hospital or mental health facility.

(d) Meets any other requirement for licensure as a pharmacy as established by the department, in consultation with the board, by rule.

(3) An applicant seeking a pharmacy license under subsection (2) may apply to the board for a waiver of the mileage requirement described in subsection (2)(c). The board shall only grant a request for a waiver if the applicant demonstrates to the satisfaction of the board that the location of the proposed remote pharmacy is in an area where there is limited access to pharmacy services and that there are compelling circumstances that justify waiving the requirement.

(4) If a pharmacy license is granted to a pharmacy that is located within 10 miles of a remote pharmacy after the remote pharmacy's license is granted or renewed, the remote pharmacy may continue to operate.

**History:** Add. 2020, Act 4, Eff. Apr. 26, 2020.

**Popular name:** Act 368

### 333.17742b Staffing of remote pharmacy; requirements; written policy and procedure manual; public notice display; operation requirements and limitations; "qualified pharmacy technician" defined.

Sec. 17742b. (1) If a remote pharmacy open for business is not under the personal charge of a pharmacist, the pharmacist in charge of the parent pharmacy shall ensure that the remote pharmacy is staffed by a qualified pharmacy technician who, while assisting in the dispensing process, is overseen through the use of a surveillance system and a telepharmacy system by a pharmacist who meets the requirements described in subsection (2).

(2) Subject to subsection (10), a pharmacist who is located at a parent pharmacy may only oversee the activities at a remote pharmacy if the pharmacist has access to all relevant patient information that is maintained by the parent pharmacy and he or she is employed by or under contract with the parent pharmacy or a pharmacy that has contracted with the parent pharmacy.

(3) For purposes of this code, a prescription dispensed under this section, including a prescription for a controlled substance, is considered dispensed at the remote pharmacy by the pharmacist described in subsection (2).

(4) The pharmacist in charge of the parent pharmacy shall establish and maintain a written policy and procedure manual that must be made available to the department for inspection upon request and that contains each of the following, subject to this section:

(a) A description of how the remote pharmacy will comply with federal and state laws, rules, and regulations.

(b) The procedure by which a pharmacist described in subsection (2) oversees a qualified pharmacy technician at the remote pharmacy who is assisting in the dispensing process and the procedure by which the pharmacist provides counseling to patients at the remote pharmacy.

(c) The procedure for reviewing each of the following:

(*i*) Subject to section 7321, prescription drug inventory at the remote pharmacy.

(*ii*) Prescriptions or equivalent records approved by the board that are on file at the remote pharmacy.

(d) The policy and procedure for providing adequate security to protect the confidentiality and integrity of a patient's protected health information.

(e) The procedure for recovering from an event that interrupts or prevents a pharmacist described in subsection (2) from overseeing the operations of the remote pharmacy through the surveillance system or telepharmacy system. The procedure must require that the remote pharmacy be closed to the public during a time period in which any component of the surveillance system or telepharmacy system is malfunctioning, unless a pharmacist is present at the remote pharmacy during that time period.

(f) The procedure for ensuring that a pharmacist described in subsection (2) complies with the electronic system for monitoring schedule 2, 3, 4, and 5 controlled substances established under section 7333a before a controlled substance is dispensed under this section.

(g) The specific acts, tasks, and functions that a qualified pharmacy technician may perform at the remote pharmacy. However, a qualified pharmacy technician shall not do any of the following at the remote pharmacy:

(*i*) Provide consultation regarding a prescription or regarding medical information contained in a patient medication record or patient chart.

(*ii*) Perform compounding of sterile or nonsterile drugs, except for the reconstitution of prepackaged prescription drugs.

(h) A requirement that a pharmacist described in subsection (2) complete a monthly, in-person inspection

© Courtesy of www.legislature.mi.gov

of the remote pharmacy that includes, at a minimum, conducting inventory reconciliation for controlled substances and reviewing any video recording from the surveillance system that the pharmacist considers necessary.

(i) A policy that requires the pharmacist described in subsection (2) to retain audio and video recordings from the surveillance system for at least 45 calendar days.

(5) The pharmacist in charge of the parent pharmacy shall display at the remote pharmacy in a conspicuous location, visible to the public, a notice that provides all of the following information:

(a) That the pharmacy services are being provided at a remote pharmacy.

(b) That if patient counseling is provided, it may be provided by a pharmacist using audio and video communication.

(c) The address of the parent pharmacy.

(6) A pharmacist described in subsection (2) shall review a prescription as required by state and federal law, rules, and regulations before the drug or device that is the subject of the prescription is dispensed under this section. The pharmacist shall ensure that the pharmacist's and the qualified pharmacy technician's initials or other means of identifying the pharmacist and the qualified pharmacy technician involved in the dispensing process are recorded on the prescription and that the specific acts, tasks, or functions performed by the pharmacist or qualified pharmacy technician during the dispensing process are recorded in the pharmacy management system. When submitting a claim or otherwise seeking reimbursement for a public or private third party payer for a drug or device that is dispensed under this section, the pharmacist shall identify the remote pharmacy as the pharmacy from which the drug or device was dispensed.

(7) If a remote pharmacy open for business is not under the personal charge of a pharmacist, any patient counseling that is required by rule must be provided before the drug or device is dispensed at the remote pharmacy and must be provided by a pharmacist described in subsection (2) through the telepharmacy system in a manner that complies with the health insurance portability and accountability act of 1996, Public Law 101-191, or regulations promulgated under that act, 45 CFR parts 160 and 164.

(8) If a pharmacist described in subsection (2) is not present at the parent pharmacy, the remote pharmacy must be closed for business unless a pharmacist is present at the remote pharmacy.

(9) A remote pharmacy shall not dispense more than an average of 150 prescriptions per day during a 90-day period.

(10) A pharmacist described in subsection (2) shall not simultaneously oversee the activities of 3 or more remote pharmacies.

(11) As used in this section, "qualified pharmacy technician" means a pharmacy technician who meets all of the following requirements:

(a) He or she holds a pharmacy technician license other than a temporary license under section 17739b or limited license under section 17739c.

(b) He or she has accumulated at least 1,000 hours of experience working in a pharmacy after he or she was granted a temporary pharmacy technician license under section 17739b, a limited pharmacy technician license under section 17739c, or a pharmacy technician license under section 17739a.

(c) He or she holds a national certification as a pharmacy technician from an organization approved by the board.

**History:** Add. 2020, Act 4, Eff. Apr. 26, 2020.

**Popular name:** Act 368

### 333.17743 Pharmacy license; contents; duration.

Sec. 17743. (1) A pharmacy license shall contain the name of the licensee, the address of the place of practice, a description of the pharmacy and the premises thereof, and other information the board requires.

(2) A pharmacy license is valid for 2 years, commencing on the date of issue and terminating on the date prescribed for pharmacists in section 16194.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17744 Designation of agent by prescriber; issuance of prescription; limitation; transmission of prescription to pharmacy.

Sec. 17744. (1) A prescriber may designate an agent to act on behalf of or at the discretion of that prescriber. A designation of an agent by a prescriber under this section is not required to be in writing to be a valid designation. If a designation of an agent by a prescriber under this section is contained in a written document, the prescriber or the agent may transmit that document to a pharmacy that will dispense a prescription issued by that prescriber.

© Courtesy of www.legislature.mi.gov

(2) Except as otherwise provided in this part, only a prescriber who is acting within the scope of the prescriber's practice may issue a prescription. An agent may prepare and transmit a prescription that has been signed by the prescriber, including a signature that meets the requirements of section 17754 or 17754a. The prescriber issuing a prescription and the pharmacist issuing a prescription in accordance with this part or dispensing a drug or device under a prescription is responsible for all of the requirements of state and federal law, rules, and regulations regarding the issuance of prescriptions and dispensing of drugs or devices under prescriptions.

(3) A prescriber or the prescriber's agent may transmit to a pharmacy a prescription that is contained within a patient's chart in a health facility or agency licensed under article 17 or other medical institution. A prescription that is contained within a patient's chart in a health facility or agency licensed under article 17 or other medical institution and that is created in an electronic format may contain more than 6 prescriptions and may contain prescriptions for schedule 3 to 5 controlled substances and noncontrolled substances on the same form.

**History:** Add. 2012, Act 209, Imd. Eff. June 27, 2012;—Am. 2020, Act 136, Imd. Eff. July 8, 2020;—Am. 2024, Act 242, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.17744a Auto-injectable epinephrine; prescribing or issuing to authorizing entity.

Sec. 17744a. (1) Notwithstanding any provision of this act to the contrary, a prescriber may issue a prescription for and a dispensing prescriber or pharmacist may dispense auto-injectable epinephrine to an authorized entity. When issuing a prescription for or dispensing auto-injectable epinephrine to an authorized entity as authorized under this section, the prescriber, dispensing prescriber, or pharmacist, as appropriate, shall insert the name of the authorized entity as the name of the patient.

(2) A school employee who is a licensed registered professional nurse or who is trained in the administration of an epinephrine auto-injector under section 1179a of the revised school code, 1976 PA 451, MCL 380.1179a, may possess and administer an epinephrine auto-injector dispensed to a school board under this section.

(3) An authorized entity as defined in subsection (6)(b) may acquire and stock a supply of auto-injectable epinephrine under a prescription as authorized in this section. An authorized entity as defined in subsection (6)(b) that acquires and stocks a supply of auto-injectable epinephrine is subject to section 17744d.

(4) A law enforcement officer or firefighter of an authorized entity as defined in subsection (6)(c) may, subject to section 2 of the law enforcement and firefighter access to epinephrine act, possess and administer auto-injectable epinephrine dispensed to the entity under this section.

(5) A prescriber who issues a prescription for or a dispensing prescriber or pharmacist who dispenses auto-injectable epinephrine to an authorized entity as authorized under this section is not liable in a civil action for a properly stored and dispensed epinephrine auto-injector that was a proximate cause of injury or death to an individual due to the administration of or failure to administer the epinephrine auto-injector.

(6) As used in this section, "authorized entity" means any of the following:

(a) A school board for the purpose of meeting the requirements of section 1179a of the revised school code, 1976 PA 451, MCL 380.1179a.

(b) A person or governmental entity that operates or conducts a business or activity at which allergens capable of causing anaphylaxis may be present, including, but not limited to, a recreation camp, youth sports league, amusement park, nonpublic school, religious institution, or sports arena.

(c) An eligible entity authorized to purchase, possess, and distribute auto-injectable epinephrine under the law enforcement and firefighter access to epinephrine act.

**History:** Add. 2013, Act 186, Eff. Mar. 14, 2014;—Am. 2015, Act 221, Eff. Mar. 16, 2016;—Am. 2020, Act 311, Imd. Eff. Dec. 29, 2020.

**Popular name:** Act 368

### 333.17744b Prescribing, possessing, or dispensing opioid antagonist; liability.

Sec. 17744b. (1) Notwithstanding any provision of this act to the contrary, a prescriber may issue a prescription for and a dispensing prescriber or pharmacist may dispense an opioid antagonist to any of the following:

(a) An individual patient at risk of experiencing an opioid-related overdose.

(b) A family member, friend, or other individual in a position to assist an individual at risk of experiencing an opioid-related overdose.

(c) A person other than an individual that meets all of the following requirements:

(*i*) Acts at the direction of the prescriber or dispensing prescriber.

© Courtesy of www.legislature.mi.gov

(*ii*) Upon receipt of an opioid antagonist, stores the opioid antagonist in compliance with this part.

(*iii*) Dispenses or administers an opioid antagonist under a valid prescription issued to an individual or a patient.

(*iv*) Performs the requirements under this subsection without charge or compensation.

(d) An agency authorized to purchase or otherwise obtain, possess, and distribute an opioid antagonist under the administration of opioid antagonists act, 2019 PA 39, MCL 15.671 to 15.677.

(2) When issuing a prescription for or dispensing an opioid antagonist as authorized under this section to an agency described in subsection (1)(d) or a person other than a patient, the prescriber, dispensing prescriber, or pharmacist, as appropriate, shall insert the name of the agency or the person as the name of the patient.

(3) Notwithstanding any provision of this act to the contrary, a person that is acting in good faith and with reasonable care may possess and dispense an opioid antagonist.

(4) Notwithstanding any provision of this act to the contrary, an agency described in subsection (1)(d) or an employee or agent of an agency described in subsection (1)(d) may, subject to the administration of opioid antagonists act, 2019 PA 39, MCL 15.671 to 15.677, possess, administer, and distribute an opioid antagonist dispensed to the agency under this section.

(5) A prescriber who issues a prescription for or a dispensing prescriber or pharmacist who dispenses an opioid antagonist as authorized under this section is not liable in a civil action for a properly stored and dispensed opioid antagonist that was a proximate cause of injury or death to an individual due to the administration of or failure to administer the opioid antagonist.

**History:** Add. 2014, Act 311, Imd. Eff. Oct. 14, 2014;—Am. 2016, Act 384, Eff. Mar. 29, 2017;—Am. 2019, Act 36, Eff. Sept. 24, 2019;—Am. 2024, Act 232, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.17744c Person administering opioid antagonist under certain conditions; immunity from criminal prosecution or sanction.

Sec. 17744c. A person that administers an opioid antagonist to an individual who he or she believes is suffering an opioid-related overdose and that acts in good faith and with reasonable care is immune from criminal prosecution or sanction under any professional licensing act for that act.

**History:** Add. 2014, Act 313, Imd. Eff. Oct. 14, 2014.

**Popular name:** Act 368

### 333.17744d Auto-injectable epinephrine; storage, maintenance, general oversight, and use by designated employee or agent; training program; certificate; liability; report; administration by person other than employee, agent, or individual described in subsection (2); "authorized health care provider" defined.

Sec. 17744d. (1) This section only applies to an authorized entity as defined in section 17744a(6)(b) that acquires and stocks a supply of auto-injectable epinephrine as authorized in section 17744a. An authorized entity shall store auto-injectable epinephrine in a location readily accessible in an emergency and in accordance with the auto-injectable epinephrine's instructions for use and any additional requirements that are established by the department. An authorized entity shall designate an employee or agent who has completed the training required under this section to be responsible for the storage, maintenance, and general oversight of the auto-injectable epinephrine acquired by the authorized entity.

(2) An employee or agent of an authorized entity or other individual, which employee, agent, or individual has completed the training required under this section, may, on the premises of or in connection with the conduct of the business or activity of the authorized entity, use auto-injectable epinephrine prescribed under section 17744a to do any of the following:

(a) Provide auto-injectable epinephrine to an individual who the employee, agent, or other individual believes in good faith is experiencing anaphylaxis for immediate self-administration, regardless of whether the individual has a prescription for auto-injectable epinephrine or has previously been diagnosed with an allergy.

(b) Administer auto-injectable epinephrine to an individual who the employee, agent, or other individual believes in good faith is experiencing anaphylaxis, regardless of whether the individual has a prescription for auto-injectable epinephrine or has previously been diagnosed with an allergy.

(3) Before providing or administering auto-injectable epinephrine made available by an authorized entity, an employee, agent, or other individual described in subsection (2) must complete an initial anaphylaxis training program and a subsequent anaphylaxis training program at least every 2 years following completion of the most recently completed anaphylaxis training program that meets all of the following requirements:

© Courtesy of www.legislature.mi.gov

(a) Is conducted by a nationally recognized organization experienced in training laypersons in emergency health treatment or by a person, entity, or class of individuals approved by the department.

(b) Is conducted online or in person.

(c) At a minimum, covers all of the following:

(*i*) Techniques on how to recognize symptoms of severe allergic reactions, including anaphylaxis.

(*ii*) Standards and procedures for the storage and administration of auto-injectable epinephrine.

(*iii*) Emergency follow-up procedures.

(4) An organization, person, entity, or class of individuals that conducts an anaphylaxis training program described in subsection (3) shall issue a certificate, on a form developed or approved by the department, to each individual who successfully completes the anaphylaxis training program.

(5) Except as otherwise provided in this section, an authorized entity and its employees, agents, and other trained individuals that have acted in accordance with the requirements of subsections (1) to (4); an individual who uses auto-injectable epinephrine obtained in accordance with the requirements of subsections (1) to (4) and made available under subsection (10); or an organization, person, entity, or class of individuals that conducts an anaphylaxis training program described in and conducted in accordance with subsection (3), is not subject to any of the following:

(a) For an authorized entity or person other than an individual described in this subsection, civil liability for injury, death, or damages that result from the administration or self-administration of auto-injectable epinephrine, the failure to administer auto-injectable epinephrine, or any other act or omission taken pursuant to this section, if the conduct does not constitute gross negligence as that term is defined in section 7 of 1964 PA 170, MCL 691.1407, that is the proximate cause of the injury, death, or damages.

(b) For an individual described in this subsection, civil liability for injury, death, or damages that result from the administration or self-administration of auto-injectable epinephrine, the failure to administer auto-injectable epinephrine, or any other act or omission taken pursuant to this section, if the conduct does not constitute willful or wanton misconduct that is the proximate cause of the injury, death, or damages.

(c) For an authorized entity or person including an individual described in this subsection, criminal prosecution for purchasing, possessing, or distributing auto-injectable epinephrine, the administration or self-administration of auto-injectable epinephrine, the failure to administer auto-injectable epinephrine, or any other act or omission taken pursuant to this section.

(6) The administration of auto-injectable epinephrine as authorized in this section is not the practice of medicine.

(7) This section does not eliminate, limit, or reduce any other immunity or defense that may be available under the laws of this state.

(8) An authorized entity located in this state is not civilly liable for any injuries or related damages that result from providing or administering auto-injectable epinephrine by its employees or agents outside of this state if either of the following requirements is met:

(a) The authorized entity or its employee or agent would not have been civilly liable for the injuries or related damages had the provision or administration occurred in this state.

(b) The authorized entity or its employee or agent is not civilly liable for the injuries or related damages under the law of the state in which the provision or administration occurred.

(9) An authorized entity shall submit to the department, on a form prescribed by the department, a report of each incident on the premises of or in connection with the conduct of the business or activity of the authorized entity that involves the administration of auto-injectable epinephrine. The department shall annually publish a report that summarizes and analyzes all reports submitted to it under this subsection.

(10) An authorized entity may make auto-injectable epinephrine available to an individual other than an employee, agent, or individual described in subsection (2), and the other individual may administer auto-injectable epinephrine to any individual he or she believes in good faith to be experiencing anaphylaxis, if the auto-injectable epinephrine is stored in a locked, secure container and is made available only upon remote authorization by an authorized health care provider after consultation with the authorized health care provider by audio, televideo, or other similar means of electronic communication. Consultation with an authorized health care provider for the purpose of this subsection is not the practice of telemedicine and does not violate any law or rule regulating the authorized health care provider's scope of practice. As used in this subsection, "authorized health care provider" means a prescriber as that term is defined in section 17708 other than a licensed dentist, licensed optometrist, or licensed veterinarian.

**History:** Add. 2015, Act 221, Eff. Mar. 16, 2016;—Am. 2020, Act 311, Imd. Eff. Dec. 29, 2020.

**Popular name:** Act 368

### 333.17744e Dispensing opioid antagonist to individual pursuant to standing order issued by

© Courtesy of www.legislature.mi.gov

**chief medical executive; "community-based organization" defined.**

Sec. 17744e. (1) Notwithstanding any provision of this act to the contrary, the chief medical executive in the office of chief medical executive created within the department of health and human services may issue a standing order that does not identify particular patients at the time it is issued for any of the following purposes:

(a) A pharmacist dispensing opioid antagonists to individuals under this section.

(b) A community-based organization or a staff member of the community-based organization distributing opioid antagonists to individuals under this section.

(2) Notwithstanding any provision of this act to the contrary, a pharmacist may dispense or a community-based organization or a staff member of the community-based organization may distribute an opioid antagonist to any individual pursuant to a standing order issued by the chief medical executive under subsection (1) and the rules promulgated under this section.

(3) The following are not liable in a civil action for damages resulting from the dispensing of an opioid antagonist or the administration of or failure to administer the opioid antagonist:

(a) The chief medical executive who issues a standing order for the opioid antagonist under this section.

(b) A pharmacist who dispenses the opioid antagonist as authorized under this section.

(c) A community-based organization that, or a staff member of the community-based organization who, distributes the opioid antagonist as authorized under this section.

(4) The department, in consultation with the department of health and human services and local health departments, may promulgate rules regarding dispensing, training, distribution, and referral to implement this section.

(5) As used in this section, "community-based organization" means a public or private organization that provides health or human services to meet the needs of a community, including, but not limited to, a nonprofit organization, a social service provider, or an organization providing substance use disorder prevention, treatment, recovery, or harm reduction services. A community-based organization does not include an agency as that term is defined in section 101 of the administration of opioid antagonists act, 2019 PA 39, MCL 15.671.

**History:** Add. 2016, Act 383, Eff. Mar. 28, 2017;—Am. 2022, Act 176, Imd. Eff. July 21, 2022.

**Compiler's note:** For transfer of powers and duties of chief medical executive to the new chief medical executive in the office of chief medical executive created within the department of health and human services, and abolishment of the position of chief medical executive, see E.R.O. No. 2016-4, compiled at MCL 333.26369.

## 333.17744f Dispensing emergency supply of insulin; requirements; limitation; liability; rules; definitions.

Sec. 17744f. (1) Subject to subsection (2), a pharmacist may dispense an emergency supply of insulin to an individual if the individual has a qualified prescription for insulin in the individual's name with no remaining authorized refills, the individual has previously had a prescription for insulin dispensed at the pharmacy, and, in the pharmacist's professional judgment, a failure to dispense the emergency supply of insulin might interrupt the individual's ongoing care and have a significant adverse effect on the individual's well-being. A pharmacist who dispenses an emergency supply of insulin under this section shall comply with all of the following:

(a) Before dispensing the emergency supply of insulin, make a reasonable effort to communicate with the prescriber who issued the qualified prescription for insulin regarding dispensing the emergency supply of insulin and document the efforts made.

(b) Document all of the following:

(*i*) The name of the individual receiving the emergency supply of insulin and the date of the dispensing.

(*ii*) The reason for dispensing the emergency supply of insulin.

(*iii*) Evidence of the individual's qualified prescription for insulin.

(*iv*) Information on the individual's diabetes management.

(*v*) Any other information required by the board by rule.

(c) Within 5 business days after dispensing the emergency supply of insulin, inform the prescriber who issued the qualified prescription for insulin, in writing, that an emergency supply of insulin was dispensed under this section.

(d) Inform the individual receiving the emergency supply of insulin that the insulin was dispensed under this section.

(2) An individual shall not receive more than 3 emergency supplies of insulin under this section in 1 calendar year. After an emergency supply of insulin is dispensed to an individual under this section, a

© Courtesy of www.legislature.mi.gov

pharmacist shall not dispense a subsequent emergency supply of insulin under this section within the same calendar year to that individual unless the individual has since obtained a new qualified prescription for insulin with no remaining authorized refills.

(3) A prescriber or pharmacist is not subject to criminal prosecution, civil liability, or administrative sanction as a result of the pharmacist dispensing an emergency supply of insulin under this section.

(4) The board shall promulgate rules to implement this section.

(5) As used in this section:

(a) "Emergency supply" means up to a 30-day supply.

(b) "Qualified prescription for insulin" means a prescription for insulin that was issued within the 12-month period immediately preceding the date the individual requests an emergency supply of insulin under this section.

**History:** Add. 2021, Act 36, Imd. Eff. July 1, 2021.

**Popular name:** Act 368

### 333.17744g Prescribing and dispensing certain hormonal contraceptives; promulgation of rules; self-screening risk assessment tool.

Sec. 17744g. (1) Subject to the rules promulgated under this section, a pharmacist may issue a prescription for a hormonal contraceptive patch, a self-administered hormonal contraceptive, an emergency contraceptive, or a vaginal ring hormonal contraceptive to an individual, regardless of the individual's age and regardless of whether the individual has evidence of a previous prescription from a prescriber for a hormonal contraceptive patch, a self-administered hormonal contraceptive, an emergency contraceptive, or a vaginal ring hormonal contraceptive.

(2) By 18 months after the effective date of the amendatory act that added this section, the department, in consultation with the board, shall promulgate rules to implement this section. The rules must establish a standard procedure for issuing a prescription for a hormonal contraceptive patch, a self-administered hormonal contraceptive, an emergency contraceptive, and a vaginal ring hormonal contraceptive under this section. The rules must also prohibit a pharmacist from issuing a prescription for a hormonal contraceptive patch, a self-administered hormonal contraceptive, an emergency contraceptive, or a vaginal ring hormonal contraceptive to an individual described in subsection (1) if the individual has not completed the self-screening risk assessment tool developed under subsection (3) and must require that a pharmacist comply with all of the following:

(a) Complete a training program that is approved by the board for issuing a prescription for a hormonal contraceptive patch, a self-administered hormonal contraceptive, an emergency contraceptive, or a vaginal ring hormonal contraceptive.

(b) Provide the self-screening risk assessment tool that is developed under subsection (3) to an individual described in subsection (1) before issuing a prescription for a hormonal contraceptive patch, a self-administered hormonal contraceptive, an emergency contraceptive, or a vaginal ring hormonal contraceptive to the individual.

(c) Upon issuing a prescription for the hormonal contraceptive patch, self-administered hormonal contraceptive, emergency contraceptive, or vaginal ring hormonal contraceptive to an individual described in subsection (1), refer the individual to the individual's primary care physician, or if the individual does not have a primary care physician, to another licensed health professional that the pharmacist considers appropriate.

(d) Provide an individual described in subsection (1) with a written record of the hormonal contraceptive patch, self-administered hormonal contraceptive, emergency contraceptive, or vaginal ring hormonal contraceptive for which the individual is issued the prescription and advise the individual to consult with a physician or other licensed health professional.

(e) If an individual described in subsection (1) has not had a physical examination in the previous 12 months, refer the individual to the individual's primary care provider for a physical examination after issuing a prescription for the hormonal contraceptive patch, self-administered hormonal contraceptive, emergency contraceptive, or vaginal ring hormonal contraceptive to the individual.

(f) Dispense the hormonal contraceptive patch, self-administered hormonal contraceptive, emergency contraceptive, or vaginal ring hormonal contraceptive to an individual described in subsection (1) as soon as practicable after issuing the prescription for the hormonal contraceptive patch, self-administered hormonal contraceptive, emergency contraceptive, or vaginal ring hormonal contraceptive to the individual, or transmit the prescription to another pharmacy of the individual's choice if authorized pursuant to rules promulgated by the department.

(3) The department, in consultation with the board, shall by rule develop a self-screening risk assessment

© Courtesy of www.legislature.mi.gov

tool to be used by an individual who is seeking a prescription for a hormonal contraceptive patch, a self-administered hormonal contraceptive, an emergency contraceptive, or a vaginal ring hormonal contraceptive under this section.

**History:** Add. 2024, Act 242, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.17745 Drug control license; patient's chart or clinical record to include record of drugs dispensed; delegating authority to dispense drugs; storage of drugs; container; label; complimentary starter dose drug; information; compliance with MCL 333.7303a; inspection of locations; limitation on delegation; receipt of complimentary starter dose drugs by pharmacist; "complimentary starter dose" defined.

Sec. 17745. (1) Except as otherwise provided in this subsection, a prescriber who wishes to dispense prescription drugs shall obtain from the board a drug control license for each location in which the storage and dispensing of prescription drugs occur. A drug control license is not necessary if the dispensing occurs in the emergency department, emergency room, or trauma center of a hospital licensed under article 17 or if the dispensing involves only the issuance of complimentary starter dose drugs.

(2) Except as otherwise authorized for expedited partner therapy in section 5110 or as provided in section 17744a or 17744b, a dispensing prescriber shall dispense prescription drugs only to his or her own patients.

(3) A dispensing prescriber shall include in a patient's chart or clinical record a complete record, including prescription drug names, dosages, and quantities, of all prescription drugs dispensed directly by the dispensing prescriber or indirectly under his or her delegatory authority. If prescription drugs are dispensed under the prescriber's delegatory authority, the delegatee who dispenses the prescription drugs shall initial the patient's chart, clinical record, or log of prescription drugs dispensed. In a patient's chart or clinical record, a dispensing prescriber shall distinguish between prescription drugs dispensed to the patient, prescription drugs prescribed for the patient, prescription drugs dispensed or prescribed for expedited partner therapy as authorized in section 5110, and prescription drugs dispensed or prescribed as authorized under section 17744a or 17744b. A dispensing prescriber shall retain information required under this subsection for not less than 5 years after the information is entered in the patient's chart or clinical record.

(4) A dispensing prescriber shall store prescription drugs under conditions that will maintain their stability, integrity, and effectiveness and will ensure that the prescription drugs are free of contamination, deterioration, and adulteration.

(5) A dispensing prescriber shall store prescription drugs in a substantially constructed, securely lockable cabinet. Access to the cabinet must be limited to individuals authorized to dispense prescription drugs in compliance with this part and article 7.

(6) Unless otherwise requested by a patient, a dispensing prescriber shall dispense a prescription drug in a safety closure container that complies with the poison prevention packaging act of 1970, 15 USC 1471 to 1477.

(7) A dispensing prescriber shall dispense a drug in a container that bears a label containing all of the following information:

(a) The name and address of the location from which the prescription drug is dispensed.

(b) Except as otherwise authorized under section 5110, 17744a, or 17744b, the patient's name and record number.

(c) The date the prescription drug was dispensed.

(d) The prescriber's name or, if dispensed under the prescriber's delegatory authority, the name of the delegatee.

(e) The directions for use.

(f) The name and strength of the prescription drug.

(g) The quantity dispensed.

(h) The expiration date of the prescription drug or the statement required under section 17756.

(8) A dispensing prescriber who dispenses a complimentary starter dose drug to a patient, or an advanced practice registered nurse as that term is defined in section 17201 who dispenses a complimentary starter dose drug to a patient under section 17212, shall give the patient the information required in this subsection, by dispensing the complimentary starter dose drug to the patient in a container that bears a label containing the required information or by giving the patient a written document that may include, but is not limited to, a preprinted insert that comes with the complimentary starter dose drug and that contains the required information. The information required to be given to the patient under this subsection includes all of the following:

© Courtesy of www.legislature.mi.gov

(a) The name and strength of the complimentary starter dose drug.

(b) Directions for the patient's use of the complimentary starter dose drug.

(c) The expiration date of the complimentary starter dose drug or the statement required under section 17756.

(9) The information required under subsection (8) is in addition to, and does not supersede or modify, other state or federal law regulating the labeling of prescription drugs.

(10) In addition to meeting the requirements of this part, a dispensing prescriber who dispenses controlled substances shall comply with section 7303a.

(11) The board may periodically inspect locations from which prescription drugs are dispensed.

(12) The act, task, or function of dispensing prescription drugs shall be delegated only as provided in this part and sections 16215, 17048, 17211a, 17212, and 17548.

(13) A supervising physician may delegate in writing to a pharmacist practicing in a hospital pharmacy within a hospital licensed under article 17 the receipt of complimentary starter dose drugs other than controlled substances as defined in article 7 or federal law. When the delegated receipt of complimentary starter dose drugs occurs, both the pharmacist's name and the supervising physician's name shall be used, recorded, or otherwise indicated in connection with each receipt. A pharmacist described in this subsection may dispense a prescription for complimentary starter dose drugs written or transmitted by facsimile, electronic transmission, or other means of communication by a prescriber.

(14) As used in this section, "complimentary starter dose" means a prescription drug packaged, dispensed, and distributed in accordance with state and federal law that is provided to a dispensing prescriber free of charge by a manufacturer or distributor and dispensed free of charge by the dispensing prescriber to his or her patients.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1980, Act 431, Eff. Mar. 31, 1981;—Am. 1986, Act 304, Eff. Mar. 31, 1987;—Am. 1990, Act 333, Eff. Mar. 28, 1991;—Am. 1992, Act 281, Imd. Eff. **Popular name:** Act 368

### 333.17745a Definitions; public health program without on-site pharmacy; individuals delegated authority to dispense prescriptions; delegating delivery of certain oral contraceptives; circumstances; delegating delivery of methadone.

Sec. 17745a. (1) As used in this section:

(a) "Medicaid" means the program of medical assistance established under title XIX of the social security act, 42 USC 1396 to 1396w-5.

(b) "Medicare" means the federal Medicare program established under title XVIII of the social security act, 42 USC 1395 to 1395*lll*.

(c) "Public health program" means 1 of the following:

(*i*) A local health department.

(*ii*) A migrant health center or a community health center as defined under 42 USC 254b and 254c.

(*iii*) A family planning program designated by the department of health and human services as a provider type 23 under the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, and verified by the department of health and human services.

(*iv*) A methadone treatment program licensed under article 6.

(*v*) A rural health clinic.

(*vi*) A hospice rendering emergency care services in a patient's home as described in section 17746.

(d) "Rural health clinic" means a rural health clinic as defined in section 42 USC 1395x that is certified to participate in Medicaid and Medicare.

(2) Except as otherwise provided in subsections (3) and (4), in a public health program without an on-site pharmacy, a dispensing prescriber may delegate the dispensing of prescription drugs only to a registered professional nurse licensed under part 172.

(3) In a public health program without an on-site pharmacy, a dispensing prescriber may delegate the delivery of prescription drugs consisting only of prelabeled, prepackaged oral contraceptives under the following circumstances:

(a) The delivery is delegated to an appropriately trained individual.

(b) The delivery is performed pursuant to specific, written protocols.

(4) In a methadone treatment program licensed under article 6 without an on-site pharmacy, a dispensing prescriber may delegate the delivery of a prescription drug consisting only of 1 or more single doses of

© Courtesy of www.legislature.mi.gov

methadone, up to the maximum number of single doses allowed by law, to a registered client of the methadone treatment program, if all of the following requirements are met:

(a) The delivery is delegated to a registered professional nurse or a licensed practical nurse licensed under part 172.

(b) The delivery is performed pursuant to specific, written protocols.

(c) The prescription drug described in this subsection is labeled in accordance with section 17745.

**History:** Add. 1993, Act 305, Imd. Eff. Dec. 28, 1993;—Am. 1999, Act 190, Imd. Eff. Nov. 24, 1999;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.17745b Industrial clinic or prescriber practice without on-site pharmacy; dispensing prescription drug.

Sec. 17745b. (1) Subject to subsection (3), in an industrial clinic or other prescriber practice location without an on-site pharmacy, a dispensing prescriber may delegate the dispensing of prescription drugs only to a registered professional nurse licensed under part 172.

(2) In an industrial clinic or other prescriber practice location without an on-site pharmacy, if a dispensing prescriber does not delegate the dispensing of a prescription drug, the dispensing prescriber shall do both of the following:

(a) Be physically present at the time the prescription drug is dispensed.

(b) Immediately before the prescription drug is dispensed, perform a final inspection of the type of prescription drug, labeling, dosage, and amount of the prescription drug dispensed.

(3) A dispensing prescriber who delegates the dispensing of a prescription drug to a patient in an industrial clinic or other prescriber practice location without an on-site pharmacy shall not delegate the dispensing of more than a 72-hour supply of the prescription drug.

(4) Before dispensing a prescription drug to a patient in an industrial clinic or other prescriber practice location without an on-site pharmacy, a dispensing prescriber who intends to charge for dispensing the drug shall give a written prescription to the patient and shall instruct the patient that he or she may elect to have the prescription filled by the dispensing prescriber or the patient's pharmacy of choice.

(5) If a dispensing prescriber intends to charge for dispensing a prescription drug to a patient in an industrial clinic or other prescriber practice location without an on-site pharmacy, the dispensing prescriber shall inform the patient of that fact before dispensing the prescription drug to the patient. The dispensing prescriber also shall list the charge for dispensing the prescription drug as a separate item on the patient's bill.

(6) This section does not apply to public health programs as defined in section 17745a.

**History:** Add. 1993, Act 306, Imd. Eff. Dec. 28, 1993;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.17746 Hospice emergency care services in patients' homes; medication box exchange program.

Sec. 17746. A pharmacy may establish a medication box exchange program for hospice emergency care services rendered in patients' homes, pursuant to this section and rules promulgated under this section. The pharmacist in charge of the pharmacy shall be responsible for developing, implementing, and coordinating the program in conjunction with the medical director of the hospice program. The pharmacist in charge of the pharmacy shall be responsible for obtaining prescriptions from the hospice medical director for the drugs dispensed from a medication box. The board may promulgate rules to implement this section.

**History:** Add. 1993, Act 305, Imd. Eff. Dec. 28, 1993.

**Popular name:** Act 368

**Administrative rules:** R 338.471 et seq. of the Michigan Administrative Code.

### 333.17747 Drug control license; contents; duration; renewal; conditions; license as automatically void.

Sec. 17747. (1) A drug control license shall contain the name and address of the dispensing prescriber and each location in which the storage and dispensing of drugs occur and other information the board requires.

(2) A drug control license is valid until the date on which the dispensing prescriber's professional license must be renewed, at which time the drug control license shall be renewed. The drug control license shall be renewed automatically, if both of the following conditions are met:

(a) The dispensing prescriber indicates that he or she dispenses drugs and desires to continue to do so.

(b) The dispensing prescriber renews his or her professional license.

(3) A dispensing prescriber whose drug control license is renewed pursuant to subsection (2) is subject to

© Courtesy of www.legislature.mi.gov

section 16226 and the other requirements of this article and article 7.

(4) A drug control license is automatically void if a board suspends or revokes the licensee's health professional license.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1980, Act 431, Eff. Mar. 31, 1981;—Am. 1990, Act 333, Eff. Mar. 28, 1991;—Am. 1993, Act 79, Eff. Apr. 1, 1994.

**Popular name:** Act 368

### 333.17748 Pharmacy, manufacturer, wholesale distributor; or wholesale distributor-broker, license required; compounding services; renewal; designation of pharmacist in charge; joint responsibility; exemption; report of change in ownership, management, location, or PIC or facility manager; duties of pharmacist in charge; submission of fingerprints; criminal history check; exception; investigation or inspection of out-of-state applicant or compounding pharmacy; reimbursement for expenses.

Sec. 17748. (1) Except for a qualified pharmacy as that term is defined in section 17748e, to do business in this state, a pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker, whether or not located in this state, must be licensed under this part. To do business in this state, a person that provides compounding services must be licensed as a pharmacy or manufacturer under this part and, if a pharmacy, authorized to provide compounding services under this section and sections 17748a and 17748b. To do business in this state, an outsourcing facility must be licensed as a pharmacy under this part. Licenses are renewable biennially.

(2) Except for a remote pharmacy, a pharmacy shall designate a pharmacist licensed in this state as the pharmacist in charge for the pharmacy. For a remote pharmacy, the pharmacist designated as the pharmacist in charge of the parent pharmacy shall also serve as the pharmacist in charge of the remote pharmacy. Except as otherwise provided in this subsection, a manufacturer shall designate a pharmacist licensed in or outside of this state as the pharmacist in charge for the manufacturer or, if the manufacturer does not hold a license as a pharmacy, shall designate an employee with the appropriate education or experience, or both, to assume responsibility for compliance with licensing requirements as facility manager for the manufacturer. Except as otherwise provided in this subsection, a wholesale distributor or wholesale distributor-broker shall designate a pharmacist licensed in or outside of this state as the pharmacist in charge for the wholesale distributor or wholesale distributor-broker or shall designate an employee with the appropriate education or experience, or both, to assume responsibility for compliance with licensing requirements as facility manager for the wholesale distributor or wholesale distributor-broker. The pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker and the individual designated as the PIC or facility manager under this subsection are jointly responsible for the pharmacy's, manufacturer's, wholesale distributor's, or wholesale distributor-broker's compliance with this part and rules promulgated under this part. A person that is a manufacturer, wholesale distributor, or wholesale distributor-broker with respect to a device salable on prescription only but not with respect to any drug salable on prescription only is exempt from this subsection.

(3) Subject to this subsection, a pharmacist may be designated as the PIC for not more than 3 pharmacies, including remote pharmacies. A PIC described in this subsection shall work an average of at least 8 hours per week at each pharmacy for which he or she is the PIC unless he or she is serving as the PIC of a remote pharmacy. The PIC of a remote pharmacy is not required to be physically present at the remote pharmacy to satisfy the hour requirement described in this subsection, but may satisfy the requirement through the use of a telepharmacy system. The pharmacy and the PIC shall maintain appropriate records and demonstrate compliance with this subsection on the request of the board or its designee.

(4) A pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker shall report to the department a change in ownership, management, location, or its PIC or facility manager designated under subsection (2) not later than 30 days after the change occurs.

(5) A pharmacist designated as the PIC for a pharmacy shall supervise the practice of pharmacy for the pharmacy. The duties of the PIC include, but are not limited to, the following:

(a) Supervision of all activities of pharmacy employees as they relate to the practice of pharmacy including the purchasing, storage, compounding, repackaging, dispensing, and distribution of drugs and devices to ensure that those activities are performed in compliance with this part and the rules promulgated under this part.

(b) Enforcement and oversight of policies and procedures applicable to the employees of the pharmacy for the procurement, storage, compounding, and dispensing of drugs and the communication of information to the patient in relation to drug therapy.

(c) Establishment and supervision of the method and manner for storage and safekeeping of

© Courtesy of www.legislature.mi.gov

pharmaceuticals, including maintenance of security provisions to be used when the pharmacy is closed.

(d) Establishment and supervision of the record-keeping system for the purchase, sale, delivery, possession, storage, and safekeeping of drugs and devices.

(e) Establishment of policies and procedures for individuals who are delegated responsibilities for any of the tasks described in this subsection by the PIC.

(6) Except as otherwise provided in subsection (8), fingerprints for the following individuals must be submitted with an application for a new pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker license in the same manner as required in section 16174 for the purpose of a criminal history check:

(a) If the application is from an individual, who is not a health professional licensed or otherwise authorized to engage in a health profession under this article or who is a health professional but was licensed or otherwise authorized to engage in his or her health profession under this article before October 1, 2008, fingerprints for that individual.

(b) If the application is from a partnership, fingerprints for all partners and any individual who will manage the day-to-day operations of the new pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker.

(c) If the application is from a privately held corporation, fingerprints for any individual who will manage the day-to-day operations of the new pharmacy, manufacturer, or wholesale distributor. This subdivision only applies to a privately held corporation that in the aggregate owns fewer than 75 pharmacies, manufacturers, wholesale distributors, or wholesale distributor-brokers on the date the corporation submits its license application.

(7) The board, department, and department of state police shall conduct the criminal history check on the individuals described in subsection (6) in the same manner as described in section 16174.

(8) Subsection (6) does not apply if a criminal history check that meets the requirements of section 16174 has been obtained for the individuals described in subsection (6) within the 2 years preceding the date of the application for a new pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker license under this part. To qualify for the exception under this subsection, an applicant shall submit proof of the previous criminal history check for each individual described in subsection (6), as applicable, with the application for a new pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker license under this part. If the department or board determines that a criminal history check for an individual described in subsection (6) does not meet the requirements of section 16174 or was not obtained within the time period prescribed, fingerprints must be submitted for the individual as required under subsection (6).

(9) If, as authorized or required under this article, the department inspects or investigates an applicant for a new pharmacy license for a pharmacy that will provide compounding services or a compounding pharmacy, and the applicant or compounding pharmacy is located outside of this state, the applicant or compounding pharmacy shall reimburse the department for its expenses incurred in carrying out its authority or duty to inspect or investigate the applicant or licensee under this article.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 625, Imd. Eff. Jan. 6, 1979;—Am. 1988, Act 462, Eff. Sept. 1, 1989;—Am. 2014, Act 280, Eff. Sept. 30, 2014;—Am. 2014, Act 413, Eff. Mar. 30, 2015;—Am. 2015, Act 169, Eff. Dec. 3, 2015;—Am. 2020, Act 4, Eff. Apr. 26, 2020;—Am. 2020, Act 142, Imd. Eff. July 14, 2020.

**Popular name:** Act 368

### 333.17748a Compounding services for sterile pharmaceuticals; accreditation; notification of complaint; maintenance and retention of records; resale of excess compounded pharmaceuticals prohibited; distribution of samples or complimentary starter doses; advertisement or promotion of compounding services; compounding pharmaceutical that is unavailable in marketplace; compounding and manufacturing at same location; rules.

Sec. 17748a. (1) Beginning September 30, 2014, an applicant for a new pharmacy license for a pharmacy that will provide compounding services for sterile pharmaceuticals shall submit verification of current accreditation through a national accrediting organization approved by the board or verify the pharmacy is in the accreditation process. The department shall not issue a license to a pharmacy described in this subsection that is not accredited unless the applicant demonstrates compliance with USP standards in a manner determined by the board.

(2) By September 30, 2016, a pharmacy that is licensed on September 30, 2014 and that provides compounding services for sterile pharmaceuticals must be accredited by a national accrediting organization approved by the board, be verified by the board as being in the accreditation process, or be in compliance with USP standards in a manner determined by the board.

© Courtesy of www.legislature.mi.gov

(3) Notwithstanding any provision of part 161 to the contrary, a pharmacy that provides compounding services for sterile pharmaceuticals shall submit with a license renewal application verification of current accreditation or compliance with USP standards, as applicable.

(4) A person that provides services consistent with an outsourcing facility shall comply with requirements of the FDA applicable to compounding services for sterile pharmaceuticals.

(5) A pharmacy shall notify the department of a complaint filed by another state in which the pharmacy is licensed for violations of that state's pharmacy laws, an investigation by federal authorities regarding violations of federal law, or an investigation by any agency into violations of accreditation standards regarding compounding activities within 30 days of knowledge of the complaint or investigation.

(6) Except for distribution within a hospital or another health care entity under common control when regulated by federal law, a pharmacist shall maintain a record of a compounded sterile pharmaceutical in the same manner and for the same retention period as prescribed in rules for other prescription records. The pharmacist shall include, but is not limited to including, all of the following information in the record required under this subsection:

(a) The name, strength, quantity, and dosage form of the compounded pharmaceutical.

(b) The formula to compound that includes mixing instructions, all ingredients and their quantities, and any additional information needed to prepare the compounded pharmaceutical.

(c) The prescription number or assigned internal identification number.

(d) The date of preparation.

(e) The manufacturer and lot number of each ingredient.

(f) The expiration or beyond-use date.

(g) The name of the person who prepared the compounded pharmaceutical.

(h) The name of the pharmacist who approved the compounded pharmaceutical.

(7) A pharmacist shall not offer excess compounded pharmaceuticals to other pharmacies for resale. A compounding pharmacy shall not distribute samples or complimentary starter doses of a compounded pharmaceutical to a health professional.

(8) A compounding pharmacy may advertise or otherwise promote the fact that they provide compounding services.

(9) Based on the existence of a health professional/patient relationship and the presentation of a valid prescription, or in anticipation of the receipt of a prescription based on routine, regularly observed prescription patterns, a pharmacist may compound for a patient a nonsterile or sterile pharmaceutical that is not commercially available in the marketplace.

(10) Notwithstanding any provision of this act to the contrary, a person shall not compound and manufacture drug products or allow the compounding and manufacturing of drug products at the same location.

(11) The department, in consultation with the board, may promulgate rules regarding conditions and facilities for the compounding of nonsterile and sterile pharmaceuticals.

**History:** Add. 2014, Act 280, Eff. Sept. 30, 2014;—Am. 2015, Act 133, Imd. Eff. Sept. 30, 2015.

**Popular name:** Act 368

### 333.17748b Compounding nonsterile or sterile pharmaceuticals for prescriber or health facility or agency to administer to patients without prescription; authorization; report of adverse event; list of authorized pharmacies and pharmacists; selling or redispensing to prescriber or health facility or agency.

Sec. 17748b. (1) Except as otherwise provided in this subsection, a pharmacist or pharmacy shall not compound nonsterile or sterile pharmaceuticals for a prescriber or health facility or agency licensed under article 17 to administer to the prescriber's, facility's, or agency's patients without a prescription, unless the pharmaceutical compounded by the pharmacist or pharmacy complies with the most recent guidance on pharmacy compounding of human drug products under 21 USC 353a. Upon application by a pharmacist or compounding pharmacy, the department may authorize the pharmacist or compounding pharmacy to compound nonsterile or sterile pharmaceuticals for a prescriber or health facility or agency licensed under article 17 to administer to the prescriber's, facility's, or agency's patients in limited quantities without a prescription. This subsection does not apply to the compounding of topical nonsterile pharmaceuticals. The department shall prescribe the form of the application for use under this subsection, which application must include at least all of the following information:

(a) The name and license number of the pharmacist or pharmacy requesting authorization to compound under this subsection.

© Courtesy of www.legislature.mi.gov

(b) The name of the specific prescriber or health facility or agency that is requesting compounded pharmaceuticals and an affidavit from the prescriber or designated agent of the health facility or agency attesting to the need and that the compounded pharmaceuticals are only for patients located in this state or in states immediately adjacent to this state.

(c) The pharmaceuticals to be compounded and the reason for the need to compound the pharmaceuticals.

(d) The anticipated quantities of pharmaceuticals to be compounded each month and the frequency of the need to compound before receipt of a prescription or documentation supporting the anticipated quantities.

(e) The conditions of operation including practices consistent with USP standards and requirements for sterility testing.

(2) A pharmacist or compounding pharmacy that is authorized to compound nonsterile or sterile pharmaceuticals for a prescriber or health facility or agency under subsection (1) shall do all of the following:

(a) Maintain complete and accurate records on a monthly basis of requests from and pharmaceuticals compounded for each prescriber or health facility or agency.

(b) Provide the information described in subdivision (a) to the department as specified in rules or upon request.

(3) The authorization granted under subsection (1) is for a 2-year period consistent with the 2-year license cycle of the pharmacy. The department may, without prior notice to the pharmacist or pharmacy, physically inspect the facility where the compounding of nonsterile or sterile pharmaceuticals occurs.

(4) The department shall not authorize a pharmacist or compounding pharmacy to compound nonsterile or sterile pharmaceuticals without a prescription if the pharmacist or pharmacy is under investigation, is in the process of being disciplined, or is in a disciplinary status.

(5) Except as otherwise provided in this subsection, the department may immediately revoke the authorization granted under subsection (1) if there is a confirmed deviation or violation of the compounding process or if an adverse event directly related to sterility or integrity of the product and associated with a compounded nonsterile or sterile pharmaceutical is detected. If the health, safety, and welfare of the public are not in immediate jeopardy, the department shall provide at least 30 days' notice of the revocation of authorization under this subsection.

(6) A pharmacy or pharmacist authorized to compound pharmaceuticals under this section that becomes aware of an adverse event attributed to the integrity of the product of a compounded pharmaceutical shall report the adverse event to the department not later than 10 calendar days after becoming aware of the adverse event. For purposes of this subsection, an adverse event does not include an isolated allergic reaction to a substance included in the compound if the allergic reaction is treated and relieved with standard protocol.

(7) The department shall post and maintain a list of pharmacies and pharmacists who are authorized to compound pharmaceuticals under this section on its internet website. The department shall update the list required under this subsection at least quarterly.

(8) A prescriber or health facility or agency that obtains compounded pharmaceuticals under this section shall not redispense or sell the compounded pharmaceutical to a patient, a prescriber, or health facility or agency.

**History:** Add. 2014, Act 280, Eff. Sept. 30, 2014.

**Popular name:** Act 368

### 333.17748c Compounding pharmaceutical; commercial availability.

Sec. 17748c. Except for pharmaceuticals on the Michigan pharmaceutical product list maintained by the department of community health, a pharmacist shall not compound a pharmaceutical that is commercially available unless 1 of the following requirements is met:

(a) The commercially available pharmaceutical is modified to produce a significant difference, in the professional judgment of the prescriber, between the compounded pharmaceutical for the patient and the comparable commercially available pharmaceutical.

(b) The commercially available pharmaceutical is not available from normal distribution channels in a timely manner to meet the patient's needs and the dispensing of the compounded pharmaceutical has been approved by the prescriber and the patient. A pharmacist who compounds a commercially available pharmaceutical as provided in this subdivision shall maintain documentation of the reason for the compounding.

**History:** Add. 2014, Act 280, Eff. Sept. 30, 2014.

**Popular name:** Act 368

### 333.17748d Violation of MCL 333.17748a or 17748b; penality.

Sec. 17748d. (1) Except as otherwise provided in this section, a person that violates section 17748a or

© Courtesy of www.legislature.mi.gov

17748b is guilty of a misdemeanor.

(2) Except as otherwise provided in this section, a person that knowingly or willfully violates section 17748a or 17748b or a person that falsifies prescriptions in order to compound a pharmaceutical in bulk is guilty of a felony punishable by imprisonment for not more than 2 years or a fine of not more than $1,000.00, or both.

(3) Except as otherwise provided in this section, a person that knowingly or willfully violates section 17748a or 17748b or a person that falsifies prescriptions in order to compound a pharmaceutical in bulk, which activity results in personal injury, is guilty of a felony punishable by imprisonment for not more than 4 years or a fine of not more than $4,000.00, or both.

(4) A person that knowingly or willfully violates section 17748a or 17748b or a person that falsifies prescriptions in order to compound a pharmaceutical in bulk, which activity results in serious impairment of a body function, is guilty of a felony punishable by imprisonment for not more than 5 years or a fine of not more than $5,000.00, or both. As used in this subsection, "serious impairment of a body function" means that term as defined in section 58c of the Michigan vehicle code, 1949 PA 300, MCL 257.58c.

(5) A person that knowingly or willfully violates section 17748a or 17748b or a person that falsifies prescriptions in order to compound a pharmaceutical in bulk, which activity results in death, is guilty of a felony punishable by imprisonment for not more than 15 years or a fine of not more than $20,000.00, or both.

(6) The state attorney general or county prosecutor may bring and prosecute criminal charges described in this section.

**History:** Add. 2014, Act 280, Eff. Sept. 30, 2014.

**Popular name:** Act 368

### 333.17748e Out-of-state pharmacy; facilitation of delivery or trade; use of wholesale distributor-broker; requirements; liability; license requirements; transaction records; notification; investigation; definitions.

Sec. 17748e. (1) An out-of-state pharmacy that is not licensed under this part as a pharmacy may deliver or trade a drug or device salable on prescription only to a person located in this state only if the out-of-state pharmacy meets both of the following requirements:

(a) The out-of-state pharmacy holds a license in good standing as a pharmacy from the state in which it is located.

(b) The out-of-state pharmacy uses a wholesale distributor-broker that is licensed in this state to facilitate the transaction.

(2) Except as otherwise provided in this part, a pharmacy that is using a wholesale distributor-broker shall only deliver or trade a drug or device salable on prescription only that it receives from 1 or more of the following:

(a) A manufacturer.

(b) A wholesale distributor.

(c) Subject to subsection (3), a pharmacy.

(d) Subject to subsection (3), a qualified pharmacy.

(3) A drug salable on prescription only must not be delivered or traded between pharmacies, or between a pharmacy and a qualified pharmacy that is using a wholesale distributor-broker, unless all of the following are met:

(a) The pharmacy or qualified pharmacy from which the drug is being obtained receives a request for the drug that identifies the drug's brand name or generic name, lot number, expiration date, quality, quantity, and size.

(b) The drug is approved by the United States Food and Drug Administration.

(c) The drug is not expired at the time of the delivery or trade.

(d) The drug is not a controlled substance.

(e) Before delivering or trading the drug, the pharmacy or qualified pharmacy from which the drug is being obtained confirms with the pharmacy or qualified pharmacy receiving the drug that the drug is available for delivery or trade.

(f) The pharmacy or qualified pharmacy from which the drug is being obtained includes with the drug a packaging checklist, confirming that the drug being delivered or traded matches the information identified on the request described in subdivision (a).

(g) The drug is delivered or traded in the original manufacturer's packaging, whether sealed or unsealed, with the drug's national drug code, lot number, and expiration date conspicuously identified on the packaging. If the original manufacturer's packaging is unsealed at the time of the delivery or trade, the delivery or trade may include a quantity of the drug that is less than the quantity contained in the original manufacturer's

© Courtesy of www.legislature.mi.gov

packaging. However, the pharmacies, or the pharmacy and qualified pharmacy, shall not trade or deliver more than 1 unsealed or partial quantity of the drug during any consecutive 90-day period.

(h) If 1 of the pharmacies involved in the delivery or trade is a qualified pharmacy, the delivery or trade is intended to fill a prescription for an identified patient.

(4) A wholesale distributor-broker is not liable in a civil action for personal injury or death resulting from a drug or device salable on prescription only that was delivered or traded by a pharmacy or qualified pharmacy under this section, regardless of whether the wholesale distributor-broker is subject to disciplinary action under this part, if the wholesale distributor-broker's conduct does not amount to gross negligence as that term is defined in section 7 of 1964 PA 170, MCL 691.1407.

(5) To receive a license as a wholesale distributor-broker under this part, an applicant shall meet the requirements for licensure established by the department in consultation with the board by rule. The rules must require the applicant to demonstrate to the satisfaction of the board that, at the time of the application for initial licensure, the applicant facilitates deliveries or trades for at least 50 qualified pharmacies that are each licensed in good standing in their state of licensure. If the number of qualified pharmacies described in this subsection with which a wholesale distributor-broker facilitates deliveries and trades falls below 50, the wholesale distributor-broker may continue to do business in this state. However, a wholesale distributor-broker seeking renewal of its license shall, in addition to meeting any requirements for renewal under section 16201, demonstrate to the satisfaction of the board that the wholesale distributor-broker facilitates deliveries and trades for at least 50 qualified pharmacies at the time of license renewal.

(6) A wholesale distributor-broker shall provide a transaction history, transaction statement, or transaction information to a pharmacy purchasing a drug or device from a pharmacy or qualified pharmacy through the wholesale distributor-broker under this section if any of the following are met:

(a) A transaction history, transaction statement, or transaction information is required under the drug supply chain security act, Public Law 113-54.

(b) The qualified pharmacy provided the transaction history, transaction statement, or transaction information to the wholesale distributor-broker, and the wholesale distributer-broker receives a request for the document from the purchasing pharmacy. A wholesale distributor-broker that receives a document described in this subdivision shall retain the document for at least 7 years.

(7) A wholesale distributor-broker that receives notification from a pharmacy or qualified pharmacy that a delivery or trade facilitated by the wholesale distributor-broker involved a drug or device salable on prescription only that is a suspect product or illegitimate product shall immediately notify each of the following:

(a) The department.

(b) The United States Food and Drug Administration.

(c) Each pharmacy that received the product from the pharmacy or qualified pharmacy.

(8) Before facilitating the delivery or trade of a drug or device salable on prescription only to a pharmacy, the wholesale distributor-broker shall notify the pharmacy, in writing, that the wholesale distributor-broker will not examine the drug or device for quality or accuracy before the pharmacy receives the drug or device.

(9) A wholesale distributor-broker shall not facilitate a delivery or trade of a drug or device salable on prescription only between a pharmacy and a qualified pharmacy unless both of the following are met:

(a) The pharmacy's or qualified pharmacy's license is in good standing in its state of licensure at the time of the delivery or trade and the wholesale distributor-broker has no knowledge of pending disciplinary action against the pharmacy or qualified pharmacy in its state of licensure.

(b) The wholesale distributor-broker has, for the quarter in which the delivery or trade will occur, received from the pharmacy and qualified pharmacy a signed attestation that the pharmacy or qualified pharmacy holds a license in good standing in its state of licensure and that the pharmacy or qualified pharmacy is in compliance with all applicable federal and state laws. The wholesale distributor-broker shall make an attestation received under this subdivision available to the department on the department's request.

(10) A wholesale distributor-broker shall cooperate with the department if the department is investigating a transaction involving the wholesale distributor-broker or a qualified pharmacy with which the wholesale distributor-broker facilitates transactions.

(11) As used in this section:

(a) "Illegitimate product" means that term as defined in 21 USC 360eee.

(b) "Out-of-state pharmacy" means a facility or part of a facility that is located outside of this state and that dispenses prescription drugs or prepares prescription drugs for delivery or distribution under the laws of the state in which it is located.

(c) "Qualified pharmacy" means an out-of-state pharmacy that meets the requirements described in subsection (1).

© Courtesy of www.legislature.mi.gov

(d) "Suspect product" means that term as defined in 21 USC 360eee.
(e) "Transaction history" means that term as defined in 21 USC 360eee.
(f) "Transaction information" means that term as defined in 21 USC 360eee.
(g) "Transaction statement" means that term as defined in 21 USC 360eee.

**History:** Add. 2020, Act 142, Imd. Eff. July 14, 2020.

**Popular name:** Act 368

### 333.17748f Licensure of a pharmacy as a wholesale distributor or manufacturer; requirements.

Sec. 17748f. (1) A pharmacy shall obtain a license as a wholesale distributor under this part if the total number of dosage units of all prescription drugs distributed by the pharmacy to a person during any consecutive 12-month period is more than 5% of the total number of dosage units of prescription drugs distributed and dispensed by the pharmacy during the same 12-month period. The calculation of the 5% threshold described in this subsection must not include a distribution of a prescription drug that is exempt from the definition of wholesale distribution under 21 USC 353(e)(4).

(2) A pharmacy shall obtain a license as a manufacturer under this part if, during any consecutive 12-month period, the total number of dosage units of all prescription drugs that are prepared or compounded by the pharmacy for the resale, compounding, or dispensing by another person is more than 5% of the total number of dosage units of prescription drugs prepared by the pharmacy during the same 12-month period.

**History:** Add. 2020, Act 142, Imd. Eff. July 14, 2020;—Am. 2021, Act 130, Imd. Eff. Dec. 17, 2021.

**Popular name:** Act 368

### 333.17749 Dispensing of diagnostic or therapeutic pharmaceutical agents by wholesale distributor or pharmacist to optometrist; condition; “therapeutic pharmaceutical agent” and “diagnostic pharmaceutical agent” defined.

Sec. 17749. (1) Notwithstanding any provision of this act or any rule promulgated under this act, a wholesale distributor or pharmacist may dispense a diagnostic pharmaceutical agent or a therapeutic pharmaceutical agent to a licensed optometrist for subsequent administration to optometric patients, if the optometrist provides the wholesale distributor or pharmacist with the number of the optometrist's certification of qualification to administer diagnostic pharmaceutical agents and the number of the optometrist's certification of qualification to administer and prescribe therapeutic pharmaceutical agents.

(2) As used in this section, "therapeutic pharmaceutical agent" and "diagnostic pharmaceutical agent" mean those terms as defined in section 17401.

**History:** Add. 1984, Act 42, Eff. Apr. 12, 1984;—Am. 1994, Act 384, Eff. Mar. 30, 1995.

**Popular name:** Act 368

### 333.17750 Person who distributes complimentary starter doses to prescribers; records; access by board; “complimentary starter dose” defined.

Sec. 17750. (1) A person who distributes complimentary starter doses to prescribers shall maintain records that include at least all of the following information:

(a) The name and address of the manufacturer distributing the complimentary starter doses.
(b) The name and address of each prescriber to whom complimentary starter doses were distributed.
(c) The type and amount of complimentary starter doses distributed to each prescriber.

(2) Upon request of the board, a person who distributes complimentary starter doses to prescribers shall provide the board access to the records required under subsection (1).

(3) As used in this section, "complimentary starter dose" means that term as defined in section 17745(1).

**History:** Add. 1990, Act 333, Eff. Mar. 28, 1991.

**Popular name:** Act 368

### 333.17750a Dispensing of prescription for therapeutic pharmaceutical agent by pharmacist.

Sec. 17750a. (1) A pharmacist may dispense a prescription for a therapeutic pharmaceutical agent issued by an optometrist certified by the Michigan board of optometry under part 174 as qualified to administer and prescribe therapeutic pharmaceutical agents.

(2) As used in this section, "therapeutic pharmaceutical agent" means that term as defined in section 17401.

**History:** Add. 1994, Act 384, Eff. Mar. 30, 1995.

**Popular name:** Act 368

## 333.17751 Dispensing prescription drug or device requiring prescription; requirements; exceptions.

Sec. 17751. (1) Except as otherwise provided in sections 17724a and 17744f, a pharmacist shall not dispense a drug requiring a prescription under the federal act or a law of this state except under authority of an original prescription or an equivalent record of an original prescription approved by the board. A pharmacist described in section 17742b(2) may dispense a drug pursuant to an original prescription received at a remote pharmacy if the pharmacist receives, reviews, and verifies an exact digital image of the prescription received at the remote pharmacy before the drug is dispensed at the remote pharmacy.

(2) Subject to this subsection and subsections (1) and (5), a pharmacist may dispense a drug or device pursuant to a prescription written and signed; written or created in an electronic format, signed, and transmitted by facsimile; or transmitted electronically or by other means of communication by a prescriber in another state or province of Canada, but not including a prescription for a controlled substance except under circumstances described in section 17763(e). Before dispensing a drug or device pursuant to a prescription under this subsection, the pharmacist, in the exercise of the pharmacist's professional judgment, must determine all of the following:

(a) Except as otherwise authorized under section 5110, 17744a, or 17744b, if the prescriber is not a veterinarian, that the prescription was issued pursuant to an existing prescriber-patient relationship.

(b) That the prescription is authentic.

(c) That the prescribed drug is appropriate and necessary for the treatment of an acute, chronic, or recurrent condition.

(3) A pharmacist or a prescriber shall dispense a drug or device pursuant to a prescription only if the prescription falls within the scope of practice of the prescriber or if the prescription was issued by a pharmacist in accordance with this part.

(4) A pharmacist shall not knowingly dispense a drug or device pursuant to a prescription after the death of the patient.

(5) A pharmacist shall not dispense a drug or device pursuant to a prescription transmitted by facsimile or created in electronic format and printed out for use by the patient unless the document is manually signed by the prescriber. This subsection does not apply to any of the following:

(a) A prescription that is transmitted by a computer to a facsimile machine if that prescription complies with section 17754 or 17754a.

(b) A prescription that is received by a remote pharmacy and made available to a pharmacist described in section 17742b(2) for review and verification in the manner required under subsection (1).

(6) After consultation with and agreement from the prescriber, a pharmacist may add or change a patient's address, a dosage form, a drug strength, a drug quantity, a direction for use, or an issue date with regard to a prescription. A pharmacist shall note the details of the consultation and agreement required under this subsection on the prescription or, if the drug is dispensed at a remote pharmacy, on the digital image of the prescription described in subsection (1), and shall maintain that documentation with the prescription as required in section 17752. A pharmacist shall not change the patient's name, controlled substance prescribed unless authorized to dispense a lower cost generically equivalent drug product under section 17755, or the prescriber's signature with regard to a prescription.

(7) A prescription that is contained within a patient's chart in a health facility or agency licensed under article 17 or other medical institution and that is transmitted to a pharmacy under section 17744 is the original prescription. If all other requirements of this part are met, a pharmacist shall dispense a drug or device pursuant to a prescription described in this subsection. A pharmacist may dispense a drug or device pursuant to a prescription described in this subsection even if the prescription does not contain the quantity ordered. If a prescription described in this subsection does not contain the quantity ordered, the pharmacist shall consult with the prescriber to determine an agreed-upon quantity. The pharmacist shall record the quantity dispensed on the prescription and shall maintain that documentation with the prescription as required in section 17752.

(8) If, after consulting with a patient, a pharmacist determines in the exercise of the pharmacist's professional judgment that dispensing additional quantities of a prescription drug is appropriate for the patient, the pharmacist may dispense, at one time, additional quantities of the prescription drug up to the total number of dosage units authorized by the prescriber on the original prescription for the patient and any refills of the prescription. Except for a controlled substance included in schedule 5 that does not contain an opioid, this subsection does not apply to a prescription for a controlled substance.

(9) Notwithstanding any provision of this section, a pharmacist who receives a prescription under subsection (2) from an advanced practice registered nurse prescriber or physician's assistant prescriber in another state or province of Canada may dispense the drug or device without determining whether the

© Courtesy of www.legislature.mi.gov

advanced practice registered nurse prescriber or physician's assistant prescriber is authorized under the laws of the other state or province of Canada to issue the prescription.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1997, Act 153, Eff. Mar. 31, 1998;—Am. 2005, Act 85, Imd. Eff. July 19, 2005;—Am. 2006, Act 672, Imd. Eff. Jan. 10, 2007;—Am. 2011, Act 155, Imd. Eff. Sept. 27, 2011;—Am. 2012, Act 209, Imd. Eff. June 27, 2012;—Am. 2013, Act 186, Eff. Mar. 14, 2014;—Am. 2014, Act 311, Imd. Eff. Oct. 14, 2014;—Am. 2014, Act 525, Imd. Eff. Jan. 14, 2015;—Am. 2016, Act 49, Eff. June 13, 2016;—Am. 2017, Act 165, Eff. Feb. 11, 2018;—Am. 2020, Act 4, Eff. Apr. 26, 2020;—Am. 2020, Act 136, Imd. Eff. July 8, 2020;—Am. 2021, Act 36, Imd. Eff. July 1, 2021;—Am. 2022, Act 80, Eff. Mar. 29, 2023;—Am. 2023, Act 97, Imd. Eff. July 19, 2023;—Am. 2024, Act 242, Eff. Apr. 2, 2025.

**Compiler's note:** Enacting section 1 of Act 49 of 2016 provides:

"Enacting section 1. Section 16349 of the public health code, 1978 PA 368, MCL 333.16349, as amended by this amendatory act, applies to licensing fees required to be paid after December 31, 2018."

**Popular name:** Act 368

### 333.17752 Prescription or equivalent record; preservation; disclosure; providing copies; refilling copy; applicability of subsection (3) to pharmacies sharing real-time, on-line database and remote pharmacies; "equivalent record" defined.

Sec. 17752. (1) A licensee or dispensing prescriber shall preserve a prescription, or an equivalent record of the prescription approved by the board, for not less than 5 years.

(2) A prescription or equivalent record on file in a pharmacy is not a public record. A person having custody of or access to prescriptions shall not disclose their contents or provide copies without the patient's authorization, to any person except to any of the following:

(a) The patient for whom the prescription was issued, or another pharmacist acting on behalf of the patient.

(b) The authorized prescriber who issued the prescription, or a licensed health professional who is currently treating the patient.

(c) An agency or agent of government responsible for the enforcement of laws relating to drugs and devices.

(d) A person authorized by a court order.

(e) A person engaged in research projects or studies with protocols approved by the board.

(3) A pharmacist may refill a copy of a prescription from another pharmacy if the original prescription has remaining authorized refills, and the copy is issued according to the following procedure:

(a) The pharmacist issuing a written or oral copy of a prescription shall cancel the original prescription and record the cancellation. The record of cancellation must include the date the copy was issued, to whom issued, and the identification of the pharmacist who issued the copy.

(b) The written or oral copy issued must be a duplicate of the original prescription except that it must also include the prescription number, the name of the pharmacy issuing the copy, the date the copy was issued, and the number of authorized refills remaining available to the patient.

(c) The pharmacist receiving a written or oral copy of the prescription shall exercise reasonable diligence to determine whether it is a valid copy, and having done so may treat the copy as an original prescription.

(d) Except as described in this part, all other copies furnished must be used for information purposes only and clearly marked "for informational or reference purposes only".

(4) Subsection (3) does not apply to any of the following:

(a) Pharmacies that share a real-time, on-line database or other equivalent means of communication.

(b) Pharmacies that transfer prescriptions pursuant to a written contract for centralized prescription processing services as provided under section 17753.

(c) A parent pharmacy if the parent pharmacy receives a copy of a prescription from a remote pharmacy that it operates.

(d) A remote pharmacy if the remote pharmacy receives a copy of a prescription from a parent pharmacy.

(5) For purposes of this section, "equivalent record of the prescription approved by the board" or "equivalent record" includes a digital image described in section 17751(1).

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2005, Act 73, Imd. Eff. July 19, 2005;—Am. 2020, Act 4, Eff. Apr. 26, 2020.

**Popular name:** Act 368

### 333.17753 Centralized prescription processing; conditions for performing or contracting; maintenance of policy and procedures manual; definition.

Sec. 17753. (1) A pharmacy may perform centralized prescription processing services or outsource those services to another pharmacy if each of the following conditions is satisfied:

(a) The pharmacies have the same owner or have a written contract outlining the services to be provided and the responsibilities and accountabilities of each pharmacy in fulfilling the terms of the contract in

© Courtesy of www.legislature.mi.gov

compliance with federal and state laws and regulations.

(b) The pharmacies share a common electronic file or have appropriate technology to allow access to sufficient information necessary or required to prepare a prescription drug order.

(c) The pharmacies comply with federal and state laws and regulations.

(2) A pharmacy that performs, or contracts for, centralized prescription processing services shall maintain a policy and procedures manual, along with documentation that implementation is occurring, and each shall be made available to the board for inspection and review upon request and the manual shall include, but is not limited to, a detailed description of how the pharmacies will do all of the following:

(a) Maintain appropriate records to identify the responsible pharmacist, or pharmacists, in the various stages of the drug product preparation, dispensing, and counseling process.

(b) Track the prescription drug order during each step in the drug product preparation, dispensing, and counseling process.

(c) Identify on the prescription label each pharmacy involved in the preparation and dispensing of the prescription drug order.

(d) Provide adequate security to protect the confidentiality and integrity of a patient's protected health information.

(e) Implement and maintain a quality improvement program for pharmacy services designed to objectively and systematically monitor and evaluate the quality and appropriateness of patient care, pursue opportunities to improve patient care, and resolve identified problems.

(3) As used in this section, "centralized prescription processing" means the processing by a pharmacy of a request from another pharmacy to fill or refill a prescription drug order or to perform processing functions such as dispensing, performing drug utilization review, completing claims adjudication, obtaining refill authorizations, initiating therapeutic interventions, and other functions related to the practice of pharmacy.

**History:** Add. 2005, Act 72, Imd. Eff. July 19, 2005.

**Popular name:** Act 368

### 333.17754 Electronic transmission of prescription; conditions; information; confidentiality; professional judgment as to accuracy, validity, and authenticity; original prescription; inapplicable after October 1, 2021.

Sec. 17754. (1) Except as otherwise provided under article 7, article 8, and the federal act, a prescription may be transmitted electronically if the prescription is transmitted in compliance with the health insurance portability and accountability act of 1996, Public Law 104-191, or regulations promulgated under that act, 45 CFR parts 160 and 164, by a prescriber or his or her agent and the data are not altered or modified in the transmission process. The electronically transmitted prescription must include all of the following information:

(a) The name, address, and telephone number of the prescriber.

(b) Except as otherwise authorized under section 5110, 17744a, or 17744b, the full name of the patient for whom the prescription is issued.

(c) An electronic signature or other identifier that specifically identifies and authenticates the prescriber or his or her agent.

(d) The time and date of the transmission.

(e) The identity of the pharmacy intended to receive the transmission.

(f) Any other information required by the federal act or state law.

(2) The electronic equipment or system utilized in the transmission and communication of prescriptions must provide adequate confidentiality safeguards and be maintained to protect patient confidentiality as required under any applicable federal and state law and to ensure against unauthorized access. The electronic transmission of a prescription must be communicated in a retrievable, recognizable form acceptable to the intended recipient. The electronic form utilized in the transmission of a prescription must not include "dispense as written" or "d.a.w." as the default setting.

(3) Before dispensing a prescription that is electronically transmitted, the pharmacist shall exercise professional judgment regarding the accuracy, validity, and authenticity of the transmitted prescription.

(4) An electronically transmitted prescription that meets the requirements of this section is the original prescription.

(5) This section does not apply beginning on the date on which section 17754a applies.

**History:** Add. 2006, Act 672, Imd. Eff. Jan. 10, 2007;—Am. 2012, Act 209, Imd. Eff. June 27, 2012;—Am. 2013, Act 186, Eff. Mar. 14, 2014;—Am. 2013, Act 268, Imd. Eff. Dec. 30, 2013;—Am. 2014, Act 311, Imd. Eff. Oct. 14, 2014;—Am. 2014, Act 525, Imd. Eff. Jan. 14, 2015;—Am. 2020, Act 134, Imd. Eff. July 8, 2020.

### 333.17754a Electronic transmission of prescription; conditions; information; confidentiality; professional judgment as to accuracy, validity, and authenticity; exceptions; waiver; rules; delayed implementation.

Sec. 17754a. (1) Except as otherwise provided under article 8, the federal act, or subsection (5), and subject to subsection (10), beginning October 1, 2021, a prescriber or his or her agent shall electronically transmit a prescription, including a prescription for a controlled substance, directly to a pharmacy of the patient's choice. A prescription that is transmitted electronically under this section must be in compliance with the health insurance portability and accountability act of 1996, Public Law 104-191, or regulations promulgated under that act, 45 CFR parts 160 and 164, and the data must not be altered or modified in the transmission process. The electronically transmitted prescription must include all of the following information:

(a) The name, address, and telephone number of the prescriber.

(b) Except as otherwise authorized under section 5110, 17744a, or 17744b, the full name of the patient for whom the prescription is issued.

(c) An electronic signature or other identifier that specifically identifies and authenticates the prescriber or his or her agent.

(d) The time and date of the transmission.

(e) The identity of the pharmacy intended to receive the transmission.

(f) Any other information required by the federal act or state law.

(2) The electronic equipment or system utilized in the transmission and communication of prescriptions under this section must provide adequate confidentiality safeguards and be maintained to protect patient confidentiality as required under any applicable federal and state law and to ensure against unauthorized access. The electronic transmission of a prescription under this section must be communicated in a retrievable, recognizable form acceptable to the intended recipient. The electronic form utilized in the transmission of a prescription must not include "dispense as written" or "d.a.w." as the default setting.

(3) Before dispensing a prescription that is electronically transmitted under this section, the pharmacist shall exercise professional judgment regarding the accuracy, validity, and authenticity of the transmitted prescription.

(4) An electronically transmitted prescription that meets the requirements of this section is the original prescription.

(5) The requirement to transmit a prescription electronically under subsection (1) does not apply under any of the following circumstances:

(a) If the prescription is issued by a prescriber who is a veterinarian licensed under this article.

(b) If the prescription is issued under a circumstance in which electronic transmission is not available due to a temporary technological or electrical failure.

(c) If the prescription is issued by a prescriber who has received a waiver from the department under subsection (7).

(d) If the prescription is issued by a prescriber who reasonably believes that electronically transmitting the prescription would make it impractical for the patient who is the subject of the prescription to obtain the prescription drug in a timely manner and that the delay would adversely affect the patient's medical condition. A prescriber who does not electronically transmit a prescription under this subdivision shall document the specific reason for his or her belief that the delay would adversely affect the patient's medical condition.

(e) If the prescription is orally prescribed under section 7333(3) or (4).

(f) If the prescription is issued by a prescriber to be dispensed outside of this state.

(g) If the prescription is issued by a prescriber who is located outside of this state to be dispensed by a pharmacy located inside of this state.

(h) If the prescription is issued and dispensed in the same health care facility and the individual for whom the prescription is issued uses the drug exclusively in the health care facility. As used in this subdivision, "health care facility" includes, but is not limited to, any of the following:

(*i*) A hospital.

(*ii*) A hospice.

(*iii*) A dialysis treatment clinic.

(*iv*) A freestanding surgical outpatient facility.

(*v*) A skilled nursing facility.

(*vi*) A long-term care facility that provides rehabilitative, restorative, or ongoing skilled nursing care to an individual who is in need of assistance with activities of daily living.

© Courtesy of www.legislature.mi.gov

(i) If the prescription contains content that is not supported by the National Council for Prescription Drug Programs Prescriber/Pharmacist Interface SCRIPT Standard.

(j) If the prescription is for a drug for which the FDA requires the prescription to contain content that cannot be transmitted electronically.

(k) If the prescription is issued under circumstances in which the prescriber is not required to include on the prescription a name of a patient for whom the prescription is issued including, but not limited to, a prescription issued under section 5110.

(*l*) If the prescription is issued by a prescriber who is prescribing the drug under a research protocol.

(m) If the prescription is dispensed by a dispensing prescriber.

(n) If the prescription is for a dialysis-related drug that is administered as part of or incident to a home-based dialysis treatment.

(6) If a prescriber has not been granted a waiver from the department under subsection (7) and the prescriber does not electronically transmit a prescription under an exception described in subsection (5), the prescriber shall document the applicable exception and provide that documentation to the department on request.

(7) If a prescriber cannot meet the requirements of subsection (1) or (2), the prescriber may apply to the department for a waiver in a form and manner required by the department. The department shall establish by rule the requirements for obtaining a waiver under this subsection. The rules must not establish requirements that are more stringent than any requirements used by the federal Centers for Medicare and Medicaid Services for waiving the Medicare requirement for the electronic transmission of controlled substance prescriptions. If a prescriber provides evidence satisfactory to the department that the prescriber has received a waiver of the Medicare requirement for the electronic transmission of controlled substances prescriptions from the federal Centers for Medicare and Medicaid Services, the department shall grant a waiver to the prescriber under this subsection. A waiver that is granted by the department under this subsection is valid for a period not to exceed 2 years and is renewable.

(8) A pharmacist who receives a prescription that was not transmitted electronically to the pharmacy may dispense the prescription without determining whether an exception under subsection (5) applies.

(9) The department, in consultation with the board, shall promulgate rules to implement this section.

(10) If the federal Centers for Medicare and Medicaid Services delays the Medicare requirement for the electronic transmission of prescriptions for controlled substances beyond October 1, 2021, then the department shall delay the implementation date of subsection (1) to the date established by the federal Centers for Medicare and Medicaid Services for the Medicare requirement.

**History:** Add. 2020, Act 134, Imd. Eff. July 8, 2020;—Am. 2021, Act 94, Imd. Eff. Oct. 29, 2021.

**Popular name:** Act 368

### 333.17755 Dispensing lower cost generically equivalent drug product or interchangeable biological drug product; notice; contents of prescription label; limitation; restrictions; limitation on total charge; communication to be provided prescriber; exception; link on website to Purple Book; report; definitions.

Sec. 17755. (1) Except as provided in subsection (3), when a pharmacist receives a prescription for a brand name drug product or biological drug product, the pharmacist may, or when a purchaser requests a lower cost generically equivalent drug product or interchangeable biological drug product, the pharmacist shall dispense a lower cost but not higher cost generically equivalent drug product or interchangeable biological drug product if available in the pharmacy. If a drug or biological drug product is dispensed that is not the prescribed brand, the purchaser must be notified and the prescription label must indicate both the name of the brand prescribed and the name of the brand dispensed and designate each respectively. Except as otherwise provided in section 17756, if the dispensed drug or biological drug product does not have a brand name, the prescription label must indicate the generic name of the drug dispensed or the proprietary name of the biological drug product dispensed.

(2) If a pharmacist substitutes a lower cost generically equivalent drug product or interchangeable biological drug product to a purchaser who is not submitting a claim to a third-party payment source, the pharmacist shall charge the purchaser not more than the current selling price for the lower cost drug product.

(3) The pharmacist shall not dispense a generically equivalent drug product or interchangeable biological drug product under subsection (1) if any of the following apply:

(a) The prescriber, in the case of a prescription in writing signed by the prescriber, writes in his or her own handwriting "dispense as written" or "d.a.w." on the prescription.

(b) The prescriber, having preprinted on his or her prescription blanks the statement "another brand of a

© Courtesy of www.legislature.mi.gov

generically equivalent product, identical in dosage, form, and content of active ingredients, may be dispensed unless initialed d.a.w.", writes in his or her own handwriting the initials "d.a.w." in a space, box, or square adjacent to the statement.

(c) The prescriber, in the case of a prescription other than one in writing signed by the prescriber, expressly indicates that the prescription is to be dispensed as communicated.

(4) A pharmacist may not dispense a drug product with a total charge that exceeds the total charge of the drug product originally prescribed, unless agreed to by the purchaser.

(5) Except as otherwise provided in subsection (6), within 5 days after dispensing an interchangeable biological drug product, the dispensing pharmacist or his or her designee shall communicate to the prescriber the specific interchangeable biological drug product provided to the patient, including the name of the interchangeable biological drug product and its manufacturer. The communication required under this subsection must be made as follows:

(a) By making an entry that is electronically accessible to the prescriber through an interoperable electronic medical records system, an electronic prescribing technology, a pharmacy benefit management system, a health information exchange, or a pharmacy record. An entry made as described in this subdivision is presumed to provide notice to the prescriber.

(b) If the methods described in subdivision (a) are not available, then by facsimile, telephone, electronic transmission, or other prevailing means.

(6) Subsection (5) does not apply if either of the following occurs:

(a) There is no FDA-licensed interchangeable biological drug product for the product prescribed.

(b) A refill authorization does not change the product that was dispensed on the prior filling of the prescription.

(7) The board shall maintain a link on its website to the current Purple Book.

(8) Beginning June 1, 2018 and annually thereafter, the department shall submit a report on all of the following to the house and senate standing committees on health policy, the speaker of the house of representatives, and the senate majority leader:

(a) A list of each biological drug product that the FDA had previously determined to be therapeutically equivalent as set forth in the Orange Book that is now included in the Purple Book.

(b) The anticipated date that every biological drug product that the FDA has determined to be therapeutically equivalent as set forth in the Orange Book will be included in the Purple Book.

(9) As used in this section:

(a) "Orange Book" means "Approved Drug Products with Therapeutic Equivalence Evaluations", an FDA publication that is commonly referred to as the "Orange Book".

(b) "Purple Book" means "Lists of Licensed Biological Products with Reference Product Exclusivity and Biosimilarity or Interchangeability Evaluations", an FDA publication that is commonly referred to as the "Purple Book".

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2018, Act 41, Eff. May 29, 2018;—Am. 2018, Act 246, Eff. Sept. 26, 2018.

**Popular name:** Act 368

### 333.17756 Label on prescription; contents.

Sec. 17756. (1) A prescription dispensed by a pharmacist shall bear upon the label the name of the medication in the container, unless the prescriber writes "do not label" on the prescription. The prescription shall also bear upon the label the following statement: "Discard this medication 1 year after the date it is dispensed.", unless the medication expires on another date under applicable state or federal law or rules or regulations or other state or federal standards. If the medication expires on another date, the pharmacist dispensing the prescription shall strike or omit the statement required under this subsection and shall specify on the label the actual expiration date of the medication.

(2) A label on a prescription dispensed by a dispensing prescriber shall include the name of the medication in the container. The label shall also include the statement required under subsection (1) or the actual expiration date of the medication in the container in the same manner required under subsection (1) for a prescription dispensed by a pharmacist.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 73, Eff. Jan. 1, 1994.

**Popular name:** Act 368

### 333.17757 Price information; prohibited conduct; notice; receipt evidencing transactions; omission; retention of copy of receipt; rules.

Sec. 17757. (1) When a pharmacist engaged in the business of selling drugs receives a prescription, the pharmacist may, or, when the pharmacist receives a request made in person or by telephone, the pharmacist

© Courtesy of www.legislature.mi.gov

shall provide the current selling price of a drug dispensed by that pharmacy or comparative current selling prices of generic and brand name drugs or biosimilar drug products dispensed by that pharmacy. If information is provided under this subsection, it must be provided before a drug is dispensed. A person that makes a request for or receives price information under this subsection is not obligated to purchase the drug for which the price or comparative prices are requested or received. A pharmacy or a pharmacist described in this subsection shall not enter into a contract that prohibits the disclosure of the information described in this subsection.

(2) A pharmacist engaged in the business of selling drugs shall conspicuously display the notice described in subsection (3) at each counter over which prescription drugs are dispensed.

(3) The notice required under subsection (2) must be in substantially the following form:

NOTICE TO CONSUMERS
ABOUT PRESCRIPTION DRUGS

Under Michigan law, you have the right to find out the price of a prescription drug before the pharmacist fills the prescription. You are under no obligation to have the prescription filled here and may use this price information to shop around at other pharmacies. You may request price information in person or by telephone.

Every pharmacy has the current selling prices of both generic and brand name drugs dispensed by the pharmacy.

Ask your pharmacist if a lower-cost generic drug is available to fill your prescription. A generic drug contains the same medicine as a brand name drug and is a suitable substitute in most instances.

A generic drug may not be dispensed by your pharmacist if your doctor has written "dispense as written" or the initials "d.a.w." on the prescription.

If you have questions about the drugs that have been prescribed for you, ask your doctor or pharmacist for more information.

To avoid dangerous drug interactions, let your doctor and pharmacist know about any other medications you are taking. This is especially important if you have more than 1 doctor or have prescriptions filled at more than 1 pharmacy.

(4) The notice required under subsection (2) must also contain the address and phone number of the board and the department. The text of the notice must be in at least 32-point bold type and be printed on paper at least 11 inches by 17 inches in size. The notice may be printed on multiple pages.

(5) The department shall provide a copy of the notice required under subsection (2) to each licensee. The department shall provide additional copies if needed. A person may duplicate or reproduce the notice if the duplication or reproduction is a true copy of the notice as produced by the department, without any additions or deletions.

(6) The pharmacist shall furnish to the purchaser of a prescription drug at the time the drug is delivered to the purchaser a receipt evidencing the transactions that contains all of the following:

(a) The brand name of the drug, if applicable.

(b) The name of the manufacturer or the supplier of the drug, if the drug does not have a brand name.

(c) The strength of the drug, if significant.

(d) The quantity dispensed, if applicable.

(e) The name and address of the pharmacy.

(f) The serial number of the prescription, a reference to the standing order issued under section 17744e, or, if the prescription drug is dispensed pursuant to section 17724a or 17744f, a reference to the applicable section.

(g) The date the prescription was originally dispensed, if applicable.

(h) The name of the prescriber or, if prescribed under the prescriber's delegatory authority, the name of the delegatee. If the prescription drug is dispensed pursuant to section 17744f, the name of the original prescriber and the pharmacist dispensing the prescription drug. If the prescription drug is dispensed pursuant to section 17724a, the name of the pharmacist dispensing the prescription drug. If the prescription was issued under section 17744g, the name of the pharmacist issuing the prescription.

(i) Except as otherwise authorized under section 5110, 17744a, 17744b, or 17744e, the name of the patient for whom the drug was prescribed or dispensed.

(j) The price for which the drug was sold to the purchaser.

(7) The items required under subsection (6)(a), (b), and (c) may be omitted from a receipt by a pharmacist only if the omission is expressly required by the prescriber. The pharmacist shall retain a copy of each receipt furnished under subsection (6) for 90 days. Including the items required under subsection (6) on the prescription container label is a valid receipt to the purchaser. Including the items required under subsection (6) on the written prescription form and retaining the form constitutes retention of a copy of the receipt.

(8) The department, in consultation with the board, may promulgate rules to implement this section.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 304, Eff. Mar. 31, 1987;—Am. 2011, Act 210, Imd. Eff. Nov. 8, 2011;—Am. 2013, Act 186, Eff. Mar. 14, 2014;—Am. 2014, Act 311, Imd. Eff. Oct. 14, 2014;—Am. 2014, Act 525, Imd. Eff. Jan. 14, 2015;—Am. 2016, Act 383, Eff. Mar. 28, 2017;—Am. 2021, Act 36, Imd. Eff. July 1, 2021;—Am. 2022, Act 13, Imd. Eff. Feb. 23, 2022;—Am. 2023, Act 97, Imd. Eff. July 19, 2023;—Am. 2024, Act 242, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.17757a Providing selling price of drugs dispensed upon request; notice to consumers about prescription drugs; contents; form; display; copies.

Sec. 17757a. (1) Upon a request made in person or by telephone, a dispensing prescriber engaged in the business of selling prescription drugs shall provide the current selling price of a drug dispensed by that dispensing prescriber or comparative current selling prices of generic and brand name drugs dispensed by that dispensing prescriber. The information shall be provided to the person making the request before a prescription drug is dispensed to the person. A person who makes a request for price information under this subsection is not obligated to purchase the prescription drug for which the price or comparative prices are requested.

(2) A dispensing prescriber engaged in the business of selling prescription drugs shall conspicuously display the notice described in subsection (3) in the location within the dispensing prescriber's practice where the dispensing occurs.

(3) The notice required under subsection (2) shall be in substantially the following form:

NOTICE TO CONSUMERS ABOUT PRESCRIPTION DRUGS

Under Michigan law, you have the right to find out the price of a prescription drug before the doctor provides a prescription drug directly to you. You are under no obligation to have the prescription filled here and may use this price information to shop around.

You may choose to have the prescription filled by your doctor or the pharmacy of your choice. Your doctor may not force you to have the prescription filled by the doctor. Your doctor cannot charge you for medications marked "sample." Ask your doctor or pharmacist if a lower-cost generic drug is available to fill your prescription. A generic drug contains the same medicine as a brand name drug and is a suitable substitute in most cases. If you have questions about the drugs which have been prescribed for you, ask your doctor or pharmacist for more information. To avoid dangerous drug interactions, let your doctor and pharmacist know about any other medications you are taking. This is especially important if you have more than 1 doctor or have prescriptions filled at more than 1 location.

(4) The notice required under subsection (2) shall also contain the address and phone number of the board and the department. The text of the notice shall be in at least 32-point bold type and shall be printed on paper at least 11 inches by 17 inches in size. The notice may be printed on multiple pages.

(5) A copy of the notice required under subsection (2) shall be provided to each dispensing prescriber by the department. Additional copies shall be available if needed from the department. A person may duplicate or reproduce the notice if the duplication or reproduction is a true copy of the notice as produced by the department, without any additions or deletions.

**History:** Add. 1990, Act 333, Eff. Mar. 28, 1991;—Am. 1993, Act 305, Imd. Eff. Dec. 28, 1993.

**Popular name:** Act 368

### 333.17757b Contracts with pharmacy benefit managers; prohibited terms.

Sec. 17757b. (1) A pharmacy or pharmacist engaged in the business of selling drugs shall not enter into a contract with a pharmacy benefit manager that violates section 26 of the third party administrator act, 1984 PA 218, MCL 550.926, or that prevents or interferes with in any manner a patient's choice to receive an eligible prescription drug from a 340b entity or a pharmacy when dispensing a 340b drug.

(2) As used in this section:

(a) "340b drug" means a covered drug as that term is defined in 42 USC 256b.

(b) "340b entity" means a covered entity as that term is defined in 42 USC 256b.

(c) "Pharmacy benefit manager" means that term as defined in section 2 of the third party administrator act, 1984 PA 218, MCL 550.902.

**History:** Add. 2022, Act 13, Imd. Eff. Feb. 23, 2022.

**Popular name:** Act 368

### 333.17758 Repealed. 1986, Act 304, Eff. Mar. 31, 1987.

**Compiler's note:** The repealed section pertained to changing current selling price of drug and adjusting posted price.

**Popular name:** Act 368

### 333.17759 Dispensing harmful drug; requirements.

Sec. 17759. A harmful drug shall be dispensed only:

(a) As a prescription drug.

(b) Under the control of a licensed pharmacist or prescriber, who maintains records for the dispensing of these drugs which are the same as records required for the dispensing of prescriptions.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17760 Operation of automated device not located at same address as pharmacy; control and supervision by pharmacist; delegation of tasks.

Sec. 17760. (1) A pharmacy that is owned and operated by a hospital licensed under article 17 may operate an automated device at a location that is affiliated with the hospital but that is not located at the same physical address as the pharmacy. A pharmacy that operates an automated device under this section shall notify the department of the automated device's location.

(2) An automated device that is operated under this section must be under the control and supervision of the pharmacist in charge for the pharmacy described in subsection (1). The pharmacist in charge for the pharmacy described in subsection (1) may, in accordance with the requirements for delegation and supervision in this article, delegate the stocking of the automated device, the removal of medication from the automated device, the maintenance of the automated device, and other tasks related to the operation of the automated device, but he or she is not required to be immediately physically present to supervise a delegated task. The operation of the automated device is limited to licensed health professionals.

**History:** Add. 2016, Act 528, Eff. Apr. 9, 2017.

**Popular name:** Act 368

### 333.17761 Display of notice; dispensing prescription in safety closure container.

Sec. 17761. (1) A pharmacy, except for a pharmacy which only dispenses drugs for inpatient use at a health care facility, shall display the notice required under section 17757 in accordance with this part and the rules promulgated under this part.

(2) Unless otherwise requested by a patient, a prescription shall be dispensed in a safety closure container which complies with the definitions and the requirements of the poison prevention packaging act of 1970, 15 U.S.C. sections 1471 to 1476.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1980, Act 431, Eff. Mar. 31, 1981;—Am. 1986, Act 304, Eff. Mar. 31, 1987.

**Popular name:** Act 368

### 333.17762 Misbranded prescription.

Sec. 17762. (1) A prescription drug is considered misbranded unless the manufacturer's label states the name and place of business of the manufacturer of the finished dosage form of a drug and, if different, the name and place of business of the packer or distributor.

(2) As used in this section, "finished dosage form of a drug" means that form of the drug which is or is intended to be dispensed or administered to the patient and does not require further manufacturing or processing other than packaging or labeling, or both.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17763 Grounds for fine, reprimand, or probation; grounds for denying, limiting, suspending, or revoking license.

Sec. 17763. In addition to the grounds set forth in part 161, the disciplinary subcommittee may fine, reprimand, or place a pharmacist licensee on probation, or deny, limit, suspend, or revoke the license of a pharmacist or order restitution or community service for a violation or abetting in a violation of this part or rules promulgated under this part, or for 1 or more of the following grounds:

(a) Permitting the dispensing of prescriptions by an individual who is not a pharmacist, pharmacist intern, or dispensing prescriber.

(b) Permitting the dispensing of prescriptions by a pharmacist intern, except in the presence and under the personal charge of a pharmacist.

(c) Selling at auction drugs in bulk or in open packages unless the sale has been approved in accordance with rules of the board.

(d) Promoting a prescription drug to the public in any manner.

© Courtesy of www.legislature.mi.gov

(e) In addition to the prohibition contained in section 7405(1)(e), dispensing a prescription for a controlled substance as defined in section 7104 that is written and signed; written or created in an electronic format, signed, and transmitted by facsimile; or transmitted electronically or by other means of communication by a physician prescriber, dentist prescriber, or veterinarian prescriber in another state, unless the prescription is issued by a physician prescriber, dentist prescriber, or veterinarian prescriber who is authorized under the laws of that state to practice dentistry, medicine, osteopathic medicine and surgery, or veterinary medicine and to prescribe controlled substances.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 1997, Act 153, Eff. Mar. 31, 1998;—Am. 2004, Act 214, Eff. Oct. 12, 2004;—Am. 2004, Act 536, Imd. Eff. Jan. 3, 2005;—Am. 2005, Act 85, Imd. Eff. July 19, 2005;—Am. 2006, Act 672, Imd. Eff. Jan. 10, 2007;—Am. 2009, Act 150, Imd. Eff. Nov. 19, 2009;—Am. 2011, Act 155, Imd. Eff. Sept. 27, 2011;—Am. 2012, Act 209, Imd. Eff. June 27, 2012;—Am. 2016, Act 49, Eff. June 13, 2016.

**Compiler's note:** Enacting section 1 of Act 49 of 2016 provides:

"Enacting section 1. Section 16349 of the public health code, 1978 PA 368, MCL 333.16349, as amended by this amendatory act, applies to licensing fees required to be paid after December 31, 2018."

**Popular name:** Act 368

### 333.17764 Conduct constituting misdemeanor; violation; penalty; other violations.

Sec. 17764. (1) A person shall not sell, offer for sale, possess for sale, or manufacture for sale a drug or device bearing or accompanied by a label that is misleading as to the contents, uses, or purposes of the drug or device. A person who violates this subsection is guilty of a misdemeanor. In determining whether a label is misleading, consideration shall be given to the representations made or suggested by the statement, word, design, device, sound, or any combination thereof, and the extent to which the label fails to reveal facts material in view of the representations made or material as to consequences that may result from use of the drug or device to which the label relates under conditions of use prescribed in the label or under customary or usual conditions of use.

(2) A person shall not knowingly or recklessly do either of the following:

(a) Adulterate, misbrand, remove, or substitute a drug or device knowing or intending that the drug or device shall be used.

(b) Sell, offer for sale, possess for sale, cause to be sold, or manufacture for sale an adulterated or misbranded drug.

(3) Except as otherwise provided in this section, a person who violates subsection (2) is guilty of a felony punishable by imprisonment for not more than 2 years or a fine of not more than $1,000.00, or both.

(4) A person who violates subsection (2), which violation results in personal injury, is guilty of a felony punishable by imprisonment for not more than 4 years or a fine of not more than $4,000.00, or both.

(5) A person who violates subsection (2), which violation results in serious impairment of a body function, is guilty of a felony punishable by imprisonment for not more than 5 years or a fine of not more than $5,000.00, or both. As used in this subsection, "serious impairment of a body function" means that term as defined in section 58c of the Michigan vehicle code, 1949 PA 300, MCL 257.58c.

(6) A person who violates subsection (2), which violation results in death, is guilty of a felony punishable by imprisonment for not more than 15 years or a fine of not more than $20,000.00, or both.

(7) A person who violates subsection (2) with the intent to kill or to cause serious impairment of a body function of 2 or more individuals, which violation results in death, is guilty of a felony punishable by imprisonment for life without the possibility of parole or life without the possibility of parole and a fine of not more than $40,000.00. It is not a defense to a charge under this subsection that the person did not intend to kill a specific individual, or did not intend to cause serious impairment of a body function of 2 or more specific individuals.

(8) This section does not prohibit an individual from being charged with, convicted of, or punished for any other violation of law that is committed by that individual while violating this section.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2004, Act 214, Eff. Oct. 12, 2004.

### 333.17765 Adulteration or misbranding; guaranty or undertaking as protection against penalties for violation; exception; notice to seller, manufacturer, or wholesale distributor.

Sec. 17765. A person is not subject to penalties for a violation of this part dealing with adulteration or misbranding, if the person establishes that a guaranty or undertaking was made in accordance with the federal act, or that a guaranty was signed by and contains the name and address of the person residing in this state from whom the former person received in good faith the drug or device, to the effect that the drug or device is not adulterated or misbranded within the meaning of this part. The guaranty does not protect the seller if the

© Courtesy of www.legislature.mi.gov

product is adulterated or misbranded under this part and the board has previously given written notice to the seller of that fact. The board shall not serve notice on the seller until the board has notified the manufacturer or wholesale distributor of the findings of the state analyst with reference to the product. The notice to the manufacturer or wholesale distributor shall be written and shall be mailed at least 10 days before a notice is given to a seller under this section.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.17766 Additional conduct constituting misdemeanor.

Sec. 17766. Except as provided in sections 17766d, 17780, and 21418, a person that does any of the following is guilty of a misdemeanor:

(a) Obtains or attempts to obtain a prescription drug by giving a false name to a pharmacist or other authorized seller, prescriber, or dispenser.

(b) Obtains or attempts to obtain a prescription drug by falsely representing that he or she is a lawful prescriber, dispenser, or licensee, or acting on behalf of a lawful prescriber, dispenser, or licensee.

(c) Falsely makes, utters, publishes, passes, alters, or forges a prescription.

(d) Knowingly possesses a false, forged, or altered prescription.

(e) Knowingly attempts to obtain, obtains, or possesses a drug by means of a prescription for other than a legitimate therapeutic purpose, or as a result of a false, forged, or altered prescription.

(f) Possesses or controls for the purpose of resale, or sells, offers to sell, dispenses, or gives away, a drug, pharmaceutical preparation, or chemical that has been dispensed on prescription and has left the control of a pharmacist.

(g) Possesses or controls for the purpose of resale, or sells, offers to sell, dispenses, or gives away, a drug, pharmaceutical preparation, or chemical that has been damaged by heat, smoke, fire, water, or other cause and is unfit for human or animal use.

(h) Prepares or permits the preparation of a prescription drug, except as delegated by a pharmacist.

(i) Sells a drug in bulk or in an open package at auction, unless the sale has been approved in accordance with rules of the board.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1990, Act 30, Eff. Mar. 28, 1991;—Am. 2004, Act 329, Imd. Eff. Sept. 23, 2004;—Am. 2006, Act 416, Imd. Eff. Sept. 29, 2006;—Am. 2018, Act 396, Eff. Mar. 19, 2019.

**Popular name:** Act 368

### 333.17766a Repealed. 2001, Act 236, Imd. Eff. Jan. 3, 2002.

**Compiler's note:** The repealed section pertained to use, possession, or delivery of androgenic anabolic steroid.

**Popular name:** Act 368

### 333.17766b Repealed. 2001, Act 231, Eff. Jan. 6, 2003.

**Compiler's note:** The repealed section pertained to recording prescription for androgenic anabolic steriod, methyltestosterone, testosterone, or fluoxymensterone.

**Popular name:** Act 368

### 333.17766c Purchase or possession of ephedrine or pseudoephedrine or mixture prohibited; violation; penalty; exceptions.

Sec. 17766c. (1) A person shall not do any of the following:

(a) Purchase more than 3.6 grams of ephedrine or pseudoephedrine alone or in a mixture within a single calendar day.

(b) Purchase more than 9 grams of ephedrine or pseudoephedrine alone or in a mixture within a 30-day period.

(c) Possess more than 12 grams of ephedrine or pseudoephedrine alone or in a mixture.

(d) Purchase or possess any amount of ephedrine or pseudoephedrine knowing or having reason to know that it is to be used to manufacture methamphetamine.

(2) A person who violates this section is guilty of a crime as follows:

(a) A person who violates subsection (1)(a) or (b) is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $500.00, or both.

(b) A person who violates subsection (1)(c) is guilty of a felony punishable by imprisonment for not more than 2 years or a fine of not more than $2,000.00, or both.

(c) A person who violates subsection (1)(d) is guilty of a felony punishable by imprisonment for not more than 5 years or a fine of not more than $5,000.00, or both. This subdivision does not prohibit the person from

© Courtesy of www.legislature.mi.gov

being charged with, convicted of, and sentenced for any other violation of law arising out of the violation of subsection (1)(d).

(3) This section does not apply to any of the following:

(a) A person who possesses ephedrine or pseudoephedrine pursuant to a license issued by this state or the United States to manufacture, deliver, dispense, possess with intent to manufacture or deliver, or possess a controlled substance, prescription drug, or other drug.

(b) An individual who possesses ephedrine or pseudoephedrine pursuant to a prescription.

(c) A person who possesses ephedrine or pseudoephedrine for retail sale pursuant to a license issued under the general sales tax act, 1933 PA 167, MCL 205.51 to 205.78.

(d) A person who possesses ephedrine or pseudoephedrine in the course of his or her business of selling or transporting ephedrine or pseudoephedrine to a person described in subdivision (a) or (c).

(e) A person who, in the course of his or her business, stores ephedrine or pseudoephedrine for sale or distribution to a person described in subdivision (a), (c), or (d).

(f) Any product that the state board of pharmacy, upon application of a manufacturer, exempts from this section because the product has been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine.

(g) Possession of any pediatric product primarily intended for administration to children under 12 years of age according to label instructions.

**History:** Add. 1994, Act 38, Eff. June 1, 1994;—Am. 2003, Act 308, Eff. Apr. 1, 2004;—Am. 2011, Act 86, Imd. Eff. July 15, 2011;—Am. 2014, Act 216, Eff. Jan. 1, 2015.

**Popular name:** Act 368

### 333.17766d Pharmacy operated by department of corrections or under contract with county jail; resale or redistribution of prescription drug; definitions.

Sec. 17766d. (1) Notwithstanding section 17766(f), a pharmacy operated by the department of corrections or under contract with the department of corrections or a county jail may accept for the purpose of resale or redispensing a prescription drug that has been dispensed and has left the control of the pharmacist if the prescription drug is being returned by a state correctional facility or a county jail that has a licensed physician's assistant, a registered professional nurse, or a licensed practical nurse, who is responsible for the security, handling, and administration of prescription drugs within that state correctional facility or county jail and if all of the following are met:

(a) The pharmacist is satisfied that the conditions under which the prescription drug has been delivered, stored, and handled before and during its return were such as to prevent damage, deterioration, or contamination that would adversely affect the identity, strength, quality, purity, stability, integrity, or effectiveness of the prescription drug.

(b) The pharmacist is satisfied that the prescription drug did not leave the control of the registered professional nurse or licensed practical nurse responsible for the security, handling, and administration of that prescription drug and that the prescription drug did not come into the physical possession of the individual for whom it was prescribed.

(c) The pharmacist is satisfied that the labeling and packaging of the prescription drug are accurate, have not been altered, defaced, or tampered with, and include the identity, strength, expiration date, and lot number of the prescription drug.

(d) The prescription drug was dispensed in a unit dose package or unit of issue package.

(2) A pharmacy operated by the department of corrections or under contract with the department of corrections or a county jail shall not accept for return prescription drugs as provided under this section until the pharmacist in charge develops a written set of protocols for accepting, returning to stock, repackaging, labeling, and redispensing prescription drugs. The written protocols shall be maintained on the premises and shall be readily accessible to each pharmacist on duty. The written protocols shall include, at a minimum, each of the following:

(a) Methods to ensure that damage, deterioration, or contamination has not occurred during the delivery, handling, storage, and return of the prescription drugs which would adversely affect the identity, strength, quality, purity, stability, integrity, or effectiveness of those prescription drugs or otherwise render those drugs unfit for distribution.

(b) Methods for accepting, returning to stock, repackaging, labeling, and redispensing the prescription drugs returned under this section.

(c) A uniform system of recording and tracking prescription drugs that are returned to stock, repackaged, labeled, and redistributed under this section.

(3) If the integrity of a prescription drug and its package is maintained, a prescription drug returned under

© Courtesy of www.legislature.mi.gov

this section shall be returned to stock and redistributed as follows:

(a) A prescription drug that was originally dispensed in the manufacturer's unit dose package or unit of issue package and is returned in that same package may be returned to stock, repackaged, and redispensed as needed.

(b) A prescription drug that is repackaged into a unit dose package or a unit of issue package by the pharmacy, dispensed, and returned to that pharmacy in that unit dose package or unit of issue package may be returned to stock, but it shall not be repackaged. A unit dose package or unit of issue package prepared by the pharmacist and returned to stock shall only be redispensed in that same unit dose package or unit of issue package and shall only be redispensed once. A pharmacist shall not add unit dose package drugs to a partially used unit of issue package.

(4) This section does not apply to any of the following:

(a) A controlled substance.

(b) A prescription drug that is dispensed as part of a customized patient medication package.

(c) A prescription drug that is not dispensed as a unit dose package or a unit of issue package.

(d) A prescription drug that is not properly labeled with the identity, strength, lot number, and expiration date.

(e) A prescription drug that is dispensed in a medical institution and returned to stock for redistribution in accordance with R 338.486 of the Michigan administrative code.

(5) As used in this section:

(a) "County jail" means a facility operated by a county for the physical detention and correction of persons charged with, or convicted of, criminal offenses or ordinance violations or persons found guilty of civil or criminal contempt.

(b) "Customized patient medication package" means a package that is prepared by a pharmacist for a specific patient that contains 2 or more prescribed solid oral dosage forms.

(c) "Repackage" means a process by which the pharmacy prepares a unit dose package, unit of issue package, or customized patient medication package for immediate dispensing pursuant to a current prescription.

(d) "State correctional facility" means a facility or institution that houses a prisoner population under the jurisdiction of the department of corrections.

(e) "Unit dose package" means a package that contains a single dose drug with the name, strength, control number, and expiration date of that drug on the label.

(f) "Unit of issue package" means a package that provides multiple doses of the same drug, but each drug is individually separated and includes the name, lot number, and expiration date.

**History:** Add. 2004, Act 329, Imd. Eff. Sept. 23, 2004.

**Popular name:** Act 368

### 333.17766e Sale of ephedrine or pseudoephedrine; requirements of retail distributor; exceptions; violation; fine; report.

Sec. 17766e. (1) Except as otherwise provided under this section, a person who possesses ephedrine or pseudoephedrine for retail sale pursuant to a license issued under the general sales tax act, 1933 PA 167, MCL 205.51 to 205.78, shall maintain all products that contain any compound, mixture, or preparation containing any detectable quantity of ephedrine or pseudoephedrine, a salt or optical isomer of ephedrine or pseudoephedrine, or a salt of an optical isomer of ephedrine or pseudoephedrine in accordance with 1 of the following:

(a) Behind a counter where the public is not permitted.

(b) Within a locked case so that a customer wanting access to the product must ask a store employee for assistance.

(2) A person who sells a product described in subsection (1) shall do each of the following:

(a) Require the purchaser of a product described under subsection (1) to produce a valid government-issued photo identification that includes the individual's name and date of birth.

(b) Maintain a log or some type of record detailing the sale of a product described under subsection (1), including the date of the sale and the time of purchase, the name, address, and date of birth of the buyer, the amount and description of the product sold, and a description of the identification used to make the purchase, such as the state in which a driver license used for identification was issued and number of that license. The seller shall also require the purchaser to sign the log at the time of sale. Information entered into the national precursor log exchange (NPLEX) satisfies the requirement to maintain a log or some type of record detailing the sale under this subdivision. The log or other means of recording the sale as required under this subdivision shall be maintained for a minimum of 6 months and made available to only a law enforcement agency upon

© Courtesy of www.legislature.mi.gov

request. The log or other means of recording the sale is not a public record and is not subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246. A person shall not sell or provide a copy of the log or other means of recording the sale to another for the purpose of surveys, marketing, or solicitations.

(3) This section does not apply to the following:

(a) A pediatric product primarily intended for administration to children under 12 years of age according to label instructions.

(b) A product containing pseudoephedrine that is in a liquid form if pseudoephedrine is not the only active ingredient.

(c) A product that the state board of pharmacy, upon application of a manufacturer or certification by the United States drug enforcement administration as inconvertible, exempts from this section because the product has been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine.

(d) A product that is dispensed pursuant to a prescription.

(4) A person who violates this section is responsible for a state civil infraction as provided under chapter 88 of the revised judicature act of 1961, 1961 PA 236, MCL 600.8801 to 600.8835, and may be ordered to pay a civil fine of not more than $500.00 for each violation.

(5) By December 15, 2006, the department of state police shall submit a written report to the legislature regarding the impact and effectiveness of the amendatory act that added this section and section 17766f, including, but not limited to, the number of clandestine methamphetamine lab incidents before and after this legislation.

**History:** Add. 2005, Act 87, Eff. Dec. 15, 2005;—Am. 2011, Act 85, Imd. Eff. July 15, 2011;—Am. 2011, Act 86, Imd. Eff. July 15, 2011.

**Popular name:** Act 368

### 333.17766f Possession of products containing ephedrine or pseudoephedrine; prohibited conduct; exceptions; violation; penalty; affirmative defense; rebuttal; conflict of local requirements with section.

Sec. 17766f. (1) A person who possesses products that contain any compound, mixture, or preparation containing any detectable quantity of ephedrine or pseudoephedrine, a salt or optical isomer of ephedrine or pseudoephedrine, or a salt of an optical isomer of ephedrine or pseudoephedrine for retail sale under a license issued under the general sales tax act, 1933 PA 167, MCL 205.51 to 205.78, shall not knowingly do any of the following:

(a) Sell any product described under this subsection to an individual under 18 years of age.

(b) Sell more than 3.6 grams of ephedrine or pseudoephedrine alone or in a mixture to any individual on any single calendar day.

(c) Sell more than 9 grams of ephedrine or pseudoephedrine alone or in a mixture to any individual within a 30-day period.

(d) Sell in a single over-the-counter sale more than 2 personal convenience packages containing 2 tablets or capsules each of any product described under this subsection to any individual.

(e) Sell any product described under this subsection to an individual during the period in which a stop sale alert is generated for that individual based upon criminal history record information provided under the methamphetamine abuse reporting act. The NPLEx system shall contain an override function that may be used by a dispenser of ephedrine or pseudoephedrine who has a reasonable fear of imminent bodily harm if the dispenser does not complete a sale. Each instance in which the override function is utilized shall be logged by the system.

(2) This section does not apply to the following:

(a) A pediatric product primarily intended for administration to children under 12 years of age according to label instructions.

(b) A product containing pseudoephedrine that is in a liquid form if pseudoephedrine is not the only active ingredient.

(c) A product that the state board of pharmacy, upon application of a manufacturer or certification by the United States drug enforcement administration as inconvertible, exempts from this section because the product has been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine.

(d) A product that is dispensed pursuant to a prescription.

(3) A person who violates this section is responsible for a state civil infraction as provided under chapter 88 of the revised judicature act of 1961, 1961 PA 236, MCL 600.8801 to 600.8835, and may be ordered to pay a civil fine of not more than $500.00 for each violation.

© Courtesy of www.legislature.mi.gov

(4) It is an affirmative defense to a citation issued under subsection (1)(a) that the defendant had in force at the time of the citation and continues to have in force a written policy for employees to prevent the sale of products that contain any compound, mixture, or preparation containing any detectable quantity of ephedrine or pseudoephedrine, a salt or optical isomer of ephedrine or pseudoephedrine, or a salt of an optical isomer of ephedrine or pseudoephedrine to persons under 18 years of age and that the defendant enforced and continues to enforce the policy. A defendant who proposes to offer evidence of the affirmative defense described in this subsection shall file and serve notice of the defense, in writing, upon the court and the prosecuting attorney. The notice shall be served not less than 14 days before the hearing date.

(5) A prosecuting attorney who proposes to offer testimony to rebut the affirmative defense described in subsection (4) shall file and serve a notice of rebuttal, in writing, upon the court and the defendant. The notice shall be served not less than 7 days before the hearing date and shall contain the name and address of each rebuttal witness.

(6) Notwithstanding any other provision of law, a city, township, village, county, other local unit of government, or political subdivision of this state shall not impose any new requirement or prohibition pertaining to the sale of a product described under subsection (1) that is contrary to, or in any way conflicting with, this section. This subsection does not invalidate or otherwise restrict a requirement or prohibition described in this subsection existing on December 15, 2005.

**History:** Add. 2005, Act 86, Imd. Eff. July 20, 2005;—Am. 2011, Act 86, Imd. Eff. July 15, 2011;—Am. 2014, Act 275, Eff. Jan. 1, 2015.

**Popular name:** Act 368

### 333.17766g Sale, trade, or purchase of dextromethorphan to minor; prohibition; exception for valid prescription; preemption; violation; civil infraction and fine.

Sec. 17766g. (1) Except as otherwise provided in subsection (4), a person shall not knowingly or willfully sell or trade a finished drug product containing any quantity of dextromethorphan to a minor.

(2) A person making a retail sale of a finished drug product containing any quantity of dextromethorphan must require and obtain proof of age from the purchaser before completing the sale, unless from the purchaser's outward appearance the person making the sale would reasonably presume the purchaser to be at least 25 years of age.

(3) Except as otherwise provided in subsection (4), a minor shall not purchase a finished drug product containing any quantity of dextromethorphan.

(4) This section does not apply to a medication containing dextromethorphan that is sold pursuant to a valid prescription.

(5) This section preempts any county, city, village, or township ordinance or resolution regulating the sale, distribution, receipt, or possession of dextromethorphan. A county, city, village, or township shall not enact, adopt, maintain, or enforce an ordinance or resolution that imposes conflicting, different, or additional standards or requirements than those provided in this section on the sale, distribution, receipt, or possession of dextromethorphan.

(6) A person that violates subsection (1) is responsible for a state civil infraction as provided under chapter 88 of the revised judicature act of 1961, 1961 PA 236, MCL 600.8801 to 600.8835, and may be ordered to pay a civil fine of not more than $100.00 for each violation.

(7) An individual who violates subsection (3) is responsible for a state civil infraction as provided under chapter 88 of the revised judicature act of 1961, 1961 PA 236, MCL 600.8801 to 600.8835, and may be ordered to pay a civil fine of not more than $50.00 for each violation.

(8) As used in this section:

(a) "Dextromethorphan" means the dextrorotatory isomer of 3-methoxy-N-methyl-morphinan and its salts.

(b) "Finished drug product" means that term as defined in 21 CFR 207.1.

(c) "Proof of age" means a valid government-issued photo identification that includes the purchaser's name and date of birth, including, but not limited to, a military identification card, passport, or driver license.

**History:** Add. 2019, Act 123, Eff. July 1, 2020.

**Popular name:** Act 368

### 333.17767 Rules and determinations as to licensing.

Sec. 17767. The board may promulgate rules and make determinations necessary or appropriate to the licensing of pharmacists, drugs, dispensers, manufacturers, wholesale distributors, and wholesale distributor-brokers under this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2020, Act 142, Imd. Eff. July 14, 2020.

**Popular name:** Act 368

**Administrative rules:** R 338.471 et seq. and R 338.3971 et seq. of the Michigan Administrative Code.

### 333.17768 Grounds for fine, reprimand, or probation, or for denying, limiting, suspending, or revoking license or ordering restitution or community service; applicability of subsection (2)(b).

Sec. 17768. (1) In a manner consistent with part 161, the disciplinary subcommittee may fine, reprimand, or place on probation a person licensed under this part, may deny, limit, suspend, or revoke a person's license, or may order restitution or community service for a violation of this part or rules promulgated under this part.

(2) In addition to the grounds set forth in subsection (1), and in a manner consistent with part 161, the board may fine, reprimand, or place on probation a person licensed under this part, may deny, limit, suspend, or revoke a license issued under this part, or may order restitution or community service if the board finds that any of the following apply to an applicant; a partner, officer, or member of the board of directors of a pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker licensed under this part; a stockholder of a pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker that is a privately held corporation licensed under this part; or a facility manager for a manufacturer, wholesale distributor, or wholesale distributor-broker designated under section 17748(2):

(a) The applicant or other person described in this subsection lacks good moral character.

(b) Subject to subsection (3), the applicant or other person described in this subsection has been convicted of a misdemeanor or a felony under a state or federal law relating to a controlled substance or the practice of pharmacy.

(c) The applicant or other person described in this subsection has furnished false or fraudulent material information or has knowingly omitted material information in an application filed under this part.

(d) The applicant or other person described in this subsection has maintained a financial interest in a pharmacy, manufacturer, wholesale distributor, or wholesale distributor-broker that has been denied a license or federal registration, has had its license or federal registration limited, suspended, or revoked, or has been subject to any other criminal, civil, or administrative penalty.

(e) The applicant or other person described in this subsection is not in compliance with article 7 or article 8 or the rules promulgated under article 7 or article 8.

(f) The applicant or other person described in this subsection has violated section 17748.

(3) Except for a conviction for a misdemeanor under section 7404(2)(d) or a local ordinance that is substantially similar to section 7404(2)(d), the reference to a misdemeanor in subsection (2)(b) applies only to a conviction for a misdemeanor that is directly related to the manufacture, delivery, possession, possession with intent to manufacture or deliver, use, distribution, prescription, or dispensing of a controlled substance. Subsection (2)(b) does not apply to a conviction for a misdemeanor based on an unintentional error or omission involving a clerical or record-keeping function.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1987, Act 250, Imd. Eff. Dec. 28, 1987;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2013, Act 268, Imd. Eff. Dec. 30, 2013;—Am. 2014, Act 413, Eff. Mar. 30, 2015;—Am. 2020, Act 4, Eff. Apr. 26, 2020;—Am. 2020, Act 142, Imd. Eff. July 14, 2020.

**Popular name:** Act 368

### 333.17770 Exceptions.

Sec. 17770. Except as to the labeling of poisonous or deleterious drugs and to adulterating, misbranding, and substituting, this part shall not apply:

(a) To the sale of paris green, white hellebore, and other insecticides.

(b) To the sale of any substance for use in the arts.

(c) To the retailing of non-narcotic, or nonprescription medicine or drug which is prepackaged, fully prepared by the manufacturer or producer for use by the consumer, and labeled in accordance with the requirements of the state and federal act.

(d) To the sale by merchants of ammonia, sulphur, any nonpoisonous flavoring essences or extracts, salt, bicarbonate of soda, or other prepackaged common household remedies or any food or food product which may also be found in any of the official compendiums and is not also considered as a poisonous, deleterious, or habit forming drug.

(e) To surgical or dental instruments and accessories, hearing aids, gases, oxygen tents, gas pressure reducing regulators, x-ray apparatus, therapeutic lamps, splints, and stethoscopes, and their component parts and accessories, or to equipment, instruments, apparatus, and contrivances used to render the articles effective in medical, surgical, or dental treatment; or to articles intended for external use.

(f) To articles or substances intended for generally recognized mechanical, agricultural, horticultural, or industrial consumption or use or photographic chemicals for home use.

## 333.17775 "Program for utilization of unused prescription drugs"; definitions; unused prescription drug repository and distribution program; rules; standards and procedures.

Sec. 17775. (1) This section and section 17776 shall be known and may be referred to as the "program for utilization of unused prescription drugs".

(2) As used in this section and section 17776:

(a) "Board" means the Michigan board of pharmacy created under section 17721.

(b) "Cancer drug" means that term as defined in section 17780.

(c) "Charitable clinic" means a charitable nonprofit corporation or facility that meets all of the following requirements:

(*i*) Is organized as a not-for-profit corporation pursuant to the nonprofit corporation act, 1982 PA 162, MCL 450.2101 to 450.3192.

(*ii*) Holds a valid exemption from federal income taxation issued under section 501(a) of the internal revenue code of 1986, 26 USC 501.

(*iii*) Is listed as an exempt organization under section 501(c) of the internal revenue code of 1986, 26 USC 501.

(*iv*) Is organized under or operated as a part of a health facility or agency licensed under article 17.

(*v*) Provides on an outpatient basis for a period of less than 24 consecutive hours to persons not residing or confined at the facility advice, counseling, diagnosis, treatment, surgery, care, or services relating to the preservation or maintenance of health.

(*vi*) Has a licensed pharmacy.

(d) "Eligible facility" means a medical institution as that term is defined in R 338.486 of the Michigan administrative code.

(e) "Eligible participant" means an individual who meets all of the following requirements:

(*i*) Is a resident of this state.

(*ii*) Is eligible to receive medicaid or medicare or has no health insurance and otherwise lacks reasonable means to purchase prescription drugs, as prescribed in rules promulgated under this section.

(f) "Health professional" means any of the following individuals licensed and authorized to prescribe and dispense drugs or to provide medical, dental, or other health-related diagnoses, care, or treatment within the scope of his or her professional license:

(*i*) A physician licensed to practice medicine or osteopathic medicine and surgery under part 170 or 175.

(*ii*) A physician's assistant licensed under part 170, 175, or 180.

(*iii*) A dentist licensed under part 166.

(*iv*) An optometrist licensed under part 174.

(*v*) A pharmacist licensed under this part.

(*vi*) A podiatrist licensed under part 180.

(g) "Program" means the statewide unused prescription drug repository and distribution program known as the program for utilization of unused prescription drugs that is established under this section.

(3) The board shall establish, implement, and administer a statewide unused prescription drug repository and distribution program consistent with public health and safety through which unused or donated prescription drugs, other than controlled substances, may be transferred from an eligible facility or manufacturer to a pharmacy or a charitable clinic that elects to participate in the program. The program is created to dispense unused or donated prescription drugs, other than controlled substances, to eligible participants and to provide for the destruction and disposal of prescription drugs or other medications that are ineligible for dispensing under the program.

(4) Participation in the program by an eligible facility, manufacturer, pharmacy, or charitable clinic is voluntary. Nothing in this section or section 17776 requires any eligible facility, manufacturer, pharmacy, or charitable clinic to participate in the program.

(5) Pharmacies, health professionals, and charitable clinics that participate in the program shall use the following criteria in accepting unused or donated prescription drugs from eligible facilities or manufacturers for use in the program:

(a) Only prescription drugs in their original sealed, tamper-evident, and unopened unit dose packaging may be accepted for dispensing. However, prescription drugs packaged in single-unit dose packaging may be accepted for dispensing even if the outside packaging is open as long as the single-unit dose packaging is unopened.

(b) The following shall not be accepted for dispensing:

© Courtesy of www.legislature.mi.gov

(*i*) Expired prescription drugs.

(*ii*) Controlled substances as defined in article 7 or article 8 or by federal law.

(*iii*) Drugs that have been held outside of a health professional's control where sanitation and security cannot be assured.

(*iv*) Drugs that can only be dispensed to a patient registered with the drug's manufacturer under federal food and drug administration requirements.

(c) A prescription drug shall not be accepted for dispensing if the person accepting the drug has reason to believe that the drug is adulterated.

(d) Subject to the limitations prescribed in this subsection, unused or donated prescription drugs dispensed for purposes of a medical assistance program or drug product donation program may be accepted for dispensing under the program.

(e) Any additional criteria established in rules promulgated under this section.

(6) A pharmacy or charitable clinic that meets the eligibility requirements for participation in the program and any rules promulgated under this section may do any of the following:

(a) Dispense prescription drugs accepted under the program to eligible participants.

(b) If established by rule under this section, charge eligible participants who receive prescription drugs under the program a handling fee for the service.

(7) A pharmacy or charitable clinic that participates in the program and accepts prescription drugs for the program shall do all of the following:

(a) Comply with all applicable federal laws and regulations and state laws and rules related to the storage and distribution of harmful drugs.

(b) Inspect all accepted prescription drugs before dispensing the prescription drugs to determine that the drugs are not adulterated.

(c) Dispense prescription drugs only pursuant to a prescription issued by a health professional.

(8) A pharmacy, health professional, or charitable clinic that accepts prescription drugs under the program shall not resell the prescription drugs. Receipt of a fee from an eligible participant, if established in rules promulgated under this section, or reimbursement from a governmental agency to a charitable clinic does not constitute resale of prescription drugs under this subsection.

(9) For purposes of the lawful donation, acceptance, or dispensing of prescription drugs under the program, the following persons that are in compliance with the program, this section and section 17776, and any rules promulgated under this section and in the absence of bad faith or gross negligence are not subject to criminal or civil liability for injury other than death, or loss to person or property, or professional disciplinary action:

(a) The board.

(b) The department.

(c) An eligible facility or manufacturer that donates prescription drugs to the program.

(d) A manufacturer or its representative that directly donates prescription drugs in professional samples to a charitable clinic under the program.

(e) A pharmacy, charitable clinic, or health professional that accepts or dispenses prescription drugs for the program.

(f) A pharmacy or charitable clinic that employs a health professional who accepts prescription drugs for the program and who may legally dispense prescription drugs under this part.

(10) A manufacturer is not, in the absence of bad faith, subject to criminal prosecution or liability in tort or other civil action for injury, death, or loss to person or property for matters related to the donation, acceptance, or dispensing of a prescription drug manufactured by the manufacturer that is donated by any person under the program, including, but not limited to, liability for failure to transfer or communicate product or consumer information or the expiration date of the donated prescription drug.

(11) Subject to subsection (12), the department, in consultation with the board, shall promulgate rules under the administrative procedures act of 1969 and establish procedures necessary to establish, implement, and administer the program. The board shall provide technical assistance to eligible facilities, manufacturers, pharmacies, and charitable clinics that participate in the program.

(12) The department, in consultation with the board, shall promulgate emergency rules under the administrative procedures act of 1969 on or before September 28, 2013 to establish, implement, and administer the program. The department, in consultation with the board, shall promulgate permanent rules under the administrative procedures act of 1969 as soon as practical after emergency rules have been promulgated under this subsection. The department and the board shall include all of the following in rules promulgated under this section:

(a) Eligibility criteria for pharmacies and charitable clinics authorized to accept and dispense prescription drugs for the program.

© Courtesy of www.legislature.mi.gov

(b) Eligibility criteria for eligible participants.

(c) A list of prescription drugs that are not eligible for acceptance and dispensing under the program.

(d) Standards and procedures for transfer, transportation, acceptance, safe storage, security, and dispensing of prescription drugs.

(e) A process for seeking input from the department of human services and the department of community health in establishing provisions that affect eligible facilities.

(f) A process for seeking input from the department of human services and the department of community health in establishing provisions that affect mental health and substance abuse clients.

(g) Standards and procedures for inspecting accepted prescription drugs to ensure that the prescription drugs meet the requirements of the program and to ensure that, in the professional judgment of the pharmacist, the prescription drugs meet all federal and state standards for product integrity.

(h) Procedures for the destruction and environmentally sound disposal of prescription drugs or other medications that are accepted and that are ineligible for dispensing under the program.

(i) Procedures for verifying whether the charitable clinic, pharmacy, pharmacist, or other health professionals participating in the program are licensed and in good standing with the applicable licensing board.

(j) Standards for acceptance of unused or donated prescription drugs from eligible facilities.

(k) Standards for the acceptance by a pharmacy, health professional, or charitable clinic that participates in the program from any person of a prescription drug or any other medication that is ineligible for dispensing under the program for destruction and disposal.

(*l*) Any other standards and procedures the department, in consultation with the board, considers appropriate or necessary to establish, implement, and administer the program.

(13) Pursuant to the rules promulgated and standards and procedures established for the program under this section, a resident of an eligible facility or the representative or guardian of a resident of an eligible facility may donate unused prescription drugs for dispensing to eligible participants under the program.

(14) Pursuant to rules promulgated and standards and procedures established for the program under this section, a person may deliver to a pharmacy, health professional, or charitable clinic that participates in the program a prescription drug or any other medication that is ineligible for dispensing under the program for destruction and disposal.

(15) This section and section 17776 do not impair or supersede the provisions regarding the cancer drug repository program established in section 17780. If any provision of this section or section 17776 conflicts with a provision of section 17780 with regard to a cancer drug, section 17780 controls.

**History:** Add. 2012, Act 383, Eff. Mar. 28, 2013;—Am. 2013, Act 268, Imd. Eff. Dec. 30, 2013.

### 333.17776 Destruction and disposal of certain drugs and medications.

Sec. 17776. (1) Subject to all applicable federal laws and regulations and state laws and rules, a pharmacy, health professional, or charitable clinic that participates in the program shall accept from any person a prescription drug or any other medication that is ineligible for distribution under the program for destruction and disposal.

(2) A pharmacy, health professional, or charitable clinic that accepts prescription drugs and other medications under subsection (1) that are ineligible for distribution under the program shall destroy and dispose of those drugs and medications subject to rules promulgated under section 17775.

**History:** Add. 2012, Act 384, Eff. Mar. 28, 2013.

### 333.17780 Cancer drug repository program.

Sec. 17780. (1) The board shall establish and maintain a cancer drug repository program that would allow a person to donate a cancer drug or supply for use by an individual who meets the eligibility criteria specified under subsection (7). The board shall establish program guidelines, policies, and procedures addressing the cancer drug repository program. Under the cancer drug repository program, donations may be made on the premises of a health facility or pharmacy that elects to participate in the program and meets the requirements specified under subsection (2).

(2) Any health facility or pharmacy that is licensed and in compliance with all federal and state laws, rules, and regulations is eligible to participate in the cancer drug repository program. Participation in the cancer drug repository program is voluntary and a pharmacy or health facility may withdraw from participation in the cancer drug repository program at any time upon notification to the board. A notice to withdraw from participation may be given by telephone or regular mail. A pharmacy or health facility may choose to fully participate in the cancer drug repository program by accepting, storing, and dispensing or administering donated drugs and supplies or the pharmacy or health facility may limit its participation to only accepting and

© Courtesy of www.legislature.mi.gov

storing donated drugs and supplies. If a pharmacy or health facility chooses to limit its participation, the pharmacy or health facility shall distribute any donated drugs to a fully participating cancer drug repository in accordance with subsection (8). A pharmacy or health facility that elects to participate in the cancer drug repository program shall submit the following information to the board in a form provided by the board that includes, at a minimum, each of the following:

(a) The name, street address, and telephone number of the pharmacy or health facility.

(b) The name and telephone number of a pharmacist who is employed by or under contract with the pharmacy or health facility, or other contact person who is familiar with the pharmacy's or health facility's participation in the cancer drug repository program.

(c) A statement indicating that the pharmacy or health facility is licensed in this state and in compliance with all federal and state laws, rules, and regulations and the chosen level of participation in the cancer drug repository program.

(3) An individual who is at least 18 years of age may donate legally obtained cancer drugs or supplies to a cancer drug repository. If the donated drugs have not been previously dispensed, a pharmacy, health facility, manufacturer, or wholesale distributor may also donate cancer drugs or supplies to a cancer drug repository. Donated drugs or supplies are acceptable for donation if they are determined to be eligible by a pharmacist who is employed by or under contract with a cancer drug repository as follows:

(a) A cancer drug is eligible for donation under the cancer drug repository program only if all of the following requirements are met:

(*i*) The donation is accompanied by a cancer drug repository donor form that is provided by the board and states that to the best of the donor's knowledge the donated drug has been properly stored and that the drug has never been opened, used, tampered with, adulterated, or misbranded. The board shall make the cancer drug repository donor form available on the board's website. The form shall be signed by the person making the donation or that person's authorized representative.

(*ii*) The drug's expiration date is at least 6 months later than the date the drug was donated.

(*iii*) The drug is in its original, unopened, tamper-evident unit dose packaging that includes the drug's lot number and expiration date. Single unit dose drugs may be accepted if the single unit dose packaging is unopened.

(*iv*) The drug is not adulterated or misbranded.

(b) Cancer supplies are eligible for donation under the cancer drug repository program only if all of the following requirements are met:

(*i*) The supplies are not adulterated or misbranded.

(*ii*) The supplies are in their original, unopened, sealed package.

(*iii*) The donation is accompanied by a cancer drug repository donor form that is provided by the board and states that to the best of the donor's knowledge the donated supply has been properly stored and that the supply has never been opened, used, tampered with, adulterated, or misbranded. The board shall make the cancer drug repository donor form available on the board's website. The form shall be signed by the person making the donation or that person's authorized representative.

(4) Controlled substances are not eligible for donation or acceptance under the cancer drug repository program. Cancer drugs and supplies that do not meet the criteria described under subsection (3) are not eligible for donation or acceptance under the cancer drug repository program. Cancer drugs and supplies may be donated on the premises of a cancer drug repository to a pharmacist designated by the repository. A drop box shall not be used to deliver or accept donations. Cancer drugs and supplies donated under the cancer drug repository program shall be stored in a secure storage area under environmental conditions appropriate for the drugs or supplies being stored. Donated drugs and supplies may not be stored with nondonated inventory.

(5) Cancer drugs and supplies that are donated under the cancer drug repository program shall be dispensed by a pharmacist pursuant to a prescription by a prescriber or may be dispensed or administered by a dispensing prescriber. The cancer drugs and supplies shall be visually inspected by the pharmacist or dispensing prescriber before being dispensed or administered for adulteration, misbranding, and date of expiration. Cancer drugs or supplies that have expired or appear upon visual inspection to be adulterated, misbranded, or tampered with in any way may not be dispensed or administered.

(6) Before a cancer drug or supply may be dispensed or administered to an individual, the individual must provide verification that he or she has a current diagnosis of cancer, provide proof of his or her insurance, if any, and sign a cancer drug repository recipient form provided by the board acknowledging that the individual understands the information stated on the form. The form shall be made available to the public on the board's website. The form shall include, at a minimum, the following information:

(a) That the drug or supply being dispensed or administered has been donated and may have been previously dispensed.

© Courtesy of www.legislature.mi.gov

(b) That a visual inspection has been conducted by the pharmacist or dispensing prescriber to ensure that the drug has not expired, has not been adulterated or misbranded, and is in its original, unopened packaging.

(c) That the pharmacist, the dispensing or administering prescriber, the cancer drug repository, the board, and any other participant of the cancer drug repository program cannot guarantee the safety of the drug or supply being dispensed or administered and that the pharmacist or prescriber has determined that the drug or supply is safe to dispense or administer based on the accuracy of the donor's form submitted with the donated drug or supply and the visual inspection required to be performed by the pharmacist or prescriber before dispensing or administering.

(7) Any resident of this state who is diagnosed with cancer is eligible to receive drugs or supplies under the cancer drug repository program. Cancer drugs and supplies donated under the cancer drug repository program shall not be resold and shall only be dispensed or administered to residents of this state who are diagnosed with cancer. A pharmacist who dispenses those drugs and supplies donated under the cancer drug repository program shall not submit a claim or otherwise seek reimbursement from any public or private third party payer for drugs or supplies dispensed to any eligible individual in accordance with the program, nor shall a public or private third party payer be required to provide reimbursement for donated drugs or supplies dispensed by a pharmacist to an eligible individual in accordance with the program. Cancer drugs and supplies dispensed under the cancer drug repository program shall be dispensed in the following order of priority:

(a) Individuals who are uninsured or do not have insurance coverage for those cancer drugs or supplies.

(b) Individuals who are enrolled in medicaid, medicare, or any other public assistance health care program.

(c) All other individuals who are residents of this state and diagnosed with cancer.

(8) A cancer drug repository may charge the individual receiving a drug or supply a handling fee of not more than 250% of the medicaid dispensing fee or $5.00, whichever is less, for each cancer drug or supply dispensed or administered. Cancer drug repositories may distribute drugs and supplies donated under the cancer drug repository program to other repositories if requested by a participating repository. A cancer drug repository that has elected not to dispense donated drugs or supplies shall distribute any donated drugs and supplies to a participating repository upon request of the repository. If a cancer drug repository distributes drugs or supplies to another participating repository, the repository shall complete a cancer drug repository donor form provided by the board. The completed form and copy of the donor form that was completed by the original donor under subsection (3) shall be provided to the fully participating cancer drug repository at the time of distribution.

(9) Cancer drug repository donor and recipient forms shall be maintained for at least 5 years. A record of destruction of donated drugs and supplies that are not dispensed under subsection (7) shall be maintained by the dispensing repository for at least 5 years. For each drug or supply destroyed, the record shall include the following information:

(a) The date of destruction.

(b) The name, strength, and quantity of the cancer drug destroyed.

(c) The name of the person or firm that destroyed the drug.

(d) The source of the drugs or supplies destroyed.

(10) A manufacturer is not subject to criminal liability or liability in tort or other civil action for injury, death, or loss to a person or to property for any of the following causes of action:

(a) The intentional or unintentional adulteration or misbranding of the drug or supply by a party not under the control of the manufacturer.

(b) The failure of a party not under the control of the manufacturer to transfer or communicate product or consumer information or the expiration date of the donated drug or supply.

(c) Claims for payment to government or private payers.

(11) A health facility or pharmacy participating in the cancer drug repository program, a pharmacist dispensing a drug or supply pursuant to the program, a prescriber dispensing or administering a drug or supply pursuant to the program, or a donor of a cancer drug or supply is immune from civil liability for an act or omission that causes injury to or the death of an individual to whom the cancer drug or supply is dispensed and no disciplinary action shall be taken against a pharmacist or prescriber as long as the drug or supply is donated, accepted, distributed, and dispensed according to the requirements of this section. This immunity does not apply if the act or omission involves reckless, wanton, or intentional misconduct, or malpractice unrelated to the quality of the cancer drug or supply.

(12) As used in this section:

(a) "Cancer drug" means a prescription drug that is used to treat either of the following:

(*i*) Cancer or the side effects of cancer.

(*ii*) The side effects of any prescription drug that is used to treat cancer or the side effects of cancer.

© Courtesy of www.legislature.mi.gov

(b) "Cancer drug repository" means a health facility or pharmacy that has notified the board of its election to participate in the cancer drug repository program.

(c) "Cancer supply" or "supplies" means prescription and nonprescription cancer supplies needed to administer a cancer drug.

(d) "Distribute" means to deliver, other than by administering or dispensing.

(e) "Donor" means an individual and not a manufacturer or wholesale distributor who donates a cancer drug or supply according to the requirements of the cancer drug repository program.

(f) "Health facility" means a facility licensed in accordance with article 17 as a county medical care facility, freestanding surgical outpatient facility, home for the aged, hospital, hospital long-term care unit, nursing home, and hospice.

(g) "Side effects of cancer" means symptoms of cancer.

(h) "Single unit dose packaging" means a single unit container for articles intended for administration as a single dose, direct from the container.

(i) "Tamper-evident unit dose packaging" means a container within which a drug is sealed so that the contents cannot be opened without obvious destruction of the seal.

**History:** Add. 2006, Act 416, Imd. Eff. Sept. 29, 2006.

**Popular name:** Act 368

## PART 178
## PHYSICAL THERAPY

### 333.17801 Definitions; principles of construction.

Sec. 17801. (1) As used in this part:

(a) "Physical therapist" means an individual licensed under this article to engage in the practice of physical therapy.

(b) "Physical therapist assistant" means an individual with a health profession subfield license under this part who assists a physical therapist in physical therapy intervention.

(c) "Practice as physical therapist assistant" means the practice of physical therapy performed under the supervision of a physical therapist licensed under this part.

(d) "Practice of physical therapy" means the evaluation of, education of, consultation with, or treatment of an individual by the employment of effective properties of physical measures and the use of therapeutic exercises and rehabilitative procedures, with or without assistive devices, for the purpose of preventing, correcting, or alleviating a physical or mental disability. Physical therapy includes treatment planning, performance of tests and measurements, interpretation of referrals, initiation of referrals, instruction, consultative services, and supervision of personnel. Physical measures include massage, mobilization, heat, cold, air, light, water, electricity, and sound. Practice of physical therapy does not include the identification of underlying medical problems or etiologies, establishment of medical diagnoses, or the prescribing of treatment.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1982, Act 177, Imd. Eff. June 9, 1982;—Am. 1987, Act 213, Imd. Eff. Dec. 22, 1987;—Am. 2009, Act 55, Imd. Eff. June 25, 2009.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.17819 Practice of physical therapy or physical therapist assistant; activities; scope of practice.

Sec. 17819. This part does not prohibit an individual licensed, registered, or otherwise authorized to engage in a health profession under any other part or any other act from performing activities that are considered the practice of physical therapy or the practice as a physical therapist assistant so long as those activities are within the individual's scope of practice and the individual does not use the words, titles, or letters protected under section 17820.

**History:** Add. 2010, Act 382, Imd. Eff. Dec. 22, 2010.

**Popular name:** Act 368

### 333.17820 Practice of physical therapy or physical therapist assistant; license or

© Courtesy of www.legislature.mi.gov

**authorization required; engaging in treatment with or without prescription of certain license holders; use of words, titles, or letters.**

Sec. 17820. (1) An individual shall not engage in the practice of physical therapy or practice as a physical therapist assistant unless licensed or otherwise authorized under this part. Except as otherwise provided in this subsection, a physical therapist or physical therapist assistant shall engage in the treatment of a patient if that treatment is prescribed by a health care professional who is an advanced practice registered nurse as that term is defined in section 17201, or who holds a license issued under part 166, 170, 175, or 180, or an equivalent license issued by another state. A physical therapist or a physical therapist assistant may engage in the treatment of a patient without the prescription of a health care professional who is an advanced practice registered nurse as that term is defined in section 17201, or who holds a license issued under part 166, 170, 175, or 180, or an equivalent license issued by another state, under either of the following circumstances:

(a) For 21 days or 10 treatments, whichever first occurs. However, a physical therapist shall determine that the patient's condition requires physical therapy before delegating physical therapy interventions to a physical therapist assistant.

(b) The patient is seeking physical therapy services for the purpose of preventing injury or promoting fitness.

(2) The following words, titles, or letters or a combination of words, titles, or letters, with or without qualifying words or phrases, are restricted in use only to those persons authorized under this part to use the terms and in a way prescribed in this part: "physical therapy", "physical therapist", "doctor of physiotherapy", "doctor of physical therapy", "physiotherapist", "physiotherapy", "registered physical therapist", "licensed physical therapist", "physical therapy technician", "physical therapist assistant", "physical therapy assistant", "physiotherapist assistant", "physiotherapy assistant", "p.t. assistant", "p.t.", "r.p.t.", "l.p.t.", "c.p.t.", "d.p.t.", "m.p.t.", "p.t.a.", "registered p.t.a.", "licensed p.t.a.", "certified p.t.a.", "c.p.t.a.", "l.p.t.a.", "r.p.t.a.", and "p.t.t.".

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1982, Act 177, Imd. Eff. June 9, 1982;—Am. 1987, Act 213, Imd. Eff. Dec. 22, 1987;—Am. 2005, Act 281, Imd. Eff. Dec. 19, 2005;—Am. 2006, Act 387, Imd. Eff. Sept. 27, 2006;—Am. 2009, Act 55, Imd. Eff. June 25, 2009;—Am. 2014, Act 260, Eff. Jan. 1, 2015;—Am. 2016, Act 499, Eff. Apr. 9, 2017.

**Popular name:** Act 368

## 333.17821 Michigan board of physical therapy; creation; membership; terms.

Sec. 17821. (1) The Michigan board of physical therapy is created in the department and shall consist of the following 11 voting members who shall meet the requirements of part 161: 6 physical therapists, 1 physical therapist assistant, and 4 public members.

(2) The terms of office of the individual members of the board created under this section, except those appointed to fill vacancies, expire 4 years after appointment on December 31 of the year in which the term expires.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2006, Act 387, Imd. Eff. Sept. 27, 2006;—Am. 2009, Act 55, Imd. Eff. June 25, 2009.

**Popular name:** Act 368

## 333.17822 Physical therapist; practice in hospital; condition.

Sec. 17822. This part does not prohibit a hospital, as a condition of employment or the granting of staff privileges, from requiring that a physical therapist perform activities within his or her scope of practice in the hospital if that treatment is prescribed by an individual who is an advanced practice registered nurse as that term is defined in section 17201, or who holds a license issued under part 166, 170, 175, or 180, or an equivalent license issued by another state.

**History:** Add. 1987, Act 213, Imd. Eff. Dec. 22, 1987;—Am. 2005, Act 281, Imd. Eff. Dec. 19, 2005;—Am. 2016, Act 499, Eff. Apr. 9, 2017.

**Popular name:** Act 368

## 333.17823 Professional development requirements; rules.

Sec. 17823. The department, in consultation with the board, shall promulgate rules to establish professional development requirements for physical therapists and physical therapist assistants. Notwithstanding the requirements of part 161, beginning the license year after the effective date of the rules promulgated under this subsection, an individual shall meet the professional development requirements established under this subsection. The department, in consultation with the board, shall promulgate rules to require licensees seeking renewal to furnish evidence acceptable to the department and the board of the successful completion, during the preceding license term, of those professional development requirements.

**History:** Add. 2009, Act 55, Imd. Eff. June 25, 2009.

**Popular name:** Act 368

### 333.17824 Treatment of patient upon or without prescription of health care professional; duties of physical therapist.

Sec. 17824. (1) A physical therapist who is treating a patient upon the prescription of a health care professional as described in section 17820 shall do all of the following, as applicable:

(a) Refer the patient back to the health care professional who issued the prescription for treatment if the physical therapist has reasonable cause to believe that symptoms or conditions are present that require services beyond the scope of practice of physical therapy.

(b) Consult with the health care professional who issued the prescription for treatment if the patient does not show reasonable response to treatment in a time period consistent with the standards of practice as determined by the board.

(2) A physical therapist who is treating a patient without a prescription from a health care professional under the conditions authorized in section 17820 shall do all of the following, as applicable:

(a) Refer the patient to an appropriate health care professional for treatment if the physical therapist has reasonable cause to believe that symptoms or conditions are present that require services beyond the scope of practice of physical therapy.

(b) Consult with an appropriate health care professional if the patient does not show reasonable response to treatment in a time period consistent with the standards of practice as determined by the board.

**History:** Add. 2009, Act 55, Imd. Eff. June 25, 2009;—Am. 2014, Act 260, Eff. Jan. 1, 2015.

**Popular name:** Act 368

### 333.17825 Third party reimbursement or mandated worker's compensation benefits.

Sec. 17825. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for physical therapy services and does not preclude a third party payer from requiring a member or enrollee to fulfill benefit requirements for physical therapy services, including, but not limited to, prescription, referral, or preapproval when services are rendered by an individual licensed or otherwise authorized under this part.

**History:** Add. 2009, Act 55, Imd. Eff. June 25, 2009.

**Popular name:** Act 368

### 333.17826 Physical therapist assistant; licensure requirements; approval of physical therapist assistant training program.

Sec. 17826. (1) An applicant for licensure as a physical therapist assistant shall meet the requirements of section 16174 and, except as otherwise provided in subsection (2), all of the following requirements, as applicable:

(a) Is a graduate of a program for the training of physical therapist assistants approved by the board.

(b) If graduated from a program described in subdivision (a) after January 1, 2008, has passed an examination approved by the board.

(2) For the purposes of subsection (1)(a), the board shall approve a physical therapist assistant training program from the United States military or from outside of the United States if that training program is determined to be substantially equivalent to physical therapist assistant entry level training in the United States by a credentials evaluation organization approved by the American physical therapy association or is listed as a credentialing organization in 8 CFR 212.15(e).

**History:** Add. 2009, Act 55, Imd. Eff. June 25, 2009.

**Popular name:** Act 368

### 333.17827 Limited license; effectiveness.

Sec. 17827. Beginning on the effective date of this section and ending on the effective date of rules promulgated regarding the issuance of licenses to physical therapist assistants under this part, the board shall grant a limited license to an applicant who is a graduate of a physical therapist assistant education program accredited by the commission on accreditation in physical therapy education. A limited license issued under this section is effective until the board formally issues or denies a license to the applicant.

**History:** Add. 2009, Act 55, Imd. Eff. June 25, 2009.

**Popular name:** Act 368

### 333.17829 Standards of practice for services involving vaginal or anal penetration;

## PART 179.
## ATHLETIC TRAINING

### 333.17901 Definitions.

Sec. 17901. (1) As used in this part:

(a) "Athletic trainer" means an individual engaged in the practice of athletic training.

(b) "Practice of athletic training" means the treatment of an individual for risk management and injury prevention, the clinical evaluation and assessment of an individual for an injury or illness, or both, the immediate care and treatment of an individual for an injury or illness, or both, and the rehabilitation and reconditioning of an individual's injury or illness, or both, if those activities are within the rules promulgated under section 17904 and performed under the direction of, on the prescription of, or in collaboration with an individual licensed under part 170 or 175. The practice of athletic training does not include the practice of physical therapy, the practice of medicine, the practice of osteopathic medicine and surgery, the practice of chiropractic, or medical diagnosis or treatment.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** Add. 2006, Act 54, Eff. Dec. 1, 2006;—Am. 2015, Act 166, Eff. Jan. 26, 2016.

**Compiler's note:** Act 368

### 333.17902 Practice of athletic training; license required; use of titles; exceptions.

Sec. 17902. (1) Beginning on February 4, 2010, an individual shall not engage in the practice of athletic training unless licensed under this part or otherwise authorized to engage in the practice of athletic training under this section. An individual licensed under this part shall not provide, offer to provide, or represent that he or she is qualified to provide any services that he or she is not qualified to perform by his or her education, training, or experience or that he or she is otherwise prohibited by law from performing.

(2) Subsection (1) does not prohibit an individual licensed under any other part or any other act from performing activities that are considered the practice of athletic training so long as those activities are within the individual's scope of practice and the individual does not use the titles protected under subsection (3).

(3) Except as otherwise provided in this section, beginning on February 4, 2010, an individual shall not use the titles "athletic trainer", "licensed athletic trainer", "certified athletic trainer", "athletic trainer certified", "a.t.", "a.t.l.", "c.a.t.", "a.t.c.", or similar words that indicate that the person is an athletic trainer unless the individual is licensed under this article as an athletic trainer.

(4) This part does not apply to a person who is present in this state for an event that uses the services of athletic trainers, who is present in this state for not more than 30 consecutive days, and who is a board of certification certified athletic trainer or is licensed as an athletic trainer in another state.

**History:** Add. 2006, Act 54, Eff. Dec. 1, 2006;—Am. 2011, Act 26, Imd. Eff. May 16, 2011.

**Compiler's note:** Act 368

### 333.17903 Michigan athletic trainer board; creation; membership; terms.

Sec. 17903. (1) The Michigan athletic trainer board is created in the department and shall consist of the following members meeting the requirements of part 161:

(a) Until June 30, 2010, 4 athletic trainers. Beginning July 1, 2010, 6 athletic trainers.

(b) Until June 30, 2010, 1 public member. Beginning July 1, 2010, 3 public members.

(c) Two physicians licensed under part 170 or 175.

(2) The terms of office of individual members of the board created under this part, except those appointed to fill vacancies, expire 4 years after appointment on June 30 of the year in which the term expires.

© Courtesy of www.legislature.mi.gov

**History:** Add. 2006, Act 54, Eff. Dec. 1, 2006;—Am. 2006, Act 387, Imd. Eff. Sept. 27, 2006;—Am. 2010, Act 79, Imd. Eff. May 20, 2010.

**Compiler's note:** Act 368

### 333.17904 Rules.

Sec. 17904. (1) The department shall promulgate rules establishing the minimum standards for licensure as an athletic trainer under this part for purposes of section 17905(1) and the minimum standards of care for the practice of athletic training.

(2) In promulgating the rules required under this section, the department may consult the professional standards issued by the National Athletic Trainer's Association, by the National Athletic Trainer's Association Board of Certification, or by another nationally recognized professional association. The department may incorporate by reference, in whole or in part, existing standards in the rules.

(3) As needed, the department may amend or supplement any standards described in this section by rule.

**History:** Add. 2006, Act 54, Eff. Dec. 1, 2006;—Am. 2020, Act 19, Imd. Eff. Jan. 27, 2020.

**Compiler's note:** Act 368

### 333.17905 License; requirements; continuing education rules.

Sec. 17905. (1) The department shall issue a license under this article as an athletic trainer to an individual who meets all of the following requirements:

(a) Applies to the department on a form provided by the department.

(b) Meets the requirements for licensure in rules promulgated under section 17904.

(c) Pays the fees prescribed in section 16336.

(2) The department, in consultation with the board, shall promulgate rules under this subsection to establish continuing education requirements for athletic trainers. The rules must adopt, by reference, the continuing education standards for athletic trainers issued by the Board of Certification, Inc. that are in existence on the effective date of the amendatory act that amended this subsection. The department, in consultation with the board, may adopt any updates or amendments to the standards described in this subsection by rule. Notwithstanding the requirements of part 161, beginning with the license cycle after the effective date of the rules promulgated under this subsection, an individual must meet the continuing education requirements established under this subsection. The department, in consultation with the board, shall promulgate rules to require licensees seeking renewal to furnish evidence acceptable to the department and the board of the successful completion, during the preceding license cycle, of those continuing education requirements.

**History:** Add. 2006, Act 54, Eff. Dec. 1, 2006;—Am. 2015, Act 166, Eff. Jan. 26, 2016;—Am. 2020, Act 19, Imd. Eff. Jan. 27, 2020.

**Compiler's note:** Act 368

### 333.17906 License renewal.

Sec. 17906. A license issued under section 17905 is renewable upon payment of the prescribed license renewal fee and the successful completion of the requirements for license renewal in rules promulgated under section 17905(2).

**History:** Add. 2006, Act 54, Eff. Dec. 1, 2006;—Am. 2015, Act 166, Eff. Jan. 26, 2016;—Am. 2020, Act 19, Imd. Eff. Jan. 27, 2020.

**Compiler's note:** Act 368

### 333.17907 Third party reimbursement.

Sec. 17907. This part does not require new or additional third party reimbursement for services rendered by an individual licensed under this part.

**History:** Add. 2006, Act 54, Eff. Dec. 1, 2006.

**Compiler's note:** Act 368

### 333.17909 Standards of practice for services involving vaginal or anal penetration; promulgation of rules.

Sec. 17909. The department may promulgate rules that provide guidance to licensees on generally accepted standards of practice for services involving vaginal or anal penetration, including internal pelvic floor treatments. If the department promulgates rules under this section, the department shall consult with appropriate professional associations and other interested stakeholders.

**History:** Add. 2023, Act 62, Eff. Oct. 10, 2023.

**Popular name:** Act 368

PART 179A.
MASSAGE THERAPY

## 333.17951 Definitions.

Sec. 17951. (1) As used in this part:

(a) "Feldenkrais method" means a system of somatic education in which touch and words are used to eliminate faulty habits, learn new patterns of self-organization and action, and improve a person's own functional movement patterns. Feldenkrais method is based on principles of physics, biomechanics, and an understanding of, or learning about, human development.

(b) "Massage therapist" means an individual engaged in the practice of massage therapy.

(c) "Polarity therapy" means diverse applications affecting the human energy system and includes energetic approaches to somatic contact, verbal facilitation, nutrition, exercise, and health education. Polarity therapy does not make medical claims, diagnose physical ailments, or allow prescription of medications.

(d) "Practice of massage therapy" means the application of a system of structured touch, pressure, movement, and holding to the soft tissue of the human body in which the primary intent is to enhance or restore the health and well-being of the client. Practice of massage therapy includes complementary methods, including the external application of water, heat, cold, lubrication, salt scrubs, body wraps, or other topical preparations; and electromechanical devices that mimic or enhance the actions possible by the hands. Practice of massage therapy does not include medical diagnosis; practice of physical therapy; high-velocity, low-amplitude thrust to a joint; electrical stimulation; application of ultrasound; or prescription of medicines.

(e) "School" means any of the following accredited or licensed institutions of higher education that meet the minimum standards and curriculum, in compliance with section 16148:

(*i*) A public or private community college, college, or university.

(*ii*) A public or private trade, vocational, or occupational school.

(f) "Trager approach" means a form of movement education that uses subtle directed movements and the skilled touch of a practitioner. The Trager approach combines physical movement with sensory awareness and internal imagery designed to increase the client's self-awareness and generate physiological changes in the body tissues so as to allow the client to experience a new way of moving his or her body.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this act and part 161 contains definitions applicable to this part.

**History:** Add. 2008, Act 471, Imd. Eff. Jan. 9, 2009.

**Popular name:** Act 368

## 333.17953 Use of certain titles, words, or initials.

Sec. 17953. An individual shall not use the titles "licensed massage therapist", "massage therapist", "masseur", "massagist", "certified massage therapist", "clinical massage therapist", "medical massage therapist", "manual massage therapist", "board certified massage therapist", "massage technician", "myomassologist", "masseuse", "l.m.t.", "m.m.t.", and "c.m.t.", or similar words or initials that indicate that the individual is a massage therapist, unless the individual is licensed under this article as a massage therapist. This section does not prevent the use of a name, title, or initials that are registered or otherwise protected under law and used by a person certified or otherwise approved by a private organization.

**History:** Add. 2008, Act 471, Imd. Eff. Jan. 9, 2009.

**Popular name:** Act 368

## 333.17955 Michigan board of massage therapy; creation; membership; qualifications; terms; appointment; vacancy.

Sec. 17955. (1) The Michigan board of massage therapy is created in the department and consists of the following 11 members appointed by the governor who meet the requirements of part 161:

(a) Seven individuals who meet the requirements of section 16135(2).

(b) Four public members.

(2) Except as otherwise provided in this subsection, the terms of office of individual members of the board created under subsection (1) expire 4 years after appointment on December 31 of the year in which the term will expire. Of the members first appointed to the board under subsection (1), 4 shall be appointed for terms of 4 years, 4 shall be appointed for terms of 3 years, and 3 shall be appointed for terms of 2 years. The term of office of an individual appointed to fill a vacancy expires at the end of the term of the vacancy being filled.

**History:** Add. 2008, Act 471, Imd. Eff. Jan. 9, 2009.

**Popular name:** Act 368

### 333.17957 Massage therapy; license required; exceptions.

Sec. 17957. (1) An individual shall not engage in the practice of massage therapy unless licensed under this part. The practices for which a license is not required under this subsection include, but are not limited to, all of the following:

(a) The use of touch, words, or directed movement to deepen awareness of patterns of movement in the body as long as those services are not designated or implied to be massage or massage therapy. These practices include, but are not limited to, all of the following:

(*i*) The Feldenkrais method.

(*ii*) The Trager approach.

(b) The affectation of the human energy system or acupoints or qi meridians of the human body while engaged within the scope of practice of a profession with established standards and ethics and as long as those services are not designated or implied to be massage or massage therapy. These practices include, but are not limited to, all of the following:

(*i*) Polarity or polarity therapy.

(*ii*) Asian bodywork therapy.

(*iii*) Reiki.

(*iv*) Shiatsu.

(c) Reflexology.

(d) Structural integration.

(2) The department shall provide for a 3-year license cycle.

(3) Subsection (1) does not prevent any of the following:

(a) An individual licensed under any other part or act from performing activities that are considered massage therapy services if those activities are within the individual's scope of practice and if the individual does not use the titles, words, or initials protected under section 17953.

(b) The practice of massage therapy that is an integral part of a program of study by students enrolled in a school, provided that they are identified as students and provide massage therapy services only while under the supervision of a licensed massage therapist.

(c) Self-care by a patient or uncompensated care by a friend or family member who does not represent or hold himself or herself out to be a licensed massage therapist.

**History:** Add. 2008, Act 471, Imd. Eff. Jan. 9, 2009.

**Popular name:** Act 368

### 333.17959 Massage therapist; license; issuance; requirements; "classroom instruction" and "distance education" defined.

Sec. 17959. (1) If it receives a completed application and payment of the appropriate application processing and license fee, the department shall issue a license under this part to an individual who fulfills all of the following requirements:

(a) Is of good moral character as defined in section 1 of 1974 PA 381, MCL 338.41.

(b) Is at least 18 years of age.

(c) Has successfully passed an examination that meets the requirements of section 17961.

(d) Has successfully completed 1 of the following, and provides an academic transcript that is satisfactory to the board as evidence of successful completion:

(*i*) A massage education program that meets all of the following:

(A) Includes at least 500 hours of classroom instruction to complete the program if the applicant is or was enrolled in the school before August 1, 2017, or at least 625 hours of classroom instruction if the applicant enrolls in the school on or after August 1, 2017.

(B) Uses only classroom instruction described in subsection (3)(a)(*i*) to provide program components that contain psychomotor domain learning, including palpation, hands-on techniques, and clinical or lab experiences, or to provide other program components that the board determines require classroom instruction described in subsection (3)(a)(*i*).

(C) All classroom instruction in the program is facilitated by a qualified instructor who is trained in the subject matter he or she is teaching, and, if the classroom instruction is provided by distance education, is trained in distance education teaching methods.

(*ii*) The following number of hours of course and clinical massage education in a substantially equivalent program in another state, country, jurisdiction, territory, or province that, on a case-by-case review, is found by the board to be sufficient:

(A) If the applicant is or was enrolled in the school before August 1, 2017, at least 500 hours.

© Courtesy of www.legislature.mi.gov

(B) If the applicant enrolls in the school on or after August 1, 2017, at least 625 hours.

(2) The department shall issue a license to an applicant who meets the requirements of subsection (1)(a) and (b) and who is currently licensed as a massage therapist in another state, country, jurisdiction, territory, or province that requires standards for licensure that are substantially equivalent to the requirements for licensure under this part, as determined by the board.

(3) As used in this section:

(a) "Classroom instruction" means educational instruction that meets either of the following:

(*i*) Is provided at a physical location where the students and an instructor are present.

(*ii*) Is provided by distance education.

(b) "Distance education" means instruction that meets all of the following:

(*i*) Is provided electronically or online.

(*ii*) Does not require that the students and the instructor are physically present at the same place.

(*iii*) Allows for regular interaction between the students and instructor through a learning management system, online discussion board, live chat, or virtual classroom.

(*iv*) Provides a method for unique sign-in for student identification, provides for timely communication between instructors and students, and allows students to monitor their grades and progress.

**History:** Add. 2008, Act 471, Imd. Eff. Jan. 9, 2009;—Am. 2010, Act 304, Imd. Eff. Dec. 17, 2010;—Am. 2016, Act 371, Imd. Eff. Dec. 22, 2016.

**Popular name:** Act 368

### 333.17961 Examination.

Sec. 17961. (1) The board shall provide that applicants pass an examination that measures entry level competence before issuance of a license under this part.

(2) For licensure purposes under this part, the board shall adopt only those examinations that meet all of the following requirements:

(a) Are statistically validated through a job analysis under current standards for educational and professional testing.

(b) Has examination standards that comply with pertinent state and federal equal employment opportunity guidelines.

(c) Are available to all potential candidates for licensure.

**History:** Add. 2008, Act 471, Imd. Eff. Jan. 9, 2009.

**Popular name:** Act 368

### 333.17963 Rules.

Sec. 17963. (1) The board shall promulgate rules to create a code of professional ethics.

(2) A licensee shall make a written referral of a client to an appropriate health professional if the client's physical or medical condition appears to constitute a contraindication for massage therapy.

(3) The board and department shall not, by rule or otherwise, restrict the right of a licensee to participate in and become a member of any nationally recognized trade or professional association.

**History:** Add. 2008, Act 471, Imd. Eff. Jan. 9, 2009.

**Popular name:** Act 368

### 333.17965 Renewal; continuing education.

Sec. 17965. Subject to section 16204, the board shall, by rule, require as a condition of renewal of a license the furnishing of evidence of at least 18 hours, or the equivalent acceptable to the board, of continuing education for each 3-year license cycle. The courses shall be approved by the board and shall include subjects related to the practice of massage therapy.

**History:** Add. 2008, Act 471, Imd. Eff. Jan. 9, 2009.

**Popular name:** Act 368

### 333.17967 Licensing requirements; administrative rules.

Sec. 17967. Beginning 1 year after the certification of administrative rules to implement and administer this part, a local unit of government shall not establish or maintain licensing requirements for a massage therapist licensed under this part.

**History:** Add. 2008, Act 471, Imd. Eff. Jan. 9, 2009;—Am. 2010, Act 88, Imd. Eff. June 7, 2010.

**Popular name:** Act 368

### 333.17969 Third party reimbursement or mandated worker's compensation benefits.

© Courtesy of www.legislature.mi.gov

Sec. 17969. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual licensed under this part.

**History:** Add. 2008, Act 471, Imd. Eff. Jan. 9, 2009.

**Popular name:** Act 368

## PART 180
## PODIATRIC MEDICINE AND SURGERY

### 333.18001 Definitions; principles of construction.

Sec. 18001. (1) As used in this part:

(a) "Medical care services" means those services within the scope of practice of podiatric physicians licensed by the board, except those services that the board prohibits or otherwise restricts within a practice agreement or determines shall not be delegated by a podiatric physician without endangering the health and safety of patients as provided for in section 18048.

(b) "Participating podiatrist" means a podiatric physician or a podiatric physician designated by a group of podiatric physicians under section 18049 to represent that group.

(c) "Podiatric physician" means an individual who is licensed under this article to engage in the practice of podiatric medicine and podiatric surgery.

(d) "Practice agreement" means an agreement described in section 18047.

(e) "Practice as a physician's assistant" means the practice of podiatric medicine and podiatric surgery with a participating podiatric physician under a practice agreement.

(f) Except as otherwise provided in subdivision (g), "practice of podiatric medicine and podiatric surgery" means any of the following:

(*i*) The evaluation, diagnosis, management, and prevention of conditions of the lower extremities, including local manifestations of systemic disease in the human foot and ankle, by attending to and advising patients and through the use of devices, diagnostic tests, drugs and biologicals, surgical procedures, or other means. The evaluation, diagnosis, management, and prevention of conditions of the lower extremities may include osseous and soft tissue procedures that address the pathology of the foot, ankle, and the contiguous attachments below the tibial tuberosity.

(*ii*) The treatment of ulcerations below the tibial tuberosity and of human nail diseases, callosities, and verruca.

(g) "Practice of podiatric medicine and podiatric surgery" does not include amputations proximal to the tibiotalar joint, proximal osseous procedures that do not involve the tibiotalar joint, or the administration of intravenous sedation or general anesthesia.

(h) "Task force" means the joint task force created in section 17025.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2016, Act 379, Eff. Mar. 22, 2017;—Am. 2018, Act 355, Eff. Feb. 13, 2019.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.18008 Physician's assistant; health profession subfield.

Sec. 18008. Practice as a physician's assistant is a health profession subfield of the practice of podiatric medicine and surgery, the practice of osteopathic medicine and surgery, and the practice of medicine.

**History:** Add. 2006, Act 161, Eff. Nov. 26, 2006.

**Popular name:** Act 368

### 333.18011 Practice of podiatric medicine and surgery or as physician's assistant; license or authorization required; use of words, titles, or letters.

Sec. 18011. (1) A person shall not engage in the practice of podiatric medicine and surgery or practice as a physician's assistant unless licensed or otherwise authorized by this article.

(2) The following words, titles, or letters or a combination thereof, with or without qualifying words or phrases, are restricted in use only to those persons authorized under this part to use the terms and in a way prescribed in this part: "chiropodist", "chiropody", "chiropodical", "podiatry", "podiatrist", "podiatric", "doctor of podiatric medicine", "foot specialist", "podiatric physician and surgeon", and "d.p.m.".

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2006, Act 391, Imd. Eff. Sept. 27, 2006
.

**Popular name:** Act 368

### 333.18012 Postgraduate podiatric study; full or limited license required; requirements of limited license; responsibility for training; limited license renewable.

Sec. 18012. (1) An individual shall not engage in postgraduate podiatric study in podiatric medicine and surgery, including the practice of podiatric medicine and surgery, before obtaining a full or limited license to practice under this part.

(2) A limited license for a postgraduate shall require that the individual confine his or her practice and training to a hospital, institution, or preceptorship program approved by the board for the training. The hospital, institution, or preceptorship program is responsible for the training. A limited license for a postgraduate is renewable for not more than 5 years.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1985, Act 31, Imd. Eff. June 12, 1985.

**Popular name:** Act 368

### 333.18021 Michigan board of podiatric medicine and surgery; creation; membership; terms.

Sec. 18021. (1) The Michigan board of podiatric medicine and surgery is created in the department and consists of the following 9 voting members who shall meet the requirements of part 161: 5 podiatrists, 1 physician's assistant, and 3 public members.

(2) Except as otherwise provided in this article, the board of podiatric medicine and surgery does not have the powers and duties vested in the task force by sections 17060 to 17084.

(3) The terms of office of individual members of the board created under this section, except those appointed to fill vacancies, expire 4 years after appointment on June 30 of the year in which the term expires.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2006, Act 391, Imd. Eff. Sept. 27, 2006;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.18031 Condition for more than limited licensure.

Sec. 18031. An applicant, in addition to completing the requirements for the degree as a doctor of podiatric medicine, shall complete a period of postgraduate education to attain proficiency in the practice of the profession as prescribed by the board in rule as a condition for more than limited licensure.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.18033 Renewal of license; evidence required; completion of hours or courses in pain and symptom management as continuing education; rules.

Sec. 18033. (1) Notwithstanding the requirements of part 161, the board may require a licensee seeking renewal of a license to furnish the board with satisfactory evidence that during the 3 years immediately preceding application for renewal the licensee has attended continuing education courses or programs approved by the board and totaling not less than 150 hours in subjects related to the practice of podiatric medicine and surgery and designed to further educate licensees.

(2) As required under section 16204, the board shall promulgate rules requiring each applicant for license renewal to complete as part of the continuing education requirement of subsection (1) an appropriate number of hours or courses in pain and symptom management.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 625, Imd. Eff. Jan. 6, 1979;—Am. 1986, Act 290, Imd. Eff. Dec. 22, 1986;—Am. 1994, Act 234, Imd. Eff. June 30, 1994.

**Popular name:** Act 368

### 333.18047 Practice as physician's assistant; practice agreement; requirements.

Sec. 18047. (1) A physician's assistant shall not engage in the practice as a physician's assistant except under the terms of a practice agreement that meets the requirements of this section.

(2) A practice agreement must include all of the following:

(a) A process between the physician's assistant and participating podiatrist for communication, availability, and decision making when providing medical treatment to a patient. The process must utilize the knowledge and skills of the physician's assistant and participating podiatrist based on their education, training, and experience.

(b) A protocol for designating an alternative podiatrist for consultation in situations in which the

© Courtesy of www.legislature.mi.gov

participating podiatrist is not available for consultation.

(c) The signature of the physician's assistant and the participating podiatrist.

(d) A termination provision that allows the physician's assistant or participating podiatrist to terminate the practice agreement by providing written notice at least 30 days before the date of termination.

(e) Subject to section 18048, the duties and responsibilities of the physician's assistant and participating podiatrist. The practice agreement shall not include as a duty or responsibility of the physician's assistant or participating podiatrist an act, task, or function that the physician's assistant or participating podiatrist is not qualified to perform by education, training, or experience and that is not within the scope of the license held by the physician's assistant or participating podiatrist.

(f) A requirement that the participating podiatrist verify the physician's assistant's credentials.

(3) The number of physician's assistants in a practice agreement with a participating podiatrist and the number of individuals to whom a podiatrist has delegated the authority to perform acts, tasks, or functions are subject to section 16221.

**History:** Add. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.18048 Prohibiting or restricting delegation of medical care service; requiring higher levels of supervision.

Sec. 18048. Except for a medical care service within a practice agreement, to the extent that a particular selected medical care service requires extensive training, education, or ability or poses serious risks to the health or safety of patients, the board may prohibit or otherwise restrict the delegation of that medical care service or may require higher levels of supervision. To the extent that a particular medical care service requires extensive training, education, or ability or poses serious risks to the health or safety of patients, the board may prohibit or otherwise restrict that medical care service within a practice agreement.

**History:** Add. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2011, Act 210, Imd. Eff. Nov. 8, 2011;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.18049 Practice agreement; designation of podiatrist; countersigning order or signing official form not required.

Sec. 18049. (1) A group of podiatrists practicing other than as sole practitioners may designate 1 or more podiatrists in the group to enter into a practice agreement under section 18047.

(2) Notwithstanding any law or rule to the contrary, a podiatrist is not required to countersign orders written in a patient's clinical record by a physician's assistant with whom the podiatrist has a practice agreement. Notwithstanding any law or rule to the contrary, a podiatrist is not required to sign an official form that lists the podiatrist's signature as the required signatory if that official form is signed by a physician's assistant with whom the podiatrist has a practice agreement.

**History:** Add. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2011, Act 210, Imd. Eff. Nov. 8, 2011;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.18050 Prohibiting podiatrist or physician's assistant from entering practice agreement; grounds; rules concerning prescribing of drugs.

Sec. 18050. (1) In addition to its other powers and duties under this article, the board may prohibit a podiatrist or a physician's assistant from entering into a practice agreement for any of the grounds set forth in section 16221.

(2) For purposes of section 18051, the department, in consultation with the board, may promulgate rules concerning the prescribing of drugs by a physician's assistant. Subject to section 18051, the rules may define the drugs or classes of drugs that a physician's assistant may not prescribe and other procedures and protocols necessary to promote consistency with federal and state drug control and enforcement laws.

**History:** Add. 2006, Act 161, Eff. Nov. 26, 2006;—Am. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.18051 Physician's assistant; making calls or going on rounds; prescribing drug; ordering, receiving, and dispensing complimentary starter dose drugs.

Sec. 18051. (1) A physician's assistant may make calls or go on rounds in private homes, public institutions, emergency vehicles, ambulatory care clinics, hospitals, intermediate or extended care facilities, health maintenance organizations, nursing homes, or other health care facilities in accordance with a practice

© Courtesy of www.legislature.mi.gov

agreement. Notwithstanding any law or rule to the contrary, a physician's assistant may make calls or go on rounds as provided in this subsection without restrictions on the time or frequency of visits by a podiatrist or the physician's assistant.

(2) A physician's assistant who is a party to a practice agreement may prescribe a drug in accordance with procedures and protocols for the prescription established by rule of the department in consultation with the appropriate board. A physician's assistant may prescribe a drug, including a controlled substance that is included in schedules 2 to 5 of part 72. If a physician's assistant prescribes a drug under this subsection, the physician's assistant's name shall be used, recorded, or otherwise indicated in connection with that prescription. If a physician's assistant prescribes a drug under this subsection that is included in schedules 2 to 5, the physician's assistant's DEA registration number shall be used, recorded, or otherwise indicated in connection with that prescription.

(3) A physician's assistant may order, receive, and dispense complimentary starter dose drugs, including controlled substances that are included in schedules 2 to 5 of part 72. If a physician's assistant orders, receives, or dispenses a complimentary starter dose drug under this subsection, the physician's assistant's name shall be used, recorded, or otherwise indicated in connection with that order, receipt, or dispensing. If a physician's assistant orders, receives, or dispenses a complimentary starter dose drug under this subsection that is included in schedules 2 to 5, the physician's assistant's DEA registration number shall be used, recorded, or otherwise indicated in connection with that order, receipt, or dispensing. As used in this subsection, "complimentary starter dose" means that term as defined in section 17745. It is the intent of the legislature in enacting this subsection to allow a pharmaceutical manufacturer or wholesale distributor, as those terms are defined in part 177, to distribute complimentary starter dose drugs to a physician's assistant, as described in this subsection, in compliance with section 503(d) of the federal food, drug, and cosmetic act, 21 USC 353.

**History:** Add. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.18054 Approval of physician's assistants and valuation of training programs; criteria.

Sec. 18054. The board shall make written recommendations on criteria for the approval of physician's assistants and on criteria for the valuation of physician's assistants training programs to the task force on physician's assistants.

**History:** Add. 2006, Act 161, Eff. Nov. 26, 2006.

**Popular name:** Act 368

### 333.18056 Applicability of part to student in training.

Sec. 18056. This part does not apply to a student in training to become a physician's assistant while performing duties assigned as part of the training.

**History:** Add. 2006, Act 161, Eff. Nov. 26, 2006.

**Popular name:** Act 368

### 333.18058 Third party reimbursement or worker's compensation benefits not required.

Sec. 18058. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual authorized to practice as a physician's assistant under this part.

**History:** Add. 2006, Act 161, Eff. Nov. 26, 2006.

**Popular name:** Act 368

## PART 181
## COUNSELING

### 333.18101 Definitions.

Sec. 18101. As used in this part:

(a) "Clinical counseling principles, methods, or procedures" means 1 or more of the following:

(*i*) Psychotherapy, the diagnosis and treatment planning for mental and emotional disorders, and evaluation.

(*ii*) Selecting, administering, scoring, and interpreting assessments, tests, and appraisals that are designed to assess an individual's aptitudes, interests, attitudes, abilities, achievements, and personal characteristics in order to use appraisal and diagnostic results in helping processes.

(*iii*) Psychoeducational consulting. As used in this subparagraph, "psychoeducational consulting" means

© Courtesy of www.legislature.mi.gov

assisting a consultee that is working with an individual, small group, or organization by identifying problems, strengths, and weaknesses and making recommendations for the implementation of preventative or remedial strategies.

(*iv*) Counseling techniques. As used in this subparagraph:

(A) "Counseling techniques" means the application of basic counseling and psychotherapy skills and theories in the counseling process for the purposes of establishing and maintaining the counseling relationship; diagnosing the problem; formulating a preventative, treatment, or rehabilitative plan; and facilitating appropriate interventions.

(B) "Diagnosing the problem" means the identification of the problem through the application of recognized counseling techniques and psychotherapy skills and theories, including the use of the classifications and diagnoses in the Diagnostic and Statistical Manual for Mental Disorders, obtained through the successful completion of a qualified program. Diagnosing the problem does not include the identification of other medical or physical conditions.

(*v*) Behavioral modification techniques. As used in this subparagraph, "behavioral modification techniques" means assisting clients in identifying maladaptive or harmful behaviors and replacing them with adaptive and helpful behaviors.

(*vi*) Referral. As used in this subparagraph, "referral" includes determining the need for referral to 1 or more statutorily regulated mental health professionals whose expertise, skills, and competence are appropriate to the problems of the individual, informing the individual of the referral, and communicating as appropriate with the professional to whom the individual has been referred.

(*vii*) Preventative techniques. As used in this subparagraph, "preventative techniques" means assisting a client in maintaining mental and emotional well-being and preventing emotional distress and mental illness.

(*viii*) Establishing a counseling plan for the treatment of 1 or more of the following disorders of an individual, couple, group, or family:

(A) An emotional disorder.

(B) A mental disorder.

(C) An addiction disorder.

(D) A physical disorder that requires a counseling intervention.

(*ix*) Promoting mental health wellness. As used in this subparagraph, "mental health wellness" means the achievement of social, career, and emotional development across an individual's life span.

(*x*) Preventing and treating mental and emotional disorders. As used in this subparagraph, "preventing and treating mental and emotional disorders" includes the use of crisis intervention.

(b) "Licensed professional counselor" means an individual who is licensed under this article to engage in the practice of counseling without supervision.

(c) "Limited licensed counselor" means an individual who has been granted a limited license under this article to engage in the practice of counseling under the supervision of a licensed professional counselor who meets the requirement of section 18106.

(d) Except as otherwise provided in subdivision (e), "practice of counseling" or "counseling" means the rendering to individuals, groups, families, organizations, or the general public in accordance with accepted and established ethics a service involving clinical counseling principles, methods, or procedures for the purpose of achieving social, personal, career, and emotional development and with the goal of promoting and enhancing healthy self-actualizing and satisfying lifestyles whether the services are rendered in an educational, business, health, private practice, or human services setting.

(e) The practice of counseling does not include the practice of psychology except for those preventive techniques, counseling techniques, or behavior modification techniques for which the licensed professional counselor or limited licensed counselor has been specifically trained. The practice of counseling does not include the practice of medicine or osteopathic medicine and surgery, including, but not limited to, the differential diagnosis of medical conditions or disorders, prescribing drugs, or administering electroconvulsive therapy. A counselor shall not hold himself or herself out as any of the following:

(*i*) A psychologist as defined in section 18201.

(*ii*) A marriage and family therapist as defined in section 16901.

(*iii*) A licensed bachelor's social worker or a licensed master's social worker as those terms are defined in section 18501.

(f) "Qualified program" means any of the following:

(*i*) A program that is accredited by the Council for the Accreditation of Counseling and Related Educational Programs, includes coursework and training in the diagnosis and treatment of mental and emotional disorders, and is approved by the department in consultation with the board.

(*ii*) A program that is not accredited by the Council for the Accreditation of Counseling and Related

Educational Programs, includes coursework and training in the diagnosis and treatment of mental and emotional disorders and all other coursework requirements of the Council for the Accreditation of Counseling and Related Educational Programs, including practicum and internship requirements, and is approved by the department in consultation with the board.

**History:** Add. 1988, Act 421, Eff. Mar. 30, 1989;—Am. 2019, Act 96, Eff. Jan. 27, 2020.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.18103 Michigan board of counseling; creation; membership; terms of office.

Sec. 18103. (1) The Michigan board of counseling is created in the department. The board shall consist of the following 11 voting members who shall meet the requirements of part 161:

(a) Six members of the board shall be engaged in the practice of counseling and shall consist of: 3 members who are engaged primarily in providing counseling techniques, behavior modification techniques, or preventive techniques to clients; 2 members who are engaged primarily in teaching, training, or research in counseling; and 1 member who is engaged primarily in the administration of counseling services.

(b) Four members of the general public.

(c) One member who is a statutorily regulated mental health professional. As used in this subdivision, "statutorily regulated mental health professional" means any of the following: a psychiatrist, psychologist, substance abuse counselor, marriage and family therapist, or social worker.

(2) The terms of office of individual members of the board created under this section, except those appointed to fill vacancies, expire 4 years after appointment on June 30 of the year in which the term expires.

**History:** Add. 1988, Act 421, Eff. Mar. 30, 1989;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2006, Act 429, Imd. Eff. Oct. 5, 2006.

**Popular name:** Act 368

### 333.18105 Practice of counseling; conditions; use of words, titles, or letters.

Sec. 18105. (1) A licensee shall not perform any acts, tasks, or functions within the practice of counseling unless he or she is trained to perform such acts, tasks, or functions.

(2) Effective October 1, 1990, a person shall not engage in the practice of counseling unless licensed or otherwise authorized under this article.

(3) The following words, titles, or letters or a combination thereof, with or without qualifying words or phrases, are restricted in use only to those persons authorized under this part to use the terms and in a way prescribed in this part: "licensed professional counselor", "licensed counselor", "professional counselor", and "l.p.c.".

**History:** Add. 1988, Act 421, Eff. Mar. 30, 1989;—Am. 1989, Act 262, Imd. Eff. Dec. 26, 1989;—Am. 2006, Act 429, Imd. Eff. Oct. 5, 2006.

**Popular name:** Act 368

### 333.18106 Supervision of limited licensed counselor; training required.

Sec. 18106. A licensed professional counselor shall not supervise a limited licensed counselor without completing training in supervision as required by rules promulgated by the department in consultation with the board.

**History:** Add. 2019, Act 96, Eff. Jan. 27, 2020.

**Popular name:** Act 368

### 333.18107 Professional counselor license; qualifications; rules.

Sec. 18107. (1) Subject to subsection (2), the department may grant a professional counselor license to an individual who meets all of the following criteria:

(a) Is not less than 18 years of age.

(b) Has received, from an accredited college or university approved by the department, a master's or doctoral degree in counseling from a qualified program, or a degree determined by the department in consultation with the board to be substantially equivalent to a counseling degree from a qualified program. The department in consultation with the board shall promulgate rules to establish standards to approve qualified programs.

(c) Has at least 2 years of counseling experience under the supervision of a licensed professional counselor. The department in consultation with the board may decrease the required length of counseling

© Courtesy of www.legislature.mi.gov

experience under the supervision of a licensed professional counselor to 1 year if an applicant has completed a doctoral degree in counseling. An applicant shall not be licensed before completing 1 year of counseling experience under the supervision of a licensed professional counselor.

(2) The department in consultation with the board shall promulgate rules under section 16145 as necessary or appropriate to supplement the requirements for licensure under this part as a licensed professional counselor, including adopting updated standards of the Council for the Accreditation of Counseling and Related Educational Programs or a successor organization.

**History:** Add. 1988, Act 421, Eff. Mar. 30, 1989;—Am. 1989, Act 262, Imd. Eff. Dec. 26, 1989;—Am. 2019, Act 96, Eff. Jan. 27, 2020.

**Popular name:** Act 368

### 333.18109 Limited license; qualifications; renewal; restricted practice.

Sec. 18109. (1) Until October 1, 1991, the board may grant a limited license to an individual who has received a bachelor's degree and has engaged in the practice of counseling for not less than 5 years. The limited license shall be renewable for not more than 2 years.

(2) A limited license issued under this section shall require that the individual confine his or her practice to a program of counseling experience under the supervision of a licensed professional counselor.

**History:** Add. 1988, Act 421, Eff. Mar. 30, 1989;—Am. 1989, Act 262, Imd. Eff. Dec. 26, 1989.

**Popular name:** Act 368

### 333.18111 Limited license; criteria; restricted practice; rules.

Sec. 18111. (1) Subject to subsection (3), the department may grant a limited license to an individual who meets both of the following criteria:

(a) Is not less than 18 years of age.

(b) Has received, from an accredited college or university approved by the department, a master's or doctoral degree in counseling from a qualified program, or a degree determined by the department in consultation with the board to be substantially equivalent to a counseling degree from a qualified program. The department in consultation with the board shall promulgate rules to establish standards to approve qualified programs.

(2) A limited license granted under this section must require that the individual confine his or her practice to a program of counseling experience under the supervision of a licensed professional counselor.

(3) The department in consultation with the board shall promulgate rules under section 16145 as necessary or appropriate to supplement the requirements for licensure under this part as a limited licensed counselor, including adopting updated standards of the Council for the Accreditation of Counseling and Related Educational Programs or a successor organization.

**History:** Add. 1988, Act 421, Eff. Mar. 30, 1989;—Am. 2019, Act 96, Eff. Jan. 27, 2020.

**Popular name:** Act 368

### 333.18112 Administering assessments; training required.

Sec. 18112. A licensee shall not administer an assessment unless he or she has received specific training on administering the assessment.

**History:** Add. 2019, Act 96, Eff. Jan. 27, 2020.

**Popular name:** Act 368

### 333.18113 Professional disclosure statement.

Sec. 18113. (1) A licensee shall furnish a professional disclosure statement to a prospective client before engaging in counseling services.

(2) A professional disclosure statement required under this section shall contain all of the following:

(a) The licensee's name, business address, and telephone number.

(b) A description of the licensee's practice.

(c) A description of the education and experience of the licensee.

(d) The licensee's counseling fee schedule.

(e) The name, address, and telephone number of the department.

(3) The disclosure statement shall accompany the original application for licensure. Any changes in the disclosure statement shall be filed with the department within 30 days after the changes are made.

**History:** Add. 1988, Act 421, Eff. Mar. 30, 1989.

**Popular name:** Act 368

© Courtesy of www.legislature.mi.gov

### 333.18114 Relicensure; application requirements; professional disclosure statement; out-of-state license verification.

Sec. 18114. (1) Except as otherwise provided in subsection (3), the department may grant relicensure as a licensed professional counselor or limited licensed counselor to an individual who is applying for relicensure less than 3 years after the expiration date of his or her license, if the individual submits to the department a completed application on a form provided by the department together with payment of the fees described in section 16201(3), and he or she complies with both of the following:

(a) Submits with his or her application a professional disclosure statement that meets the requirements of section 18113.

(b) If the individual holds or has held a license as a licensed professional counselor or limited licensed counselor in another state, ensures that the licensing agency of each out-of-state license verifies all of the following on a form provided by the department:

(*i*) That disciplinary proceedings are not pending against the individual at the time of his or her application for relicensure.

(*ii*) That if sanctions have been imposed against the individual, the sanctions are not in force at the time of his or her application for relicensure.

(2) Except as otherwise provided in subsection (3), the department may grant relicensure as a licensed professional counselor or limited licensed counselor to an individual who is applying for relicensure more than 3 years after the expiration date of his or her license, if the individual submits to the department a completed application on a form provided by the department together with payment of the fees described in section 16201(4) and a professional disclosure statement that meets the requirements of section 18113, and he or she complies with 1 of the following:

(a) Takes or retakes and passes 1 of the following:

(*i*) The national counselor examination developed by the National Board for Certified Counselors.

(*ii*) The certification examination given by the Commission on Rehabilitation Counselor Certification.

(*iii*) An examination that the department determines is equivalent to an examination described in subparagraph (*i*) or (*ii*).

(b) Demonstrates to the satisfaction of the department that he or she meets the requirements for certification issued by the National Board for Certified Counselors, the Commission on Rehabilitation Counselor Certification, or an equivalent program as determined by the department.

(3) The department may grant relicensure as a licensed professional counselor or limited licensed counselor to an individual who received a master's or doctoral degree in counseling or student personnel work before October 1, 1991, and completed 2 years of professional experience before October 1, 1993, if the individual submits to the department a completed application on a form provided by the department together with payment of the applicable fees described in section 16201(3) or (4) and he or she complies with 1 of the following:

(a) Submits with his or her application a professional disclosure statement that meets the requirements of section 18113.

(b) If the individual holds or has held a license as a licensed professional counselor or limited licensed counselor in another state, ensures that the licensing agency of each out-of-state license verifies all of the following on a form provided by the department:

(*i*) That disciplinary proceedings are not pending against the individual at the time of his or her application for relicensure.

(*ii*) That if sanctions have been imposed against the individual, the sanctions are not in force at the time of his or her application for relicensure.

**History:** Add. 2019, Act 96, Eff. Jan. 27, 2020.

**Popular name:** Act 368

### 333.18115 Practice of statutorily regulated profession or occupation not limited; definition; applicability of part; use of word "counselor."

Sec. 18115. (1) This article does not limit an individual in, nor prevent an individual from, the practice of a statutorily regulated profession or occupation if counseling is part of the services provided by that profession or occupation, and the individual does not hold himself or herself out as a counselor regulated under this article. As used in this subsection, "statutorily regulated profession or occupation" includes, but is not limited to, all of the following: a physician, attorney, marriage and family therapist, debt management counselor, licensed bachelor's social worker, licensed master's social worker, social service technician, licensed psychologist, limited licensed psychologist, temporary limited licensed psychologist, or school counselor.

© Courtesy of www.legislature.mi.gov

(2) This part does not apply to any of the following:

(a) An ordained member of the clergy if counseling is incidental to his or her religious duties performed under the auspices or recognition of a church, denomination, religious association, or sect, that has tax-exempt status under section 501(c)(3) of the internal revenue code of 1986, 26 USC 501, if the member of the clergy does not hold himself or herself out as a counselor licensed under this article.

(b) An individual who performs volunteer services for a public or private nonprofit organization, church, or charity, if the individual is approved by the organization or agency for which the services are rendered.

(c) An individual who is employed by or who volunteers to work in a substance use disorder services program licensed by the department under part 62.

(d) A Christian Science practitioner.

(3) Notwithstanding section 18105(3), this part does not prohibit the use of the word "counselor" without the qualifying words "licensed" or "professional" used in conjunction with the word "counselor", except as otherwise provided by law.

**History:** Add. 1988, Act 421, Eff. Mar. 30, 1989;—Am. 2006, Act 429, Imd. Eff. Oct. 5, 2006;—Am. 2019, Act 96, Eff. Jan. 27, 2020.

**Popular name:** Act 368

### 333.18116 Third party reimbursement or mandated worker's compensation benefits.

Sec. 18116. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual licensed under this part.

**History:** Add. 2019, Act 96, Eff. Jan. 27, 2020.

**Popular name:** Act 368

### 333.18117 Privileged communications; disclosure of confidential information.

Sec. 18117. For the purposes of this part, the confidential relations and communications between a licensed professional counselor or a limited licensed counselor and a client of the licensed professional counselor or a limited licensed counselor are privileged communications, and this part does not require a privileged communication to be disclosed, except as otherwise provided by law. Confidential information may be disclosed only upon consent of the client, pursuant to section 16222 if the licensee reasonably believes it is necessary to disclose the information to comply with section 16222, or under section 16281.

**History:** Add. 1988, Act 421, Eff. Mar. 30, 1989;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 1998, Act 496, Eff. Mar. 1, 1999.

**Popular name:** Act 368

## PART 182
## PSYCHOLOGY

### 333.18201 Definitions; principles of construction.

Sec. 18201. (1) As used in this part:

(a) "Psychologist" means an individual who is licensed or authorized under this article to engage in the practice of psychology.

(b) "Practice of psychology" means the rendering to individuals, groups, organizations, or the public of services involving the application of principles, methods, and procedures of understanding, predicting, and influencing behavior for the purposes of the diagnosis, assessment related to diagnosis, prevention, amelioration, or treatment of mental or emotional disorders, disabilities or behavioral adjustment problems by means of psychotherapy, counseling, behavior modification, hypnosis, biofeedback techniques, psychological tests, or other verbal or behavioral means. The practice of psychology does not include the practice of medicine such as prescribing drugs, performing surgery, or administering electro-convulsive therapy.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2022, Act 254, Eff. Mar. 29, 2023.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.18211 Practice of psychology; license or authorization required; use of words, titles, or letters.

Sec. 18211. (1) A person shall not engage in the practice of psychology unless licensed or otherwise

© Courtesy of www.legislature.mi.gov

authorized by this article.

(2) The following words, titles, or letters or a combination thereof, with or without qualifying words or phrases, are restricted in use only to those persons authorized under this part to use the terms and in a way prescribed in this part: "consulting psychologist", "psychologist", "psychological assistant", "psychological examiner", "licensed psychologist", and "limited licensed psychologist".

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 395, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

### 333.18211a Psychology interjurisdictional compact; temporary authorization.

Sec. 18211a. (1) A psychologist who has temporary authorization to practice under the psychology interjurisdictional compact or is authorized to practice interjurisdictional telepsychology under the psychology interjurisdictional compact is authorized to engage in the practice of psychology under this article.

(2) For purposes of this article, including the obligations of an individual who is licensed as a psychologist under this part, a psychologist who has temporary authorization to practice under the psychology interjurisdictional compact or is authorized to practice interjurisdictional telepsychology under the psychology interjurisdictional compact is considered a psychologist who is licensed under this part.

(3) As used in this section, "psychology interjurisdictional compact" means the psychology interjurisdictional compact as enacted in section 16190.

**History:** Add. 2022, Act 254, Eff. Mar. 29, 2023.

**Popular name:** Act 368

### 333.18212 Postdoctoral training which includes practice of psychology; full or limited license required; requirements of limited license; responsibility for training; limited license renewable; waiver of limited license by Michigan board of psychology.

Sec. 18212. (1) Except as otherwise provided in subsection (3), an individual shall not engage in postdoctoral training which includes the practice of psychology without obtaining a full or limited license to practice under this part.

(2) A limited license for an individual in postdoctoral training shall require that the individual be under supervision of a licensed psychologist and confine his or her practice and training to a hospital, clinic, institution, or other arrangement approved by the board for the training. The hospital, clinic, or institution and designated licensed psychologist are responsible for the training. A limited license for a postdoctoral training is renewable for not more than 5 years.

(3) The Michigan board of psychology shall waive the requirement of having a limited license in order to engage in the postdoctoral experience necessary to obtain a full license if all of the following occur:

(a) The individual has met all the other requirements of subsection (2).

(b) The individual submits a request for the waiver in writing and pays a sum equal to the cost of a limited license.

(c) The individual has applied for a license between July 1, 1985 and July 1, 1986.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1987, Act 20, Imd. Eff. Apr. 24, 1987.

**Popular name:** Act 368

### 333.18214 Permissible conduct.

Sec. 18214. (1) This part does not prohibit an individual who holds a doctoral degree in psychology from a regionally accredited college or university from using a title including "psychologist" if the individual does not engage in the practice of psychology.

(2) This part does not prohibit an individual approved by the state department of education from using the title "school psychologist" and engaging in those duties and activities pertinent to employment by a public or private elementary or secondary school.

(3) This part does not prohibit an individual employed by a regionally accredited college or university and involved in research or the teaching of psychology from performing those duties for which he or she is employed by that institution.

(4) This part does not prohibit a certified, licensed, registered, or otherwise statutorily recognized member of any profession including a lawyer, social worker, school counselor or marriage counselor from practicing his or her profession as authorized by law.

(5) This part does not prohibit a clergyman, professional educator, or professional counselor, including an alcoholism or drug abuse counselor, whose practice may include preventive techniques, counseling techniques, or behavior modification techniques from practicing his or her profession consistent with his or her training and with a code of ethics for that respective profession.

© Courtesy of www.legislature.mi.gov

(6) This part shall not apply to a participant or employee in a program licensed under part 62 or self-help, peer counseling, or support services provided by a nonprofit organization.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.18221 Michigan board of psychology; creation; membership; terms.

Sec. 18221. (1) The Michigan board of psychology is created in the department and shall consist of the following 9 voting members who shall meet the requirements of part 161: 5 psychologists, including at least 1 nondoctoral psychologist, and 4 public members. Section 1212 does not apply to this board.

(2) The terms of office of individual members of the board created under this section, except those appointed to fill vacancies, expire 4 years after appointment on December 31 of the year in which the term expires.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2006, Act 395, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

### 333.18223 Rules as to licensing requirements; limited license; renewal; supervised postgraduate experience required; temporary license.

Sec. 18223. (1) The department, in consultation with the board, shall promulgate rules requiring that to be granted a license under this part, except as provided in subsection (2), an individual must meet both of the following requirements:

(a) Have been granted a doctoral degree in psychology, or a doctoral degree in a closely related field, from a doctoral degree program that meets all of the following requirements:

(*i*) Is offered by a regionally accredited or other college, university, or institution approved by the board, and includes education and training appropriate to the practice of psychology.

(*ii*) Has obtained the Association of State and Provincial Psychology Boards' national register designation, has been accredited by the American Psychological Association or the Canadian Psychological Association, or has obtained a similar designation from or been accredited by an entity approved by the board. However, a program that is in the process of obtaining the designation or becoming accredited as required in this subparagraph before August 1, 2011, and that obtains the designation or becomes accredited on or before August 31, 2020, meets the requirements of this subparagraph.

(b) Have not less than 1 year of postdoctoral experience in the practice of psychology in an organized health care setting or other arrangement, as established by the board.

(2) In addition to section 16182, the board shall grant a limited license to an individual granted a master's degree in psychology from a regionally accredited college, or university, or institution approved by the board, if the individual has education, training, and experience appropriate to the practice of psychology, as established by the board. An individual who applies for an initial limited license under this subsection before March 31, 2018 is not required to take an examination that is approved by the board to be granted a limited license under this part if the individual was granted a master's degree in psychology after January 1, 2007 but before June 30, 2010 from the college, university, or institution described in this subsection, the individual has continuously held the temporary license described in this section since it was initially granted by the board, and the disciplinary subcommittee has not imposed a sanction against the individual while holding the temporary license described in this section. Except for duties performed as an employee of a governmental entity or of a nonprofit organization serving benevolent and charitable purposes, the board shall place 2 limitations on a license granted to an individual under this subsection. The limitations must require supervision by a psychologist who has a license other than a limited license and must prohibit advertising or other representation to the public that will lead the public to believe the individual is engaging in the practice of psychology. A limited license granted under this subsection is renewable under part 161. An individual who is applying for a limited license under this subsection must have 1 year of supervised postgraduate experience in an organized health care setting or other arrangement, as established by the board. The individual must be supervised by a psychologist who has a license other than a limited license, or if a psychologist who has a license other than a limited license is not available, by a psychologist who has at least a master's degree in psychology and at least 3 years of experience in the practice of psychology or by any other individual approved by the board.

(3) The board shall grant a temporary license to an individual described in subsection (2) for the purpose of obtaining the 1 year of postgraduate experience described in that subsection. Beginning on March 31, 2018, a temporary license granted under this subsection is valid for 24 months and may be renewed for 1 additional 24-month term. If an individual described in subsection (2) was granted a temporary license by the board before March 31, 2018, his or her temporary license may be renewed for 1 additional 24-month term.

© Courtesy of www.legislature.mi.gov

(4) The board shall grant a temporary license to an individual who is enrolled in a doctoral degree program that meets the requirements of subsection (1). Beginning on March 31, 2018, a temporary license granted under this subsection is valid for 24 months and may be renewed for 3 additional 24-month terms. If an individual enrolled in a doctoral program that meets the requirements of subsection (1) was granted a temporary license by the board before March 31, 2018, his or her temporary license may be renewed for 3 additional 24-month terms.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1980, Act 265, Imd. Eff. Sept. 29, 1980;—Am. 1982, Act 468, Imd. Eff. Dec. 30, 1982;—Am. 1986, Act 174, Imd. Eff. July 7, 1986;—Am. 2010, Act 121, Imd. Eff. July 13, 2010;—Am. 2014, Act 385, Imd. Eff. Dec. 18, 2014;—Am. 2018, Act 24, Imd. Eff. Feb. 14, 2018.

**Compiler's note:** Section 3 of Act 174 of 1986 provides: "This amendatory act shall only apply to contested cases filed on or after July 1, 1986."

**Popular name:** Act 368

### 333.18233 Renewal of license; evidence required; completion of hours or courses in pain and symptom management as continuing education; rules.

Sec. 18233. (1) In addition to the requirements of part 161, the board may require a licensee seeking renewal of a license to furnish the board with satisfactory evidence that during the 2 years immediately preceding application for renewal the licensee has attended continuing education courses or programs approved by the board totaling not less than a number of hours established by rule of the board in subjects related to the practice of psychology and designed to further educate licensees.

(2) As required under section 16204, the board shall promulgate rules requiring each applicant for license renewal to complete as part of the continuing education requirement of subsection (1) an appropriate number of hours or courses in pain and symptom management.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 290, Imd. Eff. Dec. 22, 1986;—Am. 1994, Act 234, Imd. Eff. June 30, 1994.

**Popular name:** Act 368

### 333.18237 Confidential information; disclosure; waiver.

Sec. 18237. A psychologist licensed or allowed to use that title under this part or an individual under his or her supervision cannot be compelled to disclose confidential information acquired from an individual consulting the psychologist in his or her professional capacity if the information is necessary to enable the psychologist to render services. Information may be disclosed with the consent of the individual consulting the psychologist, or if the individual consulting the psychologist is a minor, with the consent of the minor's guardian, pursuant to section 16222 if the psychologist reasonably believes it is necessary to disclose the information to comply with section 16222, or under section 16281. In a contest on the admission of a deceased individual's will to probate, an heir at law of the decedent, whether a proponent or contestant of the will, and the personal representative of the decedent may waive the privilege created by this section.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 1998, Act 496, Eff. Mar. 1, 1999.

**Popular name:** Act 368

## PART 182A
## APPLIED BEHAVIOR ANALYSIS

### 333.18251 Definitions; principles of construction.

Sec. 18251. (1) As used in this part:

(a) "Applied behavior analysis services" means services provided to clients that are included in the practice of applied behavior analysis.

(b) "Assistant behavior analyst" means an individual who is licensed or otherwise authorized under this part to engage in practice as an assistant behavior analyst.

(c) "BACB" means the Behavior Analyst Certification Board, a nonprofit corporation that is exempt from taxation under section 501(c)(3) of the internal revenue code of 1986, 26 USC 501, or its successor, as determined by the board.

(d) "Behavior analyst" means an individual who is licensed or otherwise authorized under this part to engage in the practice of applied behavior analysis.

(e) "Behavior technician" means an individual who is not licensed or authorized to practice a profession under this part and who delivers applied behavior analysis services under the delegation and supervision of a behavior analyst and meets the requirements of section 18263.

(f) "Listed offense" means that term as defined in section 2 of the sex offenders registration act, 1994 PA

© Courtesy of www.legislature.mi.gov

295, MCL 28.722.

(g) "Other certification board" means a nationally recognized behavior analysis certification board approved by the department by rule.

(h) "Practice as an assistant behavior analyst" means the practice of applied behavior analysis under the supervision of a behavior analyst.

(i) "Practice of applied behavior analysis" means the design, implementation, and evaluation of instructional and environmental modifications to produce socially significant improvements in human behavior. All of the following apply for purposes of this subdivision:

(*i*) Practice of applied behavior analysis includes all of the following:

(A) The empirical identification of functional relations between behavior and environmental factors, known as functional assessment and analysis.

(B) Applied behavior analysis interventions that are based on scientific research and the direct observation and measurement of behavior and the environment.

(C) The utilization of contextual factors, motivating operations, antecedent stimuli, or positive reinforcement.

(D) The utilization of other consequences to help individuals develop new behaviors, increase or decrease existing behaviors, and emit behaviors under specific environmental conditions.

(*ii*) The practice of applied behavior analysis does not include any of the following:

(A) The practice of medicine, the practice of osteopathic medicine and surgery, or medical diagnosis or treatment.

(B) The practice of speech-language pathology.

(C) The practice of physical therapy.

(D) The practice of occupational therapy.

(E) Psychological testing, including standardized testing for intelligence or personality.

(F) Diagnosis of a mental or physical impairment.

(G) The practice of neuropsychology, psychotherapy, cognitive therapy, sex therapy, psychoanalysis, hypnotherapy, or counseling as treatment modalities.

(j) "Rules" means rules promulgated by the department in consultation with the board under this part.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** Add. 2016, Act 403, Eff. Apr. 3, 2017.

**Popular name:** Act 368

### 333.18253 Use of title or similar words or letters; practice of applied behavior analysis or assistant behavior analysis; licensure required; exceptions; issuance of license.

Sec. 18253. (1) Beginning 1 year after the effective date of the rules promulgated under sections 18257 and 18259 for licensure under this part, an individual shall not use the titles "licensed behavior analyst", "l.b.a.", "licensed assistant behavior analyst", "l.a.b.a.", or similar words or letters that indicate that he or she is licensed as a behavior analyst or assistant behavior analyst unless the individual is licensed or otherwise authorized under this part. The department shall provide for a 4-year license cycle.

(2) Beginning 1 year after the effective date of the rules promulgated under sections 18257 and 18259 for licensure under this part, an individual shall not engage in the practice of applied behavior analysis or practice as an assistant behavior analyst unless licensed or otherwise authorized under this article.

(3) Subsection (2) does not prevent any of the following:

(a) Self-care by a patient or uncompensated care by a friend or family member who does not represent or hold himself or herself out to be a behavior analyst or assistant behavior analyst.

(b) A behavior technician from implementing a care plan under the delegation and supervision of a behavior analyst.

(c) A family member from providing a follow-up home program designed by a behavior analyst.

(d) A school-based paraprofessional from implementing an applied behavior analysis intervention under the delegation and supervision of a licensed professional described in subdivision (e) or an authorized professional described in subdivision (f).

(e) An individual authorized to practice psychology in the state under part 182 from providing services included in the practice of applied behavior analysis, if the behavior analysis services provided by that individual are within his or her education, training, and experience.

(f) An individual who holds a license, certificate, registration, or other authorization from this state that authorizes him or her to perform 1 or more of the services included in the practice of applied behavior analysis, so long as the individual does not do any of the following:

© Courtesy of www.legislature.mi.gov

(*i*) Perform any services included in the practice of applied behavior analysis that are not within the scope of practice of his or her profession or occupation.

(*ii*) Perform any services included in the practice of applied behavior analysis that he or she is not qualified by his or her education, training, and experience to perform.

(*iii*) Represent that he or she is a behavior analyst or assistant behavior analyst.

(g) An individual who is a matriculated student at a nationally accredited university approved in rules or who is a postdoctoral fellow from performing activities that are considered under this part to be the practice of applied behavior analysis if the activities are part of a defined behavior analysis program of study or practicum approved in rules and if the student or fellow is directly supervised by an individual who is any of the following:

(*i*) Licensed as a behavior analyst under this part.

(*ii*) Appointed as the instructor of a course sequence approved by the BACB or other certification board.

(h) An individual who is not licensed under this part from pursuing experience in behavior analysis compatible with the BACB's experience requirements for an applied behavior analysis credential, if the experience is supervised by an individual who is licensed as a behavior analyst under this part.

(i) An individual from performing activities that are considered under this part to be the practice of applied behavior analysis if the activities are with nonhuman or nonpatient clients or consumers. Individuals described in this subdivision include, but are not limited to, applied animal behaviorists and practitioners of organizational behavior management.

(4) The department shall issue a license as a behavior analyst to an individual who on or before the effective date of this part had a credential as a board certified behavior analyst, or conferred for applied behavior analysis by the BACB, and who applies for licensure as a behavior analyst by 1 year after the effective date of the rules promulgated under section 18257.

(5) The department shall issue a license as an assistant behavior analyst to an individual who on or before the effective date of this part had a credential as a board certified assistant behavior analyst, conferred for applied behavior analysis by the BACB, who is under the supervision of a behavior analyst, and who applies for licensure as an assistant behavior analyst by 1 year after the effective date of the rules promulgated under section 18259.

**History:** Add. 2016, Act 403, Eff. Apr. 3, 2017.

**Popular name:** Act 368

### 333.18255 Michigan board of behavior analysts; creation; membership; terms.

Sec. 18255. (1) The Michigan board of behavior analysts is created in the department and consists of the following 9 voting members:

(a) Four behavior analysts. The 4 members appointed under this subdivision shall be behavior analysts who are licensed under this part, except that the first 4 members appointed to the board under this subdivision may be board-certified behavior analysts who are not licensed under this part. Members described in this subdivision shall be appointed in a manner that ensures that 3 of the members serving on the board are engaged in providing clinical services and 1 is engaged in providing applied behavior analysis services to the Medicaid population in addition to providing clinical services. As used in this subdivision:

(*i*) "Medicaid" means that term as defined in section 2701.

(*ii*) "Medicaid population" means those individuals who reside in this state and who are eligible for Medicaid.

(b) One individual who is affiliated with a university in this state and provides instruction or conducts research in applied behavior analysis.

(c) One assistant behavior analyst.

(d) One physician who is licensed under part 170 or 175 and works with patients with autism spectrum disorders or brain injuries.

(e) Two public members.

(2) The terms of office of individual members of the board, except those appointed to fill vacancies, expire 4 years after the appointment on December 31 of the year in which the term expires. However, for the members first appointed to the board under subsection (1), 3 must serve for 2 years, 3 must serve for 3 years, and 3 must serve for 4 years.

**History:** Add. 2016, Act 404, Eff. Apr. 3, 2017.

**Popular name:** Act 368

### 333.18257 Rules; minimum standards for licensure as behavior analyst.

Sec. 18257. By 2 years after the effective date of this part, the department, in consultation with the board,

© Courtesy of www.legislature.mi.gov

shall promulgate rules that establish the minimum standards for licensure as a behavior analyst. For purposes of this section, the department may adopt in its rules the professional standards, in whole or in part, issued by the BACB or any other nationally recognized professional association as its standards under this section.

**History:** Add. 2016, Act 403, Eff. Apr. 3, 2017.

**Popular name:** Act 368

### 333.18259 Rules; minimum standards for licensure as assistant behavior analyst.

Sec. 18259. By 2 years after the effective date of this part, the department, in consultation with the board, shall promulgate rules that establish the minimum standards for licensure as an assistant behavior analyst. For purposes of this section, the department may adopt in its rules the professional standards, in whole or in part, issued by the BACB or any other nationally recognized professional association as its standards under this section.

**History:** Add. 2016, Act 403, Eff. Apr. 3, 2017.

**Popular name:** Act 368

### 333.18261 Rules; conviction of listed offense; denial or revocation of license; hearing.

Sec. 18261. (1) Notwithstanding sections 16221, 16226, and 16245, the department shall include in rules promulgated under sections 18257 and 18259 that an application for a license under this part will be denied if the applicant's criminal history check required by section 16174 reveals that he or she was convicted of a listed offense, and that a licensee's license will be permanently revoked if he or she is convicted of a listed offense while licensed under this part.

(2) The department shall provide an opportunity for a hearing under section 16232 to an individual whose application is denied or whose license is permanently revoked under the rules promulgated under subsection (1).

**History:** Add. 2016, Act 403, Eff. Apr. 3, 2017.

**Popular name:** Act 368

### 333.18263 Behavior technician; requirements; use of words, titles, or letters; "convicted" defined.

Sec. 18263. (1) An individual shall not act as a behavior technician in this state if any of the following apply:

(a) Sanctions have been imposed against the individual by a licensure, registration, specialty licensure, or specialty certification board of any other state, of the United States Military, of the federal government, or of any other country based on grounds that are substantially similar to this article or a rule promulgated under this article, and the sanctions are in force at the time the individual is to deliver applied behavior analysis services.

(b) Beginning April 3, 2020, he or she has not completed a training program that is based on the BACB's registered behavior technician task list.

(c) He or she has been convicted of any of the following:

(*i*) A relevant crime described under 42 USC 1320a-7(a).

(*ii*) Any of the following felonies, an attempt or conspiracy to commit any of those felonies, or any other state or federal crime that is similar to the felonies described in this subparagraph, other than a felony for a relevant crime described under 42 USC 1320a-7(a), unless 15 years have lapsed since the individual completed all of the terms and conditions of his or her sentencing, parole, and probation for that conviction before the date that he or she delivers applied behavior analysis services:

(A) A felony that involves the intent to cause death or serious impairment of a body function, that results in death or serious impairment of a body function, that involves the use of force or violence, or that involves the threat of the use of force or violence.

(B) A felony involving cruelty or torture.

(C) A felony under chapter XXA of the Michigan penal code, 1931 PA 328, MCL 750.145m to 750.145r.

(D) A felony involving criminal sexual conduct.

(E) A felony involving abuse or neglect.

(F) A felony involving the use of a firearm or dangerous weapon.

(G) A felony involving the diversion or adulteration of a prescription drug or other medications.

(*iii*) A felony or an attempt or conspiracy to commit a felony, other than a felony for a relevant crime described under 42 USC 1320a-7(a) or a felony described under subparagraph (*ii*), unless 10 years have lapsed since the individual completed all of the terms and conditions of his or her sentencing, parole, and probation for that conviction before the date that he or she delivers applied behavior analysis services.

© Courtesy of www.legislature.mi.gov

(*iv*) Any of the following misdemeanors, other than a misdemeanor for a relevant crime described under 42 USC 1320a-7(a), or a state or federal crime that is substantially similar to the misdemeanors described in this subparagraph, within the 10 years immediately preceding the date that he or she delivers applied behavior analysis services:

(A) A misdemeanor involving the use of a firearm or dangerous weapon with the intent to injure, the use of a firearm or dangerous weapon that results in a personal injury, or a misdemeanor involving the use of force or violence or the threat of the use of force or violence.

(B) A misdemeanor under chapter XXA of the Michigan penal code, 1931 PA 328, MCL 750.145m to 750.145r.

(C) A misdemeanor involving criminal sexual conduct.

(D) A misdemeanor involving cruelty or torture unless otherwise provided under subparagraph (*v*).

(E) A misdemeanor involving abuse or neglect.

(*v*) Any of the following misdemeanors, other than a misdemeanor for a relevant crime described under 42 USC 1320a-7(a), or a state or federal crime that is substantially similar to the misdemeanors described in this subparagraph, within the 5 years immediately preceding the date that he or she delivers applied behavior analysis services:

(A) A misdemeanor involving cruelty if committed by an individual who is less than 16 years of age.

(B) A misdemeanor involving home invasion.

(C) A misdemeanor involving embezzlement.

(D) A misdemeanor involving negligent homicide or a violation of section 601d(1) of the Michigan vehicle code, 1949 PA 300, MCL 257.601d.

(E) A misdemeanor involving larceny unless otherwise provided under subparagraph (*vii*).

(F) A misdemeanor of retail fraud in the second degree unless otherwise provided under subparagraph (*vii*).

(G) Any other misdemeanor involving assault, fraud, theft, or the possession or delivery of a controlled substance unless otherwise provided under subparagraphs (*iv*), (*vi*), or (*vii*).

(*vi*) Any of the following misdemeanors, other than a misdemeanor for a relevant crime described under 42 USC 1320a-7(a), or a state or federal crime that is substantially similar to the misdemeanors described in this subparagraph, within the 3 years immediately preceding the date that he or she delivers applied behavior analysis services:

(A) A misdemeanor for assault if there was no use of a firearm or dangerous weapon and no intent to commit murder or inflict great bodily injury.

(B) A misdemeanor of retail fraud in the third degree unless otherwise provided under subparagraph (*vii*).

(C) A misdemeanor under part 74 unless otherwise provided under subparagraph (*vii*).

(*vii*) Any of the following misdemeanors, other than a misdemeanor for a relevant crime described under 42 USC 1320a-7(a), or a state or federal crime that is substantially similar to the misdemeanors described in this subparagraph, within the year immediately preceding the date that he or she delivers applied behavior analysis services:

(A) A misdemeanor under part 74 if the individual, at the time of conviction, is under the age of 18.

(B) A misdemeanor for larceny or retail fraud in the second or third degree if the individual, at the time of conviction, is under the age of 16.

(d) He or she is the subject of an order or disposition under section 16b of chapter IX of the code of criminal procedure, 1927 PA 175, MCL 769.16b.

(e) He or she engages in conduct that becomes the subject of a substantiated finding of neglect, abuse, or misappropriation of property by a state or federal agency under an investigation conducted in accordance with 42 USC 1395i-3 or 1396r.

(2) A behavior technician shall not use words, titles, or letters that indicate that he or she is a behavior analyst or an assistant behavior analyst or that he or she is engaging in the practice of applied behavior analysis or practice as an assistant behavior analyst.

(3) As used in this section, "convicted" means either of the following:

(a) For a crime that is not a relevant crime described under 42 USC 1320a-7(a), a final conviction, the payment of a fine, a plea of guilty or nolo contendere if accepted by the court, or a finding of guilt for a criminal law violation or a juvenile adjudication or disposition by the juvenile division of probate court or family division of circuit court for a violation that if committed by an adult would be a crime.

(b) For a relevant crime described under 42 USC 1320a-7(a), that term as defined in 42 USC 1320a-7.

**History:** Add. 2016, Act 403, Eff. Apr. 3, 2017;—Am. 2020, Act 19, Imd. Eff. Jan. 27, 2020.

**Popular name:** Act 368

### 333.18265 Rules; license renewal; requirements.

Sec. 18265. In addition to the requirements of part 161, the department, in consultation with the board, may promulgate rules to require a licensee seeking renewal to do 1 of the following:

(a) For a licensee seeking renewal of his or her behavior analyst license, furnish evidence that, during the licensing period immediately preceding the application for renewal, he or she is current on his or her certification by the Behavior Analyst Certification Board or other certification board as a board certified behavior analyst.

(b) For a licensee seeking renewal of his or her assistant behavior analyst license, furnish evidence that, during the licensing period immediately preceding the application for renewal, he or she is current on his or her certification by the BACB or other certification board as a board certified assistant behavior analyst and that he or she is practicing under the supervision of a licensed behavior analyst.

**History:** Add. 2016, Act 403, Eff. Apr. 3, 2017.

**Popular name:** Act 368

### 333.18267 Third party reimbursement or mandated worker's compensation benefits.

Sec. 18267. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual licensed as a behavior analyst or an assistant behavior analyst under this part.

**History:** Add. 2016, Act 403, Eff. Apr. 3, 2017.

**Popular name:** Act 368

## PART 183
## OCCUPATIONAL THERAPISTS

### 333.18301 Definitions; principles of construction.

Sec. 18301. (1) As used in this part:

(a) "Occupational therapy assistant" means an individual licensed under this article to engage in practice as an occupational therapy assistant.

(b) "Occupational therapist" means an individual licensed under this article to engage in the practice of occupational therapy.

(c) "Occupational therapy services" means those services provided to promote health and wellness, prevent disability, preserve functional capabilities, prevent barriers, and enable or improve performance in everyday activities, including, but not limited to, the following:

(*i*) Establishment, remediation, or restoration of a skill or ability that is impaired or not yet developed.

(*ii*) Compensation, modification, or adaptation of a person, activity, or environment.

(*iii*) Evaluation of factors that affect activities of daily living, instrumental activities of daily living, and other activities relating to education, work, play, leisure, and social participation. Those factors include, but are not limited to, body functions, body structure, habits, routines, role performance, behavior patterns, sensory motor skills, cognitive skills, communication and interaction skills, and cultural, physical, psychosocial, spiritual, developmental, environmental, and socioeconomic contexts and activities that affect performance.

(*iv*) Interventions and procedures, including, but not limited to, any of the following:

(A) Task analysis and therapeutic use of occupations, exercises, and activities.

(B) Training in self-care, self-management, home management, and community or work reintegration.

(C) Development remediation, or compensation of client factors such as body functions and body structure.

(D) Education and training.

(E) Care coordination, case management, transition, and consultative services.

(F) Modification of environments and adaptation processes such as the application of ergonomic and safety principles.

(G) Assessment, design, fabrication, application, fitting, and training in rehabilitative and assistive technology, adaptive devices, and low temperature orthotic devices, and training in the use of prosthetic devices. For the purposes of this sub-subparagraph, the design and fabrication of low temperature orthotic devices does not include permanent orthotics.

(H) Assessment, recommendation, and training in techniques to enhance safety, functional mobility, and community mobility such as wheelchair management and mobility.

(I) Management of feeding, eating, and swallowing.

(J) Application of physical agent modalities and use of a range of specific therapeutic procedures,

© Courtesy of www.legislature.mi.gov

including, but not limited to, techniques to enhance sensory-motor, perceptual, and cognitive processing, manual therapy techniques, and adjunctive and preparatory activities.

(K) Providing vision therapy services or low vision rehabilitation services, if those services are provided pursuant to a referral or prescription from, or under the supervision or comanagement of, a physician licensed under part 170 or 175 or an optometrist licensed under part 174.

(d) "Practice as an occupational therapy assistant" means the practice of occupational therapy under the supervision of an occupational therapist licensed under this article.

(e) "Practice of occupational therapy" means the therapeutic use of everyday life occupations and occupational therapy services to aid individuals or groups to participate in meaningful roles and situations in the home, school, workplace, community, and other settings, to promote health and wellness through research and practice, and to serve those individuals or groups who have or are at risk for developing an illness, injury, disease, disorder, condition, impairment, disability, activity limitation, or participation restriction. The practice of occupational therapy addresses the physical, cognitive, psychosocial, sensory, and other aspects of performance in a variety of contexts to support engagement in everyday life activities that affect a person's health, well-being, and quality of life throughout his or her life span. The practice of occupational therapy does not include any of the following:

(*i*) The practice of medicine or osteopathic medicine and surgery or medical diagnosis or treatment.

(*ii*) The practice of physical therapy.

(*iii*) The practice of optometry.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** Add. 1988, Act 473, Imd. Eff. Dec. 28, 1988;—Am. 2008, Act 523, Imd. Eff. Jan. 13, 2009.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.18303 Promulgation of rules; restricted use of words or titles; practice of occupational therapy or occupation therapy assistant; license required; exceptions.

Sec. 18303. (1) After the rules described in sections 18307 and 18309 are promulgated for licensure under this article, an individual shall not use the titles "occupational therapist", "o.t.", "occupational therapist licensed", "o.t.l.", "occupational therapist registered", "o.t.r.", "occupational therapist registered licensed", "o.t.r.l.", "certified occupational therapy assistant", "c.o.t.a.", "certified occupational therapy assistant licensed", "c.o.t.a.l.", "occupational therapy assistant", "o.t.a.", "occupational therapy assistant licensed", "o.t.a.l.", or similar words which indicate that he or she is licensed as an occupational therapist or occupational therapy assistant unless the individual is licensed under this article.

(2) After the rules described in sections 18307 and 18309 are promulgated for licensure under this part, an individual shall not engage in the practice of occupational therapy or the practice as an occupational therapy assistant unless licensed or otherwise authorized by this article.

(3) Subsection (2) does not prevent any of the following:

(a) Self-care by a patient or uncompensated care by a friend or family member who does not represent or hold himself or herself out to be a licensed occupational therapist or occupational therapy assistant.

(b) An individual licensed or registered under any other part or act from performing activities that are considered occupational therapy services if those activities are within the individual's scope of practice and if the individual does not use the titles protected under subsection (1).

(c) An orthotist or prosthetist from providing services consistent with his or her training in orthotics or prosthetics if he or she is certified by the American board for certification in orthotics, prosthetics and pedorthics and he or she does not represent or hold himself or herself out to be a licensed occupational therapist or occupational therapy assistant.

(d) A parks and recreation professional who is directly employed by a local unit of government or a therapeutic recreation specialist certified by the national council for therapeutic recreation certification from providing services if he or she does not represent or hold himself or herself out to be a licensed occupational therapist or occupational therapy assistant.

**History:** Add. 1988, Act 473, Imd. Eff. Dec. 28, 1988;—Am. 2008, Act 523, Imd. Eff. Jan. 13, 2009.

**Popular name:** Act 368

### 333.18305 Michigan board of occupational therapists; creation; membership; terms.

Sec. 18305. (1) The Michigan board of occupational therapists is created in the department and shall

© Courtesy of www.legislature.mi.gov

consist of the following 9 voting members who shall meet the requirements of part 161: 5 licensed occupational therapists and 4 public members, 1 of whom shall be a physician licensed under part 170 or 175.

(2) The terms of office of individual members of the board created under this section, except those appointed to fill vacancies, expire 4 years after the appointment on December 31 of the year in which the term expires.

**History:** Add. 1988, Act 473, Imd. Eff. Dec. 28, 1988;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2006, Act 394, Imd. Eff. Sept. 27, 2006;—Am. 2008, Act 523, Imd. Eff. Jan. 13, 2009.

**Popular name:** Act 368

### 333.18307 Licensure as occupational therapist; rules.

Sec. 18307. The board, in consultation with the department, shall promulgate rules under section 16145 setting forth the minimum standards for licensure as an occupational therapist. For purposes of this section, the professional standards issued by the American occupational therapy association or any other recognized trade association may be adopted by the board. The board shall not promulgate rules under this section that diminish competition or exceed the minimum level of regulation necessary to protect the public.

**History:** Add. 1988, Act 473, Imd. Eff. Dec. 28, 1988;—Am. 2008, Act 523, Imd. Eff. Jan. 13, 2009.

**Popular name:** Act 368

### 333.18309 Licensure as occupational therapy assistant; rules.

Sec. 18309. The board, in consultation with the department, shall promulgate rules under section 16145 setting forth the minimum standards for licensure as an occupational therapy assistant. For purposes of this section, the professional standards issued by the American occupational therapy association or any other recognized trade association may be adopted by the board. The board shall not promulgate rules under this section that diminish competition or exceed the minimum level of regulation necessary to protect the public.

**History:** Add. 1988, Act 473, Imd. Eff. Dec. 28, 1988;—Am. 2008, Act 523, Imd. Eff. Jan. 13, 2009.

**Popular name:** Act 368

### 333.18311 Assistance.

Sec. 18311. Pursuant to section 16143, the department may contract with other state agencies, private agencies, organizations, and consultants to assist the board in carrying out its functions.

**History:** Add. 1988, Act 473, Imd. Eff. Dec. 28, 1988.

**Popular name:** Act 368

### 333.18313 Continuing education or competence requirements; rules.

Sec. 18313. (1) Beginning the license renewal cycle after the effective date of the rules promulgated under this part, an individual licensed under this article shall meet the continuing education or competence requirements of this section when renewing his or her license.

(2) In addition to the requirements of part 161, the board, in consultation with the department, may promulgate rules to require a licensee seeking renewal to furnish evidence that, during the licensing period immediately preceding the application for renewal, the licensee completed an appropriate number of hours of continuing education courses or continuing competence activities related to the practice of occupational therapy and designed to further educate and maintain competence.

**History:** Add. 2008, Act 523, Imd. Eff. Jan. 13, 2009.

**Popular name:** Act 368

### 333.18315 Third party reimbursement or mandated worker's compensation benefits not required.

Sec. 18315. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual licensed as an occupational therapist or an occupational therapist assistant under this article.

**History:** Add. 2008, Act 523, Imd. Eff. Jan. 13, 2009.

**Popular name:** Act 368

## PART 183A.
## DIETETICS AND NUTRITION

### 333.18351 Definitions.

Sec. 18351. (1) As used in this part:

© Courtesy of www.legislature.mi.gov

(a) "Dietitian nutritionist" means an individual who is licensed or otherwise authorized to engage in the practice of medical nutrition therapy under this article.

(b) "General nonmedical nutrition information" means information on any of the following:

(*i*) Principles of human nutrition and food preparation.

(*ii*) Principles of self-care and a healthy relationship with food.

(*iii*) The essential nutrients needed by the human body.

(*iv*) The recommended amounts of essential nutrients in the human body.

(*v*) The actions of nutrients in the human body.

(*vi*) The effects of deficiencies or excesses of nutrients in the human body.

(*vii*) Foods, herbs, and dietary supplements that are good sources of essential nutrients in the human body.

(c) "Medical weight control" means the practice of medical nutrition therapy for the purpose of reducing, maintaining, or gaining weight.

(d) "Nutrition assessment" means the ongoing, dynamic, and systematic process of obtaining, verifying, and interpreting biochemical, anthropometric, physical, nutrigenomic, and dietary data to make decisions about the nature and cause of nutrition-related problems and making recommendations, including recommendations on enteral and parenteral nutrition. The collection of data does not, by itself, constitute nutrition assessment.

(e) "Nutrition care services" means any part or all of the following services within a systematic process:

(*i*) Assessing and evaluating the nutritional needs of individuals and groups and determining resources and constraints in the practice setting, including ordering laboratory tests to check and track nutrition status, creating dietary plans and orders, and monitoring the effectiveness thereof.

(*ii*) Interpreting anthropometric, biochemical, clinical, and dietary data in acute and chronic disease states and recommending or ordering nutrient needs based on dietary data, including enteral and parenteral nutrition.

(*iii*) Establishing priorities, goals, and objectives that meet nutritional needs and that are consistent with available resources and constraints.

(*iv*) Providing nutrition counseling in health and disease, including food and nutrient counseling and counseling on food and prescription drug interactions.

(*v*) Developing, implementing, and managing nutrition care systems.

(*vi*) Evaluating, making changes in, and maintaining appropriate standards of quality in food and nutrition services.

(*vii*) Ordering therapeutic diets.

(f) "Nutrition counseling" means a supportive process, characterized by a collaborative counselor-patient or counselor-client relationship with individuals or groups, to establish food and nutrition priorities, goals, and individualized action plans and general physical activity guidance that acknowledge and foster responsibility for self-care to treat or manage an existing disease or medical condition or to promote health and wellness.

(g) "Nutrition diagnosis" means identifying and labeling nutritional problems managed and treated by a dietitian nutritionist. Nutrition diagnosis does not include the medical differential diagnosis of the health status of an individual.

(h) "Nutrition intervention" means purposefully planned actions and nutrition counseling intended to positively change a nutrition-related behavior, risk factor, environmental condition, or aspect of the health status for an individual.

(i) "Nutrition monitoring and evaluation" means identifying patient outcomes relevant to a nutrition diagnosis and comparing the outcomes with the patient's previous health status, intervention goals, or reference standards to determine the progress made in achieving desired outcomes of nutrition care and whether nutrition intervention should be continued or revised.

(j) "Patient" means an individual recipient of the practice of medical nutrition therapy, whether in the outpatient, inpatient, or nonclinical setting.

(k) "Practice of dietetics and nutrition" means the integration and application of scientific principles derived from the study of food, nutrition, biochemistry, metabolism, nutrigenomics, physiology, food systems and management, and from behavioral and social sciences in achieving and maintaining health throughout the lifespan and in providing nutrition care services, including the practice of medical nutrition therapy, for the prevention, management, and treatment of diseases or medical conditions. Practice of dietetics and nutrition does not include the medical differential diagnosis of the health status of an individual but does include each of the following:

(*i*) Nutrition assessment.

(*ii*) Nutrition diagnosis.

(*iii*) Nutrition support.

(*iv*) Dietary and nutrition counseling and education.

© Courtesy of www.legislature.mi.gov

(*v*) Nutrition intervention.

(*vi*) Nutrition monitoring and evaluation.

(*vii*) Development and administration of nutrition care standards and systems.

(*l*) "Practice of medical nutrition therapy" means the provision of nutrition care services for the treatment or management of diseases or medical conditions.

(m) "Qualified supervisor" means an individual meeting the requirements described in section 18360.

(n) "Registered dietitian nutritionist" means an individual who is credentialed by the Commission on Dietetic Registration or its successor organization as a registered dietitian or registered dietitian nutritionist.

(o) "Therapeutic diet" means a diet intervention prescribed by a physician, or another health professional licensed under this article, that provides food or nutrients via oral, enteral, and parenteral routes as part of treatment of a disease or clinical condition to modify, eliminate, decrease, or increase identified micronutrients and macronutrients in the diet, or to provide mechanically altered food when indicated.

(p) "Unrestricted practice of medical nutrition therapy" means the application of dietetics and nutrition knowledge and skills by an individual who regulates and is responsible for the individual's own practice or treatment procedures.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** Add. 2024, Act 39, Eff. Apr. 2, 2025.

**Compiler's note:** Former MCL 333.18351, which pertained to licensure of dietitians and nutritionists, was repealed by Act 267 of 2014, Imd. Eff. July 1, 2014.

**Popular name:** Act 368

### 333.18353 Practice of medical nutrition therapy; license required; restricted use of words, titles, or letters; exemptions.

Sec. 18353. (1) Beginning 18 months after the effective date of the initial rules promulgated under this part, an individual shall not engage in the practice of medical nutrition therapy unless the individual is licensed or otherwise authorized under this article.

(2) Subject to subsection (3), beginning 18 months after the effective date of the initial rules promulgated under this part, the following words, titles, or letters or a combination of the following words, titles, or letters, with or without qualifying words or phrases, are restricted in use only to a dietitian nutritionist: "licensed dietitian nutritionist", "dietitian nutritionist", "dietitian", "dietician", "nutritionist", or "l.d.n.".

(3) An individual, including a registered dietitian nutritionist, may use any lawfully earned federally trademarked title, and the words, titles, or letters "registered dietitian", "registered dietitian nutritionist", "r.d.", or "r.d.n.".

(4) In addition to the exemptions from licensure under section 16171, subsection (1) does not prevent any of the following:

(a) A physician or other individual licensed under any other part or any other act from performing activities that are considered the practice of medical nutrition therapy if those activities are within the individual's scope of practice and the individual does not use the titles protected under subsection (2).

(b) An individual from doing any of the following if the individual, while doing any of the following, does not engage in the practice of medical nutrition therapy and the individual does not use the titles protected under subsection (2):

(*i*) Furnishing general nonmedical nutrition information.

(*ii*) Providing evaluation, guidance, information, and education on the use of food, food materials, or dietary supplements.

(*iii*) Providing explanations to individuals or groups about food or food products, including dietary supplements.

(c) An individual from providing medical weight control for prediabetes or obesity to individuals under a program of instruction that is approved in writing by 1 of the following:

(*i*) A dietitian nutritionist.

(*ii*) A health professional licensed under this article whose scope of practice otherwise authorizes the health professional to provide nutrition care services for the treatment or management of the disease or medical condition for which medical weight control is being provided.

(d) An individual from providing delegated medical weight control services under a plan of care that is overseen by a health professional licensed under this article whose scope of practice otherwise authorizes the health professional to provide and delegate nutrition care services for the treatment or management of the disease or medical condition for which medical weight control is being provided.

(e) Subject to section 16215, an employee or other individual who is assisting a dietitian nutritionist and

© Courtesy of www.legislature.mi.gov

who is under the dietitian nutritionist's appropriate supervision from performing activities or functions that are delegated by the dietitian nutritionist, that are not discretionary, that do not require the exercise of professional judgment for their performance, and that are within the dietitian nutritionist's authority to perform.

(f) An individual from providing general nonmedical nutrition information, guidance, encouragement, individualized nutrition recommendations for wellness or primary prevention of chronic disease, behavior change management, coaching, assessments, services for weight management, or other nutrition care services if the services do not constitute the practice of medical nutrition therapy, the individual does not use the titles protected under subsection (2) or otherwise hold the individual out as a dietitian nutritionist or as a provider who engages in the practice of medical nutrition therapy, and the individual does not otherwise violate this act.

(g) Notwithstanding section 16171(a), an individual who is pursuing the educational requirements described in section 18357(1) from engaging in the practice of medical nutrition therapy, but only if all of the following apply:

(*i*) The individual is engaging in the practice of medical nutrition therapy as part of a course of study.

(*ii*) The individual does not engage in the unrestricted practice of medical nutrition therapy.

(*iii*) The individual is under the appropriate supervision of a qualified supervisor who assumes full professional responsibility for the work of the individual by verifying, directing, and authorizing the work.

(*iv*) The individual is designated by a title that clearly indicates the individual's status as a student, trainee, or supervisee.

(h) An individual from fulfilling supervised practice experience requirements to qualify for licensure as a dietitian nutritionist under this part but only if all of the following apply:

(*i*) The individual does not engage in the unrestricted practice of medical nutrition therapy.

(*ii*) The individual is designated by a title that clearly indicates the individual's status as a student, trainee, or supervisee.

(*iii*) The individual is appropriately supervised by a qualified supervisor who agrees to assume full professional responsibility for the work of the individual by verifying, directing, and authorizing the work.

(*iv*) The individual is engaging in the practice of medical nutrition therapy as part of a planned, continuous supervised practice experience.

(i) An individual from doing either of the following:

(*i*) Providing verbal nutrition information as an operator or employee of a health food store or business that sells health products, including, but not limited to, dietary supplements, food, herbs, or food materials.

(*ii*) Disseminating written nutrition information in connection with the marketing and distribution of the products described in subparagraph (*i*), or discussing the use of the products described in subparagraph (*i*), including explanations of their federally regulated label claims, any known drug-nutrient interactions, their role in various diets, or suggestions as how to best use and combine them.

**History:** Add. 2024, Act 39, Eff. Apr. 2, 2025.

**Compiler's note:** Former MCL 333.18353, which pertained to licensure of dietitians and nutritionists, was repealed by Act 267 of 2014, Imd. Eff. July 1, 2014.

**Popular name:** Act 368

### 333.18355 Michigan board of dietetics and nutrition; creation; membership; terms.

Sec. 18355. (1) The Michigan board of dietetics and nutrition is created in the department and consists of the following voting members, each of whom must meet the requirements of part 161:

(a) Nine dietitian nutritionists.

(b) One physician licensed under part 170 or 175.

(c) Three public members.

(2) The terms of office of individual members of the board created under this part, except those appointed to fill vacancies, expire on June 30 of the year in which the term expires.

**History:** Add. 2024, Act 39, Eff. Apr. 2, 2025.

**Compiler's note:** Former MCL 333.18355, which pertained to licensure of dietitians and nutritionists, was repealed by Act 267 of 2014, Imd. Eff. July 1, 2014.

**Popular name:** Act 368

### 333.18357 License requirements; rules; exception.

Sec. 18357. (1) Except as otherwise provided in subsection (4) and subject to section 18359, an individual seeking licensure as a dietitian nutritionist shall meet all of the following requirements:

(a) Hold a baccalaureate, master's, or doctoral degree from a college or university located in this state or

© Courtesy of www.legislature.mi.gov

another state that, at the time of graduation, was accredited in good standing by a United States institutional accrediting body for higher education recognized by the United States Department of Education and is approved by the department, or hold from a foreign educational institution an academic degree that is validated as equivalent by a credential evaluation agency recognized by the United States Department of Education and is approved by the department in consultation with the board.

(b) Have successfully completed a didactic program in dietetics accredited by the Accreditation Council for Education in Nutrition and Dietetics.

(c) Have successfully completed a planned, documented supervised practice experience in the practice of dietetics and nutrition fulfilling the competency requirements of a program in dietetics that is accredited by the Accreditation Council for Education in Nutrition and Dietetics or its successor organization. Except as otherwise provided in subsection (3), the practice experience described in this subdivision must include at least 1,000 hours under the supervision of a dietitian nutritionist or a registered dietitian nutritionist.

(d) Have successfully completed the registration examination for dietitian nutritionists administered by the Commission on Dietetic Registration or its successor organization.

(e) Is a registered dietitian nutritionist.

(2) The department in consultation with the board shall automatically approve an academic program described in subsection (1)(a) or an applicant's supervised practice experience described in subsection (1)(c) that is accredited by the Accreditation Council for Education in Nutrition and Dietetics or its successor organization.

(3) Any supervised practice experience described in subsection (1)(c) undertaken after the effective date of the initial rules promulgated under this part must be under the supervision of a qualified supervisor.

(4) An individual who, on the day before the effective date of the amendatory act that added this part, has and continues to be a registered dietitian nutritionist in good standing, is eligible for licensure as a dietitian nutritionist under this part. An individual seeking licensure under this subsection who maintains the credential conferred by the Commission on Dietetic Registration or a successor credential conferred by its successor organization shall first apply for a license on or before the expiration of 2 years after the effective date of the initial rules promulgated under this part. Subject to section 16201 and to the continuing education requirements described in section 18359, an individual who obtains a license under this subsection is eligible for renewal of that license if the individual continues to meet the requirements of this subsection.

**History:** Add. 2024, Act 39, Eff. Apr. 2, 2025.

**Compiler's note:** Former MCL 333.18357, which pertained to licensure of dietitians and nutritionists, was repealed by Act 267 of 2014, Imd. Eff. July 1, 2014.

**Popular name:** Act 368

### 333.18358 Dietitian nutritionist; permissible and prohibited conduct.

Sec. 18358. All of the following apply to a dietitian nutritionist:

(a) The dietitian nutritionist may accept or transmit orders related to the practice of medical nutrition therapy from a referring health professional licensed under this article, as established in rules promulgated by the department in consultation with the board.

(b) The dietitian nutritionist shall provide nutrition care services using systematic, evidence-based problem solving methods of the nutrition care process to critically think and make decisions to address nutrition-related problems and provide safe, effective, quality dietetic and nutrition services for individuals in clinical and community settings.

(c) The dietitian nutritionist may accept or transmit verbal, delegated, or electronically transmitted orders from a referring health professional licensed under this article consistent with applicable laws and rules and any controlling facility or employer protocols established to implement the practice of medical nutrition therapy.

(d) The dietitian nutritionist may order patient diets, including oral therapeutic diets, and enteral and parenteral nutrition therapy of specialized intravenous solutions and associated nutrition-related services, including, but not limited to, placing nasogastric and nasoenteric feeding tubes, as part of a therapeutic diet.

(e) The dietitian nutritionist may conduct swallow screens and order medical laboratory tests related to a nutritional therapeutic treatment as provided by the laws of this state.

(f) The dietitian nutritionist may implement prescription drug dose adjustments for specific disease treatment protocols within the limits of the dietitian nutritionist's knowledge, skills, judgment, and informed clinical practice guidelines as indicated in a facility, medical staff, or medical director approved protocol and as approved by and under the delegation of a prescriber.

(g) In an outpatient setting, the dietitian nutritionist may implement prescription drug dose adjustments for specific disease treatment protocols within the limits of the dietitian nutritionist's knowledge, skills, and

© Courtesy of www.legislature.mi.gov

judgment and as approved by and under the delegation of a prescriber.

(h) The dietitian nutritionist may recommend or order dietary supplements or the discontinuance of unnecessary dietary supplements, consistent with any existing controlling protocols.

(i) The dietitian nutritionist may develop and manage food service operations for the management or treatment of diseases or medical conditions, including operations with the primary function of nutrition care or recommending, ordering, or providing therapeutic diets.

(j) Except as otherwise provided in this section, the dietitian nutritionist shall not prescribe or initiate drug treatment.

(k) The dietitian nutritionist shall not perform an act, task, or function within the practice of dietetics and nutrition that the dietitian nutritionist is not competent to perform.

(*l*) The dietitian nutritionist may coordinate nutrition care services between health facilities or agencies as that term is defined in section 20106, including, but not limited to, monitoring, documenting, and deciding how and when to address weight changes and nutrition issues.

(m) The dietitian nutritionist may oversee the nutritional aspects of patient care within a health facility or agency as that term is defined in section 20106.

**History:** Add. 2024, Act 39, Eff. Apr. 2, 2025.

**Compiler's note:** Former MCL 333.18358, which pertained to licensure of dietitians and nutritionists, was repealed by Act 267 of 2014, Imd. Eff. July 1, 2014.

**Popular name:** Act 368

### 333.18359 Continuing education requirements for license renewal; rules.

Sec. 18359. (1) Notwithstanding the requirements of part 161, the department, in consultation with the board, shall by rule prescribe continuing education requirements as a condition of license renewal. At a minimum, the board shall accept continuing education approved by and continuing education provided by entities approved by the Commission on Dietetic Registration or its successor organization and any other organization approved by the board. The department, in consultation with the board, may adopt any updates or amendments to the standards described in this subsection by rule.

(2) As required under section 16204, the department, in consultation with the board, shall promulgate rules requiring each applicant for license renewal to complete as part of the continuing education required under subsection (1) an appropriate number of hours or courses in pain and symptom management.

(3) The department, in consultation with the board, may promulgate rules under section 16145 to supplement the requirements for licensure as a dietitian nutritionist under this part, including adopting updated standards of the Commission on Dietetic Registration or the Accreditation Council for Education in Nutrition and Dietetics or standards of any successor organizations of the organizations described in this subsection.

(4) The department in consultation with the board shall do both of the following:

(a) Promulgate rules to establish a code of ethics for licensees.

(b) Promulgate initial rules to implement this part for individuals seeking licensure as a dietitian nutritionist.

**History:** Add. 2024, Act 39, Eff. Apr. 2, 2025.

**Compiler's note:** Former MCL 333.18359, which pertained to licensure of dietitians and nutritionists, was repealed by Act 267 of 2014, Imd. Eff. July 1, 2014.

**Popular name:** Act 368

### 333.18360 Qualified supervisor; requirements; license; scope.

Sec. 18360. (1) To qualify as a qualified supervisor for purposes of this part, subject to subsection (3), an individual must be 1 of the following:

(a) A registered dietitian nutritionist.

(b) A dietitian nutritionist.

(c) An individual licensed or certified in another state as a dietitian, dietitian nutritionist, nutritionist, or other qualified nutrition professional who is authorized by that state to engage in the practice of medical nutrition therapy.

(2) A qualified supervisor shall only supervise a clinical activity or nutrition care service for which the qualified supervisor is qualified and is authorized to perform.

(3) A qualified supervisor must be licensed under this article if the qualified supervisor is supervising an applicant who is engaging in the practice of medical nutrition therapy to an individual who is located in this state.

(4) A qualified supervisor shall comply with all of the following:

© Courtesy of www.legislature.mi.gov

(a) Develop and carry out a program for advancing and optimizing the quality of care provided by a supervisee. The qualified supervisor and the supervisee shall identify and document goals for the supervised practice experience described in section 18357(1)(c), the assignment of clinical tasks as appropriate to the supervisee's evolving level of competence, the supervisee's relationship and access to the qualified supervisor, and an evaluation process for the supervisee's performance.

(b) Oversee the activities of, and accept responsibility for, the nutrition care services rendered by a supervisee, which includes a review of charts, records, and clinical notes of a supervisee on a regular basis and maintaining responsibility for the supervisee's clinical record keeping.

(c) At a minimum, be physically on-site and present where the supervisee is providing nutrition care services or be immediately and continuously available to the supervisee by means of 2-way real-time audiovisual technology that allows for the direct, contemporaneous interaction by sight and sound between the qualified supervisor and the supervisee. If the qualified supervisor assigns a nutrition care service to a supervisee that is to be provided in a setting where the qualified supervisor is not routinely present, the qualified supervisor shall ensure that the means and methods of supervision are adequate to ensure appropriate patient care, which may include synchronous videoconferencing, or another method of communication and oversight that is appropriate to the care setting and the education and experience of the supervisee.

(d) Limit the assignment of nutrition care services to those services that meet all of the following requirements:

(*i*) Are within the training and experience of a supervisee.

(*ii*) Are customary to the practice of the qualified supervisor.

(*iii*) Are within the parameters of the laws and rules of this state and any standards of the facility in which the qualified supervisor practices.

(e) Designate an alternate qualified supervisor to oversee a service provided in the event of and during a qualified supervisor's absence.

**History:** Add. 2024, Act 39, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.18361 Temporary license; requirements.

Sec. 18361. (1) Notwithstanding section 16181, the board may grant a temporary license to an applicant who meets all requirements for licensure under this part except an examination or other evaluation procedure. A temporary license granted under this section is automatically void if the applicant fails the examination or other evaluation procedure.

(2) The holder of a temporary license granted under this section shall practice under the supervision of a licensee who holds a license other than a limited license or temporary license.

(3) The holder of a temporary license issued under this section is subject to this part and the rules promulgated under this part, except for the requirements for licensure. The department may automatically void the temporary license if the applicant violates this subsection.

(4) A temporary license granted under this section is valid for 1 year and is not renewable. An individual may be granted only 1 temporary license under this section.

**History:** Add. 2024, Act 39, Eff. Apr. 2, 2025.

**Compiler's note:** Former MCL 333.18361, which pertained to licensure of dietitians and nutritionists, was repealed by Act 267 of 2014, Imd. Eff. July 1, 2014.

**Popular name:** Act 368

### 333.18363 Repealed. 2014, Act 267, Imd. Eff. July 1, 2014.

**Compiler's note:** The repealed section pertained to licensure of dietitians and nutritionists.

**Popular name:** Act 368

### 333.18367 Third-party reimbursement or worker's compensation benefits.

Sec. 18367. This part does not require new or additional third-party reimbursement or mandated worker's compensation benefits for services rendered by an individual licensed as a dietitian nutritionist under this part.

**History:** Add. 2024, Act 39, Eff. Apr. 2, 2025.

**Popular name:** Act 368

## PART 184
## SANITARIANS

© Courtesy of www.legislature.mi.gov

### 333.18401 Definitions; principles of construction.

Sec. 18401. (1) As used in this part:

(a) "Environmental health" means an area of activity dealing with the protection of human health through the management, control, and prevention of environmental factors that may adversely affect the health of individuals. Environmental health is concerned with the existence of substances, conditions, or facilities in quantities, of characteristics, and under conditions, circumstances, or duration that are or can be injurious to human health.

(b) "Registered sanitarian" means a sanitarian registered in accordance with this article.

(c) "Sanitarian" means an individual who has specialized education and experience in the physical, biological, and sanitary sciences as applied to the educational, investigational, and technical duties in the field of environmental health.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2004, Act 308, Eff. Jan. 1, 2005.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

For transfer of powers and duties of the board of sanitarians from the department of commerce to the director of the department of consumer and industry services, and abolishment of the board of sanitarians, see E.R.O. No. 1996-2, compiled at MCL 445.2001 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.18411 Use of titles or similar words.

Sec. 18411. A person shall not use the titles "sanitarian", "registered sanitarian", "r.s.", or similar words which indicate that he, she, or it is a registered sanitarian unless the person is registered under this article.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2006, Act 408, Imd. Eff. Sept. 29, 2006.

**Popular name:** Act 368

### 333.18413 Conflict of interest; adoption by reference.

Sec. 18413. (1) A registered sanitarian shall not engage in or have an interest in any work, project, or operation prejudicial to his or her professional interest and shall not engage in the practice of professional engineering as defined in section 2001 of the occupational code, 1980 PA 299, MCL 339.2001, unless the activity is consistent with that as defined in section 18401(c).

(2) The standards of the national environmental health association as they exist on the effective date of the amendatory act that added this subsection relative to qualifications, education, and examinations are adopted by reference. The department shall accept the certification by the national environmental health association of the successful completion of any education or examination for purposes of registration under this part.

(3) Notwithstanding section 16148, the department may by rule adopt any other or additional appropriate standards and may adopt any updates or amendments to the national environmental health association standards adopted under subsection (2).

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2004, Act 308, Eff. Jan. 1, 2005.

**Popular name:** Act 368

### 333.18421 Advisory committee; creation; purpose; appointment and terms of members.

Sec. 18421. (1) There is created a 7-member advisory committee whose purpose is to make recommendations to the department relative to qualifications for registration, establishment of education and training standards, and actions regarding disciplinary proceedings. The members shall be appointed by the governor for a term of 3 years.

(2) The membership on the committee is as follows:

(a) Four members who are registered sanitarians.

(b) One member who represents the Michigan restaurant association or its successor organization.

(c) One member who represents the Michigan groundwater association or its successor organization.

(d) One member who represents the Michigan onsite wastewater recycling association or its successor organization.

(3) Of the initial members who are registered sanitarians, 1 member shall be appointed for a term of 1 year, 1 member shall be appointed for a term of 2 years, and 2 members shall be appointed for terms of 3 years.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2004, Act 308, Eff. Jan. 1, 2005.

**Compiler's note:** For transfer of sanitarian advisory committee to department of community health by type III transfer, see E.R.O.

No. 2009-10, compiled at MCL 333.26364.

**Popular name:** Act 368

PART 185.
Social Work

### 333.18501 Definitions; scope.

Sec. 18501. (1) As used in this part:

(a) "Health facility" means a health facility or agency licensed under article 17 or a hospital, psychiatric hospital, or psychiatric unit licensed under the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106.

(b) "Licensed bachelor's social worker" means an individual licensed under this article to engage in the practice of social work at the bachelor's level.

(c) "Licensed master's social worker" means an individual licensed under this article to engage in the practice of social work at the master's level.

(d) "Practice of medicine" means that term as defined in section 17001.

(e) "Practice of osteopathic medicine and surgery" means that term as defined in section 17501.

(f) "Practice of social work at the bachelor's level" means, subject to subsections (2) and (4), all of the following applied within the scope of social work values, ethics, principles, and skills:

(*i*) The application of social work theory, knowledge, methods, and ethics to restore or enhance social, psychosocial, or biopsychosocial functioning of individuals, couples, families, groups, organizations, or communities, with particular attention to the person-in-environment configuration.

(*ii*) Social work case management and casework, including assessments, planning, referral, and intervention with individuals, families, couples, groups, communities, or organizations within the context of social work values, ethics, principles, and skills.

(*iii*) Helping communities, organizations, individuals, or groups improve their social or health services by utilizing social work practice skills.

(*iv*) The administration of assessment checklists that do not require special training and that do not require interpretation.

(g) "Practice of social work at the master's level" means, subject to subsection (5), all of the following applied within the scope of social work values, ethics, principles, and advanced skills:

(*i*) The advanced application of the knowledge of human development and behavior and social, economic, and cultural institutions.

(*ii*) The advanced application of macro social work processes and systems to improve the social or health services of communities, groups, or organizations through planned interventions.

(*iii*) The application of specialized clinical knowledge and advanced clinical skills in the areas of assessment, diagnosis, and treatment of mental, emotional, and behavioral disorders, conditions, and addictions. Treatment methods include the provision of advanced social work case management and casework and individual, couple, family, or group counseling and psychotherapy whether in private practice or other settings.

(h) "Social service technician" means an individual registered under this article who is specially trained to practice only under the supervision of a licensed master's social worker or a licensed bachelor's social worker.

(2) An individual who performs 1 or more of the functions described in subdivision (f)(*i*) through (*iv*) but not all of those functions is not considered engaged in the practice of social work at the bachelor's level.

(3) In addition to the definitions of this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

(4) The practice of social work at the bachelor's level does not include the practice of medicine or the practice of osteopathic medicine and surgery, including, but not limited to, the prescribing of drugs, the administration of electroconvulsive therapy, the practice of psychotherapy, and other advanced clinical skills pursuant to section 18501(g)(*iii*) or the administration or interpretation of psychological tests, except as otherwise provided in subdivision (f)(*iv*).

(5) The practice of social work at the master's level does not include the practice of medicine or the practice of osteopathic medicine and surgery, including, but not limited to, the prescribing of drugs or administration of electroconvulsive therapy.

**History:** Add. 2000, Act 11, Imd. Eff. Mar. 7, 2000;—Am. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

### 333.18503 Representation or use of title; prohibition.

Sec. 18503. (1) An individual shall not represent that he or she is a social service technician or use a title

© Courtesy of www.legislature.mi.gov

including "social service technician" or an abbreviation of those terms or the letters "s.s.t." or similar words which would indicate that he or she is registered under this article unless the individual is registered in that capacity under this article.

(2) Only a licensed bachelor's social worker shall use the title "licensed bachelor's social worker", "social worker", or "l.b.s.w.". Only a licensed master's social worker shall use the title "licensed master's social worker", "social worker", or "l.m.s.w.".

**History:** Add. 2000, Act 11, Imd. Eff. Mar. 7, 2000;—Am. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

### 333.18504 License required.

Sec. 18504. (1) An individual shall not engage in the practice of social work at the bachelor's or master's level or use a title described in section 18503 unless licensed or otherwise allowed under this part.

(2) The department shall issue a license or registration under this part for a duration of 3 years.

**History:** Add. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

### 333.18505 Michigan board of social work; creation; membership; terms.

Sec. 18505. (1) Subject to section 18515(2) and subsection (2), the Michigan board of social work is created in the department and consists of the following 9 voting members who meet the requirements of part 161:

(a) Until July 1, 2004, 4 certified social workers and 2 social workers who meet the requirements of section 16135(2). Beginning July 1, 2004, 6 individuals engaged primarily in the practice of social work.

(b) Three public members.

(2) For board members appointed on or after July 1, 2004, the 6 members appointed that are primarily engaged in the practice of social work shall be licensed under this part by July 1, 2008.

(3) The terms of office of the individual members of the board created under this section, except those appointed to fill vacancies, expire 4 years after appointment on December 31 of the year in which the term expires.

**History:** Add. 2000, Act 11, Imd. Eff. Mar. 7, 2000;—Am. 2004, Act 61, Imd. Eff. Apr. 12, 2004;—Am. 2006, Act 393, Imd. Eff. Sept. 27, 2006.

**Popular name:** Act 368

### 333.18506 Postdegree experience; limited license.

Sec. 18506. An individual who is granted a limited license under section 18509(2) to engage in the 2-year postdegree experience in the practice of social work at the bachelor's or master's level shall practice under the supervision of a licensed master's social worker and confine his or her practice to an agency, a health facility, an institution, or another entity approved by the board.

**History:** Add. 2004, Act 61, Eff. July 1, 2005.

### 333.18506a Applicability of part.

Sec. 18506a. (1) This part does not apply to any of the following:

(a) An individual who is engaged in a course of study leading to a degree in social work and participating in an internship or field placement supervised by a licensed master's social worker.

(b) An individual who is not licensed or otherwise authorized under this part to engage in the practice of social work at the bachelor's or master's level or registered as a social service technician who donates his or her services, other than psychotherapy services, to a charitable nonprofit organization so long as the individual does not hold himself or herself out to the public as a social worker licensed, registered, or otherwise authorized under this part.

(c) An ordained cleric or other religious practitioner if elements of section 18501(f) or (g) are incidental to his or her religious duties performed under the auspices or recognition of a church, denomination, religious association, or sect that has tax-exempt status pursuant to section 501(c)(3) of the internal revenue code of 1986, if he or she does not hold himself or herself out as a social worker licensed, registered, or otherwise authorized under this part.

(d) A certified, licensed, or otherwise statutorily recognized member of any other profession who practices his or her profession as authorized by law so long as the individual does not hold himself or herself out to the public as a social worker licensed, registered, or otherwise authorized under this part.

(e) An individual who is a participant in a self-help, peer counseling, or support services program provided by either a charitable or labor organization exempt from taxation under section 501(c)(3) or 501(c)(5) of the

© Courtesy of www.legislature.mi.gov

internal revenue code of 1986, so long as the individual does not hold himself or herself out to the public as a social worker licensed, registered, or otherwise authorized under this part. The exemption for a participant in a program described under this subdivision does not otherwise provide an exemption from licensure or registration under this part for an employee of the charitable or labor organization not otherwise authorized to engage in activities or use a title regulated under this part.

(f) An individual whose duties may include some or all of the activities described in section 18501(1)(f) as long as he or she is trained and does not hold himself or herself out as an individual licensed or registered under this part or does not use a title regulated by this part, or both.

(2) This part does not prohibit an individual who holds a bachelor's, master's, or doctorate degree in social work from an accredited college or university from using a title including "social work" if the individual does not engage in the practice of social work at the bachelor's or master's level.

**History:** Add. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

### 333.18507 Social service technician; registration requirements; limited registration.

Sec. 18507. (1) The board may grant registration under this article as a social service technician to an individual who meets all of the following requirements:

(a) Has had 1 year of social work experience acceptable to the board or has successfully completed 2 years of college that included some coursework relevant to human services areas.

(b) Is employed in the practice of social work and applies social work values, ethics, principles, and skills. This subdivision is waived if the individual has the equivalent of 2,000 hours of service in social work with an agency recognized by the board or has received an associate degree in social work at a college approved by the board that includes supervised instructional field experience.

(2) The board may grant registration under this article as a limited social service technician to an individual who has successfully completed 2 years of college and is employed in the practice of social work, or has been made an offer of employment in the practice of social work, with an agency recognized by the board, applies social work values, ethics, principles, and skills under the supervision of a licensee under this part, and is seeking to obtain the experience for registration as a social service technician. A limited registration under this subsection is renewable for not more than 1 year.

**History:** Add. 2000, Act 11, Imd. Eff. Mar. 7, 2000;—Am. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

### 333.18509 License requirements; limited license.

Sec. 18509. (1) Except as otherwise provided in section 18515, an individual granted a license under this part shall meet the following requirements:

(a) A licensed bachelor's social worker shall have been awarded a bachelor's degree in social work from a college or university social work program approved by the board and shall have completed at least 2 years of full-time postbachelor's degree experience, or the equivalent in part-time hours, in the practice of social work at the bachelor's level under the supervision of a licensed master's social worker. Until July 1, 2008, the required experience in the practice of social work at the bachelor's level shall be performed under the supervision of a person who has been awarded a master's or doctoral degree in social work from a college or university school of social work.

(b) A licensed master's social worker shall have been awarded a master's or doctoral degree in the field of social work from a college or university social work program approved by the board and shall have completed at least 2 years of full-time postmaster's or postdoctoral degree experience, or the equivalent in part-time hours, in the practice of social work at the master's level under the supervision of a licensed master's social worker. Until July 1, 2008, the required experience in the practice of social work at the master's level shall be performed under the supervision of a person who has been awarded a master's or doctoral degree in the field of social work from a college or university school of social work and has engaged in the practice of social work for not less than 2 years. In addition to the requirements set forth in this subdivision, a licensed master's social worker employed by a school district shall meet the requirements for employment as a school social worker contained in the revised school code, 1976 PA 451, MCL 380.1 to 380.1852, and the rules promulgated under that act.

(2) The board may grant a limited license to engage in the 2-year postdegree experience required under subsection (1) to an individual who has completed all the educational requirements for licensure as a bachelor's social worker or a master's social worker. A limited license granted under this subsection is renewable for not more than 6 years.

© Courtesy of www.legislature.mi.gov

**History:** Add. 2000, Act 11, Imd. Eff. Mar. 7, 2000;—Am. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

### 333.18511 Practice of social work; requirements.

Sec. 18511. A licensee shall not perform an act, task, or function within the practice of social work unless he or she is trained to perform the act, task, or function and the performance of the act, task, or function is consistent with the code of ethics for social workers.

**History:** Add. 2000, Act 11, Imd. Eff. Mar. 7, 2000;—Am. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

### 333.18513 Confidentiality of communication.

Sec. 18513. (1) An individual registered or licensed under this part or an employee or officer of an organization that employs the registrant or licensee is not required to disclose a communication or a portion of a communication made by a client to the individual or advice given in the course of professional employment.

(2) Except as otherwise provided in this section, a communication between a registrant or licensee or an organization with which the registrant or licensee has an agency relationship and a client is a confidential communication. A confidential communication shall not be disclosed, except under either or both of the following circumstances:

(a) The disclosure is part of a required supervisory process within the organization that employs or otherwise has an agency relationship with the registrant or licensee.

(b) The privilege is waived by the client or a person authorized to act in the client's behalf.

(3) If requested by the court for a court action, a registrant or licensee shall submit to an appropriate court a written evaluation of the prospect or prognosis of a particular client without disclosing a privileged fact or a privileged communication. An attorney representing a client who is the subject of an evaluation described in this subsection has the right to receive a copy of the evaluation. If required for the exercise of a public purpose by a legislative committee, a registrant or licensee or agency representative may make available statistical and program information without violating the privilege established under subsection (2).

(4) A registrant or licensee may disclose a communication or a portion of a communication made by a client pursuant to section 946 of the mental health code, 1974 PA 258, MCL 330.1946, in order to comply with the duty set forth in that section.

**History:** Add. 2000, Act 11, Imd. Eff. Mar. 7, 2000;—Am. 2004, Act 61, Eff. July 1, 2005.

### 333.18515 Registration issued under former act; term of member of board of examiners of social workers; continuation of rules; full licensure upon renewal application.

Sec. 18515. (1) An individual who holds a registration issued under former article 16 of the occupational code, 1980 PA 299, on March 7, 2000 is registered under this part until that registration expires and may renew his or her registration pursuant to part 161.

(2) The members of the board of examiners of social workers created under former section 1602 of the occupational code, 1980 PA 299, shall serve as the initial members of the Michigan board of social work until their successors are appointed under this article or until the expiration of their respective terms, whichever occurs first. However, if the term of a member of the board of examiners of social workers has not expired on March 7, 2000, that term expires on June 30 of the year in which the term will expire.

(3) Rules promulgated by the board of examiners of social workers or the director under former article 16 of the occupational code, 1980 PA 299, and in effect on March 7, 2000 continue in effect to the extent that they do not conflict with this article and shall continue to be enforced. The rules may be amended or rescinded by the director.

(4) The board shall grant a full license as a licensed bachelor's social worker to an individual who holds a certificate of registration as a social worker issued before the effective date of this subsection upon the next renewal application for registration.

(5) The board shall grant a full license as a licensed master's social worker to an individual who holds a registration as a certified social worker issued before the effective date of this subsection upon the next renewal application for registration.

**History:** Add. 2000, Act 11, Imd. Eff. Mar. 7, 2000;—Am. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

### 333.18516 Continuing education; rules.

Sec. 18516. (1) Beginning the license renewal cycle after the effective date of the rules promulgated under this section, an individual licensed under this part shall meet the continuing education requirements of this

© Courtesy of www.legislature.mi.gov

section when renewing his or her license.

(2) The department, in consultation with the board, shall promulgate rules to require a licensee seeking renewal to furnish evidence that during the 3 years immediately preceding application for renewal, the licensee attended continuing education courses or programs related to the practice of social work and designed to further educate licensees.

(3) The department, in consultation with the board, shall establish by rule the total number of course or program clock hours at a minimum of 45 clock hours in any 3-year license renewal cycle. A portion of those clock hours must be in social work ethics.

(4) The department shall ensure that all approved continuing education courses include defined measurements of preknowledge and postknowledge or skill improvements, or both, as a result of the continuing education program.

**History:** Add. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

### 333.18517 Third party reimbursement or worker's compensation benefits.

Sec. 18517. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for services by an individual licensed as a social worker or registered as a social service technician under this article.

**History:** Add. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

### 333.18518 Training requirements; rules.

Sec. 18518. (1) The department shall promulgate rules regarding the minimum training requirements for the practice of social work at the bachelor's level and for the practice of social work at the master's level.

(2) The rules regarding the practice of social work at the master's level shall distinguish between the training, education, and experience requirements relative to the social work applications described in section 18501(g)(*ii*) and (*iii*). The training, education, and experience requirements for the applications described in section 18501(g)(*iii*) shall include at least the following:

(a) Possession of a master's degree in social work.

(b) Completion of course work in normal human development and diagnosis, assessment, and treatment of individuals, couples, families, and groups, using a variety of psychotherapeutic methods or techniques.

(c) Completion of not less than 2 years of supervised post-master's degree clinical experience.

**History:** Add. 2004, Act 61, Eff. July 1, 2005.

**Popular name:** Act 368

## PART 187.
## RESPIRATORY CARE

### 333.18701 Definitions.

Sec. 18701. (1) As used in this part:

(a) "Health facility" means a health facility or agency licensed under article 17.

(b) "Medical director" means a physician who is responsible for the quality, safety, appropriateness, and effectiveness of the respiratory care services provided by a respiratory therapist, who assists in quality monitoring, protocol development, and competency validation, and who meets all of the following:

(*i*) Is the medical director of an inpatient or outpatient respiratory care service or department within a health facility, or of a home care agency, durable medical equipment company, or educational program.

(*ii*) Has special interest and knowledge in the diagnosis and treatment of cardiopulmonary disorders and diseases.

(*iii*) Is qualified by training or experience, or both, in the management of acute and chronic cardiopulmonary disorders and diseases.

(c) "Physician" means that term as defined in sections 17001 and 17501.

(d) "Practice of respiratory care" means the provision of respiratory care services. Practice of respiratory care may be provided by an inpatient or outpatient service or department within a health facility, by a home care agency or durable medical equipment company, or by an educational program.

(e) "Respiratory care services" means preventative services, diagnostic services, therapeutic services, and rehabilitative services under the written, verbal, or telecommunicated order of a physician to an individual with a disorder, disease, or abnormality of the cardiopulmonary system as diagnosed by a physician. Respiratory care services involve, but are not limited to, observing, assessing, and monitoring signs and

© Courtesy of www.legislature.mi.gov

symptoms, reactions, general behavior, and general physical response of individuals to respiratory care services, including determination of whether those signs, symptoms, reactions, behaviors, or general physical response exhibit abnormal characteristics; the administration of pharmacological, diagnostic, and therapeutic agents related to respiratory care services; the collection of blood specimens and other bodily fluids and tissues for, and the performance of, cardiopulmonary diagnostic testing procedures including, but not limited to, blood gas analysis; development, implementation, and modification of respiratory care treatment plans based on assessed abnormalities of the cardiopulmonary system, respiratory care protocols, clinical pathways, referrals, and written, verbal, or telecommunicated orders of a physician; application, operation, and management of mechanical ventilatory support and other means of life support; and the initiation of emergency procedures under the rules promulgated by the board.

(f) "Respiratory therapist" and "respiratory care practitioner" mean an individual engaged in the practice of respiratory care and who is responsible for providing respiratory care services and who is licensed under this article as a respiratory therapist or respiratory care practitioner.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** Add. 2004, Act 3, Eff. July 1, 2004.

**Popular name:** Act 368

### 333.18703 Restricted use of words, titles, or letters.

Sec. 18703. Beginning the effective date of the amendatory act that added this part, an individual shall not use the titles "respiratory therapist", "respiratory care practitioner", "licensed respiratory therapist", "licensed respiratory care practitioner", "r.t.", "r.c.p.", "l.r.t.", "l.r.c.p.", or similar words that indicate the individual is a respiratory therapist unless the individual is licensed under this article as a respiratory therapist or respiratory care practitioner.

**History:** Add. 2004, Act 3, Eff. July 1, 2004.

**Popular name:** Act 368

### 333.18705 Michigan board of respiratory care; creation; membership; terms.

Sec. 18705. (1) The Michigan board of respiratory care is created in the department and consists of the following members who meet the requirements of part 161:

(a) Until June 30, 2010, 4 individuals who meet the requirements of section 16135(2). Beginning July 1, 2010, 7 individuals who are engaged in the practice of respiratory care.

(b) One medical director.

(c) Until June 30, 2010, 2 public members. Beginning July 1, 2010, 3 public members.

(2) The terms of office of individual members of the board created under this section, except those appointed to fill vacancies, expire 4 years after appointment on December 31 of the year in which the term expires.

**History:** Add. 2004, Act 3, Eff. July 1, 2004;—Am. 2006, Act 407, Imd. Eff. Sept. 29, 2006;—Am. 2010, Act 79, Imd. Eff. May 20, 2010.

**Popular name:** Act 368

### 333.18707 Practice of respiratory care; license required.

Sec. 18707. (1) An individual shall not engage in the practice of respiratory care or provide or offer to provide respiratory care services unless licensed under this part.

(2) Subsection (1) does not prevent any of the following:

(a) An individual licensed under any other part or act from performing activities that are considered respiratory care services if those activities are within the individual's scope of practice and if the individual does not use the titles protected under section 18703.

(b) An individual not licensed under this part from performing activities that are considered respiratory care services while under the supervision of an individual who is licensed under this part as a respiratory therapist or respiratory care practitioner, if the individual does not use the titles protected under section 18703.

(c) An individual not licensed under this part from performing activities that are considered diagnostic services if the individual possesses a level of training approved by the board, has successfully passed a credentialing examination approved by the board, and if the individual does not use the titles protected under section 18703.

(d) The practice of respiratory care which is an integral part of a program of study by students enrolled in an accredited respiratory therapist educational program approved by the board, provided that they are

© Courtesy of www.legislature.mi.gov

identified as a student and provide respiratory care services only while under the supervision of a licensed respiratory therapist or respiratory care practitioner.

(e) Self-care by a patient or uncompensated care by a friend or family member who does not represent or hold himself or herself out to be a licensed respiratory therapist or respiratory care practitioner.

**History:** Add. 2004, Act 3, Eff. July 1, 2004.

**Popular name:** Act 368

### 333.18709 Licensure requirements; rules; temporary license; interim standards.

Sec. 18709. (1) The department shall promulgate rules under section 16145 as necessary or appropriate to fulfill its functions under this article. In promulgating rules to establish requirements for licensure under section 16145, the department shall adopt all of the following requirements:

(a) Successful completion of an accredited respiratory therapist training program approved by the department.

(b) Having at least a 2-year associate's degree from an accredited college or university approved by the department.

(c) Having the credential conferred by the national board for respiratory care or its successor organization as a respiratory therapist or its successor credential, as approved by the department.

(2) The department shall issue a license as a respiratory therapist to an individual who had either of the credentials as a registered respiratory therapist or certified respiratory therapist, or their predecessor credentials, conferred by the national board for respiratory care, or its predecessor organization, on or before the effective date of this part, and who applies for licensure as a respiratory therapist within 1 year after the effective date of this part.

(3) The department shall issue a license as a respiratory therapist to an individual who is a holder of a temporary license as a respiratory therapist if a holder of a temporary license meets all of the following requirements:

(a) Applies for licensure as a respiratory therapist prior to the expiration of his or her temporary license as prescribed in section 18711(2).

(b) Provides proof to the department that he or she has successfully completed the national credentialing exam by the national board for respiratory care or its successor organization, as approved by the department.

(4) The department may utilize the standards contained in the clinical practice guidelines issued by the American association of respiratory care that are in effect on the effective date of this part as interim standards, which are adopted by reference, until rules are promulgated under subsection (1).

**History:** Add. 2004, Act 3, Eff. July 1, 2004.

**Popular name:** Act 368

### 333.18711 Temporary license.

Sec. 18711. (1) The department may issue a temporary license as a respiratory therapist to an applicant who does not meet all of the requirements of section 18709, if the applicant does all of the following:

(a) Applies to the department for a temporary license within 1 year after the effective date of the amendatory act that added this part.

(b) Provides satisfactory proof to the department that he or she has been employed full-time as a respiratory therapist for the 4 years immediately preceding the date of application in 1 of the following:

(*i*) An inpatient or outpatient respiratory care service or department within a licensed health facility.

(*ii*) A durable medical equipment company or home care agency.

(*iii*) A respiratory care educational program.

(c) Provides the department with a letter of recommendation from his or her medical director at the time of application attesting to the applicant's clinical competence as a respiratory therapist.

(d) Pays the applicable fees prescribed by section 16344.

(2) A temporary license issued by the department under this section expires within the same time period as a nontemporary license issued by the department under this part. The holder of a temporary license issued under this section may apply for 1 or more renewals of the temporary license a number of times, but an individual may not hold a temporary license for more than a total of 4 years.

(3) The holder of a temporary license issued under this section is subject to this part and the rules promulgated under this part, except for the requirements for licensure.

**History:** Add. 2004, Act 3, Eff. July 1, 2004.

**Popular name:** Act 368

### 333.18713 New or additional reimbursement or benefits not required.

© Courtesy of www.legislature.mi.gov

Sec. 18713. This part does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual licensed as a respiratory therapist under this article.

**History:** Add. 2004, Act 3, Eff. July 1, 2004.

**Popular name:** Act 368

PART 188
VETERINARY MEDICINE

## 333.18801 Meanings of words and phrases; general definitions and principles of construction.

Sec. 18801. (1) For purposes of this part the words and phrases defined in sections 18802 to 18805 have the meanings ascribed to them in those sections.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Compiler's note:** For transfer of powers and duties of certain health-related functions, boards, and commissions from the Department of Licensing and Regulation to the Department of Commerce, see E.R.O. No. 1991-9, compiled at MCL 338.3501 of the Michigan Compiled Laws.

**Popular name:** Act 368

## 333.18802 Definitions; A to S.

Sec. 18802. (1) "Abandoned by its owner" means any of the following:

(a) Failure of an owner to return to regain custody of an animal left in the custody of a veterinarian by its owner for treatment, boarding, or other services at the scheduled time for the animal's return or at completion of the services.

(b) Refusal of an owner to accept custody of an animal left in the custody of a veterinarian by its owner for treatment, boarding, or other services at the scheduled time for the animal's return or at completion of the services.

(c) Failure of an owner to provide payment for treatment, boarding, or other services on an animal left in the custody of a veterinarian by its owner as agreed upon by the owner and the veterinarian.

(2) "Animal" means an animal other than a human being and includes all fowl, birds, fish, and reptiles, wild or domestic, living or dead, which may be carriers of infectious diseases.

(3) "Owner" means the actual owner of an animal, an agent of the owner of the animal, or a person with the apparent authority to act as the owner or as the agent of the owner of an animal.

(4) "Supervision" includes that degree of close physical proximity necessary for the supervising veterinarian to observe and monitor the performance of a veterinary technician.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1982, Act 353, Imd. Eff. Dec. 21, 1982;—Am. 2000, Act 22, Imd. Eff. Mar. 13, 2000.

**Popular name:** Act 368

## 333.18805 Definitions; P to V.

Sec. 18805. (1) "Practice as a veterinary technician" means the practice of veterinary medicine based on less comprehensive knowledge and skill than that required of a veterinarian and performed under supervision of a veterinarian.

(2) "Practice of veterinary medicine" means:

(a) Prescribing or administering a drug, medicine, treatment, or method of procedure; performing an operation or manipulation; applying an apparatus or appliance; or giving an instruction or demonstration designed to alter an animal from its normal condition.

(b) Curing, ameliorating, correcting, reducing, or modifying a disease, deformity, defect, wound, or injury in or to an animal.

(c) Diagnosing or prognosing, or both, a disease, deformity, or defect in an animal by a test, procedure, manipulation, technique, autopsy, biopsy, or other examination.

(3) "Veterinarian" means an individual licensed under this article to engage in the practice of veterinary medicine.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1982, Act 353, Imd. Eff. Dec. 21, 1982.

**Popular name:** Act 368

© Courtesy of www.legislature.mi.gov

### 333.18808 Veterinary technician; health profession subfield.

Sec. 18808. Practice as a veterinary technician is a health profession subfield of the practice of veterinary medicine.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1982, Act 353, Imd. Eff. Dec. 21, 1982.

**Popular name:** Act 368

### 333.18811 Veterinarian or veterinary technician; license or authorization required; prohibited conduct; use of words, titles, or letters.

Sec. 18811. (1) A person shall not engage in the practice of veterinary medicine unless licensed or otherwise authorized by this article.

(2) After July 1, 1979, an individual shall not practice as a veterinary technician without a license.

(3) A veterinary technician shall not diagnose animal diseases, prescribe medical or surgical treatment, or perform as a surgeon.

(4) The following words, titles, or letters or a combination thereof, with or without qualifying words or phrases, are restricted in use only to those persons authorized under this part to use the terms and in a way prescribed in this part: "veterinary", "veterinarian", "veterinary doctor", "veterinary surgeon", "doctor of veterinary medicine", "v.m.d.", "d.v.m.", "animal technician", or "animal technologist".

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1982, Act 353, Imd. Eff. Dec. 21, 1982;—Am. 2006, Act 406, Imd. Eff. Sept. 29, 2006.

**Popular name:** Act 368

### 333.18812 Limited license for practice apart from veterinary education; requirements; graduates of nonapproved veterinary education programs.

Sec. 18812. (1) A limited license for practice apart from veterinary education shall require that the individual be a senior student in an approved school of veterinary medicine and be under the supervision of a veterinarian licensed by this state.

(2) Graduates of nonapproved veterinary education programs may be granted a limited license under section 16182(1).

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1982, Act 337, Imd. Eff. Dec. 16, 1982.

**Popular name:** Act 368

### 333.18813 Veterinarian or veterinary technician license renewal; continuing education; evidence; license cycle.

Sec. 18813. (1) Beginning January 1, 2020, a licensee seeking renewal of a veterinarian's license shall, if requested, furnish the department with satisfactory evidence that during the 3 years immediately preceding application for renewal, he or she attended at least 45 hours of continuing education courses or programs approved by the board.

(2) Beginning January 1, 2020, a licensee seeking renewal of a veterinary technician's license shall, if requested, furnish the department with satisfactory evidence that during the 3 years immediately preceding application for renewal, he or she attended at least 15 hours of continuing education courses or programs approved by the board.

(3) The license cycle for a veterinarian's license and a veterinary technician's license is 3 years.

**History:** Add. 2016, Act 47, Eff. June 13, 2016;—Am. 2016, Act 383, Eff. Mar. 28, 2017.

**Popular name:** Act 368

### 333.18814 Conduct not considered practice of veterinary medicine.

Sec. 18814. An individual is not engaging in the practice of veterinary medicine in this state who:

(a) Administers to livestock owned by that individual, except when the title is vested in him or her for the purpose of circumventing this act.

(b) Conducts experimentation and scientific research in the development of methods, techniques, or treatments directly or indirectly applicable to the problems of medicine and who in connection therewith uses animals.

(c) Conducts routine vaccination and pullorum testing of poultry under supervision of the national poultry improvement plan as administered by the official state agency and the United States department of agriculture.

(d) Is a regularly employed veterinarian of the United States department of agriculture or a full-time veterinary food inspector while engaged in the inspection of animals as food for human consumption.

© Courtesy of www.legislature.mi.gov

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.18817 Use of marihuana or industrial hemp.

Sec. 18817. (1) A veterinarian may consult with an owner on the use of marihuana or industrial hemp on an animal of the owner.

(2) As used in this section:

(a) "Industrial hemp" means that term as defined in section 7106.

(b) "Marihuana" means that term as defined in section 7106.

**History:** Add. 2020, Act 280, Eff. Mar. 24, 2021.

**Popular name:** Act 368

### 333.18821 Michigan board of veterinary medicine; creation; membership; waiver; terms.

Sec. 18821. (1) The Michigan board of veterinary medicine is created in the department and shall consist of the following 9 members who shall meet the requirements of part 161: 5 veterinarians, 1 veterinary technician, and 3 public members. The chief of the animal health division of the department of agriculture is an ex officio member without vote.

(2) The requirement of section 16135(d) that a board member shall have practiced that profession for 2 years immediately before appointment is waived until September 30, 1980 for members of the board who are licensed in a health profession subfield created by this part.

(3) The terms of office of individual members of the board created under this section, except those appointed to fill vacancies, expire 4 years after appointment on December 31 of the year in which the term expires.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1982, Act 353, Imd. Eff. Dec. 21, 1982;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2006, Act 406, Imd. Eff. Sept. 29, 2006.

**Popular name:** Act 368

### 333.18822 Animal diseases; advising department of agriculture.

Sec. 18822. In addition to the functions set forth in part 161, upon request, the board shall advise the department of agriculture in matters pertaining to animal diseases.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.18824 Repealed. 1989, Act 201, Imd. Eff. Oct. 23, 1989.

**Compiler's note:** The repealed section pertained to task force to advise board.

**Popular name:** Act 368

### 333.18826 Veterinarian or veterinary technician; civil liability for acts or omissions; immunity; applicability; notice.

Sec. 18826. (1) A veterinarian or veterinary technician is not liable for civil damages as a result of the acts or omissions described in subsection (2) if both of the following apply:

(a) The animal has been brought to the veterinarian or veterinary technician by a person other than the owner of the animal.

(b) The veterinarian or veterinary technician does not know who owns the animal or is unable to contact the owner of the animal before a decision must be made with respect to emergency treatment or euthanasia.

(2) The immunity granted by this section applies to both of the following:

(a) An injury to an animal or death of an animal that results from acts or omissions by the veterinarian or veterinary technician in providing treatment to the animal.

(b) The euthanasia of a seriously injured or seriously ill animal.

(3) This section does not apply to an act or omission by a veterinarian or veterinary technician amounting to gross negligence or willful and wanton misconduct in providing treatment to an animal.

(4) A veterinarian or veterinary technician shall notify the animal control authority in the county in which the animal is found of the disposition of the treatment rendered to the animal before the end of the first business day following the day treatment is rendered.

**History:** Add. 2000, Act 23, Imd. Eff. Mar. 13, 2000.

**Popular name:** Act 368

### 333.18827 Veterinarian or veterinary technician; reporting animal to be abandoned,

© Courtesy of www.legislature.mi.gov

### neglected, or abused; immunity.

Sec. 18827. A veterinarian or veterinary technician who in good faith reports to a peace officer, an animal control officer, or an officer of a private organization devoted to the humane treatment of animals an animal that the veterinarian or veterinary technician knows or reasonably believes to be abandoned, neglected, or abused is immune from civil or criminal liability for making the report.

**History:** Add. 2000, Act 23, Imd. Eff. Mar. 13, 2000.

**Popular name:** Act 368

### 333.18835 Grounds for fine, reprimand, or probation; grounds for denying, limiting, suspending, or revoking license.

Sec. 18835. In addition to the grounds set forth in part 161, the disciplinary subcommittee may fine, reprimand, or place a licensee on probation, or deny, limit, suspend, or revoke the license of a veterinarian for fraudulent use or misuse of a health certificate, inspection certificate, vaccination certificate, test chart, meat inspection stamp, or other blank form used in the practice of veterinary medicine that might lead to the dissemination of disease, unlawful transportation of diseased animals, or the sale of inedible products of animal origin for human consumption.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1993, Act 79, Eff. Apr. 1, 1994.

**Popular name:** Act 368

### 333.18838 Disposal of abandoned animal; notices; costs; relinquishment of rights by owner.

Sec. 18838. (1) A veterinarian may dispose of an animal placed in the veterinarian's custody for treatment, boarding, or other care and abandoned by its owner by sending the notices required by this section. The veterinarian shall send a first written notice of an intent to dispose of the animal by certified mail to the owner, at his or her last known address and a second written notice not less than 5 days after sending the first notice. Upon the expiration of 5 days after sending the second written notice to the owner, a veterinarian may dispose of the animal.

(2) The disposal of an animal does not release the owner from payment of costs incurred, including the disposal.

(3) This section does not prevent the owner or agent from mitigating additional costs by removing the animal from custody of the veterinarian.

(4) In the case of an animal abandoned by its owner, the owner is considered to have relinquished all rights to the animal.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2000, Act 22, Imd. Eff. Mar. 13, 2000.

**Popular name:** Act 368

### 333.20102 Definitions; A.

Sec. 20102. (1) "Aircraft transport operation" means that term as defined in section 20902.

© Courtesy of www.legislature.mi.gov

(2) "Ambulance operation" means that term as defined in section 20902.

(3) "Attending physician" means the physician selected by, or assigned to, the patient and who has primary responsibility for the treatment and care of the patient.

(4) "Authorized representative" means the individual designated in writing by the board of directors of the corporation or by the owner or person with legal authority to act on behalf of the company or organization on licensing matters. The authorized representative who is not an owner or licensee shall not sign the original license application or amendments to the application.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1981, Act 79, Imd. Eff. June 30, 1981;—Am. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2010, Act 381, Imd. Eff. Dec. 22, 2010;—Am. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.20104 Definitions; C to G.

Sec. 20104. (1) Except as otherwise provided in part 221, "certification" means the issuance of a document by the department to a health facility or agency attesting to the fact that the health facility or agency meets both of the following:

(a) It complies with applicable statutory and regulatory requirements and standards.

(b) It is eligible to participate as a provider of care and services in a specific federal or state health program.

(2) "Consumer" means a person who is not a health care provider as that term is defined in 42 USC 300jj.

(3) "County medical care facility" means a nursing care facility, other than a hospital long-term care unit, that provides organized nursing care and medical treatment to 7 or more unrelated individuals who are suffering or recovering from illness, injury, or infirmity and that is owned by a county or counties.

(4) "Department" means the department of licensing and regulatory affairs.

(5) "Direct access" means access to a patient or resident or to a patient's or resident's property, financial information, medical records, treatment information, or any other identifying information.

(6) "Director" means the director of the department.

(7) "Freestanding birth center" means that term as defined in section 20701.

(8) "Freestanding surgical outpatient facility" means a facility, other than the office of a physician, dentist, podiatrist, or other private practice office, offering a surgical procedure and related care that in the opinion of the attending physician can be safely performed without requiring overnight inpatient hospital care. Freestanding surgical outpatient facility does not include a surgical outpatient facility owned by and operated as part of a hospital.

(9) "Good moral character" means that term as defined in, and determined under, 1974 PA 381, MCL 338.41 to 338.47.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2010, Act 381, Imd. Eff. Dec. 22, 2010;—Am. 2015, Act 104, Eff. Oct. 1, 2015;—Am. 2015, Act 155, Eff. Jan. 18, 2016;—Am. 2022, Act 187, Imd. Eff. July 25, 2022;—Am. 2024, Act 252, Eff. Apr. 2, 2025.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20106 Definitions; H.

Sec. 20106. (1) "Health facility or agency", except as provided in section 20115, means:

(a) An ambulance operation, aircraft transport operation, nontransport prehospital life support operation, or medical first response service.

(b) A county medical care facility.

(c) A freestanding surgical outpatient facility.

(d) A health maintenance organization.

(e) A home for the aged.

(f) A hospital.

(g) A nursing home.

(h) A hospice.

(i) A hospice residence.

(j) A facility or agency listed in subdivisions (a) to (g) located in a university, college, or other educational institution.

(k) A freestanding birth center.

© Courtesy of www.legislature.mi.gov

(2) "Health maintenance organization" means that term as defined in section 3501 of the insurance code of 1956, 1956 PA 218, MCL 500.3501.

(3) "Home for the aged" means a supervised personal care facility at a single address, other than a hotel, adult foster care facility, hospital, nursing home, or county medical care facility that provides room, board, and supervised personal care to 21 or more unrelated, nontransient individuals 55 years of age or older. Home for the aged includes a supervised personal care facility for 20 or fewer individuals 55 years of age or older if the facility is operated in conjunction with and as a distinct part of a licensed nursing home. Home for the aged does not include an area excluded from this definition by section 17(3) of the continuing care community disclosure act, 2014 PA 448, MCL 554.917.

(4) "Hospice" means a health care program that provides a coordinated set of services rendered at home or in outpatient or institutional settings for individuals suffering from a disease or condition with a terminal prognosis.

(5) "Hospital" means a facility offering inpatient, overnight care, and services for observation, diagnosis, and active treatment of an individual with a medical, surgical, obstetric, chronic, or rehabilitative condition requiring the daily direction or supervision of a physician. Hospital does not include a mental health hospital licensed or operated by the department of health and human services or a hospital operated by the department of corrections.

(6) "Hospital long-term care unit" means a nursing care facility, owned and operated by and as part of a hospital, providing organized nursing care and medical treatment to 7 or more unrelated individuals suffering or recovering from illness, injury, or infirmity.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1980, Act 293, Eff. Mar. 31, 1981;—Am. 1981, Act 79, Imd. Eff. June 30, 1981;—Am. 1982, Act 354, Imd. Eff. Dec. 21, 1982;—Am. 1984, Act 311, Eff. Mar. 29, 1985;—Am. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 1996, Act 267, Imd. Eff. June 12, 1996;—Am. 2000, Act 253, Imd. Eff. June 29, 2000;—Am. 2014, Act 449, Imd. Eff. Jan. 2, 2015;—Am. 2015, Act 104, Eff. Oct. 1, 2015;—Am. 2017, Act 167, Eff. Feb. 11, 2018;—Am. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.20108 Definitions; I to N.

Sec. 20108. (1) "Intermediate care facility" means a hospital long-term care unit, nursing home, county medical care facility, or other nursing care facility, or distinct part thereof, certified by the department to provide intermediate care or basic care that is less than skilled nursing care but more than room and board.

(2) "License" means an authorization, annual or as otherwise specified, granted by the department and evidenced by a certificate of licensure or permit granting permission to a person to establish or maintain and operate, or both, a health facility or agency. For purposes of part 209, "license" includes a license issued to an individual under that part.

(3) "Licensee" means the holder of a license or permit to establish or maintain and operate, or both, a health facility or agency. For purposes of part 209, "licensee" includes an individual licensed under that part.

(4) "Limited license" means a provisional license or temporary permit or a license otherwise limited as prescribed by the department.

(5) "Medically contraindicated" means, with reference to nursing homes only, having a substantial adverse effect on the patient's physical health, as determined by the attending physician, which effect is explicitly stated in writing with the reasons therefor in the patient's medical record.

(6) "Medical first response service" means that term as defined in section 20906.

(7) "Nontransport prehospital life support operation" means that term as defined in section 20908.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1986, Act 78, Imd. Eff. Apr. 7, 1986;—Am. 1990, Act 179, Imd. Eff. July 2, 1990.

**Popular name:** Act 368

### 333.20109 Definitions; N to S.

Sec. 20109. (1) "Nursing home" means a nursing care facility, including a county medical care facility, that provides organized nursing care and medical treatment to 7 or more unrelated individuals suffering or recovering from illness, injury, or infirmity. As used in this subsection, "medical treatment" includes treatment by an employee or independent contractor of the nursing home who is an individual licensed or otherwise authorized to engage in a health profession under part 170 or 175. Nursing home does not include any of the following:

(a) A unit in a state correctional facility.

(b) A hospital.

(c) A veterans facility created under 1885 PA 152, MCL 36.1 to 36.12.

(d) A hospice residence that is licensed under this article.

© Courtesy of www.legislature.mi.gov

(e) A hospice that is certified under 42 CFR 418.100.

(2) "Person" means that term as defined in section 1106 or a governmental entity.

(3) "Public member" means a member of the general public who is not a provider; who does not have an ownership interest in or contractual relationship with a nursing home other than a resident contract; who does not have a contractual relationship with a person who does substantial business with a nursing home; and who is not the spouse, parent, sibling, or child of an individual who has an ownership interest in or contractual relationship with a nursing home, other than a resident contract.

(4) "Skilled nursing facility" means a hospital long-term care unit, nursing home, county medical care facility, or other nursing care facility, or a distinct part thereof, certified by the department to provide skilled nursing care.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1991, Act 39, Imd. Eff. June 11, 1991;—Am. 1996, Act 224, Eff. June 12, 1996;—Am. 2015, Act 156, Eff. Jan. 18, 2016.

**Popular name:** Act 368

### 333.20115 Rules defining or differentiating health facility or agency.

Sec. 20115. The department may promulgate rules to further define the term "health facility or agency" and the definition of a health facility or agency listed in section 20106 as required to implement this article. The department may define a specific organization as a health facility or agency for the sole purpose of certification authorized under this article. For purpose of certification only, an organization defined in section 20106(5), 20108(1), or 20109(4) is considered a health facility or agency. The term "health facility or agency" does not mean a visiting nurse service or home aide service conducted by and for the adherents of a church or religious denomination for the purpose of providing service for those who depend upon spiritual means through prayer alone for healing.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1999, Act 206, Eff. Mar. 10, 2000;—Am. 2012, Act 499, Eff. Mar. 31, 2013;—Am. 2023, Act 209, Eff. Feb. 13, 2024.

**Popular name:** Act 368

**Administrative rules:** R 325.3801 et seq. and R 325.23101 et seq. of the Michigan Administrative Code.

### 333.20121-333.20127 Repealed. 2022, Act 187, Imd. Eff. July 25, 2022.

**Compiler's note:** The repealed sections pertained to the health facilities and agencies advisory commission and the appointment of task forces.

**Popular name:** Act 368

### 333.20131 Comprehensive system of licensure and certification; establishment; purpose; certification of health facility or agency; coordination, cooperation, and agreements; public disclosure.

Sec. 20131. (1) The department shall establish a comprehensive system of licensure and certification for health facilities or agencies in accordance with this article to:

(a) Protect the health, safety, and welfare of individuals receiving care and services in or from a health facility or agency.

(b) Assure the medical accountability for reimbursed care provided by a certified health facility or agency participating in a federal or state health program.

(2) The department may certify a health facility or agency, or part thereof, defined in section 20106 or under section 20115 when certification is required by state or federal law, rule, or regulation.

(3) The department shall coordinate all functions in state government affecting health facilities and agencies licensed under this article and cooperate with other state agencies which establish standards or requirements for health facilities and agencies to assure necessary, equitable, and consistent state supervision of licensees without unnecessary duplication of survey, evaluation, and consultation services or complaint investigations. The department may enter into agreements with other state agencies necessary to accomplish this purpose.

(4) The department shall utilize public disclosure to improve the effectiveness of licensure.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20132 Regulation of medical or surgical treatment prohibited; control of communicable diseases; protection of individuals receiving care and services; standards for inpatient food service establishment; compliance.

Sec. 20132. (1) The department shall not regulate the medical or surgical treatment provided to an

© Courtesy of www.legislature.mi.gov

individual by his or her attending physician in a health facility or agency.

(2) This article does not affect the authority of the department to control communicable diseases or to take immediate action necessary to protect the public health, safety, and welfare of individuals receiving care and services in or from a health facility or agency.

(3) A license for a health facility or agency shall include the operation of an inpatient food service establishment within the facility or agency. Standards for an inpatient food service establishment shall be the same as those established under part 129. A health facility or agency issued a license under this article is considered in compliance with that part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20141 Health facility or agency; license required; eligibility to participate in federal or state health program; personnel; services; and equipment; evidence of compliance; providing data and statistics.

Sec. 20141. (1) A person shall not establish or maintain and operate a health facility or agency without holding a license from the department.

(2) A health facility or agency is not eligible to participate in a federal or state health program requiring certification without current certification from the department.

(3) A health facility or agency shall have the physician, professional nursing, health professional, technical and supportive personnel, and the technical, diagnostic, and treatment services and equipment necessary to assure the safe performance of the health care undertaken by or in the facility or agency.

(4) Licensure and certification of a health facility or agency shall be evidence of the fact that the facility or agency complies with applicable statutory and regulatory requirements and standards at the time of issuance.

(5) A health facility or agency shall provide the department with the data and statistics required to enable the department to carry out functions required by federal and state law, including rules and regulations.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20142 Application for licensure and certification; form; certifying accuracy of information; disclosures, reports; and notices; violation; penalty; false statement as felony.

Sec. 20142. (1) A health facility or agency shall apply for licensure or certification on a form authorized and provided by the department. The application shall include attachments, additional data, and information required by the department.

(2) An applicant shall certify the accuracy of information supplied in the application and supplemental statements.

(3) An applicant or a licensee under part 213 or 217 shall disclose the names, addresses, principal occupations, and official positions of all persons who have an ownership interest in the health facility or agency. If the health facility or agency is located on or in leased real estate, the applicant or licensee shall disclose the name of the lessor and any direct or indirect interest the applicant or licensee has in the lease other than as lessee. A change in ownership shall be reported to the director not less than 15 days before the change occurs, except that a person purchasing stock of a company registered pursuant to the securities exchange act of 1934, 15 U.S.C. 78a to 78kk, is exempt from disclosing ownership in the facility. A person required to file a beneficial ownership report pursuant to section 16(a) of the securities exchange act of 1934, 15 U.S.C. 78p shall file with the department information relating to securities ownership required by the department rule or order. An applicant or licensee proposing a sale of a nursing home to another person shall provide the department with written, advance notice of the proposed sale. The applicant or licensee and the other parties to the sale shall arrange to meet with specified department representatives and shall obtain before the sale a determination of the items of noncompliance with applicable law and rules which shall be corrected. The department shall notify the respective parties of the items of noncompliance prior to the change of ownership and shall indicate that the items of noncompliance must be corrected as a condition of issuance of a license to the new owner. The department may accept reports filed with the securities and exchange commission relating to the filings. A person who violates this subsection is guilty of a misdemeanor, punishable by a fine of not more than $1,000.00 for each violation.

(4) An applicant or licensee under part 217 shall disclose the names and business addresses of suppliers who furnish goods or services to an individual nursing home or a group of nursing homes under common ownership, the aggregate charges for which exceed $5,000.00 in a 12-month period which includes a month in a nursing home's current fiscal year. An applicant or licensee shall disclose the names, addresses, principal

© Courtesy of www.legislature.mi.gov

occupations, and official positions of all persons who have an ownership interest in a business which furnishes goods or services to an individual nursing home or to a group of nursing homes under common ownership, if both of the following apply:

(a) The person, or the person's spouse, parent, sibling, or child has an ownership interest in the nursing home purchasing the goods or services.

(b) The aggregate charges for the goods or services purchased exceeds $5,000.00 in a 12-month period which includes a month in the nursing home's current fiscal year.

(5) An applicant or licensee who makes a false statement in an application or statement required by the department pursuant to this article is guilty of a felony, punishable by imprisonment for not more than 4 years, or a fine of not more than $30,000.00, or both.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.20143 Compliance as condition to issuance of license, certificate, or certificate of need.

Sec. 20143. (1) A license or certificate under this part shall not be issued unless the applicant is in compliance with part 222.

(2) A licensee who is issued a certificate of need under part 222 shall comply with part 222 and all of the terms, conditions, and stipulations of the certificate of need.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1988, Act 332, Eff. Oct. 1, 1988.

**Popular name:** Act 368

### 333.20144 Licensing on basis of approved building program.

Sec. 20144. A health facility or agency not meeting statutory and regulatory requirements for its physical plant and equipment may be licensed by the department on the basis of a building program approved by the department which:

(a) Sets forth a plan and timetable for correction of physical plant or equipment deficiencies and items of noncompliance.

(b) Includes documented evidence of the availability and commitment of money for carrying out the approved building program.

(c) Includes other documentation the department reasonably requires to assure compliance with the plan and timetable.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20145 Construction permit; certificate of need as condition of issuance; rules; information required for project not requiring certificate of need; public information; review and approval of architectural plans and narrative; rules; waiver; fee; "capital expenditure" defined.

Sec. 20145. (1) Before contracting for and initiating a construction project involving new construction, additions, modernizations, or conversions of a health facility or agency with a capital expenditure of $1,000,000.00 or more, a person shall obtain a construction permit from the department. The department shall not issue the permit under this subsection unless the applicant holds a valid certificate of need if a certificate of need is required for the project under part 222.

(2) To protect the public health, safety, and welfare, the department may promulgate rules to require construction permits for projects other than those described in subsection (1) and the submission of plans for other construction projects to expand or change service areas and services provided.

(3) If a construction project requires a construction permit under subsection (1) or (2), but does not require a certificate of need under part 222, the department shall require the applicant to submit information considered necessary by the department to ensure that the capital expenditure for the project is not a covered capital expenditure as that term is defined in section 22203.

(4) If a construction project requires a construction permit under subsection (1), but does not require a certificate of need under part 222, the department shall require the applicant to submit information on a 1-page sheet, along with the application for a construction permit, consisting of all of the following:

(a) A short description of the reason for the project and the funding source.

(b) A contact person for further information, including address and telephone number.

(c) The estimated resulting increase or decrease in annual operating costs.

(d) The current governing board membership of the applicant.

© Courtesy of www.legislature.mi.gov

(e) The entity, if any, that owns the applicant.

(5) The department shall make the information filed under subsection (4) publicly available by the same methods used to make information about certificate of need applications publicly available.

(6) The review and approval of architectural plans and narrative must require that the proposed construction project is designed and constructed in accord with applicable statutory and other regulatory requirements. In performing a construction permit review for a health facility or agency under this section, the department shall, at a minimum, apply the standards contained in the document entitled "Minimum Design Standards for Health Care Facilities in Michigan" published by the department and dated July 2007. The standards are incorporated by reference for purposes of this subsection. The department may promulgate rules that are more stringent than the standards if necessary to protect the public health, safety, and welfare.

(7) The department shall promulgate rules to further prescribe the scope of construction projects and other alterations subject to review under this section.

(8) The department may waive the applicability of this section to a construction project or alteration if the waiver will not affect the public health, safety, and welfare.

(9) On request by the person initiating a construction project, the department may review and issue a construction permit to a construction project that is not subject to subsection (1) or (2) if the department determines that the review will promote the public health, safety, and welfare.

(10) The department shall assess a fee for each review conducted under this section. The fee is .5% of the first $1,000,000.00 of capital expenditure and .85% of any amount over $1,000,000.00 of capital expenditure, up to a maximum of $60,000.00.

(11) As used in this section, "capital expenditure" means that term as defined in section 22203, except that capital expenditure does not include the cost of equipment that is not fixed equipment.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1990, Act 331, Imd. Eff. Dec. 21, 1990;—Am. 1991, Act 13, Imd. Eff. Apr. 25, 1991;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 683, Imd. Eff. Dec. 30, 2002;—Am. 2004, Act 469, Imd. Eff. Dec. 28, 2004;—Am. 2015, Act 104, Eff. Oct. 1, 2015;—Am. 2022, Act 265, Imd. Eff. Dec. 22, 2022.

**Popular name:** Act 368

**Administrative rules:** R 325.3801 et seq. and R 325.20101 et seq. of the Michigan Administrative Code.

### 333.20151 Cooperation; professional advice and consultation.

Sec. 20151. A licensee or certificate holder shall cooperate with the department in carrying out its responsibility under this article. The department shall, to the extent allowed by law, provide professional advice and consultation as to the quality of facility or agency aspects of health care and services provided by the applicant or licensee.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2000, Act 171, Imd. Eff. June 20, 2000.

**Popular name:** Act 368

### 333.20152 Certification by licensee; developing facilities and programs of care; rating individuals for purposes of reimbursement.

Sec. 20152. (1) A licensee shall certify to the department as part of its application for licensing and certification, that:

(a) All phases of its operation, including its training programs, comply with state and federal laws prohibiting discrimination. The applicant shall direct the administrator of the health facility or agency to take the necessary action to assure that the facility or agency is, in fact, so operated.

(b) Selection and appointment of physicians to its medical staff is without discrimination on the basis of licensure or registration as doctors of medicine or doctors of osteopathic medicine and surgery.

(2) This section does not prohibit a health facility or agency from developing facilities and programs of care that are for specific ages or sexes or rating individuals for purposes of determining appropriate reimbursement for care and services.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1981, Act 111, Imd. Eff. July 17, 1981.

**Popular name:** Act 368

### 333.20153 Definitions; single-use device; reusing, recycling, or refurbishing prohibited; exceptions; violation as felony; penalty.

Sec. 20153. (1) As used in this section:

(a) "Health care provider" means a health facility or agency or a health professional that utilizes single-use devices in furnishing medical or surgical treatment or care to human patients.

(b) "Health professional" means an individual licensed, certified, or authorized to engage in a health

© Courtesy of www.legislature.mi.gov

profession under article 15, but not including dentists, dental hygienists, or dental assistants under part 166 or veterinarians or veterinary technicians under part 188.

(c) "Original device" means a new, unused single-use device.

(d) "Reprocessed" means with respect to a single-use device, an original device that has previously been used on a human patient and has been subjected to additional processing and manufacturing for the purpose of additional use on a different human patient. Reprocessed includes the subsequent processing and manufacture of a reprocessed single-use device and any single-use device that meets the definition in this subdivision without regard to any description of the device used by the manufacturer of the device or other persons, including a description that uses the term "recycled", "refurbished", or "reused" rather than the term "reprocessed". Reprocessed does not include a disposable or single-use device that has been opened but not used on a person.

(e) "Single-use device" means a medical device that is intended for 1 use or procedure on a human patient, including any device marked "single-use device".

(2) Except as otherwise provided in this section, a health care provider shall not knowingly reuse, recycle, refurbish for reuse, or provide for reuse a single-use device.

(3) This section does not apply to a health care provider that does any of the following:

(a) Utilizes, recycles or reprocesses for utilization, or provides for utilization a single-use device that has been reprocessed by an entity that is registered as a reprocessor and is regulated by the United States food and drug administration.

(b) Utilizes an opened, but unused single-use device for which the sterility has been breached or compromised and that meets all of the following requirements:

(*i*) The single-use device has not been used on a human patient and has not been in contact with blood or bodily fluids.

(*ii*) The single-use device has been resterilized.

(c) Utilizes a used single-use device on the same human patient in an emergency situation.

(4) A health care provider that violates this section is guilty of a felony punishable by imprisonment for not more than 10 years or a fine of not more than $50,000.00, or both. A violation of this section by a health professional is considered a violation of article 15 and that health professional is subject to administrative action under sections 16221(h) and 16226.

**History:** Add. 2010, Act 25, Imd. Eff. Mar. 26, 2010.

**Popular name:** Act 368

### 333.20155 Visit to health facility or agency; survey and evaluation for purpose of licensure; nursing home surveyor; criminal history check; survey team; composition and membership; waiver; confidentiality of accreditation information; limitation and effect; consultation engineering survey; summary of substantial noncompliance or deficiencies and response; investigations or inspections; prior notice as misdemeanor; periodic reports; access to documents; disclosure; delegation of functions; voluntary inspections; forwarding evidence of violation to licensing agency; quarterly meeting; nursing home's survey report; posting; other state and federal law.

Sec. 20155. (1) Except as otherwise provided in this section, the department shall make at least 1 visit to each licensed health facility or agency every 3 years for survey and evaluation for the purpose of licensure. A visit made according to a complaint must be unannounced. Except for a county medical care facility, a home for the aged, a nursing home, or a hospice residence, the department shall determine whether the visits that are not made according to a complaint are announced or unannounced. The department shall ensure that each newly hired nursing home surveyor, as part of his or her basic training, is assigned full-time to a licensed nursing home for at least 10 days within a 14-day period to observe actual operations outside of the survey process before the trainee begins oversight responsibilities.

(2) The department shall establish a process that ensures both of the following:

(a) A newly hired nursing home surveyor does not make independent compliance decisions during his or her training period.

(b) A nursing home surveyor is not assigned as a member of a survey team for a nursing home in which he or she received training for 1 standard survey following the training received in that nursing home.

(3) The department shall perform a criminal history check on all nursing home surveyors in the manner provided for in section 20173a.

(4) A member of a survey team must not be employed by a licensed nursing home or a nursing home management company doing business in this state at the time of conducting a survey under this section. The

© Courtesy of www.legislature.mi.gov

department shall not assign an individual to be a member of a survey team for purposes of a survey, evaluation, or consultation visit at a nursing home in which he or she was an employee within the preceding 3 years.

(5) The department shall invite representatives from all nursing home provider organizations and the state long-term care ombudsman or his or her designee to participate in the planning process for the joint provider and surveyor training sessions. The department shall include at least 1 representative from nursing home provider organizations that do not own or operate a nursing home representing 30 or more nursing homes statewide in internal surveyor group quality assurance training provided for the purpose of general clarification and interpretation of existing or new regulatory requirements and expectations.

(6) The department shall make available online the general civil service position description related to the required qualifications for individual surveyors. The department shall use the required qualifications to hire, educate, develop, and evaluate surveyors.

(7) The department shall semiannually provide for joint training with nursing home surveyors and providers on at least 1 of the 10 most frequently issued federal citations in this state during the past calendar year. The department shall develop a protocol for the review of citation patterns compared to regional outcomes and standards and complaints regarding the nursing home survey process. Except as otherwise provided in this subsection, each member of a department nursing home survey team who is a health professional licensee under article 15 shall earn not less than 50% of his or her required continuing education credits, if any, in geriatric care. If a member of a nursing home survey team is a pharmacist licensed under article 15, he or she shall earn not less than 30% of his or her required continuing education credits in geriatric care.

(8) Subject to subsection (11), the department may waive the visit required by subsection (1) if a health facility or agency, requests a waiver and submits the following as applicable and if all of the requirements of subsection (10) are met:

(a) Evidence that it is currently fully accredited by a body with expertise in the health facility or agency type and the accrediting organization is accepted by the United States Department of Health and Human Services for purposes of 42 USC 1395bb.

(b) A copy of the most recent accreditation report, or executive summary, issued by a body described in subdivision (a), and the health facility's or agency's responses to the accreditation report is submitted to the department at least 30 days from license renewal. Submission of an executive summary does not prevent or prohibit the department from requesting the entire accreditation report if the department considers it necessary.

(c) For a nursing home, a finding of substantial compliance or an accepted plan of correction, if applicable, on the most recent standard federal certification survey under part 221.

(9) Except as otherwise provided in subsection (13), accreditation information provided to the department under subsection (8) is confidential, is not a public record, and is not subject to court subpoena. The department shall use the accreditation information only as provided in this section and properly destroy the documentation after a decision on the waiver request is made.

(10) The department shall grant a waiver under subsection (8) if the accreditation report submitted under subsection (8)(b) is less than 3 years old or the most recent standard federal certification survey under part 221 submitted under subsection (8)(c) shows substantial compliance or an accepted plan of correction, if applicable. If the accreditation report is too old, the department may deny the waiver request and conduct the visits required under subsection (8). Denial of a waiver request by the department is not subject to appeal.

(11) This section does not prohibit the department from citing a violation of this part during a survey, conducting investigations or inspections according to section 20156, or conducting surveys of health facilities or agencies for the purpose of complaint investigations. This section does not prohibit the bureau of fire services created in section 1b of the fire prevention code, 1941 PA 207, MCL 29.1b, from conducting annual surveys of hospitals, nursing homes, and county medical care facilities.

(12) At the request of a health facility or agency other than a health facility or agency defined in section 20106(1)(a), (d), (h), and (i), the department may conduct a consultation engineering survey of that health facility or agency and provide professional advice and consultation regarding facility construction and design. A health facility or agency may request a voluntary consultation survey under this subsection at any time between licensure surveys. The fees for a consultation engineering survey are the same as the fees established for waivers under section 20161(8).

(13) If the department determines that substantial noncompliance with licensure standards exists or that deficiencies that represent a threat to public safety or patient care exist based on a review of an accreditation report submitted under subsection (8)(b), the department shall prepare a written summary of the substantial noncompliance or deficiencies and the health facility's or agency's response to the department's determination.

© Courtesy of www.legislature.mi.gov

The department's written summary and the health facility's or agency's response are public documents.

(14) The department or a local health department shall conduct investigations or inspections, other than inspections of financial records, of a county medical care facility, home for the aged, nursing home, or hospice residence without prior notice to the health facility or agency. An employee of a state agency charged with investigating or inspecting the health facility or agency or an employee of a local health department who directly or indirectly gives prior notice regarding an investigation or an inspection, other than an inspection of the financial records, to the health facility or agency or to an employee of the health facility or agency, is guilty of a misdemeanor. Consultation visits that are not for the purpose of annual or follow-up inspection or survey may be announced.

(15) The department shall require periodic reports and a health facility or agency shall give the department access to books, records, and other documents maintained by a health facility or agency to the extent necessary to carry out the purpose of this article and the rules promulgated under this article. The department shall not divulge or disclose the contents of the patient's clinical records in a manner that identifies an individual except under court order. The department may copy health facility or agency records as required to document findings. Surveyors shall use electronic resident information, whenever available, as a source of survey-related data and shall request the assistance of a health facility or agency to access the system to maximize data export.

(16) The department may delegate survey, evaluation, or consultation functions to another state agency or to a local health department qualified to perform those functions. The department shall not delegate survey, evaluation, or consultation functions to a local health department that owns or operates a hospice or hospice residence licensed under this article. The department shall delegate under this subsection by cost reimbursement contract between the department and the state agency or local health department. The department shall not delegate survey, evaluation, or consultation functions to nongovernmental agencies, except as provided in this section. The licensee and the department must both agree to the voluntary inspection described in this subsection.

(17) If, upon investigation, the department or a state agency determines that an individual licensed to practice a profession in this state has violated the applicable licensure statute or the rules promulgated under that statute, the department, state agency, or local health department shall forward the evidence it has to the appropriate licensing agency.

(18) The department shall conduct a quarterly meeting and invite appropriate stakeholders. The department shall invite as appropriate stakeholders under this subsection at least 1 representative from each nursing home provider organization that does not own or operate a nursing home representing 30 or more nursing homes statewide, the state long-term care ombudsman or his or her designee, and any other clinical experts. Individuals who participate in these quarterly meetings, jointly with the department, may designate advisory workgroups to develop recommendations on opportunities for enhanced promotion of nursing home performance, including, but not limited to, programs that encourage and reward nursing homes that strive for excellence.

(19) A nursing home may use peer-reviewed, evidence-based, nationally recognized clinical process guidelines or peer-reviewed, evidence-based, best-practice resources to develop and implement resident care policies and compliance protocols with measurable outcomes to promote performance excellence.

(20) The department shall consider recommendations from an advisory workgroup created under subsection (18). The department may include training on new and revised peer-reviewed, evidence-based, nationally recognized clinical process guidelines or peer-reviewed, evidence-based, best-practice resources, which contain measurable outcomes, in the joint provider and surveyor training sessions to assist provider efforts toward improved regulatory compliance and performance excellence and to foster a common understanding of accepted peer-reviewed, evidence-based, best-practice resources between providers and the survey agency. The department shall post on its website all peer-reviewed, evidence-based, nationally recognized clinical process guidelines and peer-reviewed, evidence-based, best-practice resources used in a training session under this subsection for provider, surveyor, and public reference.

(21) A nursing home shall post the nursing home's survey report in a conspicuous place within the nursing home for public review.

(22) Nothing in this section limits the requirements of related state and federal law.

**Administrative rules:** R 325.3801 et seq. of the Michigan Administrative Code.

### 333.20155a Repealed. 2022, Act 187, Imd. Eff. July 25, 2022.

**Compiler's note:** The repealed section pertained to an electronic system for nursing home health survey tasks and federal grants.

**Popular name:** Act 368

### 333.20156 Entering premises of applicant or licensee; enforcement of rules; review and inspection of existing facilities; amendment of rules; verification of existing facilities; certificate of approval from bureau of fire services; applicability of subsections (2), (3), (4), and (5).

Sec. 20156. (1) A representative of the department or the bureau of fire services created in section 1b of the fire prevention code, 1941 PA 207, MCL 29.1b, upon presentation of proper identification, may enter the premises of an applicant or licensee at any reasonable time to determine whether the applicant or licensee meets the requirements of this article and the rules promulgated under this article. The director; the director of the department of health and human services; the bureau of fire services; the director of the office of services to the aging; or the director of a local health department; or an authorized representative of the director, the director of the department of health and human services, the bureau of fire services, the director of the office of services to the aging, or the director of a local health department may enter on the premises of an applicant or licensee under part 217 at any time in the course of carrying out program responsibilities.

(2) The bureau of fire services created in section 1b of the fire prevention code, 1941 PA 207, MCL 29.1b, shall enforce rules promulgated by the bureau of fire services for health facilities and agencies to ensure that physical facilities owned, maintained, or operated by a health facility or agency are planned, constructed, and maintained in a manner to protect the health, safety, and welfare of patients.

(3) Beginning on the effective date of the amendatory act that added this subsection, the bureau of fire services shall amend the rules to allow facilities in existence on or before the effective date of the amendatory act that added this subsection and continuously operating up to the time of application for a home for the aged license to be reviewed and inspected to comply with the provisions of chapter 18 or 19 or chapter 32 or 33 of the National Fire Protection Association standard number 101.

(4) An applicant under subsection (3) shall provide information requested by the department that allows the department to verify that the facility was in existence on or before the effective date of the amendatory act that added this subsection and has been continuously operating up to the time of application.

(5) The department shall not issue a license or certificate to a health facility or agency until it receives an appropriate certificate of approval from the bureau of fire services. For purposes of this section, a decision of the bureau of fire services to issue a certificate controls over that of a local fire department.

(6) Subsections (2), (3), (4), and (5) do not apply to a health facility or an agency licensed under part 205 or 209.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1982, Act 474, Eff. Mar. 30, 1983;—Am. 1986, Act 78, Imd. Eff. Apr. 7, 1986;—Am. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2006, Act 195, Imd. Eff. June 19, 2006;—Am. 2017, Act 167, Eff. Feb. 11, 2018.

**Compiler's note:** For transfer of powers and duties of the fire marshal division on programs relating to fire safety inspections of adult foster care, correctional, and health care facilities from the department of state police to the department of consumer and industry services, see E.R.O. No. 1997-2, compiled at MCL 29.451 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.20158 Biannual inspection reports for certain entities.

Sec. 20158. The department shall submit biannual reports to the appropriation subcommittees for the department, the senate and house fiscal agencies, and the state budget director containing a summary of input from individuals who perform inspections for entities regulated by the bureau of community and health systems, or a successor agency within the department, under this article. The feedback and input must be regarding the adequacy of federal and state guidelines pertaining to the areas that the individual inspects for the entities described in this section. The summary must include details of the feedback excluding information that identifies the inspectors providing the feedback. The summary may be cumulative in nature, but must be understandable to the general public.

**History:** Add. 2022, Act 117, Imd. Eff. June 24, 2022.

## 333.20161 Fees and assessments for health facility and agency licenses and certificates of need; schedule; fees; use of quality assurance assessment; tax levy; notification to ambulance operation; definitions.

Sec. 20161. (1) The department shall assess fees and other assessments for health facility and agency licenses and certificates of need on an annual basis as provided in this article. Until October 1, 2027, except as otherwise provided in this article, fees and assessments must be paid as provided in the following schedule:

| | |
|---|---|
| (a) Freestanding surgical outpatient facilities | $500.00 per facility license. |
| (b) Hospitals | $500.00 per facility license and $10.00 per licensed bed. |
| (c) Nursing homes, county medical care facilities, and hospital long-term care units | $500.00 per facility license and $3.00 per licensed bed over 100 licensed beds. |
| (d) Homes for the aged | $500.00 per facility license and $6.27 per licensed bed. |
| (e) Hospice agencies | $500.00 per agency license. |
| (f) Hospice residences | $500.00 per facility license and $5.00 per licensed bed. |
| (g) Freestanding birth center | $500.00 per facility license. |
| (h) Subject to subsection (11), quality assurance assessment for nursing homes and hospital long-term care units | an amount resulting in not more than 6% of total industry revenues. |
| (i) Subject to subsection (12), quality assurance assessment for hospitals | at a fixed or variable rate that generates funds not more than the maximum allowable under the federal matching requirements, after consideration for the amounts in subsection (12)(a) and (i). |
| (j) Initial licensure application fee for subdivisions (a), (b), (c), (d), (e), (f), and (g) | $2,000.00 per initial license. |

(2) If a hospital requests the department to conduct a certification survey for purposes of title XVIII or title XIX, the hospital shall pay a license fee surcharge of $23.00 per bed. As used in this subsection:

(a) "Title XVIII" means title XVIII of the social security act, 42 USC 1395 to 1395*lll*.

(b) "Title XIX" means title XIX of the social security act, 42 USC 1396 to 1396w-8.

(3) All of the following apply to the assessment under this section for certificates of need:

(a) The base fee for a certificate of need is $3,000.00 for each application. For a project requiring a projected capital expenditure of more than $500,000.00 but less than $4,000,000.00, an additional fee of $5,000.00 is added to the base fee. For a project requiring a projected capital expenditure of $4,000,000.00 or more but less than $10,000,000.00, an additional fee of $8,000.00 is added to the base fee. For a project requiring a projected capital expenditure of $10,000,000.00 or more, an additional fee of $12,000.00 is added to the base fee.

(b) In addition to the fees under subdivision (a), the applicant shall pay $3,000.00 for any designated complex project including a project scheduled for comparative review or for a consolidated licensed health facility application for acquisition or replacement.

(c) If required by the department, the applicant shall pay $1,000.00 for a certificate of need application that receives expedited processing at the request of the applicant.

(d) The department shall charge a fee of $500.00 to review any letter of intent requesting or resulting in a waiver from certificate of need review and any amendment request to an approved certificate of need.

(e) A health facility or agency that offers certificate of need covered clinical services shall pay $100.00 for each certificate of need approved covered clinical service as part of the certificate of need annual survey at the time of submission of the survey data.

(f) Except as otherwise provided in this section, the department shall use the fees collected under this subsection only to fund the certificate of need program. Funds remaining in the certificate of need program at the end of the fiscal year do not lapse to the general fund but remain available to fund the certificate of need program in subsequent years.

(4) A license issued under this part is effective for no longer than 1 year after the date of issuance.

(5) Fees described in this section are payable to the department at the time an application for a license, permit, or certificate is submitted. If an application for a license, permit, or certificate is denied or if a license, permit, or certificate is revoked before its expiration date, the department shall not refund fees paid to the

© Courtesy of www.legislature.mi.gov

department.

(6) The fee for a provisional license or temporary permit is the same as for a license. A license may be issued at the expiration date of a temporary permit without an additional fee for the balance of the period for which the fee was paid if the requirements for licensure are met.

(7) The cost of licensure activities must be supported by license fees.

(8) The application fee for a waiver under section 21564 is $200.00 plus $40.00 per hour for the professional services and travel expenses directly related to processing the application. The travel expenses must be calculated in accordance with the state standardized travel regulations of the department of technology, management, and budget in effect at the time of the travel.

(9) An applicant for licensure or renewal of licensure under part 209 shall pay the applicable fees set forth in part 209.

(10) Except as otherwise provided in this section, the fees and assessments collected under this section must be deposited in the state treasury, to the credit of the general fund. The department may use the unreserved fund balance in fees and assessments for the criminal history check program required under this article.

(11) The quality assurance assessment collected under subsection (1)(h) and all federal matching funds attributed to that assessment must be used only for the following purposes and under the following specific circumstances:

(a) The quality assurance assessment and all federal matching funds attributed to that assessment must be used to finance Medicaid nursing home reimbursement payments. Only licensed nursing homes and hospital long-term care units that are assessed the quality assurance assessment and participate in the Medicaid program are eligible for increased per diem Medicaid reimbursement rates under this subdivision. A nursing home or long-term care unit that is assessed the quality assurance assessment and that does not pay the assessment required under subsection (1)(h) in accordance with subdivision (c)(*i*) or in accordance with a written payment agreement with this state shall not receive the increased per diem Medicaid reimbursement rates under this subdivision until all of its outstanding quality assurance assessments and any penalties assessed under subdivision (f) have been paid in full. This subdivision does not authorize or require the department to overspend tax revenue in violation of the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

(b) Except as otherwise provided under subdivision (c), beginning October 1, 2005, the quality assurance assessment is based on the total number of patient days of care each nursing home and hospital long-term care unit provided to non-Medicare patients within the immediately preceding year, must be assessed at a uniform rate on October 1, 2005 and subsequently on October 1 of each following year, and is payable on a quarterly basis, with the first payment due 90 days after the date the assessment is assessed.

(c) Within 30 days after September 30, 2005, the department shall submit an application to the Centers for Medicare and Medicaid Services to request a waiver according to 42 CFR 433.68(e) to implement this subdivision as follows:

(*i*) If the waiver is approved, the quality assurance assessment rate for a nursing home or hospital long-term care unit with less than 40 licensed beds or with the maximum number, or more than the maximum number, of licensed beds necessary to secure federal approval of the application is $2.00 per non-Medicare patient day of care provided within the immediately preceding year or a rate as otherwise altered on the application for the waiver to obtain federal approval. If the waiver is approved, for all other nursing homes and long-term care units the quality assurance assessment rate is to be calculated by dividing the total statewide maximum allowable assessment permitted under subsection (1)(h) less the total amount to be paid by the nursing homes and long-term care units with less than 40 licensed beds or with the maximum number, or more than the maximum number, of licensed beds necessary to secure federal approval of the application by the total number of non-Medicare patient days of care provided within the immediately preceding year by those nursing homes and long-term care units with more than 39 licensed beds, but less than the maximum number of licensed beds necessary to secure federal approval. The quality assurance assessment, as provided under this subparagraph, must be assessed in the first quarter after federal approval of the waiver and must be subsequently assessed on October 1 of each following year, and is payable on a quarterly basis, with the first payment due 90 days after the date the assessment is assessed.

(*ii*) If the waiver is approved, continuing care retirement centers are exempt from the quality assurance assessment if the continuing care retirement center requires each center resident to provide an initial life interest payment of $150,000.00, on average, per resident to ensure payment for that resident's residency and services and the continuing care retirement center utilizes all of the initial life interest payment before the resident becomes eligible for medical assistance under the state's Medicaid plan. As used in this subparagraph, "continuing care retirement center" means a nursing care facility that provides independent living services,

© Courtesy of www.legislature.mi.gov

assisted living services, and nursing care and medical treatment services, in a campus-like setting that has shared facilities or common areas, or both.

(d) Beginning May 10, 2002, the department shall increase the per diem nursing home Medicaid reimbursement rates for the balance of that year. For each subsequent year in which the quality assurance assessment is assessed and collected, the department shall maintain the Medicaid nursing home reimbursement payment increase financed by the quality assurance assessment.

(e) The department shall implement this section in a manner that complies with federal requirements necessary to ensure that the quality assurance assessment qualifies for federal matching funds.

(f) If a nursing home or a hospital long-term care unit fails to pay the assessment required by subsection (1)(h), the department may assess the nursing home or hospital long-term care unit a penalty of 5% of the assessment for each month that the assessment and penalty are not paid up to a maximum of 50% of the assessment. The department may also refer for collection to the department of treasury past due amounts consistent with section 13 of 1941 PA 122, MCL 205.13.

(g) The Medicaid nursing home quality assurance assessment fund is established in the state treasury. The department shall deposit the revenue raised through the quality assurance assessment with the state treasurer for deposit in the Medicaid nursing home quality assurance assessment fund.

(h) The department shall not implement this subsection in a manner that conflicts with 42 USC 1396b(w).

(i) The quality assurance assessment collected under subsection (1)(h) must be prorated on a quarterly basis for any licensed beds added to or subtracted from a nursing home or hospital long-term care unit since the immediately preceding July 1. Any adjustments in payments are due on the next quarterly installment due date.

(j) In each fiscal year governed by this subsection, Medicaid reimbursement rates must not be reduced below the Medicaid reimbursement rates in effect on April 1, 2002 as a direct result of the quality assurance assessment collected under subsection (1)(h).

(k) The state retention amount of the quality assurance assessment collected under subsection (1)(h) must be equal to 13.2% of the federal funds generated by the nursing homes and hospital long-term care units quality assurance assessment, including the state retention amount. The state retention amount must be appropriated each fiscal year to the department to support Medicaid expenditures for long-term care services. These funds must offset an identical amount of general fund/general purpose revenue originally appropriated for that purpose.

(*l*) Beginning October 1, 2027, the department shall not assess or collect the quality assurance assessment or apply for federal matching funds. The quality assurance assessment collected under subsection (1)(h) must not be assessed or collected after September 30, 2011 if the quality assurance assessment is not eligible for federal matching funds. Any portion of the quality assurance assessment collected from a nursing home or hospital long-term care unit that is not eligible for federal matching funds must be returned to the nursing home or hospital long-term care unit.

(12) The quality assurance dedication is an earmarked assessment collected under subsection (1)(i). That assessment and all federal matching funds attributed to that assessment must be used only for the following purpose and under the following specific circumstances:

(a) To maintain the increased Medicaid reimbursement rate increases as provided for in subdivision (c).

(b) The quality assurance assessment must be assessed on all net patient revenue, before deduction of expenses, less Medicare net revenue, as reported in the most recently available Medicare cost report and is payable on a quarterly basis, with the first payment due 90 days after the date the assessment is assessed. As used in this subdivision, "Medicare net revenue" includes Medicare payments and amounts collected for coinsurance and deductibles.

(c) Beginning October 1, 2002, the department shall increase the hospital Medicaid reimbursement rates for the balance of that year. For each subsequent year in which the quality assurance assessment is assessed and collected, the department shall maintain the hospital Medicaid reimbursement rate increase financed by the quality assurance assessments.

(d) The department shall implement this section in a manner that complies with federal requirements necessary to ensure that the quality assurance assessment qualifies for federal matching funds.

(e) If a hospital fails to pay the assessment required by subsection (1)(i), the department may assess the hospital a penalty of 5% of the assessment for each month that the assessment and penalty are not paid up to a maximum of 50% of the assessment. The department may also refer for collection to the department of treasury past due amounts consistent with section 13 of 1941 PA 122, MCL 205.13.

(f) The hospital quality assurance assessment fund is established in the state treasury. The department shall deposit the revenue raised through the quality assurance assessment with the state treasurer for deposit in the hospital quality assurance assessment fund.

© Courtesy of www.legislature.mi.gov

(g) In each fiscal year governed by this subsection, the quality assurance assessment must only be collected and expended if Medicaid hospital inpatient DRG and outpatient reimbursement rates and graduate medical education payments are not below the level of rates and payments in effect on April 1, 2002 as a direct result of the quality assurance assessment collected under subsection (1)(i), except as provided in subdivision (h).

(h) The quality assurance assessment collected under subsection (1)(i) must not be assessed or collected after September 30, 2011 if the quality assurance assessment is not eligible for federal matching funds. Any portion of the quality assurance assessment collected from a hospital that is not eligible for federal matching funds must be returned to the hospital.

(i) The state retention amount of the quality assurance assessment collected under subsection (1)(i) must be equal to 13.2% of the federal funds generated by the hospital quality assurance assessment, including the state retention amount. The 13.2% state retention amount described in this subdivision does not apply to the Healthy Michigan plan. Beginning in the fiscal year ending September 30, 2018, and for each fiscal year thereafter, there is a retention amount of at least $118,420,600.00 for each fiscal year for the Healthy Michigan plan. By May 31 of each year, the department, the state budget office, and the Michigan Health and Hospital Association shall identify an appropriate retention amount for the Healthy Michigan plan. The state retention percentage must be applied proportionately to each hospital quality assurance assessment program to determine the retention amount for each program. The state retention amount must be appropriated each fiscal year to the department to support Medicaid expenditures for hospital services and therapy. These funds must offset an identical amount of general fund/general purpose revenue originally appropriated for that purpose.

(13) The department may establish a quality assurance assessment to increase ambulance reimbursement as follows:

(a) The quality assurance assessment authorized under this subsection must be used to provide reimbursement to Medicaid ambulance providers. The department may promulgate rules to provide the structure of the quality assurance assessment authorized under this subsection and the level of the assessment.

(b) The department shall implement this subsection in a manner that complies with federal requirements necessary to ensure that the quality assurance assessment qualifies for federal matching funds.

(c) The total annual collections by the department under this subsection must not exceed $20,000,000.00.

(d) The quality assurance assessment authorized under this subsection must not be collected after October 1, 2027. The quality assurance assessment authorized under this subsection must no longer be collected or assessed if the quality assurance assessment authorized under this subsection is not eligible for federal matching funds.

(e) By November 1 of each year, the department shall send a notification to each ambulance operation that will be assessed the quality assurance assessment authorized under this subsection during the year in which the notification is sent.

(14) The quality assurance assessment provided for under this section is a tax that is levied on a health facility or agency.

(15) As used in this section:

(a) "Healthy Michigan plan" means the medical assistance program described in section 105d of the social welfare act, 1939 PA 280, MCL 400.105d, that has a federal matching fund rate of not less than 90%.

(b) "Medicaid" means that term as defined in section 22207.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1981, Act 76, Eff. Oct. 1, 1981;—Am. 1984, Act 376, Eff. Mar. 29, 1985;—Am. 1987, Act 217, Imd. Eff. Dec. 22, 1987;—Am. 1988, Act 332, Eff. "Enacting section 1. This amendatory act takes effect October 1, 2013."

**Popular name:** Act 368

**Administrative rules:** R 325.3801 et seq. of the Michigan Administrative Code.

### 333.20162 License; receipt of completed application; issuance of license within certain period of time; nonrenewable temporary permit; provisional license; procedure for closing facility; order to licensee upon finding of noncompliance; notice, hearing, and status requirements; report; "completed application" defined.

Sec. 20162. (1) Beginning on the effective date of the amendatory act that added section 20935, upon a determination that a health facility or agency is in compliance with this article and the rules promulgated under this article, the department shall issue an initial license within 6 months after the applicant files a completed application. Receipt of the application is considered the date the application is received by any agency or department of this state. If the application is considered incomplete by the department, the department shall notify the applicant in writing or make the notice electronically available within 30 days after receipt of the incomplete application, describing the deficiency and requesting additional information. If the department identifies a deficiency or requires the fulfillment of a corrective action plan, the 6-month period is tolled until either of the following occurs:

(a) Upon notification by the department of a deficiency, until the date the requested information is received by the department.

(b) Upon notification by the department that a corrective action plan is required, until the date the department determines the requirements of the corrective action plan have been met.

(2) The determination of the completeness of an application does not operate as an approval of the application for the license and does not confer eligibility of an applicant determined otherwise ineligible for issuance of a license.

(3) Except as otherwise provided in this subsection, if the department fails to issue or deny a license within the time period required by this section, the department shall return the license fee and shall reduce the license fee for the applicant's next licensure application, if any, by 15%. Failure to issue or deny a license within the time period required under this section does not allow the department to otherwise delay processing an application. The completed application shall be placed in sequence with other completed applications received at that same time. The department shall not discriminate against an applicant in the processing of the application based upon the fact that the application fee was refunded or discounted under this subsection. The department may issue a nonrenewable temporary permit for not more than 6 months if additional time is needed to make a proper investigation or to permit the applicant to undertake remedial action related to operational or procedural deficiencies or items of noncompliance. A temporary permit shall not be issued to cover deficiencies in physical plant requirements.

(4) Except as provided in part 217, the department may issue a provisional license for not more than 3 consecutive years to an applicant who temporarily is unable to comply with the rules as to the physical plant owned, maintained, or operated by a health facility or agency except as otherwise provided in this article. A provisional license shall not be issued to a new health facility or agency or a facility or agency whose ownership is transferred after September 30, 1978, unless the facility or agency was licensed and operating under this article or a prior law for not less than 5 years. Provisional licensure under acts repealed by this code shall be counted against the 3-year maximum for licensure.

(5) The department, in order to protect the people of this state, shall provide a procedure for the orderly closing of a facility if it is unable to maintain its license under this section.

(6) Except as provided in part 217, the department, upon finding that a health facility or agency is not operating in accord with the requirements of its license, may:

(a) Issue an order directing the licensee to:

(*i*) Discontinue admissions.

(*ii*) Transfer selected patients out of the facility.

(*iii*) Reduce its licensed capacity.

(*iv*) Comply with specific requirements for licensure or certification as appropriate.

(b) Through the office of the attorney general, initiate misdemeanor proceedings against the licensee as provided in section 20199(1).

(7) An order issued under subsection (6) shall be governed by the notice and hearing requirements of section 20168(1) and the status requirements of section 20168(2).

(8) Beginning October 1, 2005, the director of the department shall submit a report by December 1 of each year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with public health issues. The director shall include all of the following information in the report

© Courtesy of www.legislature.mi.gov

concerning the preceding fiscal year:

(a) The number of initial applications the department received and completed within the 6-month time period required under subsection (1).

(b) The number of applications requiring a request for additional information.

(c) The number of applications denied.

(d) The average processing time for initial licenses granted after the 6-month period.

(e) The number of temporary permits issued under subsection (3).

(f) The number of initial license applications not issued within the 6-month period and the amount of money returned to applicants under subsection (3).

(9) As used in this section, "completed application" means an application complete on its face and submitted with any applicable licensing fees as well as any other information, records, approval, security, or similar item required by law or rule from a local unit of government, a federal agency, or a private entity but not from another department or agency of this state.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2004, Act 284, Imd. Eff. July 23, 2004.

**Popular name:** Act 368

### 333.20164 Duration of license or certification; license, certification, or certificate of need nontransferable; transfer of ownership or ownership interest; notice; application for license and certification.

Sec. 20164. (1) Except as provided in part 209, a license, certification, provisional license, or limited license is valid for not more than 1 year after the date of issuance.

(2) A license, certification, or certificate of need is not transferable and must state the persons, buildings, and properties to which it applies. Applications for licensure or certification because of transfer of ownership or essential ownership interest must not be acted upon until satisfactory evidence is provided of compliance with part 222.

(3) If ownership is not voluntarily transferred, the department must be notified immediately and the new owner shall apply for a license and certification not later than 30 days after the transfer.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1981, Act 111, Imd. Eff. July 17, 1981;—Am. 1982, Act 474, Eff. Mar. 30, 1983;—Am. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.20165 Denying, limiting, suspending, or revoking application, license, or certification; notice of intent; imposition of administrative fine.

Sec. 20165. (1) Except as otherwise provided in this section, after notice of intent to an applicant or licensee to deny, limit, suspend, or revoke the applicant's application or licensee's license or certification and an opportunity for a hearing, the department may deny, limit, suspend, or revoke the application, license, or certification or impose an administrative fine on a licensee if 1 or more of the following exist:

(a) Fraud or deceit in obtaining or attempting to obtain a license or certification or in the operation of the licensed health facility or agency.

(b) A violation of this article or a rule promulgated under this article.

(c) False or misleading advertising.

(d) Negligence or failure to exercise due care, including negligent supervision of employees and subordinates.

(e) Permitting a license or certificate to be used by an unauthorized health facility or agency.

(f) Evidence of abuse regarding a patient's health, welfare, or safety or the denial of a patient's rights.

(g) Failure to comply with section 10115.

(h) Failure to comply with part 222 or a term, condition, or stipulation of a certificate of need issued under part 222, or both.

(i) A violation of section 20197(1).

(2) The department may deny an application for a license or certification based on a finding of a condition or practice that would constitute a violation of this article if the applicant were a licensee.

(3) Denial, suspension, or revocation of an individual emergency medical services personnel license under part 209 is governed by section 20958.

(4) If the department determines under subsection (1) that a health facility or agency has violated section 20197(1), the department shall impose an administrative fine of $5,000,000.00 on the health facility or agency.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 186, Eff. Oct. 7, 1986;—Am. 1988, Act 332, Eff. Oct. 1, 1988;—Am.

1990, Act 179, Imd. Eff. July 2, 1990;—Am. 1998, Act 108, Eff. Mar. 23, 1999;—Am. 2008, Act 39, Eff. May 1, 2008;—Am. 2024, Act 250, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.20165a Action against health facility's treatment as authorized under right to try act; definitions.

Sec. 20165a. (1) Except in the case of gross negligence or willful misconduct as determined by the department, a health facility's cooperation in a treatment recommended by a health professional as authorized under the right to try act, alone, is not grounds for the department to take any action against a licensee under section 20165.

(2) As used in this section:

(a) "Gross negligence" means conduct so reckless as to demonstrate a substantial lack of concern for whether serious injury to a person would result.

(b) "Willful misconduct" means conduct committed with an intentional or reckless disregard for the safety of others, as by failing to exercise reasonable care to prevent a known danger.

**History:** Add. 2014, Act 346, Imd. Eff. Oct. 17, 2014.

### 333.20166 Notice of intent to deny, limit, suspend, or revoke license or certification; service; contents; hearing; record; transcript; determination; powers of department; judicial order to appear and give testimony; contempt; failure to show need for health facility or agency.

Sec. 20166. (1) Notice of intent to deny, limit, suspend, or revoke a license or certification shall be given by certified mail or personal service, shall set forth the particular reasons for the proposed action, and shall fix a date, not less that 30 days after the date of service, on which the applicant or licensee shall be given the opportunity for a hearing before the director or the director's authorized representative. The hearing shall be conducted in accordance with the administrative procedures act of 1969 and rules promulgated by the department. A full and complete record shall be kept of the proceeding and shall be transcribed when requested by an interested party, who shall pay the cost of preparing the transcript.

(2) On the basis of a hearing or on the default of the applicant or licensee, the department may issue, deny, limit, suspend, or revoke a license or certification. A copy of the determination shall be sent by certified mail or served personally upon the applicant or licensee. The determination becomes final 30 days after it is mailed or served, unless the applicant or licensee within the 30 days appeals the decision to the circuit court in the county of jurisdiction or to the Ingham county circuit court.

(3) The department may establish procedures, hold hearings, administer oaths, issue subpoenas, or order testimony to be taken at a hearing or by deposition in a proceeding pending at any stage of the proceeding. A person may be compelled to appear and testify and to produce books, papers, or documents in a proceeding.

(4) In case of disobedience of a subpoena, a party to a hearing may invoke the aid of the circuit court of the jurisdiction in which the hearing is held to require the attendance and testimony of witnesses. The circuit court may issue an order requiring an individual to appear and give testimony. Failure to obey the order of the circuit court may be punished by the court as a contempt.

(5) The department shall not deny, limit, suspend, or revoke a license on the basis of an applicant's or licensee's failure to show a need for a health facility or agency unless the health facility or agency has not obtained a certificate of need required by part 222.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1988, Act 332, Eff. Oct. 1, 1988.

**Compiler's note:** In paragraph (1), the words “not less that 30 days” evidently should read “not less than 30 days.”

**Popular name:** Act 368

### 333.20168 Emergency order limiting, suspending, or revoking license; limiting reimbursements or payments; hearing; contents of order; order not suspended by hearing.

Sec. 20168. (1) Upon a finding that a deficiency or violation of this article or the rules promulgated under this article seriously affects the health, safety, and welfare of individuals receiving care or services in or from a licensed health facility or agency, the department may issue an emergency order limiting, suspending, or revoking the license of the health facility or agency. If the department of public health issues an emergency order affecting the license of a nursing home, the department of public health may request the department of social services to limit reimbursements or payments authorized under section 21718. The department shall provide an opportunity for a hearing within 5 working days after issuance of the order.

(2) An order shall incorporate the department's findings. The conduct of a hearing under this section shall not suspend the department's order.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.20169 HIV infected test subject; compliance with reporting requirements; definitions.

Sec. 20169. (1) A health facility or agency licensed under this article that obtains from a test subject a test result that indicates that the test subject is HIV infected shall comply with the reporting requirements of section 5114.

(2) As used in this section:

(a) "HIV" means human immunodeficiency virus.

(b) "HIV infected" means that term as defined in section 5101.

**History:** Add. 1988, Act 489, Eff. Mar. 30, 1989.

**Popular name:** Act 368

### 333.20170 Medical records access; compliance.

Sec. 20170. A health facility or agency shall comply with the medical records access act.

**History:** Add. 2004, Act 48, Imd. Eff. Apr. 1, 2004.

**Popular name:** Act 368

### 333.20171 Rules implementing article; rules promulgated under MCL 333.21563; rules subject to MCL 554.917.

Sec. 20171. (1) The department shall promulgate and enforce rules to implement this article, including rules necessary to enable a health facility or agency to qualify for and receive federal funds available for patient care or for projects involving new construction, additions, modernizations, or conversions.

(2) The rules applicable to health facilities or agencies must be uniform insofar as is reasonable.

(3) The rules must establish standards relating to:

(a) Ownership.

(b) Reasonable disclosure of ownership interests in proprietary corporations and of financial interests of trustees of voluntary, nonprofit corporations and owners of proprietary corporations and partnerships.

(c) Organization and function of the health facility or agency, owner, operator, and governing body.

(d) Administration.

(e) Professional and nonprofessional staff, services, and equipment appropriate to implement section 20141(3).

(f) Policies and procedures.

(g) Fiscal and medical audit.

(h) Utilization and quality control review.

(i) Physical plant including planning, construction, functional design, sanitation, maintenance, housekeeping, and fire safety.

(j) Arrangements for the continuing evaluation of the quality of health care provided.

(k) Other pertinent organizational, operational, and procedural requirements for each type of health facility or agency.

(4) The rules promulgated under section 21563 for the designation of rural community hospitals may also specify all of the following:

(a) Maximum bed size.

(b) The level of services to be provided in each category as described in section 21562(2).

(c) Requirements for transfer agreements with other hospitals to ensure efficient and appropriate patient care.

(5) Rules promulgated under this article are subject to section 17 of the continuing care community disclosure act, 2014 PA 448, MCL 554.917.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1990, Act 252, Imd. Eff. Oct. 12, 1990;—Am. 2014, Act 449, Imd. Eff. Jan. 2, 2015;—Am. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

**Administrative rules:** R 325.1001 et seq.; R 325.1801 et seq.; R 325.2301 et seq.; R 325.3801 et seq.; R 325.6001 et seq.; R 325.20101 et seq.; and R 325.23101 et seq. of the Michigan Administrative Code.

### 333.20172 Policies and procedures; publication and distribution.

Sec. 20172. The department may publish and distribute written policies and procedures in the form of departmental letters necessary to the effective administration of this article.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

### 333.20173 Repealed. 2006, Act 28, Eff. Apr. 1, 2006.

**Compiler's note:** The repealed section pertained to criminal history check for employment applicants to nursing home, county medical care facility, or home for the aged.

### 333.20173a Covered facility; employees or applicants for employment; prohibitions; criminal history check; procedure; conditional employment or clinical privileges; knowingly providing false information as misdemeanor; prohibited use or dissemination of criminal history information as misdemeanor; review by licensing or regulatory department; conditions of continued employment; failure to conduct criminal history checks as misdemeanor; storage and retention of fingerprints; notification; electronic web-based system; definitions.

Sec. 20173a. (1) Except as otherwise provided in subsection (2), a covered facility shall not employ, independently contract with, or grant clinical privileges to an individual who regularly has direct access to or provides direct services to patients or residents in the covered facility if the individual satisfies 1 or more of the following:

(a) Has been convicted of a relevant crime described under 42 USC 1320a-7(a).

(b) Has been convicted of any of the following felonies, an attempt or conspiracy to commit any of those felonies, or any other state or federal crime that is similar to the felonies described in this subdivision, other than a felony for a relevant crime described under 42 USC 1320a-7(a), unless 15 years have lapsed since the individual completed all of the terms and conditions of his or her sentencing, parole, and probation for that conviction before the date of application for employment or clinical privileges or the date of the execution of the independent contract:

(*i*) A felony that involves the intent to cause death or serious impairment of a body function, that results in death or serious impairment of a body function, that involves the use of force or violence, or that involves the threat of the use of force or violence.

(*ii*) A felony involving cruelty or torture.

(*iii*) A felony under chapter XXA of the Michigan penal code, 1931 PA 328, MCL 750.145m to 750.145r.

(*iv*) A felony involving criminal sexual conduct.

(*v*) A felony involving abuse or neglect.

(*vi*) A felony involving the use of a firearm or dangerous weapon.

(*vii*) A felony involving the diversion or adulteration of a prescription drug or other medications.

(c) Has been convicted of a felony or an attempt or conspiracy to commit a felony, other than a felony for a relevant crime described under 42 USC 1320a-7(a) or a felony described under subdivision (b), unless 10 years have lapsed since the individual completed all of the terms and conditions of his or her sentencing, parole, and probation for that conviction prior to the date of application for employment or clinical privileges or the date of the execution of the independent contract.

(d) Has been convicted of any of the following misdemeanors, other than a misdemeanor for a relevant crime described under 42 USC 1320a-7(a), or a state or federal crime that is substantially similar to the misdemeanors described in this subdivision, within the 10 years immediately preceding the date of application for employment or clinical privileges or the date of the execution of the independent contract:

(*i*) A misdemeanor involving the use of a firearm or dangerous weapon with the intent to injure, the use of a firearm or dangerous weapon that results in a personal injury, or a misdemeanor involving the use of force or violence or the threat of the use of force or violence.

(*ii*) A misdemeanor under chapter XXA of the Michigan penal code, 1931 PA 328, MCL 750.145m to 750.145r.

(*iii*) A misdemeanor involving criminal sexual conduct.

(*iv*) A misdemeanor involving cruelty or torture unless otherwise provided under subdivision (e).

(*v*) A misdemeanor involving abuse or neglect.

(e) Has been convicted of any of the following misdemeanors, other than a misdemeanor for a relevant crime described under 42 USC 1320a-7(a), or a state or federal crime that is substantially similar to the misdemeanors described in this subdivision, within the 5 years immediately preceding the date of application for employment or clinical privileges or the date of the execution of the independent contract:

(*i*) A misdemeanor involving cruelty if committed by an individual who is less than 16 years of age.

(*ii*) A misdemeanor involving home invasion.

(*iii*) A misdemeanor involving embezzlement.

(*iv*) A misdemeanor involving negligent homicide or a violation of section 601d(1) of the Michigan vehicle

© Courtesy of www.legislature.mi.gov

code, 1949 PA 300, MCL 257.601d.

(*v*) A misdemeanor involving larceny unless otherwise provided under subdivision (g).

(*vi*) A misdemeanor of retail fraud in the second degree unless otherwise provided under subdivision (g).

(*vii*) Any other misdemeanor involving assault, fraud, theft, or the possession or delivery of a controlled substance unless otherwise provided under subdivision (d), (f), or (g).

(f) Has been convicted of any of the following misdemeanors, other than a misdemeanor for a relevant crime described under 42 USC 1320a-7(a), or a state or federal crime that is substantially similar to the misdemeanors described in this subdivision, within the 3 years immediately preceding the date of application for employment or clinical privileges or the date of the execution of the independent contract:

(*i*) A misdemeanor for assault if there was no use of a firearm or dangerous weapon and no intent to commit murder or inflict great bodily injury.

(*ii*) A misdemeanor of retail fraud in the third degree unless otherwise provided under subdivision (g).

(*iii*) A misdemeanor under part 74 unless otherwise provided under subdivision (g).

(g) Has been convicted of any of the following misdemeanors, other than a misdemeanor for a relevant crime described under 42 USC 1320a-7(a), or a state or federal crime that is substantially similar to the misdemeanors described in this subdivision, within the year immediately preceding the date of application for employment or clinical privileges or the date of the execution of the independent contract:

(*i*) A misdemeanor under part 74 if the individual, at the time of conviction, is under the age of 18.

(*ii*) A misdemeanor for larceny or retail fraud in the second or third degree if the individual, at the time of conviction, is under the age of 16.

(h) Is the subject of an order or disposition under section 16b of chapter IX of the code of criminal procedure, 1927 PA 175, MCL 769.16b.

(i) Engages in conduct that becomes the subject of a substantiated finding of neglect, abuse, or misappropriation of property by a state or federal agency under an investigation conducted in accordance with 42 USC 1395i-3 or 1396r.

(2) Except as otherwise provided in this subsection or subsection (5), a covered facility shall not employ, independently contract with, or grant privileges to an individual who regularly has direct access to or provides direct services to patients or residents in the covered facility until the covered facility or staffing agency has a criminal history check conducted in compliance with this section or has received criminal history record information in compliance with subsections (3) and (10). This subsection and subsection (1) do not apply to any of the following:

(a) An individual who is employed by, under independent contract to, or granted clinical privileges in a covered facility before April 1, 2006. On or before April 1, 2011, an individual who is exempt under this subdivision and who has not been the subject of a criminal history check conducted in compliance with this section shall provide the department of state police with a set of fingerprints and the department of state police shall input those fingerprints into the automated fingerprint identification system database established under subsection (13). An individual who is exempt under this subdivision is not limited to working within the covered facility with which he or she is employed by, under independent contract to, or granted clinical privileges on April 1, 2006 but may transfer to another covered facility, adult foster care facility, or mental health facility. If an individual who is exempt under this subdivision is subsequently convicted of a crime described under subsection (1)(a) to (g) or found to be the subject of a substantiated finding described under subsection (1)(i) or an order or disposition described under subsection (1)(h), or is found to have been convicted of a relevant crime described under 42 USC 1320a-7(a), then he or she is no longer exempt and shall be terminated from employment or denied employment or clinical privileges.

(b) An individual who is under an independent contract with a covered facility if he or she is not under the facility's control and the services for which he or she is contracted are not directly related to the provision of services to a patient or resident or if the services for which he or she is contracted allow for direct access to the patients or residents but are not performed on an ongoing basis. This exception includes, but is not limited to, an individual who is under an independent contract with the covered facility to provide utility, maintenance, construction, or communications services.

(3) An individual who applies for employment either as an employee or as an independent contractor or for clinical privileges with a staffing agency or covered facility and who has not been the subject of a criminal history check conducted in compliance with this section shall give written consent at the time of application for the department of state police to conduct a criminal history check under this section, along with identification acceptable to the department of state police. If the applicant has been the subject of a criminal history check conducted in compliance with this section, the applicant shall give written consent at the time of application for the covered facility or staffing agency to obtain the criminal history record information as prescribed in subsection (4) from the relevant licensing or regulatory department and for the department of

© Courtesy of www.legislature.mi.gov

state police to conduct a criminal history check under this section if the requirements of subsection (10) are not met and a request to the Federal Bureau of Investigation to make a determination of the existence of any national criminal history pertaining to the applicant is necessary, along with identification acceptable to the department of state police. Upon receipt of the written consent to obtain the criminal history record information and identification required under this subsection, the staffing agency or covered facility that has made a good faith offer of employment or an independent contract or clinical privileges to the applicant shall request the criminal history record information from the relevant licensing or regulatory department and shall make a request regarding that applicant to the relevant licensing or regulatory department to conduct a check of all relevant registries in the manner required in subsection (4). If the requirements of subsection (10) are not met and a request to the Federal Bureau of Investigation to make a subsequent determination of the existence of any national criminal history pertaining to the applicant is necessary, the covered facility or staffing agency shall proceed in the manner required in subsection (4). A staffing agency that employs an individual who regularly has direct access to or provides direct services to patients or residents under an independent contract with a covered facility shall submit information regarding the criminal history check conducted by the staffing agency to the covered facility that has made a good faith offer of independent contract to that applicant.

(4) Upon receipt of the written consent to conduct a criminal history check and identification required under subsection (3), a staffing agency or covered facility that has made a good faith offer of employment or an independent contract or clinical privileges to the applicant shall make a request to the department of state police to conduct a criminal history check on the applicant, to input the applicant's fingerprints into the automated fingerprint identification system database, and to forward the applicant's fingerprints to the Federal Bureau of Investigation. The department of state police shall request the Federal Bureau of Investigation to make a determination of the existence of any national criminal history pertaining to the applicant. The applicant shall provide the department of state police with a set of fingerprints. The request shall be made in a manner prescribed by the department of state police. The staffing agency or covered facility shall make the written consent and identification available to the department of state police. The staffing agency or covered facility shall make a request regarding that applicant to the relevant licensing or regulatory department to conduct a check of all relevant registries established according to federal and state law and regulations for any substantiated findings of abuse, neglect, or misappropriation of property. If the department of state police or the Federal Bureau of Investigation charges a fee for conducting the criminal history check, the staffing agency or covered facility shall pay the cost of the charge. Except as otherwise provided in this subsection, if the department of state police or the Federal Bureau of Investigation charges a fee for conducting the criminal history check, the department shall pay the cost of or reimburse the charge for a covered facility that is a home for the aged. After October 1, 2018, if the department of state police or the Federal Bureau of Investigation charges a fee for conducting the criminal history check, the department shall pay the cost of the charge up to 40 criminal history checks per year for a covered facility that is a home for the aged with fewer than 100 beds and 50 criminal history checks per year for a home for the aged with 100 beds or more. The staffing agency or covered facility shall not seek reimbursement for a charge imposed by the department of state police or the Federal Bureau of Investigation from the individual who is the subject of the criminal history check. A prospective employee or a prospective independent contractor covered under this section may not be charged for the cost of a criminal history check required under this section. The department of state police shall conduct a criminal history check on the applicant named in the request. The department of state police shall provide the department with a written report of the criminal history check conducted under this subsection. The report shall contain any criminal history record information on the applicant maintained by the department of state police. The department of state police shall provide the results of the Federal Bureau of Investigation determination to the department within 30 days after the request is made. If the requesting staffing agency or covered facility is not a state department or agency and if criminal history record information is disclosed on the written report of the criminal history check or the Federal Bureau of Investigation determination that resulted in a conviction, the department shall notify the staffing agency or covered facility and the applicant in writing of the type of crime disclosed on the written report of the criminal history check or the Federal Bureau of Investigation determination without disclosing the details of the crime. Any charges imposed by the department of state police or the Federal Bureau of Investigation for conducting a criminal history check or making a determination under this subsection shall be paid in the manner required under this subsection. The notice shall include a statement that the applicant has a right to appeal the information relied upon by the staffing agency or covered facility in making its decision regarding his or her employment eligibility based on the criminal history check. The notice shall also include information regarding where to file and describing the appellate procedures established under section 20173b.

(5) If a covered facility determines it necessary to employ or grant clinical privileges to an applicant before

© Courtesy of www.legislature.mi.gov

receiving the results of the applicant's criminal history check or criminal history record information under this section, the covered facility may conditionally employ or grant conditional clinical privileges to the individual if all of the following apply:

(a) The covered facility requests the criminal history check or criminal history record information under this section upon conditionally employing or conditionally granting clinical privileges to the individual.

(b) The individual signs a statement in writing that indicates all of the following:

(*i*) That he or she has not been convicted of 1 or more of the crimes that are described in subsection (1)(a) to (g) within the applicable time period prescribed by each subdivision respectively.

(*ii*) That he or she is not the subject of an order or disposition described in subsection (1)(h).

(*iii*) That he or she has not been the subject of a substantiated finding as described in subsection (1)(i).

(*iv*) That he or she agrees that, if the information in the criminal history check conducted under this section does not confirm the individual's statements under subparagraphs (*i*) to (*iii*), his or her employment or clinical privileges will be terminated by the covered facility as required under subsection (1) unless and until the individual appeals and can prove that the information is incorrect.

(*v*) That he or she understands that the conditions described in subparagraphs (*i*) to (*iv*) may result in the termination of his or her employment or clinical privileges and that those conditions are good cause for termination.

(c) Except as otherwise provided in this subdivision, the covered facility does not permit the individual to have regular direct access to or provide direct services to patients or residents in the covered facility without supervision until the criminal history check or criminal history record information is obtained and the individual is eligible for that employment or clinical privileges. If required under this subdivision, the covered facility shall provide on-site supervision of an individual in the covered facility on a conditional basis under this subsection by an individual who has undergone a criminal history check conducted in compliance with this section. A covered facility may permit an individual in the covered facility on a conditional basis under this subsection to have regular direct access to or provide direct services to patients or residents in the covered facility without supervision if all of the following conditions are met:

(*i*) The covered facility, at its own expense and before the individual has direct access to or provides direct services to patients or residents of the covered facility, conducts a search of public records on that individual through the internet criminal history access tool maintained by the department of state police and the results of that search do not uncover any information that would indicate that the individual is not eligible to have regular direct access to or provide direct services to patients or residents under this section.

(*ii*) Before the individual has direct access to or provides direct services to patients or residents of the covered facility, the individual signs a statement in writing that he or she has resided in this state without interruption for at least the immediately preceding 12-month period.

(*iii*) If applicable, the individual provides to the department of state police a set of fingerprints on or before the expiration of 10 business days following the date the individual was conditionally employed or granted conditional clinical privileges under this subsection.

(6) The department shall develop and distribute a model form for the statements required under subsection (5)(b) and (c). The department shall make the model form available to covered facilities upon request at no charge.

(7) If an individual is employed as a conditional employee or is granted conditional clinical privileges under subsection (5), and the information under subsection (3) or report under subsection (4) does not confirm the individual's statement under subsection (5)(b)(*i*) to (*iii*), the covered facility shall terminate the individual's employment or clinical privileges as required by subsection (1).

(8) An individual who knowingly provides false information regarding his or her identity, criminal convictions, or substantiated findings on a statement described in subsection (5)(b)(*i*) to (*iii*) is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $500.00, or both.

(9) A staffing agency or covered facility shall use criminal history record information obtained under subsection (3) or (4) only for the purpose of evaluating an applicant's qualifications for employment, an independent contract, or clinical privileges in the position for which he or she has applied and for the purposes of subsections (5) and (7). A staffing agency or covered facility or an employee of the staffing agency or covered facility shall not disclose criminal history record information obtained under subsection (3) or (4) to a person who is not directly involved in evaluating the applicant's qualifications for employment, an independent contract, or clinical privileges. An individual who knowingly uses or disseminates the criminal history record information obtained under subsection (3) or (4) in violation of this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $1,000.00, or both. Except for a knowing or intentional release of false information, a staffing agency or covered facility

© Courtesy of www.legislature.mi.gov

has no liability in connection with a criminal history check conducted in compliance with this section or the release of criminal history record information under this subsection.

(10) Upon consent of an applicant as required in subsection (3) and upon request from a staffing agency or covered facility that has made a good faith offer of employment or an independent contract or clinical privileges to the applicant, the relevant licensing or regulatory department shall review the criminal history record information, if any, and notify the requesting staffing agency or covered facility of the information in the manner prescribed in subsection (4). Until the department of state police can participate with the Federal Bureau of Investigation's automatic notification system similar to the system required of the state police under subsection (13) and federal regulations allow the federal criminal record to be used for subsequent authorized uses, as determined in an order issued by the department, a staffing agency or covered facility may rely on the criminal history record information provided by the relevant licensing or regulatory department under this subsection and a request to the Federal Bureau of Investigation to make a subsequent determination of the existence of any national criminal history pertaining to the applicant is not necessary if all of the following requirements are met:

(a) The criminal history check was conducted during the immediately preceding 12-month period.

(b) The applicant has been continuously employed by the staffing agency or a covered facility, adult foster care facility, or mental health facility since the criminal history check was conducted in compliance with this section or meets the continuous employment requirement of this subdivision other than being on layoff status for less than 1 year from a covered facility, adult foster care facility, or mental health facility.

(c) The applicant can provide evidence acceptable to the relevant licensing or regulatory department that he or she has been a resident of this state for the immediately preceding 12-month period.

(11) As a condition of continued employment, each employee, independent contractor, or individual granted clinical privileges shall do each of the following:

(a) Agree in writing to report to the staffing agency or covered facility immediately upon being arraigned for 1 or more of the criminal offenses listed in subsection (1)(a) to (g), upon being convicted of 1 or more of the criminal offenses listed in subsection (1)(a) to (g), upon becoming the subject of an order or disposition described under subsection (1)(h), and upon being the subject of a substantiated finding of neglect, abuse, or misappropriation of property as described in subsection (1)(i). Reporting of an arraignment under this subdivision is not cause for termination or denial of employment.

(b) If a set of fingerprints is not already on file with the department of state police, provide the department of state police with a set of fingerprints.

(12) In addition to sanctions set forth in section 20165, a licensee, owner, administrator, or operator of a staffing agency or covered facility who knowingly and willfully fails to conduct the criminal history checks as required under this section is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than $5,000.00, or both.

(13) The department of state police and the Federal Bureau of Investigation shall store and retain all fingerprints submitted under this section and provide for an automatic notification if and when subsequent criminal information submitted into the system matches a set of fingerprints previously submitted under this section. Upon such notification, the department of state police shall immediately notify the department and the department shall immediately contact each respective staffing agency or covered facility with which that individual is associated. Information in the database established under this subsection is confidential, is not subject to disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, and shall not be disclosed to any person except for purposes of this act or for law enforcement purposes.

(14) The department shall maintain an electronic web-based system to assist staffing agencies and covered facilities required to check relevant registries and conduct criminal history checks of its employees, independent contractors, and individuals granted privileges and to provide for an automated notice to those staffing agencies and covered facilities for those individuals inputted in the system who, since the initial criminal history check, have been convicted of a disqualifying offense or have been the subject of a substantiated finding of abuse, neglect, or misappropriation of property. The department may charge a staffing agency a 1-time set-up fee of up to $100.00 for access to the electronic web-based system under this section.

(15) As used in this section:

(a) "Adult foster care facility" means an adult foster care facility licensed under the adult foster care facility licensing act, 1979 PA 218, MCL 400.701 to 400.737.

(b) "Convicted" means either of the following:

(*i*) For a crime that is not a relevant crime, a final conviction, the payment of a fine, a plea of guilty or nolo contendere if accepted by the court, or a finding of guilt for a criminal law violation or a juvenile adjudication or disposition by the juvenile division of probate court or family division of circuit court for a violation that if committed by an adult would be a crime.

© Courtesy of www.legislature.mi.gov

(*ii*) For a relevant crime described under 42 USC 1320a-7(a), convicted means that term as defined in 42 USC 1320a-7.

(c) "Covered facility" means a health facility or agency that is a nursing home, county medical care facility, hospice, hospital that provides swing bed services, home for the aged, or home health agency.

(d) "Criminal history check conducted in compliance with this section" includes a criminal history check conducted under this section, under section 134a of the mental health code, 1974 PA 258, MCL 330.1134a, or under section 34b of the adult foster care facility licensing act, 1979 PA 218, MCL 400.734b.

(e) "Direct access" means access to a patient or resident or to a patient's or resident's property, financial information, medical records, treatment information, or any other identifying information.

(f) "Home health agency" means a person certified by Medicare whose business is to provide to individuals in their places of residence other than in a hospital, nursing home, or county medical care facility 1 or more of the following services: nursing services, therapeutic services, social work services, homemaker services, home health aide services, or other related services.

(g) "Independent contract" means a contract entered into by a covered facility with an individual who provides the contracted services independently or a contract entered into by a covered facility with a staffing agency that complies with the requirements of this section to provide the contracted services to the covered facility on behalf of the staffing agency.

(h) "Medicare" means benefits under the federal Medicare program established under title XVIII of the social security act, 42 USC 1395 to 1395*lll*.

(i) "Mental health facility" means a psychiatric facility or other facility defined in 42 USC 1396d(d) as described under the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106.

(j) "Staffing agency" means an entity that recruits candidates and provides temporary and permanent qualified staffing for covered facilities, including independent contractors.

(k) "Under the facility's control" means an individual employed by or under independent contract with a covered facility for whom the covered facility does both of the following:

(*i*) Determines whether the individual who has access to patients or residents may provide care, treatment, or other similar support service functions to patients or residents served by the covered facility.

(*ii*) Directs or oversees 1 or more of the following:

(A) The policy or procedures the individual must follow in performing his or her duties.

(B) The tasks performed by the individual.

(C) The individual's work schedule.

(D) The supervision or evaluation of the individual's work or job performance, including imposing discipline or granting performance awards.

(E) The compensation the individual receives for performing his or her duties.

(F) The conditions under which the individual performs his or her duties.

**History:** Add. 2006, Act 28, Eff. Apr. 1, 2006;—Am. 2008, Act 123, Imd. Eff. May 9, 2008;—Am. 2008, Act 443, Imd. Eff. Jan. 9, 2009;—Am. 2008, Act 444, Eff. Oct. 31, 2010;—Am. 2010, Act 291, Imd. Eff. Dec. 16, 2010;—Am. 2014, Act 66, Imd. Eff. Mar. 28, 2014;—Am. 2017, Act 167, Eff. Feb. 11, 2018.

**Compiler's note:** Enacting section 1 of Act 28 of 2006 provides:

"Enacting section 1. (1) Section 20173 of the public health code, 1978 PA 368, MCL 333.20173, is repealed effective April 1, 2006.

"(2) Section 20173a of the public health code, 1978 PA 368, MCL 333.20173a, as added by this amendatory act, takes effect April 1, 2006, since the department has secured the necessary federal approval to utilize federal funds to reimburse those facilities for the costs incurred for requesting a national criminal history check to be conducted by the federal bureau of investigation and the department has filed written notice of that approval with the secretary of state. The department shall issue a medicaid policy bulletin regarding the payment and reimbursement for the criminal history checks by April 1, 2006.

"(3) Section 20173b of the public health code, 1978 PA 368, MCL 333.20173b, as added by this amendatory act, takes effect the date this amendatory act is enacted."

**Popular name:** Act 368

### 333.20173b Individual disqualified or denied employment pursuant to MCL 333.20173, 333.20173a, or 330.1134a; appeal; report to legislature; "business day" defined.

Sec. 20173b. (1) An individual who has been disqualified from or denied employment by a health facility or agency that is a nursing home, county medical care facility, hospice, hospital that provides swing bed services, home for the aged, or home health agency or by a psychiatric facility or other facility defined in 42 USC 1396d(d) based on a criminal history check conducted pursuant to section 20173 or 20173a or pursuant to section 134a of the mental health code, 1974 PA 258, MCL 330.1134a, respectively, may appeal to the department if he or she believes that the criminal history report is inaccurate, and the appeal shall be conducted as a contested case hearing pursuant to the administrative procedures act of 1969. The individual shall file the appeal with the director of the department within 15 business days after receiving the written

© Courtesy of www.legislature.mi.gov

report of the criminal history check unless the conviction contained in the criminal history report is one that may be expunged or set aside. If an individual has been disqualified or denied employment based on a conviction that may be expunged or set aside, then he or she shall file the appeal on a form provided by the department within 15 business days after a court order granting or denying his or her application to expunge or set aside that conviction is granted. If the order is granted and the conviction is expunged or set aside, then the individual shall not be disqualified or denied employment based solely on that conviction. The director shall review the appeal and issue a written decision within 30 business days after receiving the appeal. The decision of the director is final.

(2) Beginning February 17, 2007 and each year thereafter for the next 3 years, the department shall provide the legislature with a written report regarding the appeals process implemented under this section for employees subject to criminal history checks. The report shall include, but is not limited to, for the immediately preceding year the number of applications for appeal received, the number of inaccuracies found and appeals granted with regard to the criminal history checks conducted under section 20173a, the average number of days necessary to complete the appeals process for each appeal, and the number of appeals rejected without a hearing and a brief explanation of the denial.

(3) As used in this section, "business day" means a day other than a Saturday, Sunday, or any legal holiday.

**History:** Add. 2006, Act 28, Imd. Eff. Feb. 17, 2006;—Am. 2014, Act 66, Imd. Eff. Mar. 28, 2014.

**Compiler's note:** Enacting section 1 of Act 28 of 2006 provides:

"Enacting section 1. (1) Section 20173 of the public health code, 1978 PA 368, MCL 333.20173, is repealed effective April 1, 2006.

"(2) Section 20173a of the public health code, 1978 PA 368, MCL 333.20173a, as added by this amendatory act, takes effect April 1, 2006, since the department has secured the necessary federal approval to utilize federal funds to reimburse those facilities for the costs incurred for requesting a national criminal history check to be conducted by the federal bureau of investigation and the department has filed written notice of that approval with the secretary of state. The department shall issue a medicaid policy bulletin regarding the payment and reimbursement for the criminal history checks by April 1, 2006.

"(3) Section 20173b of the public health code, 1978 PA 368, MCL 333.20173b, as added by this amendatory act, takes effect the date this amendatory act is enacted."

### 333.20174 Practice agreement; designation of physician by health facility or agency.

Sec. 20174. A health facility or agency may designate 1 or more physicians to enter into a practice agreement under section 17047 or 17547.

**History:** Add. 2016, Act 379, Eff. Mar. 22, 2017.

**Popular name:** Act 368

### 333.20175 Maintaining record for each patient; confidentiality; wrongfully altering or destroying records; noncompliance; fine; licensing and certification records as public records; confidentiality; disclosure; report or notice of disciplinary action; information provided in report; nature and use of certain records, data, and knowledge.

Sec. 20175. (1) A health facility or agency shall keep and maintain a record for each patient, including a full and complete record of tests and examinations performed, observations made, treatments provided, and in the case of a hospital, the purpose of hospitalization. If a medical service provided to a patient on or after the effective date of the amendatory act that added this sentence involves the vaginal or anal penetration of the patient, a health facility or agency shall ensure that the patient's medical record expressly states that vaginal or anal penetration was performed unless the medical service meets any of the circumstances described in subsection (2)(b)(*i*)(A), (B), (C), or (D).

(2) Unless a longer retention period is otherwise required under federal or state laws or regulations or by generally accepted standards of medical practice, a health facility or agency shall keep and retain each record required under subsection (1) as follows:

(a) Except as otherwise provided in subdivision (b), for a minimum of 7 years from the date of service to which the record pertains.

(b) For a minimum of 15 years from the date of service to which the record pertains if the service is performed on or after the effective date of the amendatory act that added this subdivision and 1 of the following applies:

(*i*) The record includes a medical service involving the vaginal or anal penetration of a patient. This subparagraph does not apply to a record for any of the following:

(A) A medical service that primarily relates to the patient's urological, gastrointestinal, reproductive, gynecological, or sexual health.

(B) A medical service that is necessary and associated with or incident to a medical emergency. As used in this sub-subparagraph, "medical emergency" means a circumstance that, in the good-faith medical judgment

© Courtesy of www.legislature.mi.gov

of a health professional who is licensed under article 15, creates an immediate threat of serious risk to the life or physical health of the patient.

(C) A medical service performed for the purpose of rectally administering a drug or medicine.

(D) A medical service performed to measure a patient's temperature.

(*ii*) The patient has filed a complaint with the health facility or agency alleging sexual misconduct by an individual who is employed by, under contract to, or granted privileges by the health facility or agency. As used in this subparagraph, "sexual misconduct" means the conduct described in section 90, 136, 145a, 145b, 145c, 520b, 520c, 520d, 520e, or 520g of the Michigan penal code, 1931 PA 328, MCL 750.90, 750.136, 750.145a, 750.145b, 750.145c, 750.520b, 750.520c, 750.520d, 750.520e, or 750.520g, regardless of whether the conduct resulted in a criminal conviction.

(3) A health facility or agency shall maintain the records required under subsection (1) in such a manner as to protect their integrity, to ensure their confidentiality and proper use, and to ensure their accessibility and availability to each patient or the patient's authorized representative as required by law.

(4) Except as otherwise provided in subsection (6), a health facility or agency may destroy a record required under subsection (1) that is less than 7 years old only if both of the following are satisfied:

(a) The health facility or agency sends a written notice to the patient at the last known address of that patient informing the patient that the record is about to be destroyed, offering the patient the opportunity to request a copy of that record, and requesting the patient's written authorization to destroy the record.

(b) The health facility or agency receives written authorization from the patient or the patient's authorized representative agreeing to the destruction of the record.

(5) Except as otherwise provided under federal or state laws and regulations, records required to be maintained under subsection (1), other than a record described in subsection (2)(b), may be destroyed or otherwise disposed of after being maintained for 7 years, and records described in subsection (2)(b) may be destroyed or otherwise disposed of after being maintained for 15 years. If records maintained in accordance with this section are subsequently destroyed or otherwise disposed of, those records must be shredded, incinerated, electronically deleted, or otherwise disposed of in a manner that ensures continued confidentiality of the patient's health care information and any other personal information relating to the patient. If records are not destroyed or otherwise disposed of as provided under this subsection or subsection (4), the department may take action, including, but not limited to, contracting for or making other arrangements to ensure that those records and any other confidential identifying information related to the patient are properly destroyed or disposed of to protect the confidentiality of patient's health care information and any other personal information relating to the patient. Before the department takes action in accordance with this subsection, the department, if able to identify the health facility or agency responsible for the improper destruction or disposal of the medical records at issue, shall send a written notice to that health facility or agency at the last known address on file with the department and provide the health facility or agency with an opportunity to properly destroy or dispose of those medical records as required under this subsection or subsection (4), unless a delay in the proper destruction or disposal may compromise the patient's confidentiality. The department may assess the health facility or agency with the costs incurred by the department to enforce this subsection. In addition to the sanctions set forth in section 20165, a hospital that fails to comply with this subsection or subsection (4) is subject to an administrative fine of $10,000.00.

(6) A health facility or agency shall only destroy a record described in subsection (2)(b) in accordance with subsection (5).

(7) A hospital shall take precautions to ensure that the records required under subsection (1) are not wrongfully altered or destroyed. A hospital that fails to comply with this subsection is subject to an administrative fine of $10,000.00.

(8) Unless otherwise provided by law, the licensing and certification records required by this article are public records.

(9) Departmental officers and employees shall respect the confidentiality of patient clinical records and shall not divulge or disclose the contents of records in a manner that identifies an individual except pursuant to court order or as otherwise authorized by law.

(10) A health facility or agency that employs, contracts with, or grants privileges to a health professional licensed or registered under article 15 shall report the following to the department not more than 30 days after it occurs:

(a) Disciplinary action taken by the health facility or agency against a health professional licensed or registered under article 15 based on the licensee's or registrant's professional competence, disciplinary action that results in a change of employment status, or disciplinary action based on conduct that adversely affects the licensee's or registrant's clinical privileges for a period of more than 15 days. As used in this subdivision, "adversely affects" means the reduction, restriction, suspension, revocation, denial, or failure to renew the

© Courtesy of www.legislature.mi.gov

clinical privileges of a licensee or registrant by a health facility or agency.

(b) Restriction or acceptance of the surrender of the clinical privileges of a licensee or registrant under either of the following circumstances:

(*i*) The licensee or registrant is under investigation by the health facility or agency.

(*ii*) There is an agreement in which the health facility or agency agrees not to conduct an investigation into the licensee's or registrant's alleged professional incompetence or improper professional conduct.

(c) A case in which a health professional resigns or terminates a contract or whose contract is not renewed instead of the health facility or agency taking disciplinary action against the health professional.

(11) Upon request by another health facility or agency seeking a reference for purposes of changing or granting staff privileges, credentials, or employment, a health facility or agency that employs, contracts with, or grants privileges to health professionals licensed or registered under article 15 shall notify the requesting health facility or agency of any disciplinary or other action reportable under subsection (10) that it has taken against a health professional licensed or registered under article 15 and employed by, under contract to, or granted privileges by the health facility or agency.

(12) For the purpose of reporting disciplinary actions under this section, a health facility or agency shall include only the following in the information provided:

(a) The name of the licensee or registrant against whom disciplinary action has been taken.

(b) A description of the disciplinary action taken.

(c) The specific grounds for the disciplinary action taken.

(d) The date of the incident that is the basis for the disciplinary action.

(13) The records, data, and knowledge collected for or by individuals or committees assigned a professional review function in a health facility or agency, or an institution of higher education in this state that has colleges of osteopathic and human medicine, are confidential, must be used only for the purposes provided in this article, are not public records, and are not subject to court subpoena.

(14) This section does not apply to a health facility or agency that is a health maintenance organization.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1986, Act 174, Imd. Eff. July 7, 1986;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2000, Act 319, Imd. Eff. Oct. 24, 2000;—Am. 2006, Act 481, Imd. Eff. Dec. 22, 2006;—Am. 2023, Act 62, Eff. Oct. 10, 2023.

**Compiler's note:** Section 3 of Act 174 of 1986 provides: "This amendatory act shall only apply to contested cases filed on or after July 1, 1986."

**Popular name:** Act 368

### 333.20175a Agreement with another health facility to protect, maintain, and provide access to records; closure of health facility; noncompliance; fine; definitions.

Sec. 20175a. (1) If a health facility or agency is unable to comply with section 20175, the health facility or agency shall employ or contract, arrange, or enter into an agreement with another health facility or agency or a medical records company to protect, maintain, and provide access to those records required under section 20175(1).

(2) If a health facility or agency closes or otherwise ceases operation, the health facility or agency shall not abandon the records required to be maintained under section 20175(1) and shall send a written notice to the department that specifies who will have custody of the medical records and how a patient may request access to or copies of the patient's medical records and shall do either of the following:

(a) Transfer the records required under section 20175(1) to any of the following:

(*i*) A successor health facility or agency.

(*ii*) If designated by the patient or the patient's authorized representative, to the patient or a specific health facility or agency or a health care provider licensed or registered under article 15.

(*iii*) A health facility or agency or a medical records company with which the health facility or agency had contracted or entered into an agreement to protect, maintain, and provide access to those records required under section 20175(1).

(b) Except as otherwise provided in section 20175(6) and in accordance with section 20175(1) to (5), as long as the health facility or agency sends a written notice to the last known address of each patient for whom the health facility or agency has provided medical services and receives written authorization from the patient or the patient's authorized representative, destroy the records required under section 20175(1). The notice must provide the patient with 30 days to request a copy of the patient's records or to designate where the patient would like the patient's medical records transferred and must request from the patient within 30 days written authorization for the destruction of the patient's medical records. Except as otherwise provided in section 20175(6), if the patient fails to request a copy or transfer of the patient's medical records or to provide the health facility or agency with written authorization for the destruction, then the health facility or agency shall not destroy those records that are less than 7 years old but may destroy, in accordance with section

© Courtesy of www.legislature.mi.gov

20175(1) to (5), those that are 7 years old or older.

(3) Nothing in this section shall be construed to create or change the ownership rights to any medical records.

(4) A person that fails to comply with this section is subject to an administrative fine of not more than $10,000.00 if the failure was the result of gross negligence or willful and wanton misconduct.

(5) As used in this section:

(a) "Medical record" or "record" means information, oral or recorded in any form or medium, that pertains to a patient's health care, medical history, diagnosis, prognosis, or medical condition and that is maintained by a licensee in the process of providing medical services.

(b) "Medical records company" means a person who contracts for or agrees to protect, maintain, and provide access to medical records for a health facility or agency in accordance with section 20175.

(c) "Patient" means an individual who receives or has received health care from a health care provider or health facility or agency. Patient includes a guardian, if appointed, and a parent, guardian, or person acting in loco parentis, if the individual is a minor, unless the minor lawfully obtained health care without the consent or notification of a parent, guardian, or other person acting in loco parentis, in which case the minor has the exclusive right to exercise the rights of a patient under this section with respect to the minor's medical records relating to that care.

(6) This section does not apply to a health facility or agency that is a health maintenance organization.

**History:** Add. 2006, Act 481, Imd. Eff. Dec. 22, 2006;—Am. 2023, Act 62, Eff. Oct. 10, 2023.

**Popular name:** Act 368

### 333.20175b Violations of record retention requirements for medical services involving vaginal or anal penetration; penalties.

Sec. 20175b. (1) Except as otherwise provided in subsections (2) and (3), a person that violates section 20175(1) regarding the documentation of a medical service involving vaginal or anal penetration in a patient's medical record is subject to an administrative fine or guilty of a crime as follows:

(a) For a first violation, an administrative fine of not more than $2,500.00.

(b) For a second violation, an administrative fine of not more than $5,000.00.

(c) For a third or subsequent violation, a misdemeanor punishable by imprisonment for not more than 180 days or a fine of not more than $7,500.00, or both.

(2) A person that violates section 20175(1) regarding the documentation of a medical service involving vaginal or anal penetration in a patient's medical record is guilty of a misdemeanor punishable by imprisonment for not more than 180 days or a fine of $10,000.00, or both, if the violation was the result of gross negligence.

(3) A person that intentionally violates section 20175(1) regarding the documentation of a medical service involving vaginal or anal penetration in a patient's medical record is guilty of a felony punishable by imprisonment for not more than 2 years or a fine of not more than $10,000.00, or both.

(4) This section does not limit any other sanction the department is authorized to impose under section 20165.

**History:** Add. 2023, Act 62, Eff. Oct. 10, 2023.

**Popular name:** Act 368

### 333.20176 Notice of violation; investigation of complaints; notice of proposed action; public record; appeal; reinvestigation.

Sec. 20176. (1) A person may notify the department of a violation of this article or of a rule promulgated under this article that the person believes exists. The department shall investigate each written complaint received and shall notify the complainant in writing of the results of a review or investigation of the complaint and any action proposed to be taken. Except as otherwise provided in sections 20180, 21743(1)(d), and 21799a, the name of the complainant and the charges contained in the complaint are a matter of public record.

(2) Except as otherwise provided in section 21799a, a complainant who is aggrieved by the decision of the department under this section may appeal to the director. After review of an appeal under this subsection, the director may order the department to reinvestigate the complaint.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1994, Act 52, Imd. Eff. Mar. 31, 1994.

**Popular name:** Act 368

### 333.20176a Health facility or agency; prohibited conduct; violation; fine.

Sec. 20176a. (1) A health facility or agency shall not discharge or discipline, threaten to discharge or discipline, or otherwise discriminate against an employee regarding the employee's compensation, terms,

© Courtesy of www.legislature.mi.gov

conditions, location, or privileges of employment because the employee or an individual acting on behalf of the employee does either or both of the following:

(a) In good faith reports or intends to report, verbally or in writing, the malpractice of a health professional or a violation of this article, article 7, article 8, or article 15 or a rule promulgated under this article, article 7, article 8, or article 15.

(b) Acts as an expert witness in a civil action involving medical malpractice or in an administrative action.

(2) In addition to the sanctions set forth in section 20165, a health facility or agency that violates subsection (1) is subject to an administrative fine of not more than $10,000.00 for each violation.

**History:** Add. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 1994, Act 52, Imd. Eff. Mar. 31, 1994;—Am. 2013, Act 268, Imd. Eff. Dec. 30, 2013.

**Popular name:** Act 368

### 333.20177 Action to restrain, enjoin, or prevent establishment, maintenance, or operation of health facility or agency.

Sec. 20177. Notwithstanding the existence and pursuit of any other remedy, the director, without posting a bond, may request the prosecuting attorney or attorney general to bring an action in the name of the people of this state to restrain, enjoin, or prevent the establishment, maintenance, or operation of a health facility or agency in violation of this article or rules promulgated under this article.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20178 Nursing home, home for the aged, or county medical care facility; description of services to patients or residents with Alzheimer's disease; contents; “represents to the public” defined.

Sec. 20178. (1) Beginning not more than 90 days after the effective date of the amendatory act that added this section, a health facility or agency that is a nursing home, home for the aged, or county medical care facility that represents to the public that it provides inpatient care or services or residential care or services, or both, to persons with Alzheimer's disease or a related condition shall provide to each prospective patient, resident, or surrogate decision maker a written description of the services provided by the health facility or agency to patients or residents with Alzheimer's disease or a related condition. A written description shall include, but not be limited to, all of the following:

(a) The overall philosophy and mission reflecting the needs of patients or residents with Alzheimer's disease or a related condition.

(b) The process and criteria for placement in or transfer or discharge from a program for patients or residents with Alzheimer's disease or a related condition.

(c) The process used for assessment and establishment of a plan of care and its implementation.

(d) Staff training and continuing education practices.

(e) The physical environment and design features appropriate to support the function of patients or residents with Alzheimer's disease or a related condition.

(f) The frequency and types of activities for patients or residents with Alzheimer's disease or a related condition.

(g) Identification of supplemental fees for services provided to patients or residents with Alzheimer's disease or a related condition.

(2) As used in this section, "represents to the public" means advertises or markets the facility as providing specialized Alzheimer's or dementia care services.

**History:** Add. 2000, Act 500, Imd. Eff. Jan. 11, 2001.

**Popular name:** Act 368

### 333.20179 Artificial insemination services on anonymous basis; use of frozen sperm; testing sperm donor for presence of HIV or antibody to HIV; violation; liability; definitions.

Sec. 20179. (1) A health facility or agency licensed under this article that provides artificial insemination services on an anonymous basis shall use only frozen sperm, and shall test each potential sperm donor for the presence in the donor of HIV or an antibody to HIV. The donated sperm shall be frozen, stored, and quarantined for not less than 6 months. Before frozen sperm is used for artificial insemination, and not less than 6 months after the date of the donation, the health facility or agency shall take a second blood sample from the donor and have that blood sample tested for HIV or an antibody to HIV. If at any time the test results are positive, the health facility or agency licensed under this article shall not use the sperm of the donor for artificial insemination purposes.

© Courtesy of www.legislature.mi.gov

(2) A health facility or agency licensed under this article that violates this section shall be liable in a civil action for damages for the loss or damage resulting from the violation.

(3) As used in this section:

(a) "Anonymous basis" means that the recipient of the sperm does not know the identity of the donor, but the health facility or agency licensed under this article that provides the artificial insemination services or collects the sperm from the donor does know the identity of the donor.

(b) "HIV" means human immunodeficiency virus.

**History:** Add. 1988, Act 487, Eff. July 1, 1989.

**Popular name:** Act 368

### 333.20180 Health facility or agency; person making or assisting in originating, investigating, or preparing report or complaint; immunity and protection from civil or criminal liability; disclosure of identity; notice; “hospital” defined.

Sec. 20180. (1) A person employed by or under contract to a health facility or agency or any other person acting in good faith who makes a report or complaint including, but not limited to, a report or complaint of a violation of this article or a rule promulgated under this article; who assists in originating, investigating, or preparing a report or complaint; or who assists the department in carrying out its duties under this article is immune from civil or criminal liability that might otherwise be incurred and is protected under the whistleblowers' protection act, 1980 PA 469, MCL 15.361 to 15.369. A person described in this subsection who makes or assists in making a report or complaint, or who assists the department as described in this subsection, is presumed to have acted in good faith. The immunity from civil or criminal liability granted under this subsection extends only to acts done pursuant to this article.

(2) Unless a person described in subsection (1) otherwise agrees in writing, the department shall keep the person's identity confidential until disciplinary proceedings under this article are initiated against the subject of the report or complaint and the person making or assisting in originating, investigating, or preparing the report or complaint is required to testify in the disciplinary proceedings. If disclosure of the person's identity is considered by the department to be essential to the disciplinary proceedings and if the person is the complainant, the department shall give the person an opportunity to withdraw the complaint before disclosure.

(3) Subject to subsection (4), a person employed by or under contract to a hospital is immune from civil or criminal liability that might otherwise be incurred and shall not be discharged, threatened, or otherwise discriminated against by the hospital regarding that person's compensation or the terms, conditions, location, or privileges of that person's employment if that person reports to the department, verbally or in writing, an issue related to the hospital that is an unsafe practice or condition that is not a violation of this article or a rule promulgated under this article. The protections afforded under this subsection do not limit, restrict, or diminish, in any way, the protections afforded under the whistleblowers' protection act, 1980 PA 469, MCL 15.361 to 15.369.

(4) Except as otherwise provided in subsection (5), a person employed by or under contract to a hospital is eligible for the immunity and protection provided under subsection (3) only if the person meets all of the following conditions before reporting to the department the issue related to the hospital that is an unsafe practice or condition that is not a violation of this article or a rule promulgated under this article:

(a) The person gave the hospital 60 days' written notice of the issue related to the hospital that is an unsafe practice or condition that is not a violation of this article or a rule promulgated under this article. A person who provides a hospital written notice as provided under this subdivision shall not be discharged, threatened, or otherwise discriminated against by the hospital regarding that person's compensation or the terms, conditions, location, or privileges of that person's employment. Within 60 days after receiving a written notice of an issue related to the hospital that is an unsafe practice or condition, the hospital shall provide a written response to the person who provided that written notice.

(b) The person had no reasonable expectation that the hospital had taken or would take timely action to address the issue related to the hospital that is an unsafe practice or condition that is not a violation of this article or a rule promulgated under this article.

(5) Subsection (4) does not apply if the person employed by or under contract to a hospital is required by law to report the issue related to the hospital that is an unsafe practice or condition that is not a violation of this article or a rule promulgated under this article before the expiration of the 60 days' notice required under subsection (4).

(6) A hospital shall post notices and use other appropriate means to keep a person employed by or under contract to the hospital informed of their protections and obligations under this section. The notices shall be in a form approved by the department. The notice shall be made available on the department's internet website and shall be posted in 1 or more conspicuous places where notices to persons employed by or under contract

© Courtesy of www.legislature.mi.gov

to a hospital are customarily posted.

(7) As used in this section, "hospital" means a hospital licensed under article 17.

**History:** Add. 1994, Act 52, Imd. Eff. Mar. 31, 1994;—Am. 2002, Act 731, Imd. Eff. Dec. 30, 2002.

**Popular name:** Act 368

### 333.20181 Abortion; admitting patient not required; refusal to perform, participate in, or allow; immunity.

Sec. 20181. A hospital, clinic, institution, teaching institution, or other health facility is not required to admit a patient for the purpose of performing an abortion. A hospital, clinic, institution, teaching institution, or other health facility or a physician, member, or associate of the staff, or other person connected therewith, may refuse to perform, participate in, or allow to be performed on its premises an abortion. The refusal shall be with immunity from any civil or criminal liability or penalty.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20182 Abortion; objection; participation in medical procedures not required; immunity.

Sec. 20182. A physician, or other individual who is a member of or associated with a hospital, clinic, institution, teaching institution, or other health facility, or a nurse, medical student, student nurse, or other employee of a hospital, clinic, institution, teaching institution, or other health facility in which an abortion is performed, who states an objection to abortion on professional, ethical, moral, or religious grounds, is not required to participate in the medical procedures which will result in abortion. The refusal by the individual to participate does not create a liability for damages on account of the refusal or for any disciplinary or discriminatory action by the patient, hospital, clinic, institution, teaching institution, or other health facility against the individual.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20183 Abortion; refusal to give advice; refusal to participate in; immunity.

Sec. 20183. (1) A physician who informs a patient that he or she refuses to give advice concerning, or participate in, an abortion is not liable to the hospital, clinic, institution, teaching institution, health facility, or patient for the refusal.

(2) A civil action for negligence or malpractice or a disciplinary or discriminatory action may not be maintained against a person refusing to give advice as to, or participating in, an abortion based on the refusal.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20184 Rights of individuals, staff members, and employees previously participating in, or expressing willingness to participate in, termination of pregnancy.

Sec. 20184. A hospital, clinic, institution, teaching institution, or other health facility which refuses to allow abortions to be performed on its premises shall not deny staff privileges or employment to an individual for the sole reason that the individual previously participated in, or expressed a willingness to participate in, a termination of pregnancy. A hospital, clinic, institution, teaching institution, or other health facility shall not discriminate against its staff members or other employees for the sole reason that the staff members or employees have participated in, or have expressed a willingness to participate in, a termination of pregnancy.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20188 Repealed. 2004, Act 119, Eff. Nov. 27, 2005.

**Compiler's note:** The repealed section pertained to creation of commission on patient safety.

**Popular name:** Act 368

### 333.20189 Licensure under the interstate medical licensure compact as condition of employment; prohibit.

Sec. 20189. A health facility or agency shall not require a physician who is licensed under article 15 to seek licensure through the interstate medical licensure compact enacted in section 16189 as a condition of initial or continued employment. However, a health facility or agency may require a physician who is licensed under article 15 to obtain and maintain a license to engage in the practice of medicine or practice of osteopathic medicine and surgery in 1 or more other states if the physician is free to obtain and maintain each

© Courtesy of www.legislature.mi.gov

license by any means authorized by the laws of the other states.

**History:** Add. 2018, Act 524, Eff. Mar. 28, 2019.

**Popular name:** Act 368

### 333.20189a Written practice agreement; condition of employment; prohibited.

Sec. 20189a. A health facility or agency shall not require a dentist to enter into a written practice agreement with a dental therapist as a condition of employment. As used in this section, "written practice agreement" means that term as defined in section 16655.

**History:** Add. 2018, Act 463, Eff. Mar. 27, 2019.

**Compiler's note:** Act 368

### 333.20191 Emergency patient; test for presence of infectious agent; positive test results; duties of health facility; notice; request for testing; confidentiality; rules; disclosure as misdemeanor; liability; definitions.

Sec. 20191. (1) If a police officer, fire fighter, individual licensed under section 20950 or 20952, or another individual assists an emergency patient who is subsequently transported to a health facility or transports an emergency patient to a health facility, and if the emergency patient, as part of the treatment rendered by the health facility or pursuant to a request made under subsection (2), is tested for the presence in the emergency patient of an infectious agent and the test results are positive, or is tested pursuant to a request made under subsection (2) for the presence in the emergency patient of the infectious agent of HIV or HBV and the test results are positive or negative, the health facility shall do all of the following:

(a) Subject to subsection (4) and subdivision (b), if the test results are positive for an infectious agent and the individual meets 1 of the following requirements, notify the individual on a form provided by the department that he or she may have been exposed to an infectious agent and, if the test results of a test conducted pursuant to subsection (2) are negative for the infectious agent of HIV or HBV, notify the individual of that fact:

(*i*) The individual is a police officer, fire fighter, or individual licensed under section 20950 or 20952.

(*ii*) The individual demonstrates in writing to the health facility that he or she was exposed to the blood, body fluids, or airborne agents of the emergency patient or participated in providing assistance to the emergency patient or transportation of the emergency patient to the health facility. An individual who makes a request under subsection (2) is exempt from the requirements of this subparagraph.

(b) Subject to subsection (4), if the test results indicate that the emergency patient is HIV infected, the health facility shall not reveal that the infectious agent is HIV unless the health facility has received a written request for notification from an individual described in subdivision (a)(*i*) or (*ii*). This subdivision does not apply if the test results indicate that the emergency patient is not HIV infected.

(c) Subject to subsection (4), on a form provided by the department, notify the individual described in subdivision (a), at a minimum, of the appropriate infection control precautions to be taken and the approximate date of the potential exposure. If the emergency patient is tested pursuant to a request made under subsection (2) for the presence in the emergency patient of the infectious agent of HIV or HBV, or both, and if the test results are positive or negative, the health facility also shall notify the individual described in subdivision (a) on the form provided by the department that he or she should be tested for HIV infection or HBV infection, or both, and counseled regarding both infectious agents.

(2) A police officer, fire fighter, individual licensed under section 20950 or 20952, or other individual who assists an emergency patient who is subsequently transported to a health facility or who transports an emergency patient to a health facility and who sustains a percutaneous, mucous membrane, or open wound exposure to the blood or body fluids of the emergency patient may request that the emergency patient be tested for HIV infection or HBV infection, or both, pursuant to this subsection. The police officer, fire fighter, individual licensed under section 20950 or 20952, or other individual shall make a request to a health facility under this subsection in writing on a form provided by the department and before the emergency patient is discharged from the health facility. The request form shall be dated and shall contain at a minimum the name and address of the individual making the request and a description of the individual's exposure to the emergency patient's blood or other body fluids. The request form shall contain a space for the information required under subsection (3) and a statement that the requester is subject to the confidentiality requirements of subsection (5) and section 5131. The request form shall not contain information that would identify the emergency patient by name. A health facility that receives a request under this subsection shall accept as fact the requester's description of his or her exposure to the emergency patient's blood or other body fluids, unless the health facility has reasonable cause to believe otherwise. The health facility shall make a determination as to whether or not the exposure described in the request was a percutaneous, mucous membrane, or open

© Courtesy of www.legislature.mi.gov

wound exposure pursuant to R 325.70001 to R 325.70018 of the Michigan administrative code. If the health facility determines that the exposure described in the request was a percutaneous, mucous membrane, or open wound exposure, the health facility shall test the emergency patient for HIV infection or HBV infection, or both, as indicated in the request. A health facility that performs a test under this subsection may charge the individual requesting the test for the reasonable and customary charges of the test. The individual requesting the test is responsible for the payment of the charges if the charges are not payable by the individual's employer, pursuant to an agreement between the individual and the employer, or by the individual's health care payment or benefits plan. A health facility is not required to provide HIV counseling pursuant to section 5133(1) to an individual who requests that an emergency patient be tested for HIV under this subsection, unless the health facility tests the requesting individual for HIV.

(3) A health facility shall comply with this subsection if the health facility receives a request under subsection (2) and determines either that there is reasonable cause to disbelieve the requester's description of his or her exposure or that the exposure was not a percutaneous, mucous membrane, or open wound exposure and as a result of the determination the health facility is not required to test the emergency patient for HIV infection or HBV infection, or both. A health facility shall also comply with this subsection if the health facility receives a request under subsection (2) and determines that the exposure was a percutaneous, mucous membrane, or open wound exposure, but is unable to test the emergency patient for HIV infection or HBV infection, or both. The health facility shall state in writing on the request form the reasons for disbelieving the requester's description of his or her exposure, the health facility's exposure determination, or the inability to test the emergency patient, as applicable. The health facility shall transmit a copy of the completed request form to the requesting individual within 2 days after the date the determination is made that the health facility has reasonable cause to disbelieve the requester's description of his or her exposure or that the exposure was not a percutaneous, mucous membrane, or open wound exposure or within 2 days after the date the health facility determines that it is unable to test the emergency patient for HIV infection or HBV infection, or both.

(4) The notification required under subsection (1) shall occur within 2 days after the test results are obtained by the health facility or after receipt of a written request under subsection (1)(b). The notification shall be transmitted to the potentially exposed individual or, upon request of the individual, to the individual's primary care physician or other health professional designated by the individual, as follows:

(a) If the potentially exposed individual provides his or her name and address or the name and address of the individual's primary care physician or other health professional designated by the individual to the health facility or if the health facility has a procedure that allows the health facility in the ordinary course of its business to determine the individual's name and address or the name and address of the individual's primary care physician or other health professional designated by the individual, the health facility shall notify the individual or the individual's primary care physician or other health professional designated by the individual directly at that address.

(b) If the potentially exposed individual is a police officer, fire fighter, or individual licensed under section 20950 or 20952, and if the health facility does not have the name of the potentially exposed individual or the individual's primary care physician or other health professional designated by the individual, the health facility shall notify the appropriate police department, fire department, or life support agency that employs or dispatches the individual. If the health facility is unable to determine the employer of an individual described in this subdivision, the health facility shall notify the medical control authority or chief elected official of the governmental unit that has jurisdiction over the transporting vehicle.

(c) A medical control authority or chief elected official described in subdivision (b) shall notify the potentially exposed individual or the individual's primary care physician or other health professional designated by the individual or, if unable to notify the potentially exposed individual or the individual's primary care physician or other health professional designated by the individual, shall document in writing the notification efforts and reasons for being unable to make the notification.

(5) The notice required under subsection (1) shall not contain information that would identify the emergency patient who tested positive for an infectious agent or who tested positive or negative for the presence in the emergency patient of the infectious agent of HIV or HBV. The information contained in the notice is confidential and is subject to this section, the rules promulgated under section 5111, and section 5131. A person who receives confidential information under this section shall disclose the information to others only to the extent consistent with the authorized purpose for which the information was obtained.

(6) The department shall promulgate rules to administer this section. The department shall develop and distribute the forms required under subsections (1)(a) and (c) and (2).

(7) Except as otherwise provided in this subsection, a person who discloses information regarding an infectious agent in violation of subsection (5) is guilty of a misdemeanor. This subsection does not apply to the disclosure of information regarding a serious communicable disease or infection, if the disclosure is

© Courtesy of www.legislature.mi.gov

subject to rules promulgated under section 5111 or to section 5131.

(8) A person or governmental entity that makes a good faith effort to comply with subsection (1), (2), (3), or (4) is immune from any civil liability or criminal penalty based on compliance or the failure to comply.

(9) As used in this section:

(a) "Emergency patient" means an individual who is transported to an organized emergency department located in and operated by a hospital licensed under this article or a facility other than a hospital that is routinely available for the general care of medical patients.

(b) "HBV" means hepatitis B virus.

(c) "HBV infected" or "HBV infection" means the status of an individual who is tested as HBsAg-positive.

(d) "Health facility" means a health facility or agency as defined in section 20106.

(e) "HIV" means human immunodeficiency virus.

(f) "HIV infected" means that term as defined in section 5101.

(g) "Infectious agent" means that term as defined in R 325.9031 of the Michigan administrative code.

(h) "Life support agency" means that term as defined in section 20906.

(i) "Serious communicable disease or infection" means that term as defined in section 5101.

**History:** Add. 1988, Act 490, Eff. Mar. 30, 1989;—Am. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 1994, Act 419, Eff. Mar 30, 1995;—Am. 2010, Act 119, Imd. Eff. July 13, 2010.

**Popular name:** Act 368

### 333.20192 Do-not-resuscitate order; execution not required.

Sec. 20192. A health facility or agency shall not require the execution of a do-not-resuscitate order under the Michigan do-not-resuscitate procedure act as a condition for admission or receipt of services.

**History:** Add. 1996, Act 192, Eff. Aug. 1, 1996.

**Popular name:** Act 368

### 333.20192a POST form as condition for admission or receipt of services; requirement prohibited.

Sec. 20192a. A health facility or agency shall not require the execution of a POST form under part 56B as a condition for admission or the receipt of services.

**History:** Add. 2017, Act 154, Eff. Feb. 6, 2018.

**Popular name:** Act 368

### 333.20193 Compliance.

Sec. 20193. A health facility or agency shall comply with part 138.

**History:** Add. 1990, Act 21, Eff. June 4, 1990.

**Popular name:** Act 368

### 333.20194 Pamphlets; display; distribution; model standardized complaint form; availability.

Sec. 20194. (1) Subject to subsections (2), (3), and (4), a health facility or agency, except a health facility or agency licensed under part 209, and including a health facility that is not licensed under this article but holds itself out as providing medical services, shall conspicuously display in the patient waiting areas or other common areas of the health facility or agency copies of a pamphlet developed by the department of consumer and industry services outlining the procedure for filing a complaint against a health facility or agency with the department and the procedure for filing a complaint against an individual who is licensed or registered under article 15 and employed by, under contract to, or granted privileges by the health facility or agency. The pamphlet shall be developed and distributed by the department of consumer and industry services after consultation with appropriate professional associations.

(2) The department of consumer and industry services shall develop the pamphlets required under subsection (1) in languages that are appropriate to the ethnic composition of the patient population where the pamphlet will be displayed. The department shall use large, easily readable type and nontechnical, easily understood language in the pamphlet. The department shall periodically distribute copies of the pamphlet to each health facility or agency and to each unlicensed health facility described in subsection (1).

(3) The department of consumer and industry services shall include a model standardized complaint form in the pamphlet described in subsection (1). The department may develop a separate model standardized complaint form that is specific to a particular health facility or agency or category of health facilities and agencies. The department shall develop a model standardized complaint form that is specific to nursing homes. The department shall include on the model standardized complaint form, at a minimum, simple instructions on how to file a complaint, including with the nursing home as required under section 21723, the

department, the state long-term care ombudsman, the Michigan protection and advocacy service, inc., and the health care fraud unit of the department of attorney general. The department shall distribute copies of the model standardized complaint form simultaneously with copies of the pamphlet as required under subsection (2). The nursing home shall conspicuously display and make available multiple copies of the pamphlet and model standardized complaint form with the complaint information required to be posted under section 21723 in the patient waiting areas or other common areas of the nursing home that are easily accessible to nursing home patients and their visitors, as described in subsection (1), and shall provide a copy of the pamphlet and complaint form to each nursing home resident or the resident's surrogate decision maker upon admission to the nursing home. The department shall include on the model standardized complaint form a telephone number for the receipt of oral complaints.

(4) The department may continue to distribute the complaint pamphlets within its possession on the effective date of the amendatory act that added this subsection until the department's stock is exhausted or until October 1, 2003, whichever is sooner. Beginning October 1, 2003, the department shall only distribute the complaint pamphlets and model standardized complaint forms that are in compliance with subsections (2) and (3).

(5) The department shall make the complaint pamphlet and the model standardized complaint form available to the public on the department's internet website. The department shall take affirmative action toward the development and implementation of an electronic filing system that would allow an individual to file a complaint through the website.

**History:** Add. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2003, Act 3, Imd. Eff. Apr. 22, 2003.

**Popular name:** Act 368

### 333.20197 Human cloning in facility owned or operated by health facility or agency.

Sec. 20197. (1) A health facility or agency shall not allow a licensee or registrant under article 15 or any other individual to engage in or attempt to engage in human cloning in a facility owned or operated by the health facility or agency.

(2) Subsection (1) does not prohibit a health facility or agency from allowing a licensee or registrant under article 15 or any other individual from engaging in scientific research or cell-based therapies not specifically prohibited by that subsection.

(3) A health facility or agency that violates subsection (1) is subject to the administrative penalties prescribed in section 20165(4).

(4) This section does not give a person a private right of action.

(5) As used in this section, "human cloning" means that term as defined in section 16274.

**History:** Add. 1998, Act 108, Eff. Mar. 23, 1999.

**Popular name:** Act 368

### 333.20198 Health facility, agency inpatient facility, or residential facility; prohibited conduct; violation as misdemeanor; penalty; nonapplicability of subsections (1) and (2).

Sec. 20198. (1) Subject to subsection (3), an individual shall not enter upon the premises of a health facility or agency that is an inpatient facility, an outpatient facility, or a residential facility for the purpose of engaging in an activity that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed, or molested and that actually causes a health facility or agency employee, patient, resident, or visitor to feel terrorized, frightened, intimidated, threatened, harassed, or molested. This subsection does not prohibit constitutionally protected activity or conduct that serves a legitimate purpose.

(2) An individual who violates subsection (1) is guilty of a misdemeanor, punishable by imprisonment for not more than 1 year or a fine of not less than $1,000.00 or more than $10,000.00, or both.

(3) Subsections (1) and (2) do not apply to a nursing home covered under sections 21763(5) and 21799c(1)(c).

**History:** Add. 1998, Act 270, Eff. Mar. 23, 1999.

**Popular name:** Act 368

### 333.20199 Violations; penalties.

Sec. 20199. (1) Except as otherwise provided in subsection (2) or this article, a person that violates this article or a rule promulgated or an order issued under this article is guilty of a misdemeanor, punishable by a fine of not more than $1,000.00 for each day the violation continues or, in case of a violation of sections 20551 to 20554, a fine of not more than $1,000.00 for each occurrence.

(2) A person that violates sections 20181 to 20184 is guilty of a misdemeanor punishable by imprisonment for not more than 6 months or a fine of not more than $2,000.00, or both.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2023, Act 62, Eff. Oct. 10, 2023.

**Popular name:** Act 368

### 333.20201 Policy describing rights and responsibilities of patients or residents; adoption; posting; contents; additional requirements; discharging, harassing, retaliating, or discriminating against patient exercising protected right; exercise of rights by patient's representative; informing patient or resident of policy; designation of person to exercise rights and responsibilities; additional patients' rights; definitions.

Sec. 20201. (1) A health facility or agency that provides services directly to patients or residents and is licensed under this article shall adopt a policy describing the rights and responsibilities of patients or residents admitted to the health facility or agency. Except for a licensed health maintenance organization that is subject to chapter 35 of the insurance code of 1956, 1956 PA 218, MCL 500.3501 to 500.3573, the health facility or agency shall post the policy at a public place in the health facility or agency and shall provide the policy to each member of the health facility or agency staff. Patients or residents shall be treated in accordance with the policy.

(2) The policy describing the rights and responsibilities of patients or residents required under subsection (1) shall include, as a minimum, all of the following:

(a) A patient or resident shall not be denied appropriate care on the basis of race, religion, color, national origin, sex, age, disability, marital status, sexual preference, or source of payment.

(b) An individual who is or has been a patient or resident is entitled to inspect, or receive for a reasonable fee, a copy of his or her medical record upon request in accordance with the medical records access act, 2004 PA 47, MCL 333.26261 to 333.26271. Except as otherwise permitted or required under the health insurance portability and accountability act of 1996, Public Law 104-191, or regulations promulgated under that act, 45 CFR parts 160 and 164, a third party shall not be given a copy of the patient's or resident's medical record without prior authorization of the patient or resident.

(c) A patient or resident is entitled to confidential treatment of personal and medical records, and may refuse their release to a person outside the health facility or agency except as required because of a transfer to another health care facility, as required by law or third party payment contract, or as permitted or required under the health insurance portability and accountability act of 1996, Public Law 104-191, or regulations promulgated under that act, 45 CFR parts 160 and 164.

(d) A patient or resident is entitled to privacy, to the extent feasible, in treatment and in caring for personal needs with consideration, respect, and full recognition of his or her dignity and individuality.

(e) A patient or resident is entitled to receive adequate and appropriate care, and to receive, from the appropriate individual within the health facility or agency, information about his or her medical condition, proposed course of treatment, and prospects for recovery, in terms that the patient or resident can understand, unless medically contraindicated as documented in the medical record by the attending physician, a physician's assistant with whom the physician has a practice agreement, or an advanced practice registered nurse.

(f) A patient or resident is entitled to refuse treatment to the extent provided by law and to be informed of the consequences of that refusal. If a refusal of treatment prevents a health facility or agency or its staff from providing appropriate care according to ethical and professional standards, the relationship with the patient or resident may be terminated upon reasonable notice.

(g) A patient or resident is entitled to exercise his or her rights as a patient or resident and as a citizen, and to this end may present grievances or recommend changes in policies and services on behalf of himself or herself or others to the health facility or agency staff, to governmental officials, or to another person of his or her choice within or outside the health facility or agency, free from restraint, interference, coercion, discrimination, or reprisal. A patient or resident is entitled to information about the health facility's or agency's policies and procedures for initiation, review, and resolution of patient or resident complaints.

(h) A patient or resident is entitled to information concerning an experimental procedure proposed as a part of his or her care and has the right to refuse to participate in the experimental procedure without jeopardizing his or her continuing care.

(i) A patient or resident is entitled to receive and examine an explanation of his or her bill regardless of the source of payment and to receive, upon request, information relating to financial assistance available through the health facility or agency.

(j) A patient or resident is entitled to know who is responsible for and who is providing his or her direct care, to receive information concerning his or her continuing health needs and alternatives for meeting those needs, and to be involved in his or her discharge planning, if appropriate.

(k) A patient or resident is entitled to associate and have private communications and consultations with

© Courtesy of www.legislature.mi.gov

his or her physician or a physician's assistant with whom the physician has a practice agreement, with his or her advanced practice registered nurse, with his or her attorney, or with any other individual of his or her choice and to send and receive personal mail unopened on the same day it is received at the health facility or agency, unless medically contraindicated as documented in the medical record by the attending physician, a physician's assistant with whom the physician has a practice agreement, or an advanced practice registered nurse. A patient's or resident's civil and religious liberties, including the right to independent personal decisions and the right to knowledge of available choices, shall not be infringed and the health facility or agency shall encourage and assist in the fullest possible exercise of these rights. A patient or resident may meet with, and participate in, the activities of social, religious, and community groups at his or her discretion, unless medically contraindicated as documented in the medical record by the attending physician, a physician's assistant with whom the physician has a practice agreement, or an advanced practice registered nurse.

(*l*) A patient or resident is entitled to be free from mental and physical abuse and from physical and chemical restraints, except those restraints authorized in writing by the attending physician, by a physician's assistant with whom the physician has a practice agreement, or by an advanced practice registered nurse, for a specified and limited time or as are necessitated by an emergency to protect the patient or resident from injury to self or others, in which case the restraint may only be applied by a qualified professional who shall set forth in writing the circumstances requiring the use of restraints and who shall promptly report the action to the attending physician, physician's assistant, or advanced practice registered nurse who authorized the restraint. In case of a chemical restraint, the physician, or the advanced practice registered nurse who authorized the restraint, shall be consulted within 24 hours after the commencement of the chemical restraint.

(m) A patient or resident is entitled to be free from performing services for the health facility or agency that are not included for therapeutic purposes in the plan of care.

(n) A patient or resident is entitled to information about the health facility or agency rules and regulations affecting patient or resident care and conduct.

(o) A patient or resident is entitled to adequate and appropriate pain and symptom management as a basic and essential element of his or her medical treatment.

(3) The following additional requirements for the policy described in subsection (2) apply to licensees under parts 213 and 217:

(a) The policy shall be provided to each nursing home patient or home for the aged resident upon admission, and the staff of the facility shall be trained and involved in the implementation of the policy.

(b) Each nursing home patient may associate and communicate privately with persons of his or her choice. Reasonable, regular visiting hours, which shall be not less than 8 hours per day, and which shall take into consideration the special circumstances of each visitor, shall be established for patients to receive visitors. A patient may be visited by the patient's attorney or by representatives of the departments named in section 20156, during other than established visiting hours. Reasonable privacy shall be afforded for visitation of a patient who shares a room with another patient. Each patient shall have reasonable access to a telephone. A married nursing home patient or home for the aged resident is entitled to meet privately with his or her spouse in a room that ensures privacy. If both spouses are residents in the same facility, they are entitled to share a room unless medically contraindicated and documented in the medical record by the attending physician, a physician's assistant with whom the physician has a practice agreement, or an advanced practice registered nurse.

(c) A nursing home patient or home for the aged resident is entitled to retain and use personal clothing and possessions as space permits, unless to do so would infringe upon the rights of other patients or residents, or unless medically contraindicated as documented in the medical record by the attending physician, a physician's assistant with whom the physician has a practice agreement, or an advanced practice registered nurse. Each nursing home patient or home for the aged resident shall be provided with reasonable space. At the request of a patient, a nursing home shall provide for the safekeeping of personal effects, money, and other property of a patient in accordance with section 21767, except that a nursing home is not required to provide for the safekeeping of a property that would impose an unreasonable burden on the nursing home.

(d) A nursing home patient or home for the aged resident is entitled to the opportunity to participate in the planning of his or her medical treatment. The attending physician, a physician's assistant with whom the physician has a practice agreement, or an advanced practice registered nurse, shall fully inform the nursing home patient of the patient's medical condition unless medically contraindicated as documented in the medical record by a physician, a physician's assistant with whom the physician has a practice agreement, or an advanced practice registered nurse. Each nursing home patient shall be afforded the opportunity to discharge himself or herself from the nursing home.

(e) A home for the aged resident may be transferred or discharged only for medical reasons, for his or her

© Courtesy of www.legislature.mi.gov

welfare or that of other residents, or for nonpayment of his or her stay, except as provided by title XVIII or title XIX. A nursing home patient may be transferred or discharged only as provided in sections 21773 to 21777. A nursing home patient or home for the aged resident is entitled to be given reasonable advance notice to ensure orderly transfer or discharge. Those actions shall be documented in the medical record.

(f) A nursing home patient or home for the aged resident is entitled to be fully informed before or at the time of admission and during stay of services available in the facility, and of the related charges including any charges for services not covered under title XVIII, or not covered by the facility's basic per diem rate. The statement of services provided by the facility shall be in writing and shall include those required to be offered on an as-needed basis.

(g) A nursing home patient or home for the aged resident is entitled to manage his or her own financial affairs, or to have at least a quarterly accounting of personal financial transactions undertaken in his or her behalf by the facility during a period of time the patient or resident has delegated those responsibilities to the facility. In addition, a patient or resident is entitled to receive each month from the facility an itemized statement setting forth the services paid for by or on behalf of the patient and the services rendered by the facility. The admission of a patient to a nursing home does not confer on the nursing home or its owner, administrator, employees, or representatives the authority to manage, use, or dispose of a patient's property.

(h) A nursing home patient or a person authorized by the patient in writing may inspect and copy the patient's personal and medical records. The records shall be made available for inspection and copying by the nursing home within a reasonable time, not exceeding 1 week, after the receipt of a written request.

(i) If a nursing home patient desires treatment by a licensed member of the healing arts, the treatment shall be made available unless it is medically contraindicated, and the medical contraindication is justified in the patient's medical record by the attending physician, a physician's assistant with whom the physician has a practice agreement, or an advanced practice registered nurse.

(j) A nursing home patient has the right to have his or her parents, if a minor, or his or her spouse, next of kin, or patient's representative, if an adult, stay at the facility 24 hours a day if the patient is considered terminally ill by the physician responsible for the patient's care, a physician's assistant with whom the physician has a practice agreement, or an advanced practice registered nurse.

(k) Each nursing home patient shall be provided with meals that meet the recommended dietary allowances for that patient's age and sex and that may be modified according to special dietary needs or ability to chew.

(*l*) Each nursing home patient has the right to receive representatives of approved organizations as provided in section 21763.

(4) A nursing home, its owner, administrator, employee, or representative shall not discharge, harass, or retaliate or discriminate against a patient because the patient has exercised a right protected under this section.

(5) In the case of a nursing home patient, the rights enumerated in subsection (2)(c), (g), and (k) and subsection (3)(d), (g), and (h) may be exercised by the patient's representative.

(6) A nursing home patient or home for the aged resident is entitled to be fully informed, as evidenced by the patient's or resident's written acknowledgment, before or at the time of admission and during stay, of the policy required by this section. The policy shall provide that if a patient or resident is adjudicated incompetent and not restored to legal capacity, the rights and responsibilities set forth in this section shall be exercised by a person designated by the patient or resident. The health facility or agency shall provide proper forms for the patient or resident to provide for the designation of this person at the time of admission.

(7) This section does not prohibit a health facility or agency from establishing and recognizing additional patients' rights.

(8) As used in this section:

(a) "Advanced practice registered nurse" means that term as defined in section 17201.

(b) "Patient's representative" means that term as defined in section 21703.

(c) "Practice agreement" means an agreement described in section 17047, 17547, or 18047.

(d) "Title XVIII" means title XVIII of the social security act, 42 USC 1395 to 1395*lll*.

(e) "Title XIX" means title XIX of the social security act, 42 USC 1396 to 1396w-5.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1982, Act 354, Imd. Eff. Dec. 21, 1982;—Am. 1998, Act 88, Imd. Eff. May 13, 1998;—Am. 2001, Act 240, Imd. ### 333.20202 Responsibilities of patient or resident.

Sec. 20202. (1) A patient or resident is responsible for following the health facility rules and regulations affecting patient or resident care and conduct.

© Courtesy of www.legislature.mi.gov

(2) A patient or resident is responsible for providing a complete and accurate medical history.

(3) A patient or resident is responsible for making it known whether he or she clearly comprehends a contemplated course of action and the things he or she is expected to do.

(4) A patient or resident is responsible for following the recommendations and advice prescribed in a course of treatment by the physician.

(5) A patient or resident is responsible for providing information about unexpected complications that arise in an expected course of treatment.

(6) A patient or resident is responsible for being considerate of the rights of other patients or residents and health facility personnel and property.

(7) A patient or resident is responsible for providing the health facility with accurate and timely information concerning his or her sources of payment and ability to meet financial obligations.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20203 Guidelines; immunity; other remedies at law neither expanded nor diminished.

Sec. 20203. (1) The rights and responsibilities prescribed in sections 20201 and 20202 are guidelines for health facilities, facility staff, facility employees, patients, and residents. An individual shall not be civilly or criminally liable for failure to comply with those sections.

(2) Sections 20201 and 20202 shall not be construed to expand or diminish other remedies at law available to a patient or resident under this code or the statutory and common law of this state.

(3) The department shall develop guidelines to assist health facilities and agencies in the implementation of sections 20201 and 20202.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

## PART 205
## CLINICAL AND OTHER LABORATORIES

### 333.20501 "Laboratory" defined; principles of construction.

Sec. 20501. (1) As used in this part, "laboratory" means a facility for the biological, microbiological, serological, chemical, immunohematological, hematological, biophysical, cytological, pathological, or other examination of materials derived from the human body for the purpose of providing information for the diagnosis, prevention, or treatment of any disease or impairment of, or the assessment of the health of, human beings.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2015, Act 104, Eff. Oct. 1, 2015.

**Compiler's note:** For transfer of powers and duties of the division of health facility licensing and certification in the bureau of health systems, division of federal support services, and the division of emergency medical services, with the exception of the division of managed care and division of health facility development, from the department of public health to the director of the department of commerce, see E.R.O. No. 1996-1, compiled at MCL 330.3101 of the Michigan Compiled Laws.

For transfer of powers and duties of the bureau of health services from the department of consumer and industry services to the director of the department of community health by Type II transfer, see E.R.O. No. 2003-1, compiled at MCL 445.2011.

**Popular name:** Act 368

### 333.20507 Laboratories to which MCL 333.20501 to 333.20525 inapplicable.

Sec. 20507. Sections 20501 to 20525 do not apply to any of the following:

(a) A laboratory where examinations are always performed personally by the individual desiring the information.

(b) A laboratory operated by an individual licensed to practice medicine, osteopathic medicine and surgery, dentistry, or podiatry who performs clinical laboratory tests or procedures personally or through his or her employees only as an adjunct to the treatment of the licensee's patients.

(c) A laboratory operated in the manner described in subdivision (b) by a group of not more than 5 individuals licensed to practice medicine, osteopathic medicine and surgery, dentistry, or podiatry.

(d) A laboratory operated by a college, university, or school approved by the department of education that is conducted for the training of its students, if the result of an examination performed in the clinical laboratory is not used in the diagnosis and treatment of disease.

(e) A laboratory operated by the federal government.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20511 Repealed. 2015, Act 104, Eff. Oct. 1, 2015.

**Compiler's note:** The repealed section pertained to contents, display, and validity of license for clinical laboratory.

### 333.20515 Repealed. 2015, Act 104, Eff. Oct. 1, 2015.

**Compiler's note:** The repealed section pertained to staffing and operation of clinical laboratory.

### 333.20521 Authorization to order laboratory test classified by Food and Drug Administration.

Sec. 20521. Only a physician, dentist, or other person authorized by law can order a laboratory test that has been classified by the Food and Drug Administration as moderate or high complexity. A laboratory test that is classified by the Food and Drug Administration as waived does not require an order.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2015, Act 104, Eff. Oct. 1, 2015.

**Popular name:** Act 368

### 333.20525 Repealed. 2015, Act 104, Eff. Oct. 1, 2015.

**Compiler's note:** The repealed section pertained to denial, limitation, suspension, or revocation of license.

### 333.20531 Lead analysis; clinical laboratory reporting requirements.

Sec. 20531. Not later than 90 days after the effective date of this section, the department shall mail a notice to each clinical laboratory doing business in this state explaining the reporting requirements of this section. Beginning October 1, 2005, a clinical laboratory that analyzes a blood sample for lead shall report the results of the blood lead analysis to the department electronically in a format as prescribed by the department. The clinical laboratory shall submit the report to the department as required under this section within 5 days after

the analysis is completed.

**History:** Add. 2004, Act 54, Imd. Eff. Apr. 12, 2004.

**Popular name:** Act 368

### 333.20551 Registration of laboratory or other place handling, cultivating, selling, giving away, or shipping pathogenic microorganisms, or doing recombinant deoxyribonucleic acid research; application for and duration of registration number; "handled", "cultivated", and "shipped" defined.

Sec. 20551. (1) A laboratory or other place where live bacteria, fungi, mycoplasma, parasites, viruses, or other microorganisms of a pathogenic nature are handled, cultivated, sold, given away, or shipped from or to or where recombinant deoxyribonucleic acid research is done shall be registered with the department, and a registration number shall be issued to each place registered. An application for a registration number shall be made by the person in charge of the laboratory or other place where the pathogens are handled or where recombinant deoxyribonucleic acid research is done. The registration number is valid for 1 year and may be renewed upon application to the department.

(2) As used in this section and section 20552, "handled", "cultivated", or "shipped" does not include the collection of specimens, the initial inoculation of specimens into transport media or culture media, or the shipment to registered laboratories, but does include any additional work performed on cultivated pathogenic microorganisms or any recombinant deoxyribonucleic acid research is done.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2015, Act 104, Eff. Oct. 1, 2015.

**Popular name:** Act 368

### 333.20552 Registration of laboratory, department, or school handling pathogens or doing recombinant deoxyribonucleic acid research; application for and duration of registration number.

Sec. 20552. The department shall register a laboratory or a department of a college, university, or school which is responsible for the handling, cultivating, selling, giving away, or shipping of the microorganisms described in section 20551(1) or is engaged in recombinant deoxyribonucleic acid research. The person in charge of the laboratory or department where the pathogens are handled or where recombinant deoxyribonucleic acid research is done shall apply for a registration number. The registration is valid for 1 year and may be renewed upon application.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20554 Sale, gift, or other distribution of live pathogenic microorganisms and cultures or recombinant deoxyribonucleic acid materials; contents of label on container; record.

Sec. 20554. Live pathogenic bacteria, fungi, mycoplasma, parasites, viruses, or other microorganisms or cultures of the microorganisms when sold, given away, or shipped by a laboratory or other person, shall bear a label on the container showing the registration number of the laboratory or other person sending the specimens and the name and address of the person to whom sent. A laboratory or person shall not sell or convey a live pathogenic microorganism or recombinant deoxyribonucleic acid materials to any other laboratory or person in this state without permission of the department unless each is registered under section 20551 or 20552. The laboratory or person shall keep a record of each sale, gift, or other distribution of live pathogenic microorganisms and cultures or recombinant deoxyribonucleic acid materials containing the name and laboratory address of the recipient or purchaser. The record shall be at all times open to examination and copying by a representative of the department.

## 333.20701 General definitions and principles of construction.

Sec. 20701. (1) As used in this part:

(a) "Certified nurse midwife" means an individual who is licensed as a registered professional nurse under part 172 who has been granted a specialty certification in the health profession specialty field of nurse midwifery by the Michigan board of nursing under section 17210.

(b) "Freestanding birth center" means a facility that provides midwifery care for normal deliveries, well-person reproductive and sexual health care, extended postpartum care, and newborn care, that is within the scope of practice of the health care provider. Freestanding birth center does not include a hospital or freestanding surgical outpatient facility.

(c) "Health care provider" means any of the following:

(*i*) A physician.

(*ii*) A physician's assistant licensed under part 170 or 175.

(*iii*) A certified nurse midwife.

(*iv*) A midwife.

(d) "Midwife" means that term as defined in section 17101.

(e) "Midwifery care" means the practice of midwifery as that term is defined in section 17101 by a midwife and the practice of nursing by a certified nurse midwife.

(f) "Physician" means that term as defined in section 17001 or 17501.

(g) "Social determinants of health" means the social and economic conditions that influence individual and group differences in health status.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 201 contains definitions applicable to this part.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Compiler's note:** Former MCL 333.20701-333.20773 Expired. 1981, Act 79, Eff. Sept. 30, 1989;—Repealed, 1990, Act 179, Imd. Eff. July 2, 1990.

**Popular name:** Act 368

## 333.20711 License required; use of term "freestanding birth center".

Sec. 20711. (1) A freestanding birth center must be licensed under this article.

(2) "Freestanding birth center" or a similar term or abbreviation must not be used to describe or refer to a health facility or agency unless it is licensed by the department under this article.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

## 333.20713 Owner, operator, governing body of freestanding birth center; responsibilities and duties.

Sec. 20713. The owner, operator, and governing body of a freestanding birth center licensed under this article:

(a) Are responsible for all phases of the operation of the freestanding birth center, selection of health care providers, and quality of care rendered in the freestanding birth center.

(b) Shall cooperate with the department in the enforcement of this article and require that the health care providers and other personnel working in the freestanding birth center and for whom a state license or registration is required be currently licensed or registered.

(c) Subject to sections 20719 and 20721, shall ensure that health care providers are of a sufficient number to maintain safety and quality of care and have the qualifications, training, and skills necessary to meet operational needs and the needs of a patient, considering the caseload and size of the freestanding birth center.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

## 333.20715 Compliance requirements.

Sec. 20715. Subject to this part, part 171, and any rules promulgated for purposes of this part and part 171, a freestanding birth center shall comply with all of the following:

(a) Have a plan to identify needs caused by social determinants of health and, with the consent of a patient, refer the patient to a support service to address the patient's needs. For purposes of this subdivision, "support service" includes, but is not limited to, a food assistance program, a counseling service, an early childhood development resource, a housing assistance program, or an intimate partner violence support group.

(b) Develop, implement, and enforce written policies and procedures for the freestanding birth center's operations. The policies and procedures must be made available to health care providers and other personnel

© Courtesy of www.legislature.mi.gov

who are employed by or under contract with the freestanding birth center and must comply with all of the following:

(*i*) Be administered in a manner that provides quality health care services in a safe environment.

(*ii*) Identify a process for hiring, credentialing, and training staff.

(*iii*) Ensure that the right of a patient to informed consent and to refuse treatment is upheld at every stage of care.

(*iv*) Include a process by which health care providers who are employed by or under contract with the freestanding birth center comply with all of the following:

(A) Refer a patient to services that are not directly provided by the freestanding birth center, including, but not limited to, outside laboratory testing services, lactation support services, and childbirth education.

(B) Consult with another health care provider.

(C) Refer a patient to another health care provider.

(D) Transfer the care of a patient to another health care provider with the informed consent of the patient.

(E) Initiate patient transport to a hospital described under subdivision (e) when needed by calling 9-1-1 or an ambulance operation or by arranging other means for patient transport.

(F) Notify a hospital described under subdivision (e) of the freestanding birth center's license.

(*v*) Include a process by which a patient's medical record is provided to another health care provider upon the patient's request or if the patient is transferred as described in subparagraph (*iv*)(D) or (E).

(c) Ensure that services are provided in a community setting with adequate space for furnishings, equipment, supplies, and accommodations for patients and the families of patients.

(d) Ensure that a patient is notified of each health care provider within the freestanding birth center who maintains a malpractice liability insurance policy and each health care provider who does not.

(e) Identify a hospital to which a patient may be transferred from the freestanding birth center and that is in close proximity to the freestanding birth center.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.20717 Prohibited conduct; development of policies and procedures; exception for insufficient time.

Sec. 20717. (1) A freestanding birth center shall not do any of the following:

(a) Except as otherwise provided in this subdivision, use general or regional anesthesia, including epidural anesthesia. Local anesthesia, nitrous oxide, and other forms of pain relief may be administered at the freestanding birth center if all of the following are met:

(*i*) It is determined to be clinically necessary by a health care provider.

(*ii*) It is administered by a health care provider who is acting within the scope of the health care provider's practice.

(*iii*) It is used according to the freestanding birth center's policies and procedures and according to the professionally recognized standards of practice described in section 20727.

(b) Use pharmacologic agents to induce, stimulate, or augment labor, or bring about cervical ripening, during the first or second stages of labor or before labor. A freestanding birth center may use pharmacologic agents during the delivery of a placenta and in the postpartum period.

(c) Perform surgical procedures other than the following:

(*i*) Episiotomies.

(*ii*) Repairs of perineal lacerations.

(*iii*) Circumcisions.

(*iv*) Newborn frenulum revisions.

(*v*) Any other surgical procedure that is authorized by the department by rule.

(d) Use vacuum extractors or vaginal forceps.

(e) Except as otherwise provided in subsection (3), permit a patient to deliver at the freestanding birth center if any of the following limiting factors apply:

(*i*) Fetal gestation is less than 36 weeks and 0 days.

(*ii*) Labor has not started before fetal gestation of 42 weeks and 1 day.

(*iii*) Any other limiting factor established by rule under section 20727 is present in the patient or the clinical needs of the patient fall outside the scope of practice of a health care provider at the freestanding birth center.

(2) A freestanding birth center shall develop policies and procedures for assessing a patient seeking perinatal care to determine whether it is appropriate for the patient to deliver at the freestanding birth center.

(3) A freestanding birth center may permit a patient who meets a limiting factor described in subsection (1)

© Courtesy of www.legislature.mi.gov

or in rules promulgated under section 20727 to deliver at the freestanding birth center if there is insufficient time to convey the responsibility for the care of the patient to a hospital before the fetus is born.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.20719 Provision of quality perinatal care and information; availability of health care provider; personnel and equipment requirements.

Sec. 20719. (1) A freestanding birth center shall provide quality perinatal care that promotes physiologic birth, including, but not limited to, all of the following:

(a) Respectful, supportive care during labor, for which the patient has provided consent.

(b) Minimization of stress-inducing stimuli.

(c) Freedom of movement.

(d) Oral intake, as appropriate.

(e) Availability of nonpharmacologic pain relief methods.

(f) Regular and appropriate assessment of the patient and fetus throughout labor.

(2) The freestanding birth center shall provide a patient, at the inception of care, with all of the following information:

(a) A written description of the training, philosophy of practice, qualifications, and license or specialty certification of a health care provider who is employed by or under contract with the freestanding birth center.

(b) A written description of the freestanding birth center's patient practice policies.

(c) The complaint process for state and national credentialing organizations for a health care provider who is employed by or under contract with the freestanding birth center.

(3) The freestanding birth center shall ensure that a health care provider is present or available to the patient at all times when a patient is admitted to the freestanding birth center and until the patient and the newborn are determined to be clinically stable, based on criteria established by the freestanding birth center.

(4) The freestanding birth center shall ensure that a health care provider monitors the progress of a patient's labor and the condition of the patient and fetus or newborn at intervals established in the freestanding birth center's policies and procedures.

(5) Subject to this subsection, the freestanding birth center shall have the personnel and equipment necessary to ensure patient safety, meet the demands for services that are routinely provided in the freestanding birth center, provide coverage during periods of high demand or in the case of an emergency, and respond to patient health emergencies that may arise while a patient is receiving services in the freestanding birth center, including, but not limited to, basic life support, neonatal resuscitation, and the initial management of postpartum complications. The freestanding birth center shall ensure that at least 2 individuals are on the premises and immediately available during a delivery who are certified in basic life support from the American Heart Association or an equivalent organization as determined by the department and are certified in neonatal resuscitation from the American Academy of Pediatrics, the American Heart Association, or an equivalent organization, as determined by the department.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.20721 Discharge, follow-up, and evaluation requirements.

Sec. 20721. (1) A freestanding birth center shall not discharge a patient from the birth center until the patient is clinically stable and has met discharge criteria established by the freestanding birth center.

(2) A freestanding birth center shall ensure that a program for follow-up care and postpartum evaluation is planned for each patient.

(3) A freestanding birth center shall ensure that both of the following are available to a patient of the freestanding birth center 24 hours a day and 7 days a week:

(a) Consultation with a health care provider by telephone.

(b) A health care provider or other personnel who are available on call to provide intrapartum care to the patient.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.20722 Limitations on departmental requirements.

Sec. 20722. (1) The department shall not require a freestanding birth center to do any of the following:

(a) Maintain a collaborative agreement with another health facility or agency or with a health care provider who is not employed by or under contract with a freestanding birth center.

© Courtesy of www.legislature.mi.gov

(b) Provide care other than midwifery care.

(2) Subsection (1) does not limit a freestanding birth center from maintaining a collaborative agreement or providing care other than midwifery care as described under subsection (1).

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.20723 Health care providers; recommended vaccinations; immunization requirements; tuberculosis testing.

Sec. 20723. (1) A freestanding birth center shall recommend that health care providers and other personnel who are employed by or under contract with the freestanding birth center receive an annual vaccination against influenza and recommend that health care providers and other personnel who are employed by or under contract with the freestanding birth center are fully vaccinated against COVID-19.

(2) A freestanding birth center shall provide evidence to the department, on request, of immunization, positive titer result, or documentation of refusal for health care providers and other personnel who are employed by or under contract with the freestanding birth center, for each of the following:

(a) Rubella.

(b) Tdap.

(c) Hepatitis B.

(d) Varicella.

(e) Against any other disease required by the department by rule.

(3) A freestanding birth center shall conduct tuberculosis testing before employing or entering into a contract with an individual who will work in the freestanding birth center.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.20727 Promulgation of rules.

Sec. 20727. The department, in consultation with representatives of freestanding birth centers, the Michigan Affiliate of the American College of Nurse-Midwives, the Michigan Midwives Association, the Michigan board of nursing, the Michigan board of licensed midwifery, and the State of Birth Justice, shall promulgate rules to implement this part. The rules must include at least all of the following:

(a) Professionally recognized standards of practice based on standards issued by the American Association of Birth Centers, the American College of Nurse-Midwives, and the National Association of Certified Professional Midwives. If any of the standards described in this subdivision are revised after the effective date of the amendatory act that added this section, the department shall take notice of the revision. The department, in consultation with the persons described in this section, may promulgate rules to incorporate any revision by reference.

(b) Limiting factors that, when present, would preclude a patient from delivering at the freestanding birth center because the patient is not considered to be a patient with a normal delivery. The rules must allow a freestanding birth center to develop policies that would include additional limiting factors to preclude delivery at the freestanding birth center.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.20729 Enforcement of part.

Sec. 20729. Notwithstanding part 201, the department shall not enforce this part or any rules promulgated for purposes of this part, including, but not limited to, the requirement that a freestanding birth center be licensed under this article, until 2 years after the effective date of the amendatory act that added this part.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.20735 Third-party reimbursement or worker's compensation benefits.

Sec. 20735. This part does not require new or additional third-party reimbursement or mandated worker's compensation benefits for services rendered at a freestanding birth center.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

## PART 208
## FREESTANDING SURGICAL OUTPATIENT FACILITIES

### 333.20801 General definitions and principles of construction.

Sec. 20801. Article 1 contains general definitions and principles of construction applicable to all articles in this code and part 201 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Compiler's note:** For transfer of powers and duties of the division of health facility licensing and certification in the bureau of health systems, division of federal support services, and the division of emergency medical services, with the exception of the division of managed care and division of health facility development, from the department of public health to the director of the department of commerce, see E.R.O. No. 1996-1, compiled at MCL 330.3101 of the Michigan Compiled Laws.

For transfer of powers and duties of the bureau of health services from the department of consumer and industry services to the director of the department of community health by Type II transfer, see E.R.O. No. 2003-1, compiled at MCL 445.2011.

**Popular name:** Act 368

### 333.20811 License required; use of term “freestanding surgical outpatient facility.”

Sec. 20811. (1) A freestanding surgical outpatient facility shall be licensed under this article.

(2) "Freestanding surgical outpatient facility" or a similar term or abbreviation shall not be used to describe or refer to a health facility or agency unless it is licensed by the department under this article.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20813 Owner, operator, and governing body of freestanding surgical outpatient facility; responsibilities and duties.

Sec. 20813. The owner, operator, and governing body of a freestanding surgical outpatient facility licensed under this article:

(a) Are responsible for all phases of the operation of the facility, selection of medical staff, and quality of care rendered in the facility.

(b) Shall cooperate with the department in the enforcement of this article and require that the physicians and other personnel working in the facility and for whom a state license or registration is required be currently licensed or registered.

(c) Shall assure that physicians admitted to practice in the facility are granted professional privileges consistent with the capability of the facility and with the physicians' individual training, experience, and other qualifications.

(d) Shall assure that physicians admitted to practice in the facility are organized into a medical staff to enable an effective review of the professional practices of the facility for the purpose of reducing morbidity and mortality and improving the care provided in the facility for patients.

(e) Shall assure that the facility does not pay a fee to compensate or reimburse a medical referral agency or other person that refers or recommends an individual to a facility for any form of medical or surgical care or treatment.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.20821 Freestanding surgical outpatient facility; requirements.

Sec. 20821. A freestanding surgical outpatient facility shall:

(a) Be organized, administered, staffed, and equipped to provide on a regular and scheduled basis major and minor surgical procedures outside a hospital which in a physician's judgment may be safely performed on a basis other than on an inpatient basis.

(b) Have the physician, professional nursing, technical, and supportive personnel; the technical, diagnostic, and treatment services; and the equipment necessary to assure the safe performance of surgery and related care undertaken in the facility.

(c) Have a written agreement with a nearby licensed hospital to provide for the emergency admission of postsurgical patients who for unpredictable reasons may require hospital admission and care.

(d) Assure that a clinical record is established for each patient including a history, physical examination, justification for treatment planned and rendered, tests and examinations performed, observations made, and treatment provided.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

## PART 209
## EMERGENCY MEDICAL SERVICES

## 333.20901 Meanings of words and phrases; general definitions and principles of construction.

Sec. 20901. (1) For purposes of this part, the words and phrases defined in sections 20902 to 20908 have the meanings ascribed to them in those sections.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code, and part 201 contains definitions applicable to this part.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of the division of health facility licensing and certification in the bureau of health systems, division of federal support services, and the division of emergency medical services, with the exception of the division of managed care and division of health facility development, from the department of public health to the director of the department of commerce, see E.R.O. No. 1996-1, compiled at MCL 330.3101 of the Michigan Compiled Laws.

For transfer of powers and duties of the bureau of health services from the department of consumer and industry services to the director of the department of community health by Type II transfer, see E.R.O. No. 2003-1, compiled at MCL 445.2011.

For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the Michigan public health code, including any board, commission, council, or similar entity providing regulation of health professionals licensed, registered, or certified under part 209 of article 17 of the Michigan public health code, to the department of community health, see E.R.O. No. 2014-2, compiled at MCL 333.26253.

For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

## 333.20902 Definitions; A to D.

Sec. 20902. (1) "Advanced life support" means patient care that may include any care a paramedic is qualified to provide by paramedic education that meets the educational requirements established by the department under section 20912 or is authorized to provide by the protocols established by the local medical control authority under section 20919 for a paramedic.

(2) "Aircraft transport operation" means a person licensed under this part to provide patient transport, for profit or otherwise, between health facilities using an aircraft transport vehicle.

(3) "Aircraft transport vehicle" means an aircraft that is primarily used or designated as available to provide patient transportation between health facilities and that is capable of providing patient care according to orders issued by the patient's physician.

(4) "Ambulance" means a motor vehicle or rotary aircraft that is primarily used or designated as available to provide transportation and basic life support, limited advanced life support, or advanced life support.

(5) "Ambulance operation" means a person licensed under this part to provide emergency medical services and patient transport, for profit or otherwise.

(6) "Basic life support" means patient care that may include any care an emergency medical technician is qualified to provide by emergency medical technician education that meets the educational requirements established by the department under section 20912 or is authorized to provide by the protocols established by the local medical control authority under section 20919 for an emergency medical technician.

(7) "Clinical preceptor" means an individual who is designated by or under contract with an education program sponsor for purposes of overseeing the students of an education program sponsor during the participation of the students in clinical training.

(8) "Disaster" means an occurrence of imminent threat of widespread or severe damage, injury, or loss of life or property resulting from a natural or man-made cause, including but not limited to, fire, flood, snow, ice, windstorm, wave action, oil spill, water contamination requiring emergency action to avert danger or damage, utility failure, hazardous peacetime radiological incident, major transportation accident, hazardous materials accident, epidemic, air contamination, drought, infestation, or explosion. Disaster does not include a riot or other civil disorder unless it directly results from and is an aggravating element of the disaster.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

## 333.20904 Definitions; E.

Sec. 20904. (1) "Education program sponsor" means a person, other than an individual, that meets the standards of the department to conduct training at the following levels:

© Courtesy of www.legislature.mi.gov

(a) Medical first responder.

(b) Emergency medical technician.

(c) Emergency medical technician specialist.

(d) Paramedic.

(e) Emergency medical services instructor-coordinator.

(2) "Emergency" means a condition or situation in which an individual declares a need for immediate medical attention for any individual, or where that need is declared by emergency medical services personnel or a public safety official.

(3) "Emergency medical services instructor-coordinator" means an individual licensed under this part to conduct and instruct emergency medical services education programs.

(4) "Emergency medical services" means the emergency medical services personnel, ambulances, nontransport prehospital life support vehicles, aircraft transport vehicles, medical first response vehicles, and equipment required for transport or treatment of an individual requiring medical first response life support, basic life support, limited advanced life support, or advanced life support.

(5) "Emergency medical services personnel" means a medical first responder, emergency medical technician, emergency medical technician specialist, paramedic, or emergency medical services instructor-coordinator.

(6) "Emergency medical services system" means a comprehensive and integrated arrangement of the personnel, facilities, equipment, services, communications, medical control, and organizations necessary to provide emergency medical services and trauma care within a particular geographic region.

(7) "Emergency medical technician" means an individual who is licensed by the department to provide basic life support.

(8) "Emergency medical technician specialist" means an individual who is licensed by the department to provide limited advanced life support.

(9) "Emergency patient" means an individual with a physical or mental condition that manifests itself by acute symptoms of sufficient severity, including, but not limited to, pain such that a prudent layperson, possessing average knowledge of health and medicine, could reasonably expect to result in 1 or all of the following:

(a) Placing the health of the individual or, in the case of a pregnant woman, the health of the patient or the unborn child, or both, in serious jeopardy.

(b) Serious impairment of bodily function.

(c) Serious dysfunction of a body organ or part.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2024, Act 48, Eff. Apr. 2, 2025.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20906 Definitions; L, M.

Sec. 20906. (1) "Life support agency" means an ambulance operation, nontransport prehospital life support operation, aircraft transport operation, or medical first response service.

(2) "Life support vehicle" means an ambulance, nontransport prehospital life support vehicle, aircraft transport vehicle, or medical first response vehicle.

(3) "Limited advanced life support" means patient care that may include any care an emergency medical technician specialist is qualified to provide by emergency medical technician specialist education that meets the educational requirements established by the department under section 20912 or is authorized to provide by the protocols established by the local medical control authority under section 20919 for an emergency medical technician specialist.

(4) "Local governmental unit" means a county, city, village, charter township, or township.

(5) "Medical control" means supervising and coordinating emergency medical services through a medical control authority, as prescribed, adopted, and enforced through department-approved protocols, within an emergency medical services system.

(6) "Medical control authority" means an organization designated by the department under section 20910(1)(g) to provide medical control.

(7) "Medical director" means a physician who is appointed to that position by a medical control authority under section 20918.

© Courtesy of www.legislature.mi.gov

(8) "Medical first responder" means an individual who has met the educational requirements of a department approved medical first responder course and who is licensed to provide medical first response life support as part of a medical first response service or as a driver of an ambulance that provides basic life support services only. Medical first responder does not include a police officer solely because his or her police vehicle is equipped with an automated external defibrillator.

(9) "Medical first response life support" means patient care that may include any care a medical first responder is qualified to provide by medical first responder education that meets the educational requirements established by the department under section 20912 or is authorized to provide by the protocols established by the local medical control authority under section 20919 for a medical first responder.

(10) "Medical first response service" means a person licensed by the department to respond under medical control to an emergency scene with a medical first responder and equipment required by the department before the arrival of an ambulance, and includes a fire suppression agency only if it is dispatched for medical first response life support. Medical first response service does not include a law enforcement agency, as defined in section 8 of 1968 PA 319, MCL 28.258, unless the law enforcement agency holds itself out as a medical first response service and the unit responding was dispatched to provide medical first response life support.

(11) "Medical first response vehicle" means a motor vehicle staffed by at least 1 medical first responder and meeting equipment requirements of the department. Medical first response vehicle does not include a vehicle solely because it is staffed with a medical first responder.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2004, Act 6, Imd. Eff. Feb. 20, 2004;—Am. 2006, Act 582, Imd. Eff. Jan. 3, 2007.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20908 Definitions; N to V.

Sec. 20908. (1) "Nonemergency patient" means an individual who is transported by stretcher, isolette, cot, or litter but whose physical or mental condition is such that the individual may reasonably be suspected of not being in imminent danger of loss of life or of significant health impairment.

(2) "Nontransport prehospital life support operation" means a person licensed under this part to provide, for profit or otherwise, basic life support, limited advanced life support, or advanced life support at the scene of an emergency.

(3) "Nontransport prehospital life support vehicle" means a motor vehicle that is used to provide basic life support, limited advanced life support, or advanced life support, and is not intended to transport patients.

(4) "Ongoing education program sponsor" means an education program sponsor that provides continuing education for emergency medical services personnel.

(5) "Paramedic" means an individual licensed under this part to provide advanced life support.

(6) "Patient" means an emergency patient or a nonemergency patient.

(7) "Person" means a person as defined in section 1106 or a governmental entity other than an agency of the United States.

(8) "Professional standards review organization" means a committee established by a life support agency or a medical control authority for the purpose of improving the quality of medical care.

(9) "Protocol" means a patient care standard, standing orders, policy, or procedure for providing emergency medical services that is established by a medical control authority and approved by the department under section 20919.

(10) "Statewide emergency medical services communications system" means a system that integrates each emergency medical services system with a centrally coordinated dispatch and resource coordination facility utilizing the universal emergency telephone number, 9-1-1, when that number is appropriate, or any other designated emergency telephone number, a statewide emergency medical 2-way radio communications network, and linkages with the statewide emergency preparedness communications system.

(11) "Statewide trauma care system" means a comprehensive and integrated arrangement of the emergency services personnel, facilities, equipment, services, communications, medical control authorities, and organizations necessary to provide trauma care to all patients within a particular geographic region.

(12) "Volunteer" means an individual who provides services regulated under this part without expecting or receiving money, goods, or services in return for providing those services, except for reimbursement for expenses necessarily incurred in providing those services.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2004, Act 581, Imd. Eff. Jan. 4, 2005.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20910 Powers and duties of department.

Sec. 20910. (1) The department shall do all of the following:

(a) Be responsible for the development, coordination, and administration of a statewide emergency medical services system.

(b) Facilitate and promote programs of public information and education concerning emergency medical services.

(c) In case of actual disasters and disaster training drills and exercises, provide emergency medical services resources pursuant to applicable provisions of the Michigan emergency preparedness plan, or as prescribed by the director of emergency services pursuant to the emergency management act, 1976 PA 390, MCL 30.401 to 30.421.

(d) Consistent with the rules of the federal communications commission, plan, develop, coordinate, and administer a statewide emergency medical services communications system.

(e) Develop and maintain standards of emergency medical services and personnel as follows:

(*i*) License emergency medical services personnel in accordance with this part.

(*ii*) License ambulance operations, nontransport prehospital life support operations, and medical first response services in accordance with this part.

(*iii*) At least annually, inspect or provide for the inspection of each life support agency, except medical first response services. As part of that inspection, the department shall conduct random inspections of life support vehicles. If a life support vehicle is determined by the department to be out of compliance, the department shall give the life support agency 24 hours to bring the life support vehicle into compliance. If the life support vehicle is not brought into compliance in that time period, the department shall order the life support vehicle taken out of service until the life support agency demonstrates to the department, in writing, that the life support vehicle has been brought into compliance.

(*iv*) Promulgate rules to establish the requirements for licensure of life support agencies, vehicles, and individuals licensed under this part to provide emergency medical services and other rules necessary to implement this part. The department shall submit all proposed rules and changes to the state emergency medical services coordination committee and provide a reasonable time for the committee's review and recommendations before submitting the rules for public hearing under the administrative procedures act of 1969.

(f) Promulgate rules to establish and maintain standards for and regulate the use of descriptive words, phrases, symbols, or emblems that represent or denote that an ambulance operation, nontransport prehospital life support operation, or medical first response service is or may be provided. The department's authority to regulate use of the descriptive devices includes use for the purposes of advertising, promoting, or selling the services rendered by an ambulance operation, nontransport prehospital life support operation, or medical first response service, or by emergency medical services personnel.

(g) Designate a medical control authority as the medical control for emergency medical services for a particular geographic region as provided for under this part.

(h) Develop and implement field studies involving the use of skills, techniques, procedures, or equipment that are not included as part of the standard education for medical first responders, emergency medical technicians, emergency medical technician specialists, or paramedics, if all of the following conditions are met:

(*i*) The state emergency medical services coordination committee reviews the field study prior to implementation.

(*ii*) The field study is conducted in an area for which a medical control authority has been approved pursuant to subdivision (g).

(*iii*) The medical first responders, emergency medical technicians, emergency medical technician specialists, and paramedics participating in the field study receive training for the new skill, technique, procedure, or equipment.

(i) Collect data as necessary to assess the need for and quality of emergency medical services throughout the state pursuant to 1967 PA 270, MCL 331.531 to 331.533.

(j) Develop, with the advice of the emergency medical services coordination committee, an emergency

© Courtesy of www.legislature.mi.gov

medical services plan that includes rural issues.

(k) Develop recommendations for territorial boundaries of medical control authorities that are designed to assure that there exists reasonable emergency medical services capacity within the boundaries for the estimated demand for emergency medical services.

(*l*) Within 1 year after the statewide trauma care advisory subcommittee is established under section 20917a and in consultation with the statewide trauma care advisory subcommittee, develop, implement, and promulgate rules for the implementation and operation of a statewide trauma care system within the emergency medical services system consistent with the document entitled "Michigan Trauma Systems Plan" prepared by the Michigan trauma coalition, dated November 2003. The implementation and operation of the statewide trauma care system, including the rules promulgated in accordance with this subdivision, are subject to review by the emergency medical services coordination committee and the statewide trauma care advisory subcommittee. The rules promulgated under this subdivision shall not require a hospital to be designated as providing a certain level of trauma care. Upon implementation of a statewide trauma care system, the department shall review and identify potential funding mechanisms and sources for the statewide trauma care system.

(m) Promulgate other rules to implement this part.

(n) Perform other duties as set forth in this part.

(2) The department may do all of the following:

(a) In consultation with the emergency medical services coordination committee, promulgate rules to require an ambulance operation, nontransport prehospital life support operation, or medical first response service to periodically submit designated records and data for evaluation by the department.

(b) Establish a grant program or contract with a public or private agency, emergency medical services professional association, or emergency medical services coalition to provide training, public information, and assistance to medical control authorities and emergency medical services systems or to conduct other activities as specified in this part.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2004, Act 200, Imd. Eff. July 12, 2004;—Am. 2004, Act 582, Imd. Eff. Jan. 4, 2005;—Am. 2006, Act 582, Imd. Eff. Jan. 3, 2007.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the Michigan public health code, including any board, commission, council, or similar entity providing regulation of health professionals licensed, registered, or certified under part 209 of article 17 of the Michigan public health code, to the department of community health, see E.R.O. No. 2014-2, compiled at MCL 333.26253.

For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20911 Repealed. 2006, Act 582, Eff. Dec. 31, 2009.

**Compiler's note:** The repealed section pertained to equipping life support vehicle with automated external defibrillator.

### 333.20912 Duties of department with regard to educational programs and services.

Sec. 20912. (1) The department shall perform all of the following with regard to educational programs and services:

(a) Review and approve education program sponsors, ongoing education program sponsors, and curricula for emergency medical services personnel. Approved education programs and refresher programs must be coordinated by a licensed emergency medical services instructor-coordinator commensurate with level of licensure. Approved programs conducted by ongoing education program sponsors must be coordinated by a licensed emergency medical services instructor-coordinator.

(b) Maintain a listing of approved education program sponsors and licensed emergency medical services instructor-coordinators.

(c) Develop and implement standards for all education program sponsors and ongoing education program sponsors based upon criteria recommended by the emergency medical services coordination committee and developed by the department.

(2) An education program sponsor that conducts education programs for paramedics and that receives accreditation from the joint review committee on educational programs for the EMT-paramedic or other organization approved by the department as having equivalent expertise and competency in the accreditation of paramedic education programs is considered approved by the department under subsection (1)(a) if the education program sponsor meets both of the following requirements:

(a) Submits an application to the department that includes verification of accreditation described in this

© Courtesy of www.legislature.mi.gov

subsection.

(b) Maintains accreditation as described in this subsection.

(3) Before offering an education program to an individual seeking to become licensed as a paramedic, an education program sponsor that is not accredited as described under subsection (2) shall inform the individual that the education program sponsor is not accredited as described under subsection (2).

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2024, Act 48, Eff. Apr. 2, 2025.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20915 State emergency medical services coordination committee; creation; appointment, qualifications, and terms of members; ex officio members; replacement of member; chairperson; meetings; quorum; per diem compensation; reimbursement of expenses.

Sec. 20915. (1) The state emergency medical services coordination committee is created in the department. Subject to subsections (3) and (5), the director shall appoint the voting members of the committee as follows:

(a) Four representatives from the Michigan health and hospital association or its successor organization, at least 1 of whom is from a hospital located in a county with a population of not more than 100,000.

(b) Four representatives from the Michigan chapter of the American college of emergency physicians or its successor organization, at least 1 of whom practices medicine in a county with a population of not more than 100,000.

(c) Three representatives from the Michigan association of ambulance services or its successor organization, at least 1 of whom operates an ambulance service in a county with a population of not more than 100,000.

(d) Three representatives from the Michigan fire chiefs association or its successor organization, at least 1 of whom is from a fire department located in a county with a population of not more than 100,000.

(e) Two representatives from the society of Michigan emergency medical services technician instructor-coordinators or its successor organization, at least 1 of whom works in a county with a population of not more than 100,000.

(f) Two representatives from the Michigan association of emergency medical technicians or its successor organization, at least 1 of whom practices in a county with a population of not more than 100,000.

(g) One representative from the Michigan association of air medical services or its successor organization.

(h) One representative from the Michigan association of emergency medical services systems or its successor organization.

(i) Three representatives from a statewide organization representing labor that deals with emergency medical services, at least 1 of whom represents emergency medical services personnel in a county with a population of not more than 100,000 and at least 1 of whom is a member of the Michigan professional fire fighters union or its successor organization.

(j) One consumer.

(k) One individual who is an elected official of a city, village, or township located in a county with a population of not more than 100,000.

(2) In addition to the voting members appointed under subsection (1), the following shall serve as ex officio members of the committee without the right to vote:

(a) One representative of the office of health and medical affairs of the department of management and budget, appointed by the director.

(b) One representative of the department of consumer and industry services, appointed by the director.

(c) One member of the house of representatives, appointed by the speaker of the house of representatives.

(d) One member of the senate, appointed by the senate majority leader.

(3) The representatives of the organizations described in subsection (1) shall be appointed from among nominations made by each of those organizations.

(4) The voting members shall serve for a term of 3 years. A member who is unable to complete a term shall be replaced for the balance of the unexpired term.

(5) At least 1 voting member shall be from a county with a population of not more than 35,000 and at least 1 voting member shall be from a city with a population of not less than 900,000.

(6) The committee shall annually select a voting member to serve as chairperson.

© Courtesy of www.legislature.mi.gov

(7) Meetings of the committee are subject to the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Thirteen voting members constitute a quorum for the transaction of business.

(8) The per diem compensation for the voting members and a schedule for reimbursement of expenses shall be as established by the legislature.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20916 State emergency medical services coordination committee; duties.

Sec. 20916. The state emergency medical services coordination committee created in section 20915 shall do all of the following:

(a) Meet not less than twice annually at the call of the chairperson or the director.

(b) Provide for the coordination and exchange of information on emergency medical services programs and services.

(c) Act as liaison between organizations and individuals involved in the emergency medical services system.

(d) Make recommendations to the department in the development of a comprehensive statewide emergency medical services program.

(e) Advise the legislature and the department on matters concerning emergency medical services throughout the state.

(f) Issue opinions on appeals of medical control authority decisions under section 20919 and make recommendations based on those opinions to the department for the resolution of those appeals.

(g) Participate in educational activities, special studies, and the evaluation of emergency medical services as requested by the director.

(h) Advise the department concerning vehicle standards for ambulances.

(i) Advise the department concerning minimum patient care equipment lists.

(j) Advise the department on the standards required under section 20910(1)(f).

(k) Appoint, with the advice and consent of the department, a statewide quality assurance task force to review and make recommendations to the department concerning approval of medical control authority applications and revisions concerning protocols under section 20919 and field studies under section 20910(1)(h), and conduct other quality assurance activities as requested by the director. A majority of the members of the task force shall be individuals who are not currently serving on the committee. The task force shall report its decisions, findings, and recommendations to the committee and the department.

(*l*) Advise the department concerning requirements for curriculum changes for emergency medical services educational programs.

(m) Advise the department on minimum standards that each life support agency must meet for licensure under this part.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20917 Repealed. 2000, Act 440, Eff. July 1, 2004.

**Compiler's note:** The repealed section pertained to the statewide trauma care commission.

### 333.20917a Statewide trauma care advisory subcommittee; establishment; membership; appointment; terms; chairperson; meetings; quorum; recommendations regarding funding sources; "rural county" defined.

Sec. 20917a. (1) The statewide trauma care advisory subcommittee is established under the emergency medical services coordination committee to advise and assist the department on all matters concerning the development, implementation, and promulgation of rules for the implementation and continuing operation of a statewide trauma care system. The subcommittee shall consist of 10 members appointed by the director, within 90 days after the effective date of the amendatory act that added this section, as follows:

(a) Two trauma surgeons who are trauma center directors.

© Courtesy of www.legislature.mi.gov

(b) One trauma nurse coordinator.

(c) One trauma registrar.

(d) One emergency physician.

(e) Two administrative hospital representatives, 1 of whom represents a hospital designated as a level I or level II trauma center by the American college of surgeons committee on trauma and 1 of whom represents a hospital that is not designated as a level I or level II trauma center by the American college of surgeons committee on trauma.

(f) One life support agency manager who is a member of the emergency medical services coordination committee.

(g) Two medical control authority medical directors, 1 of whom represents a rural county and 1 of whom represents a nonrural county.

(2) The members shall serve for a term of 3 years. A member who is unable to complete a term shall be replaced for the balance of the unexpired term.

(3) The committee shall annually select a member to serve as chairperson.

(4) Meetings of the committee are subject to the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Six members constitute a quorum for the transaction of business.

(5) Recommendations regarding potential funding mechanisms and sources for the statewide trauma care system shall only be submitted to the department for consideration after a unanimous vote of all members of the statewide trauma care advisory subcommittee in support of those recommendations.

(6) "Rural county" means a county not located in a metropolitan statistical area or micropolitan statistical areas as those terms are defined under the "standards for defining metropolitan and micropolitan statistical areas" by the statistical policy office of the office of information and regulatory affairs of the United States office of management and budget, 65 FR p. 82238 (December 27, 2000).

**History:** Add. 2004, Act 580, Imd. Eff. Jan. 3, 2005.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20918 Local medical control authority; designation; participating hospitals and freestanding surgical outpatient facilities; adherence to protocols; administration; appointment and membership of advisory body; medical director; operation of medical control authority; accountability of life support agencies and licensed individuals.

Sec. 20918. (1) Each hospital licensed under part 215 and each freestanding surgical outpatient facility licensed under part 208 that operates a service for treating emergency patients 24 hours a day, 7 days a week and meets standards established by medical control authority protocols shall be given the opportunity to participate in the ongoing planning and development activities of the local medical control authority designated by the department and shall adhere to protocols for providing services to a patient before care of the patient is transferred to hospital personnel, to the extent that those protocols apply to a hospital or freestanding surgical outpatient facility. The department shall designate a medical control authority for each Michigan county or part of a county, except that the department may designate a medical control authority to cover 2 or more counties if the department and affected medical control authorities determine that the available resources would be better utilized with a multiple county medical control authority. In designating a medical control authority, the department shall assure that there is a reasonable relationship between the existing emergency medical services capacity in the geographical area to be served by the medical control authority and the estimated demand for emergency medical services in that area.

(2) A medical control authority shall be administered by the participating hospitals. A medical control authority shall accept participation in its administration by a freestanding surgical outpatient facility licensed under part 208 if the freestanding surgical outpatient facility operates a service for treating emergency patients 24 hours a day, 7 days a week determined by the medical control authority to meet the applicable standards established by medical control authority protocols. Subject to subsection (4), the participating hospitals shall appoint an advisory body for the medical control authority that shall include, at a minimum, a representative of each type of life support agency and each type of emergency medical services personnel functioning within the medical control authority's boundaries.

(3) With the advice of the advisory body of the medical control authority appointed under subsection (2), a medical control authority shall appoint a medical director of the medical control authority. The medical director shall be a physician who is board certified in emergency medicine by a national organization

© Courtesy of www.legislature.mi.gov

approved by the department, or who practices emergency medicine and is certified in both advanced cardiac life support and advanced trauma life support by a national organization approved by the department, and who meets other standards set forth in department rules. The medical director is responsible for medical control for the emergency medical services system served by the medical control authority.

(4) No more than 10% of the membership of the advisory body of a medical control authority shall be employees of the medical director or of an entity substantially owned or controlled by the medical director.

(5) A designated medical control authority shall operate in accordance with the terms of its designation.

(6) Each life support agency and individual licensed under this part is accountable to the medical control authority in the provision of emergency medical services, as defined in protocols developed by the medical control authority and approved by the department under this part.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20919 Protocols for practice of life support agencies and licensed emergency medical services personnel; development and adoption; procedures; conflict with Michigan do-not-resuscitate procedure act prohibited; requirements; appeal; standards for equipment and personnel; negative medical or economic impacts; epinephrine auto-injector; availability of medical and economic information; review; findings.

Sec. 20919. (1) A medical control authority shall establish written protocols for the practice of life support agencies and licensed emergency medical services personnel within its region. The medical control authority shall develop and adopt the protocols required under this section in accordance with procedures established by the department and shall include all of the following:

(a) The acts, tasks, or functions that may be performed by each type of emergency medical services personnel licensed under this part.

(b) Medical protocols to ensure the appropriate dispatching of a life support agency based upon medical need and the capability of the emergency medical services system.

(c) Protocols for complying with the Michigan do-not-resuscitate procedure act, 1996 PA 193, MCL 333.1051 to 333.1067.

(d) Protocols defining the process, actions, and sanctions a medical control authority may use in holding a life support agency or emergency medical services personnel accountable.

(e) Protocols to ensure that if the medical control authority determines that an immediate threat to the public health, safety, or welfare exists, appropriate action to remove medical control can immediately be taken until the medical control authority has had the opportunity to review the matter at a medical control authority hearing. The protocols must require that the hearing is held within 3 business days after the medical control authority's determination.

(f) Protocols to ensure that if medical control has been removed from a participant in an emergency medical services system, the participant does not provide prehospital care until medical control is reinstated and that the medical control authority that removed the medical control notifies the department of the removal within 1 business day.

(g) Protocols to ensure that a quality improvement program is in place within a medical control authority and provides data protection as provided in 1967 PA 270, MCL 331.531 to 331.534.

(h) Protocols to ensure that an appropriate appeals process is in place.

(i) Protocols to ensure that each life support agency that provides basic life support, limited advanced life support, or advanced life support is equipped with epinephrine or epinephrine auto-injectors and that each emergency medical services personnel authorized to provide those services is properly trained to recognize an anaphylactic reaction, to administer the epinephrine, and to dispose of the epinephrine auto-injector or vial.

(j) Protocols to ensure that each life support vehicle that is dispatched and responding to provide medical first response life support, basic life support, or limited advanced life support is equipped with an automated external defibrillator and that each emergency medical services personnel is properly trained to utilize the automated external defibrillator.

(k) Protocols to ensure that each life support vehicle that is dispatched and responding to provide medical first response life support, basic life support, or limited advanced life support is equipped with opioid antagonists and that each emergency medical services personnel is properly trained to administer opioid antagonists. However, a medical control authority, at its discretion, may rescind or continue the protocol

adopted under this subdivision.

(*l*) Protocols for complying with part 56B.

(2) A medical control authority shall not establish a protocol under this section that conflicts with the Michigan do-not-resuscitate procedure act, 1996 PA 193, MCL 333.1051 to 333.1067, or part 56B.

(3) The department shall establish procedures for the development and adoption of written protocols under this section. The procedures must include at least all of the following requirements:

(a) At least 60 days before the adoption of a protocol, the medical control authority shall circulate a written draft of the proposed protocol to all significantly affected persons within the emergency medical services system served by the medical control authority and submit the written draft to the department for approval.

(b) The department shall review a proposed protocol for consistency with other protocols concerning similar subject matter that have already been established in this state and shall consider any written comments received from interested persons in its review.

(c) Within 60 days after receiving a written draft of a proposed protocol from a medical control authority, the department shall provide a written recommendation to the medical control authority with any comments or suggested changes on the proposed protocol. If the department does not respond within 60 days after receiving the written draft, the proposed protocol is considered to be approved by the department.

(d) After department approval of a proposed protocol, the medical control authority may formally adopt and implement the protocol.

(e) A medical control authority may establish an emergency protocol necessary to preserve the health or safety of individuals within its region in response to a present medical emergency or disaster without following the procedures established by the department under this subsection for an ordinary protocol. An emergency protocol established under this subdivision is effective only for a limited period and does not take permanent effect unless it is approved according to the procedures established by the department under this subsection.

(4) A medical control authority shall provide an opportunity for an affected participant in an emergency medical services system to appeal a decision of the medical control authority. Following appeal, the medical control authority may affirm, suspend, or revoke its original decision. After appeals to the medical control authority have been exhausted, the affected participant in an emergency medical services system may appeal the medical control authority's decision to the state emergency medical services coordination committee created in section 20915. The state emergency medical services coordination committee shall issue an opinion on whether the actions or decisions of the medical control authority are in accordance with the department-approved protocols of the medical control authority and state law. If the state emergency medical services coordination committee determines in its opinion that the actions or decisions of the medical control authority are not in accordance with the medical control authority's department-approved protocols or with state law, the state emergency medical services coordination committee shall recommend that the department take any enforcement action authorized under this code.

(5) If adopted in protocols approved by the department, a medical control authority may require life support agencies within its region to meet reasonable additional standards for equipment and personnel, other than medical first responders, that may be more stringent than are otherwise required under this part. If a medical control authority proposes a protocol that establishes additional standards for equipment and personnel, the medical control authority and the department shall consider the medical and economic impact on the local community, the need for communities to do long-term planning, and the availability of personnel. If either the medical control authority or the department determines that negative medical or economic impacts outweigh the benefits of those additional standards as they affect public health, safety, and welfare, the medical control authority shall not adopt and the department shall not approve protocols containing those additional standards.

(6) If adopted in protocols approved by the department, a medical control authority may require medical first response services and licensed medical first responders within its region to meet additional standards for equipment and personnel to ensure that each medical first response service is equipped with an epinephrine auto-injector, and that each licensed medical first responder is properly trained to recognize an anaphylactic reaction and to administer and dispose of the epinephrine auto-injector, if a life support agency that provides basic life support, limited advanced life support, or advanced life support is not readily available in that location.

(7) If a decision of the medical control authority under subsection (5) or (6) is appealed by an affected person, the medical control authority shall make available, in writing, the medical and economic information it considered in making its decision. On appeal, the state emergency medical services coordination committee created in section 20915 shall review this information under subsection (4) and shall issue its findings in writing.

No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20920 Ambulance operation; license required; contents of application; fee; contents of license; operation of ambulance operation; renewal of license; compliance; ambulance operation upgrade license; statewide emergency medical coordination committee; revocation or failure to renew ambulance operation upgrade license.

Sec. 20920. (1) A person shall not establish, operate, or cause to be operated an ambulance operation unless the ambulance operation is licensed under this section.

(2) Upon proper application and payment of a $100.00 fee, the department shall issue a license as an ambulance operation to a person who meets the requirements of this part and the rules promulgated under this part.

(3) An applicant shall specify in the application each ambulance to be operated.

(4) An ambulance operation license shall specify the ambulances licensed to be operated.

(5) An ambulance operation license shall state the highest level of life support the ambulance operation is licensed to provide. An ambulance operation shall operate in accordance with this part, rules promulgated under this part, and approved medical control authority protocols and, except as provided in section 20921a(2), shall not provide life support at a level that exceeds its license and available licensed personnel or violates approved medical control authority protocols.

(6) An ambulance operation license may be renewed annually upon application to the department and payment of a $100.00 renewal fee. Before issuing a renewal license, the department shall determine that the ambulance operation is in compliance with this part, the rules promulgated under this part, and medical control authority protocols.

(7) Beginning on July 22, 1997, an ambulance operation that meets all of the following requirements may apply for an ambulance operation upgrade license under subsection (8):

(a) On or before July 22, 1997, holds an ambulance operation license that designates the ambulance operation either as a transporting basic life support service or as a transporting limited advanced life support service.

(b) Is a transporting basic life support service, that is able to staff and equip 1 or more ambulances for the transport of emergency patients at a life support level higher than basic life support, or is a transporting limited advanced life support service, that is able to staff and equip 1 or more ambulances for the transport of emergency patients at the life support level of advanced life support.

(c) Is owned or operated by or under contract to a local unit of government and providing first-line emergency medical response to that local unit of government on or before July 22, 1997.

(d) Will provide the services described in subdivision (b) only to the local unit of government described in subdivision (c), and only in response to a 911 call or other call for emergency transport.

(8) An ambulance operation meeting the requirements of subsection (7) that applies for an ambulance operation upgrade license shall include all of the following information in the application provided by the department:

(a) Verification of all of the requirements of subsection (7) including, but not limited to, a description of the staffing and equipment to be used in providing the higher level of life support services.

(b) If the applicant is a transporting basic life support service, a plan of action to upgrade from providing basic life support to providing limited advanced life support or advanced life support to take place over a period of not more than 2 years. If the applicant is a transporting limited advanced life support service, a plan of action to upgrade from providing limited advanced life support to providing advanced life support to take place over a period of not more than 2 years.

(c) The medical control authority protocols for the ambulance operation upgrade license, along with a recommendation from the medical control authority under which the ambulance operation operates that the ambulance operation upgrade license be issued by the department.

(d) Other information required by the department.

(9) The statewide emergency medical services coordination committee shall review the information described in subsection (8)(c) and make a recommendation to the department as to whether or not an

© Courtesy of www.legislature.mi.gov

ambulance operation upgrade license should be granted to the applicant.

(10) Upon receipt of a completed application as required under subsection (8), a positive recommendation under subsection (9), and payment of a $100.00 fee, the department shall issue to the applicant an ambulance operation upgrade license. Subject to subsection (12), the license is valid for 2 years from the date of issuance and is renewable for 1 additional 2-year period. An application for renewal of an ambulance operation upgrade license shall contain documentation of the progress made on the plan of action described in subsection (8)(b). In addition, the medical control authority under which the ambulance operation operates shall annually file with the statewide emergency medical services coordination committee a written report on the progress made by the ambulance operation on the plan of action described in subsection (8)(b), including, but not limited to, information on training, equipment, and personnel.

(11) If an ambulance operation is designated by its regular license as providing basic life support services, then an ambulance operation upgrade license issued under this section allows the ambulance operation to provide limited advanced life support services or advanced life support services when the ambulance operation is able to staff and equip 1 or more ambulances to provide services at the higher levels. If an ambulance operation is designated by its regular license as providing limited advanced life support services, then an ambulance operation upgrade license issued under this section allows the ambulance operation to provide advanced life support services when the ambulance operation is able to staff and equip 1 or more ambulances to provide services at the higher level. An ambulance operation shall not provide services under an ambulance operation upgrade license unless the medical control authority under which the ambulance operation operates has adopted protocols for the ambulance operation upgrade license regarding quality monitoring procedures, use and protection of equipment, and patient care.

(12) The department may revoke or fail to renew an ambulance operation upgrade license for a violation of this part or a rule promulgated under this part or for failure to comply with the plan of action filed under subsection (8)(b). An ambulance operation that obtains an ambulance operation upgrade license must annually renew its regular license under subsections (2) to (6). An ambulance operation's regular license is not affected by the following:

(a) The fact that the ambulance operation has obtained or renewed an ambulance operation upgrade license.

(b) The fact that an ambulance operation's ambulance operation upgrade license is revoked or is not renewed under this subsection.

(c) The fact that the ambulance operation's ambulance operation upgrade license expires at the end of the second 2-year period prescribed by subsection (10).

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 1997, Act 78, Imd. Eff. July 22, 1997;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2004, Act 200, Imd. Eff. July 12, 2004;—Am. 2014, Act 413, Eff. Mar. 30, 2015.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20921 Ambulance operation; duties; prohibitions; staffing; operation at higher level of life support; occupants of patient compartment; applicability of subsection (5).

Sec. 20921. (1) An ambulance operation shall do all of the following:

(a) Except as provided in section 20921a, provide at least 1 ambulance available for response to requests for emergency assistance on a 24-hour-a-day, 7-day-a-week basis in accordance with local medical control authority protocols.

(b) Respond or ensure that a response is provided to each request for emergency assistance originating from within the bounds of its service area.

(c) Operate under the direction of a medical control authority or the medical control authorities with jurisdiction over the ambulance operation.

(d) Notify the department immediately of a change that would alter the information contained on its application for an ambulance operation license or renewal.

(e) Subject to section 20920(7) to (12) and section 20921a, provide life support consistent with its license and approved local medical control authority protocols to each emergency patient without prior inquiry into ability to pay or source of payment.

(2) An ambulance operation shall not do any of the following:

(a) Knowingly provide a person with false or misleading information concerning the time at which an emergency response will be initiated or the location from which the response is being initiated.

© Courtesy of www.legislature.mi.gov

(b) Induce or seek to induce any person engaging an ambulance to patronize a long-term care facility, mortuary, or hospital.

(c) Advertise, or permit advertising of, within or on the premises of the ambulance operation or within or on an ambulance, the name or the services of an attorney, accident investigator, nurse, physician, long-term care facility, mortuary, or hospital. If 1 of those persons or facilities owns or operates an ambulance operation, the person or facility may use its business name in the name of the ambulance operation and may display the name of the ambulance operation within or on the premises of the ambulance operation or within or on an ambulance.

(d) Advertise or disseminate information for the purpose of obtaining contracts under a name other than the name of the person holding an ambulance operation license or the trade or assumed name of the ambulance operation.

(e) If the ambulance operation is operating under an ambulance operation upgrade license issued under section 20920(7) to (12), advertise or otherwise hold itself out as a full-time transporting limited advanced life support service or a full-time transporting advanced life support service unless the ambulance operation actually provides those services on a 24-hour-per-day, 7-day-a-week basis.

(3) Except as provided in subsection (4) and section 20921a, an ambulance operation shall not operate, attend, or permit an ambulance to be operated while transporting a patient unless the ambulance is, at a minimum, staffed as follows:

(a) If designated as providing basic life support, with at least 1 emergency medical technician and 1 medical first responder.

(b) If designated as providing limited advanced life support, with at least 1 emergency medical technician specialist and 1 emergency medical technician.

(c) If designated as providing advanced life support, with at least 1 paramedic and 1 emergency medical technician.

(4) An ambulance operation that is licensed to provide advanced life support and has more than 1 ambulance licensed under its operation may operate an ambulance licensed to provide basic life support or limited advanced life support at a higher level of life support if all of the following are met:

(a) The ambulance operation has at least 1 ambulance under its operation that is properly staffed and available to provide advanced life support on a 24-hour-a-day, 7-day-a-week basis.

(b) The licensed personnel required to operate at that higher level of life support are available at the scene and in the ambulance during the patient transport to provide life support to that patient at that higher level.

(c) The ambulance meets all equipment and communication requirements to operate at that higher level of life support.

(d) The ambulance operation that is unable to respond to a request for emergency assistance immediately requests assistance pursuant to protocols established by the local medical control authority and approved by the department under this part.

(5) Except as provided in subsection (6), an ambulance operation shall ensure that an emergency medical technician, an emergency medical technician specialist, or a paramedic is in the patient compartment of an ambulance while transporting an emergency patient.

(6) Subsection (5) does not apply to the transportation of a patient by an ambulance if the patient is accompanied in the patient compartment of the ambulance by an appropriate licensed health professional designated by a physician and after a physician-patient relationship has been established as prescribed in this part or the rules promulgated by the department under this part.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 1997, Act 78, Imd. Eff. July 22, 1997;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2004, Act 200, Imd. Eff. July 12, 2004;—Am. 2014, Act 413, Eff. Mar. 30, 2015.

No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20921a County population 10,000 or less and population density less than 7 people per square mile; ambulance availability.

Sec. 20921a. (1) A limited ambulance operation whose primary service area is in a county with a population of 10,000 or less and whose primary service area has a population density of fewer than 7 people per square mile may have an ambulance available at less than the limited level of licensure if both of the following conditions are met:

(a) The medical control authority under which the ambulance operation operates authorizes the lesser

© Courtesy of www.legislature.mi.gov

availability.

(b) The ambulance operation has department-approved local medical control authority protocols in place.

(2) A basic ambulance operation whose primary service area is in a county with a population of 10,000 or less and whose primary service area has a population density of fewer than 7 people per square mile may operate at a limited ambulance operation level of licensure when staffed with an advanced EMT if all of the following conditions are met:

(a) The basic ambulance is equipped at the greater licensure level.

(b) The medical control authority under which the ambulance operation operates authorizes the conditional increased level of licensure.

(c) The basic ambulance operation has department-approved local medical control authority protocols in place.

**History:** Add. 2018, Act 398, Imd. Eff. Dec. 19, 2018.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

Former MCL 333.20921a, which pertained to ambulance availability for county or micropolitan area with population 10,000 or less and density less than 7 people per square mile, was repealed by Act 413 of 2014, Eff. Jan. 1, 2018.

**Popular name:** Act 368

### 333.20921b Transportation of nonemergency patient by rotary aircraft ambulance; duties; notice; violation; payment in full; definitions.

Sec. 20921b. (1) Before transporting a nonemergency patient in an ambulance that is a rotary aircraft, an ambulance operation shall do all of the following:

(a) Provide the nonemergency patient, or that patient's representative, all of the following information:

(*i*) Whether the ambulance operation is a participating provider with the nonemergency patient's health benefit plan.

(*ii*) A good-faith estimate of the cost for transporting the nonemergency patient.

(*iii*) That the nonemergency patient has a right to be transported by a method other than an ambulance that is a rotary aircraft.

(b) Complete the notice described in subsection (2) and, after completing the notice, obtain on the notice the signature of the nonemergency patient, or that patient's representative, acknowledging that the nonemergency patient, or that patient's representative, has received, has read, and understands the notice. An ambulance operation shall retain a copy of the notice required under this subdivision for not less than 7 years.

(2) The notice required under subsection (1)(b) must be in not less than 12-point type and in substantially the following form:

"I have been provided the following good-faith estimate of the cost of transportation by the ambulance that is a rotary aircraft that will be provided to me by _____ (insert name of ambulance operation): _____ (insert good-faith cost estimate).

I have been notified by _____ (insert name of ambulance operation) that the ambulance that is a rotary aircraft that is transporting me _____ (is or is not) a participating provider with my health benefit plan.

I was informed by _____ (insert name of ambulance operation) that I have the right to request transportation from an ambulance operation that is a participating provider with my health benefit plan.

I am aware that if my health benefit plan provides coverage for transportation by an ambulance that is a rotary aircraft or coverage for transportation provided by _____ (insert name of ambulance operation), I may be subject to a deductible, a copayment, or coinsurance. If the ambulance operation is not a participating provider with my health benefit plan, I have been informed that I may be responsible for the costs of being transported by the ambulance operation that are not covered by my health benefit plan.

I have been informed that I have the right to be transported by a method other than an ambulance that is a rotary aircraft.

_____ _____

(Patient's or patient representative's signature) (Date)

_____

(Type or print patient's or patient representative's name)".

(3) Upon the request of a nonemergency patient's health benefit plan or third party administrator, an ambulance operation shall provide a copy of the notice required under subsection (1)(b) to the person designated in the nonemergency patient's health benefit plan or to the third party administrator.

(4) If the ambulance operation fails to provide a nonemergency patient with the notice required under

© Courtesy of www.legislature.mi.gov

subsection (1)(b), the ambulance operation shall accept the amount covered by the nonemergency patient's health benefit plan for transporting the nonemergency patient as payment in full, other than coinsurance, copayments, or deductibles.

(5) If the patient is an emergency patient, the ambulance operation shall accept the amount covered by the emergency patient's health benefit plan for transporting the emergency patient as payment in full, other than coinsurance, copayments, or deductibles. However, if an ambulance operation is not a participating provider with the emergency patient's health benefit plan, the ambulance operation shall accept as payment in full the greater of the following:

(a) The average amount negotiated by the emergency patient's health benefit plan with participating providers for transporting the patient excluding any in-network coinsurance, copayments, or deductibles.

(b) One hundred fifty percent of the amount that would be covered by Medicare for the emergency service, excluding any in-network coinsurance, copayments, or deductibles.

(6) As used in this section and section 20921c:

(a) "Health benefit plan" means that term as defined in section 21501.

(b) "Participating provider" means that term as defined in section 21501.

(c) "Patient's representative" means that term as defined in section 21501.

(d) "Third party administrator" means that term as defined in section 2 of the third party administrator act, 1984 PA 218, MCL 550.902.

**History:** Add. 2018, Act 385, Eff. Mar. 19, 2019.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20921c Ambulance operation; patient request; right to land.

Sec. 20921c. If a patient at a hospital requests transportation from an ambulance operation that is a participating provider with the patient's health benefit plan, an ambulance that is a rotary aircraft that is operated by the ambulance operation shall have the right to land at the destination hospital for the purpose of transporting the patient, regardless of whether the ambulance operation is a contracted provider with the originating hospital or the destination hospital.

**History:** Add. 2018, Act 385, Eff. Mar. 19, 2019.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20922 Use of terms “ambulance,”“ambulance operation,” or similar term; advertising or disseminating information; license required.

Sec. 20922. (1) A person shall not use the terms "ambulance" or "ambulance operation" or a similar term to describe or refer to the person unless the person is licensed by the department under section 20920.

(2) A person shall not advertise or disseminate information leading the public to believe that the person provides an ambulance operation unless that person does in fact provide that service and has been licensed by the department to do so.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20923 Operation of ambulance; conditions; application for and issuance of ambulance license or annual renewal; fee; certificate of insurance; vehicle standards; minimum requirements for equipment; use of equipment or medications by licensed personnel; communications system; ambulance license nontransferable to ambulance operation.

Sec. 20923. (1) Except as provided in section 20924(2), a person shall not operate an ambulance unless the ambulance is licensed under this section and is operated as part of a licensed ambulance operation.

(2) Upon proper application and payment of a $25.00 fee, the department shall issue an ambulance license,

© Courtesy of www.legislature.mi.gov

or annual renewal of an ambulance license, to the ambulance operation. Receipt of the application by the department serves as attestation to the department by the ambulance operation that the ambulance being licensed or renewed is in compliance with the minimum standards required by the department. The inspection of an ambulance by the department is not required as a basis for licensure renewal, unless otherwise determined by the department.

(3) An ambulance operation shall submit an application and fee to the department for each ambulance in service. Each application shall include a certificate of insurance for the ambulance in the amount and coverage required by the department.

(4) Upon purchase by an ambulance operation, an ambulance shall meet all vehicle standards established by the department under section 20910(e)(*iv*).

(5) Once licensed for service, an ambulance is not required to meet subsequently modified state vehicle standards during its use by the ambulance operation that obtained the license.

(6) Patient care equipment and safety equipment carried on an ambulance shall meet the minimum requirements prescribed by the department and the approved local medical control authority protocols.

(7) An ambulance operation that maintains patient care equipment and medications necessary to upgrade from providing basic or limited advanced life support to providing a higher level of life support in accordance with section 20921(4) shall secure the necessary patient care equipment and medications in a way such that the equipment or medications can only be used by the appropriately licensed personnel.

(8) An ambulance shall be equipped with a communications system utilizing frequencies and procedures consistent with the statewide emergency medical services communications system developed by the department.

(9) An ambulance license is not transferable to another ambulance operation.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2004, Act 200, Imd. Eff. July 12, 2004.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20924 Business or service of transportation of patients; licensed ambulance required; exceptions.

Sec. 20924. (1) Except as provided in subsection (2), a person shall not furnish, operate, conduct, maintain, advertise, or otherwise be engaged or profess to be engaged in the business or service of the transportation of patients in this state unless the person uses an ambulance licensed under this part.

(2) An ambulance operated by an agency of the United States is not required to be licensed under this part. This part does not apply to an ambulance or ambulance personnel from another state or nation or a political subdivision of another state or nation that is performing in this state emergency assistance required by an official of this state.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20925 Emergency transportation of police dog; allow under certain conditions.

Sec. 20925. This part does not prohibit an ambulance from providing emergency transport of a police dog that is injured in the line of duty to a veterinary clinic or similar facility, if the police dog is in need of emergency medical treatment and there are no individuals who require transport or emergency assistance at that time. Ambulance personnel may require that a police officer accompany the police dog during the emergency transport. As used in this section, "police dog" means that term as defined in section 50c of the Michigan penal code, 1931 PA 328, MCL 750.50c.

**History:** Add. 2018, Act 600, Eff. Mar. 29, 2019.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20926 Nontransport prehospital life support operation; license required; application; fee; contents of license and application; renewal; compliance.

Sec. 20926. (1) A person shall not establish, operate, or cause to be operated a nontransport prehospital life support operation unless it is licensed under this section.

(2) The department, upon proper application and payment of a $100.00 fee, shall issue a license for a nontransport prehospital life support operation to a person meeting the requirements of this part and rules promulgated under this part.

(3) A nontransport prehospital life support operation license shall specify the level of life support the operation is licensed to provide. A nontransport prehospital life support operation shall operate in accordance with this part, rules promulgated under this part, and approved local medical control authority protocols and shall not provide life support at a level that exceeds its license or violates approved local medical control authority protocols.

(4) An applicant for a nontransport prehospital life support operation license shall specify in the application for licensure each nontransport prehospital life support vehicle to be operated.

(5) A nontransport prehospital life support operation license shall specify the nontransport prehospital life support vehicles licensed to be operated.

(6) A nontransport prehospital life support operation license may be renewed annually upon application to the department and payment of a $100.00 renewal fee. Before issuing a renewal license, the department shall determine that the nontransport prehospital life support operation is in compliance with this part, rules promulgated under this part, and local medical control authority protocols.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20927 Nontransport prehospital life support operation; duties; prohibitions.

Sec. 20927. (1) A nontransport prehospital life support operation shall:

(a) Provide at least 1 nontransport prehospital life support vehicle with proper equipment and personnel available for response to requests for emergency assistance on a 24-hour-a-day, 7-day-a-week basis in accordance with local medical control authority protocols.

(b) Respond or ensure that a response is provided to all requests for emergency assistance originating from within the bounds of its primary dispatch service area.

(c) Operate only under the direction of a medical control authority.

(d) Notify the department of any change that would alter the information contained on its application for a nontransport prehospital life support operation license or renewal.

(e) Provide life support consistent with its license and approved local medical control authority protocols to all patients without prior inquiry into ability to pay or source of payment.

(2) A nontransport prehospital life support operation shall not knowingly provide any person with false or misleading information concerning the time at which an emergency response will be initiated or the location from which the response is being initiated.

(3) A nontransport prehospital life support operation shall not operate a nontransport prehospital life support vehicle unless it is staffed, 24 hours a day, 7 days a week, as follows:

(a) If designated as providing basic life support, with at least 1 emergency medical technician who is on board that vehicle or if approved by the local medical control authority with at least 1 emergency medical technician who is at the emergency scene.

(b) If designated as providing limited advanced life support, with at least 1 emergency medical technician specialist.

(c) If designated as providing advanced life support, with at least 1 paramedic.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2005, Act 261, Imd. Eff. Dec. 16, 2005.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20928 Use of term “nontransport prehospital life support vehicle,”“nontransport

© Courtesy of www.legislature.mi.gov

### prehospital life support operation," or similar term; advertising or disseminating information; license required.

Sec. 20928. (1) A person shall not use the term "nontransport prehospital life support vehicle" or "nontransport prehospital life support operation" or a similar term to describe or refer to the person unless the person is licensed by the department under section 20926.

(2) A person shall not advertise or disseminate information leading the public to believe that the person provides a nontransport prehospital life support operation unless that person does in fact provide that service and has been licensed by the department to do so.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20929 Operation of nontransport prehospital life support vehicle; conditions; application for and issuance of license or annual renewal; fee; certificate of insurance; communications system; equipment.

Sec. 20929. (1) A person shall not operate a nontransport prehospital life support vehicle unless the vehicle is licensed by the department under this section and is operated as part of a licensed nontransport prehospital life support operation.

(2) Upon proper application and payment of a $25.00 fee, the department shall issue a nontransport prehospital life support vehicle license or annual renewal to the applicant nontransport prehospital life support operation. Receipt of the application by the department serves as attestation to the department by the nontransport prehospital life support operation that the vehicle being licensed or renewed is in compliance with the minimum standards required by the department. The inspection of a nontransport prehospital life support vehicle by the department is not required as a basis for issuing a licensure renewal, unless otherwise determined by the department.

(3) A nontransport prehospital life support operation shall submit an application and required fee to the department for each vehicle in service. Each application shall include a certificate of insurance for the vehicle in the amount and coverage required by the department.

(4) A nontransport prehospital life support vehicle shall be equipped with a communications system utilizing frequencies and procedures consistent with the statewide emergency medical services communications system developed by the department.

(5) A nontransport prehospital life support vehicle shall be equipped according to the department's minimum equipment list and approved medical control authority protocols based upon the level of life support the vehicle and personnel are licensed to provide.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20931 Air transport operation; license required; application; fee; issuance and contents of license; renewal; compliance.

Sec. 20931. (1) A person shall not establish, operate, or cause to be operated an aircraft transport operation unless it is licensed under this section.

(2) The department, upon proper application and payment of a $100.00 fee, shall issue a license for an aircraft transport operation to a person meeting the requirements of this part and rules promulgated under this part.

(3) An aircraft transport operation license shall specify the level of life support the operation is licensed to provide. An aircraft transport operation shall operate in accordance with this part, rules promulgated under this part, and orders established by the patient's physician and shall not provide life support at a level that exceeds its license or violates those orders.

(4) An applicant for an aircraft transport operation license shall specify in the application for licensure each aircraft transport vehicle to be operated and licensed.

(5) An aircraft transport operation license may be renewed annually upon application to the department

© Courtesy of www.legislature.mi.gov

and payment of a $100.00 renewal fee. Before issuing a renewal license, the department shall determine that the aircraft transport operation is in compliance with this part and rules promulgated under this part.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20932 Aircraft transport operation; duties; prohibitions.

Sec. 20932. (1) An aircraft transport operation shall:

(a) Provide an aircraft transport vehicle with proper equipment and personnel available for response to requests for patient transportation between health facilities, as needed and for life support during that transportation according to the written orders of the patient's physician.

(b) Notify the department of any change that would alter the information contained on its application for an aircraft transport operation license or renewal.

(2) An aircraft transport operation shall not operate an aircraft transport vehicle unless it is staffed, with emergency medical services personnel or other licensed health care professionals as appropriate according to the written orders of the patient's physician.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20932a Transportation of nonemergency patient by aircraft transport operation; duties; notice; violation; payment in full; definitions.

Sec. 20932a. (1) Before transporting a nonemergency patient in an aircraft transport vehicle, an aircraft transport operation shall do all of the following:

(a) Provide the nonemergency patient, or that patient's representative, all of the following information:

(*i*) Whether the aircraft transport operation is a participating provider with the nonemergency patient's health benefit plan.

(*ii*) A good-faith estimate of the cost for transporting the nonemergency patient.

(*iii*) That the nonemergency patient has a right to be transported by a method other than an aircraft transport vehicle.

(b) Complete the notice described in subsection (2) and, after completing the notice, obtain on the notice the signature of the nonemergency patient, or that patient's representative, acknowledging that the nonemergency patient, or that patient's representative, has received, has read, and understands the notice. An aircraft transport operation shall retain a copy of the notice required under this subdivision for not less than 7 years.

(2) The notice required under subsection (1)(b) must be in not less than 12-point type and in substantially the following form:

"I have been provided the following good-faith estimate of the cost of transportation by the aircraft transport vehicle that will be provided to me by _____ (insert name of aircraft transport operation): _____ (insert good-faith cost estimate).

I have been notified by _____ (insert name of aircraft transport operation) that the aircraft transport vehicle transporting me _____ (is or is not) a participating provider with my health benefit plan.

I was informed by _____ (insert name of aircraft transport operation) that I have the right to request transportation from an aircraft transport operation that is a participating provider with my health benefit plan.

I am aware that if my health benefit plan provides coverage for transportation by an aircraft transport vehicle or coverage for transportation provided by _____ (insert name of aircraft transport operation), I may be subject to a deductible, a copayment, or coinsurance. If the aircraft transport operation is not a participating provider with my health benefit plan, I have been informed that I may be responsible for the costs of being transported by the aircraft transport operation that are not covered by my health benefit plan.

I have been informed that I have the right to be transported by a method other than an aircraft transport vehicle.

© Courtesy of www.legislature.mi.gov

_____ _____

(Patient's or patient representative's signature) (Date)

_____

(Type or print patient's or patient representative's name)".

(3) Upon the request of a nonemergency patient's health benefit plan or third party administrator, an aircraft transport operation shall provide a copy of the notice required under subsection (1)(b) to the person designated in the nonemergency patient's health benefit plan or to the third party administrator.

(4) If the aircraft transport operation fails to provide a nonemergency patient with the notice required under subsection (1)(b), the aircraft transport operation shall accept the amount covered by the nonemergency patient's health benefit plan for transporting the nonemergency patient as payment in full, other than coinsurance, copayments, or deductibles.

(5) If a patient is an emergency patient, the aircraft transport operation shall accept the amount covered by the emergency patient's health benefit plan for transporting the emergency patient as payment in full, other than coinsurance, copayments, or deductibles. However, if an aircraft transport operation is not a participating provider with the emergency patient's health benefit plan, the aircraft transport operation shall accept as payment in full the greater of the following:

(a) The average amount negotiated by the emergency patient's health benefit plan with participating providers for transporting the patient excluding any in-network coinsurance, copayments, or deductibles.

(b) One hundred fifty percent of the amount that would be covered by Medicare for the emergency service, excluding any in-network coinsurance, copayments, or deductibles.

(6) As used in this section and section 20932b:

(a) "Health benefit plan" means that term as defined in section 21501.

(b) "Participating provider" means that term as defined in section 21501.

(c) "Patient's representative" means that term as defined in section 21501.

(d) "Third party administrator" means that term as defined in section 2 of the third party administrator act, 1984 PA 218, MCL 550.902.

**History:** Add. 2018, Act 385, Eff. Mar. 19, 2019.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20932b Aircraft transport operation; patient request; right to land.

Sec. 20932b. If a patient at a hospital requests transportation from an aircraft transport operation that is a participating provider with the patient's health benefit plan, an aircraft transport vehicle that is operated by the aircraft transport operation shall have the right to land at the destination hospital for the purpose of transporting the patient, regardless of whether the aircraft transport operation is a contracted provider with the originating hospital or the destination hospital.

**History:** Add. 2018, Act 385, Eff. Mar. 19, 2019.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20933 Use of term “aircraft transport vehicle,”“aircraft transport operation,” or similar term; advertising or disseminating information; license required.

Sec. 20933. (1) A person shall not use the term "aircraft transport vehicle" or "aircraft transport operation" or a similar term to describe or refer to the person unless the person is licensed by the department under section 20931.

(2) A person shall not advertise or disseminate information leading the public to believe that the person provides an aircraft transport operation unless that person does in fact provide that service and has been licensed by the department to do so.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20934 Operation of aircraft transport vehicle; conditions; application for and issuance of license or annual renewal; fee; certificate of insurance; communications system; equipment; amount of liability coverage; determination.

Sec. 20934. (1) A person shall not operate an aircraft transport vehicle unless the vehicle is licensed by the department under this section and is operated as part of a licensed aircraft transport operation.

(2) Upon proper application and payment of a $100.00 fee, the department shall issue an aircraft transport vehicle license or annual renewal to the applicant aircraft transport operation. Receipt of the application by the department serves as attestation to the department by the aircraft transport operation that the vehicle is in compliance with the minimum standards required by the department. The inspection of an aircraft transport vehicle by the department is not required as a basis for licensure renewal, unless otherwise determined by the department.

(3) An aircraft transport operation shall submit an application and required fee to the department for each vehicle in service. Except as provided in subsection (6), each application shall include a certificate of insurance for the vehicle in the amount and coverage required by the department.

(4) An aircraft transport vehicle shall be equipped with a communications system utilizing frequencies and procedures consistent with the statewide emergency medical services communications system developed by the department.

(5) An aircraft transport vehicle shall be equipped according to the department's minimum equipment list based upon the level of life support the vehicle and personnel are licensed to provide.

(6) When determining the amount of liability coverage required by the department under subsection (3), an aircraft transport operation that transports patients less than an average of 45 times a year over the 5-year period preceding the date coverage begins, is not required to have more than $2,000,000.00 in liability coverage on each aircraft transport vehicle in that aircraft transport operation. An aircraft transport operator described under this subsection that has a valid federal aviation regulation part 135 air carrier certificate issued by the federal aviation administration shall have its base of operation and primary business address on an island in the Great Lakes more than 20 miles from the nearest mainland airport. The aircraft transport operator's primary business address is the address shown in the operations specifications and on the air carrier certificate.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2012, Act 269, Imd. Eff. July 3, 2012.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the Michigan public health code, including any board, commission, council, or similar entity providing regulation of health professionals licensed, registered, or certified under part 209 of article 17 of the Michigan public health code, to the department of community health, see E.R.O. No. 2014-2, compiled at MCL 333.26253.

For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20935 Receipt of completed license application; issuance of license within certain period of time; report; “completed application” defined.

Sec. 20935. (1) Subject to subsection (3), beginning on the effective date of the amendatory act that added this section, the department shall approve or reject an initial license application for an ambulance operation, nontransport prehospital life support operation, aircraft transport operation, or medical first response service within 6 months after the applicant files a completed application as required under this part. Receipt of the application is considered the date the application is received by any agency or department of this state.

(2) If an initial license application for an ambulance operation, nontransport prehospital life support operation, aircraft transport operation, or medical first response service is considered incomplete by the department, the department shall notify the applicant in writing or make the notice electronically available within 30 days after receipt of the incomplete application, describing the deficiency and requesting additional information.

(3) If the department identifies a deficiency or requires the fulfillment of a corrective action plan, the 6-month period is tolled until either of the following occurs:

(a) Upon notification by the department of a deficiency, until the date the requested information is received by the department.

(b) Upon notification by the department that a corrective action plan is required, until the date the

© Courtesy of www.legislature.mi.gov

department determines the requirements of the corrective action plan have been met.

(4) The determination of the completeness of an application does not operate as an approval of the application for the license and does not confer eligibility of an applicant determined otherwise ineligible for issuance of a license.

(5) If the department fails to approve or reject an initial license application within the time period required under this section, the department shall return the license fee and shall reduce the license fee for the applicant's next licensure application, if any, by 15%. Failure to issue or deny a license within the time period required under this section does not allow the department to otherwise delay processing an application. The completed application shall be placed in sequence with other completed applications received at that same time. The department shall not discriminate against an applicant in the processing of the application based upon the fact that the application fee was refunded or discounted under this subsection.

(6) Beginning October 1, 2005, the director of the department shall submit a report by December 1 of each year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with public health issues. The director shall include all of the following information in the report concerning the preceding fiscal year:

(a) The number of initial applications the department received and completed within the 6-month time period required under subsection (1).

(b) The number of applications requiring a request for additional information.

(c) The number of applications denied.

(d) The average processing time for initial licenses granted after the 6-month period.

(e) The number of initial license applications not issued within the 6-month period and the amount of money returned to applicants under subsection (5).

(7) As used in this section, "completed application" means an application complete on its face and submitted with any applicable licensing fees as well as any other information, records, approval, security, or similar item required by law or rule from a local unit of government, a federal agency, or a private entity but not from another department or agency of this state.

**History:** Add. 2004, Act 284, Imd. Eff. July 23, 2004.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20936 Application for license renewal received after expiration date of license; late fee; completing requirements for initial licensure.

Sec. 20936. (1) If an application for renewal of an ambulance operation, nontransport prehospital life support operation, or aircraft transport operation license is received by the department after the expiration date of the license, the applicant shall pay a late fee in the amount of $300.00 in addition to the renewal fee. If an application for renewal is not received by the department within 60 days after the license expires, the department shall not issue a renewal license unless the licensee completes the requirements for initial licensure and pays the late fee.

(2) If an application for renewal of an ambulance or nontransport prehospital life support vehicle, or aircraft transport vehicle license is received by the department after the expiration date of the license, the applicant shall pay a late fee in the amount of $100.00 in addition to the renewal fee. If an application for renewal is not received by the department within 60 days after the license expires, the department shall not issue a renewal license unless the licensee completes the requirements for initial licensure and pays the late fee.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20938 Operation of ambulance or nontransport prehospital life support vehicle under emergency conditions; privileges and constraints.

Sec. 20938. When operating an ambulance or a nontransport prehospital life support vehicle under emergency conditions or a reasonable belief that an emergency condition exists, the driver of the ambulance or nontransport prehospital life support vehicle may exercise the privileges and is subject to the constraints

prescribed by the Michigan vehicle code, Act No. 300 of the Public Acts of 1949, being sections 257.1 to 257.923 of the Michigan Compiled Laws, pertaining to the driver of an authorized emergency vehicle.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20939 Spontaneous use of vehicle under exceptional circumstances; written report.

Sec. 20939. If an ambulance operation is unable to respond to an emergency patient within a reasonable time, this part does not prohibit the spontaneous use of a vehicle under exceptional circumstances to provide, without charge or fee and as a humane service, transportation for the emergency patient. Emergency medical personnel who transport or who make the decision to transport an emergency patient under this section shall file a written report describing the incident with the medical control authority.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20941 Medical first response service; license required; issuance; requirements; duties; renewal of license; advertising or disseminating information; availability of vehicle; ability of patient to pay; police or fire suppression agency.

Sec. 20941. (1) A person shall not establish, operate, or cause to be operated a medical first response service unless the service is licensed by the department.

(2) Upon proper application, the department shall issue a license as a medical first response service to a person who meets the requirements of this part and rules promulgated under this part. The department shall not charge a fee for licensing a medical first response service.

(3) A medical first response service shall provide life support in accordance with approved local medical control authority protocols and shall not provide life support at a level that exceeds its license or violates approved local medical control authority protocols.

(4) A medical first response service license may be renewed annually upon the application to the department.

(5) A person shall not advertise or disseminate information leading the public to believe that the person provides a medical first response service unless that person does in fact provide that service and has been licensed by the department.

(6) A medical first response service shall have at least 1 medical first response vehicle available on a 24-hour-a-day, 7-day-a-week basis, to provide a medical first response capability. Each medical first response vehicle shall be equipped and staffed as required by this part or rules promulgated under this part.

(7) A medical first response service shall provide life support consistent with its license and approved local medical control authority protocols to all patients without prior inquiry into ability to pay or source of payment.

(8) To the extent that a police or fire suppression agency is dispatched to provide medical first response life support, that agency is subject to this section and the other provisions of this part relating to medical first response services.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the Michigan public health code, including any board, commission, council, or similar entity providing regulation of health professionals licensed, registered, or certified under part 209 of article 17 of the Michigan public health code, to the department of community health, see E.R.O. No. 2014-2, compiled at MCL 333.26253.

For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20945 Life support agency license; nonrenewable conditional license in lieu of denial, suspension, or revocation; duration; conditions.

© Courtesy of www.legislature.mi.gov

Sec. 20945. If the department determines that grounds exist under section 20165 for denial, suspension, or revocation of a life support agency license but that the denial, suspension, or revocation of the license may be detrimental to the health, safety, and welfare of the residents served by the life support agency or applicant, the department may issue a nonrenewable conditional license effective for not more than 1 year and may prescribe such conditions as the department determines to be necessary to protect the public health, safety, and welfare.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20948 Operations and services furnished by local governmental unit; costs; ordinance.

Sec. 20948. (1) A local governmental unit or combination of local governmental units may operate an ambulance operation or a nontransport prehospital life support operation, or contract with a person to furnish any of those services for the use and benefit of its residents, and may pay for any or all of the cost from available funds. A local governmental unit may receive state or federal funds or private funds for the purpose of providing emergency medical services.

(2) A local governmental unit that operates an ambulance operation or a nontransport prehospital life support operation or is a party to a contract or an interlocal agreement may defray any or all of its share of the cost by either or both of the following methods:

(a) Collection of fees for services.

(b) Special assessments created, levied, collected, and annually determined pursuant to a procedure conforming as nearly as possible to the procedure set forth in section 1 of Act No. 33 of the Public Acts of 1951, being section 41.801 of the Michigan Compiled Laws. This procedure does not prohibit the right of referendum set forth under Act No. 33 of the Public Acts of 1951, being sections 41.801 to 41.811 of the Michigan Compiled Laws.

(3) A local governmental unit may enact an ordinance regulating ambulance operations, nontransport prehospital life support operations, or medical first response services. The standards and procedures established under the ordinance shall not be in conflict with or less stringent than those required under this part or the rules promulgated under this part.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20950 Medical first responder, emergency medical technician, emergency medical technician specialist, paramedic, or emergency medical services instructor-coordinator; licensing requirements; duration of license; fees; volunteers; waiver of fee; "armed forces" defined.

Sec. 20950. (1) An individual shall not practice or advertise to practice as a medical first responder, emergency medical technician, emergency medical technician specialist, paramedic, or emergency medical services instructor-coordinator unless licensed by the department under this section.

(2) The department shall issue a license under this section only to an individual who meets all of the following requirements:

(a) Is 18 years of age or older.

(b) Meets either of the following requirements:

(*i*) Has successfully completed the appropriate education program approved under section 20912.

(*ii*) While serving as a member of the armed forces, served as a military health care specialist and was separated from service with an honorable character of service or under an honorable conditions (general) character of service in the 2-year period preceding the date the license application is filed. The applicant shall provide a form DD214, DD215, or any other form that is satisfactory to the department to meet the criteria established in this subparagraph. This subparagraph only applies to an applicant for a license as an emergency medical technician.

(c) Subject to subsection (3), has attained a passing score on the appropriate department prescribed examination, as follows:

© Courtesy of www.legislature.mi.gov

(*i*) A medical first responder must pass the written examination proctored by the department or the department's designee and a practical examination approved by the department. The instructors of the medical first responder course shall administer the practical examination. The department or the department's designee may also proctor the practical examination. The individual shall pay the fee for the written examination required under this subparagraph directly to the National Registry of Emergency Medical Technicians or other organization approved by the department. As used in this subparagraph, "examination" means an evaluation approved or developed by the National Registry of Emergency Medical Technicians or another organization with equivalent national recognition and expertise in emergency medical services personnel testing and approved by the department.

(*ii*) An emergency medical technician or emergency medical technician specialist must pass the written examination proctored by the department or the department's designee and a practical examination proctored by the department or the department's designee. The individual shall pay the fee for the written examination required under this subparagraph directly to the National Registry of Emergency Medical Technicians or other organization approved by the department. As used in this subparagraph, "examination" means an evaluation approved or developed by the National Registry of Emergency Medical Technicians or another organization with equivalent national recognition and expertise in emergency medical services personnel testing and approved by the department.

(*iii*) A paramedic must pass either of the following:

(A) A written and practical examination developed or prescribed by the department other than an examination defined in sub-subparagraph (B).

(B) The written examination proctored by the department or the department's designee and a practical examination proctored by the department or the department's designee. An individual who takes the examination described in this sub-subparagraph shall pay the fee for the examination directly to the National Registry of Emergency Medical Technicians or another organization approved by the department. As used in this sub-subparagraph, "examination" means an evaluation approved or developed by the National Registry of Emergency Medical Technicians or another organization with equivalent national recognition and expertise in emergency medical services personnel testing and approved by the department.

(d) Meets other requirements of this part.

(3) The department shall require for purposes of compliance with subsection (2)(c) successful passage by each first-time applicant of the applicable examination described in that subsection. Not later than 2 years after the effective date of the amendatory act that added this sentence, the department shall develop or prescribe the examination described in subsection (2)(c)(*iii*)(A).

(4) The department shall issue a license as an emergency medical services instructor-coordinator only to an individual who meets the requirements of subsection (2) for an emergency medical services instructor-coordinator and at the time of application is currently licensed as a medical first responder, emergency medical technician, emergency medical technician specialist, or paramedic and has at least 3 years' field experience with a licensed life support agency as a medical first responder, emergency medical technician, emergency medical technician specialist, or paramedic. The department shall provide for the development and administration of an examination for emergency medical services instructor-coordinators. The license must specify the level of instruction-coordination the individual is licensed to provide. An emergency medical services instructor-coordinator shall not instruct or coordinate emergency medical training courses at a level that exceeds his or her designated level of licensure and for which he or she does not have at least 3 years' field experience at that level of licensure.

(5) Except as otherwise provided in section 20952, a license under this section is effective for 3 years from the date of issuance unless revoked or suspended by the department.

(6) Except as otherwise provided in this section, an applicant for licensure under this section shall pay the following triennial licensure fees:

(a) Medical first responder - no fee.

(b) Emergency medical technician - $40.00.

(c) Emergency medical technician specialist - $60.00.

(d) Paramedic - $80.00.

(e) Emergency medical services instructor-coordinator - $100.00.

(7) If a life support agency certifies to the department that an applicant for licensure under this section will act as a volunteer and if the life support agency does not charge for its services, the department shall not require the applicant to pay the fee required under subsection (6). If the applicant ceases to meet the definition of a volunteer under this part at any time during the effective period of his or her license and is employed as a licensee under this part, the applicant shall at that time pay the fee required under subsection (6).

(8) The department shall waive the fee required under subsection (6) for the initial license if the applicant

© Courtesy of www.legislature.mi.gov

for initial licensure was separated from service with an honorable character of service or under honorable conditions (general) character of service in the armed forces. The applicant shall provide a form DD214, DD215, or any other form that is satisfactory to the department to be eligible for the waiver of the fee under this subsection.

(9) The department may charge a fee for an applicant taking the examination described in section 20950(2)(c)(*iii*)(A), in an amount that does not exceed the fee for an applicant taking the examination described in section 20950(2)(c)(*iii*)(B).

(10) As used in this section, "armed forces" means that term as defined in section 16103.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2006, Act 568, Imd. Eff. Jan. 3, 2007;—Am. 2013, Act 165, Eff. Feb. 12, 2014;—Am. 2021, Act 25, Eff. Sept. 7, 2021;—Am. 2024, Act 48, Eff. Apr. 2, 2025.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20952 Temporary license.

Sec. 20952. (1) The department may grant a nonrenewable temporary license to an individual who has made proper application with the required fee for licensure as a medical first responder, emergency medical technician, emergency medical technician specialist, or paramedic and who has successfully completed all of the requirements for licensure except for the examinations described in section 20950. A temporary license is valid for 1 year from the date of an accepted application.

(2) An individual holding a temporary license under this section shall practice only under direct supervision as provided under section 20952a.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2024, Act 48, Eff. (sine die);—Am. 2024, Act 84, Imd. Eff. July 23, 2024.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20952a Emergency medical technician; temporary license.

Sec. 20952a. (1) An individual holding a temporary license as an emergency medical technician shall practice only under the direct supervision of an emergency medical technician, emergency medical technician specialist, or paramedic who holds a license other than a temporary license.

(2) An individual holding a temporary license as an emergency medical technician specialist shall practice only under the direct supervision of an emergency medical technician specialist or paramedic who holds a license other than a temporary license.

(3) An individual holding a temporary license as a paramedic shall practice only under the direct supervision of a paramedic who holds a license other than a temporary license.

**History:** Add. 2024, Act 85, Imd. Eff. July 23, 2024.

**Popular name:** Act 368

### 333.20954 Renewal license; renewal fees; procedures for late renewal; volunteers.

Sec. 20954. (1) Upon proper application to the department and payment of the renewal fee under subsection (2), the department may renew an emergency medical services personnel license if the applicant meets the requirements of this part and provides, upon request of the department, verification of having met ongoing education requirements established by the department. If an applicant for renewal fails to provide the department with a change of address, the applicant shall pay a $20.00 fee in addition to the renewal and late fees required under subsections (2) and (3).

(2) Except as otherwise provided in subsection (5), an applicant for renewal of a license under section 20950 shall pay a renewal fee as follows:

(a) Medical first responder - no fee.

(b) Emergency medical technician - $25.00.

(c) Emergency medical technician specialist - $25.00.

(d) Paramedic - $25.00.

(e) Emergency medical services instructor-coordinator - $25.00.

(3) Except as otherwise provided in subsection (5), if an application for renewal under subsection (1) is

© Courtesy of www.legislature.mi.gov

postmarked after the date the license expires, the applicant shall pay a late fee in addition to the renewal fee under subsection (2) as follows:

(a) Medical first responder - $50.00.

(b) Emergency medical technician - $50.00.

(c) Emergency medical technician specialist - $50.00.

(d) Paramedic - $50.00.

(e) Emergency medical services instructor-coordinator - $50.00.

(4) A license or registration must be renewed by the licensee on or before the expiration date as prescribed by rule. The department shall mail a notice to the licensee at the last known address on file with the department advising of the time, procedure, and fee for renewal. Failure of the licensee to receive notice under this subsection does not relieve the licensee of the responsibility for renewing his or her license. A license not renewed by the expiration date may be renewed within 60 days of the expiration date upon application, payment of renewal and late renewal fees, and fulfillment of any continued continuing education requirements set forth in rules promulgated under this article. The licensee may continue to practice and use the title during the 60-day period. If a license is not so renewed within 60 days of the expiration date, the license is void. The licensee shall not practice or use the title. An individual may be relicensed within 3 years of the expiration date upon application, payment of the application processing, renewal, and late renewal fees, and fulfillment of any continuing education requirements in effect at the time of the expiration date, or that would have been required had the individual renewed his or her license pursuant to subsection (1). An individual may be relicensed more than 3 years after the expiration date upon application as a new applicant, meeting all licensure requirements in effect at the time of application, taking or retaking and passing any applicable examinations described in section 20950 required for initial licensure, and payment of fees required of new applicants.

(5) If a life support agency certifies to the department that an applicant for renewal under this section is a volunteer and if the life support agency does not charge for its services, the department shall not require the applicant to pay the fee required under subsection (2) or a late fee under subsection (3). If the applicant for renewal ceases to meet the definition of a volunteer under this part at any time during the effective period of his or her license renewal and is employed as a licensee under this part, the applicant for renewal shall at that time pay the fee required under subsection (2).

(6) An individual seeking renewal under this section is not required to maintain national registry status as a condition of license renewal.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 314, Eff. Jan. 1, 2001;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2024, Act 48, Eff. Apr. 2, 2025.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20956 Provision of life support; limitation; authorized techniques.

Sec. 20956. (1) A medical first responder, an emergency medical technician, an emergency medical technician specialist, or a paramedic shall not provide life support at a level that is inconsistent with his or her education, licensure, and approved medical control authority protocols.

(2) A medical first responder, emergency medical technician, emergency medical technician specialist, or paramedic may perform techniques required in implementing a field study authorized under section 20910(1)(h) if he or she receives training for the skill, technique, procedure, or equipment involved in the field study.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20958 Emergency medical services personnel license; denial, revocation, or suspension; findings; notice; hearing order of circuit court to appear and give testimony.

Sec. 20958. (1) The department may deny, revoke, or suspend an emergency medical services personnel license upon finding that an applicant or licensee meets 1 or more of the following:

(a) Is guilty of fraud or deceit in procuring or attempting to procure licensure.

© Courtesy of www.legislature.mi.gov

(b) Has illegally obtained, possessed, used, or distributed drugs.

(c) Has practiced after his or her license has expired or has been suspended.

(d) Has knowingly violated, or aided or abetted others in the violation of, this part or rules promulgated under this part.

(e) Is not performing in a manner consistent with his or her education, licensure, or approved medical control authority protocols.

(f) Is physically or mentally incapable of performing his or her prescribed duties.

(g) Has been convicted of a criminal offense under sections 520a to 520*l* of the Michigan penal code, 1931 PA 328, MCL 750.520a to 750.520*l*. A certified copy of the court record is conclusive evidence of the conviction.

(h) Has been convicted of a misdemeanor or felony reasonably related to and adversely affecting the ability to practice in a safe and competent manner. A certified copy of the court record is conclusive evidence of the conviction.

(2) The department shall provide notice of intent to deny, revoke, or suspend an emergency services personnel license by certified mail or personal service. The notice of intent shall set forth the particular reasons for the proposed action and shall advise the applicant or licensee that he or she is entitled to the opportunity for a hearing before the director or the director's authorized representative. If the person to whom the notice is sent does not make a written request to the department for a hearing within 30 days of receiving the notice, the license is considered denied, revoked, or suspended as stated in the notice. If requested, the hearing shall be conducted pursuant to the administrative procedures act of 1969 and rules promulgated by the department. A full and complete record shall be kept of the proceeding and shall be transcribed when requested by an interested party, who shall pay the cost of preparing the transcript. On the basis of a hearing or on the default of the applicant or licensee, the department may issue, deny, suspend, or revoke a license.

(3) The department may establish procedures, hold hearings, administer oaths, issue subpoenas, or order testimony to be taken at a hearing or by deposition in a proceeding pending at any stage of the proceeding. A person may be compelled to appear and testify and to produce books, papers, or documents in a proceeding.

(4) In case of disobedience of a subpoena, a party to a hearing may invoke the aid of the circuit court of the jurisdiction in which the hearing is held to require the attendance and testimony of witnesses. The circuit court may issue an order requiring an individual to appear and give testimony. Failure to obey the order of the circuit court may be punished by the court as a contempt.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2010, Act 304, Imd. Eff. Dec. 17, 2010.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the Michigan public health code, including any board, commission, council, or similar entity providing regulation of health professionals licensed, registered, or certified under part 209 of article 17 of the Michigan public health code, to the department of community health, see E.R.O. No. 2014-2, compiled at MCL 333.26253.

For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20961 Reciprocity.

Sec. 20961. (1) The department may grant a license under this part to a person who is licensed in another state at the time of application if the applicant provides evidence satisfactory to the department as to all of the following:

(a) The applicant meets the requirements of this part and rules promulgated by the department for licensure.

(b) There are no pending disciplinary proceedings against the applicant before a similar licensing agency of this or any other state or country.

(c) If sanctions have been imposed against the applicant by a similar licensing agency of this or any other state or country based upon grounds that are substantially similar to those set forth in section 20165 or 20958, as determined by the department, the sanctions are not in force at the time of the application.

(d) The other state maintains licensure standards equivalent to or more stringent than those of this state.

(2) The department may make an independent inquiry to determine whether an applicant meets the requirements described in subsection (1)(b) and (c).

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar

entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20963 Radio communications; compliance.

Sec. 20963. (1) A person participating in radio communications activities in support of emergency medical services, on frequencies utilized in the statewide emergency medical services communications system, shall comply with procedures and radio system requirements established by the department.

(2) A person who receives any intercepted public safety radio communication shall not utilize the contents of the communication for the purpose of initiating an emergency medical service response without the authorization of the sender. This subsection shall not apply to a radio communication generally transmitted to any listener by a person in distress.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20965 Immunity from liability.

Sec. 20965. (1) Unless an act or omission is the result of gross negligence or willful misconduct, the acts or omissions of a medical first responder, emergency medical technician, emergency medical technician specialist, paramedic, medical director of a medical control authority or his or her designee, or, subject to subsection (5), an individual acting as a clinical preceptor of a department-approved education program sponsor while providing services to a patient outside a hospital, in a hospital before transferring patient care to hospital personnel, or in a clinical setting that are consistent with the individual's licensure or additional training required by the medical control authority including, but not limited to, services described in subsection (2), or consistent with an approved procedure for that particular education program do not impose liability in the treatment of a patient on those individuals or any of the following persons:

(a) The authorizing physician or physician's designee.

(b) The medical director and individuals serving on the governing board, advisory body, or committee of the medical control authority and an employee of the medical control authority.

(c) The person providing communications services or lawfully operating or utilizing supportive electronic communications devices.

(d) The life support agency or an officer, member of the staff, or other employee of the life support agency.

(e) The hospital or an officer, member of the staff, nurse, or other employee of the hospital.

(f) The authoritative governmental unit or units.

(g) Emergency personnel from outside the state.

(h) The education program medical director.

(i) The education program instructor-coordinator.

(j) The education program sponsor and education program sponsor advisory committee.

(k) The student of a department-approved education program who is participating in an education program-approved clinical setting.

(*l*) An instructor or other staff employed by or under contract to a department-approved education program for the purpose of providing training or instruction for the department-approved education program.

(m) The life support agency or an officer, member of the staff, or other employee of the life support agency providing the clinical setting described in subdivision (k).

(n) The hospital or an officer, member of the medical staff, or other employee of the hospital providing the clinical setting described in subdivision (k).

(2) Subsection (1) applies to services consisting of any of the following:

(a) The use of an automated external defibrillator on an individual who is in or is exhibiting symptoms of cardiac distress.

(b) The administration of an opioid antagonist to an individual who is suffering or is exhibiting symptoms of an opioid-related overdose.

(3) Unless an act or omission is the result of gross negligence or willful misconduct, the acts or omissions of any of the persons named below, while participating in the development of protocols under this part, implementation of protocols under this part, or holding a participant in the emergency medical services system accountable for department-approved protocols under this part, does not impose liability in the performance of those functions:

© Courtesy of www.legislature.mi.gov

(a) The medical director and individuals serving on the governing board, advisory body, or committees of the medical control authority or employees of the medical control authority.

(b) A participating hospital or freestanding surgical outpatient facility in the medical control authority or an officer, member of the medical staff, or other employee of the hospital or freestanding surgical outpatient facility.

(c) A participating agency in the medical control authority or an officer, member of the medical staff, or other employee of the participating agency.

(d) A nonprofit corporation that performs the functions of a medical control authority.

(4) Subsections (1) and (3) do not limit immunity from liability otherwise provided by law for any of the persons listed in subsections (1) and (3).

(5) The limitation on liability granted to a clinical preceptor under subsection (1) applies only to an act or omission of the clinical preceptor relating directly to a student's clinical training activity or responsibility while the clinical preceptor is physically present with the student during the clinical training activity, and does not apply to an act or omission of the clinical preceptor during that time that indirectly relates or does not relate to the student's clinical training activity or responsibility.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 1997, Act 78, Imd. Eff. July 22, 1997;—Am. 1999, Act 199, Imd. Eff. Dec. 20, 1999;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001;—Am. 2014, Act 312, Imd. Eff. Oct. 14, 2014.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20967 Authority for management of emergency patient or management of scene of emergency; declaring nonexistence of emergency.

Sec. 20967. (1) Authority for the management of a patient in an emergency is vested in the licensed health professional or licensed emergency medical services personnel at the scene of the emergency who has the most training specific to the provision of emergency medical care. If a licensed health professional or licensed emergency medical services personnel is not available, the authority is vested in the most appropriately trained representative of a public safety agency at the scene of the emergency.

(2) When a life support agency is present at the scene of the emergency, authority for the management of an emergency patient in an emergency is vested in the physician responsible for medical control until that physician relinquishes management of the patient to a licensed physician at the scene of the emergency.

(3) Authority for the management of the scene of an emergency is vested in appropriate public safety agencies. The scene of an emergency shall be managed in a manner that will minimize the risk of death or health impairment to an emergency patient and to other individuals who may be exposed to the risks as a result of the emergency. Priority shall be given to the interests of those individuals exposed to the more serious remediable risks to life and health. Public safety officials shall ordinarily consult emergency medical services personnel or other authoritative health professionals at the scene in the determination of remediable risks.

(4) If an emergency has been declared, the declaration that an emergency no longer exists shall be made only by an individual licensed under this part or a health professional licensed under article 15 who has training specific to the provision of emergency medical services in accordance with protocols established by the local medical control authority.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20969 Objection to treatment or transportation.

Sec. 20969. This part and the rules promulgated under this part do not authorize medical treatment for or transportation to a hospital of an individual who objects to the treatment or transportation. However, if emergency medical services personnel, exercising professional judgment, determine that the individual's condition makes the individual incapable of competently objecting to treatment or transportation, emergency medical services may provide treatment or transportation despite the individual's objection unless the objection is expressly based on the individual's religious beliefs.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20971 Emergency preparedness act and MCL 30.261 not affected by part; references to former laws.

Sec. 20971. (1) This part does not supersede, limit, or otherwise affect the emergency preparedness act, Act No. 390 of the Public Acts of 1976, being sections 30.401 to 30.420 of the Michigan Compiled Laws, or Act No. 151 of the Public Acts of 1953, being section 30.261 of the Michigan Compiled Laws, dealing with licenses for professional, mechanical, or other skills for persons performing civil defense, emergency, or disaster functions under those acts.

(2) A reference in any law to former Act No. 290 of the Public Acts of 1976; former Act No. 288 of the Public Acts of 1976; former Act No. 330 of the Public Acts of 1976; or former part 32, 203, or 207 of this act shall be considered a reference to this part.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20973 Emergency medical services to and cooperative agreements with other states.

Sec. 20973. This part does not deny emergency medical services to individuals outside of the boundaries of this state, or limit, restrict, or prevent a cooperative agreement for the provision of emergency medical services between this state or a political subdivision of this state and another state or a political subdivision of another state, a federal agency, or another nation or a political subdivision of another nation.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20975 Rules generally.

Sec. 20975. The department may promulgate rules to implement this part.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the Michigan public health code, including any board, commission, council, or similar entity providing regulation of health professionals licensed, registered, or certified under part 209 of article 17 of the Michigan public health code, to the department of community health, see E.R.O. No. 2014-2, compiled at MCL 333.26253.

For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

### 333.20977 Rules considered as rescinded; exceptions.

Sec. 20977. (1) Except as otherwise provided in subsection (2), rules promulgated to implement former parts 32, 203, or 207 of this act and in effect on July 22, 1990 do not continue, and are considered as rescinded.

(2) Subsection (1) does not apply to rules that have been identified as being applicable within 6 months after the effective date of the amendatory act that added this subsection, as recommended by the department and approved by the statewide emergency medical services coordination committee.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 2000, Act 375, Imd. Eff. Jan. 2, 2001.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

## 333.20979 Prohibited use of fees.

Sec. 20979. The legislature shall not use the increase in the amount of fees charged under this part from the fees charged under former part 207 as a basis for reducing the amount of general fund money that is appropriated to the department.

**History:** Add. 1990, Act 179, Imd. Eff. July 2, 1990.

**Compiler's note:** For transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from part 209 of the public health code, including board, commission, council, or similar entity providing regulation of health professionals under part 209 of article 17 of the public health code to department of health and human services, see E.R.O. No. 2017-3, compiled at MCL 333.26254.

**Popular name:** Act 368

PART 209A

CRITICAL INCIDENT STRESS MANAGEMENT SERVICES

## 333.20981 Definitions.

Sec. 20981. (1) As used in this part:

(a) "Critical incident" means an actual or perceived event or situation that involves crisis, disaster, trauma, or emergency.

(b) "Critical incident stress" means stress or trauma that an emergency service provider may experience in providing an emergency service in response to a critical incident or a series of critical incidents.

(c) "Critical incident stress management services" or "CISM services" means services provided by a critical incident stress management team or critical incident stress management team member to an emergency service provider affected by a critical incident or a series of critical incidents that are designed to assist the emergency service provider in coping with critical incident stress or to mitigate reactions to critical incident stress. Critical incident stress management services include 1 or more of the following:

(*i*) Precrisis education.

(*ii*) Critical incident stress defusings.

(*iii*) Critical incident stress debriefings.

(*iv*) On-scene support services.

(*v*) One-on-one support services.

(*vi*) Consultation.

(*vii*) Referral services.

(d) "Critical incident stress management team" or "CISM team" means an organized community or local crisis response team that is a member of the Michigan Crisis Response Association Network.

(e) "Critical incident stress management team member" or "CISM team member" means an individual who is specially trained to provide critical incident stress management services as a member of a critical incident stress management team.

(f) "Emergency service provider" means any of the following:

(*i*) An individual who provides emergency response services, including a law enforcement officer, corrections officer, firefighter, emergency medical services provider, dispatcher, emergency response communication employee, or rescue service provider.

(*ii*) An individual who is employed by or under contract with a health facility or agency.

(*iii*) A health professional licensed under article 15.

(g) "Stress or trauma" means an emotional, cognitive, behavioral, or physical reaction that may interfere with normal functioning, including, but not limited to, 1 or more of the following:

(*i*) Physical and emotional illness.

(*ii*) Failure of usual coping mechanisms.

(*iii*) Loss of interest in the job or normal life activities.

(*iv*) Personality changes.

(*v*) Loss of ability to function.

(*vi*) Psychological disruption of personal life, including a relationship with a spouse, child, or friend.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 201 contains definitions applicable to this part.

**History:** Add. 2016, Act 40, Eff. June 13, 2016;—Am. 2020, Act 48 , Eff. June 1, 2020.

**Compiler's note:** Enacting section 1 of Act 40 of 2016 provides:

"Enacting section 1. This amendatory act applies only to critical incident stress management services provided in relation to a critical incident that occurs on or after 90 days after the date this amendatory act is enacted into law."

**Popular name:** Act 368

### 333.20982 Confidentiality of communication or record; exceptions.

Sec. 20982. (1) Except as otherwise provided in this section, a communication made by an emergency service provider to a CISM team member while the emergency service provider receives CISM services is confidential and shall not be disclosed in a civil, criminal, or administrative proceeding. A record kept by a CISM team member relating to the provision of CISM services to an emergency service provider by the CISM team or a CISM team member is confidential and is not subject to subpoena, discovery, or introduction into evidence in a civil, criminal, or administrative proceeding.

(2) A communication or record described in subsection (1) is not confidential if any of the following circumstances exist:

(a) The CISM team member reasonably needs to make an appropriate referral of the emergency service provider to or consult about the emergency service provider with another member of the CISM team or an appropriate professional associated with the CISM team.

(b) The communication conveys information that the emergency service provider is or appears to be an imminent threat to himself or herself, a CISM team member, or any other individual.

(c) The communication conveys information relating to child or elder abuse.

(d) The emergency service provider or the legal representative of the emergency service provider expressly agrees that the emergency service provider's communication is not confidential.

**History:** Add. 2016, Act 40, Eff. June 13, 2016.

**Compiler's note:** Enacting section 1 of Act 40 of 2016 provides:

"Enacting section 1. This amendatory act applies only to critical incident stress management services provided in relation to a critical incident that occurs on or after 90 days after the date this amendatory act is enacted into law."

**Popular name:** Act 368

### 333.20983 Liability.

Sec. 20983. (1) Except as otherwise provided in subsection (2), a CISM team or a CISM team member providing CISM services is not liable for damages, including personal injury, wrongful death, property damage, or other loss related to the CISM team's or CISM team member's act, error, or omission in performing CISM services, unless the act, error, or omission constitutes wanton, willful, or intentional misconduct.

(2) Subsection (1) does not apply to an action for medical malpractice.

**History:** Add. 2016, Act 40, Eff. June 13, 2016.

**Compiler's note:** Enacting section 1 of Act 40 of 2016 provides:

"Enacting section 1. This amendatory act applies only to critical incident stress management services provided in relation to a critical incident that occurs on or after 90 days after the date this amendatory act is enacted into law."

**Popular name:** Act 368

## HOMES FOR THE AGED

### 333.21301 Definitions and principles of construction.

Sec. 21301. Article 1 contains general definitions and principles of construction applicable to all articles in this code and part 201 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Compiler's note:** For transfer of powers and duties of the division of health facility licensing and certification in the bureau of health systems, division of federal support services, and the division of emergency medical services, with the exception of the division of managed care and division of health facility development, from the department of public health to the director of the department of commerce, see E.R.O. No. 1996-1, compiled at MCL 330.3101 of the Michigan Compiled Laws.

For transfer of powers and duties of the bureau of health services from the department of consumer and industry services to the director of the department of community health by Type II transfer, see E.R.O. No. 2003-1, compiled at MCL 445.2011.

**Popular name:** Act 368

### 333.21302 "Continuing care community," and "supervised personal care" defined.

Sec. 21302. (1) "Continuing care community" means that term as defined in section 3 of the continuing care community disclosure act, 2014 PA 448, MCL 554.903.

(2) "Supervised personal care" means the direct guidance or hands-on assistance with activities of daily living offered by a facility to residents of the facility that include 2 or more of the following services provided by the facility to any resident for 30 or more consecutive days as documented in the resident's service plan:

(a) Direct and regular involvement by staff in assisting a resident with the administration of the resident's prescription medications, including direct supervision of the resident taking medication in accordance with the instructions of the resident's licensed health care professional.

(b) Hands-on assistance by staff in carrying out 2 or more of the following activities of daily living: eating, toileting, bathing, grooming, dressing, transferring, and mobility.

(c) Direct staff involvement in a resident's personal and social activities or the use of devices to enhance resident safety by controlling resident egress from the facility.

**History:** Add. 2017, Act 167, Eff. Feb. 11, 2018.

**Popular name:** Act 368

### 333.21307 Exemptions.

Sec. 21307. This part does not authorize the medical supervision, regulation, or control of the remedial care or treatment of residents in a home for the aged operated for the adherents of a bona fide church or religious denomination who rely on treatment by prayer or spiritual means only in accordance with the creed or tenets of that church or denomination. The residents, personnel, or employees, other than food handlers, of the home are not required to submit to a medical or physical examination.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.21311 License required; use of "home for aged" or similar term or abbreviation; minimum age for admission; waiver of age limitation; documentation; determination by director.

Sec. 21311. (1) Except as provided in section 21311a, a home for the aged shall be licensed under this article.

(2) "Home for the aged" or a similar term or abbreviation shall not be used to describe or refer to a health facility or agency unless the health facility or agency is licensed as a home for the aged by the department under this article.

(3) Except as otherwise provided in this subsection, a home for the aged shall not admit an individual under 55 years of age. Upon the request of a home for the aged and subject to subsection (4), the director shall waive the age limitation imposed by this subsection if the individual, the individual's guardian or other legal representative, if appointed, and the owner, operator, and governing body of the home for the aged, upon consultation with the individual's physician, agree on each of the following:

(a) The home for the aged is capable of meeting all of the individual's medical, social, and other needs as determined in the individual's plan of service.

(b) The individual will be compatible with the other residents of that home for the aged.

(c) The placement in that home for the aged is in the best interests of the individual.

(4) The owner, operator, and governing body of the home for the aged shall submit, with its request for a waiver, documentation to the director that supports each of the points of agreement necessary under subsection (3). Within 5 days after receipt of the information required under this subsection, the director shall determine if that documentation collectively substantiates each of the points of agreement necessary under subsection (3) and approve or deny the waiver. If denied, the director shall send a written notice of the denial and the reasons for denial to the requesting party.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1984, Act 311, Eff. Mar. 29, 1985;—Am. 2004, Act 74, Imd. Eff. Apr. 21, 2004;—Am. 2017, Act 167, Eff. Feb. 11, 2018.

**Popular name:** Act 368

### 333.21311a Existing facility or facility under construction; exemption.

Sec. 21311a. (1) Beginning on the effective date of the amendatory act that added this section, an exemption from licensure as a home for the aged under this article shall be given to an existing facility or a facility under construction if the requirements of subsection (3) are met and 1 of the following applies:

(a) The person that offers board is not related to the person that provides room or supervised personal care,

© Courtesy of www.legislature.mi.gov

or both.

(b) The person that provides supervised personal care, whether or not related to the person that provides room or board, or both, has had a supervised personal care arrangement in effect for at least 2 consecutive years before the date of the attestation required under subsection (3) and residents at the facility have the option to select any supervised personal care provider of their choice.

(2) An exemption from licensure as a home for the aged under this article shall be given to a facility or a facility under construction if the requirements of subsection (3) are met and 1 of the following applies:

(a) The person that provides room and the person that provides supervised personal care are related and the facility is registered as a continuing care community under the continuing care community disclosure act, 2014 PA 448, MCL 554.901 to 554.993, and includes a licensed nursing home as part of the continuing care community.

(b) The person that provides room and the person that provides supervised personal care are not related and residents at the facility have the option to select any supervised personal care from a person of their choice.

(3) The department shall make a determination that a facility is exempt from licensure as a home for the aged under this article if the owner, operator, or governing body of the facility submits an attestation to the department that certifies that all of the requirements under subsection (1)(a) or (b) or (2)(a) or (b) are met, is signed by the owner, operator, or governing body for the facility, and includes an acknowledgment that the penalty for submitting a false or inaccurate attestation is an administrative fine of $5,000.00.

(4) An exemption granted under this section continues to exist for a successor owner, operator, or governing body if the successor files the attestation required under subsection (3). An exemption under subsection (1)(a) or (b) shall not be granted under this section after December 31, 2019, except to a successor owner, operator, or governing body as provided in this subsection. An exemption under subsection (2)(a) or (b) is not limited to an existing facility or a facility under construction on or before the effective date of the amendatory act that added this section as long as the requirements of this section are met.

(5) The department shall act on an application for exemption requested under this section as soon as practicable but no later than 60 days after receipt of the application for the exemption.

(6) A denial of an application for exemption, an issuance of a fine, or a revocation of an exemption is, upon the applicant providing further information, subject to a review by the department or an appeal as provided in section 1205, or both.

(7) An exemption granted under this section may be revoked if the department determines 1 of the following:

(a) That the false or inaccurate information provided in the attestation was material to granting the exemption.

(b) The person receiving the exemption is found to be negligent, which negligence results in serious physical injury, death of a resident, or serious mental anguish, and there continues to be a risk to the health and safety of the residents at that facility.

(c) The person receiving the exemption does not cooperate in the department's investigation to make a determination for subsection (3).

(8) As used in this section:

(a) "Board" means food service provided at a facility.

(b) "Related" means any of the following personal relationships by marriage, blood, or adoption: spouse, child, parent, brother, sister, grandparent, grandchild, aunt, uncle, stepparent, stepbrother, stepsister, or cousin. Related also means an entity owns or is owned by a person that has a direct or indirect ownership interest in another entity that provides a component of operations or service under subsections (1) and (2).

(c) "Serious mental anguish" means damage suffered by a resident that a physician, physician assistant, or nurse practitioner determines caused or could have caused extreme emotional distress that resulted in hospitalization, psychiatric treatment, or death of a resident.

(d) "Serious physical injury" means damage suffered by a resident that a physician, physician assistant, or nurse practitioner determines caused or could have caused death of a resident, caused the impairment of his or her bodily function, or caused the permanent disfigurement of a resident.

**History:** Add. 2017, Act 167, Eff. Feb. 11, 2018.

**Popular name:** Act 368

### 333.21313 Owner, operator, and governing body of home for aged; responsibilities and duties; good moral character; issuance of license by department; criminal history check and criminal records check required; renewal of license; storage of fingerprints in automated fingerprint identification system database; convictions.

© Courtesy of www.legislature.mi.gov

Sec. 21313. (1) The owner, operator, and governing body of a home for the aged are responsible for all phases of the operation of the home and shall assure that the home maintains an organized program to provide room and board, protection, supervision, assistance, and supervised personal care for its residents.

(2) The owner, operator, and governing body shall assure the availability of emergency medical care required by a resident.

(3) The owner, operator, or member of the governing body of a home for the aged and the authorized representative shall be of good moral character.

(4) The department of human services shall not issue a license to or renew the license of an owner, operator, or member of the governing body, who has regular direct access to residents or who has on-site facility operational responsibilities, or an applicant, if an individual or the authorized representative, if any of those individuals have been convicted of 1 or more of the following:

(a) A felony under this act or under chapter XXA of the Michigan penal code, 1931 PA 328, MCL 750.145m to 750.145r.

(b) A misdemeanor under this act or under chapter XXA of the Michigan penal code, 1931 PA 328, MCL 750.145m to 750.145r, within the 10 years immediately preceding the application.

(c) A misdemeanor involving abuse, neglect, assault, battery, or criminal sexual conduct or involving fraud or theft against a vulnerable adult as that term is defined in section 145m of the Michigan penal code, 1931 PA 328, MCL 750.145m, or a state or federal crime that is substantially similar to a misdemeanor described in this subdivision within the 10 years immediately preceding the application.

(5) The applicant for a license for a home for the aged, if an individual, shall give written consent at the time of license application and the authorized representative shall give written consent at the time of appointment, for the department of state police to conduct both of the following:

(a) A criminal history check.

(b) A criminal records check through the federal bureau of investigation.

(6) Unless already submitted under subsection (5), an owner, operator, or member of the governing body who has regular direct access to residents or who has on-site facility operational responsibilities for a home for the aged shall give written consent at the time of license application for the department of state police to conduct both of the following:

(a) A criminal history check.

(b) A criminal records check through the federal bureau of investigation.

(7) The department of human services shall require the applicant, authorized representative, owner, operator, or member of the governing body who has regular direct access to residents or who has on-site facility operational responsibilities to submit his or her fingerprints to the department of state police for the criminal history check and criminal records check described in subsections (5) and (6).

(8) Not later than 1 year after the effective date of the 2012 amendatory act that amended this subsection, all owners, operators, and members of the governing body of homes for the aged who have regular direct access to residents or who have on-site facility operational responsibilities and all authorized representatives shall comply with the requirements of this section.

(9) The department of human services shall request a criminal history check and criminal records check in the manner prescribed by the department of state police. The department of state police shall conduct the criminal history check and provide a report of the results to the licensing or regulatory bureau of the department of human services. The report shall contain any criminal history information on the person maintained by the department of state police and the results of the criminal records check from the federal bureau of investigation. The department of state police may charge the person on whom the criminal history check and criminal records check are performed under this section a fee for the checks required under this section that does not exceed the actual cost and reasonable cost of conducting the checks.

(10) Beginning the effective date of the 2012 amendatory act that added this subsection, if an applicant, authorized representative, owner, operator, or member of the governing body who has regular direct access to residents or who has on-site facility operational responsibilities applies for a license or to renew a license to operate a home for the aged and previously underwent a criminal history check and criminal records check required under subsection (5) or (6) or under section 134a of the mental health code, 1974 PA 258, MCL 330.1134a, and has remained continuously licensed or continuously employed under section 20173a or under section 34b of the adult foster care facility licensing act, 1979 PA 218, MCL 400.734b, after the criminal history check and criminal records check have been performed, the applicant, authorized representative, owner, operator, or member of the governing body who has regular direct access to residents or who has on-site facility operational responsibilities is not required to submit to another criminal history check or criminal records check upon renewal of the license obtained under this section.

(11) The department of state police shall store and maintain all fingerprints submitted under this act in an

© Courtesy of www.legislature.mi.gov

automated fingerprint identification system database that provides for an automatic notification at the time a subsequent criminal arrest fingerprint card submitted into the system matches a set of fingerprints previously submitted in accordance with this act. At the time of that notification, the department of state police shall immediately notify the department of human services. The department of human services shall take the appropriate action upon notification by the department of state police under this subsection.

(12) An applicant, owner, operator, member of a governing body, or authorized representative of a home for the aged shall not be present in a home for the aged if he or she has been convicted of either of the following:

(a) Vulnerable adult abuse, neglect, or financial exploitation.

(b) A listed offense as defined in section 2 of the sex offenders registration act, 1994 PA 295, MCL 28.722.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2010, Act 381, Imd. Eff. Dec. 22, 2010;—Am. 2012, Act 51, Imd. Eff. Mar. 13, 2012.

**Popular name:** Act 368

### 333.21321 Bond required.

Sec. 21321. (1) Before issuance of a license under this article, the owner, operator, or governing body of the applicant shall give a bond with a surety approved by the department. The bond shall insure the department for the benefit of the residents. The bond shall be conditioned that the applicant do all of the following:

(a) Hold separately and in trust all resident funds deposited with the applicant.

(b) Administer the funds on behalf of a resident in the manner directed by the depositor.

(c) Render a true and complete account to the resident, the depositor, and the department when requested.

(d) Account, on termination of the deposit, for all funds received, expended, and held on hand.

(2) The bond shall be in an amount equal to not less than 1-1/4 times the average balance of resident funds held during the prior year. The department may require an additional bond or permit filing of a bond in a lower amount, if the department determines that a change in the average balance has occurred or may occur. An applicant for a new license shall file a bond in an amount which the department estimates as 1-1/4 times the average amount of funds which the applicant, upon issuance of the license, is likely to hold during the first year of operation.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.21325 Removal of resident from home for the aged; conditions.

Sec. 21325. If a resident of a home for the aged is receiving care in the facility in addition to the room, board, and supervised personal care specified in section 20106(3), as determined by a physician, the department shall not order the removal of the resident from the home for the aged if both of the following conditions are met:

(a) The resident, the resident's family, the resident's physician, and the owner, operator, and governing body of the home for the aged consent to the resident's continued stay in the home for the aged.

(b) The owner, operator, and governing body of the home for the aged commit to assuring that the resident receives the necessary additional services.

**History:** Add. 2000, Act 437, Imd. Eff. Jan. 9, 2001.

**Popular name:** Act 368

### 333.21331 Licensee considered consumer of tangible personal property.

Sec. 21331. A licensee of a home for the aged operated for profit is considered to be the consumer, and not the retailer, of tangible personal property purchased and used or consumed in operation of the home.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.21332 Home for the aged; influenza vaccination.

Sec. 21332. A home for the aged shall offer each resident, or shall provide each resident with information and assistance in obtaining, an annual vaccination against influenza in accordance with the most recent recommendations of the advisory committee on immunization practices of the federal centers for disease control and prevention, as approved by the department of community health.

**History:** Add. 2000, Act 437, Imd. Eff. Jan. 9, 2001.

**Popular name:** Act 368

© Courtesy of www.legislature.mi.gov

### 333.21333 Repealed. 2009, Act 188, Eff. May 1, 2010.

**Compiler's note:** The repealed section pertained to smoking policies in homes for the aged.

### 333.21335 Requirement of emergency generator system in home for the aged.

Sec. 21335. (1) Except as provided under subsection (2), a home for the aged seeking a license or a renewal of a license under this article shall have, at a minimum, an emergency generator system that during an interruption of the normal electrical supply is capable of both of the following:

(a) Providing not less than 4 hours of service.

(b) Generating enough power to provide lighting at all entrances and exits and to operate equipment to maintain fire detection, alarm, and extinguishing systems, telephone switchboards, heating plant controls, and other critical mechanical equipment essential to the safety and welfare of the residents, personnel, and visitors.

(2) A home for the aged that is licensed under this article on the effective date of the amendatory act that added this section is not required to comply with subsection (1) until that home for the aged undergoes any major building modification. As used in this section, "major building modification" means an alteration of walls that creates a new architectural configuration or revision to the mechanical or electrical systems that significantly revises the design of the system or systems. Major building modification does not include normal building maintenance, repair, or replacement with equivalent components or a change in room function.

(3) A home for the aged that is exempt from compliance under subsection (2) shall notify the local medical control authority and the local law enforcement agency that it does not have an emergency generator on site. Until a home for the aged undergoes any major building modification as provided under subsection (2), a home for the aged that is exempt from compliance under subsection (2) shall file with the department a copy of the home for the aged's written policies and procedures and existing plans or agreements for emergency situations, including in the event of an interruption of the normal electrical supply.

(4) A home for the aged that fails to comply with this section is subject to a civil penalty of not more than $2,000.00 for each violation. Each day a violation continues is a separate offense and shall be assessed a civil penalty of not less than $500.00 for each day during which the failure continues.

**History:** Add. 2004, Act 397, Eff. Apr. 15, 2005.

**Popular name:** Act 368

## PART 214
## HOSPICES

### 333.21401 Definitions; principles of construction.

Sec. 21401. (1) As used in this part:

(a) "Home care" means a level of care provided to a patient that is consistent with the categories "routine home care" or "continuous home care" described in 42 C.F.R. 418.302(b)(1) and (2).

(b) "Hospice residence" means a facility that meets all of the following:

(*i*) Provides 24-hour hospice care to 2 or more patients at a single location.

(*ii*) Either provides inpatient care directly in compliance with this article and with the standards set forth in 42 C.F.R. 418.100 or provides home care as described in this article.

(*iii*) Is owned, operated, and governed by a hospice program that is licensed under this article and provides aggregate days of patient care on a biennial basis to not less than 51% of its hospice patients in their own homes. As used in this subparagraph, "home" does not include a residence established by a patient in a health facility or agency licensed under this article or a residence established by a patient in an adult foster care facility licensed under the adult foster care facility licensing act, Act No. 218 of the Public Acts of 1979, being sections 400.701 to 400.737 of the Michigan Compiled Laws.

(c) "Inpatient care" means a level of care provided to a patient that is consistent with the categories "inpatient respite care day" and "general inpatient care day" described in 42 C.F.R. 418.302(b)(3) and (4).

(2) Article 1 contains general definitions and principles of construction applicable to all articles in this code and part 201 contains definitions applicable to this part.

**History:** Add. 1980, Act 293, Eff. Mar. 31, 1981;—Am. 1996, Act 267, Imd. Eff. June 12, 1996.

**Compiler's note:** For transfer of powers and duties of the division of health facility licensing and certification in the bureau of health systems, division of federal support services, and the division of emergency medical services, with the exception of the division of managed care and division of health facility development, from the department of public health to the director of the department of commerce, see E.R.O. No. 1996-1, compiled at MCL 330.3101 of the Michigan Compiled Laws.

For transfer of powers and duties of the bureau of health services from the department of consumer and industry services to the

director of the department of community health by Type II transfer, see E.R.O. No. 2003-1, compiled at MCL 445.2011.

**Popular name:** Act 368

### 333.21411 License for hospice or hospice residence required; exception; use of term "hospice"; representation as hospice residence; exemption from licensure; separate license for health facility or agency; activities of health facility or agency not restricted; inspections and concurrent issuance of licenses.

Sec. 21411. (1) Except as provided in subsection (5), a hospice or hospice residence shall be licensed as required under this article.

(2) The term "hospice" shall not be used to describe or refer to a health program or agency unless that program or agency is licensed as a hospice by the department as required under this article or is exempted from licensure as provided in subsection (5).

(3) A person shall not represent itself as a hospice residence unless that person is licensed as a hospice residence by the department as required under this article.

(4) A hospital, nursing home, home for the aged, county medical care facility, or any other health facility or agency that operates a hospice or hospice residence shall be licensed as a hospice or hospice residence under this article.

(5) A hospice is exempt from licensure under this article if the hospice meets all of the following requirements:

(a) Provides services to not more than 7 patients per month on a yearly average.

(b) Does not charge or receive fees for goods or services provided.

(c) Does not receive third party reimbursement for goods or services provided.

(6) If a hospice provides inpatient services that meet the definition of a hospital, nursing home, home for the aged, county medical care facility, hospice residence, or other health facility or agency, the hospice or hospice residence shall obtain a separate license as required under this article for that hospital, nursing home, home for the aged, county medical care facility, hospice residence, or other health facility or agency.

(7) This part does not restrict an activity of a health facility or agency if the activity is permitted under the license held by that health facility or agency.

(8) If separate licensure is required under this section, the department may conduct inspections and issue the required licenses concurrently.

**History:** Add. 1980, Act 293, Eff. Mar. 31, 1981;—Am. 1984, Act 16, Imd. Eff. Mar. 1, 1984;—Am. 1996, Act 267, Imd. Eff. June 12, 1996.

**Popular name:** Act 368

### 333.21413 Duties of owner, operator, and governing body of hospice or hospice residence.

Sec. 21413. (1) The owner, operator, and governing body of a hospice or hospice residence licensed under this article:

(a) Are responsible for all phases of the operation of the hospice or hospice residence and for the quality of care and services rendered by the hospice or hospice residence.

(b) Shall cooperate with the department in the enforcement of this part, and require that the physicians and other personnel working in the hospice or hospice residence and for whom a license or registration is required be currently licensed or registered.

(c) Shall not discriminate because of race, religion, color, national origin, or sex, in the operation of the hospice or hospice residence including employment, patient admission and care, and room assignment.

(2) As a condition of licensure as a hospice residence, an applicant shall have been licensed under this article as a hospice and in compliance with the standards set forth in 42 C.F.R. part 418 for not less than the 2 years immediately preceding the date of application for licensure. A hospice residence licensed under this article may provide both home care and inpatient care at the same location. A hospice residence providing inpatient care shall comply with the standards in 42 C.F.R. 418.100.

(3) In addition to the requirements of subsections (1) and (2) and section 21415, the owner, operator, and governing body of a hospice residence that is licensed under this article and that provides care only at the home care level shall do all of the following:

(a) Provide 24-hour nursing services for each patient in accordance with the patient's hospice care plan as required under 42 C.F.R. part 418.

(b) Have an approved plan for infection control that includes making provisions for isolating each patient with an infectious disease.

(c) Obtain fire safety approval pursuant to section 20156.

(d) Equip each patient room with a device approved by the department for calling the staff member on

© Courtesy of www.legislature.mi.gov

duty.

(e) Design and equip areas within the hospice residence for the comfort and privacy of each patient and his or her family members.

(f) Permit patients to receive visitors at any hour, including young children.

(g) Provide individualized meal service plans in accordance with 42 C.F.R. 418.100(j).

(h) Provide appropriate methods and procedures for the storage, dispensing, and administering of drugs and biologicals pursuant to 42 C.F.R. 418.100(k).

**History:** Add. 1980, Act 293, Eff. Mar. 31, 1981;—Am. 1996, Act 267, Imd. Eff. June 12, 1996.

**Popular name:** Act 368

### 333.21415 Program of planned and continuous hospice care; direction of medical components; coordination, design, and provision of hospice services.

Sec. 21415. (1) A hospice or a hospice residence shall provide a program of planned and continuous hospice care, the medical components of which shall be under the direction of a physician.

(2) Hospice care shall consist of a coordinated set of services rendered at home or in hospice residence or other institutional settings on a continuous basis for individuals suffering from a disease or condition with a terminal prognosis. The coordination of services shall assure that the transfer of a patient from 1 setting to another will be accomplished with a minimum disruption and discontinuity of care. Hospice services shall address the physical, psychological, social, and spiritual needs of the individual and shall be designed to meet the related needs of the individual's family through the periods of illness and bereavement. These hospice services shall be provided through a coordinated interdisciplinary team that may also include services provided by trained volunteers.

**History:** Add. 1980, Act 293, Eff. Mar. 31, 1981;—Am. 1996, Act 267, Imd. Eff. June 12, 1996.

**Popular name:** Act 368

### 333.21417 Disease or condition with terminal prognosis as prerequisite for admission to or retention for care.

Sec. 21417. An individual shall not be admitted to or retained for care by a hospice or a hospice residence unless the individual is suffering from a disease or condition with a terminal prognosis. An individual shall be considered to have a disease or condition with a terminal prognosis if, in the opinion of a physician, the individual's death is anticipated within 6 months after the date of admission to the hospice or hospice residence. If a person lives beyond a 6-month or less prognosis, the person is not disqualified from receiving continued hospice care.

**History:** Add. 1980, Act 293, Eff. Mar. 31, 1981;—Am. 1996, Act 267, Imd. Eff. June 12, 1996.

**Popular name:** Act 368

### 333.21418 Controlled substance disposal policy; requirements; rules; definitions.

Sec. 21418. (1) Beginning 90 days after the department promulgates rules to implement this section, a hospice or hospice residence that provides services in a patient's private home shall establish and implement a written controlled substance disposal policy establishing procedures to be followed to mitigate the diversion of controlled substances that are prescribed to the patient. The policy must include all of the following:

(a) A procedure for offering to assist with the disposal of a controlled substance that is prescribed to a patient as part of the patient's hospice plan of care.

(b) A requirement that an employee provide the patient or the patient's family education on safe disposal locations for a controlled substance and techniques for the safe disposal of a controlled substance when the controlled substance is no longer needed by the patient or at the time of death.

(c) Procedures for offering assistance with the disposal of a controlled substance to a patient who revokes hospice care and services.

(d) A requirement that an employee document whether the patient or the patient's family accepted or refused an offer to assist with the disposal of a controlled substance when the controlled substance is no longer needed by the patient or at the time of death.

(e) A requirement that if an employee assists with the disposal of a controlled substance, the disposal is performed and witnessed in any of the following ways:

(*i*) Performed by the employee and witnessed by another competent adult.

(*ii*) Performed by the patient or the patient's family and witnessed by another competent adult.

(f) A requirement that if an employee assists with the disposal of a controlled substance, the disposal must be performed in the patient's private home.

© Courtesy of www.legislature.mi.gov

(2) A hospice or hospice residence that provides services in a patient's private home shall ensure that all of the following are met within 5 days of admission to the hospice or hospice residence and providing hospice care or services to the patient in the patient's private home:

(a) That a copy of the controlled substance disposal policy established under subsection (1) is distributed to the patient or the patient's family and that an offer to discuss the procedures included in the policy is made to the patient and the patient's family.

(b) That the patient and the patient's family are informed that an employee will offer to assist with the disposal of a controlled substance that is included in the patient's hospice plan of care at the time of death or when the controlled substance is no longer needed by the patient.

(3) The department shall promulgate rules to implement this section, including, but not limited to, rules governing the safe disposal of controlled substances in a patient's private home.

(4) As used in this section:

(a) "At the time of death" means within 72 hours after the patient's death.

(b) "Employee" means a registered professional nurse or licensed practical nurse who is employed by the hospice or hospice residence.

(c) "Licensed practical nurse" means an individual who is licensed to engage in the practice of nursing as a licensed practical nurse under article 15.

(d) "Patient's family" means a relative or caregiver who has been designated by the patient.

(e) "Patient's private home" means a patient's home. As used in this subdivision, "home" does not include a residence established by a patient in a health facility or agency or a residence established by a patient in an adult foster care facility licensed under the adult foster care facility licensing act, 1979 PA 218, MCL 400.701 to 400.737.

(f) "Registered professional nurse" means that term as defined in section 17201.

**History:** Add. 2018, Act 396, Eff. Mar. 19, 2019.

**Popular name:** Act 368

### 333.21419 Rules.

Sec. 21419. (1) Not later than 1 year after the effective date of this part, the department shall submit for a public hearing proposed rules necessary to implement and administer this part.

(2) The rules promulgated pursuant to subsection (1) shall not establish standards related to the credentials of an individual providing care in a hospice program, whether as an employee of a program or volunteer in a program, unless, with respect to the type of care the individual would provide in the hospice program, a license or other credential is required by law for an individual providing that care.

**History:** Add. 1980, Act 293, Eff. Mar. 31, 1981.

**Popular name:** Act 368

**Administrative rules:** R 325.13101 et seq. of the Michigan Administrative Code.

### 333.21420 Exemption of hospices from license fees and certificate of need fees; period.

Sec. 21420. Notwithstanding any other provision of this act, all hospices shall be exempt from license fees and certificate of need fees for 3 years after the first hospice is licensed under this article.

**History:** Add. 1980, Act 293, Eff. Mar. 31, 1981;—Am. 1982, Act 245, Imd. Eff. Sept. 23, 1982.

**Popular name:** Act 368

### 333.21421 Repealed. 1987, Act 149, Imd. Eff. Oct. 26, 1987.

**Compiler's note:** The repealed section provided for the expiration of this part.

**Popular name:** Act 368

## PART 215
## HOSPITALS

### 333.21501 Definitions and principles of construction.

Sec. 21501. (1) As used in this part:

(a) "Aircraft transport vehicle" means that term as defined in section 20902.

(b) "Ambulance" means that term as defined in section 20902.

(c) "Emergency patient" means that term as defined in section 20904.

(d) "Group health plan" means an employer program of health benefits, including an employee welfare benefit plan as defined in section 3(1) of subtitle A of title I of the employee retirement income security act of 1974, Public Law 93-406, 29 USC 1002, to the extent that the plan provides medical care, including items and

© Courtesy of www.legislature.mi.gov

services paid for as medical care to employees or their dependents as defined under the terms of the plan directly or through insurance, reimbursement, or otherwise.

(e) "Health benefit plan" means a group health plan, an individual or group expense-incurred hospital, medical, or surgical policy or certificate, or an individual or group health maintenance organization contract. Health benefit plan does not include accident-only, credit, dental, or disability income insurance; long-term care insurance; coverage issued as a supplement to liability insurance; coverage only for a specified disease or illness; worker's compensation or similar insurance; or automobile medical-payment insurance.

(f) "Nonemergency patient" means that term as defined in section 20908.

(g) "Participating provider" means a provider that, under contract with an insurer that issues health benefit plans, or with such an insurer's contractor or subcontractor, has agreed to provide health care services to covered individuals and to accept payment by the insurer, contractor, or subcontractor for covered services as payment in full, other than coinsurance, copayments, or deductibles.

(h) "Patient's representative" means any of the following:

(*i*) A person to whom a patient has given express written consent to represent the patient.

(*ii*) A person authorized by law to provide consent for a patient.

(*iii*) A patient's treating health professional, but only if the patient is unable to provide consent.

(i) "Rural emergency hospital" means a hospital that is designated by the Centers for Medicare and Medicaid Services to offer rural emergency hospital services.

(j) "Rural emergency hospital services" means that term as defined in 42 USC 1395x.

(k) "Third party administrator" means that term as defined in section 2 of the third party administrator act, 1984 PA 218, MCL 550.902.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 201 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2018, Act 384, Eff. Mar. 19, 2019;—Am. 2022, Act 265, Imd. Eff. Dec. 22, 2022.

**Compiler's note:** For transfer of powers and duties of the division of health facility licensing and certification in the bureau of health systems, division of federal support services, and the division of emergency medical services, with the exception of the division of managed care and division of health facility development, from the department of public health to the director of the department of commerce, see E.R.O. No. 1996-1, compiled at MCL 330.3101 of the Michigan Compiled Laws.

For transfer of powers and duties of the bureau of health services from the department of consumer and industry services to the director of the department of community health by Type II transfer, see E.R.O. No. 2003-1, compiled at MCL 445.2011.

**Popular name:** Act 368

### 333.21511 License required; use of term “hospital.”

Sec. 21511. (1) A hospital shall be licensed under this article.

(2) "Hospital" shall not be used to describe or refer to a health facility unless the health facility is licensed as a hospital by the department under this article. This section does not apply to a hospital licensed or operated by the department of mental health or the federal government or to a veterinary hospital.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.21513 Owner, operator, and governing body of hospital; responsibilities and duties generally.

Sec. 21513. The owner, operator, and governing body of a hospital licensed under this article:

(a) Are responsible for all phases of the operation of the hospital, selection of the medical staff, and quality of care rendered in the hospital.

(b) Shall cooperate with the department in the enforcement of this part, and require that the physicians, dentists, and other personnel working in the hospital who are required to be licensed or registered are in fact currently licensed or registered.

(c) Shall ensure that physicians and dentists admitted to practice in the hospital are granted hospital privileges consistent with their individual training, experience, and other qualifications.

(d) Shall ensure that physicians and dentists admitted to practice in the hospital are organized into a medical staff to enable an effective review of the professional practices in the hospital for the purpose of reducing morbidity and mortality and improving the care provided in the hospital for patients. The review must include the quality and necessity of the care provided and the preventability of complications and deaths occurring in the hospital.

(e) Shall not discriminate because of race, religion, color, national origin, age, or sex in the operation of the hospital including employment, patient admission and care, room assignment, and professional or nonprofessional selection and training programs, and shall not discriminate in the selection and appointment of individuals to the physician staff of the hospital or its training programs on the basis of licensure or

© Courtesy of www.legislature.mi.gov

registration or professional education as doctors of medicine, osteopathic medicine and surgery, or podiatry.

(f) Shall ensure that the hospital adheres to medical control authority protocols according to section 20918.

(g) Shall ensure that the hospital develops and maintains a plan for biohazard detection and handling.

(h) Shall notify the department of health and human services if the owner, operator, or governing body of the hospital applies for designation as a rural emergency hospital.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1984, Act 327, Imd. Eff. Dec. 26, 1984;—Am. 1986, Act 174, Imd. Eff. July 7, 1986;—Am. 1987, Act 178, Imd. Eff. Nov. 19, 1987;—Am. 1989, Act 27, Eff. Dec. 31, 1989;—Am. 1990, Act 179, Imd. Eff. July 2, 1990;—Am. 1993, Act 79, Eff. Apr. 1, 1994;—Am. 2002, Act 125, Imd. Eff. Apr. 1, 2002;—Am. 2022, Act 265, Imd. Eff. Dec. 22, 2022 .

**Compiler's note:** Section 3 of Act 174 of 1986 provides: “This amendatory act shall only apply to contested cases filed on or after July 1, 1986.”

**Popular name:** Act 368

### 333.21515 Confidentiality of records, data, and knowledge.

Sec. 21515. The records, data, and knowledge collected for or by individuals or committees assigned a review function described in this article are confidential and shall be used only for the purposes provided in this article, shall not be public records, and shall not be available for court subpoena.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.21521 Minimum standards and rules; practices.

Sec. 21521. A hospital shall meet the minimum standards and rules authorized by this article and shall endeavor to carry out practices that will further protect the public health and safety, prevent the spread of disease, alleviate pain and disability, and prevent premature death.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.21523 Strictness of rules and standards.

Sec. 21523. (1) The rules for operation and maintenance of hospitals shall not be less strict than those required for certification of hospitals under part D of title XVIII of the social security act, chapter 531, 79 Stat. 313, 42 U.S.C. 1395x to 1395yy and 1395bbb to 1395ggg.

(2) The standards relating to construction, additions, modernization, or conversion of hospitals shall not be less strict than the standards contained in the document entitled "Minimum Design Standards for Health Care Facilities in Michigan" published by the department, dated March 1998.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2002, Act 683, Imd. Eff. Dec. 30, 2002.

**Popular name:** Act 368

### 333.21527 Sexual medical forensic examination; administration of sexual assault evidence kit; payment provisions; "sexual assault evidence kit" defined.

Sec. 21527. (1) If an individual alleges to a physician or other member of the attending or admitting staff of a hospital that within the preceding 120 hours the individual has been the victim of criminal sexual conduct under sections 520a to 520*l* of the Michigan penal code, 1931 PA 328, MCL 750.520a to 750.520*l*, the attending health care personnel responsible for examining or treating the individual immediately shall inform the individual of the availability of a sexual assault medical forensic examination, including the administration of a sexual assault evidence kit. If consented to by the individual, the attending health care personnel shall perform or have performed on the individual the sexual assault medical forensic examination, including the procedures required by the sexual assault evidence kit. The attending health care personnel shall also inform the individual of the provisions for payment for the sexual assault medical forensic examination under section 5a of 1976 PA 223, MCL 18.355a.

(2) As used in this section, "sexual assault evidence kit" means a standardized set of equipment and written procedures approved by the department of state police that have been designed to be administered to an individual principally for the purpose of gathering evidence of sexual conduct, which evidence is of the type offered in court by the forensic science division of the department of state police for prosecuting a case of criminal sexual conduct under sections 520a to 520*l* of the Michigan penal code, 1931 PA 328, MCL 750.520a to 750.520*l*.

**History:** Add. 1988, Act 3, Imd. Eff. Feb. 5, 1988;—Am. 2014, Act 320, Eff. Jan. 1, 2015.

**Popular name:** Act 368

### 333.21529 Repealed. 2010, Act 23, Eff. Apr. 1, 2012.

**Compiler's note:** The repealed section pertained to establishment of seasonal influenza immunization policy.

### 333.21530 Repealed. 2010, Act 21, Eff. Apr. 1, 2012.

**Compiler's note:** The repealed section pertained to influenza immunization for individual admitted to hospital.

### 333.21531 Repealed. 1988, Act 315, Eff. Mar. 30, 1989.

**Compiler's note:** The repealed section pertained to smoking policy.

**Popular name:** Act 368

### 333.21532 Acknowledgment of parentage.

Sec. 21532. (1) A hospital shall provide to an unmarried mother of a live child born in that hospital an acknowledgment of parentage form that can be completed by the child's mother and father to acknowledge paternity of the child as provided in the acknowledgment of parentage act. The hospital shall provide to the parents the information developed as required by subsection (2) on the purpose and completion of the form and on the rights and responsibilities of the parents. Execution of an acknowledgment of parentage as provided in the acknowledgment of parentage act establishes the child's legal paternity. The hospital shall forward a completed acknowledgment of parentage to the state register for recording.

(2) The department shall develop and distribute free of charge to hospitals the acknowledgment of parentage form, the information on the purpose and completion of the form, and the information on the rights and responsibilities of the parents. The hospital shall provide assistance and training to hospital staff assigned responsibility for obtaining the forms, as appropriate. The acknowledgment of parentage form and information shall clearly state that completion of the form is voluntary on the part of the mother and father, and shall include all of the notices as provided in section 7 of the acknowledgment of parentage act. The hospital shall provide each parent with a copy of the completed form.

(3) A hospital is immune from civil or criminal liability for providing the form required by this section, the information developed as required by this section, or otherwise fulfilling its duties under this section.

**History:** Add. 1993, Act 116, Eff. Jan. 21, 1993;—Am. 1996, Act 6, Eff. June 1, 1996;—Am. 1996, Act 307, Eff. June 1, 1997.

**Popular name:** Act 368

### 333.21533 Acknowledgment of paternity.

Sec. 21533. Upon request, the department shall provide to an unmarried mother of a child or to a putative father an acknowledgment of parentage form that can be completed by the child's mother and father to acknowledge the child's paternity as provided in the acknowledgment of parentage act, 1996 PA 305, MCL 722.1001 to 722.1013. The department shall provide to the mother and putative father the information developed as required by section 21532 on the purpose and completion of the form and on the parents' rights and responsibilities.

**History:** Add. 1998, Act 332, Imd. Eff. Aug. 10, 1998.

**Popular name:** Act 368

### 333.21534 Hospice care information provided by hospital.

Sec. 21534. Upon the request of a patient, a patient's physician, a member of the patient's family, the patient's designated patient advocate, or the patient's legal guardian, a hospital shall provide information orally and in writing to the requesting party regarding hospice and palliative care services and the availability of hospice care in the area in which the hospital is located. The hospital shall provide the information whether or not the hospital provides hospice care.

**History:** Add. 2001, Act 219, Imd. Eff. Dec. 28, 2001.

**Popular name:** Act 368

### 333.21535 Nonopioid directive form.

Sec. 21535. A hospital shall make available to the public the nonopioid directive form developed under section 9145 on the hospital's internet website.

**History:** Add. 2022, Act 44, Imd. Eff. Mar. 23, 2022.

**Popular name:** Act 368

### 333.21537 Insurance enrollment of newborn; informational document.

Sec. 21537. (1) If a live child born in a hospital is not covered under a health benefit plan, the hospital shall provide to a parent or guardian of the child the informational document on the insurance enrollment process

© Courtesy of www.legislature.mi.gov

developed under subsection (2).

(2) The department of insurance and financial services, in consultation with the department of health and human services, shall develop and make available to hospitals an informational document on the insurance enrollment process for coverage of a newborn.

**History:** Add. 2024, Act 250, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.21540 Use of aircraft transport vehicle or rotary aircraft ambulance; nonemergency patient; medically necessary; violation; liability.

Sec. 21540. (1) A nonemergency patient shall be transported by an ambulance that is a motor vehicle instead of an aircraft transport vehicle or ambulance that is a rotary aircraft, unless transporting the patient by an aircraft transport vehicle or ambulance that is a rotary aircraft is medically necessary for the patient.

(2) If it is determined that ordering an aircraft transport vehicle or ambulance that is a rotary aircraft to transport a nonemergency patient is medically necessary for the nonemergency patient, an aircraft transport vehicle from an aircraft transport operation, or an ambulance that is a rotary aircraft from an ambulance operation, that is a participating provider with the nonemergency patient's health benefit plan must be ordered before ordering an aircraft transport vehicle from an aircraft transport operation, or an ambulance that is a rotary aircraft from an ambulance operation, that is not a participating provider with the nonemergency patient's health benefit plan. This subsection does not apply if the hospital does not have electronic access to the information described in section 21541(1)(a)(*i*)(A) and (B).

(3) A hospital that violates this section is liable to the aircraft transport operation or ambulance operation for the reasonable cost of transporting the nonemergency patient, as negotiated between the hospital and the aircraft transport operation or ambulance operation, to the extent that the cost exceeds the amount covered by the patient's health benefit plan.

**History:** Add. 2018, Act 383, Eff. Mar. 19, 2019.

**Popular name:** Act 368

### 333.21541 Transportation of nonemergency patient by aircraft transport vehicle or rotary aircraft ambulance; disclosure required; notice; signature; immunity; violation; liability.

Sec. 21541. (1) Subject to section 21540, before an aircraft transport vehicle is ordered to transport a nonemergency patient or an ambulance that is a rotary aircraft is ordered to transport a nonemergency patient, a hospital shall do all of the following:

(a) Disclose to the nonemergency patient, or that patient's representative, all of the following information:

(*i*) Whether the aircraft transport operation or ambulance operation is a participating provider with the nonemergency patient's health benefit plan. This subparagraph does not apply if the hospital does not have electronic access to all of the following information:

(A) Whether the nonemergency patient's health benefit plan provides coverage for transportation by an aircraft transport vehicle or an ambulance that is a rotary aircraft.

(B) A list of all aircraft transport operations and ambulance operations that are fully contracted participating providers with the nonemergency patient's health benefit plan and do not participate with the health benefit plan on only a per claim basis.

(*ii*) That the nonemergency patient has a right to be transported by a method other than an aircraft transport vehicle or ambulance that is a rotary aircraft.

(b) Complete the notice described in subsection (2) and, after completing the notice, obtain on the notice the signature of the nonemergency patient, or that patient's representative, acknowledging that the nonemergency patient, or that patient's representative, has received, has read, and understands the notice. A hospital shall retain a copy of the notice required under this subdivision for not less than 7 years.

(2) The notice required under subsection (1)(b) must be in not less than 12-point type and in substantially the following form:

"Your physician has ordered transport by an aircraft transport vehicle or ambulance that is a rotary aircraft. Your health benefit plan may or may not provide coverage for this transportation. You may be responsible for the costs of the transportation that is not covered by your health benefit plan.

We have conducted a good-faith search to determine whether your health benefit plan provides coverage for this transportation and, if so, to order this transportation from a provider that participates with your health benefit plan.

You have a right to be transported by a method other than transport by an aircraft transport vehicle or ambulance that is a rotary aircraft.

The hospital and the ordering physician are immune from civil liability for injuries or damages arising out

© Courtesy of www.legislature.mi.gov

of your decision to use a form of transportation other than the one ordered by the ordering physician.

I have received, read, and understand this notice.

_____ _____

(Patient's or patient representative's signature) (Date)

_____

(Type or print patient's or patient representative's name)".

(3) A hospital and ordering physician are immune from civil liability for injuries or damages arising out of the decision of a patient or the patient's representative to use a form of transportation other than the one ordered by the ordering physician.

(4) Upon the request of a nonemergency patient's health benefit plan or third party administrator, the hospital shall provide a copy of the notice required under subsection (1)(b) to the person designated in the nonemergency patient's health benefit plan or by the third party administrator.

(5) A hospital that violates this section is liable to the aircraft transport operation or ambulance operation for the reasonable cost of transporting the nonemergency patient, as negotiated between the hospital and the aircraft transport operation or ambulance operation, to the extent that the cost exceeds the amount covered by the patient's health benefit plan.

**History:** Add. 2018, Act 384, Eff. Mar. 19, 2019.

**Popular name:** Act 368

### 333.21542 Granting right to land by hospital; violation; liability.

Sec. 21542. (1) If a hospital has the infrastructure necessary to allow an aircraft transport vehicle or ambulance that is a rotary aircraft to land at the hospital, the hospital shall grant the right to land at the hospital to an aircraft transport vehicle or ambulance that is a rotary aircraft, that is a participating provider with a patient's health benefit plan. If a hospital denies an aircraft transport vehicle or ambulance that is a rotary aircraft the right to land at the hospital, the hospital shall, within 10 days after the denial, provide to the person designated in the patient's health benefit plan written documentation explaining the reason for the denial. A hospital shall not deny an aircraft transport vehicle or ambulance that is a rotary aircraft the right to land at the hospital for the purpose of allowing an aircraft transport vehicle that is a contracted provider with the hospital or ambulance that is a rotary aircraft that is a contracted provider with the hospital to remain on standby.

(2) In addition to the sanctions set forth in section 20165, a hospital that violates this section is liable to the aircraft transport operation or ambulance operation for the cost of transporting the patient by that operation's aircraft transport vehicle or ambulance that is a rotary aircraft to the extent that the cost exceeds the amount covered by the patient's health benefit plan.

**History:** Add. 2018, Act 385, Eff. Mar. 19, 2019.

**Popular name:** Act 368

### 333.21551 Temporary delicensure of beds; extension; form and contents of application; amended application; alternative use of space; plans; relicensing of beds; automatic and permanent delicensing; bed inventory; transfer of beds; definitions.

Sec. 21551. (1) A hospital licensed under this article and located in a nonurbanized area may apply to the department to temporarily delicense the following:

(a) Not more than 50% of its licensed beds for not more than 5 years.

(b) If the hospital is a rural emergency hospital, 100% of its licensed beds for not more than 5 years.

(2) A hospital that is granted a temporary delicensure of beds under subsection (1) may apply to the department for an extension of temporary delicensure for those beds for up to an additional 5 years to the extent that the hospital actually met the requirements of subsection (6) during the initial period of delicensure granted under subsection (1). The department shall grant an extension under this subsection unless the department determines under part 222 that there is a demonstrated need for the delicensed beds in the hospital group in which the hospital is located. If the department does not grant an extension under this subsection, the hospital shall request relicensure of the beds under subsection (7) or allow the beds to become permanently delicensed under subsection (8).

(3) Except as otherwise provided in this section, for a period of 90 days after January 1, 1991, if a hospital is located in a distressed area and has an annual indigent volume consisting of not less than 25% indigent patients, the hospital may apply to the department to temporarily delicense not more than 50% of its licensed beds for a period of not more than 2 years. On the receipt of a complete application under this subsection, the department shall temporarily delicense the beds indicated in the application. The department shall not grant an extension of temporary delicensure under this subsection.

© Courtesy of www.legislature.mi.gov

(4) An application under subsection (1) or (3) must be on a form provided by the department. The form must contain all of the following information:

(a) The number and location of the specific beds to be delicensed.

(b) The period of time during which the beds will be delicensed.

(c) The alternative use proposed for the space occupied by the beds to be delicensed.

(5) A hospital that files an application under subsection (1) or (3) may file an amended application with the department on a form provided by the department. The hospital shall state on the form the purpose of the amendment. If the hospital meets the requirements of this section, the department shall so amend the hospital's original application.

(6) An alternative use of space made available by the delicensure of beds under this section does not result in a violation of this article or the rules promulgated under this article. Along with the application, an applicant for delicensure under subsection (1) or (3) shall submit to the department plans that indicate to the satisfaction of the department that the space occupied by the beds proposed for temporary delicensure will be used for 1 or more of the following:

(a) An alternative use that over the proposed period of temporary delicensure would defray the depreciation and interest costs that otherwise would be allocated to the space along with the operating expenses related to the alternative use.

(b) To correct a licensing deficiency previously identified by the department.

(c) Nonhospital purposes, including, but not limited to, community service projects, if the depreciation and interest costs for all capital expenditures that would otherwise be allocated to the space, as well as any operating costs related to the proposed alternative use, would not be considered as hospital costs for purposes of reimbursement.

(7) The department shall relicense beds that are temporarily delicensed under this section if all of the following requirements are met:

(a) The hospital files with the department a written request for relicensure not less than 90 days before the earlier of the following:

(*i*) The expiration of the period for which delicensure was granted.

(*ii*) The date upon which the hospital is requesting relicensure.

(*iii*) The last hospital license renewal date in the delicensure period.

(b) The space to be occupied by the relicensed beds is in compliance with this article and the rules promulgated under this article, including all licensure standards in effect at the time of relicensure, or the hospital has a plan of corrections that has been approved by the department.

(8) If a hospital does not meet all of the requirements of subsection (7) or if a hospital decides to allow beds to become permanently delicensed as described in subsection (2), then all of the temporarily delicensed beds must be automatically and permanently delicensed effective on the last day of the period for which the department granted temporary delicensure.

(9) The department of health and human services shall continue to count beds temporarily delicensed under this section in the department of health and human services' bed inventory for purposes of determining hospital bed need under part 222 in the hospital group in which the beds are located. The department of health and human services shall indicate in the bed inventory which beds are licensed and which beds are temporarily delicensed under this section. The department of health and human services shall not include a hospital's temporarily delicensed beds in the hospital's licensed bed count.

(10) A hospital that is granted temporary delicensure of beds under this section shall not transfer the beds to another site or hospital without first obtaining a certificate of need.

(11) As used in this section:

(a) "Distressed area" means a city that meets all of the following criteria:

(*i*) Had a negative population change from 2010 to the date of the 2020 federal decennial census.

(*ii*) From 1972 to 1989, had an increase in its state equalized valuation that is less than the statewide average.

(*iii*) Has a poverty level that is greater than the statewide average, according to the 1980 federal decennial census.

(*iv*) Was eligible for an urban development action grant from the United States Department of Housing and Urban Development in 1984 and was listed in 49 FR No. 28 (February 9, 1984) or 49 FR No. 30 (February 13, 1984).

(*v*) Had an unemployment rate that was higher than the statewide average for 3 of the 5 years from 1981 to 1985.

(b) "Indigent volume" means the ratio of a hospital's indigent charges to its total charges expressed as a percentage as determined by the department of health and human services after November 12, 1990, under

© Courtesy of www.legislature.mi.gov

chapter 8 of the department of health and human services guidelines titled "Medical Assistance Program Manual".

(c) "Nonurbanized area" means an area that is not an urbanized area.

(d) "Urbanized area" means that term as defined by the Office of Federal Statistical Policy and Standards of the United States Department of Commerce in the appendix entitled "General Procedures and Definitions", 45 FR p. 962 (January 3, 1980), which document is incorporated by reference.

**History:** Add. 1990, Act 259, Imd. Eff. Oct. 15, 1990;—Am. 1990, Act 331, Imd. Eff. Dec. 21, 1990;—Am. 2022, Act 265, Imd. Eff. Dec. 22, 2022.

**Popular name:** Act 368

### 333.21552 Hospital transition assistance program; purpose; elements; feasibility study; financing; advisory committee; report.

Sec. 21552. (1) The department, in cooperation with the state hospital finance authority, the office of health and medical affairs, and other state agencies considered appropriate by the department, shall develop recommendations regarding the appropriateness and feasibility of a state hospital transition assistance program to provide voluntary assistance to hospitals wanting to close, convert, or consolidate their facilities with another hospital, in order to eliminate excess capacity in a way that would maintain common access to critical health care services and assist displaced employees.

(2) The hospital transition assistance program described in subsection (1) shall include at least the following elements:

(a) Assistance in retiring all or some appropriate portion of the principal and interest applicable to the outstanding debt of a hospital applying to participate in the program.

(b) Assistance, through relocation or retraining, to workers displaced as a result of a hospital closure, conversion, or consolidation under the program.

(c) Maintenance of community access to critical health care services, especially for the uninsured and the underinsured, that might be endangered as a result of assistance provided under this program.

(d) As appropriate to hospitals wanting to close, convert, or consolidate, assistance with license termination, cessation of operations, and disposition of assets to help defray the outstanding indebtedness of a hospital applying to participate in the program.

(3) The state hospital finance authority, after consultation with experts knowledgeable about the approaches listed in this section, shall contract for a study of the feasibility of the hospital transition assistance program elements as described in subsection (2). The feasibility study shall include at least all of the following information:

(a) The outstanding hospital bonded indebtedness and associated interest for all the hospitals in this state and the amounts payable in principal and interest per year until the bonds are retired.

(b) The financial benefits and costs to the state, health care purchasers, and other hospitals of assisting in defraying portions of that indebtedness and interest according to the different possible options.

(c) Criteria for prioritizing assistance to hospitals applying to participate in the program.

(d) Options for, and estimated benefits and costs of, providing relocation and retraining assistance to workers displaced by a hospital closure, conversion, or consolidation assisted by the program.

(e) In cases of proposed conversions or consolidations, the possibility of including a requirement that the assistance will result in a net reduction of beds at least equal to the number licensed to the hospital applying to participate in the program.

(f) Interest among hospitals and purchasers regarding participation in the program.

(4) The state hospital finance authority may expend up to $250,000.00 from its operating fund to finance the feasibility study described in subsection (3) and to staff the advisory committee created in subsection (5).

(5) An advisory committee appointed by the director shall react to and comment on the feasibility study developed pursuant to subsection (3), and report to the governor and legislature on the appropriateness of pursuing the options described in the feasibility study. The committee shall be composed of 15 members equally divided among representatives of health consumers, health providers, and purchasers of health care.

(6) The feasibility study required under subsection (3) shall be completed within 9 months after the effective date of the contract for the feasibility study. The advisory committee established under subsection (5) shall submit its report to the governor and the legislature not later than 4 months after the advisory committee receives the feasibility study.

**History:** Add. 1990, Act 259, Imd. Eff. Oct. 15, 1990.

**Compiler's note:** For transfer of powers and duties of state hospital finance authority to Michigan finance authority, see E.R.O. No. 2010-2, compiled at MCL 12.194.

**Popular name:** Act 368

## 333.21561 Application for designation as rural community hospital; use of term “rural community hospital”; definition.

Sec. 21561. (1) After the effective date of the rules required under section 21563, a hospital with fewer than 100 licensed beds located in a nonurbanized area that is either licensed on or before the effective date of this section or is licensed after the effective date of this section and is located in a county that did not have a hospital on the effective date of this section may apply to the department for designation as a rural community hospital.

(2) The term "rural community hospital" shall not be used to describe or refer to a health facility or agency unless the health facility or agency is designated as a rural community hospital by the department.

(3) As used in this section, "nonurbanized area" means that term as defined in section 21551.

**History:** Add. 1990, Act 252, Imd. Eff. Oct. 12, 1990.

**Popular name:** Act 368

## 333.21562 Rural community hospital as limited service hospital; delivery of basic acute care services; rules implementing part; agreement to participate in medicaid program; definition; participation in federal medicare program; appointment, membership, and purpose of ad hoc advisory committee; transfer agreement.

Sec. 21562. (1) A hospital designated as a rural community hospital under section 21561 shall be a limited service hospital directed toward the delivery of not more than basic acute care services in order to assure appropriate access in the rural area.

(2) The rules promulgated to implement this part shall require that a hospital designated as a rural community hospital under section 21561 shall provide no more than the following services:

(a) Emergency care.

(b) Stabilization care for transfer to another facility.

(c) Inpatient care.

(d) Radiology and laboratory services.

(e) Ambulatory care.

(f) Obstetrical services.

(g) Outpatient services.

(h) Other services determined as appropriate by the ad hoc advisory committee created in subsection (5).

(3) A rural community hospital shall enter into an agreement with the department of social services to participate in the medicaid program. As used in this subsection, "medicaid" means that term as defined in section 22207.

(4) A rural community hospital shall meet the conditions for participation in the federal medicare program under title XVIII of the social security act.

(5) Not later than 3 months after the effective date of this section, the director shall appoint an ad hoc advisory committee to develop recommendations for rules to designate the maximum number of beds and the services to be provided by a rural community hospital. In developing recommendations under this subsection, the ad hoc advisory committee shall review the provisions of the code pertaining to hospital licensure in order to determine those provisions that should apply to rural community hospitals. The director shall direct the committee to report its recommendations to the department within 12 months after the committee is appointed. The ad hoc advisory committee shall be appointed as follows:

(a) Twenty-five percent of the members shall be representatives from hospitals with fewer than 100 licensed beds.

(b) Twenty-five percent of the members shall be representatives from health care provider organizations other than hospitals.

(c) Twenty-five percent of the members shall be representatives from organizations whose membership includes consumers of rural health care services or members of local governmental units located in rural areas.

(d) Twenty-five percent of the members shall be representatives from purchasers or payers of rural health care services.

(6) A hospital designated as a rural community hospital under section 21561 shall develop and implement a transfer agreement between the rural community hospital and 1 or more appropriate referral hospitals.

**History:** Add. 1990, Act 252, Imd. Eff. Oct. 12, 1990.

**Popular name:** Act 368

## 333.21563 Rules for designation of rural community hospital, maximum number of beds, and

© Courtesy of www.legislature.mi.gov

**services; showing designation on license; licensing and regulation of rural community hospital; applicable provisions of part 222; differential reimbursement.**

Sec. 21563. (1) The department, in consultation with the ad hoc advisory committee appointed under section 21562, shall promulgate rules for designation of a rural community hospital, maximum number of beds, and the services provided by a rural community hospital. The director shall submit proposed rules, based on the recommendations of the committee, for public hearing not later than 6 months after receiving the report under section 21562(5).

(2) The designation as a rural community hospital shall be shown on a hospital's license and shall be for the same term as the hospital license. Except as otherwise expressly provided in this part or in rules promulgated under this section, a rural community hospital shall be licensed and regulated in the same manner as a hospital otherwise licensed under this article. The provisions of part 222 applicable to hospitals also apply to a rural community hospital and to a hospital designated by the department under federal law as an essential access community hospital or a rural primary care hospital. This part and the rules promulgated under this part do not preclude the establishment of differential reimbursement for rural community hospitals, essential access community hospitals, and rural primary care hospitals.

**History:** Add. 1990, Act 252, Imd. Eff. Oct. 12, 1990.

**Popular name:** Act 368

## 333.21564 Waiving applicability of specified licensure requirement; conditions; application for waiver; form; duration of waiver; definition.

Sec. 21564. (1) Upon request of a hospital with less than 100 beds located in a nonurbanized area, the department may waive the applicability of a specified licensure requirement if the department determines that strict compliance with the licensure requirement is not necessary to protect the public health, safety, and welfare in light of the health care provided by or in the hospital. The department may impose conditions upon a waiver under this section to protect the public health, safety, and welfare.

(2) An application for a waiver under this section shall be on a form provided by the department.

(3) A waiver granted by the department under this section shall not exceed 2 years, except that the department may renew the waiver for subsequent periods if the hospital continues to meet the requirements of this section.

(4) As used in this section, "nonurbanized area" means that term as defined in section 21551.

**History:** Add. 1990, Act 252, Imd. Eff. Oct. 12, 1990.

**Popular name:** Act 368

## 333.21565 Mental health crisis stabilization program.

Sec. 21565. A hospital that has entered into a contract with a community mental health board may establish a mental health crisis stabilization program for voluntary admission with a maximum length of stay not to exceed 72 hours.

**History:** Add. 1990, Act 252, Imd. Eff. Oct. 12, 1990.

**Popular name:** Act 368

## 333.21566 Essential access community hospital; designation; purpose; eligibility requirements; modification of requirements.

Sec. 21566. (1) The department shall designate an eligible hospital as an essential access community hospital in order to qualify the facility for the essential access community hospital program under section 1820(e) of title XVIII of the social security act, 42 U.S.C. 1395i-4.

(2) To be eligible for designation as an essential access community hospital, a hospital shall meet all of the following requirements:

(a) Be located outside of a metropolitan statistical area, as defined by the United States office of management and budget.

(b) Be located more than 35 miles from an essential access community hospital, or a facility classified by the secretary of health and human services as a rural referral center or a regional referral center under section 1886 (d)(5)(c) of title XVIII of the social security act, 42 U.S.C. 1395ww.

(c) Have at least 75 inpatient beds or be located more than 35 miles from any other hospital.

(d) Have a transfer agreement with at least a facility designated as a rural primary care hospital under section 1820(f) of title XVIII of the social security act, 42 U.S.C. 1395i-4.

(e) Meet other requirements established by the department with the approval of the secretary of health and human services.

(f) Be a nonprofit or public hospital.

© Courtesy of www.legislature.mi.gov

(3) The department may modify the requirements of subsection (2) in order to conform with changes in the federal requirements, or possible waivers, as provided in federal law or regulation for the designation of an essential access community hospital.

**History:** Add. 1990, Act 252, Imd. Eff. Oct. 12, 1990.

**Popular name:** Act 368

### 333.21567 Rural primary care hospital; designation; purpose; eligibility requirements; modification of requirements.

Sec. 21567. (1) The department shall designate an eligible hospital as a rural primary care hospital in order to qualify the facility for the essential access community hospital program, under section 1820(f) of title XVIII of the social security act, 42 U.S.C. 1395i-4.

(2) To be eligible for designation as a rural primary care hospital, a hospital shall meet all of the following requirements:

(a) Be located outside of a metropolitan statistical area, as defined by the United States office of management and budget.

(b) Make available 24-hour emergency services.

(c) Provide no more than 6 inpatient beds for providing inpatient care for a period not to exceed 72 hours to patients requiring stabilization before discharge or transfer to a hospital.

(d) Have a transfer agreement with at least an essential access community hospital designated under section 21566.

(e) Meet other requirements established by the department and approved by the secretary of health and human services.

(f) Be a nonprofit or public hospital.

(3) The department shall indicate preferential designation under this section for an eligible hospital that is located more than 30 minutes travel time away from the next closest hospital.

(4) The department may modify the requirements of subsection (2) in order to conform with changes in the federal requirements, or possible waivers, as provided in federal law or regulation for the designation of a rural primary care hospital.

**History:** Add. 1990, Act 252, Imd. Eff. Oct. 12, 1990.

**Popular name:** Act 368

### 333.21568 Rural health networks.

Sec. 21568. The center for rural health created under section 2612, as part of the development of the biennial rural health plan required under section 2223, shall develop a plan that provides for the creation of a set of rural health networks. Each rural health network shall consist, at a minimum, of 1 essential access community hospital, rural referral center, or regional referral center described in section 21566, and 1 rural primary care hospital as described in section 21567. Other rural health care providers including, but not limited to, primary care centers, community health centers, licensed nursing homes, and local public health departments may also be included in a rural health network for the purpose of developing a continuum of patient care.

**History:** Add. 1990, Act 252, Imd. Eff. Oct. 12, 1990.

**Popular name:** Act 368

### 333.21571 Rural hospital; eligibility requirements; definition.

Sec. 21571. (1) To be a rural hospital and qualify as an eligible hospital under the federal medicare rural hospital flexibility program, 42 USC 1395i-4, a hospital not located outside of a metropolitan statistical area as defined in 42 USC 1395ww shall be located in a city, village, or township with a population of no more than 12,000 and in a county with a population of no more than 110,000. Population is to be determined according to the official 2000 federal decennial census.

(2) A hospital that is determined to be a rural hospital under this section may be designated by the department as a critical provider to satisfy the eligibility requirements for certification as a critical access hospital.

(3) As used in this section, "rural hospital" means a hospital that is located outside of a metropolitan statistical area as defined in 42 USC 1395ww or that satisfies the criteria established under subsection (1).

**History:** Add. 2004, Act 444, Imd. Eff. Dec. 22, 2004.

## PART 216
## MOBILE DENTAL FACILITY

© Courtesy of www.legislature.mi.gov

## 333.21601 Definitions.

Sec. 21601. (1) As used in this part:

(a) "Active patient" means a person who has received any type of dental care in a mobile dental facility in the preceding 24 months.

(b) "Assessment of a patient" means a limited clinical inspection that is performed to identify possible signs of oral or systemic disease, malformation, or injury, and the potential need for referral for diagnosis and treatment.

(c) "Clinical evaluation" means a diagnostic service provided by a dentist that includes a complete intra- and extra-oral inspection, may include other modalities of examination to identify signs of oral or systemic disease, malformation, or injury, and may include the completion of diagnosis and treatment planning to determine the treatment needs of an individual patient.

(d) "Comprehensive dental services" means clinical evaluation, including diagnosis and treatment planning; imagery services; and indicated treatment that may include preventative, restorative, and surgical procedures that are considered necessary for an individual patient.

(e) "Dental home" means a network of individualized care based on risk assessment, that includes oral health education, dental screenings, preventative dental services, diagnostic services, comprehensive dental services, and emergency services.

(f) "Department" means the department of community health.

(g) "Imagery" means visualization of oral and facial structures using specialized instruments and techniques for diagnostic purposes.

(h) "Memorandum of agreement" means written documentation of an agreement between parties to work together cooperatively on an agreed-upon project or meet an agreed-upon objective. The purpose of a memorandum of agreement is to have a written understanding of the agreement between the parties. A memorandum of agreement serves as a legal document that is binding and holds the parties responsible to their commitment along with describing the terms and details of the cooperative agreement. A memorandum of agreement may be used between agencies, the public, the federal or state government, communities, and individuals.

(i) "Mobile dental facility" means either of the following:

(*i*) A self-contained, intact facility in which dentistry or dental hygiene is practiced that may be transported from 1 location to another.

(*ii*) A site used on a temporary basis to provide dental services using portable equipment.

(j) "Operator" means either of the following:

(*i*) An individual with a valid, current license to practice dentistry or dental hygiene in this state who utilizes and holds a permit under this part for a mobile dental facility.

(*ii*) A corporation, limited liability company, partnership, or any governmental agency contracting with individuals licensed to practice dentistry in this state or dental hygienists licensed in this state, that utilizes and holds a permit under this part for a mobile dental facility.

(k) "Preventative dental services" means dental services that include, but are not limited to, screening of a patient, assessment of a patient, prophylaxis, fluoride treatments, and application of sealants. Imagery studies are not preventative dental services.

(*l*) "Screening of a patient" means screening, including state- or federally mandated screening, to determine an individual's need to be seen by a dentist for diagnosis.

(2) In addition, article 1 contains general definitions and principles of construction applicable to this part.

**History:** Add. 2014, Act 100, Eff. Apr. 1, 2015.

## 333.21603 Mobile dental facility; permit; operator; contracting or employing other dentists, dental hygienists, or dental assistants; permit for 1 or more mobile dental facilities.

Sec. 21603. (1) An operator shall obtain a permit under this part for a mobile dental facility before offering dental services at the facility.

(2) A mobile dental facility shall have an operator in charge at all times.

(3) An operator may contract or employ other dentists, dental hygienists, or dental assistants to work in a mobile dental facility.

(4) An operator may hold a permit for 1 or more mobile dental facilities.

**History:** Add. 2014, Act 100, Eff. Apr. 1, 2015.

## 333.21605 Permit; application; fee; duration; renewal; late fee; compliance with requirements; transfer; interim permit; approval or denial within 60 days of application.

© Courtesy of www.legislature.mi.gov

Sec. 21605. (1) An individual or entity seeking a permit to operate a mobile dental facility shall submit an application on a form provided by the department.

(2) An application submitted to the department under subsection (1) shall include a registration fee in an amount determined by the department but not more than the cost of a dental license renewal fee.

(3) A permit is valid for 3 years and an application for renewal may be submitted not later than the last day of the month in which the permit expires upon submission of proof to the department of compliance with the requirements of this part. A permit application that is not timely filed is subject to a late fee in an amount determined by the department as the additional cost of processing the late renewal, but not more than a dental license late renewal fee.

(4) A permit shall not be issued unless the applying individual or entity is in compliance with all applicable requirements of this part.

(5) A permit issued under this part is not transferrable. If the operator of the mobile dental facility changes, the permit is no longer valid. However, if an application for a new permit to continue operating the mobile dental facility is submitted not later than 30 days after the change of operator, the former permit is valid as an interim permit until the application is approved or denied, but not longer than 90 days.

(6) The department shall either approve or deny an application for a permit under this part not later than 60 days after receiving the application.

**History:** Add. 2014, Act 100, Eff. Apr. 1, 2015.

### 333.21607 Information to be provided by applicant; compliance with certain requirements; functional equipment; services not requiring presence of dentist.

Sec. 21607. (1) An applicant shall provide with the application for a permit under this part, and subsequently, within 10 days after a request from the department, all of the following information, as applicable:

(a) A list of each dentist, dental hygienist, and dental assistant who will provide care at or within the mobile dental facility, including, at a minimum, each individual's name, address, telephone number, and state occupational license number.

(b) A written plan and procedure for providing emergency follow-up care to each patient treated at the mobile dental facility.

(c) If the operator does not provide for follow-up services at a site within a reasonable distance for the patient and is not exempt under section 21611, a signed memorandum of agreement between the operator and at least 1 dentist or party who can arrange for or provide follow-up services at a site within a reasonable distance for the patient. The memorandum of agreement shall state that the contracting dentist or party will accept referrals of patients treated at the mobile dental facility. The agreement to accept a referral does not require the dentist or party to treat the patient.

(d) If the operator provides only preventative dental services and is not exempt under section 21611, a signed memorandum of agreement for referral for comprehensive dental services between the operator and at least 1 dentist or party who can arrange for or provide comprehensive dental services to the patient within a reasonable distance for the patient.

(e) Proof of general liability insurance covering the mobile dental facility that is issued by a licensed insurance carrier authorized to do business in this state.

(2) An operator shall meet all of the following requirements:

(a) Comply with all federal, state, and local laws, regulations, and ordinances applicable to the operation of a mobile dental facility, including, but not limited to, those concerning radiographic equipment, flammability, sanitation, zoning, and construction standards, including standards relating to required access for persons with disabilities.

(b) Maintain continuously available at the mobile dental facility a communication device for making and receiving telephone calls and summoning emergency services.

(c) Make immediately available, upon request from any person, a copy of the license of each dentist, dental hygienist, or dental assistant working at the mobile dental facility.

(d) Make immediately available, at the mobile dental facility, upon request from any person, a copy of the permit required under this part.

(3) The operator of a mobile dental facility and the operator's agents and employees shall comply with all federal, state, and local laws, administrative rules, regulations, and ordinances applicable to the mobile dental facility and to the individuals and entities that provide the preventative dental services or comprehensive dental services at the mobile dental facility, including, but not limited to, those concerning sanitation, infectious waste management and disposal, occupational safety, and disease prevention.

(4) An operator shall not provide dental services at a mobile dental facility unless it is equipped with, or

© Courtesy of www.legislature.mi.gov

there is appropriate access to, all of the following functional equipment:

(a) An instrument sterilization system.

(b) Potable hot and cold water or hand sanitizer.

(c) Toilet facilities.

(d) Smoke and carbon monoxide detectors, as applicable.

(e) Radiographic equipment properly registered and inspected, as applicable, by the state.

(f) A communication device continuously available for making and receiving telephone calls and summoning emergency services.

(5) An operator shall not provide dental services at a mobile dental facility unless it is equipped with, or there is appropriate access to, all of the following:

(a) Proper lighting.

(b) Portable suction.

(c) Hand pieces.

(d) Dental instruments.

(e) Supplies.

(6) Except as provided in subsection (7) or (8), a dentist licensed under this act shall be present in the mobile dental facility at any time comprehensive dental services that are not preventative dental services are performed on a patient. A dentist licensed under this act need not be present at a mobile dental facility when only preventative dental services are being provided.

(7) If a mobile dental facility is part of a program that provides comprehensive dental services or is established under a memorandum of agreement that provides for referral for comprehensive dental services, imagery services may be provided at the mobile dental facility without a dentist present.

(8) If a mobile dental facility is part of a program that provides preventative dental services to a nursing home, assisted living center, or other similar setting, imagery services may be provided without a dentist present if the person taking the images obtains permission from the supervising dentist.

**History:** Add. 2014, Act 100, Eff. Apr. 1, 2015.

### 333.21609 Written treatment plan; written consent or doctor's order; information to be received by person receiving dental services; failure to comply with federal, state, or local laws and rules.

Sec. 21609. (1) The operator or his or her designee shall establish a written treatment plan for, and provide a copy to, each patient who receives dental services at a mobile dental facility. If a patient receives dental services in a nursing home, a written treatment plan shall be given to the nursing home for inclusion in the patient's health chart.

(2) The written treatment plan required under subsection (1) shall address comprehensive dental services to be provided either at the mobile dental facility or through an affiliated dentist, dental office, or party who can arrange for or provide those services under a memorandum of agreement with the operator of the mobile dental facility.

(3) If the written treatment plan required under subsection (1) will not be completed at the mobile dental facility, the operator or his or her designee shall make a reasonable attempt to refer the patient to a dentist or party who can arrange for or provide services under a memorandum of agreement until the treatment plan is completed or the patient ceases treatment. If the patient is a minor or incapacitated person, the operator or his or her designee shall also attempt to contact a parent or guardian and inform him or her of the referral. If the operator or his or her designee is unable to make arrangements for continued treatment, he or she shall place written documentation of the attempts in the patient record and make the documentation available to the department upon request. A copy of the documentation shall be sent to the patient. If a patient received dental services in a nursing home, a copy of the documentation shall be sent to the nursing home for inclusion in the patient's health chart. Failure of the operator or his or her designee to comply with this subsection is cause for disciplinary action by the department.

(4) The operator shall obtain the patient's written consent, or the consent of a parent or guardian of a patient who is a minor or legally incapable of consent, before providing any dental services to a patient at a mobile dental facility. However, if a patient receives dental services in a nursing home, the operator may obtain a doctor's order from the patient's attending physician or the medical director of the nursing home in lieu of any other required consent before providing any dental services to a patient at a mobile dental facility.

(5) The form for the written consent required under subsection (4) shall include, at a minimum, all of the following:

(a) The name of the operator.

(b) The permanent address of the operator.

© Courtesy of www.legislature.mi.gov

(c) The telephone number that a patient may call 24 hours a day for emergency calls.

(d) A list of the services to be provided.

(e) A statement indicating that the patient, parent, or guardian understands that treatment may be obtained at the patient's dental home rather than at a mobile dental facility and that obtaining duplicate services at a mobile dental facility may affect benefits that he or she receives from private insurance, a state or federal program, or other third-party provider of dental benefits.

(6) If the patient is a minor or incapacitated person, the written consent form required under subsection (4) shall also include a request for the name or contact information for the dentist or dental office that provided dental services in the past 12 months.

(7) Each person receiving dental services at a mobile dental facility shall receive all of the following information:

(a) The name of the dentist, dental hygienist, dental assistant, or party who arranged for or provided the dental services to the patient.

(b) The telephone number or emergency contact number to reach the mobile dental facility or operator in case of emergency.

(c) A list of the dental services rendered.

(d) A description of any further dental services that are advisable or that have been scheduled.

(e) A referral to a specialist, dentist, or party who can arrange for or provide comprehensive dental services if dental services cannot be provided at the mobile dental facility. Upon request of the dentist or party who accepts the referral, the operator shall transmit all imagery records taken of the patient at the mobile dental facility.

(f) A copy of the consent form required under this section authorizing additional treatment.

(8) An operator who fails to comply with federal, state, or local laws and rules applicable to the mobile dental facility or any of the requirements of this part is subject to disciplinary action by the department.

**History:** Add. 2014, Act 100, Eff. Apr. 1, 2015.

### 333.21611 Memorandum of agreement; exemption.

Sec. 21611. If the operator has a memorandum of agreement due to its status as a state of Michigan designated or funded oral health prevention program with oversight from the department, the operator is exempt from any requirement concerning a memorandum of agreement under this part.

**History:** Add. 2014, Act 100, Eff. Apr. 1, 2015.

### 333.21613 Occurrences requiring notification to department; cessation of operation.

Sec. 21613. (1) The operator or his or her designee shall notify the department not later than 30 days after any of the following occurrences:

(a) A change in the mobile dental facility operator.

(b) A change in a memorandum of agreement required under section 21607.

(c) A change in the address or telephone number of the mobile dental facility operator.

(d) Cessation of operation of a mobile dental facility.

(e) Any memorandum of agreement entered into after obtaining a permit under this part.

(2) Upon cessation of operation of a mobile dental facility, the operator shall do all of the following:

(a) Provide written notice to all treatment venues and, upon request, provide evidence of the written notice to the department.

(b) Provide for availability of each active patient's dental records by 1 of the following methods:

(*i*) Make the dental records available to the patient or the patient's parent or guardian for 180 days after the mobile dental facility ceases operation and, upon his or her request, transfer the records to the active patient, the patient's parent or guardian, or another dentist.

(*ii*) Transfer the records to another dentist.

(c) Notify each active patient or the patient's parent or guardian that the dental records are available as required under subdivision (b), including the name and contact information for the dentist if the records have been transferred.

(d) Upon request from the department, provide documentation that a reasonable attempt was made to contact each active patient or the active patient's parent or guardian to provide information concerning storage and retrieval of the patient's records.

**History:** Add. 2014, Act 100, Eff. Apr. 1, 2015.

### 333.21615 Exemption; conflict with federal law; rules.

Sec. 21615. (1) Any individual or entity owning, operating, or providing services at a mobile dental facility

© Courtesy of www.legislature.mi.gov

is exempt from this part if the mobile dental facility is used solely to provide services that are rendered without compensation.

(2) If a provision in this part conflicts with a federal law regulating nursing homes, the federal law prevails.

(3) The department may promulgate rules to implement this part.

**History:** Add. 2014, Act 100, Eff. Apr. 1, 2015.

### 333.21617 Third-party reimbursement or worker's compensation benefits.

Sec. 21617. This part does not require new or additional third-party reimbursement or mandated worker's compensation benefits for services rendered at a mobile dental facility.

**History:** Add. 2014, Act 100, Eff. Apr. 1, 2015.

## PART 217
## NURSING HOMES

### 333.21701 Meanings of words and phrases; general definitions and principles of construction.

Sec. 21701. (1) For purposes of this part, the words and phrases defined in sections 21702 to 21703 have the meanings ascribed to them in those sections.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 201 contains definitions applicable to this part.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979.

**Compiler's note:** For transfer of powers and duties of the division of health facility licensing and certification in the bureau of health systems, division of federal support services, and the division of emergency medical services, with the exception of the division of managed care and division of health facility development, from the department of public health to the director of the department of commerce, see E.R.O. No. 1996-1, compiled at MCL 330.3101 of the Michigan Compiled Laws.

For transfer of powers and duties of the bureau of health services from the department of consumer and industry services to the director of the department of community health by Type II transfer, see E.R.O. No. 2003-1, compiled at MCL 445.2011.

**Popular name:** Act 368

### 333.21702 Definitions; D to P.

Sec. 21702. (1) "Discharge" means the voluntary or involuntary movement of a patient out of a nursing home regardless of the individual's destination or reason for the movement.

(2) "Full-time" means being usually present in the nursing home or conducting or participating in activities directly related to the nursing home during the normal 40-hour business week.

(3) "Involuntary transfer" means a transfer not agreed to in writing by the patient or, in the case of a plenary guardianship, by the patient's legal guardian.

(4) "Medicaid" means the program for medical assistance established under title XIX of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 1396 to 1396f, and 1396i to 1396u, and administered by the department of social services under the social welfare act, Act No. 280 of the Public Acts of 1939, being sections 400.1 to 400.119b of the Michigan Compiled Laws.

(5) "Medical reasons" means a medical justification for either of the following:

(a) The transfer or discharge of a patient in accord with the written orders of the attending physician that is written into the patient's clinical record by the physician in the progress notes.

(b) The transfer or discharge of a patient who is a medicaid recipient due to a change in level of care required by the patient and the fact that the nursing home or nursing care facility is not certified to provide the needed level of care.

(6) "Medicare" means that term as defined in section 2701.

(7) "Modification of a license" means an action by the department to alter the number of beds, the levels of care, the portions of the physical plant that may be operated or maintained by a licensee in a particular nursing home, or to restrict the nursing home from engaging in activity that violates this article or a rule promulgated under this article.

(8) "Negative case action" means an action taken by the department of social services to deny an application for medical assistance, cancel medical assistance, or reduce medical assistance coverage.

(9) "Nonpayment" means:

(a) Failure to collect from the patient or any other source the full amount of the facility charges to a nonmedicaid patient based on a written contract signed on or after that patient's admission to the facility.

(b) Failure to collect a medicaid patient's stipulated contribution toward his or her care.

(10) "Private pay rate" means the amount charged by a nursing home for the care of a patient who is not entitled to state or federal benefits for that patient's nursing home care.

© Courtesy of www.legislature.mi.gov

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1994, Act 73, Imd. Eff. Apr. 11, 1994.

**Popular name:** Act 368

### 333.21703 Definitions; P to W.

Sec. 21703. (1) "Patient" means a resident.

(2) "Patient's representative" or "resident's representative" means a person, other than the licensee or an employee or person having a direct or indirect ownership interest in the nursing home, designated in writing by a resident or a resident's guardian for a specific, limited purpose or for general purposes, or, if a written designation of a representative is not made, the guardian of the resident.

(3) "Relocation" means the movement of a resident from 1 bed to another or from 1 room to another within the same nursing home or within a certified distinct part of a nursing home.

(4) "Resident" means an individual who receives care or services at a nursing home.

(5) "Transfer" means the movement of a resident from 1 nursing home to another nursing home or from 1 certified distinct part of a nursing home to another certified distinct part of the same nursing home.

(6) "Welfare" means, with reference to a resident, the physical, emotional, or social well-being of a resident in a nursing home, including a resident awaiting transfer or discharge, as documented in the resident's clinical record by a licensed or certified health care professional.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2015, Act 155, Eff. Jan. 18, 2016.

**Popular name:** Act 368

### 333.21707 Prescribing course of medical treatment; limitations on authority.

Sec. 21707. (1) The course of medical treatment provided to a patient in a nursing home shall be prescribed by the patient's physician.

(2) This part does not:

(a) Authorize the supervision, regulation, or control of the practice of any method of healing.

(b) Authorize the medical supervision, regulation, or control of the remedial care or nonmedical nursing care of patients in a nursing home operated for the adherents of a bona fide church or religious denomination who rely upon treatment by prayer or spiritual means only in accordance with the creed or tenets of that church or denomination. The residents, patients, personnel, or employees, other than food handlers, of the home are not required to submit to a medical or physical examination. However, the nursing home shall be inspected and licensed under laws pertaining to fire, safety, sanitation, and building construction.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21711 License required; prohibited terms or abbreviations; license for formal or informal nursing care services; exception.

Sec. 21711. (1) A nursing home shall be licensed under this article.

(2) "Nursing home", "nursing center", "convalescent center", "extended care facility", or a similar term or abbreviation shall not be used to describe or refer to a health facility or agency unless the health facility or agency is licensed as a nursing home by the department under this article.

(3) A person shall not purport to provide formal or informal nursing care services of the kind normally provided in a nursing home without obtaining a license as provided in this article. This subsection does not apply to a hospital or a facility created by Act No. 152 of the Public Acts of 1885, as amended, being sections 36.1 to 36.12 of the Michigan Compiled Laws.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21712 Name of nursing home; change in name; prohibited terms; rehabilitation services.

Sec. 21712. (1) A nursing home shall use the name that appears on the license for its premises. A nursing home shall not change its name without the approval of the department.

(2) A nursing home shall not use the terms "hospital" or "sanitarium" or a term conveying a meaning that is substantially similar to those terms in the name of the nursing home. However, a nursing home may use the term "health center" or "health care center" or "rehabilitation center" or a term conveying a meaning substantially similar to those terms as long as those terms do not conflict with the terms prohibited by this subsection.

(3) If a nursing home uses the term "rehabilitation center" in its name as allowed under subsection (2), the nursing home shall have the capacity to provide rehabilitation services that include, at a minimum, all of the following:

© Courtesy of www.legislature.mi.gov

(a) Physical therapy services.

(b) Occupational therapy services.

(c) Speech therapy services.

(4) A nursing home shall not include in its name the name of a religious, fraternal, or charitable corporation, organization, or association unless the corporation, organization, or association is an owner of the nursing home.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2001, Act 273, Imd. Eff. Jan. 11, 2002.

**Popular name:** Act 368

### 333.21713 Owner, operator, and governing body of nursing home; responsibilities and duties generally.

Sec. 21713. The owner, operator, and governing body of a nursing home licensed under this article:

(a) Are responsible for all phases of the operation of the nursing home and quality of care rendered in the home.

(b) Shall cooperate with the department in the enforcement of this article and require that the physicians and other personnel working in the nursing home and for whom a license or registration is required be currently licensed or registered.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.21715 Nursing home; programs of planned and continuing nursing and medical treatment required; employment of or contract with licensed or authorized individual; services; dental treatment.

Sec. 21715. (1) A nursing home shall provide:

(a) A program of planned and continuing nursing care under the charge of a registered nurse.

(b) A program of planned and continuing medical treatment under the charge of physicians. A nursing home, regardless of its status as a legal entity, may employ or contract with an individual licensed or otherwise authorized to engage in a health profession under part 170 or 175 to provide the program of planned and continuing nursing care and medical treatment under this subsection, which care and treatment include direct clinical services to residents.

(2) A nursing home shall provide nursing care and medical treatment that consist of services given to residents who are subject to prolonged suffering from illness or injury or who are recovering from illness or injury. A nursing home shall provide the care and treatment within the ability of the nursing home to provide and shall include the functions of medical treatment including the diagnosis and treatment of an illness; nursing care via assessment, planning, and implementation; evaluation of a resident's health care needs; and the carrying out of required treatment prescribed by a physician.

(3) A nursing home may provide dental treatment under the supervision of a dentist. A nursing home, regardless of its status as a legal entity, may employ or contract with a dentist who is licensed under part 166.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2015, Act 156, Eff. Jan. 18, 2016.

**Popular name:** Act 368

### 333.21716 Nursing home; influenza vaccination.

Sec. 21716. A nursing home shall offer each resident, or shall provide each resident with information and assistance in obtaining, an annual vaccination against influenza in accordance with the most recent recommendations of the advisory committee on immunization practices of the federal centers for disease control and prevention, as approved by the department of community health.

**History:** Add. 2000, Act 437, Imd. Eff. Jan. 9, 2001.

**Popular name:** Act 368

### 333.21717 Care of certain individuals in nursing home; approval of area and program; definitions.

Sec. 21717. (1) An individual shall not be admitted or retained for care in a nursing home if any of the following apply:

(a) The individual requires special medical or surgical treatment, or treatment for acute mental illness, developmental disability, communicable tuberculosis, or a communicable disease, unless the home is able to provide an area and a program for the care. The department shall approve both the area and the program.

(b) The individual has tested positive for coronavirus, is currently receiving treatment at a hospital, and has less than 72 hours remaining in the individual's overall isolation period as described in guidelines established

© Courtesy of www.legislature.mi.gov

by the federal Centers for Disease Control and Prevention. However, if the hospital determines that it has reached surge capacity, this subdivision does not apply.

(c) Except as otherwise provided in subsection (2), beginning November 15, 2020, the individual has tested positive for coronavirus unless any of the following apply:

(*i*) The individual has since recovered from coronavirus.

(*ii*) The nursing home is a care and recovery center.

(*iii*) The nursing home demonstrates to the department of health and human services that it meets the requirements described in section 5145(1)(e) to accept an individual who has tested positive for coronavirus within the approved designated area of the nursing home.

(2) If, by November 15, 2020, the department of health and human services has not implemented the process for the creation of care and recovery centers within nursing homes as described in section 5145(1)(d), a nursing home may admit or retain for care an individual who has tested positive for coronavirus until the date that the process is implemented by the department of health and human services and for up to 30 days thereafter.

(3) As used in this section:

(a) "Care and recovery center" means a care and recovery center described in section 5145.

(b) "Coronavirus" means severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2).

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 2014, Act 66, Imd. Eff. Mar. 28, 2014;—Am. 2020, Act 231, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

### 333.21718 Conditions of skilled nursing facility certification and participation in title 19 program; exception; exemption.

Sec. 21718. (1) Except as provided in subsections (3) and (4), as a condition of skilled nursing facility certification and participation in the title 19 program of the social security act, 42 USC 1396 to 1396w-5, a nursing home shall be concurrently certified for and give evidence of active participation in the title 18 program of the social security act, 42 USC 1395 to 1395kkk-1. A nursing facility that is not concurrently certified for the title 18 program on March 30, 1979 shall make application for concurrent certification not later than its next application for licensure and certification. A failure to make application shall result in the skilled nursing facility being decertified or refused certification as a provider in the title 19 program. Nursing home or nursing care facility participation in the title 18 program under the requirements for concurrent certification shall be effective not later than the beginning of the first accounting year following the home's or facility's title 18 certification.

(2) As a condition of skilled nursing facility certification, a nursing home shall obtain concurrent certification under title 19 of the social security act, 42 USC 1396 to 1396w-5, for each bed that is certified to provide skilled care under title 18 of the social security act, 42 USC 1395 to 1395kkk-1. Skilled care certification shall not be renewed unless the requirements of this subsection are met.

(3) An exception may be made from the requirements of subsection (1) for a nursing facility that is currently certified as a skilled nursing facility by the director for title 19 participation but has been determined, after making application, to be ineligible for title 18 certification by the secretary of the United States department of health and human services.

(4) A home or facility, or a distinct part of a home or facility, certified by the director as a special mental illness or a special developmental disability nursing home or nursing care facility is exempt from the requirements of subsection (1).

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2014, Act 66, Imd. Eff. Mar. 28, 2014.

**Popular name:** Act 368

### 333.21719 Immediate access to acute care facilities.

Sec. 21719. A nursing home shall not be licensed under this part unless the nursing home has formulated, and is prepared to implement, insofar as possible, a plan to provide immediate access to acute care facilities for the emergency care of patients.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21720 Nursing home administrator required.

Sec. 21720. (1) The department shall not license a nursing home under this part unless that nursing home is under the direction of a nursing home administrator licensed under article 15.

(2) Each nursing home having 50 beds or more shall have a full-time licensed nursing home administrator.

© Courtesy of www.legislature.mi.gov

If a nursing home changes nursing home administrators, the nursing home immediately shall notify the department of the change.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2001, Act 139, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

### 333.21720a Director of nursing; nursing personnel; effective date of subsection (1); natural disaster or other emergency.

Sec. 21720a. (1) A nursing home shall not be licensed under this part unless that nursing home has on its staff at least 1 registered nurse with specialized training or relevant experience in the area of gerontology, who shall serve as the director of nursing and who shall be responsible for planning and directing nursing care. The nursing home shall have at least 1 licensed nurse on duty at all times and shall employ additional registered and licensed practical nurses in accordance with subsection (2). This subsection shall not take effect until January 1, 1980.

(2) A nursing home shall employ nursing personnel sufficient to provide continuous 24-hour nursing care and services sufficient to meet the needs of each patient in the nursing home. Nursing personnel employed in the nursing home shall be under the supervision of the director of nursing. A licensee shall maintain a nursing home staff sufficient to provide not less than 2.25 hours of nursing care by employed nursing care personnel per patient per day. The ratio of patients to nursing care personnel during a morning shift shall not exceed 8 patients to 1 nursing care personnel; the ratio of patients to nursing care personnel during an afternoon shift shall not exceed 12 patients to 1 nursing care personnel; and the ratio of patients to nursing care personnel during a nighttime shift shall not exceed 15 patients to 1 nursing care personnel and there shall be sufficient nursing care personnel available on duty to assure coverage for patients at all times during the shift. An employee designated as a member of the nursing staff shall not be engaged in providing basic services such as food preparation, housekeeping, laundry, or maintenance services, except in an instance of natural disaster or other emergency reported to and concurred in by the department. In a nursing home having 30 or more beds, the director of nursing shall not be included in counting the minimum ratios of nursing personnel required by this subsection.

(3) In administering this section, the department shall take into consideration a natural disaster or other emergency.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21720b Agreement with county community mental health program.

Sec. 21720b. A nursing home shall not be licensed under this part unless that nursing home has entered into an agreement with the county community mental health program, if available, that will service the mental health needs of the patients of the nursing home.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21721 Bond required.

Sec. 21721. (1) Before issuance or renewal of a nursing home license under this article, the owner, operator, or governing body of the nursing home shall give a bond and provide evidence of a patient trust fund in an amount consistent with subsection (2) and with the surety the department approves. The bond shall be conditioned that the applicant shall hold separately in the trust fund all patients' funds deposited with the applicant, shall administer the funds on behalf of the patient in the manner directed by the depositor, shall render a true and complete account to the patient not less than once each 3 months, to the depositor when requested, and to the department of public health and the department of social services, when requested. Upon termination of the deposit, the applicant shall account for all funds received, expended, and held on hand. The bond shall insure the department of public health, for the benefit of the patients.

(2) The bond shall be in an amount equal to not less than 1-1/4 times the average balance of patient funds held during the previous year. The department may require an additional bond, or permit the filing of a bond in a lower amount, if the department determines a change in the average balance has occurred or may occur. An applicant for a new license shall file a bond in an amount which the department estimates as 1-1/4 times the average amount of patient funds which the applicant, upon the issuance of the license, is likely to hold during the first year of operation.

**History:** 1978, Act 368, Eff. Sept. 30, 1978;—Am. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21723 Individual responsible for receiving complaints and conducting investigations; posting information in nursing home; communication procedure; information posted on internet website; nursing home receiving medicaid reimbursement.

Sec. 21723. (1) A nursing home shall post in an area accessible to residents, employees, and visitors the name, title, location, and telephone number of the individual in the nursing home who is responsible for receiving complaints and conducting complaint investigations and a procedure for communicating with that individual.

(2) An individual responsible for receiving complaints and conducting complaint investigations in a nursing home shall be on duty and on site not less than 24 hours per day, 7 days a week.

(3) The individual described in subsection (2) who receives a complaint, inquiry, or request from a nursing home resident or the resident's surrogate decision maker shall respond using the nursing home's established procedures pursuant to R 325.20113 of the Michigan administrative code.

(4) To assist the individual described in subsection (2) in performing his or her duties, the department of consumer and industry services shall post on its internet website all of the following information:

(a) Links to federal and state regulations and rules governing the nursing home industry.

(b) The scheduling of any training or joint training sessions concerning nursing home or elderly care issues being put on by the department of consumer and industry services.

(c) A list of long-term care contact phone numbers including, but not limited to, the consumer and industry services complaint hotline, the consumer and industry services nursing home licensing division, any commonly known nursing home provider groups, the state long-term care ombudsman, and any commonly known nursing home patient care advocacy groups.

(d) When it becomes available, information on the availability of electronic mail access to file a complaint concerning nursing home violations directly with the department of consumer and industry services.

(e) Any other information that the department of consumer and industry services believes is helpful in responding to complaints, requests, and inquiries of a nursing home resident or his or her surrogate decision maker.

(5) A nursing home receiving reimbursement pursuant to the medicaid program shall designate 1 or more current employees to fulfill the duties and responsibilities outlined in this section. This section does not constitute a basis for increasing nursing home staffing levels. As used in this subsection, "medicaid" means the program for medical assistance created under title XIX of the social security act, chapter 53, 49 Stat. 620, 42 U.S.C. 1396 to 1396f, 1396g-1 to 1396r-6, and 1396r-8 to 1396v.

**History:** Add. 2002, Act 11, Imd. Eff. Feb. 19, 2002.

**Popular name:** Act 368

### 333.21731 Licensee considered consumer of tangible personal property.

Sec. 21731. A licensee of a nursing home operated for profit is considered to be the consumer, and not the retailer, of the tangible personal property purchased and used or consumed in the operation of the home.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.21733 Repealed. 2009, Act 188, Eff. May 1, 2010.

**Compiler's note:** The repealed section pertained to smoking policies in nursing homes.

### 333.21734 Nursing home; bed rails; provisions; peer-reviewed, evidence-based, best-practice resources; liability.

Sec. 21734. (1) Notwithstanding section 20201(2)(*l*), a nursing home shall give each resident who uses a hospital-type bed or the resident's legal guardian, patient advocate, or other legal representative the option of having bed rails. A nursing home shall offer the option to new residents on admission and to other residents on request. On the receipt of a request for bed rails, the nursing home shall inform the resident or the resident's legal guardian, patient advocate, or other legal representative of alternatives to and the risks involved in using bed rails. A resident or the resident's legal guardian, patient advocate, or other legal representative has the right to request and consent to bed rails for the resident. A nursing home shall provide bed rails to a resident only on the receipt of a signed consent form authorizing bed rail use and a written order from the resident's attending physician that contains statements and determinations regarding medical symptoms and that specifies the circumstances under which bed rails are to be used. For purposes of this subsection, "medical symptoms" includes the following:

(a) A concern for the physical safety of the resident.

© Courtesy of www.legislature.mi.gov

(b) Physical or psychological need expressed by a resident. A resident's fear of falling may be the basis of a medical symptom.

(2) A nursing home that provides bed rails under subsection (1) shall do all of the following:

(a) Document that the requirements of subsection (1) have been met.

(b) Monitor the resident's use of the bed rails.

(c) In consultation with the resident, resident's family, resident's attending physician, and individual who consented to the bed rails, periodically reevaluate the resident's need for the bed rails.

(3) The department shall maintain clear and uniform peer-reviewed, evidence-based, best-practice resources to be used in determining what constitutes each of the following:

(a) Acceptable bed rails for use in a nursing home in this state. The department shall consider the recommendations of the hospital bed safety work group established by the United States Food and Drug Administration, if those are available, in determining what constitutes an acceptable bed rail.

(b) Proper maintenance of bed rails.

(c) Properly fitted mattresses.

(d) Other hazards created by improperly positioned bed rails, mattresses, or beds.

(4) The department shall maintain the peer-reviewed, evidence-based, best-practice resources under subsection (3) in consultation with the long-term care stakeholders work group established under section 20155(18).

(5) A nursing home that complies with subsections (1) and (2) and the peer-reviewed, evidence-based, best-practices resources maintained under this section in providing bed rails to a resident is not subject to administrative penalties imposed by the department based solely on providing the bed rails. This subsection does not preclude the department from citing specific state or federal deficiencies for improperly maintained bed rails, improperly fitted mattresses, or other hazards created by improperly positioned bed rails, mattresses, or beds.

**History:** Add. 2000, Act 437, Imd. Eff. Jan. 9, 2001;—Am. 2015, Act 155, Eff. Jan. 18, 2016;—Am. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.21735 Requirement of emergency generator system in nursing home.

Sec. 21735. (1) A nursing home licensed under this article shall have, at a minimum, an emergency generator system that complies with existing state and federal law, including state and federal rules and regulations.

(2) A nursing home that fails to comply with this section is subject to a civil penalty as provided under existing state and federal law, including state and federal rules and regulations.

**History:** Add. 2004, Act 397, Eff. Apr. 15, 2005.

**Popular name:** Act 368

### 333.21741 Rules.

Sec. 21741. (1) The department of public health, after seeking advice and consultation from the department of social services, appropriate consumer and professional organizations, and concerned agencies, shall promulgate rules to implement and administer this part.

(2) Initial rules proposed under this part shall be submitted to a public hearing not later than 6 months after this section is enacted into law.

(3) In addition to the rules prescribed in section 20171, rules for nursing homes shall include the establishment of standards relating to:

(a) Complaint procedures.

(b) Discharges and transfers.

(c) Emergency procedures.

(d) Medical audit procedures.

(e) Patients' rights.

(f) Standards of patient care to be provided in nursing homes.

(g) Training, educational, and competency requirements of nursing home personnel other than licensed personnel.

(h) Utilization and quality control review procedures.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21743 Disclosures; public inspection.

© Courtesy of www.legislature.mi.gov

Sec. 21743. (1) In addition to public records subject to disclosure under section 20175, the following information is subject to disclosure from the department of public health or the department of social services:

(a) Ownership of nursing homes, ownership of buildings occupied by nursing homes, and the names and addresses of suppliers and the ownership of suppliers of goods and services to nursing homes required to be reported under section 20142.

(b) Records of license and certification inspections, surveys, and evaluations of nursing homes, other reports of inspections, surveys, and evaluations of patient care, and reports concerning a nursing home prepared pursuant to titles 18 and 19 of the social security act, 42 U.S.C. 1395 to 1396k.

(c) Cost and reimbursement reports submitted by a nursing home, reports of audits of nursing homes, and other public records concerning costs incurred by, revenues received by, and reimbursement of nursing homes.

(d) Complaints filed against a nursing home and complaint investigation reports. A complaint or complaint investigation report shall not be disclosed to a person other than the complainant or complainant's representative before it is disclosed to a nursing home under section 21799a and a complainant's or patient's name shall not be disclosed except as provided in section 21799a.

(2) The department of public health, the department of social services and the nursing home shall respect the confidentiality of a patient's clinical record as provided in section 20175 and shall not divulge or disclose the contents of a record in a manner which identifies a patient, except upon a patient's death to a relative or guardian, or under judicial proceedings. This subsection shall not be construed to limit the right of a patient or a patient's representative to inspect or copy the patient's clinical record.

(3) Confidential medical, social, personal, or financial information identifying a patient shall not be available for public inspection in a manner which identifies a patient.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21744 Professional advice and consultation.

Sec. 21744. The department shall provide to the applicant or licensee professional advice and consultation related to the quality of institutional or agency aspects of health care and services provided by the applicant or licensee.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21751 Emergency petition to place nursing home under control of receiver; appointment of receiver; use of income and assets; major structural alteration; consultation; termination of receivership; accounting; disposition of surplus funds.

Sec. 21751. (1) When the department has concluded a proceeding under sections 71 to 106 of the administrative procedures act of 1969, as amended, being sections 24.271 to 24.306 of the Michigan Compiled Laws, or when the department has suspended or revoked the license of a nursing home, the department, a patient in the facility, or a patient's representative may file an emergency petition with the circuit court to place the nursing home under the control of a receiver if necessary to protect the health or safety of patients in the nursing home. The court may grant the petition upon a finding that the health or safety of the patients in the nursing home would be seriously threatened if a condition existing at the time the petition was filed is permitted to continue.

(2) The court shall appoint as receiver the director of the department of social services, the director of the department of public health, or another state agency or person designated by the director of public health. The receiver appointed by the court shall use the income and assets of the nursing home to maintain and operate the home and to attempt to correct the conditions which constitute a threat to the patients. A major structural alteration shall not be made to the nursing home, unless the alteration is necessary to bring the nursing home into compliance with licensing requirements.

(3) To assist in the implementation of the mandate of the court, the receiver may request and receive reasonable consultation from the available personnel of the department.

(4) The receivership shall be terminated when the receiver and the court certify that the conditions which prompted the appointment have been corrected, when the license is restored, when a new license is issued, or, in the case of a discontinuance of operation, when the patients are safely placed in other facilities, whichever occurs first.

(5) Upon the termination of the receivership, the receiver shall render a complete accounting to the court and shall dispose of surplus funds as the court directs.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

© Courtesy of www.legislature.mi.gov

**Popular name:** Act 368

### 333.21755 Grounds for refusal to issue license.

Sec. 21755. The department may refuse to issue a license to establish or maintain and operate, or both, a nursing home to an applicant if any of the following are met:

(a) An occupational, professional, or health agency license held by the applicant was revoked during the 5 years before the date of application.

(b) The department finds that the applicant is not suitable to operate a nursing home because of financial incapacity or a lack of good moral character or appropriate business or professional experience. As used in this subdivision, "good moral character" means good moral character as defined in, and determined under, 1974 PA 381, MCL 338.41 to 338.47.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2020, Act 371, Eff. Apr. 4, 2021.

**Popular name:** Act 368

### 333.21757 Provisional license.

Sec. 21757. (1) The department may issue a 1-year provisional license, renewable for not more than 1 additional year, to an applicant whose services are needed in the community but who is temporarily unable to comply with the rules related to the physical plant of the facilities, excluding maintenance problems. At the time a provisional license is granted, specific deadlines for the correction of each physical plant violation shall be established.

(2) A provisional license shall not be issued for a nursing home constructed, established, or changing corporate ownership or management after the effective date of this section unless it is shown that unusual hardship would result to the public or to the applicant for the provisional license and the nursing home was licensed and operating under a prior licensing act for not less than 5 years.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21761 Certification of nondiscrimination; violation of rights; giving preference to members of religious or fraternal institution or organization.

Sec. 21761. (1) In addition to the requirements of section 20152, a licensee shall certify annually to the department, as part of its application for licensure and certification, that all phases of its operation, including its training program, are without discrimination against persons or groups of persons on the basis of race, religion, color, national origin, sex, age, disability, marital status, sexual preference, or the exercise of rights guaranteed by law, including freedom of speech and association. If the department finds a violation of rights enumerated in this section, the department shall direct the administrator of the nursing home to take the necessary action to assure that the nursing home is, in fact, operated in accordance with the rights listed in this section.

(2) This section shall not be construed to prevent a nursing home operated, supervised, or controlled by a religious or fraternal institution or organization from giving preference to applicants who are members of that religious or fraternal institution or organization.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1998, Act 88, Imd. Eff. May 13, 1998.

**Popular name:** Act 368

### 333.21763 Access to nursing home patients; purposes; requirements; termination of visit; confidentiality; complaint; determination; prohibited entry.

Sec. 21763. (1) A nursing home shall permit a representative of an approved organization, who is known by the nursing home administration to be authorized to represent the organization or who carries identification showing that the representative is authorized to represent the organization, a family member of a patient, or a legal representative of a patient, to have access to nursing home patients for 1 or more of the following purposes:

(a) Visit, talk with, and make personal, social, and legal services available to the patients.

(b) Inform patients of their rights and entitlements, and their corresponding obligations, under federal and state laws by means of the distribution of educational materials and discussion in groups and with individual patients.

(c) Assist patients in asserting their legal rights regarding claims for public assistance, medical assistance, and social services benefits, as well as in all matters in which patients are aggrieved. Assistance may be provided individually or on a group basis and may include organizational activity and counseling and litigation.

© Courtesy of www.legislature.mi.gov

(d) Engage in other methods of assisting, advising, and representing patients so as to extend to them the full enjoyment of their rights.

(2) Access as prescribed in subsection (1) must be permitted during regular visiting hours each day. A representative of an approved organization entering a nursing home under this section promptly shall advise the nursing home administrator or the acting administrator or other available agent of the nursing home of the representative's presence. A representative shall not enter the living area of a patient without identifying himself or herself to the patient and without receiving the patient's permission to enter. A representative shall use only patient areas of the home to carry out the activities described in subsection (1).

(3) A patient may terminate a visit by a representative permitted access under subsection (1). Communications between a patient and the representative are confidential, unless otherwise authorized by the patient.

(4) If a nursing home administrator or employee believes that an individual or organization permitted access under this section is acting or has acted in a manner detrimental to the health or safety of patients in the nursing home, the nursing home administrator or employee may file an anonymous complaint with department. On the receipt of a complaint, department staff shall investigate the allegations made in the complaint. The department shall make a determination regarding proper resolution of the complaint based on the results of the investigation. Written notification of the department's determination and recommendations shall be given to the complainant and the individual or organization against whom the complaint was made.

(5) An individual shall not enter upon the premises of a nursing home for the purpose of engaging in an activity that would cause a reasonable person to feel terrorized, frightened, intimidated, threatened, harassed, or molested and that actually causes a nursing home employee, patient, or visitor to feel terrorized, frightened, intimidated, threatened, harassed, or molested. This subsection does not prohibit constitutionally protected activity or conduct that serves a legitimate purpose including, but not limited to, activities or conduct allowed under subsection (1).

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1996, Act 546, Eff. Mar. 31, 1997;—Am. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.21764 Approval or disapproval of nonprofit corporation rendering assistance without charge.

Sec. 21764. (1) The director shall approve or disapprove a nonprofit corporation which has as 1 of its primary purposes the rendering of assistance, without charge to nursing home patients for the purpose of obtaining access to nursing homes and their patients under section 21763.

(2) On the receipt of a written application for approval under subsection (1), the director shall notify all persons that have made a written request for notice of applications made under this section.

(3) The director shall approve the organization making the request if the organization is a bona fide community organization or legal aid program, is capable of providing 1 or more of the services listed in section 21763, and is likely to utilize the access provided under section 21763 to enhance the welfare of nursing home patients. The director shall approve or disapprove the organization within 30 days after receiving the application.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.21765 Policies and procedures; copy of rights enumerated in MCL 333.20201; reading or explaining rights; staff observance of rights, policies, and procedures.

Sec. 21765. (1) A nursing home shall establish written policies and procedures to implement the rights protected under section 20201. The policies shall include a procedure for the investigation and resolution of patient complaints. The policies and procedures shall be subject to approval by the department. The policies and procedures shall be clear and unambiguous, shall be printed in not less than 12-point type, shall be available for inspection by any person, shall be distributed to each patient and representative, and shall be available for public inspection.

(2) Each patient shall be given a copy of the rights enumerated in section 20201 at the time of admission to a nursing home. A patient of a nursing home at the time of the implementation of this section shall be given a copy of the rights enumerated in section 20201 as specified by rule.

(3) A copy shall be given to a person who executes a contract pursuant to section 21766 and to any other person who requests a copy.

(4) If a patient is unable to read the form, it shall be read to the patient in a language the patient understands. In the case of a developmentally disabled individual, the rights shall be explained in a manner

© Courtesy of www.legislature.mi.gov

that the person is able to understand and the explanation shall be witnessed by a third person. In the case of a minor or a person who has a legal guardian, both the patient and the parent or legal guardian shall be fully informed of the policies and procedures.

(5) A nursing home shall ensure that its staff is familiar with and observes the rights enumerated in section 20201 and the policies and procedures established under this section.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2014, Act 66, Imd. Eff. Mar. 28, 2014.

**Popular name:** Act 368

### 333.21765a Certain admission conditions prohibited; enforcement of contract provisions or agreements in conflict with subsections (1) and (2).

Sec. 21765a. (1) A nursing home shall not require an applicant, as a condition of admission, to waive his or her right to benefits under medicare or medicaid, to give oral or written assurance that the applicant is not eligible for medicare or medicaid, or to give oral or written assurance that the applicant will not apply for benefits under medicare or medicaid.

(2) A nursing home shall not require any of the following as a condition of an applicant's admission or a patient's continued residency at that nursing home:

(a) That an applicant or patient remain a private pay patient for a specified period of time before applying for medicaid.

(b) That a person pay on behalf of an applicant or patient the private pay rate for a specified period of time before the applicant or patient applies for medicaid.

(c) That an applicant, patient, or other person make a gift or donation on behalf of that applicant or patient.

(3) As of the effective date of this section, a contract provision or agreement in conflict with subsection (1) or (2), whether made before, on, or after the effective date of this section, is unenforceable.

(4) Not later than 30 days after the effective date of this section, a nursing home that participates in medicaid shall provide written notice to each private pay patient subject to a contract provision or agreement in conflict with subsection (1) or (2) that the contract provision or agreement is no longer a bar to the patient applying for medicaid.

**History:** Add. 1994, Act 73, Imd. Eff. Apr. 11, 1994.

**Popular name:** Act 368

### 333.21766 Written contract.

Sec. 21766. (1) A nursing home shall execute a written contract solely with an applicant or patient or that applicant's or patient's guardian or legal representative authorized by law to have access to those portions of the patient's or applicant's income or assets available to pay for nursing home care, at each of the following times:

(a) At the time an individual is admitted to a nursing home.

(b) At the expiration of the term of a previous contract.

(c) At the time the source of payment for the patient's care changes.

(2) A nursing home shall not discharge or transfer a patient at the expiration of the term of a contract, except as provided in section 21773.

(3) A nursing home shall specifically notify in writing an applicant or patient or that applicant's or patient's guardian or legal representative of the availability or lack of availability of hospice care in the nursing home. This written notice shall be by way of a specific paragraph located in the written contract described in subsection (1) and shall require the applicant or patient or that applicant's or patient's guardian or legal representative to sign or initial the paragraph before execution of the written contract. As used in this subsection, "hospice" means that term as defined in section 20106(4).

(4) A nursing home shall provide a copy of the contract to the patient, the patient's representative, or the patient's legal representative or legal guardian at the time the contract is executed.

(5) For a patient supported by funds other than the patient's own funds, a nursing home shall make a copy of the contract available to the person providing the funds for the patient's support.

(6) For a patient whose care is reimbursed with public funds administered by the department of community health, a nursing home shall maintain a copy of the contract in the patient's file at the nursing home and upon request shall make a copy of the contract available to the department of community health.

(7) The nursing home shall ensure that the contract is written in clear and unambiguous language and is printed in not less than 12-point type. The form of the contract shall be prescribed by the department.

(8) The contract shall specify all of the following:

(a) The term of the contract.

(b) The services to be provided under the contract, including the availability of hospice or other special

© Courtesy of www.legislature.mi.gov

care, and the charges for the services.

(c) The services that may be provided to supplement the contract and the charges for the services.

(d) The sources liable for payments due under the contract.

(e) The amount of deposit paid and the general and foreseeable terms upon which the deposit will be held and refunded.

(f) The rights, duties, and obligations of the patient, except that the specification of a patient's rights may be furnished on a separate document that complies with the requirements of section 20201.

(9) The nursing home may require a patient's or applicant's guardian or legal representative who is authorized by law to have access to those portions of the patient's or applicant's income or assets available to pay for nursing home care to sign a contract without incurring personal financial liability other than for funds received in his or her legal capacity on behalf of the patient.

(10) A nursing home employee may request the appointment of a guardian for an individual applicant or patient only if the nursing home employee reasonably believes that the individual meets the legal requirements for the appointment of a guardian.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1994, Act 73, Imd. Eff. Apr. 11, 1994;—Am. 2001, Act 243, Eff. July 1, 2002.

**Popular name:** Act 368

### 333.21767 Guardian, trustee, conservator, patient's representative, or protective payee for patient; receipt for money or property of patient; statement of funds.

Sec. 21767. (1) A nursing home, or an owner, administrator, employee, or representative of a nursing home shall not act as guardian, trustee, conservator, patient's representative, or protective payee for a patient, except as provided in subsection (2).

(2) Subject to the bonding requirements of section 21721, money or other property belonging or due a patient which is received by a nursing home shall be received as trust funds or property, shall be kept separate from the funds and property of the nursing home and other patients, and shall be disbursed only as directed by the patient. A written receipt shall be given to a patient whose money or other property is received by a nursing home. Upon request, but not less than once every 3 months, the nursing home shall furnish the patient a complete and verified statement of the funds or other property received by the nursing home. The statement shall contain the amounts and items received, the sources, the disposition, and the date of each transaction. The nursing home shall furnish a final statement not later than 10 days after the discharge of a patient.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21771 Abusing, mistreating, or neglecting patient; reports; investigation; retaliation prohibited; exception to report requirement.

Sec. 21771. (1) A licensee, nursing home administrator, or employee of a nursing home shall not physically, mentally, or emotionally abuse, mistreat, or harmfully neglect a patient.

(2) A nursing home employee who has reasonable suspicion of an act prohibited by this section shall report the suspicion to the nursing home administrator or nursing director and to the department as required by federal regulations. A nursing home administrator or nursing director who has reasonable suspicion of an act prohibited by this section shall report the suspicion by telephone to the department and 1 or more law enforcement entities as required by federal regulations.

(3) Any individual may report a violation of this section to the department.

(4) A physician or other licensed health care personnel who has reasonable suspicion of an act prohibited by this section shall report the suspicion to the department and 1 or more law enforcement entities as required by federal regulations.

(5) On the receipt of a report made under this section, the department shall make an investigation. The department may require the individual making the report to submit a written report or to supply additional information, or both.

(6) A nursing home employee, licensee, or nursing home administrator shall not evict, harass, dismiss, or retaliate against a patient, a patient's representative, or an employee who makes a report under this section.

(7) An individual required to report an act or a reasonable suspicion under subsection (2) or (4) is not required to report the act or suspicion to the department or 1 or more local law enforcement entities if the individual knows that another individual has already reported the act or suspicion as required by this section.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2012, Act 174, Imd. Eff. June 19, 2012;—Am. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

## 333.21772 Interference with right to bring action or file complaint prohibited; retaliation prohibited.

Sec. 21772. The owner, administrator, employee, or representative of a nursing home shall not interfere with the right of a person to bring a civil or criminal action or to file a complaint with the department or other governmental agency with respect to the operation of the nursing home, nor discharge, harass, or retaliate against a person who does so or on whose behalf the action is taken.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

## 333.21773 Involuntary transfer or discharge of patient; notice; form; request for hearing; copy of notice; commencement of notice period; nonpayment; redemption; explanation and discussion; counseling services; prohibition; notice of nonparticipation in state plan for medicaid funding.

Sec. 21773. (1) A nursing home shall not involuntarily transfer or discharge a patient except for 1 or more of the following purposes:

(a) Medical reasons.

(b) The patient's welfare.

(c) The welfare of other patients or nursing home employees.

(d) Nonpayment for the patient's stay, except as prohibited by title XIX of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 1396 to 1396r-6 and 1396r-8 to 1396v.

(2) A licensed nursing home shall provide written notice at least 30 days before a patient is involuntarily transferred or discharged. The 30-day requirement of this subsection does not apply in any of the following instances:

(a) If an emergency transfer or discharge is mandated by the patient's health care needs and is in accord with the written orders and medical justification of the attending physician.

(b) If the transfer or discharge is mandated by the physical safety of other patients and nursing home employees as documented in the clinical record.

(c) If the transfer or discharge is subsequently agreed to by the patient or the patient's legal guardian, and notification is given to the next of kin and the person or agency responsible for the patient's placement, maintenance, and care in the nursing home.

(3) The notice required by subsection (2) shall be on a form prescribed by the department of consumer and industry services and shall contain all of the following:

(a) The stated reason for the proposed transfer.

(b) The effective date of the proposed transfer.

(c) A statement in not less than 12-point type that reads: "You have a right to appeal the nursing home's decision to transfer you. If you think you should not have to leave this facility, you may file a request for a hearing with the department of consumer and industry services within 10 days after receiving this notice. If you request a hearing, it will be held at least 7 days after your request, and you will not be transferred during that time. If you lose the hearing, you will not be transferred until at least 30 days after you received the original notice of the discharge or transfer. A form to appeal the nursing home's decision and to request a hearing is attached. If you have any questions, call the department of consumer and industry services at the number listed below."

(d) A hearing request form, together with a postage paid, preaddressed envelope to the department of consumer and industry services.

(e) The name, address, and telephone number of the responsible official in the department of consumer and industry services.

(4) A request for a hearing made under subsection (3) shall stay a transfer pending a hearing or appeal decision.

(5) A copy of the notice required by subsection (3) shall be placed in the patient's clinical record and a copy shall be transmitted to the department of consumer and industry services, the patient, the patient's next of kin, patient's representative, or legal guardian, and the person or agency responsible for the patient's placement, maintenance, and care in the nursing home.

(6) If the basis for an involuntary transfer or discharge is the result of a negative action by the department of community health with respect to a medicaid client and a hearing request is filed with that department, the 21-day written notice period of subsection (2) does not begin until a final decision in the matter is rendered by the department of community health or a court of competent jurisdiction and notice of that final decision is received by the patient and the nursing home.

© Courtesy of www.legislature.mi.gov

(7) If nonpayment is the basis for involuntary transfer or discharge, the patient may redeem up to the date that the discharge or transfer is to be made and then may remain in the nursing home.

(8) The nursing home administrator or other appropriate nursing home employee designated by the nursing home administrator shall discuss an involuntary transfer or discharge with the patient, the patient's next of kin or legal guardian, and person or agency responsible for the patient's placement, maintenance, and care in the nursing home. The discussion shall include an explanation of the reason for the involuntary transfer or discharge. The content of the discussion and explanation shall be summarized in writing and shall include the names of the individuals involved in the discussions and made a part of the patient's clinical record.

(9) The nursing home shall provide the patient with counseling services before the involuntary transfer or discharge and the department shall assure that counseling services are available after the involuntary transfer or discharge to minimize the possible adverse effect of the involuntary transfer or discharge.

(10) If a nursing home voluntarily withdraws from participation in the state plan for medicaid funding, but continues to provide services, the nursing home shall not, except as provided in subsection (1), involuntarily transfer or discharge a patient, whether or not the patient is eligible for medicaid benefits, who resided in the nursing home on the day before the effective date of the nursing home's withdrawal from participation. The prohibition against transfer or discharge imposed by this subsection continues unless the patient falls within 1 or more of the exceptions described in subsection (1).

(11) If an individual becomes a patient of a nursing home after the date the nursing home withdraws from participation in the state plan for medicaid funding, the nursing home, on or before the date the individual signs a contract with the nursing home, shall provide to the patient oral and written notice of both of the following:

(a) That the nursing home is not participating in the state plan for medicaid funding.

(b) That the facility may involuntarily transfer or discharge the patient for nonpayment under subsection (1)(d) even if the patient is eligible for medicaid benefits.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2001, Act 137, Imd. Eff. Oct. 26, 2001.

**Popular name:** Act 368

### 333.21774 Involuntary transfer or discharge; request for hearing; informal hearing; decision; burden of proof; procedures; time for leaving facility.

Sec. 21774. (1) A patient subject to involuntary transfer or discharge from a licensed nursing home shall have the opportunity to file a request for a hearing with the department within 10 days following receipt of the written notice of the involuntary transfer or discharge by the nursing home.

(2) The department of public health, when the basis for involuntary transfer or discharge is other than a negative action by the department of social services with respect to a medicaid client, shall hold an informal hearing in the matter at the patient's facility not sooner than 7 days after a hearing request is filed, and render a decision in the matter within 14 days after the filing of the hearing request.

(3) In a determination as to whether a transfer or discharge is authorized, the burden of proof rests on the party requesting the transfer or discharge. The hearing shall be in accordance with fair hearing procedures prescribed by rule.

(4) If the department determines that a transfer or discharge is authorized under section 21773, the patient shall not be required to leave the facility before the thirty-fourth day following receipt of the notice required under section 21773(2), or the tenth day following receipt of the department's decision, whichever is later.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21775 Continuation of medicaid funding during appeal, transfer, or discharge period.

Sec. 21775. The department of social services shall continue medicaid funding during the appeal, transfer, or discharge period as provided in section 21774 for those medicaid patients affected by section 21773.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1994, Act 73, Imd. Eff. Apr. 11, 1994.

**Popular name:** Act 368

### 333.21776 Transfer or discharge of patient; plan; counseling services.

Sec. 21776. The licensee, with the approval of the department, shall develop a plan to effectuate the orderly and safe transfer or discharge of a patient. The patient and the patient's family or representative shall be consulted in choosing another facility. The patient shall receive counseling services before the move to minimize the adverse effects of transfer trauma. The department shall assure that counseling will be available if the patient requires counseling after transfer or discharge.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21777 Holding bed open during temporary absence of patient; option; title 19 patients.

Sec. 21777. (1) If a patient is temporarily absent from a nursing home for emergency medical treatment, the nursing home shall hold the bed open for 10 days for that patient in the patient's absence, if there is a reasonable expectation that the patient will return within that period of time and the nursing home receives payment for each day during the absent period.

(2) If a patient is temporarily absent from a nursing home for therapeutic reasons as approved by a physician, the nursing home shall hold the bed open for 18 days, if there is a reasonable expectation that the patient will return within that period of time and the nursing home receives payment for each day during the absent period. Temporary absences for therapeutic reasons are limited to 18 days per year.

(3) When a patient's absence is longer than specified under subsection (1) or (2), or both, the patient has the option to return to the nursing home for the next available bed.

(4) For title 19 patients, the department of community health shall continue funding for the temporary absence as provided under subsections (1) and (2) if the nursing home is at 98% or more occupancy except for any bed being held open under subsection (1) or (2).

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2004, Act 372, Imd. Eff. Oct. 11, 2004.

**Popular name:** Act 368

### 333.21781 Posting of license and other information.

Sec. 21781. A licensee shall conspicuously post in an area of its offices accessible to patients, employees, and visitors:

(a) A current license.

(b) A complete copy of the most recent inspection report of the nursing home received from the department.

(c) A description, provided by the department, of complaint procedures established under this act and the name, address, and telephone number of a person authorized by the department to receive complaints.

(d) A copy of a notice of a pending hearing or order pertaining to the nursing home issued by the department or a court under the authority of this article or rules promulgated under this article.

(e) A complete list of materials available for public inspection as required by section 21782.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21782 Retention of documents for public inspection.

Sec. 21782. A licensee shall retain for public inspection:

(a) A complete copy of each inspection report of the nursing home received from the department during the past 5 years.

(b) A copy of each notice of a hearing or order pertaining to the nursing home issued by the department or a court under the authority of this article or rules promulgated under this article after the effective date of this section. The copy of the notice or order shall be retained for not less than 3 years after its date of issuance or not less than 3 years after the date of the resolution of the subject matter of the notice or order, whichever is later.

(c) A description of the services provided by the nursing home and the rates charged for those services and items for which a patient may be separately charged.

(d) A list of the name, address, principal occupation, and official position of each person who, as a stockholder or otherwise, has a proprietary interest in the nursing home as required by section 20142, of each officer and director of a nursing home which is a corporation, and of each trustee or beneficiary of a nursing home which is a trust.

(e) A list of licensed personnel employed or retained by the nursing home.

(f) A copy of the standard form contract utilized under section 21766.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21784 Threatening medical condition; notice; emergency treatment; comfort of patient.

Sec. 21784. If a patient's life is threatened by his or her medical condition, the nursing home shall immediately notify the patient's next of kin, patient's representative, and physician. The nursing home shall secure emergency medical treatment for the patient when the patient's physician is not available. A nursing home shall take all reasonable measures to ensure the comfort of a patient in the terminal stages of an illness.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21785 Discontinuance of operation; notice; relocation of patients.

Sec. 21785. (1) If a nursing home proposes to discontinue operation, the licensee shall notify the department of public health and the department of social services of the impending discontinuance of operation. The licensee shall notify the patient and the patient's next of kin, patient's representative, and the party executing the contract under section 21766 of the proposed date of the discontinuance. The notice shall be sufficient to make suitable arrangements for the transfer and care of the patient.

(2) The notices required by this section shall be given not less than 30 days before the discontinuance.

(3) The licensee and the department of social services shall be responsible for securing a suitable relocation of a patient who does not have a relative or legal representative to assist in his or her relocation before the discontinuance of operation. The licensee and the department of social services shall keep the department of public health informed of their efforts and activities in carrying out this responsibility. The department of social services shall make available to the licensee and the department of public health assistance necessary to assure the effectiveness of efforts to secure a suitable relocation.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21786 Emergency closing of nursing home.

Sec. 21786. In the case of an emergency closing of a nursing home, or when it is determined by the department that a nursing home is suddenly no longer able to provide adequate patient care, the department shall do both of the following:

(a) Assure that the department of social services has been notified to make arrangements for the orderly and safe discharge and transfer of the patients to another facility.

(b) Place a representative of the department in a facility on a daily basis to do each of the following:

(*i*) Monitor the discharge of patients to other facilities or locations.

(*ii*) Ensure that the rights of patients are protected.

(*iii*) Discuss the discharge and relocation with each patient and next of kin or legal guardian, person, or agency responsible for the patient's placement, maintenance, and care in the facility. The content of the explanation and discussion shall be summarized in writing and shall be made a part of the patient's clinical record.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21787 Michigan public health institute; consultation and contracts.

Sec. 21787. The department may consult and work with the Michigan public health institute created under section 2611 in performing the department's regulatory and disciplinary duties under this article. The department may also contract with the Michigan public health institute for the performance of specific functions required or authorized by this article, if determined necessary by the director of the department.

**History:** Add. 2000, Act 501, Imd. Eff. Jan. 11, 2001.

**Popular name:** Act 368

### 333.21791 Advertising; false or misleading information prohibited.

Sec. 21791. A licensee shall not use false or misleading information in the advertising of a nursing home or its name.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21792 Commission, bonus, fee, or gratuity; violation; penalty.

Sec. 21792. (1) An owner, administrator, employee, or representative of a nursing home shall not pay, or offer to pay, a commission, bonus, fee, or gratuity to a physician, surgeon, organization, agency, or other person for the referral of a patient to a nursing home.

(2) A person shall not offer or give a commission, bonus, fee, or gratuity to an owner, administrator, employee, or representative of a nursing home in return for the purchase of a drug, biological, or any other ancillary services provided for a patient of a nursing home.

(3) An owner, administrator, employee, or representative of a nursing home shall not accept a commission, bonus, fee, or gratuity in return for the purchase of a drug, biological, or any other ancillary services provided

© Courtesy of www.legislature.mi.gov

for a patient of a nursing home.

(4) A person who violates this section is guilty of a felony, punishable by imprisonment for not more than 4 years, or a fine of not more than $30,000.00, or both.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21794 Use of dining assistant to provide feeding assistance to nursing home patient.

Sec. 21794. (1) With the consent of the patient or the patient's representative a nursing home may use a dining assistant to provide feeding assistance to a patient who, based on the charge nurse's assessment of the patient and the patient's most recent plan of care, needs assistance or encouragement with eating and drinking, but does not have complicated feeding problems, including, but not limited to, difficulty swallowing, recurrent lung aspirations, tube or parenteral feedings, or behavioral issues that may compromise nutritional intake. The charge nurse's assessment and plan of care must be documented in the patient's medical record. For a patient who is assigned a dining assistant and experiences an emergent change in condition, the charge nurse shall perform a special assessment to monitor the appropriateness of continued utilization of the dining assistant.

(2) A nursing home that chooses to utilize dining assistants shall provide individuals with training through a department-approved training curriculum. The department and the long-term care stakeholder advisory workgroup designated under section 20155(18) shall develop a dining assistants training curriculum. The department shall approve a dining assistants training curriculum that meets the requirements of this subsection. In order to be approved by the department, the dining assistants training curriculum must include, at a minimum, 8 hours of course material that covers all of the following:

(a) Dining assistants program overview.

(b) Patient rights.

(c) Communication and interpersonal skills.

(d) Appropriate responses to patient behavior.

(e) Recognizing changes in patients.

(f) Infection control.

(g) Assistance with feeding and hydration.

(h) Feeding techniques.

(i) Safety and emergency procedures.

(j) End of life.

(3) An individual shall not provide feeding assistance as a dining assistant in a nursing home unless he or she has successfully completed a dining assistants training curriculum described in subsection (2). A nursing home shall not employ or allow an individual who is less than 17 years of age to provide feeding assistance as a dining assistant.

(4) A dining assistant shall work under the supervision of a nurse. A dining assistant's sole purpose is to provide feeding assistance to patients, and he or she shall not perform any other nursing or nursing-related services, such as toileting or transporting patients. A dining assistant is not nursing personnel and a nursing home shall not include a dining assistant in computing the ratio of patients to nursing personnel or use a dining assistant to supplement or replace nursing personnel. If approved by the charge nurse and subject to subsection (1), a dining assistant may provide feeding assistance in a patient's room if the patient is unable to go to or chooses not to dine in a designated dining area. A nurse is not required to be physically present within the patient's room during the feeding, but a nurse must be immediately available. A dining assistant who is providing feeding assistance to a patient in his or her room as provided under this subsection must not be assigned to assist another patient at the same time.

(5) Dining assistants are subject to the criminal history checks required under section 20173a.

(6) A nursing home that utilizes dining assistants shall maintain a written record of each individual used as a dining assistant. The nursing home shall include in the written record, at a minimum, the complete name and address of the individual, the date the individual successfully completed the dining assistants training curriculum, a copy of the written record of the satisfactory completion of the training curriculum, and documentation of the criminal history check.

(7) This section does not prohibit a family member or friend from providing feeding assistance to a patient within the nursing home or require a friend or family member to complete the training program prescribed under subsection (2). However, a nursing home may offer to provide the dining assistants training curriculum to family members and friends.

(8) As used in this section:

(a) "Dining assistant" means an individual who meets the requirements of this section and who is only paid

© Courtesy of www.legislature.mi.gov

to provide feeding assistance to nursing home patients by the nursing home or who is used under an arrangement with another agency or organization.

(b) "Immediately available" means being capable of responding to provide help if needed to the dining assistant at any time either in person or by voice or call light system, radio, telephone, pager, or other method of communication during a feeding.

(c) "Nurse" means an individual licensed as a registered professional nurse or a licensed practical nurse under article 15 to engage in the practice of nursing.

(d) "Under the supervision of a nurse" means that a nurse who is overseeing the work of a dining assistant is physically present in the nursing home and immediately available.

**History:** Add. 2014, Act 529, Imd. Eff. Jan. 14, 2015;—Am. 2022, Act 187, Imd. Eff. July 25, 2022.

### 333.21795 Education and training for unlicensed nursing personnel; criteria; competency examinations; rules.

Sec. 21795. (1) The department, in consultation and with the advice of the Michigan board of nursing and appropriate consumer and professional organizations, shall develop by rule minimum criteria for the education and training for unlicensed nursing personnel in facilities designated in this part.

(2) This section shall not be construed to be a prerequisite for employment of unlicensed nursing personnel in a nursing home.

(3) During the annual licensing inspection the department shall, and during other inspections the department may, conduct random competency examinations to determine whether the requirements of this section are being met. The department shall promulgate rules to administer this subsection.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21796 Insuring proper licensing of licensed personnel.

Sec. 21796. The nursing home administrator and licensee shall be responsible for insuring that all licensed personnel employed by the nursing home are properly licensed.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21799a Nursing home; violation; complaint; investigation; disclosure; determination; listing violation and provisions violated; copies of documents; public inspection; report of violation; penalty; request for hearing; notice of hearing; "priority complaint" defined.

Sec. 21799a. (1) A person who believes that this part, a rule promulgated under this part, or a federal certification regulation applying to a nursing home may have been violated may request an investigation of a nursing home. The person may submit the request for investigation to the department as a written complaint, or the department shall assist a person in reducing an oral request made under subsection (2) to a written complaint as provided in subsection (2). A person filing a complaint under this subsection may file the complaint on a model standardized complaint form developed and distributed by the department under section 20194(3) or file the complaint as provided by the department on the Internet.

(2) The department shall provide a toll-free telephone consumer complaint line. The complaint line shall be accessible 24 hours per day and monitored at a level to ensure that each priority complaint is identified and that a response is initiated to each priority complaint within 24 hours after its receipt. The department shall establish a system for the complaint line that includes at least all of the following:

(a) An intake form that serves as a written complaint for purposes of subsections (1) and (5).

(b) The forwarding of an intake form to an investigator not later than the next business day after the complaint is identified as a priority complaint.

(c) Except for an anonymous complaint, the forwarding of a copy of the completed intake form to the complainant not later than 5 business days after it is completed.

(3) The substance of a complaint filed under subsection (1) or (2) shall be provided to the licensee no earlier than at the commencement of the on-site inspection of the nursing home that takes place in response to the complaint.

(4) A complaint filed under subsection (1) or (2), a copy of the complaint, or a record published, released, or otherwise disclosed to the nursing home shall not disclose the name of the complainant or a patient named in the complaint unless the complainant or patient consents in writing to the disclosure or the investigation results in an administrative hearing or a judicial proceeding, or unless disclosure is considered essential to the investigation by the department. If the department considers disclosure essential to the investigation, the department shall give the complainant the opportunity to withdraw the complaint before disclosure.

© Courtesy of www.legislature.mi.gov

(5) Upon receipt of a complaint under subsection (1) or (2), the department shall determine, based on the allegations presented, whether this part, a rule promulgated under this part, or a federal certification regulation for nursing homes has been, is, or is in danger of being violated. Subject to subsection (2), the department shall investigate the complaint according to the urgency determined by the department. The initiation of a complaint investigation shall commence within the time frame consistent with federal guidelines for investigations of complaints against nursing homes.

(6) If, at any time, the department determines that this part, a rule promulgated under this part, or a federal certification regulation for nursing homes has been violated, the department shall list the violation and the provisions violated on the state and federal licensure and certification forms for nursing homes. The department shall consider the violations, as evidenced by a written explanation, when it makes a licensure and certification decision or recommendation.

(7) In all cases, the department shall inform the complainant of its findings unless otherwise indicated by the complainant. Subject to subsection (2), within 30 days after receipt of the complaint, the department shall provide the complainant a copy, if any, of the written determination, the correction notice, the warning notice, and the state licensure or federal certification form, or both, on which the violation is listed, or a status report indicating when these documents may be expected. The department shall include in the final report a copy of the original complaint. The complainant may request additional copies of the documents described in this subsection and upon receipt shall reimburse the department for the copies in accordance with established policies and procedures.

(8) The department shall make a written determination, correction notice, or warning notice concerning a complaint available for public inspection, but the department shall not disclose the name of the complainant or patient without the complainant's or patient's consent.

(9) The department shall report a violation discovered as a result of the complaint investigation procedure to persons administering sections 21799c to 21799e. The department shall assess a penalty for a violation, as prescribed by this article.

(10) A complainant who is dissatisfied with the determination or investigation by the department may request a hearing. A complainant shall submit a request for a hearing in writing to the director within 30 days after the mailing of the department's findings as described in subsection (7). The department shall send notice of the time and place of the hearing to the complainant and the nursing home.

(11) As used in this section, "priority complaint" means a complaint alleging an existing situation that involves physical, mental, or emotional abuse, mistreatment, or harmful neglect of a resident that requires immediate corrective action to prevent serious injury, serious harm, serious impairment, or death of a resident while receiving care in a facility.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2003, Act 3, Imd. Eff. Apr. 22, 2003;—Am. 2004, Act 189, Imd. Eff. July 8, 2004;—Am. 2015, Act 155, Eff. Jan. 18, 2016.

**Popular name:** Act 368

### 333.21799b Noncompliance; notice of finding; correction notices; hearing; verification of compliance; investigation; action; definitions; annual report; presumption.

Sec. 21799b. (1) If, upon investigation, the department finds that a licensee is not in compliance with this part, a rule promulgated under this part, or a federal law or regulation governing nursing home certification under title XVIII or XIX, which noncompliance impairs the ability of the licensee to deliver an acceptable level of care and services, or in the case of a nursing home closure, the department shall notify the department of health and human services of the finding and may issue 1 or more of the following correction notices to the licensee:

(a) Suspend the admission or readmission of patients to the nursing home.

(b) Reduce the licensed capacity of the nursing home.

(c) Selectively transfer patients whose care needs are not being met by the licensee.

(d) Initiate action to place the home in receivership as prescribed in section 21751.

(e) Require appointment at the nursing home's expense of a department approved temporary administrative advisor or a temporary clinical advisor, or both, with authority and duties specified by the department to assist the nursing home management and staff to achieve sustained compliance with required operating standards.

(f) Require appointment at the nursing home's expense of a department approved temporary manager with authority and duties specified by the department to oversee the nursing home's achievement of sustained compliance with required operating standards or to oversee the orderly closure of the nursing home.

(g) Issue a correction notice to the licensee and the department of health and human services describing the violation and the statute or rule violated and specifying the corrective action to be taken and the period of time in which the corrective action is to be completed. Upon issuance, the director shall cause to be published in a

© Courtesy of www.legislature.mi.gov

daily newspaper of general circulation in an area in which the nursing home is located notice of the action taken and the listing of conditions upon which the director's action is predicated.

(2) Within 72 hours after receipt of a notice issued under subsection (1), the licensee must be given an opportunity for a hearing on the matter. The director's notice shall continue in effect during the pendency of the hearing and any subsequent court proceedings. The hearing must be conducted in compliance with the administrative procedures act of 1969.

(3) A licensee who believes that a correction notice has been complied with may request a verification of compliance from the department. Not later than 72 hours after the licensee makes the request, the department shall investigate to determine whether the licensee has taken the corrective action prescribed in the notice under subsection (1)(g). If the department finds that the licensee has taken the corrective action and that the conditions giving rise to the notice have been alleviated, the department may cease taking further action against the licensee, or may take other action that the director considers appropriate.

(4) The department shall report annually to the house of representatives and senate standing committees on senior issues on the number of times the department appointed a temporary administrative advisor, temporary clinical advisor, and temporary manager as described in subsection (1)(e) or (f). The report must include whether the nursing home closed or remained open. The department may include this report with other reports made to fulfill legislative reporting requirements.

(5) If the department determines that a nursing home's patients can be safeguarded and provided with a safe environment, the department shall make its decisions concerning the nursing home's future operation based on a presumption in favor of keeping the nursing home open.

(6) As used in this section:

(a) "Title XVIII" means title XVIII of the social security act, 42 USC 1395 to 1395*lll*.

(b) "Title XIX" means title XIX of the social security act, 42 USC 1396 to 1396w-6.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 2000, Act 437, Imd. Eff. Jan. 9, 2001;—Am. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.21799c Violations; penalties; computation of civil penalties; paying or reimbursing patient; rules for quality of care allowance formula.

Sec. 21799c. (1) A person who violates 1 of the following sections is guilty of a misdemeanor, punishable by imprisonment for not more than 1 year or a fine of not less than $1,000.00, nor more than $10,000.00, or both:

(a) Section 21711.

(b) Section 21712.

(c) Section 21763(5).

(d) Section 21765a(1) or (2).

(e) Section 21771(1) or (6).

(f) Section 21791.

(2) A person who violates section 21765a(1) or (2) is liable to an applicant or patient in a civil action for treble the amount of actual damages or $1,000.00, whichever is greater, together with costs and reasonable attorney fees.

(3) For the purpose of computing administrative penalties under this section, the number of patients per day is based on the average number of patients in the nursing home during the 30 days immediately preceding the discovery of the violation.

(4) If the department finds a violation of section 20201 as to a particular nursing home patient, the department shall issue an order requiring the nursing home to pay to the patient $100.00, or to reimburse the patient for costs incurred or injuries sustained as a result of the violation, whichever is greater. The department also shall assess the nursing home an administrative penalty that is the lesser of the following:

(a) Not more than $1,500.00.

(b) $15.00 per patient bed.

(5) The department of community health shall promulgate rules for a quality of care allowance formula that is consistent with the recommendations of the fiscal incentives subcommittee to the committee on nursing home reimbursement established pursuant to Act No. 241 of the Public Acts of 1975, as described in the November 24, 1975 interim report, in the December 3, 1975 final report, and the November 24, 1976 report of the committee recommending appropriate changes in the procedures utilized.

(6) The department shall not assess an administrative penalty under subsection (4) for a violation of this part for which a nursing home's reimbursement is withheld under subsection (5).

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979;—Am. 1994, Act 73, Imd. Eff. Apr. 11, 1994;—Am. 1996, Act 546, Eff. Mar. 31,

1997.

**Popular name:** Act 368

### 333.21799d Collection of civil penalty; noncompliance; order.

Sec. 21799d. A civil penalty assessed under this part shall be collected by the department. If the person or nursing home against whom a civil penalty has been assessed does not comply with a written demand for payment within 30 days, the department shall issue an order to do 1 of the following:

(a) Direct the department of treasury to deduct the amount of the civil penalty from amounts otherwise due from the state to the nursing home and remit that amount to the department.

(b) Add the amount of the civil penalty to the nursing home's licensing fee. If the licensee refuses to make the payment at the time of application for renewal of its license, the license shall not be renewed.

(c) Bring an action in circuit court to recover the amount of the civil penalty.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

### 333.21799e Penalties and remedies cumulative.

Sec. 21799e. (1) The penalties prescribed by this part or a rule promulgated under this part are cumulative and not exclusive. Neither the department nor any other party is limited to the remedies in this part.

(2) The remedies provided under section 20155 and sections 21799a to 21799d are independent and cumulative. Except as provided in section 21799(c)(5), the use of 1 remedy by a person shall not be considered a bar to the use of other remedies by that person or to the use of any remedy by another person.

**History:** Add. 1978, Act 493, Eff. Mar. 30, 1979.

**Popular name:** Act 368

## PART 219
## NURSE AIDE TRAINING AND REGISTRATION PROGRAM

### 333.21901 General definitions and principles of construction.

Sec. 21901. (1) For purposes of this part, the words and phrases defined in sections 21903 to 21905 have the meanings ascribed to them in those sections.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code, and part 201 contains definitions applicable to this part.

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018.

**Popular name:** Act 368

### 333.21903 Definitions; C to N.

Sec. 21903. (1) "Certificate of permit" means a document issued by the department as evidence of a permit.

(2) "Certificate of registration" means a document issued by the department as evidence of registration.

(3) "Fund" means the nurse aide and medication aide registration fund created in section 21921.

(4) "Medication aide" means a nurse aide who holds a registration to engage in practice as a medication aide. A medication aide is not a health professional licensed under article 15, a registered dietitian, or someone who volunteers to provide nursing or nursing-related services without pay.

(5) "Medication aide trainer" means an individual who holds a permit to provide training to a medication aide candidate who is enrolled in a medication aide training program.

(6) "Medication aide training program" means an instructional program provided at a qualified educational institution that prepares a nurse aide with the knowledge and ability to engage in practice as a medication aide and that is offered by a person who holds a permit.

(7) "Nurse aide" means an individual who holds a registration to engage in practice as a nurse aide. A nurse aide is not a health professional licensed under article 15, a registered dietitian, or someone who volunteers to provide nursing or nursing-related services without pay.

(8) "Nurse aide trainer" means an individual who holds a permit to provide training to a nurse aide candidate who is enrolled in a nurse aide training program.

(9) "Nurse aide training program" means an instructional program that prepares a nurse aide candidate with the knowledge and ability to engage in practice as a nurse aide and that is offered by a person that holds a permit.

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018;—Am 2023, Act 274, Eff. Mar. 7, 2024.

**Popular name:** Act 368

© Courtesy of www.legislature.mi.gov

### 333.21905 Definitions; P to R.

Sec. 21905. (1) "Permit" means an authorization granted by the department under this part to conduct training or instruction of nurse aide candidates under the program described in section 21907(a) or medication aide candidates under the described in section 21907(b).

(2) "Practice as a medication aide" means administering regularly scheduled medications to residents of a nursing home or skilled nursing facility while under the supervision of a registered professional nurse licensed under article 15. Practice as a medication aide is not the practice of nursing as that term is defined in section 17201 and does not include administering controlled substances, administering medications in injectable forms, the initial administration of medications, or the administration of as needed medications including pro re nata medications.

(3) "Practice as a nurse aide" means providing nursing or nursing-related services to a patient or resident. Practice as a nurse aide is not the practice of nursing as that term is defined in section 17201.

(4) "Qualified educational institution" means a degree- or certificate-granting public or private college or university, junior college, or community college.

(5) "Registration" means an authorization granted by the department under this part granting permission to an individual to engage in practice as a nurse aide under the program described in section 21907(a) or engage in practice as a medication aide under the program described in section 21907(b).

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018;—Am 2023, Act 274, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21907 Nurse aide and medication aide training, registration, and permit program; administration by department.

Sec. 21907. The department shall do both of the following:

(a) Administer a nurse aide training, registration, and permit program in this state in conformance with this part, 42 USC 1396r, and 42 CFR parts 483 and 488.

(b) Administer a medication aide training and permit program as established in rules promulgated by the department under this part.

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018;—Am. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21909 Practice as nurse aide; registration required; nurse aide trainer or program; permit required.

Sec. 21909. (1) An individual shall not engage in practice as a nurse aide unless the individual holds a registration to engage in practice as a nurse aide or is in compliance with 42 CFR 483.35.

(2) A person shall not offer a nurse aide training program or provide training or instruction to a nurse aide candidate unless the person holds a permit to offer that training program or provide that training or instruction.

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018;—Am. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21911 Registration to engage in practice as nurse aide; requirements; permit as nurse aide trainer or training program; requirements.

Sec. 21911. (1) The department shall grant a registration to engage in practice as a nurse aide to an applicant who meets all of the following requirements:

(a) Submits an application on a form and in a manner prescribed by the department.

(b) Pays the fee prescribed in section 21919.

(c) Subject to subsection (4), demonstrates to the department that the applicant has met both of the following:

(*i*) Successfully completed a nurse aide training program approved by the department.

(*ii*) Is competent as demonstrated by successful completion of a nurse aide competency examination approved by the department.

(d) Meets the requirements for registration in rules promulgated under section 21923.

(2) The department shall grant a permit as a nurse aide trainer to an applicant who meets all of the following requirements:

(a) Submits an application on a form and in a manner prescribed by the department.

(b) Pays the fee prescribed in section 21919.

(c) Is a registered professional nurse licensed under article 15 who meets the requirements of 42 CFR

© Courtesy of www.legislature.mi.gov

483.152(a)(5)(i) and (ii), or who meets the requirements for a permit in rules promulgated under section 21923.

(3) The department shall grant a permit as a nurse aide training program to an applicant that meets all of the following requirements:

(a) Submits an application on a form and in a manner prescribed by the department.

(b) Pays the fee prescribed in section 21919.

(c) Meets the requirements for a permit in 42 CFR 483.152 and in rules promulgated under section 21923.

(d) Demonstrates to the department that the applicant's curriculum is consistent with other nurse aide training programs as provided by rules promulgated by the department under this part.

(4) Except as provided under subsection (6), the department shall allow an applicant to complete a nurse aide competency examination online or through remote means, or at a nursing care facility that proctors the examination under 42 CFR 483.154. The department shall allow the testing vendor to contract with the staff of the nursing care facility to proctor a nurse aide competency examination as provided under 42 CFR 483.154.

(5) Subject to subsection (6), the department shall not deny a person a permit under subsection (3) solely because the nurse aide training program allows individuals to complete curricula online or through remote means, or counts the time an individual has worked performing skills necessary of a nurse aide as time in training.

(6) The online option described under subsections (4) and (5) does not apply to training required under 42 CFR 483.152(a)(3) or to testing required under 42 CFR 483.154(b)(2).

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018;—Am. 2022, Act 79, Imd. Eff. May 19, 2022;—Am. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21912 Nurse aide and nurse aide trainer registration or permit; nontransferable.

Sec. 21912. A registration or permit is not transferable. A certificate of registration or certificate of permit must state the persons to which it applies.

**History:** Add. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21913 Applicant from another state; registration requirements.

Sec. 21913. The department may grant a registration to an applicant who is from another state and seeking a registration to practice as a nurse aide if the applicant meets any of the following requirements:

(a) The applicant passes a training program that the department determines is equivalent to or exceeds a nurse aide training program offered in this state and the applicant passes a competency examination approved by the department.

(b) The applicant's status as a nurse aide in the other state is in good standing, as verified by that state's nurse aide registry, and the department determines that the other state's training program is equivalent to or exceeds a nurse aide training program offered in this state.

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018;—Am. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21915 Registration or permit; time period effective; application for renewal.

Sec. 21915. (1) A registration or permit is effective for no longer than 2 years after the date it was granted.

(2) A registration or permit is renewable if the applicant pays the fee prescribed in this part, submits an application for renewal to the department on a form and in a manner prescribed by the department, and demonstrates to the department that the applicant has met the requirements for renewal in rules promulgated under section 21923, including any requirement for the successful completion of continuing education.

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018;—Am. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21916 Practice as nurse aide or training by nurse aide trainer prohibited until renewal of registration or permit.

Sec. 21916. If a nurse aide does not renew the nurse aide's registration, the nurse aide shall not engage in practice as a nurse aide until the nurse aide's registration is renewed by the department. If a nurse aide trainer does not renew the nurse aide trainer's permit, the nurse aide trainer shall not provide training to a nurse aide candidate until the nurse aide trainer's permit is renewed by the department. If a person does not renew its permit as a nurse aide training program, the nurse aide training program shall not provide instruction to a

© Courtesy of www.legislature.mi.gov

nurse aide candidate until the permit is renewed by the department.

**History:** Add. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21917 Registration while individual in military service or United States Public Health Service.

Sec. 21917. The registration of an individual while in active service in the military service of the United States, an auxiliary branch of the military service of the United States, or the United States Public Health Service, who was registered at the time of induction or entering into service, continues in effect without further action by the individual until discharge or leaving the service as long as the individual remains in compliance with 42 USC 1396r(b)(5)(D).

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018.

**Popular name:** Act 368

### 333.21918 Fees; payable to department; revocation or denial; nonrefundable.

Sec. 21918. The fees prescribed in this part are payable to the department or the department's contractor at the time an application for an initial or renewal registration or permit is submitted to the department. If an application for registration or permit is denied, or if a registration or permit is revoked before its expiration date, the department shall not refund the fees paid to the department.

**History:** Add. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21919 Fees.

Sec. 21919. (1) An applicant for registration to practice as a nurse aide or a permit to conduct training or instruction of a nurse aide candidate, or renewal of that registration or permit, shall pay the following biennial fees:

| | |
|---|---|
| (a) Nurse aide | $40.00 |
| (b) Nurse aide trainer | $60.00 |
| (c) Except as otherwise provided in subdivision (d), nurse aide training program | $300.00, per site |
| (d) Nurse aide training program offered by a secondary education institution or a skilled nursing facility | $100.00, per site |

(2) In addition to the fees prescribed in subsection (1), an applicant for registration to practice as a nurse aide shall pay a nurse aide competency examination fee of $175.00, per examination.

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018;—Am. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21920 Practice as medication aide; registration required; medication aide trainer or program; permit required; applicant from another state; practice as medication aide prohibited until renewal of registration permit; renewal application; fees.

Sec. 21920. (1) An individual shall not engage in practice as a medication aide unless the individual holds a registration to engage in practice as a medication aide.

(2) A person shall not offer a medication aide training program or provide training or instruction to a medication aide candidate unless the person holds a permit to offer that training program or provide that training or instruction.

(3) The department may grant a registration to engage in practice as a medication aide to an applicant who meets all of the following requirements:

(a) Submits an application on a form and in a manner prescribed by the department.

(b) Pays the fee prescribed in this section.

(c) Demonstrates to the department that the applicant holds a current registration to engage in practice as a nurse aide and that the applicant has worked as a nurse aide in a nursing home or skilled nursing facility for at least 2,000 hours during the 2-year period immediately preceding the date of the applicant's application.

(d) Demonstrates to the department that the applicant has successfully completed a medication aide training program and a competency examination approved by the department.

(e) Meets the requirements for registration in rules promulgated under section 21923.

(4) The department may grant a permit as a medication aide trainer to an applicant who meets all of the following requirements:

(a) Submits an application on a form and in a manner prescribed by the department.

© Courtesy of www.legislature.mi.gov

(b) Pays the fee prescribed in this section.

(c) Is a registered professional nurse licensed under article 15 who meets the requirements for a permit in rules promulgated under section 21923.

(5) The department may grant a permit as a medication aide training program to an applicant that meets all of the following requirements:

(a) Submits an application on a form and in a manner prescribed by the department.

(b) Pays the fee prescribed in this section.

(c) Meets the requirements for a permit in rules promulgated under section 21923.

(d) Demonstrates to the department that the applicant's curriculum is consistent with other medication aide training programs, as provided by rules promulgated by the department under this part. However, a medication aide training program must incorporate the National Council of State Boards of Nursing medication assistant-certified model curriculum.

(6) The department may grant registration to an applicant who is from another state and seeking a registration to practice as a medication aide if the applicant demonstrates to the department that the applicant has successfully completed a medication aide training program from Indiana, Ohio, or Wisconsin, and the applicant passes a competency examination approved by the department.

(7) If a medication aide does not renew the medication aide's registration, the medication aide shall not engage in practice as a medication aide until the medication aide's registration is renewed by the department. If a medication aide trainer does not renew the medication aide trainer's permit, the medication aide trainer shall not provide training to a medication aide candidate until the medication aide trainer's permit is renewed by the department. If a person does not renew its permit as a medication aide training program, the medication aide training program shall not provide instruction to a medication aide candidate until the permit is renewed by the department.

(8) An applicant for registration to practice as a medication aide or a permit to conduct training or instruction of a medication aide candidate, or renewal of that registration or permit, shall pay the following biennial fees:

| | |
|---|---|
| (a) Medication aide | $160.00 |
| (b) Medication aide trainer | $200.00 |
| (c) Medication aide training program | $500.00, per site |

(9) In addition to the fees prescribed in subsection (8), an applicant for registration to practice as a medication aide shall pay a medication aide competency examination fee of $175.00, per examination.

**History:** Add. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21921 Nurse aide and medication aide registration fund.

Sec. 21921. (1) The nurse aide and medication aide registration fund is created within the state treasury.

(2) The state treasurer shall credit the fees collected under this part to the fund and may receive money or other assets from any source for deposit into the fund. The state treasurer shall direct the investment of the fund. The state treasurer shall credit to the fund interest and earnings from fund investments.

(3) Money in the fund at the close of the fiscal year must remain in the fund and does not lapse to the general fund.

(4) The department is the administrator of the fund for auditing purposes.

(5) The department shall expend money from the fund, upon appropriation, only to implement the programs described in section 21907.

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018;—Am. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21923 Rules; scope; applicability to nursing homes or skilled nursing facilities.

Sec. 21923. (1) The department may promulgate and enforce rules to implement this part. The rules may include, but not be limited to, rules establishing the following:

(a) Requirements for surveying a nurse aide training program.

(b) Requirements for investigating allegations against a nurse aide and taking action against that nurse aide.

(c) Requirements for investigating allegations and taking action against a nurse aide trainer or nurse aide training program.

(d) Requirements for enforcing this part.

(e) Eligibility requirements to grant and renew a registration or permit under this part.

(f) Competency requirements.

© Courtesy of www.legislature.mi.gov

(g) Examination requirements for registration.

(h) Requirements for renewal.

(i) Requirements for surveying a medication aide training program, requirements for investigating allegations against a medication aide in a nursing home or skilled nursing facility where a medication aide engages in the practice of a medication aide and taking action against that medication aide, and requirements for investigating allegations and taking action against a medication aide trainer or medication aide training program.

(2) Rules promulgated under this part that are applicable to nursing homes or skilled nursing facilities must be uniform insofar as is reasonable.

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018;—Am. 2023, Act 273, Eff. Mar. 7, 2024.

**Popular name:** Act 368

### 333.21925 Contractual agreements.

Sec. 21925. The department may enter into 1 or more contractual agreements for the administration of this part.

**History:** Add. 2017, Act 172, Eff. Feb. 19, 2018.

**Popular name:** Act 368

## PART 221.
## FEDERAL CERTIFICATION OF NURSING HOMES

### 333.22101 Definitions.

Sec. 22101. (1) As used in this part:

(a) "Certification" means certification issued by the Centers for Medicare and Medicaid Services to a nursing home as evidence that the nursing home complies with requirements under federal law for participation in Medicare.

(b) "Consecutive days" means calendar days, but does not include Saturday, Sunday, or state- or federally recognized holidays.

(c) "Form CMS-2567" means the Centers for Medicare and Medicaid Services form for the statement of deficiencies and plan of correction or a successor form serving the same purpose.

(d) "Immediate jeopardy" means that term as defined in the "state operations manual" published by the Centers for Medicare and Medicaid Services.

(e) "Informal dispute resolution process" means the process described in section 22115.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code and part 201 contains definitions applicable to this part.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

**Compiler's note:** Former MCL 333.22101 - 333.22181 were repealed by Act 76 of 1981, Eff. Oct. 1, 1981 and Act 332 of 1988, Eff. Oct. 1, 1988.

**Popular name:** Act 368

### 333.22102 Administration of certification process; conflict of laws.

Sec. 22102. (1) The department shall administer the certification process in this state in conformance with 42 USC 1395aa and the "mission and priority document" and "state operations manual" published by the Centers for Medicare and Medicaid Services.

(2) To the extent that there is a conflict between this part and federal law, federal law controls.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.22103 Quality assurance monitoring process; surveys for certification; survey teams; quality assurance monitor; responsibilities.

Sec. 22103. (1) The department shall implement a quality assurance monitoring process for the purposes of conducting the surveys described in this part for the purpose of certification. The quality assurance monitoring process must include the quality assurance review of citations as described in this part. The department shall establish an advisory workgroup to provide recommendations to the department on the quality assurance monitoring process. Subject to subsection (2), the advisory workgroup established under this section must include a representative from the department, representatives from nursing home provider organizations, the state long-term care ombudsman, and any other representative that the department considers necessary or appropriate. The advisory workgroup shall identify and make recommendations on

© Courtesy of www.legislature.mi.gov

improvements to the quality assurance monitoring process to ensure ongoing validity, reliability, and consistency of nursing home survey findings.

(2) Representatives from each nursing home provider organization that does not own or operate a nursing home representing 30 or more nursing homes statewide and the state long-term care ombudsman or his or her designee are permanent members of the advisory workgroup established under subsection (1). The department shall issue survey certification memorandums to providers to announce or clarify changes in the interpretation of regulations.

(3) The department shall ensure that each nursing home survey team conducting a standard survey is composed of an interdisciplinary group of professionals, at least 1 of whom must be a registered professional nurse. Other members of the survey team may include social workers, therapists, dietitians, pharmacists, administrators, physicians, sanitarians, and others who may have the expertise necessary to evaluate specific aspects of nursing home operation.

(4) The nursing home surveyors conducting a standard survey shall designate a quality assurance monitor. The individual designated as the quality assurance monitor shall ensure all of the following:

(a) That survey protocols from the Centers for Medicare and Medicaid Services are followed.

(b) That interpretive regulatory guidance issued by the Centers for Medicare and Medicaid Services is applied consistently and noncompliance with the interpretive regulatory guidance is documented in a clear and concise manner.

(c) An entrance and exit conference is conducted in accordance with survey procedural guidelines established by the Centers for Medicare and Medicaid Services.

(d) That the survey complies with this part.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.22105 Limitation on number of nursing home surveyors; exception; length of standard survey.

Sec. 22105. (1) Except as otherwise provided in this subsection, the department shall limit the number of nursing home surveyors that conduct a standard survey to the recommended number of surveyors identified in survey procedural guidelines established by the Centers for Medicare and Medicaid Services. The department may exceed the recommended number of nursing home surveyors only for the reasons identified in the guidelines described in this subsection.

(2) The department shall limit the length of a nursing home standard survey to a reasonable duration. In determining what is a reasonable duration, the department shall consider the average length of surveys nationally.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.22107 Departmental responsibilities; standard surveys; plan of corrections; revisits; letter of compliance.

Sec. 22107. (1) When preparing to conduct any standard survey, the department shall determine if there is an open survey cycle and make every reasonable effort to confirm that substantial compliance has been achieved by implementing the nursing home's accepted plan of correction before initiating the standard survey while maintaining the federal requirement for a standard survey interval and the state survey average of 12 months.

(2) All abbreviated complaint surveys must be conducted on consecutive days until complete. All form CMS-2567 reports of survey findings must be released to the nursing home within 10 consecutive days after completion of the exit date of the survey.

(3) Departmental notifications of acceptance or rejection of a nursing home's plan of correction must be reviewed and released to the nursing home within 10 consecutive days after the receipt of the plan of correction.

(4) A nursing-home-submitted plan of correction in response to any survey must have a completion date not to exceed 40 days from the exit date of the survey. If a nursing home has not received additional citations before a revisit occurs, the department shall conduct the first revisit not more than 60 days from the exit date of the survey.

(5) A letter of compliance notification to a nursing home must be released to the nursing home within 10 consecutive days after the exit date of all revisits.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

© Courtesy of www.legislature.mi.gov

**Popular name:** Act 368

### 333.22109 Deficient practices; reevaluations.

Sec. 22109. If a deficient practice occurred at a nursing home after the most recent survey of the nursing home under this part and the deficient practice is no longer occurring in the nursing home, the department shall, on the request of the nursing home, evaluate the deficient practice. If the nursing home is not eligible for an evaluation based on requirements from the Centers for Medicare and Medicaid Services, the department shall provide written notice to the nursing home explaining the reason the evaluation cannot be not granted.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

**Compiler's note:** In this section, "evaluation cannot be not granted" evidently should read "evaluation cannot be granted."

**Popular name:** Act 368

### 333.22111 Issuance of citations for immediate jeopardy or substandard qualify of care; notification.

Sec. 22111. (1) The department shall maintain the process by which the director of the long-term care division of the department reviews and authorizes the issuance of a citation for immediate jeopardy or substandard quality of care before a statement of deficiencies is made final. The review must ensure the consistent and accurate application of federal and state survey protocols and defined regulatory standards.

(2) On the discovery of a potential immediate jeopardy, a nursing home surveyor shall communicate with the nursing home administrator, the director of nursing for the nursing home, or the medical director of the nursing home, if available, to review the issues of concern and to give the nursing home an opportunity to share any data or documentation that may have an impact on a decision by the department to authorize the issuance of a citation for immediate jeopardy. If a citation for immediate jeopardy is issued to a nursing home, the department shall do both of the following:

(a) Contact the nursing home, at least once per day, until the immediate jeopardy is abated.

(b) Ensure that at least 1 nursing home surveyor remains on-site at the nursing home until the immediate jeopardy is abated unless the department determines that having a nursing home surveyor on-site at the nursing home is not practical.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.22113 Desk review of citations.

Sec. 22113. On the receipt of a request from a nursing home, the department shall conduct a desk review of a citation if the circumstances meet the requirements established by the Centers for Medicare and Medicaid Services for a desk review instead of an on-site revisit for a standard or abbreviated survey. If the department determines that the nursing home is not eligible for a desk review, the department shall notify the nursing home, in writing, with an explanation of why a desk review could not be conducted.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.22115 Citations; informal dispute resolution process.

Sec. 22115. (1) A nursing home that is issued a citation may request an appeal of the citation through an informal dispute resolution process from a peer review organization approved by the department. The department shall adopt the recommendations of the peer review organization on whether to support, amend, or delete the citation.

(2) Each quarter, the department shall do both of the following:

(a) Conduct a quality assurance review of amended or deleted citations with the peer review organization described in this section for the purposes of identifying whether there is a need for additional training of nursing home surveyors or peer review organization staff.

(b) Use the findings from the informal dispute resolution process for identifying training topics for the joint provider and surveyor training sessions described in section 20155.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.22117 Statewide reporting requirements for facility-reported incidents.

Sec. 22117. (1) Subject to subsection (2), the department shall develop and implement statewide reporting requirements for facility-reported incidents for any category required by federal regulations and at least all of

© Courtesy of www.legislature.mi.gov

the following additional categories:

(a) Elopements.

(b) Bruising.

(c) Repeated statements from residents with mental health behaviors.

(d) Resident-to-resident incidents with no harm.

(2) The reporting requirements developed by the department under this section must exclude the following:

(a) A resident-to-resident altercation if there is no change in emotional status or physical functioning of each resident involved in the altercation, including, but not limited to, no change in range of motion, toileting, eating, or ambulating.

(b) An injury of unknown origin if there is no change in emotional status or physical functioning of the resident with the injury, including, but not limited to, no change in range of motion, toileting, eating, or ambulating.

(c) An allegation made by a resident who has been diagnosed with a mental illness, including, but not limited to, psychosis or severe dementia, if the resident has a history of making false statements that are not based in reality and are documented in the resident's care plan, with interventions to protect the resident.

(d) An allegation if a thorough assessment does not substantiate the allegation.

(e) An allegation if the resident or the resident's legal guardian or other legal representative has been informed of the allegation, does not wish for the nursing home to report the allegation, and has received information on how to file a complaint with the department.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.22119 Annual report to legislature.

Sec. 22119. The department shall report by March 1 of each year to the standing committees on appropriations and the standing committees having jurisdiction over issues involving senior citizens in the senate and the house of representatives on all of the following:

(a) The number and percentage of nursing home citations that are appealed through the informal dispute resolution process and an independent informal dispute resolution process.

(b) The number and percentage of nursing home citations that are appealed and supported, amended, or deleted through the informal dispute resolution process and an independent informal dispute resolution process.

(c) A summary of the quality assurance review of the amended citations and related nursing home survey retraining efforts to improve consistency among nursing home surveyors and across the survey administrative unit that occurred in the year being reported.

(d) The number of nursing home complaints and facility reported incidents received by the department, grouped by county. The information described in this subdivision must be shared as part of the quality assurance monitoring process and reviewed by the advisory workgroup established under section 22103.

(e) The number of surveys conducted.

(f) The number requiring follow-up surveys.

(g) The average number of citations per nursing home.

(h) The number of night and weekend responses to complaints conducted by the department.

(i) The review of citation patterns developed under section 20155(7).

(j) The number of standard surveys of nursing homes that were conducted during a period of open survey or enforcement cycle.

(k) The number of abbreviated complaint surveys that were not conducted on consecutive surveyor workdays.

(*l*) The percentage of all form CMS-2567 reports of findings that were released to the nursing home within the 10-working-day requirement.

(m) The percentage of provider notifications of acceptance or rejection of a plan of correction that were released to the nursing home within the 10-working-day requirement.

(n) The percentage of first revisits that were completed within 60 days from the date of survey completion.

(o) The percentage of second revisits that were completed within 85 days from the date of survey completion.

(p) The percentage of letters of compliance notification to the nursing home that were released within 10 working days of the date of the completion of the revisit.

(q) A summary of the discussions from the meetings required in section 20155(18).

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

© Courtesy of www.legislature.mi.gov

**Popular name:** Act 368

### 333.22121 Implementation of progressive discretionary enforcement actions.

Sec. 22121. To the extent permitted by federal law, the department shall establish and implement progressive discretionary enforcement actions for the purposes of this part that consider the least restrictive enforcement action if a nursing home does not have a history of receiving citations in past nursing home surveys under this part and increase in severity if a nursing home has a history of receiving similar citations in past nursing home surveys under this part.

**History:** Add. 2022, Act 187, Imd. Eff. July 25, 2022.

**Popular name:** Act 368

### 333.22190 Expired. 1979, Act 113, Eff. Dec. 31, 1979.

**Popular name:** Act 368

## PART 222
## CERTIFICATES OF NEED

### 333.22201 Meanings of words and phrases; principles of construction.

Sec. 22201. (1) For purposes of this part, the words and phrases defined in sections 22203 to 22208 have the meanings ascribed to them in those sections.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code.

(3) The definitions in part 201 do not apply to this part.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 2022, Act 265, Imd. Eff. Dec. 22, 2022.

**Compiler's note:** For transfer of certain powers and duties of the division of health facility development in the bureau of health systems from the department of public health to the director of the department of community health, see E.R.O. No. 1996-1, compiled at MCL 330.3101 of the Michigan Compiled Laws.

**Popular name:** Act 368

### 333.22203 Definitions; A to F.

Sec. 22203. (1) "Addition" means adding patient rooms, beds, and ancillary service areas, including, but not limited to, procedure rooms or fixed equipment, surgical operating rooms, therapy rooms or fixed equipment, or other accommodations to a health facility.

(2) "Capital expenditure" means an expenditure for a single project, including cost of construction, engineering, and equipment that under generally accepted accounting principles is not properly chargeable as an expense of operation. Capital expenditure includes a lease or comparable arrangement by or on behalf of a health facility to obtain a health facility, licensed part of a health facility, or equipment for a health facility, if the actual purchase of a health facility, licensed part of a health facility, or equipment for a health facility would have been considered a capital expenditure under this part. Capital expenditure includes the cost of studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, addition, conversion, modernization, new construction, or replacement of physical plant and equipment.

(3) "Certificate of need" means a certificate issued under this part authorizing a new health facility, a change in bed capacity, the initiation, replacement, or expansion of a covered clinical service, or a covered capital expenditure that is issued in accordance with this part.

(4) "Certificate of need review standard" or "review standard" means a standard approved by the commission.

(5) "Change in bed capacity" means 1 or more of the following:

(a) An increase in licensed hospital beds.

(b) An increase in licensed nursing home beds or hospital beds certified for long-term care.

(c) An increase in licensed psychiatric beds.

(d) A change from 1 licensed use to a different licensed use.

(e) The physical relocation of beds from a licensed site to another geographic location.

(6) "Clinical" means directly pertaining to the diagnosis, treatment, or rehabilitation of an individual.

(7) "Clinical service area" means an area of a health facility, including related corridors, equipment rooms, ancillary service and support areas that house medical equipment, patient rooms, patient beds, diagnostic, operating, therapy, or treatment rooms or other accommodations related to the diagnosis, treatment, or rehabilitation of individuals receiving services from the health facility.

(8) "Commission" means the certificate of need commission created under section 22211.

© Courtesy of www.legislature.mi.gov

(9) "Covered capital expenditure" means a capital expenditure of $2,500,000.00 or more, as adjusted annually by the department under section 22221(g), by a person for a health facility for a single project, excluding the cost of nonfixed medical equipment, that includes or involves the acquisition, improvement, expansion, addition, conversion, modernization, new construction, or replacement of a clinical service area.

(10) "Covered clinical service", except as modified by the commission under section 22215, means 1 or more of the following:

(a) Initiation or expansion of 1 or more of the following services:

(*i*) Neonatal intensive care services or special newborn nursing services.

(*ii*) Open heart surgery.

(*iii*) Extrarenal organ transplantation.

(b) Initiation, replacement, or expansion of 1 or more of the following services:

(*i*) Extracorporeal shock wave lithotripsy.

(*ii*) Megavoltage radiation therapy.

(*iii*) Positron emission tomography.

(*iv*) Surgical services provided in a freestanding surgical outpatient facility, an ambulatory surgery center certified under title XVIII, or a surgical department of a hospital licensed under part 215 and offering inpatient or outpatient surgical services.

(*v*) Cardiac catheterization.

(*vi*) Fixed and mobile magnetic resonance imager services.

(*vii*) Fixed and mobile computerized tomography scanner services.

(*viii*) Air ambulance services.

(c) Initiation or expansion of a specialized psychiatric program for children and adolescent patients utilizing licensed psychiatric beds.

(d) Initiation, replacement, or expansion of a service not listed in this subsection, but designated as a covered clinical service by the commission under section 22215(1)(a).

(11) "Fixed equipment" means equipment that is affixed to and constitutes a structural component of a health facility, including, but not limited to, mechanical or electrical systems, elevators, generators, pumps, boilers, and refrigeration equipment.

**History:** Add. 1988, Act 331, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003
.

**Popular name:** Act 368

### 333.22205 Definitions; H to M.

Sec. 22205. (1) "Health facility", except as otherwise provided in subsection (2), means:

(a) A hospital licensed under part 215.

(b) A psychiatric hospital or psychiatric unit licensed under the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106.

(c) A nursing home licensed under part 217 or a hospital long-term care unit as defined in section 20106(6).

(d) A freestanding surgical outpatient facility licensed under part 208.

(e) A health maintenance organization issued a license or certificate of authority in this state.

(2) "Health facility" does not include the following:

(a) An institution conducted by and for the adherents of a church or religious denomination for the purpose of providing facilities for the care and treatment of the sick who depend solely upon spiritual means through prayer for healing.

(b) A health facility or agency located in a correctional institution.

(c) A veterans facility operated by the state or federal government.

(d) A facility owned and operated by the department of community health.

(3) "Initiate" means the offering of a covered clinical service that has not been offered in compliance with this part or former part 221 on a regular basis at that location within the 12-month period immediately preceding the date the covered clinical service will be offered.

(4) "Medical equipment" means a single equipment component or a related system of components that is used for clinical purposes.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2000, Act 253, Imd. Eff. June 29, 2000;—Am. 2002, Act 619, Eff. Mar. 31, 2003.

**Popular name:** Act 368

### 333.22207 Definitions; M to S.

© Courtesy of www.legislature.mi.gov

Sec. 22207. (1) "Medicaid" means the program for medical assistance administered by the department under the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b.

(2) "Modernization" means an upgrading, alteration, or change in function of a part or all of the physical plant of a health facility. Modernization includes, but is not limited to, the alteration, repair, remodeling, and renovation of an existing building and initial fixed equipment and the replacement of obsolete fixed equipment in an existing building. Modernization of the physical plant does not include normal maintenance and operational expenses.

(3) "New construction" means construction of a health facility where a health facility does not exist or construction replacing or expanding an existing health facility or a part of an existing health facility.

(4) "Person" means that term as defined in section 1106 and includes a governmental entity.

(5) "Planning area" means the area defined in a certificate of need review standard for determining the need for, and the resource allocation of, a specific health facility, service, or equipment. Planning area includes, but is not limited to, this state, a health facility service area, or a health service area or subarea within this state.

(6) "Proposed project" means a proposal to acquire an existing health facility or begin operation of a new health facility, make a change in bed capacity, initiate, replace, or expand a covered clinical service, or make a covered capital expenditure.

(7) "Rural county" means a county not located in a metropolitan statistical area or micropolitan statistical areas as those terms are defined under the "standards for defining metropolitan and micropolitan statistical areas" by the Statistical and Science Policy Office of the Office of Information and Regulatory Affairs of the United States Office of Management and Budget, 65 FR p. 82227 to 82238 (December 27, 2000).

(8) "Stipulation" means a requirement that is germane to the proposed project and has been agreed to by an applicant as a condition of certificate of need approval.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003 ;—Am. 2022, Act 265, Imd. Eff. Dec. 22, 2022.

**Popular name:** Act 368

### 333.22208 Definitions; T.

Sec. 22208. (1) "Title XVIII" means title XVIII of the social security act, 42 USC 1395 to 1395*lll*.

(2) "Title XIX" means title XIX of the social security act, 42 USC 1396 to 1396w-6.

**History:** Add. 1988, Act 308, Eff. Oct. 1, 1988;—Am. 1990, Act 260, Imd. Eff. Oct. 15, 1990;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2011, Act 51, Eff. Dec. 6, 2011;—Am. 2022, Act 265, Imd. Eff. Dec. 22, 2022.

**Popular name:** Act 368

### 333.22209 Activities requiring certificate of need; exceptions; requirements; acquisition of existing health facility; relocation; "sharing agreement" defined.

Sec. 22209. (1) Except as otherwise provided in this part, a person shall not do any of the following without first obtaining a certificate of need:

(a) Acquire an existing health facility or begin operation of a health facility at a site that is not currently licensed for that type of health facility.

(b) Make a change in the bed capacity of a health facility.

(c) Initiate, replace, or expand a covered clinical service.

(d) Make a covered capital expenditure.

(2) A certificate of need is not required for a reduction in licensed bed capacity or services at a licensed site.

(3) Subject to subsection (9) and if the relocation does not result in an increase of licensed beds within that health service area, a certificate of need is not required for any of the following:

(a) The physical relocation of licensed beds from a hospital site licensed under part 215 to another hospital site licensed under the same license as the hospital seeking to transfer the beds if both hospitals are located within a 2-mile radius of each other.

(b) Subject to subsections (7) and (8), the physical relocation of licensed beds from a hospital licensed under part 215 to a freestanding surgical outpatient facility licensed under part 208 if that freestanding surgical outpatient facility satisfies each of the following criteria on December 2, 2002:

(*i*) Is owned by, is under common control of, or has as a common parent the hospital seeking to relocate its licensed beds.

(*ii*) Was licensed before January 1, 2002.

(*iii*) Provides 24-hour emergency care services at that site.

(*iv*) Provides at least 4 different covered clinical services at that site.

© Courtesy of www.legislature.mi.gov

(c) Subject to subsection (8), the physical relocation of licensed beds from a hospital licensed under part 215 to another hospital licensed under part 215 within the same health service area if the hospital receiving the licensed beds is owned by, is under common control of, or has as a common parent the hospital seeking to relocate its licensed beds.

(4) Subject to subsection (5), a hospital licensed under part 215 is not required to obtain a certificate of need to provide 1 or more of the covered clinical services listed in section 22203(10) in a federal veterans' health care facility or to use long-term care unit beds or acute care beds that are owned and located in a federal veterans' health care facility if the hospital satisfies each of the following criteria:

(a) The hospital has an active affiliation or sharing agreement with the federal veterans' health care facility.

(b) The hospital has physicians who have faculty appointments at the federal veterans' health care facility or has an affiliation with a medical school that is affiliated with a federal veterans' health care facility and has physicians who have faculty appointments at the federal veterans' health care facility.

(c) The hospital has an active grant or agreement with the state or federal government to provide 1 or more of the following functions relating to bioterrorism:

(*i*) Education.

(*ii*) Patient care.

(*iii*) Research.

(*iv*) Training.

(5) A hospital that provides 1 or more covered clinical services in a federal veterans' health care facility or uses long-term care unit beds or acute care beds located in a federal veterans' health care facility under subsection (4) may not utilize procedures performed at the federal veterans' health care facility to demonstrate need or to satisfy a certificate of need review standard unless the covered clinical service provided at the federal veterans' health care facility was provided under a certificate of need.

(6) If a hospital licensed under part 215 had fewer than 70 licensed beds on December 1, 2002, that hospital is not required to satisfy the minimum volume requirements under the certificate of need review standards for its existing operating rooms as long as those operating rooms continue to exist at that licensed hospital site.

(7) Before relocating beds under subsection (3)(b), the hospital seeking to relocate its beds shall provide the information requested by the department of licensing and regulatory affairs that will allow the department of licensing and regulatory affairs to verify the number of licensed beds that were staffed and available for patient care at that hospital as of December 2, 2002.

(8) The licensed beds relocated under subsection (3)(b) or (c) must not be included as new beds in a hospital or as a new hospital under the certificate of need review standards for hospital beds. One of every 2 beds transferred under subsection (3)(b) up to a maximum of 100 must be beds that were staffed and available for patient care as of December 2, 2002. A hospital relocating beds under subsection (3)(b) shall not reactivate licensed beds within that hospital that were unstaffed or unavailable for patient care on December 2, 2002 for a period of 5 years after the date of the relocation of the licensed beds under subsection (3)(b).

(9) Licensed beds must not be physically relocated under subsection (3) if 7 or more members of the commission, after the appointment and confirmation of the 6 additional commission members under section 22211 but before June 15, 2003, determine that relocation of licensed beds under subsection (3) may cause great harm and detriment to the access and delivery of health care to the public and the relocation of beds should not occur without a certificate of need.

(10) An applicant seeking a certificate of need for the acquisition of an existing health facility may file a single, consolidated application for the certificate of need if the project results in the acquisition of an existing health facility but does not result in an increase or relocation of licensed beds or the initiation, expansion, or replacement of a covered clinical service. Except as otherwise provided in this subsection, a person acquiring an existing health facility is subject to the applicable certificate of need review standards in effect on the date of the transfer for the covered clinical services provided by the acquired health facility. The department may except 1 or more of the covered clinical services listed in section 22203(10)(b), except the covered clinical service listed in section 22203(10)(b)(*iv*), from the minimum volume requirements in the applicable certificate of need review standards in effect on the date of the transfer, if the equipment used in the covered clinical service is unable to meet the minimum volume requirements due to the technological incapacity of the equipment. A covered clinical service excepted by the department under this subsection is subject to all the other provisions in the applicable certificate of need review standards in effect on the date of the transfer, except minimum volume requirements.

(11) An applicant seeking a certificate of need for the relocation or replacement of an existing health facility may file a single, consolidated application for the certificate of need if the project does not result in an increase of licensed beds or the initiation, expansion, or replacement of a covered clinical service. A person

© Courtesy of www.legislature.mi.gov

relocating or replacing an existing health facility is subject to the applicable certificate of need review standards in effect on the date of the relocation or replacement of the health facility.

(12) As used in this section, "sharing agreement" means a written agreement between a federal veterans' health care facility and a hospital licensed under part 215 for the use of the federal veterans' health care facility's beds or equipment, or both, to provide covered clinical services.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1990, Act 260, Imd. Eff. Oct. 15, 1990;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003;—Am. 2022, Act 265, Imd. Eff. Dec. 22, 2022.

**Popular name:** Act 368

### 333.22210 Certificate of need for extended care services program; application; criteria; modification; fee prohibited; compliance; report; discrimination prohibited; exercise of rights; written acknowledgment; forms; additional rights; violation; penalty; certificate required; definitions.

Sec. 22210. (1) Subject to this section, a hospital that applies to the department for a certificate of need and meets all of the following criteria shall be granted a certificate of need for an extended care services program with up to 10 licensed hospital beds:

(a) Is eligible to apply for certification as a provider of extended care services through the use of swing beds under section 1883 of title XVIII, 42 USC 1395tt.

(b) Subject to subsection (2), has fewer than 100 licensed beds not counting beds excluded under section 1883 of title XVIII, 42 USC 1395tt.

(c) Does not have uncorrected licensing, certification, or safety deficiencies for which the department or the bureau of fire services created in section 1b of the fire prevention code, 1941 PA 207, MCL 29.1b, or both, has not accepted a plan of correction.

(2) After October 1, 1990, the criteria set forth in subsection (1)(b) may be modified by the commission, using the procedure set forth in section 22215(3). The department shall not charge a fee for processing a certificate of need application to initiate an extended care services program.

(3) A hospital that is granted a certificate of need for an extended care services program under subsection (1) shall comply with all of the following:

(a) Not charge for or otherwise attempt to recover the cost of a length of stay for a patient in the extended care services program that exceeds the length of time allowed for post-hospital extended care under title XVIII.

(b) Admit patients to the extended care services program only under an admissions contract approved by the department.

(c) Subject to subdivision (f), not discharge or transfer a patient from a licensed hospital bed other than a hospital long-term care unit bed and admit that patient to the extended care services program unless the discharge or transfer and admission is determined medically appropriate by the attending physician.

(d) Permit access to a representative of an organization approved under section 21764 to patients admitted to the extended care services program, for all of the purposes described in section 21763.

(e) Not allow the number of patient days for the extended care services program to exceed the equivalent of 1,825 patient days for a single state fiscal year.

(f) Not provide extended care services in a swing bed if the hospital owns or operates a hospital long-term care unit that has beds available at the time a patient requires admission for extended care services.

(g) Not charge or collect from a patient admitted to the extended care services program, for services rendered as part of the extended care services program, an amount in excess of the reasonable charge for the services as determined by the secretary of the United States Department of Health and Human Services under title XVIII.

(h) Assist a patient who has been denied coverage for services received in an extended care services program under title XVIII to file an appeal with the Medicare recovery project operated by the office of services to the aging.

(i) Operate the extended care services program pursuant to this section and the provisions of section 1883 of title XVIII, 42 USC 1395tt, that are applicable to the extended care services program.

(j) As part of the hospital's policy describing the rights and responsibilities of patients admitted to the hospital, as required under section 20201, incorporate all of the following additional rights and responsibilities for patients in the extended care services program:

(*i*) A copy of the hospital's policy must be provided to each extended care services patient on admission, and the staff of the hospital must be trained and involved in the implementation of the policy.

(*ii*) Each extended care services patient may associate and communicate privately with persons of his or

© Courtesy of www.legislature.mi.gov

her choice. Reasonable, regular visiting hours, which must take into consideration the special circumstances of each visitor, must be established for extended care services patients to receive visitors. An extended care services patient may be visited by the patient's attorney or by representatives of the departments named in section 20156 during other than established visiting hours. Reasonable privacy must be afforded for visitation of an extended care services patient who shares a room with another extended care services patient. Each extended care services patient must have reasonable access to a telephone.

(*iii*) An extended care services patient is entitled to retain and use personal clothing and possessions as space permits, unless medically contraindicated, as documented by the attending physician in the medical record.

(*iv*) An extended care services patient is entitled to the opportunity to participate in the planning of his or her medical treatment, including the development of the discharge plan under subdivision (*l*). An extended care services patient must be fully informed by the attending physician of the extended care services patient's medical condition, unless medically contraindicated, as documented by a physician in the medical record. Each extended care services patient must be afforded the opportunity to discharge himself or herself from the extended care services program.

(*v*) An extended care services patient is entitled to be fully informed either before or at the time of admission, and during his or her stay, of services available in the hospital and of the related charges for those services. The statement of services provided by the hospital must be in writing and must include those services required to be offered on an as needed basis.

(*vi*) A patient in an extended care services program or a person authorized in writing by the patient may, on submission to the hospital of a written request, inspect and copy the patient's personal or medical records. The hospital shall make the records available for inspection and copying within a reasonable time, not exceeding 7 days, after the receipt of the written request.

(*vii*) An extended care services patient has the right to have his or her parents, if the extended care services patient is a minor, or his or her spouse, next of kin, or patient's representative, if the extended care services patient is an adult, stay at the hospital 24 hours a day if the extended care services patient is considered terminally ill by the physician responsible for the extended care services patient's care.

(*viii*) Each extended care services patient must be provided with meals that meet the recommended dietary allowances for that patient's age and sex and that may be modified according to special dietary needs or ability to chew.

(*ix*) Each extended care services patient has the right to receive a representative of an organization approved under section 21764, for all of the purposes described in section 21763.

(k) Achieve and maintain Medicare certification under title XVIII.

(*l*) Establish a discharge plan for each extended care services patient who is admitted to the extended care services program. In the discharge plan, the hospital shall emphasize patient choice in receiving extended care services in the most appropriate and least restrictive setting. The hospital shall provide to the patient or his or her authorized representative a copy of the discharge plan not later than 3 days after the patient is admitted to the extended care services program.

(4) Beginning January 1, 2021, a hospital that is granted a certificate of need for an extended care services program under subsection (1) shall submit a report to the department in a form and manner prescribed by the department that includes, but is not limited to, all of the following information:

(a) The total number of patients admitted to the hospital's extended care services program during the period specified by the department.

(b) The total number of extended care services patient days for the period specified by the department.

(c) Information that identifies the type of care to which patients in the extended care services program are released.

(d) Any other information considered necessary to the department to evaluate the extended care services program.

(5) A hospital or the owner, an administrator, an employee, or a representative of the hospital shall not discharge, harass, or retaliate or discriminate against an extended care services patient because the extended care services patient has exercised a right described in subsection (3)(j).

(6) In the case of an extended care services patient, the rights described in subsection (3)(j)(*iv*) may be exercised by the patient's representative, as that term is defined in section 21703.

(7) An extended care services patient must be fully informed, as evidenced by the extended care services patient's written acknowledgment, before or at the time of admission and during stay, of the rights described in subsection (3)(j). The written acknowledgment must provide that if an extended care services patient is adjudicated incompetent and not restored to legal capacity, a person designated by the extended care services patient shall exercise the rights and responsibilities set forth in subsection (3)(j). The hospital shall provide

© Courtesy of www.legislature.mi.gov

proper forms for the extended care services patient to provide for the designation of this person at the time of admission.

(8) Subsection (3)(j) does not prohibit a hospital from establishing and recognizing additional rights for extended care services patients.

(9) A hospital that violates subsection (3) is subject to the penalty provisions of section 20165.

(10) A person shall not initiate an extended care services program without first obtaining a certificate of need under this section.

(11) As used in this section:

(a) "Extended care services program" means a program by a hospital to provide extended care services to a patient through the use of swing beds under section 1883 of title XVIII, 42 USC 1395tt.

(b) "Hospital long-term care unit" means that term as defined in section 20106.

**History:** Add. 1988, Act 308, Eff. Oct. 1, 1988;—Am. 1990, Act 260, Imd. Eff. Oct. 15, 1990;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2006, Act 195, Imd. Eff. June 19, 2006;—Am. 2011, Act 51, Eff. Dec. 6, 2011;—Am. 2014, Act 165, Imd. Eff. June 12, 2014;—Am. 2020, Act 333, Imd. Eff. Dec. 29, 2020.

**Compiler's note:** For transfer of powers and duties of state fire marshal to department of labor and economic growth, bureau of construction codes and fire safety, by type II transfer, see E.R.O. No. 2003-1, compiled at MCL 445.2011.

**Popular name:** Act 368

### 333.22211 Certificate of need commission; creation; appointment, qualifications, and terms of members; vacancy; laws to which commission members subject.

Sec. 22211. (1) The certificate of need commission is created in the department. The commission consists of 11 members appointed by the governor with the advice and consent of the senate. The governor shall not appoint more than 6 members from the same major political party and shall appoint 5 members from another major political party. The commission consists of the following 11 members:

(a) Two individuals representing hospitals.

(b) One individual representing physicians licensed under part 170 to engage in the practice of medicine.

(c) One individual representing physicians licensed under part 175 to engage in the practice of osteopathic medicine and surgery.

(d) One individual who is a physician licensed under part 170 or 175 representing a school of medicine or osteopathic medicine.

(e) One individual representing nursing homes.

(f) One individual representing nurses.

(g) One individual representing a company that is self-insured for health coverage.

(h) One individual representing a company that is not self-insured for health coverage.

(i) One individual representing a nonprofit health care corporation operating pursuant to the nonprofit health care corporation reform act, 1980 PA 350, MCL 550.1101 to 550.1704, or a nonprofit mutual disability insurer into which a nonprofit health care corporation has merged as provided in section 5805(1) of the insurance code of 1956, 1956 PA 218, MCL 500.5805.

(j) One individual representing organized labor unions in this state.

(2) In making appointments, the governor shall, to the extent feasible, assure that the membership of the commission is broadly representative of the interests of all of the people of this state and of the various geographic regions.

(3) A member of the commission shall serve for a term of 3 years or until a successor is appointed. A vacancy on the commission shall be filled for the remainder of the unexpired term in the same manner as the original appointment.

(4) Commission members are subject to the following:

(a) 1968 PA 317, MCL 15.321 to 15.330.

(b) 1973 PA 196, MCL 15.341 to 15.348.

(c) 1978 PA 472, MCL 4.411 to 4.431.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 2002, Act 619, Eff. Mar. 31, 2003;—Am. 2014, Act 107, Imd. Eff. Apr. 10, 2014.

**Popular name:** Act 368

### 333.22213 Commission; bylaws; removal of member; election of chairperson and vice-chairperson; meetings; quorum; final action; compensation and expenses; duties of department; professional employees.

Sec. 22213. (1) The commission shall, within 2 months after appointment and confirmation of all members, adopt bylaws for the operation of the commission. The bylaws shall include, at a minimum, voting

© Courtesy of www.legislature.mi.gov

procedures that protect against conflict of interest and minimum requirements for attendance at meetings.

(2) The governor may remove a commission member from office for failure to attend 3 consecutive meetings in a 1-year period.

(3) The commission annually shall elect a chairperson and vice-chairperson.

(4) The commission shall hold regular quarterly meetings at places and on dates fixed by the commission. Special meetings may be called by the chairperson, by not less than 3 commission members, or by the department.

(5) A majority of the commission members appointed and serving constitutes a quorum. Final action by the commission shall be only by affirmative vote of a majority of the commission members appointed and serving. A commission member shall not vote by proxy.

(6) The legislature annually shall fix the per diem compensation of members of the commission. Expenses of members incurred in the performance of official duties shall be reimbursed as provided in section 1216.

(7) The department shall furnish administrative services to the commission, shall have charge of the commission's offices, records, and accounts, and shall provide at least 2 full-time administrative employees, secretarial staff, and other staff necessary to allow the proper exercise of the powers and duties of the commission. The department shall make available the times and places of commission meetings and keep minutes of the meetings and a record of the actions of the commission. The department shall make available a brief summary of the actions taken by the commission.

(8) The department shall assign at least 2 full-time professional employees to staff the commission to assist the commission in the performance of its substantive responsibilities under this part.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003

.

**Popular name:** Act 368

### 333.22215 Duties of commission; purpose; public hearing before final action; submission of proposed final action to joint committee; approval or disapproval; review standards; revision of fees.

Sec. 22215. (1) The commission shall do all of the following:

(a) If determined necessary by the commission, revise, add to, or delete 1 or more of the covered clinical services listed in section 22203. If the commission proposes to add to the covered clinical services listed in section 22203, the commission shall develop proposed review standards and make the review standards available to the public not less than 30 days before conducting a hearing under subsection (3).

(b) Develop, approve, disapprove, or revise certificate of need review standards that establish for purposes of section 22225 the need, if any, for the initiation, replacement, or expansion of covered clinical services, the acquisition or beginning the operation of a health facility, making changes in bed capacity, or making covered capital expenditures, including conditions, standards, assurances, or information that must be met, demonstrated, or provided by a person who applies for a certificate of need. A certificate of need review standard may also establish ongoing quality assurance requirements including any or all of the requirements specified in section 22225(2)(c). Except for nursing home and hospital long-term care unit bed review standards, by January 1, 2004, the commission shall revise all certificate of need review standards to include a requirement that each applicant participate in title XIX of the social security act, chapter 531, 49 Stat. 620, 1396r-6 and 1396r-8 to 1396v.

(c) Direct the department to prepare and submit recommendations regarding commission duties and functions that are of interest to the commission including, but not limited to, specific modifications of proposed actions considered under this section.

(d) Approve, disapprove, or revise proposed criteria for determining health facility viability under section 22225.

(e) Annually assess the operations and effectiveness of the certificate of need program based on periodic reports from the department and other information available to the commission.

(f) By January 1, 2005, and every 2 years thereafter, make recommendations to the joint committee regarding statutory changes to improve or eliminate the certificate of need program.

(g) Upon submission by the department approve, disapprove, or revise standards to be used by the department in designating a regional certificate of need review agency, pursuant to section 22226.

(h) Develop, approve, disapprove, or revise certificate of need review standards governing the acquisition of new technology.

(i) In accordance with section 22255, approve, disapprove, or revise proposed procedural rules for the certificate of need program.

(j) Consider the recommendations of the department and the department of attorney general as to the

© Courtesy of www.legislature.mi.gov

administrative feasibility and legality of proposed actions under subdivisions (a), (b), and (c).

(k) Consider the impact of a proposed restriction on the acquisition of or availability of covered clinical services on the quality, availability, and cost of health services in this state.

(*l*) If the commission determines it necessary, appoint standard advisory committees to assist in the development of proposed certificate of need review standards. A standard advisory committee shall complete its duties under this subdivision and submit its recommendations to the commission within 6 months unless a shorter period of time is specified by the commission when the standard advisory committee is appointed. An individual shall serve on no more than 2 standard advisory committees in any 2-year period. The composition of a standard advisory committee shall not include a lobbyist registered under 1978 PA 472, MCL 4.411 to 4.431, but shall include all of the following:

(*i*) Experts with professional competence in the subject matter of the proposed standard, who shall constitute a 2/3 majority of the standard advisory committee.

(*ii*) Representatives of health care provider organizations concerned with licensed health facilities or licensed health professions.

(*iii*) Representatives of organizations concerned with health care consumers and the purchasers and payers of health care services.

(m) In addition to subdivision (b), review and, if necessary, revise each set of certificate of need review standards at least every 3 years.

(n) If a standard advisory committee is not appointed by the commission and the commission determines it necessary, submit a request to the department to engage the services of private consultants or request the department to contract with any private organization for professional and technical assistance and advice or other services to assist the commission in carrying out its duties and functions under this part.

(o) Within 6 months after the appointment and confirmation of the 6 additional commission members under section 22211, develop, approve, or revise certificate of need review standards governing the increase of licensed beds in a hospital licensed under part 215, the physical relocation of hospital beds from 1 licensed site to another geographic location, and the replacement of beds in a hospital licensed under part 215.

(2) The commission shall exercise its duties under this part to promote and assure all of the following:

(a) The availability and accessibility of quality health services at a reasonable cost and within a reasonable geographic proximity for all people in this state.

(b) Appropriate differential consideration of the health care needs of residents in rural counties in ways that do not compromise the quality and affordability of health care services for those residents.

(3) Not less than 30 days before final action is taken by the commission under subsection (1)(a), (b), (d), (h), or (o), the commission shall conduct a public hearing on its proposed action. In addition, not less than 30 days before final action is taken by the commission under subsection (1)(a), (b), (d), (h), or (o), the commission chairperson shall submit the proposed action and a concise summary of the expected impact of the proposed action for comment to each member of the joint committee. The commission shall inform the joint committee of the date, time, and location of the next meeting regarding the proposed action. The joint committee shall promptly review the proposed action and submit its recommendations and concerns to the commission.

(4) The commission chairperson shall submit the proposed final action including a concise summary of the expected impact of the proposed final action to the governor and each member of the joint committee. The governor or the legislature may disapprove the proposed final action within 45 days after the date of submission. If the proposed final action is not submitted on a legislative session day, the 45 days commence on the first legislative session day after the proposed final action is submitted. The 45 days shall include not less than 9 legislative session days. Legislative disapproval shall be expressed by concurrent resolution which shall be adopted by each house of the legislature. The concurrent resolution shall state specific objections to the proposed final action. A proposed final action by the commission under subsection (1)(a), (b), (d), (h), or (o) is not effective if it has been disapproved under this subsection. If the proposed final action is not disapproved under this subsection, it is effective and binding on all persons affected by this part upon the expiration of the 45-day period or on a later date specified in the proposed final action. As used in this subsection, "legislative session day" means each day in which a quorum of either the house of representatives or the senate, following a call to order, officially convenes in Lansing to conduct legislative business.

(5) The commission shall not develop, approve, or revise a certificate of need review standard that requires the payment of money or goods or the provision of services unrelated to the proposed project as a condition that must be satisfied by a person seeking a certificate of need for the initiation, replacement, or expansion of covered clinical services, the acquisition or beginning the operation of a health facility, making changes in bed capacity, or making covered capital expenditures. This subsection does not preclude a requirement that each applicant participate in title XIX of the social security act, chapter 531, 49 Stat. 620, 1396r-6 and

© Courtesy of www.legislature.mi.gov

1396r-8 to 1396v, or a requirement that each applicant provide covered clinical services to all patients regardless of his or her ability to pay.

(6) If the reports received under section 22221(f) indicate that the certificate of need application fees collected under section 20161 have not been within 10% of 3/4 the cost to the department of implementing this part, the commission shall make recommendations regarding the revision of those fees so that the certificate of need application fees collected equal approximately 3/4 of the cost to the department of implementing this part.

(7) As used in this section, "joint committee" means the joint committee created under section 22219.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003
.

**Popular name:** Act 368

### 333.22217 Repealed. 2002, Act 619, Eff. Mar. 31, 2003.

**Compiler's note:** The repealed section pertained to certificate of need review standards.

**Popular name:** Act 368

### 333.22219 Joint legislative committee.

Sec. 22219. (1) A joint legislative committee to focus on proposed actions of the commission regarding the certificate of need program and certificate of need standards and to review other certificate of need issues is created. The joint committee shall consist of 6 members as follows:

(a) The chairperson of the senate committee on health policy.

(b) The vice-chairperson of the senate committee on health policy.

(c) The minority vice-chairperson of the senate committee on health policy.

(d) The chairperson of the house of representatives committee on health policy.

(e) The vice-chairperson of the house of representatives committee on health policy.

(f) The minority vice-chairperson of the house of representatives committee on health policy.

(2) The joint committee shall be co-chaired by the chairperson of the senate committee on health policy and the chairperson of the house committee on health policy.

(3) The joint committee may administer oaths, subpoena witnesses, and examine the application, documentation, or other reports and papers of an applicant or any other person involved in a matter properly before the committee.

(4) The joint committee shall review the recommendations made by the commission under section 22215(6) regarding the revision of the certificate of need application fees and submit a written report to the legislature outlining the costs to the department to implement the program, the amount of fees collected, and its recommendation regarding the revision of those fees.

(5) The joint committee may develop a plan for the revision of the certificate of need program. If a plan is developed by the joint committee, the joint committee shall recommend to the legislature the appropriate statutory changes to implement the plan.

**History:** Add. 2002, Act 619, Eff. Mar. 31, 2003.

**Popular name:** Act 368

### 333.22221 Duties of department generally.

Sec. 22221. The department shall do all of the following:

(a) Subject to approval by the commission, promulgate rules to implement its powers and duties under this part.

(b) Report to the commission at least annually on the performance of the department's duties under this part.

(c) Develop proposed certificate of need review standards for submission to the commission.

(d) Administer and apply certificate of need review standards. In the review of certificate of need applications, the department shall consider relevant written communications from any person.

(e) Designate adequate staff or other resources to directly assist hospitals and nursing homes with less than 100 beds in the preparation of applications for certificates of need.

(f) By October 1 of each year, report to the commission regarding the costs to the department of implementing this part and the certificate of need application fees collected under section 20161 in the immediately preceding state fiscal year.

(g) Annually adjust the $2,500,000.00 threshold set forth in section 22203(9) by an amount determined by the state treasurer to reflect the annual percentage change in the Consumer Price Index, using data from the immediately preceding period of July 1 to June 30. As used in this subdivision, "Consumer Price Index"

© Courtesy of www.legislature.mi.gov

means the most comprehensive index of consumer prices available for this state from the Bureau of Labor Statistics of the United States Department of Labor.

(h) Annually review the application process, including all forms, reports, and other materials that are required to be submitted with the application. If needed to promote administrative efficiency, revise the forms, reports, and any other materials required with the application.

(i) By October 1, 2003, create a consolidated application for a certificate of need for the relocation or replacement of an existing health facility.

(j) In consultation with the commission, define single project as it applies to capital expenditures.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003 ;—Am. 2022, Act 265, Imd. Eff. Dec. 22, 2022.

**Popular name:** Act 368

### 333.22223 Application for certificate of need; statement addressing review criteria.

Sec. 22223. An applicant for a certificate of need shall include as part of the application a statement addressing each of the review criteria listed in section 22225. This section does not apply to an application for a certificate of need made under section 22210.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988.

**Popular name:** Act 368

### 333.22224 Repealed. 2023, Act 209, Eff. Feb. 13, 2024.

**Compiler's note:** The repealed section pertained to an exception for a certificate of need requirements for freestanding surgical outpatient facilities that perform abortions.

**Popular name:** Act 368

### 333.22224a Magnetic resonance image units.

Sec. 22224a. (1) A person seeking to initiate, expand, replace, relocate, or acquire a fixed or mobile magnetic resonance imager service within a county that has a population of more than 160,000 but does not have at least 2 magnetic resonance imager units may file a letter of intent with the department prior to the initiation, expansion, replacement, relocation, or acquisition of a fixed or mobile magnetic resonance imager unit within that county instead of obtaining a certificate of need.

(2) Within 30 days after receiving the letter of intent, if the department verifies that the county has a population of more than 160,000 and that the county does not already have 2 magnetic resonance imager units, the department shall send a written acknowledgment to the person approving the initiation, expansion, replacement, relocation, or acquisition of a fixed or mobile magnetic resonance imager unit.

(3) A person shall not initiate, expand, replace, relocate, or acquire a fixed or mobile magnetic resonance imager unit under this section without a certificate of need unless that person receives a written acknowledgment of approval from the department under subsection (2).

(4) A person seeking to initiate, expand, replace, relocate, or acquire a fixed or mobile magnetic resonance imager service under this section shall be a nonprofit organization and shall demonstrate that the service shall be accessible to all patients regardless of his or her ability to pay and shall participate in title XIX of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 1396 to 1396r-8 to 1396v.

**History:** Add. 2002, Act 619, Eff. Mar. 31, 2003.

**Popular name:** Act 368

### 333.22224b Positron emission tomography scanner services pilot project.

Sec. 22224b. (1) The department may approve a pilot project that meets the requirements under subsection (2) and authorize that pilot project to provide positron emission tomography scanner services without obtaining a certificate of need under this part.

(2) The department may approve a pilot project under subsection (1) if the department determines that the pilot project meets all of the following requirements:

(a) The positron emission tomography scanner is located in the same facility as a radiopharmacy that meets all of the following requirements:

(*i*) Is equipped with a fixed cyclotron.

(*ii*) Provides cyclotron-produced radionuclide tracers with pharmaceutical components for on-site patient administration.

(*iii*) Develops radiopharmaceuticals for use in diagnostic and theranostic applications.

(*iv*) Is licensed under part 177.

(b) The positron emission tomography scanner services will be provided using not more than 2 fixed

© Courtesy of www.legislature.mi.gov

positron emission tomography scanners.

(c) The pilot project demonstrates it will become accredited by the American College of Radiology or the Intersocietal Accreditation Commission, or will receive an equivalent accreditation from another body that is approved by the department.

(3) If the commission under section 22215 adopts standards that are equivalent to the requirements under subsection (2) to apply for a certificate of need to initiate, replace, or expand positron emission tomography scanner services, a pilot project authorized to provide positron emission tomography scanner services under this section shall, not more than 6 months after the standards are adopted, apply for a certificate of need to continue to provide positron emission tomography scanner services.

**History:** Add. 2021, Act 35, Imd. Eff. June 24, 2021.

**Popular name:** Act 368

### 333.22224c Exception for freestanding birth center.

Sec. 22224c. A freestanding birth center as that term is defined in section 20701 is not required to obtain a certificate of need.

**History:** Add. 2024, Act 252, Eff. Apr. 2, 2025.

**Popular name:** Act 368

### 333.22225 Demonstration of need for proposed project; additional requirements.

Sec. 22225. (1) In order to be approved under this part, an applicant for a certificate of need shall demonstrate to the satisfaction of the department that the proposed project will meet an unmet need in the area proposed to be served. An applicant shall demonstrate the need for a proposed project by credible documentation of compliance with the applicable certificate of need review standards. If no certificate of need review standards are applicable to the proposed project or to a portion of a proposed project that is otherwise governed by this part, the applicant shall demonstrate to the satisfaction of the department that an unmet need for the proposed project or portion of the proposed project exists by credible documentation that the proposed project will be geographically accessible and efficiently and appropriately utilized, in light of the type of project and the existing health care system. Whether or not there are applicable certificate of need review standards, in determining compliance with this subsection, the department shall consider approved projects that are not yet operational, proposed projects under appeal from a final decision of the department, or proposed projects that are pending final department decision.

(2) If, and only if, the requirements of subsection (1) are met, in order for an application to be approved under this part, an applicant shall also demonstrate to the reasonable satisfaction of the department all of the following:

(a) With respect to the method proposed to meet the unmet need identified under subsection (1), that the applicant has considered alternatives to the proposed project and that, in light of the alternatives available for consideration, the chosen alternative is the most efficient and effective method of meeting that unmet need.

(b) With respect to the financial aspects of the proposed project, that each of the following is met:

(*i*) The capital costs of the proposed project will result in the least costly total annual operating costs.

(*ii*) Funds are available to meet the capital and operating needs of the proposed project.

(*iii*) The proposed project utilizes the least costly method of financing, in light of available alternatives.

(*iv*) In the case of a construction project, the applicant stipulates that the applicant will competitively bid capital expenditures among qualified contractors or alternatively, the applicant is proposing an alternative to competitive bidding that will achieve substantially the same results as competitive bidding.

(c) The proposed project will be delivered in compliance with applicable operating standards and quality assurance standards approved under section 22215(1)(b), including 1 or more of the following:

(*i*) Mechanisms for assuring appropriate utilization of the project.

(*ii*) Methods for evaluating the effectiveness of the project.

(*iii*) Means of assuring delivery of the project by qualified personnel and in compliance with applicable safety and operating standards.

(*iv*) Evidence of the current and historical compliance with federal and state licensing and certification requirements in this state by the applicant or the applicant's owner, or both, to the degree determined appropriate by the commission in light of the subject of the review standard.

(*v*) Other criteria approved by the commission as appropriate to evaluate the quality of the project.

(d) The health services proposed in the project will be delivered in a health facility that meets the criteria, if any, established by the commission for determining health facility viability, pursuant to this subdivision. The criteria shall be proposed by the department and the office, and approved or disapproved by the commission. At a minimum, the criteria shall specify, to the extent applicable to the applicant, that an

© Courtesy of www.legislature.mi.gov

applicant shall be considered viable by demonstrating at least 1 of the following:

(*i*) A minimum percentage occupancy of licensed beds.

(*ii*) A minimum percentage of combined uncompensated discharges and discharges under title XIX in the health facility's planning area.

(*iii*) A minimum percentage of the total discharges in the health facility's planning area.

(*iv*) Evidence that the health facility is the only provider in the health facility's planning area of a service that is considered essential by the commission.

(*v*) An operating margin in an amount determined by the commission.

(*vi*) Other criteria approved by the commission as appropriate for statewide application to determine health facility viability.

(e) In the case of a nonprofit health facility, the health facility is in fact governed by a body composed of a majority consumer membership broadly representative of the population served. In the case of a health facility sponsored by a religious organization, or if the nature of the nonprofit health facility is such that the legal rights of its owners or sponsors might be impaired by a requirement as to the composition of its governing body, an advisory board with majority consumer membership broadly representative of the population served may be construed by the department to be equivalent to the governing board described in this subdivision, if the advisory board meets all of the following requirements:

(*i*) The role assigned to the advisory board is meaningful, as determined by the department.

(*ii*) The functions of the advisory board are clearly prescribed.

(*iii*) The advisory board is given an opportunity to influence policy formulation by the legally recognized governing body, as determined by the department.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993.

**Popular name:** Act 368

### 333.22226 Regional certificate of need review agency; standards; designation of person for specific review area; requirements; duration and termination of agency; local certificate of need review agency; application or other information; review; recommendations; decision; convening consumers, providers, purchasers, or payers of health care; public hearing; meetings; "review area" defined.

Sec. 22226. (1) The commission shall develop standards for the designation by the department of a regional certificate of need review agency for each review area to develop advisory recommendations for proposed projects. The standards shall be based on the requirements for a regional certificate of review agency set forth in subsection (3).

(2) The department, with the concurrence of the commission, shall designate a person to be a regional certificate of need review agency for a specific review area, according to procedures approved by the commission, if the person meets the standards approved under subsection (1), and if a regional certificate of need review agency has not already been designated for that specific review area.

(3) A regional certificate of need review agency shall meet all of the following requirements:

(a) Be an independent nonprofit organization that is not a subsidiary of, or otherwise controlled by, any other person.

(b) Be governed by a board that is broadly representative of consumers, providers, payers, and purchasers of health care in the review area, with a majority of the board being consumers, payers, and purchasers of health care.

(c) Demonstrate a willingness and ability to conduct reviews of all proposed projects requiring a certificate of need that would be located within the review area served by the regional certificate of need review agency.

(d) Avoid conflict of interest in its review of all applications for a certificate of need.

(e) Provide data to the department to enable the department to evaluate the regional certificate of need review agency's performance. The data provided under this subdivision shall be reviewed at periodic meetings between the department and the regional certificate of need review agency.

(f) Not receive more than a designated proportion of its financial support from health facilities and health professionals, as determined by the commission.

(g) Meet other requirements established by the commission that are relevant to the functions of a regional certificate of need review agency, under this part.

(4) The designation of a regional certificate of need review agency shall be operative for a period of time approved by the commission, but not for more than 24 months. The designation of a regional certificate of need review agency may be terminated by the department with the concurrence of the commission at any time for noncompliance with the standards approved under subsection (1). In addition, the designation may be

© Courtesy of www.legislature.mi.gov

terminated by the regional certificate of need review agency upon the expiration of 60 days after the department receives written notice of the termination.

(5) A local certificate of need review agency that was designated pursuant to a designation agreement authorized under former section 22124 and effective on October 1, 1988 is designated as the regional certificate of need review agency for its review area until the expiration of 1 year after the date of final approval of the standards developed under subsection (1), unless the designation is terminated by either the department under subsection (4) or the regional certificate of need review agency before that time.

(6) A person applying for a certificate of need under this part shall simultaneously provide a copy of any letter of intent, application, or additional information required by the department to the regional certificate of need review agency designated by the department for the review area in which the proposed project would be located, unless the regional certificate of need review agency determines that it will not review the application or other information, and notifies both the applicant and the department in writing of its determination. The regional certificate of need review agency may review the application and submit its recommendations to the department. If the regional certificate of need review agency determines that it will not review the application, then the regional certificate of need review agency shall notify both the applicant and the department in writing of its determination. In developing its recommendations, the regional certificate of need review agency shall utilize the review procedures and time frames specified for regional certificate of need review agencies in the rules continued or promulgated under this part, and shall also utilize certificate of need review standards, statutory criteria, and forms identical to those used by the department.

(7) Before developing a proposed decision on an application, the department shall review the recommendations of the regional certificate of need review agency for the review area in which the proposed project would be located, if the recommendations are submitted to the department within the time frames required under subsection (6). If the director makes a final decision that is inconsistent with the recommendations of the regional certificate of need review agency, the department shall promptly provide the regional certificate of need review agency with a detailed statement of the reasons for the director's decision. The statement shall address each instance in which the director's decision is inconsistent with the recommendation of the regional certificate of need review agency regarding a specific certificate of need review standard or criterion.

(8) A regional certificate of need review agency may convene consumers, providers, purchasers, or payers of health care, or representatives of all of those groups, related to activities in its review area for the purpose of achieving the objectives of this part.

(9) Before developing a recommendation on a certificate of need application, a regional certificate of need review agency shall hold a public hearing on the proposed project. If the department determines that local interest merits a public hearing and a regional certificate of need review agency has not been designated for the review area in which the proposed project will be located, then the department shall hold a public hearing on the proposed project.

(10) A regional certificate of need review agency shall conduct all meetings regarding its activities for the purpose of achieving the objectives of this part in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(11) As used in this section, "review area" means a geographic area established for a health systems agency pursuant to former section 1511 of the public health service act, or a geographic area otherwise established by the commission for a regional certificate of need review agency.

**History:** Add. 1988, Act 331, Eff. Oct. 1, 1988;—Am. 2002, Act 619, Eff. Mar. 31, 2003.

**Popular name:** Act 368

**Administrative rules:** R 325.9101 et seq. of the Michigan Administrative Code.

### 333.22227 Health maintenance organization; purposes for which certificate of need required; capital expenditures; considerations and criteria.

Sec. 22227. (1) A health maintenance organization is required to obtain a certificate of need only for 1 or more of the following purposes:

(a) The acquisition of, purchase of, new construction of, modernization of, replacement of, or addition to a hospital or other health facility providing inpatient services, if a covered capital expenditure is required.

(b) The initiation, replacement, or expansion of a covered clinical service.

(2) A covered capital expenditure proposed to be undertaken by a health maintenance organization that is not intended principally to serve the needs of the enrollees of the health maintenance organization, as determined by the department, is subject to this part.

(3) In making determinations and conducting reviews for certificates of need for health maintenance

© Courtesy of www.legislature.mi.gov

organizations, the department shall consider the special needs and circumstances of health maintenance organizations, and shall apply all of the following criteria:

(a) The availability of the proposed service from a provider of health care other than the health maintenance organization on a long-term basis, at reasonable terms, and in a cost-effective manner consistent with the health maintenance organization's basic method of operation.

(b) The long-term needs of the health maintenance organization, and its current and expected future membership.

(c) The long-term impact of the proposed service on health care costs in the health maintenance organization's service area.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993.

**Popular name:** Act 368

### 333.22229 Projects and services subject to comparative review; exceptions; establishment of comparative review or alternative procedure; proposed site for project; utilization and financing of covered clinical services.

Sec. 22229. (1) The following proposed projects are subject to comparative review:

(a) Proposed projects specified as subject to comparative review in a certificate of need review standard.

(b) New beds in a health facility that is a hospital, hospital long-term care unit, or nursing home if there are multiple applications to meet the same need for projects that, when combined, exceed the need of the planning area as determined by the applicable certificate of need review standards.

(2) Replacement beds in a hospital that are proposed for construction on the original site, on a contiguous site, within a 5-mile radius of the original site if the hospital is located in a county with a population of less than 200,000, or within a 2-mile radius of the original site if the hospital is located in a county with a population of 200,000 or more, are not subject to comparative review.

(3) Replacement beds in a nursing home that is located in a nonrural county that are proposed for construction on the original site, on a contiguous site, or within a 2-mile radius of the original site are not subject to comparative review. Replacement beds in a nursing home that is located in a rural county that are proposed for construction on the original site, on a contiguous site, or within the same planning area are not subject to comparative review.

(4) The commission may approve certificate of need review standards that establish comparative review or an alternative procedure for determining whether 1 or more of several qualified applicants may be approved if the level of need is not sufficient to justify approval of all qualified applicants. If an applicant involves more than 1 health facility, the applicant shall indicate on the application the proposed site or sites for the project and arrangements for the utilization and financing of the covered clinical services.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993.

**Popular name:** Act 368

### 333.22230 Participation in medicaid program as distinct criterion.

Sec. 22230. In evaluating applications for a health facility as defined under section 22205(1)(c) in a comparative review, the department shall include participation in title XIX of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 1396 to 1396r-6 and 1396r-8 to 1396v, as a distinct criterion, weighted as very important, and determine the degree to which an application meets this criterion based on the extent of participation in the medicaid program.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 2002, Act 619, Eff. Mar. 31, 2003.

**Popular name:** Act 368

### 333.22231 Decision to grant or deny application for certificate of need; conditions; single decision for all applications; proposed decision; final decision; notice of reversal; hearing; judicial review; effect of exceeding time frames.

Sec. 22231. (1) The decision to grant or deny an application for a certificate of need shall be made by the director. A decision shall be proposed to the director by a bureau within the department designated by the director as responsible for the certificate of need program. A decision shall be in writing and shall indicate 1 of the following:

(a) Approval of the application.

(b) Disapproval of the application.

(c) Subject to subsection (2), approval of the application with conditions.

(d) If agreed to by the department and the applicant, approval of the application with stipulations.

© Courtesy of www.legislature.mi.gov

(2) If an application is approved with conditions under subsection (1)(c), the conditions shall be explicit, shall be related to the proposed project or to the applicable provisions of this part, and shall specify a time, not to exceed 1 year after the date the decision is rendered, within which the conditions shall be met.

(3) If the department is conducting a comparative review, the director shall issue only 1 decision for all of the applications included in the comparative review.

(4) Before a final decision on an application is made, the bureau of the department designated by the director as responsible for the certificate of need program shall issue a proposed decision with specific findings of fact in support of the proposed decision with regard to each of the criteria listed in section 22225. The proposed decision also shall state with specificity the reasons and authority of the department for the proposed decision. The department shall transmit a copy of the proposed decision to the applicant.

(5) The proposed decision shall be submitted to the director on the same day the proposed decision is issued.

(6) If the proposed decision is other than an approval without conditions or stipulations, the director shall issue a final decision not later than 60 days after the date a proposed decision is submitted to the director unless the applicant has filed a request for a hearing on the proposed decision. If the proposed decision is an approval, the director shall issue a final decision not later than 5 days after the proposed decision is submitted to the director.

(7) The director shall review the proposed decision before a final decision is rendered.

(8) If a proposed decision is an approval, and if, upon review, the director reverses the proposed decision, the director immediately shall notify the applicant of the reversal. Within 15 days after receipt of the notice of reversal, the applicant may request a hearing under section 22232. After the hearing, the applicant may request the director to reconsider the reversal of the proposed decision, based on the results of the hearing.

(9) Within 30 days after the final decision of the director, the final decision of the director may be appealed only by the applicant and only on the record directly to the circuit court for the county where the applicant has its principal place of business in this state or the circuit court for Ingham county. Judicial review is governed by the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(10) If the department exceeds the time set forth in this section for other than good cause, as determined by the commission, upon the written request of an applicant, the department shall return to the applicant all of the certificate of need application fee paid by the applicant under section 20161.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003
.

**Popular name:** Act 368

### 333.22232 Hearing; written request; appointment and duties of hearing officer; governing law.

Sec. 22232. (1) The applicant may, within 15 days after receipt by the applicant of the bureau's proposed decision to deny the application or receipt of notice of reversal by the director of a proposed decision that is an approval, submit a written request for a hearing to demonstrate that the application filed by the applicant meets the requirements for approval under this part.

(2) The department shall appoint a hearing officer for a hearing held under this section. The hearing officer shall establish a schedule for the hearing, control the presentation of proofs, and take such other action determined by the hearing officer to be necessary to ensure that the hearing is conducted in an expeditious manner and completed within a reasonable period of time. The hearing officer shall convene the hearing within 90 days after receipt of a request for a hearing under this section. Upon written request by a party, a hearing officer may issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence. The department shall establish appropriate qualifications for hearing officers appointed under this section.

(3) If a hearing is requested under this section, chapter 4 of the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being sections 24.271 to 24.287 of the Michigan Compiled Laws, governs.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993.

**Popular name:** Act 368

### 333.22233 Waiver of criteria and procedures.

Sec. 22233. If the department determines that a proposed project is nonsubstantive in nature and does not warrant a full review, the department may waive certain criteria and procedures otherwise required under this part.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988.

© Courtesy of www.legislature.mi.gov

**Popular name:** Act 368

### 333.22235 Waiver of law and procedural requirements and criteria for review; affidavit; emergency certificate of need.

Sec. 22235. (1) The department may waive otherwise applicable provisions of this part and procedural requirements and criteria for review upon a showing by the applicant, by affidavit, of all of the following:

(a) The necessity for immediate or temporary relief due to natural disaster, fire, unforeseen safety consideration, or other emergency circumstances.

(b) The serious adverse effect of delay on the applicant and the community that would be occasioned by compliance with the otherwise applicable requirements of this part and rules promulgated under this part.

(c) The lack of substantial change in facilities or services that existed before the emergency circumstances established under subdivision (a).

(d) The temporary nature of the construction of facilities or the services that will not preclude different disposition of longer term determinations in a subsequent application for a certificate of need not made under this section.

(2) The department may issue an emergency certificate of need after necessary and appropriate review. A record of the review shall be made, including copies of affidavits and other documentation. Findings and conclusions shall be made as to an application for an emergency certificate of need, whether the emergency certificate of need is issued or denied.

(3) An emergency certificate of need issued under this section is a final decision and the applicant is not required to submit a formal application for a second review. A certificate of need issued under this section may be subject to special limitations and restrictions, in regard to duration and right of extension or renewal and other factors, imposed by the department.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 2002, Act 619, Eff. Mar. 31, 2003.

**Popular name:** Act 368

### 333.22237 Data and statistics as condition precedent to issuance of certificate of need.

Sec. 22237. As a condition precedent to the issuance of a certificate of need, the department may require that a health facility provide the department with data and statistics determined necessary by the department to carry out departmental duties required under this part, if the data and statistics have not already been reported to the department in a usable format.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988.

**Popular name:** Act 368

### 333.22239 Stipulation.

Sec. 22239. (1) If the certificate of need approval was based on a stipulation that the project would participate in title XIX and the project has not participated in title XIX for at least 12 consecutive months within the first 2 years of operation or continued to participate annually thereafter, the department shall revoke the certificate of need. A stipulation described in this section is germane to all health facility projects.

(2) The department shall monitor the participation in title XIX of each certificate of need applicant approved under this part. Except as otherwise provided in subsection (3), the department shall require each applicant to provide verification of participation in title XIX with its application and annually thereafter.

(3) The department shall not revoke or deny a certificate of need for a nursing home licensed under part 217 if that nursing home does not participate in title XIX on the effective date of the amendatory act that added this subsection but agrees to participate in title XIX if beds become available. This section does not prohibit a person from applying for and obtaining a certificate of need to acquire or begin operation of a nursing home that does not participate in title XIX.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003

### 333.22241 "New technology" defined; new technology review period; conditions to acquisition of new technology before end of review period; appointment, composition, and purpose of standing new medical technology advisory committee.

Sec. 22241. (1) For purposes of this section and section 22243, "new technology" means medical equipment that requires, but has not yet been granted, the approval of the federal food and drug administration for commercial use.

(2) The period ending 12 months after the date of federal food and drug administration approval of new

© Courtesy of www.legislature.mi.gov

technology for commercial use shall be considered the new technology review period. A person shall not acquire new technology before the end of a new technology review period, unless 1 of the following occurs:

(a) The department, with the concurrence of the commission, issues a public notice that the new technology will not be added to the list of covered medical equipment during the new technology review period. The notice may apply to specific new technology or classes of new technology.

(b) The person complies with the requirements of section 22243.

(c) The commission approves the addition of the new technology to the list of covered medical equipment, and the person obtains a certificate of need for that covered medical equipment.

(3) To assist in the identification of new medical technology or new medical services that may be appropriate for inclusion as a covered clinical service in the earliest possible stage of its development, the commission shall appoint a standing new medical technology advisory committee. A majority of the new medical technology advisory committee shall be representatives of health care provider organizations concerned with licensed health facilities or licensed health professions and other persons knowledgeable in medical technology. The commission also shall appoint representatives of health care consumer, purchaser, and third party payer organizations to the committee. The commission shall also appoint faculty members from schools of medicine, osteopathy, and nursing in this state.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003

.

**Popular name:** Act 368

### 333.22243 Acquisition of new technology before approval of federal food and drug administration; notice; requirements; deactivation and removal of new technology from service; conditions to utilizing new technology beyond specified period.

Sec. 22243. (1) Unless the commission provides otherwise in a standard approved under section 22215(1)(h), a person may acquire new technology before the new technology is approved by the federal food and drug administration if the person notifies the department before acquiring the new technology, and the acquisition of the new technology continuously meets all of the following requirements:

(a) Has been authorized by the federal food and drug administration under an investigational device exemption and approved research project pursuant to 21 C.F.R. part 812.

(b) Is operated consistently with the research protocols established and approved by the federal food and drug administration for the investigational device exemption.

(c) Is solely related to research and testing for purposes of determining the safety and effectiveness of the new technology for use on human subjects.

(d) Is funded so that there will be no recovery of either capital or operating expenses for the use of the new technology either from patients or from third party payers. However, usual and customary charges or other payment arrangements for related services rendered to patients that are consistent with standard nonexperimental treatment, including, but not limited to, room, board, ancillary services, and outpatient services may be charged to patients or third party payers, or both, in accordance with normal billing practices. Each patient upon whom the new technology is used shall be informed of the requirements of this subdivision.

(e) Is maintained under a separate cost center that includes overhead costs, for expenditure reporting related to the research project.

(f) Is developed so that capital funding for the research project will be obtained from sources other than the Michigan state hospital finance authority or any other governmentally supported financing source. This subdivision does not prohibit a person from using grants for research activities.

(g) Is operated so as to provide, upon request of the department, data obtained from the research project that the department may use in developing certificate of need review standards relative to the new technology. Aggregate data obtained as part of a federally approved data set shall meet the requirements of this part, except that supplemental data may be requested by the department.

(h) Is not marketed or advertised to other health care providers or the public.

(2) A person acquiring new technology under this section shall deactivate and remove the new technology from service on the date of notice that federal approval under the investigational device exemption for the new technology acquired under 21 C.F.R. part 812 has expired or been withdrawn, or the date of receipt of a department compliance order alleging a violation of this section.

(3) A person may continue to utilize new technology acquired under this section beyond the period specified in subsection (2) if any 1 of the following applies:

(a) The continued use is in compliance with section 22243(1)(d) to (h).

(b) The department issues a notice that the new technology will not be added to the list of covered medical

© Courtesy of www.legislature.mi.gov

equipment pursuant to section 22241(2)(a).

(c) The commission adds the new technology to the list of covered medical equipment, and the continued use is consistent with applicable certificate of need review standards, if any.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988.

**Popular name:** Act 368

### 333.22247 Monitoring compliance with certificates of need; investigating allegations of noncompliance; violation; sanctions; refund of charges.

Sec. 22247. (1) The department shall monitor compliance with all certificates of need issued under this part and shall investigate allegations of noncompliance with a certificate of need or this part.

(2) If the department determines that the recipient of a certificate of need under this part is not in compliance with the terms of the certificate of need or that a person is in violation of this part or the rules promulgated under this part, the department shall do 1 or more of the following:

(a) Revoke or suspend the certificate of need.

(b) Impose a civil fine of not more than the amount of the billings for the services provided in violation of this part.

(c) Take any action authorized under this article for a violation of this article or a rule promulgated under this article, including, but not limited to, issuance of a compliance order under section 20162(5), whether or not the person is licensed under this article.

(d) Request enforcement action under section 22253.

(e) Take any other enforcement action authorized by this code.

(f) Publicize or report the violation or enforcement action, or both, to any person.

(g) Take any other action as determined appropriate by the department.

(3) A person shall not charge to, or collect from, another person or otherwise recover costs for services provided or for equipment or facilities that are acquired in violation of this part. If a person has violated this subsection, in addition to the sanctions provided under subsection (2), the person shall, upon request of the person from whom the charges were collected, refund those charges, either directly or through a credit on a subsequent bill.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003
.

**Popular name:** Act 368

### 333.22249 Agreement authorizing hospital to lease space and operate beds in another hospital; conditions.

Sec. 22249. (1) Subject to subsection (2), if a hospital has a high occupancy rate, as determined by the department, and if the hospital applies for and is issued a certificate of need for an increase in licensed bed capacity, the department may enter into an agreement with the hospital that would authorize the hospital to lease space and operate beds in another hospital in the same planning area, if the other hospital has a low occupancy rate, as determined by the department.

(2) The department may enter into an agreement authorized under subsection (1) only if all of the following apply:

(a) The hospital issued a certificate of need has a documented history of high occupancy.

(b) The alternative of redistributing the beds within the hospital's licensed bed capacity does not exist.

(c) The agreement will not change the overall supply of beds within the planning area.

(d) New construction is not required.

(e) The department determines that the agreement is necessary to protect the public health, safety, and welfare.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988.

**Popular name:** Act 368

### 333.22251 Repealed. 1993, Act 88, Imd. Eff. July 9, 1993.

**Compiler's note:** The repealed section pertained to plans for reduction of excess hospital beds.

**Popular name:** Act 368

### 333.22253 Injunction or other process to restrain or prevent violation.

Sec. 22253. Notwithstanding the existence and pursuit of any other remedy, the department may request the attorney general or prosecuting attorney of the jurisdiction where a capital expenditure is proposed to be or was made to bring an action in the name of the people of this state for an injunction or other process

against a person to restrain or prevent a violation of this part or the rules promulgated under this part.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988.

**Popular name:** Act 368

### 333.22255 Procedural rules.

Sec. 22255. The department, with the approval of the commission, may promulgate procedural rules to implement this part.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 2002, Act 619, Eff. Mar. 31, 2003.

**Popular name:** Act 368

### 333.22257 Certificate of need issued under former part 221.

Sec. 22257. A certificate of need issued under former part 221 has the same effect as a similar certificate of need issued under this part. The holder of the certificate of need is subject to all of the conditions, stipulations, and agreements pertaining to the certificate of need and to the same authority of the department to limit, suspend, revoke, or reinstate the certificate of need as a holder of a certificate of need issued under this part.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988.

**Popular name:** Act 368

### 333.22260 Reports of reviews; preparation and publication; statements; recommendations; public examination of applications and written materials on file; providing copies.

Sec. 22260. (1) The department shall prepare and publish monthly reports of reviews conducted under this part. The reports shall include a statement on the status of each pending review and a statement as to each review completed, including statements of the findings and decisions made in the course of the reviews since the last report, and the recommendations of regional certificate of need review agencies.

(2) The department shall make available to the public for examination during all business hours the applications received by them and pertinent written materials on file.

(3) The department, upon request, shall provide copies of an application or part of an application. The department may charge a reasonable fee for the copies.

**History:** Add. 1988, Act 332, Eff. Oct. 1, 1988;—Am. 1993, Act 88, Imd. Eff. July 9, 1993;—Am. 2002, Act 619, Eff. Mar. 31, 2003

### 333.24501 Meaning of words and phrases; principles of construction.

Sec. 24501. (1) For purposes of this article, the words and phrases defined in sections 24502 to 24504 have the meanings ascribed to them in those sections.

(2) In addition, article 1 contains general definitions and principles of construction applicable to all articles in this code.

**History:** Add. 2020, Act 234, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

### 333.24502 Definitions; C to I.

Sec. 24502. (1) "Carrier" means any of the following:

(a) A person that issues a health benefit plan in this state, including an insurer, health maintenance organization, or any other person providing a plan of health benefits, coverage, or insurance subject to state insurance regulation.

(b) An entity that contracts with this state or a local unit of government to provide, deliver, arrange for, pay for, or reimburse any of the costs of health care services provided under a self-funded plan established or maintained by the state or local unit of government for its employees.

(2) "Department" means the department of insurance and financial services.

(3) "Director" means the director of the department or his or her designee.

(4) "Emergency patient" means an individual with a physical or mental condition that manifests itself by acute symptoms of sufficient severity, including, but not limited to, pain such that a prudent layperson, possessing average knowledge of health and medicine, could reasonably expect to result in 1 or more of the following:

(a) Placing the health of the individual or, in the case of a pregnant woman, the health of the woman or the

© Courtesy of www.legislature.mi.gov

unborn child, or both, in serious jeopardy.

(b) Serious impairment of bodily function.

(c) Serious dysfunction of a body organ or part.

(5) "Health benefit plan" means an individual or group expense-incurred hospital, medical, or surgical policy or certificate, an individual or group health maintenance organization contract, or a self-funded plan established or maintained by this state or a local unit of government for its employees. Health benefit plan does not include accident-only, credit, dental, or disability income insurance; long-term care insurance; coverage issued as a supplement to liability insurance; coverage only for a specified disease or illness; worker's compensation or similar insurance; or automobile medical-payment insurance.

(6) "Health care service" means a diagnostic procedure, medical or surgical procedure, examination, or other treatment.

(7) "Health facility" means any of the following:

(a) A hospital.

(b) A freestanding surgical outpatient facility as that term is defined in section 20104.

(c) A skilled nursing facility as that term is defined in section 20109.

(d) A physician's office or other outpatient setting, that is not otherwise described in this subsection.

(e) A laboratory.

(f) A radiology or imaging center.

(8) "Health maintenance organization" means that term as defined in section 3501 of the insurance code of 1956, 1956 PA 218, MCL 500.3501.

(9) "Hospital" means that term as defined in section 20106.

(10) "Insurer" means that term as defined in section 106 of the insurance code of 1956, 1956 PA 218, MCL 500.106.

**History:** Add. 2020, Act 234, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

### 333.24503 Definitions; L to N.

Sec. 24503. (1) "Local unit of government" means that term as defined in section 1 of 2006 PA 495, MCL 550.1951.

(2) "Nonemergency patient" means an individual whose physical or mental condition is such that the individual may reasonably be suspected of not being in imminent danger of loss of life or of significant health impairment.

(3) "Nonparticipating health facility" means a health facility that is not a participating health facility.

(4) "Nonparticipating provider" means a provider who is not a participating provider.

**History:** Add. 2020, Act 234, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

### 333.24504 Definitions; P.

Sec. 24504. (1) "Participating health facility" means a health facility that, under contract with a carrier, or with the carrier's contractor or subcontractor, agrees to provide health care services to individuals who are covered by health benefit plans issued or administered by the carrier and to accept payment by the carrier, contractor, or subcontractor for the services covered by the health benefit plans as payment in full, other than coinsurance, copayments, or deductibles.

(2) "Participating provider" means a provider who, under contract with a carrier, or with the carrier's contractor or subcontractor, agrees to provide health care services to individuals who are covered by health benefit plans issued or administered by the carrier and to accept payment by the carrier, contractor, or subcontractor for the services covered by the health benefit plans as payment in full, other than coinsurance, copayments, or deductibles.

(3) "Patient's representative" means any of the following:

(a) A person to whom a nonemergency patient has given express written consent to represent the patient.

(b) A person authorized by law to provide consent for a nonemergency patient.

(c) A provider who is treating a nonemergency patient, but only if the patient is unable to provide consent.

(4) "Provider" means an individual who is licensed, registered, or otherwise authorized to engage in a health profession under article 15, but does not include a dentist licensed under part 166.

**History:** Add. 2020, Act 234, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

### 333.24507 Nonparticipating provider; emergency patient; limitation on charges; payment in

**full.**

Sec. 24507. (1) Subsection (2) applies to a nonparticipating provider who is providing a health care service if any of the following apply:

(a) The health care service is provided to an emergency patient, is covered by the emergency patient's health benefit plan, and is provided to the emergency patient by the nonparticipating provider at a participating health facility or nonparticipating health facility.

(b) All of the following apply:

(*i*) The health care service is provided to a nonemergency patient.

(*ii*) The health care service is covered by the nonemergency patient's health benefit plan.

(*iii*) The health care service is provided to the nonemergency patient by the nonparticipating provider at a participating health facility.

(*iv*) Either of the following:

(A) The nonemergency patient does not have the ability or opportunity to choose a participating provider.

(B) The nonemergency patient has not been provided the disclosure required under section 24509.

(c) The health care service is provided by the nonparticipating provider at a hospital that is a participating health facility to an emergency patient who was admitted to the hospital within 72 hours after receiving a health care service in the hospital's emergency room.

(2) Except as otherwise provided in section 24511 or 24513 and subject to subsection (4), if any of the circumstances described in subsection (1) apply, the nonparticipating provider shall submit a claim to the patient's carrier within 60 days after the date of the health care service and shall accept from the patient's carrier, as payment in full, the greater of the following:

(a) Subject to section 24510, the median amount negotiated by the patient's carrier for the region and provider specialty, excluding any in-network coinsurance, copayments, or deductibles. The patient's carrier shall determine the region and provider specialty for purposes of this subdivision.

(b) One hundred and fifty percent of the Medicare fee for service fee schedule for the health care service provided, excluding any in-network coinsurance, copayments, or deductibles.

(3) If the circumstance described in subsection (1)(c) applies, this section applies to any health care service provided by a nonparticipating provider to the emergency patient during his or her hospital stay.

(4) A patient's carrier shall pay the amount described in subsection (2) to the nonparticipating provider within 60 days after receiving the claim from the nonparticipating provider under subsection (2). The nonparticipating provider shall not collect or attempt to collect from the patient any amount other than the applicable in-network coinsurance, copayment, or deductible.

**History:** Add. 2020, Act 234, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

## 333.24509 Nonparticipating provider; nonemergency patient; disclosure requirements; limitation on charges imposed; payment in full.

Sec. 24509. (1) Subject to subsection (2), a nonparticipating provider who is providing a health care service to a nonemergency patient shall provide the disclosure described in subsection (3) to the nonemergency patient at the earliest of the following:

(a) If the health care service was scheduled and is being provided in a health facility described in section 24502(7)(a), (b), (c), (e), or (f), at least 14 days before providing the health care service or, if the health care service will be provided within 14 days after scheduling the health care service, within 14 days.

(b) If the health care service is being provided in a health facility described in section 24502(7)(d), at the time of the nonparticipating provider's first contact with the nonemergency patient regarding the health care service.

(c) During 1 of the following:

(*i*) A presurgical consultation for the health care service.

(*ii*) A scheduling or intake call for the health care service.

(*iii*) A preoperative review for the health care service.

(*iv*) Any other contact occurring before a health care service that is similar to a contact described in subparagraph (*i*), (*ii*), or (*iii*).

(2) A nonparticipating provider shall not provide the disclosure described in subsection (3) to a nonemergency patient at the time of the nonemergency patient's admittance to a health facility described in section 24502(7)(a), (b), (c), (e), or (f), or at the time of preparing the nonemergency patient for a surgery or another medical procedure.

(3) The disclosure required under subsection (1) must be in not less than 12-point type and in substantially the following form:

© Courtesy of www.legislature.mi.gov

"Your health benefit plan may or may not provide coverage for all of the health care services you are scheduled to receive or the providers providing those services. You may be responsible for the costs of the services that are not covered by your health benefit plan.

The nonparticipating provider must provide a good-faith estimate of the cost of the health care services to be provided. A good-faith estimate does not take into account unforeseen circumstances, which may affect the cost of the health care services provided.

You also have a right to request that the health care services be performed by a provider that participates with your health benefit plan, and may contact your carrier to arrange for those services to be provided at a lower cost and to receive information on in-network providers who can perform the health care services that you need.

I have received, read, and understand this disclosure.

_____ _____

(Patient or patient's representative's signature) (Date)

_____

(Type or print name of patient or patient's representative)".

(4) A nonparticipating provider shall do all of the following:

(a) Complete the disclosure described in subsection (3) and, after completing the disclosure, obtain on the disclosure the signature of the nonemergency patient, or that patient's representative, acknowledging that the nonemergency patient, or that patient's representative, has received, has read, and understands the disclosure.

(b) Retain a copy of the disclosure required under this section for not less than 7 years.

(c) Provide the nonemergency patient or that patient's representative with a good-faith estimate of the cost of the health care services to be provided to the nonemergency patient.

(5) Except as otherwise provided in section 24513 and subject to subsection (6), a nonparticipating provider who fails to provide the disclosure as required under this section shall submit a claim to the nonemergency patient's carrier within 60 days after the date of the health care service and shall accept from the nonemergency patient's carrier, as payment in full, the greater of the following:

(a) Subject to section 24510, the median amount negotiated by the nonemergency patient's carrier for the region and provider specialty, excluding any in-network coinsurance, copayments, or deductibles. The nonemergency patient's carrier shall determine the region and provider specialty for purposes of this subdivision.

(b) One hundred and fifty percent of the Medicare fee for service fee schedule for the health care service provided, excluding any in-network coinsurance, copayments, or deductibles.

(6) A nonemergency patient's carrier shall pay the amount described in subsection (5) to the nonparticipating provider within 60 days after receiving the claim from the nonparticipating provider under subsection (5). The nonparticipating provider shall not collect or attempt to collect from the nonemergency patient any amount other than the applicable in-network coinsurance, copayment, or deductible.

**History:** Add. 2020, Act 235, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

### 333.24510 Request for review of calculation of charges; treatment of data, documents, materials and other information.

Sec. 24510. (1) Beginning July 1, 2021, if a nonparticipating provider believes that the amount described in section 24507(2)(a) or 24509(5)(a) was incorrectly calculated, the nonparticipating provider may make a request to the department for a review of the calculation. The request must be made on a form and in a manner required by the department.

(2) The department may request data on the median amount negotiated by the patient's carrier with participating providers or any documents, materials, or other information that the department believes is necessary to assist the department in reviewing the calculation described in subsection (1) and may consult an external database that contains the negotiated rates under the patient's health benefit plan for the applicable health care service. For purposes of conducting a review under this section, any data, documents, materials, or other information requested by the department must only be submitted to the department.

(3) If, after conducting its review under this section, the department determines that the amount described in section 24507(2)(a) or 24509(5)(a) was incorrectly calculated, the department shall determine the correct amount. A nonparticipating provider shall not file a subsequent request for a review under subsection (1) if the request involves the same rate calculation for a health care service for which the nonparticipating provider has previously received a determination from the department under this section.

(4) All of the following apply to any data, documents, materials, or other information described in subsection (2) that are in the possession or control of the department and that are obtained by, created by, or

© Courtesy of www.legislature.mi.gov

disclosed to the director or a department employee for purposes of this section:

(a) The data, documents, materials, or other information is considered proprietary and to contain trade secrets.

(b) The data, documents, materials, or other information are confidential and privileged and are not subject to disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(c) The data, documents, materials, or other information are not subject to subpoena and are not subject to discovery or admissible in evidence in any private civil action.

(5) The director or a department employee who receives data, documents, materials, or other information under this section shall not testify in any private civil action concerning the data, documents, materials, or information.

**History:** Add. 2020, Act 234, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

### 333.24511 Increased reimbursement claim for health care service involving a complicating factor; required documentation; denial; binding arbitration; "complicating factor" defined.

Sec. 24511. (1) A nonparticipating provider who provides a health care service involving a complicating factor to an emergency patient described in section 24507(1)(a) or (c) may file a claim with a carrier for a reimbursement amount that is greater than the amount described in section 24507(2). The claim must be accompanied by both of the following:

(a) Clinical documentation demonstrating the complicating factor.

(b) The emergency patient's medical record for the health care service, with the portions of the record supporting the complicating factor highlighted.

(2) A carrier shall do 1 of the following within 30 days after receiving the claim described in subsection (1):

(a) If the carrier determines that the documentation submitted with the claim demonstrates a complicating factor, make 1 additional payment that is 25% of the amount provided under section 24507(2)(a).

(b) If the carrier determines that the documentation submitted with the claim does not demonstrate a complicating factor, issue a letter to the nonparticipating provider denying the claim.

(3) If a carrier denies a claim under subsection (2), beginning July 1, 2021, the nonparticipating provider may file a written request for binding arbitration with the department on a form and in a manner required by the department. The department shall accept the request for binding arbitration if the department receives all of the following from the nonparticipating provider:

(a) The documentation that the nonparticipating provider submitted to the carrier under subsection (1).

(b) The contact information for the emergency patient's health benefit plan.

(c) The denial letter described in subsection (2).

(4) If the request for binding arbitration under subsection (3) is accepted by the department, the department shall notify the carrier. Within 30 days after receiving the department's notification under this subsection, the carrier shall submit written documentation to the department either confirming the carrier's denial or providing an alternative payment offer to be considered in the arbitration process.

(5) The department shall create and maintain a list of arbitrators approved by the department who are trained by the American Arbitration Association or American Health Lawyers Association for purposes of providing binding arbitration under this section. The parties to the arbitration shall agree on an arbitrator from the department's list. The arbitration must include a review of written submissions by both parties, including alternative payment offers, and the arbitrator shall provide a written decision within 45 days after receiving the documentation submitted by the parties. In making a determination, the arbitrator shall consider documentation supporting the use of a procedure code or modifier for care provided beyond the usual health care service and any of the following:

(a) Increased intensity, time, or technical difficulty of the health care service.

(b) The severity of the patient's condition.

(c) The physical or mental effort required in providing the health care service.

(6) The nonparticipating provider and the carrier shall each pay 1/2 of the total costs of the arbitration proceeding. A nonparticipating provider participating in arbitration under this section shall not collect or attempt to collect from the patient any amount other than the applicable in-network coinsurance, copayment, or deductible.

(7) This section does not limit any other review process provided under this article.

(8) As used in this section, "complicating factor" means a factor that is not normally incident to a health care service, including, but not limited to, the following:

(a) Increased intensity, time, or technical difficulty of the health care service.

© Courtesy of www.legislature.mi.gov

(b) The severity of the patient's condition.

(c) The physical or mental effort required in providing the health care service.

**History:** Add. 2020, Act 234, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

### 333.24513 Nonparticipating provider and carrier payment agreement; limitation.

Sec. 24513. This article does not prohibit a nonparticipating provider and a carrier from agreeing, through private negotiations or an internal dispute resolution process, to a payment amount that is greater than the amounts described in section 24507(2) or 24509(5). A nonparticipating provider entering into an agreement authorized under this section shall not collect or attempt to collect from the patient any amount other than the applicable in-network coinsurance, copayment, or deductible.

**History:** Add. 2020, Act 234, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

### 333.24515 Annual report.

Sec. 24515. (1) Subject to subsection (3), the department shall prepare an annual report that, except as otherwise provided in subsection (2), includes, but is not limited to, the following information for the immediately preceding calendar year:

(a) The number of out-of-network billing complaints received by the department from enrollees or their authorized representatives.

(b) The number of complaints received by the department from enrollees or their authorized representatives, separated by provider specialty.

(c) For each health plan, the ratio of out-of-network billing complaints to the total number of enrollees in the health plan.

(d) Carrier network adequacy by provider specialty.

(e) The number of requests made to the department under section 24510(1).

(f) The number of requests for binding arbitration filed under section 24511(3).

(2) The department shall not consider insurance rates when preparing the report required under this section.

(3) By July 1 of the year following the year of the effective date of the amendatory act that added this article, and by every July 1 thereafter, the department shall prepare the report required under this section and provide the report to the senate and house of representatives standing committees on health policy and insurance. The department shall also post the report on the department's website.

**History:** Add. 2020, Act 234, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

### 333.24517 Rules.

Sec. 24517. The department may promulgate rules to implement sections 24510 and 24511. However, the department or another department of this state shall not promulgate rules to implement any other section in this article.

**History:** Add. 2020, Act 234, Imd. Eff. Oct. 22, 2020.

**Popular name:** Act 368

| CHAPTER | SECTION NUMBERS | COMPILED LAW NUMBERS (1970) |
|---|---|---|
| 35 | 1 to 49 | 327.1 to 327.49 |

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.25103 Repeal of MCL 125.401 to 125.543; time.

Sec. 25103. Act No. 167 of the Public Acts of 1917, as amended, being sections 125.401 to 125.543 of the Compiled Laws of 1970, is repealed when all or the principal part of the rules promulgated under section 12211 take effect.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Compiler's note:** Sec. 12211, which authorized the promulgation of rules on minimum housing standards, was repealed by Act 431 of 1980, Eff. Mar. 31, 1981, prior to the promulgation of any rules.

**Popular name:** Act 368

### 333.25105 Repeal of MCL 325.901 to 325.947; time.

Sec. 25105. Act No. 264 of the Public Acts of 1974, being sections 325.901 to 325.947 of the Compiled Laws of 1970, is repealed 1 year after the date set forth in section 25211.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.25107 Repeal of MCL 722.230; time.

Sec. 25107. Section 30 of Act No. 158 of the Public Acts of 1937, being section 722.230 of the Compiled Laws of 1970, is repealed 2 years after the effective date set forth in section 25211.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.25109 Repeal of MCL 338.209a; effective date of section.

Sec. 25109. (1) Section 9a of Act No. 122 of the Public Acts of 1939, being section 338.209a of the Compiled Laws of 1970, is repealed.

(2) This section shall not take effect until rules regulating the practice of a dental assistant under part 166 are promulgated.

**History:** 1978, Act 368, Eff. July 3, 1984.

**Compiler's note:** R 338.11401 et seq. of the Michigan Administrative Code, regulating the practice of a dental assistant, were promulgated on July 3, 1984.

**Popular name:** Act 368

## PART 252
## SAVINGS CLAUSES AND EFFECTIVE DATES

### 333.25201 Continuation of statutory provisions and rules; submission of proposed rules to public hearing; nomination and appointment of agency members.

Sec. 25201. (1) Where a section of this code authorizes or directs the promulgation of rules, including rules fixing fees, but rules dealing with the subject matter do not exist when the section takes effect, a statutory provision covering the matter, which is repealed by this code, shall nevertheless continue in effect until rules covering the matter take effect or for 3 years, whichever is sooner.

(2) Rules in effect on the effective date of this code shall continue to the extent that they do not conflict with this code, and shall be considered as rules promulgated under this code.

(3) An agency which is required to promulgate rules under this code shall submit the proposed rules to public hearing within 2 years after the effective date of this code.

(4) Rules and regulations adopted by a district or county board of health which are in effect on the effective date prescribed in section 25211 continue to the extent that they do not conflict with this code, and are considered as local health department regulations promulgated under this code.

(5) On the date this code is enacted into law procedures for the nomination and appointment of members of agencies created or continued by this code may be commenced, but the appointments shall not take effect before the effective date of the section providing for the appointment.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.25205 Section 8.4a inapplicable to code; action or other proceeding not abated.

Sec. 25205. Section 4a of chapter 1 of the Revised Statutes of 1846, being section 8.4a of the Michigan Compiled Laws, is applicable to this code. In addition, an action or other proceeding lawfully commenced by or against an agency or an officer of this state, in his or her official capacity in relation to the discharge of official duties, including a proceeding against a licensee, registrant, or permittee, does not abate because the agency or officer is superseded by another agency or office created by this code. The court may allow the action or other proceeding to be maintained by or against the successor of the agency or officer.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

**Popular name:** Act 368

### 333.25211 Effective date of code; exceptions; promulgation of rules authorized by code.

Sec. 25211. (1) Except as specific provisions of this code may provide otherwise, this code takes effect on September 30, 1978.

(2) On the date this code is enacted into law, procedures and actions required for the rule-making process pursuant to the administrative procedures act of 1969 may be commenced, but the rules authorized by this code shall not be promulgated until on or after the effective date set forth in subsection (1) or the effective date applicable to the section of this code under which the rules are promulgated.

**History:** 1978, Act 368, Eff. Sept. 30, 1978.

# REPRODUCTIVE HEALTH ACT
# Act 286 of 2023

AN ACT to list certain constitutional rights related to reproductive freedom; to prohibit the violation of certain rights and provide remedies; to provide for the powers and duties of certain state and local governmental officers and entities; and to repeal acts and parts of acts.

**History:** 2023, Act 286, Eff. Feb. 13, 2024.

*The People of the State of Michigan enact:*

## 333.26101 Definitions.

Sec. 1. As used in this act:

(a) A state interest is "compelling" as that term is described in section 28 of article I of the state constitution of 1963.

(b) "Fetal viability" means that term as defined in section 28 of article I of the state constitution of 1963.

(c) "Governmental entity" means any of the following:

(*i*) This state and its agencies, departments, commissions, courts, boards, councils, and statutorily created task forces.

(*ii*) A county, city, village, township, school district, or other political subdivision of this state.

(*iii*) An agency, department, court, board, commission, or council of a political subdivision described in subparagraph (*ii*).

(*iv*) An official of any of the entities described in subparagraph (*i*), (*ii*), or (*iii*).

**History:** 2023, Act 286, Eff. Feb. 13, 2024.

## 333.26103 Constitutional right to reproductive freedom.

Sec. 3. (1) As provided in section 28 of article I of the state constitution of 1963, the following apply in this state:

(a) Every individual has a fundamental right to reproductive freedom, which entails the right to make and effectuate decisions about all matters relating to pregnancy, including, but not limited to, prenatal care, childbirth, postpartum care, contraception, sterilization, abortion care, miscarriage management, and infertility care.

(b) An individual's right to reproductive freedom shall not be denied, burdened, nor infringed upon unless justified by a compelling state interest achieved by the least restrictive means.

(c) Notwithstanding the above, the state may regulate the provision of abortion care after fetal viability, provided that in no circumstance shall the state prohibit an abortion that, in the professional judgment of an attending health care professional, is medically indicated to protect the life or physical or mental health of the pregnant individual.

(d) The state shall not penalize, prosecute, or otherwise take adverse action against an individual based on their actual, potential, perceived, or alleged pregnancy outcomes, including, but not limited to, miscarriage, stillbirth, or abortion. Nor shall the state penalize, prosecute, or otherwise take adverse action against someone for aiding or assisting a pregnant individual in exercising their right to reproductive freedom with their voluntary consent.

(2) In determining whether an abortion is medically indicated to protect the life or physical or mental health of a pregnant individual under subsection (1)(c), the attending health care professional may consider any factor that the attending health care professional considers relevant to the well-being of the pregnant individual, including, but not limited to, the pregnant individual's age and physical, emotional, psychological, and familial considerations.

**History:** 2023, Act 286, Eff. Feb. 13, 2024.

## 333.26105 Violation of constitutional right to reproductive freedom; civil action; costs and attorney fees.

Sec. 5. (1) An individual or entity, or the individual's or entity's legal representative, who alleges a violation of the individual's or entity's rights under section 28 of article I of the state constitution of 1963 or section 3 by a governmental entity may bring a civil action for injunctive relief, damages, or any other appropriate remedy, in the appropriate state or federal court.

(2) The attorney general may enforce section 3 through a civil action for injunctive relief, damages, or any other appropriate remedy.

(3) A court shall award reasonable costs and attorney fees to a plaintiff who prevails in an action brought

# LOW-LEVEL RADIOACTIVE WASTE AUTHORITY ACT
# Act 204 of 1987

AN ACT to provide for matters pertaining to a low-level radioactive waste disposal site in this state; to create a low-level radioactive waste authority and prescribe its powers and duties; to create certain boards, committees, and institutes and prescribe their powers and duties; to prescribe the powers and duties of certain persons, municipalities, and counties and state departments and agencies; to provide for certain methods of dispute resolution; to create certain funds; and to provide for an appropriation and the expenditure of certain funds.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987.

**Compiler's note:** For abolition of the Department of Natural Resources and transfer of its powers, duties, and functions of the Director of the Department of Natural Resources, the Natural Resources Commission, and agencies, boards and commissions contained in the department, including the functions of budget, procurement, and management-related functions to the new Department of Natural Resources, with the exception that the power to designate a member of the commission is vested in the Governor, see E.R.O. No. 1991-22 compiled at MCL 299.13 of the Michigan Compiled Laws.

For transfer of powers and duties of the Low-Level Radioactive Waste Authority from the Department of Management and Budget to the Director of the Department of Commerce, see E.R.O. No. 1991-23, compiled MCL 332.26251 of the Michigan Compiled Laws.

*The People of the State of Michigan enact:*

## 333.26201 Short title.

Sec. 1. This act shall be known and may be cited as the "low-level radioactive waste authority act".

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987.

**Compiler's note:** For abolition of the Department of Natural Resources and transfer of its powers, duties, and functions of the Director of the Department of Natural Resources, the Natural Resources Commission, and agencies, boards and commissions contained in the department, including the functions of budget, procurement, and management-related functions to the new Department of Natural Resources, with the exception that the power to designate a member of the commission is vested in the Governor, see E.R.O. No. 1991-22 compiled at MCL 299.13 of the Michigan Compiled Laws.

For transfer of powers and duties of the Low-Level Radioactive Waste Authority from the Department of Management and Budget to the Director of the Department of Commerce, see E.R.O. No. 1991-23, compiled MCL 332.26251 of the Michigan Compiled Laws.

For transfer of powers and duties of the low-level radioactive waste authority from the department of commerce to the Michigan department of environmental quality, see E.R.O. No. 1996-2, compiled at MCL 445.2001 of the Michigan Compiled Laws.

## 333.26202 Definitions.

Sec. 2. As used in this act:

(a) "Authority" means the low-level radioactive waste authority established in section 3.

(b) "Candidate site" means a site designated by the authority as a possible host site pursuant to section 11.

(c) "Carrier" means a person authorized pursuant to part 137 who is engaged in the transportation of waste by air, rail, highway, or water.

(d) "Commissioner" means the head of the authority.

(e) "Compact" means a contractual, cooperative agreement among 2 or more states to provide for the disposal of low-level radioactive waste that is reflected by the passage of statutes by the participating states.

(f) "Department" means the department of public health.

(g) "Director" means the director of public health.

(h) "Disposal" means the isolation of waste from the biosphere by emplacement in the disposal site or as otherwise authorized in section 13709(3) of part 137.

(i) "Disposal site" means a geographic location in this state upon which the disposal unit and any other structures and appurtenances are located, the property upon which any monitoring equipment is located, and the isolation distance from the disposal unit to adjacent property lines.

(j) "Disposal unit" means the portion of the disposal site into which waste is placed for disposal.

(k) "Generator" means any person licensed as a generator by the nuclear regulatory commission and authorized pursuant to part 137 whose act or process results in the production of waste or whose act first causes waste to become subject to regulation under part 137 or federal law.

(*l*) "Groundwater" means water below the land surface in a zone of saturation.

(m) "Host site" means the candidate site that is designated by the commissioner as the location for the disposal site in this state.

(n) "Host site community" means the municipality that is designated by the commissioner as the host site.

(o) "Institute" means the international low-level radioactive waste research and education institute.

(p) "Institutional control" means the continued surveillance, monitoring, and care of the disposal site after site closure and stabilization to insure the protection of the public health, safety, and welfare, and the

© Courtesy of www.legislature.mi.gov

environment until the contents of the disposal site no longer have a radioactive content that is greater than the natural background radiation of the host site as determined during its site characterization.

(q) "Local monitoring committee" means a committee established pursuant to section 14 to represent a candidate site.

(r) "Low-level radioactive waste" or "waste" means radioactive material that consists of or contains class A, B, or C radioactive waste as defined by 10 C.F.R. 61.55, as in effect on January 26, 1983, but does not include waste or material that is any of the following:

(*i*) Owned or generated by the department of energy.

(*ii*) Generated by or resulting from the operation or closure of a superconducting super collider.

(*iii*) Owned or generated by the United States navy as a result of the decommissioning of vessels of the United States navy.

(*iv*) Owned or generated as a result of any research, development, testing, or production of an atomic weapon.

(*v*) Identified under the formerly utilized sites remedial action program.

(*vi*) High-level radioactive waste, spent nuclear fuel, or byproduct material as defined in section 11(e)(2) of the atomic energy act of 1954, chapter 1073, 68 Stat. 922, 42 U.S.C. 2014.

(*vii*) Contains greater than or equal to 100 nanocuries per gram of transuranic elements.

(*viii*) Contains concentrations of radionuclides that exceed the limits established by the nuclear regulatory commission for class C radioactive waste as defined by 10 C.F.R. 61.55, as in effect January 26, 1983.

(*ix*) Classified as naturally occurring or accelerator-produced radioactive materials known as N.A.R.M. waste.

(*x*) Waste that after December 22, 1987 is determined by the nuclear regulatory commission to be waste that is beneath regulatory concern, or B.R.C. waste as defined by the nuclear regulatory commission, unless the department and the authority concur with this designation.

(s) "Low-level radioactive waste management fund" or "fund" means the fund created in section 20.

(t) "Manifest" means a form provided or approved by the department that is used for identifying the quantity; composition, including the class, curie count, and radioactive nuclides; origin; routing; and destination of waste from the point of generation to the point of processing, collection, or disposal.

(u) "Municipality" means a city, village, township, or Indian tribe.

(v) "Operation" means the control, supervision, or implementation of the actual physical activities involved in the acceptance, storage, disposal, and monitoring of waste at the disposal site, the maintenance of the disposal site, and any other responsibility pertaining to the disposal unit and the disposal site.

(w) "Part 137" means part 137 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.13701 to 333.13741 of the Michigan Compiled Laws.

(x) "Performance assessment" means an analysis of the potential pathways for release of waste to the environment and the potential impacts of a release during the transportation of radioactive waste to the disposal site and during the handling and disposal of waste at the disposal site, including, but not limited to:

(*i*) A description of the potential pathways for radioactive nuclide migration beyond the boundaries of the disposal site during the operation of the site and if there is a release.

(*ii*) A description of the potential pathways for radioactive nuclide migration beyond the packaging boundaries if a release occurs during transportation.

(*iii*) An analysis of safety factors pertaining to the transportation of waste.

(*iv*) The identification of the potential impacts to air, surface water, and groundwater quality, and vegetation, animals, and humans, or any other living thing beyond the boundaries of the disposal site.

(*v*) A description of potential mechanisms for radioactive release, including, but not limited to, mechanical failure, structural failure, and human error.

(y) "Person" means an individual, partnership, cooperative, association, corporation, receiver, trustee, or assignee.

(z) "Postclosure observation and maintenance" means the surveillance, monitoring, and maintenance of the disposal site after it has been closed and continuing through site closure and stabilization and institutional control.

(aa) "Release" means any intentional or unintentional spilling, leaking, pumping, emitting, emptying, discharging, injecting, escaping, leaching, dumping, disposing, or placing of waste into the environment, except in compliance with all of the following:

(*i*) Part 137.

(*ii*) The rules promulgated under part 135 of the public health code, Act No. 368 of the Public Acts of 1978, being sections 333.13501 to 333.13536 of the Michigan Compiled Laws.

(*iii*) A permit or license issued pursuant to federal law, if the person who is responsible for the release

© Courtesy of www.legislature.mi.gov

holds such a permit or license.

(*iv*) A permit or license issued pursuant to part 137, if the person who is responsible for the release holds such a permit or license.

(*v*) The rules promulgated under this part.

(bb) "Remedial actions" means those actions taken in the event of a radioactive release or threatened release into the environment to prevent or minimize the radioactive release so that it does not migrate and cause significant danger to the present or future public health, safety, or welfare, or to the environment. Remedial action includes, but is not limited to, actions at the location of the release such as storage, confinement, perimeter protection which may include using dikes, trenches, and ditches, clay cover, neutralization, dredging or excavation, repair or replacement of leaking containers, collection of leachate and runoff, efforts to minimize the social and economic harm of processing, provision of alternative water supplies, and any required monitoring to assure that the actions taken are sufficient to protect the public health, safety, and welfare, and the environment.

(cc) "Site characterization" means the site specific investigation of a candidate site undertaken pursuant to section 12.

(dd) "Site closure and stabilization" means the actions taken at the disposal site during the time period after the closure of the disposal unit during which on-site low-level radioactive waste is disposed in accordance with part 137, equipment is dismantled, decontaminated, removed for reuse or disposed of, and radioactive residues are removed from, or properly isolated on, the disposal site in preparation for transfer of ownership of the disposal site to the federal government.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

**Administrative rules:** R 325.5001 et seq., R 325.5801 et seq., and R 325.5901 et seq. of the Michigan Administrative Code.

### 333.26203 Low-level radioactive waste authority; creation; autonomous entity; commissioner as head of authority; appointment, qualifications, and term of commissioner; vacancy; salary; exemption from civil service; employment of personnel.

Sec. 3. (1) An authority is created to be known as the low-level radioactive waste authority. The authority is an autonomous entity within the department of commerce. The authority shall exercise its powers and duties independently of the department of commerce, including the budgeting, procurement, contracting for, and actual purchase of all equipment, supplies, and services of whatever kind necessary to implement this act.

(2) The head of the authority is the commissioner who shall be qualified by training and experience to direct the work of the authority. The commissioner shall be appointed by the governor, by and with the advice and consent of the senate, and shall serve a 2-year term at the pleasure of the governor. A vacancy occurring in the office of the commissioner shall be filled in the same manner as the original appointment. The commissioner shall receive a salary as provided by annual appropriation by the legislature from the low-level radioactive waste management fund.

(3) The commissioner is exempt from civil service. The commissioner is responsible directly to the governor to ensure the accountability and integrity of the authority and accordingly should be a position within the department of commerce that is exempt from the classified state civil service. The department of commerce shall request that the civil service commission establish the commissioner's position as a position that is exempt from the classified state civil service.

(4) The commissioner shall employ personnel as necessary to implement this act.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

**Compiler's note:** For transfer of low-level radioactive waste authority from department of environmental quality to department of natural resources and environment, see E.R.O. No. 2009-31, compiled at MCL 324.99919.

For transfer of powers and duties of commissioner of low-level radioactive waste authority to department of natural resources and environment by type III transfer, see E.R.O. No. 2009-31, compiled at MCL 324.99919.

For transfer of low-level radioactive waste authority from department of natural resources and environment to department of environmental quality, see E.R.O. No. 2011-1, compiled at MCL 324.99921.

### 333.26204 Powers of authority generally.

Sec. 4. In addition to the powers provided in this act and part 137, subject to other applicable requirements of law, the powers of the authority include all of the following:

(a) Hold public meetings in compliance with the open meetings act, Act No. 267 of the Public Acts of 1976, being sections 15.261 to 15.275 of the Michigan Compiled Laws.

(b) Accept assistance from public agencies, colleges and universities, private foundations, individuals, corporations, or associations.

(c) Accept and utilize a donation, loan, grant, or reimbursement of money to obtain equipment, supplies,

© Courtesy of www.legislature.mi.gov

materials, or services from any state or the United States or an agency or a political subdivision of the state or the United States, or from any person. The nature, amount, and conditions, if any, attached to a donation, loan, or grant accepted pursuant to this subdivision, together with the identity of the donor, grantor, or lender, is public information. A donor, lender, or grantor shall not derive any advantage in any matter under this act, part 137, rules promulgated under part 137, or federal law by reason of a donation, loan, or grant. The authority shall forward money obtained under this subdivision to the state treasurer for deposit in the low-level radioactive waste management fund.

(d) Form 1 or more advisory committees as considered appropriate to make recommendations to the authority regarding the performance of 1 or more of the responsibilities of the authority.

(e) Exercise the power of eminent domain under the uniform condemnation procedures act, Act No. 87 of the Public Acts of 1980, being sections 213.51 to 213.77 of the Michigan Compiled Laws.

(f) Perform other functions considered necessary to implement this act.

(g) Establish and use a computer system to maintain, receive, or transmit any of the following:

(*i*) A manifest, report, or other record required by this act, or part 137, or the rules promulgated under part 137.

(*ii*) A disposal shipment certificate.

(*iii*) The application, or a portion of the application, for a construction and operating license for the disposal site.

(*iv*) Information the authority is required to provide to the public under this act.

(h) Issue revenue bonds pursuant to section 20a.

(i) Negotiate, create legal mechanisms for the state or private waste generators, or both, or enter into relationships with out-of-state entities for the out-of-state disposal of low-level radioactive waste generated in this state. However, prior to entering into a contractual relationship obligating the state, the authority in addition to other requirements of law shall first submit the proposed contract to the attorney general for review.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26205 Duties of authority generally.

Sec. 5. (1) In addition to the duties provided in this act and in part 137, subject to other applicable requirements of law, the duties of the authority include all of the following:

(a) Select the host site.

(b) Submit an application to the department for a construction and operating license for the disposal site that meets the requirements of part 137.

(c) Acquire, purchase, hold, lease, or manage real property, easements, and rights-of-way to implement this act.

(d) Make available and negotiate on behalf of the state monetary and nonmonetary incentives and benefits for the state, the host site community, the county in which the host site community is located, and the municipalities that have a common border with the host site community.

(e) Make available to local monitoring committees sufficient funding to enable the local monitoring committees to fulfill their responsibilities under section 14.

(f) Establish just and reasonable waste disposal fees and surcharges subject to the requirements of section 19.

(g) Negotiate and arbitrate with the local monitoring committee for the host site as provided in section 16.

(h) Establish and implement a disposal shipment registration system.

(i) Make a continuous study and investigation of the disposal site in order to ascertain and provide remedies for any defects in the disposal site through institutional control.

(j) If this state does not enter a compact, refuse to accept waste that is not generated in this state.

(k) If this state does enter into a compact, refuse to accept waste generated in any state that is not a member of the compact in which this state is a member. In addition, the authority shall refuse to accept waste for disposal in the disposal site from any member of the compact who does either of the following:

(*i*) Is delinquent in paying dues or fees payable under the compact.

(*ii*) Fails to establish or maintain a permitting and regulatory system, including penalties and remedies, that equals or exceeds the laws and rules of this state as they apply to generators, carriers, processors, and collectors of waste.

(*l*) Inspect the construction of the disposal site until construction is completed on a weekly basis and submit to the department the results of the inspection and the date on which the inspection occurred.

(m) Hold public hearings every other month during the process for selecting a site for the disposal site and every 6 months after the site for the disposal site is selected through the period of institutional control.

© Courtesy of www.legislature.mi.gov

(n) Assist generators in sharing policies to facilitate waste minimization and volume reduction, including, but not limited to, switching from long-lived radioactive materials to short-lived radioactive materials, switching to nonradioactive materials and processes, waste stream screening and separation, and curtailment of waste producing operations.

(2) In addition to the duties provided in this act and in part 137 and the rules promulgated under part 137, the authority shall do all of the following or enter into contracts to assure that all of the following are accomplished:

(a) Site characterization.

(b) Performance assessment.

(c) Development of siting criteria.

(d) Disposal site monitoring.

(e) Disposal site design, construction, engineering, and inspection.

(f) Selection of disposal technology.

(g) Prepare an application for a construction and operating license for the disposal site.

(h) Disposal site operation.

(i) Site closure and stabilization.

(j) Postclosure observation and maintenance.

(k) Institutional control.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26206 Application for construction and operating license; agreements or contracts with person to perform responsibility of authority; notice; public comment; forwarding copy of contract.

Sec. 6. (1) The authority shall submit an application to the department for a construction and operating license pursuant to the requirements of part 137. If this state is not a full agreement state, the authority shall also apply to the nuclear regulatory commission for a construction and operating license.

(2) If the authority elects to enter into agreements or contracts with a person to perform a responsibility of the authority, the authority shall do all of the following:

(a) Establish minimum qualifications for the person.

(b) Establish the responsibilities of the person and specify the responsibilities that the authority retains.

(c) Determine whether the person is required to obtain a surety bond, a secured trust fund, or other suitable security instrument or mechanism.

(d) Comply with all the requirements in part 137 and the rules promulgated under part 137.

(3) If the authority elects to enter into a contract to prepare an application for a construction and operating license for the disposal site or for the operation of the disposal site, in addition to the requirements under subsection (2), the authority shall provide public notice and an opportunity for public comment on the minimum qualifications required of the person. The authority shall forward a copy of each contract entered into by the authority to perform a responsibility of the authority to the department, the department of natural resources, and the attorney general.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26207 Establishment of process permitting municipality to volunteer as host site; minimum requirement; notice; powers and duties of authority; construction of section.

Sec. 7. (1) Within 60 days of the effective date of this act, the authority shall establish a process by which a municipality may volunteer to be the host site. At a minimum, the process shall require that in order for a municipality to be considered a volunteer host site community there shall be a majority vote of the governing body of the municipality requesting such consideration.

(2) If the authority receives notice that a governing body of a municipality volunteers as a host site community, the authority shall do both of the following:

(a) Provide the municipality with information about the siting process, including relevant federal and state laws pertaining to the generation, transportation, storage, collection, processing, and disposal of waste.

(b) Provide the municipality with specific criteria and information that the authority must consider with regard to candidate site and host site selection.

(3) If the authority receives notice that a governing body of a municipality volunteers as a host site community, the authority may do 1 or both of the following:

(a) Upon the request of that municipality, provide funding to the municipality in an amount determined by the authority to cover the expense of preparing data that the municipality may wish to submit for the consideration of the authority regarding the selection of the municipality as the host site community.

© Courtesy of www.legislature.mi.gov

(b) Provide the municipality with other services or information considered appropriate by the authority.

(4) This section shall not be construed as eliminating or reducing any of the requirements for site selection provided for in this act.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987.

### 333.26208 Siting criteria advisory committee; establishment; independent entity; appointment, qualifications, and terms of members; powers of committee; vacancy; quorum; action by committee; staff and services; assistance to committee; meetings; notice; reimbursement for expenses.

Sec. 8. (1) Within 30 days of the effective date of this act, the authority shall organize the establishment of a siting criteria advisory committee. The siting criteria advisory committee shall be formulated as an independent entity within the department of management and budget and shall consist of 5 individuals who shall be appointed by the authority. The members of the committee may be employed by a university or college in this state and shall by education and experience be knowledgeable in a technical specialty related to the siting of a low-level radioactive waste disposal site. The members may include a hydrogeologist, health physicist, radiological engineer, or other specialist meeting the requirements of this subsection.

(2) The members of the siting criteria advisory committee shall be appointed for a term determined by the authority that shall at a minimum enable the committee to have sufficient opportunity to formulate recommendations to the authority regarding the development of siting criteria for the disposal site and to fulfill the other responsibilities of the committee under this section.

(3) The siting criteria advisory committee may do any or all of the following:

(a) Recommend to the authority proposed siting criteria.

(b) Review existing and proposed federal and state laws and rules pertaining to site criteria.

(c) Review all of the technical information available to the committee and make recommendations regarding siting criteria.

(d) Attend any public hearing that may be scheduled by the authority that pertains to proposed siting criteria.

(e) Assist the authority in drafting responses to the comments of the department or any person regarding the final siting criteria adopted by the authority.

(f) Fulfill the responsibilities provided in this subsection in accordance with target dates established by the authority.

(4) If a vacancy occurs on the siting criteria advisory committee, an appointment shall be made for the unexpired term in the same manner as the original appointment.

(5) A majority of the members of the siting criteria advisory committee shall constitute a quorum for the transaction of business at a meeting of the committee. Action by the committee shall be by a majority of the votes cast.

(6) The department of management and budget shall provide staff and services to the siting criteria advisory committee as are necessary to implement this act.

(7) The directors of the departments of natural resources, attorney general, management and budget, state police, and public health shall provide assistance to the siting criteria advisory committee upon the request of the committee.

(8) A meeting of the siting criteria advisory committee shall be held in compliance with the open meetings act, Act No. 267 of the Public Acts of 1976, being sections 15.261 to 15.275 of the Michigan Compiled Laws, and notice of the time, date, and place of the meeting shall be given in the manner required by that act.

(9) The siting criteria advisory committee shall meet immediately upon complete formation and then shall meet each month or more frequently as considered necessary by the members of the committee.

(10) A member of the siting criteria advisory committee shall not receive compensation for his or her service, but shall be reimbursed for expenses that are necessarily incurred in the performance of duties as a member of the committee.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987.

### 333.26209 Final siting criteria; establishment; review and consideration of proposed siting criteria; draft version; public hearing.

Sec. 9. (1) The authority shall establish final siting criteria.

(2) In establishing final siting criteria, the authority shall review and consider the proposed siting criteria that may be presented by the siting criteria advisory committee established pursuant to section 8. Thirty days before establishing final siting criteria, the authority shall prepare a draft version of the final siting criteria and shall make this draft siting criteria available for public comment. During that 30-day period, the authority

© Courtesy of www.legislature.mi.gov

shall hold a public hearing.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26210 Final siting criteria; establishment; minimum requirement.

Sec. 10. The authority shall establish final siting criteria that at a minimum excludes a candidate site that is any of the following:

(a) Located in a 500-year floodplain.

(b) Located over a sole source aquifer.

(c) Located 1 mile or less from a fault where tectonic movement has occurred within the 10,000 years preceding the effective date of this act.

(d) Not sufficiently large to assure that an isolation distance of 3,000 feet or more from the disposal unit and adjacent property lines is available.

(e) Has wetlands within the boundaries of the candidate site as defined in part 303 (wetland protection) of the natural resources and environmental protection act, Act No. 451 of the Public Acts of 1994, being sections 324.30301 to 324.30323 of the Michigan Compiled Laws.

(f) An environmental area or a high risk area as defined in part 323 (shorelands protection and management) of Act No. 451 of the Public Acts of 1994, being sections 324.32301 to 324.32315 of the Michigan Compiled Laws.

(g) A floodway designated under part 31 (water resources protection) of Act No. 451 of the Public Acts of 1994, being sections 324.3101 to 324.3119 of the Michigan Compiled Laws.

(h) Located where the hydrogeology beneath the site discharges groundwater to the land surface within 3,000 feet of the boundaries of the candidate site.

(i) Located within 10 miles of Lake Michigan, Lake Superior, Lake Huron, Lake Erie, Saint Marys river, Detroit river, St. Clair river, or lake St. Clair. This subdivision shall not apply to a site that is located at or adjacent to a nuclear power generating facility.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1996, Act 68, Imd. Eff. Feb. 26, 1996.

### 333.26211 Designation of 3 qualified candidate sites; exclusion of certain sites; preference to be given certain sites; waiver of criteria; notice; public hearing.

Sec. 11. (1) The authority shall utilize the powers and exercise the duties provided in this act to designate 3 qualified and available candidate sites in this state.

(2) In designating 3 candidate sites, the authority shall exclude any site that is not all of the following:

(a) Suitable for providing a stable foundation for engineered containment structures that comprise the disposal unit.

(b) Located where the groundwater travel time along any 100-foot flow path from the edge of the disposal unit is greater than approximately 100 years.

(c) Located where there is 6 or more meters of soil with a maximum permeability of 1.0 times 10 to the minus 6 cm/sec at all points below and lateral to the bottommost portions of the leak detection system of the disposal unit or an area that provides equivalent environmental protection to the public health, safety, and welfare, and the environment.

(d) Located where the unconfined water table which is not the potentiometric surface, is sufficiently low to prevent the intrusion of groundwater into the disposal unit, except as outlined under 10 C.F.R. 61.50 (a)(7).

(e) Located in an area that is not above an aquifer that is the primary source of water for a municipality or county or for persons residing or doing business in the municipality or county where a candidate site is located.

(f) Free of ponding or capable of being drained in a manner that insures the integrity of the disposal unit.

(g) Suitable to insure the isolation of the waste.

(3) In designating 3 candidate sites, the authority shall give preference to sites that are all of the following:

(a) Able to meet the long-term performance objectives of subpart C of 10 C.F.R. part 61.

(b) Able to be characterized, modeled, analyzed, and monitored.

(c) Located where natural resources do not exist on or significantly near to the candidate site that, if exploited, would result in failure to meet the performance objectives in subpart C of 10 C.F.R. part 61.

(d) Located where projected population growth and future developments within the municipality and county where the candidate site is located are not likely to affect the ability of the disposal site to meet the performance objectives in subpart C of 10 C.F.R. part 61 or could not significantly interfere with an environmental monitoring program.

(e) Consistent with the requirements of federal laws, including all of the following:

(*i*) Atomic energy act of 1954, chapter 1073, 68 Stat. 919.

© Courtesy of www.legislature.mi.gov

(*ii*) Federal water pollution control act, chapter 758, 86 Stat.816, 33 U.S.C. 1251 to 1252, 1253 to 1254, 1255 to 1257, 1258 to 1271, 1281, 1282 to 1293, 1294 to 1299, 1311 to 1313, 1314 to 1330, 1341 to 1345, 1361 to 1377, and 1381 to 1387.

(*iii*) Coastal zone management act of 1972, title III of the marine resources and engineering development act of 1966, Public Law 89-454, 16 U.S.C. 1451 to 1455a, 1456 to 1463, and 1464.

(*iv*) Endangered species act of 1973, Public Law 93-205, 87 Stat. 884.

(*v*) Wild and scenic rivers act, Public Law 90-542, 16 U.S.C. 1271 to 1287.

(*vi*) Wilderness act, Public Law 88-577, 16 U.S.C. 1131 to 1136.

(*vii*) National wildlife refuge system administration act of 1966, sections 4 and 5 of Public Law 89-669, 16 U.S.C. 668dd and 668ee.

(*viii*) Chapter 593, 49 Stat. 666, 16 U.S.C. 461 to 467.

(*ix*) National historic preservation act, Public Law 89-665, 16 U.S.C. 470 to 470a, 470b, and 470c to 470x-6.

(h) Located so that the upstream drainage area is minimized to decrease runoff that could erode or inundate waste placed in the disposal unit.

(i) Located where geologic processes such as mass wasting, erosion, slumping, landsliding, or weathering do not occur to the extent and with such frequency that the ability of the disposal site to meet the performance objectives in subpart C, 10 C.F.R. 61.40 to 61.44, is significantly affected or may preclude defensible modeling and prediction of the long-term impact of such occurrences.

(4) The authority may waive 1 or more of the criteria in subsection (3) if the authority obtains written approval for the waiver from the director and the authority and the director determine that the waiver will not compromise the public health, safety, or welfare, or the environment and that a site for which a waiver is sought is an appropriate candidate site despite the site's inability to meet 1 or more of the criteria in subsection (3). In addition, prior to waiving 1 or more of the criteria in subsection (3), the authority shall provide public notice of a proposed waiver of 1 or more of the criteria in subsection (3) and shall conduct a public hearing to provide for public comment regarding the waiver.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26212 Site characterization; comprehensive baseline environmental monitoring program; data; access to candidate site.

Sec. 12. (1) Immediately following designation of the candidate sites by the authority, the authority, after consultation with the department and the department of natural resources, shall begin site characterization at each candidate site. The site characterization shall establish a comprehensive baseline environmental monitoring program at each of the candidate sites.

(2) The monitoring program at each candidate site shall provide, to the maximum extent feasible, for the participation of the local monitoring committee for each candidate site and the training of the members to facilitate their participation. The program shall be designed to establish baseline environmental data for at least 1 year at each candidate site, to determine compliance with the applicable final siting criteria provided for in section 10, to provide early warning of the magnitude and extent of any release, and to provide reliable environmental data to be utilized in preparing the construction and operating license submitted to the department by the authority and to be utilized in the design, construction, operation, site closure and stabilization, postclosure observation and maintenance, and institutional control of the disposal site. The monitoring program for each candidate site shall include collected and analyzed data concerning standing and running surface water and drainage; groundwater samples off-site and at the candidate site boundary; soil, vegetation, animal, and insect samples; atmospheric samples; and radiological measurements off-site, at the candidate site boundary, and within the candidate site. Each local monitoring committee shall be entitled to obtain portions of all samples collected pursuant to the monitoring program for the candidate site which that local monitoring committee represents for analysis by an independent laboratory. Each local monitoring committee is entitled to receive a copy of the results of each test prepared as a part of site characterization by any state department or agency.

(3) The authority shall provide the review board established pursuant to section 13 with 12 months of site characterization data as soon as 12 months of data for each site are available.

(4) The authority and authorized representatives of the authority and the authorized representatives of the department, the department of natural resources, and the department of agriculture shall have access to each candidate site for the purpose of conducting site characterization and performing any of the authority's responsibilities or duties provided in this act.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

## 333.26213 Review board; establishment; purpose; public hearings; recommendations; appointment and qualifications of members; chairperson; quorum; meetings; notice; reimbursement for expenses.

Sec. 13. (1) Not more than 90 days following the designation of each candidate site, a review board shall be established to provide recommendations to the authority regarding provisions and stipulations that would mitigate the concerns of the municipality in which each candidate site is located if that municipality is selected as the host site. The review board shall hold public hearings to provide for the participation of each local monitoring committee and to provide the opportunity for public participation. The review board shall make its recommendations to the authority no later than 30 days after 12 months of site characterization data are available. The recommendations of the review board shall also be made available to each local monitoring committee. The review board may recommend to the authority 1 of the 3 candidate sites as the proposed host site.

(2) The review board shall consist of the following 7 voting members and 1 nonvoting chairperson:

(a) Four members shall be members appointed by the governor with the advice and consent of the senate. The 4 members shall include:

(*i*) One representative of county governments at large.

(*ii*) Two individuals who by education and experience are knowledgeable in a technical specialty that is pertinent to issues related to a disposal site, such as a hydrogeologist, health physicist, radiation engineer, or a biologist.

(*iii*) One individual who by education and experience is knowledgeable in a specialty that is pertinent to issues concerning the assessment of social, economic, and community impacts related to a disposal site.

(b) Three members shall be representatives for the municipalities in which the 3 candidate sites are located. The governing body of each of the municipalities where the 3 candidate sites are located shall appoint 1 member to serve on the review board.

(c) An attorney shall be appointed by the governor, with the advice and consent of the senate, to serve as the nonvoting chairperson of the review board. The chairperson shall have experience in conducting public meetings.

(3) Four of the 7 voting members of the board constitutes a quorum for the transaction of the business of the board and the concurrence of 4 members shall constitute a legal action of the board. A meeting of the board shall be held in compliance with the open meetings act, Act No. 267 of the Public Acts of 1976, being sections 15.261 to 15.275 of the Michigan Compiled Laws, and notice of the time, date, and place of the meeting shall be given in the manner required by that act.

(4) A member of the board shall not receive compensation for his or her services, but shall be reimbursed for expenses that are necessarily incurred in the performance of duties as a member of the board.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

## 333.26214 Local monitoring committee; establishment; purpose; powers and duties; disbandment; duration.

Sec. 14. (1) Within 30 days of the designation by the authority of the candidate sites, the governing body of a municipality in which a candidate site is located shall establish a local monitoring committee to represent the interests of the citizens of the municipality in which the candidate site is located. Each governing body shall determine the size and membership of its local monitoring committee. The local monitoring committees shall assure the protection of the public health, safety, and welfare and the protection of the environment in the municipality in which the candidate site is located. Each of the local monitoring committees may do all of the following:

(a) Represent the interests of the municipality in which the candidate site is located in proceedings regarding the selection of the host site.

(b) Independently review site characterization data.

(c) Prepare for the possible designation of the candidate site as the host site.

(d) Seek funding from the authority to fulfill the responsibilities of the local monitoring committee.

(e) Provide for independent technical assistance to fulfill the responsibilities of the local monitoring committee.

(f) Present recommendations to the authority and the review board established pursuant to section 13 regarding provisions and stipulations that would mitigate the concerns of the municipality that is represented by the local monitoring committee if it is selected as the host site.

(2) The local monitoring committees for the municipalities that are not selected as the host site community shall disband upon the designation by the commissioner of the host site community.

© Courtesy of www.legislature.mi.gov

(3) The local monitoring committee of the host site shall continue in existence through the period of institutional control. The local monitoring committee for the host site community may do all of the following:

(a) Evaluate and submit comments to the department, department of natural resources, and the authority regarding the application for a construction and operating license submitted by the authority.

(b) Select a representative for the local monitoring committee or a technical advisor, or both, to inspect and monitor at reasonable times and in a reasonable manner the construction of the disposal site and the monitoring and operation of the completed disposal site, site closure and stabilization, postclosure operation and maintenance and institutional control, with due regard as determined by the authority to the safety of the representative of the committee and the technical advisor.

(c) Engage in any other activities that are mutually agreed upon between the local monitoring committee and the authority or the department, or both.

(d) Negotiate and enter arbitration with the authority as provided in section 16.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26215 Preliminary designation of host site; transmittal and availability of information; rejection of site; terms of agreement; design and construction of disposal site; “legislative working day” defined.

Sec. 15. (1) The commissioner shall make a preliminary designation of the host site. Immediately following the preliminary designation of the host site, the authority shall transmit to the secretary of the senate and the clerk of the house of representatives the name and location of that site and any other information that the authority has regarding that site and the 2 remaining candidate sites. Upon request, the authority shall also make any information that the authority has regarding the preliminarily designated host site and the 2 remaining candidate sites available to members of the legislature. Upon the expiration of 30 days after transmittal, that 30 days to commence on the first legislative working day after the designation is transmitted, the preliminary host site designated by the commissioner shall be the host site unless within that time period the legislature either rejects the designated host site, or rejects the designated host site and designates 1 of the 2 remaining candidate sites. If the legislature rejects the preliminarily designated host site but does not designate 1 of the 2 remaining candidate sites as the host site, the commissioner shall designate 1 of the 2 remaining candidate sites as the host site. Once the host site is designated by the commissioner, the terms of the final complete agreement reached with the authority pursuant to section 16 for the host site community shall commence.

(2) The authority shall assure that the design and construction of the disposal site is completed in accord with the minimum criteria established by the department in part 137.

(3) As used in this section, "legislative working day" means a day on which both the senate and the house of representatives are called to order and a quorum of both the senate and the house of representatives is present.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26216 Negotiations; final report; final summary; appointment of arbitration committee; arbitration and resolution of issues; written final agreement; copies; meetings of arbitration committee; cessation of arbitration; decision by chairperson; final arbitration report; costs of chairperson; statement; incorporation of final determinations into final complete agreement.

Sec. 16. (1) The local monitoring committee for the host site community may negotiate with the authority regarding any of the following:

(a) Monetary and nonmonetary forms of compensation.

(b) Matters pertaining to disposal site access and transportation issues resulting from the siting of the disposal site.

(c) The landscaping and appearance of the disposal site.

(d) Technical assistance available to the municipality and the local monitoring committee of the candidate site and the host site community.

(e) Matters pertaining to host site community utility and natural resource utilization.

(2) Negotiations between the local monitoring committee for the host site and the authority may commence no later than 30 days after the designation of the host site. The time and place of negotiating sessions shall be determined by agreement between the local monitoring committee and the authority.

(3) If negotiations are conducted between the local monitoring committee for the host site and the authority, the local monitoring committee and the authority shall prepare a final report summarizing the

© Courtesy of www.legislature.mi.gov

agreements reached during negotiation. The final report shall be signed by the authority and by a member of the local monitoring committee who is designated by that local monitoring committee. The final report shall be a public document which shall be the subject of a public meeting conducted by the authority.

(4) If the local monitoring committee and the authority cannot resolve an issue considered during negotiation, the local monitoring committee and the authority shall each prepare a final summary of each issue on which there is disagreement. That final summary shall include both of the following:

(a) A statement of the party to negotiation's final best offer on each issue on which there is disagreement.

(b) Information and documentation that supports the party to negotiation's final best offer on each issue on which there is disagreement.

(5) If the local monitoring committee and the authority cannot reach agreement on an issue that has been raised during negotiations, the local monitoring committee or the authority may require the appointment of an arbitration committee for the purpose of the arbitration of each issue that was considered but unresolved during negotiations. Arbitration as provided for under this subsection shall not occur unless the local monitoring committee or the authority requires the appointment of an arbitration committee. Arbitration shall pertain to only an unresolved issue included in the summary prepared pursuant to subsection (4). The arbitration committee shall consist of 3 members and shall include a representative designated by the local monitoring committee, a representative designated by the authority, and a chairperson who shall be an arbitrator and shall be selected pursuant to the rules and procedures of the American arbitration association.

(6) All issues resolved during arbitration to the satisfaction of both the representative of the local monitoring committee and the representative of the authority shall be incorporated into a written final agreement to be signed by each member of the arbitration committee. A copy of the agreement shall be made available to each member of the arbitration committee, the local monitoring committee, and the authority, and shall be considered a public document.

(7) The arbitration committee shall meet on a schedule and at a time and place that shall be established by agreement between the members of the arbitration committee. If the arbitration committee cannot agree on the schedule, time, and place of the arbitration meetings, the chairperson shall determine the schedule, time, and place for the meetings.

(8) If there is 1 or more issues that are not resolved to the satisfaction of both the representative of the local monitoring committee and the representative of the authority within 45 days of the commencement of arbitration, arbitration shall cease and each unresolved issue shall be decided by the chairperson. The decision of the chairperson as to each unresolved issue shall be limited to the chairperson's choice of either the final best offer of the local monitoring committee on an unresolved issue prepared pursuant to subsection (4) or the final best offer of the authority on an unresolved issue prepared pursuant to subsection (4). The decision of the chairperson is final and binding and shall be incorporated into a final arbitration report issued within 30 days of the date on which arbitration ceased. The final arbitration report shall include a final report prepared pursuant to subsection (3), a final summary prepared pursuant to subsection (4), a final agreement prepared pursuant to subsection (6), and a final decision made by the chairperson pursuant to this subsection. To be valid the final arbitration report shall be signed by the chairperson. A copy of the final arbitration report shall be made available immediately to each member of the arbitration committee, the local monitoring committee, and the authority, and shall be considered a public document.

(9) The chairperson shall submit a statement of his or her costs to the authority. The costs of the chairperson shall be paid by the authority.

(10) Each final determination of an issue negotiated or arbitrated under this section shall be incorporated into a final complete agreement between the authority and the local monitoring committee for the host site.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26217 International low-level radioactive waste research and education institute; establishment; agreements; independent entity; board of governors; appointment, qualifications, and terms of governors; powers and duties of institute; vacancy; quorum; action of board; meetings; general operating expenses; compensation of governor; formation of private nonprofit corporation; reports; availability of writings.

Sec. 17. (1) No later than October 1, 1988, the authority shall organize the establishment of an international low-level radioactive waste research and education institute. The authority may enter into agreements with a state university or college or a consortium of universities or colleges as may be necessary to establish the institute in accordance with this section. The authority shall establish a process by which a state university or college or a consortium of universities or colleges may indicate an interest in accepting the institute as an independent entity. The institute shall be governed by a board of governors who are jointly

© Courtesy of www.legislature.mi.gov

selected and appointed by the authority and the designated representative of the university, college, or consortium. The governors shall be as follows:

(a) One individual from a public utility that produces low-level radioactive waste as a result of the generation of electrical power.

(b) One individual from a business that is not a public utility but produces low-level radioactive waste.

(c) One individual from a medical facility that generates radioactive waste.

(d) Two individuals from environmental or public interest organizations.

(e) Three college or university faculty or staff members who have expertise in nuclear physics or nuclear chemistry and in the handling, processing, or reduction of low-level radioactive waste.

(f) One individual representing the general public.

(g) The director of public health or his or her authorized representative.

(h) The attorney general or his or her authorized representative.

(2) In addition to the governors appointed under subsection (1), if this state is a member of a compact, the governing body of the compact may appoint 1 representative to the board of governors who shall serve as an ex officio nonvoting member.

(3) The powers and duties of the institute shall include all of the following:

(a) To develop contracts with universities and other research institutions to conduct research on waste issues, including, but not limited to, all of the following:

(*i*) The method by which a determination can be made regarding the amounts of wastes specified by radionuclide that are generated within this state, and within compact member states as long as this state remains a member of a compact, to be disposed of in the disposal site in order to provide an inventory and guide disposal options and risk assessments.

(*ii*) The construction media, waste forms, and other engineering features necessary to assure containment of wastes, to reduce the potential for a release of waste.

(*iii*) The development of features to detect and control a release of waste.

(*iv*) The cost versus risk analysis of available waste treatment methods, with an emphasis on waste treatment methods that could adversely or positively affect the long-term performance of the disposal site.

(*v*) Transportation management systems that prevent public radiation exposure and facilitate incident response planning.

(*vi*) The use of mediation and human resource methods to facilitate positive interaction between the operators of the disposal site and the public.

(*vii*) The basic frameworks to provide for institutional control and the accumulation and use of economic resources necessary for institutional control.

(*viii*) Development of new materials and methods to reduce or eliminate the generation of waste.

(*ix*) Development of methods for state-of-the-art environmental monitoring of the disposal site.

(*x*) Economic implications of different waste management and treatment options.

(b) To develop and operate a technical resource program to provide information and assistance to persons involved with public policy issues surrounding the management of the disposal of waste.

(c) To develop and implement education programs that assist the public in understanding issues surrounding the generation, possession, transportation, processing, collecting, and disposal of waste and the site closure and stabilization, post closure observation and maintenance, and institutional control of the disposal site.

(4) The governors appointed as provided in subsections (1) and (2) shall serve for terms of 4 years, or until a successor is appointed, whichever is later, except that of the members first appointed, 3 shall serve for 2 years and 3 shall serve for 3 years.

(5) If a vacancy occurs on the board of governors, an appointment shall be made for the unexpired term in the same manner as the original appointment.

(6) A majority of the governors of the institute shall constitute a quorum for the transaction of business at a meeting of the board. Action by the board of governors shall be by a majority of the votes cast.

(7) A meeting of the board of governors shall be held in compliance with the open meetings act, Act No. 267 of the Public Acts of 1976, being sections 15.261 to 15.275 of the Michigan Compiled Laws, and notice of the time, date, and place of the meeting shall be given in the manner required by that act.

(8) In addition to research grant awards, not more than $250,000.00 annually shall be available for appropriation from the low-level radioactive waste management fund to meet the general operating expenses of the institute.

(9) A governor of the institute may receive compensation for his or her service, and shall be reimbursed for expenses that are necessarily incurred in the performance of duties as a member of the institute.

(10) The board of governors shall meet at least quarterly.

© Courtesy of www.legislature.mi.gov

(11) The institute may form a private nonprofit corporation, if the board of governors determines that doing so will assist in fulfilling its functions under this section.

(12) The board of governors shall annually prepare a report that details the sources of funds, amount of funds received from each source, and the use of all funds that are received by the institute or a nonprofit corporation formed by the board of governors during the reporting year. Any report prepared by or on behalf of the board of governors shall include a list of all of the sources that contribute funds for the operation of the institute.

(13) Within 180 days after the effective date of the amendatory act that added this subsection, the board of governors shall prepare the following reports and provide these reports to the appropriate standing committees of the senate and house of representatives that primarily address issues pertaining to the environment and natural resources.

(a) A report on waste management options available to this state. The report shall also list and evaluate feasible options to encourage a reduction in the amount of waste generated in this state. The board of governors shall identify and evaluate options and make recommendations to the authority regarding iterim waste storage and provision of final disposal capacity.

(b) A volunteer host community program plan which, at a minimum, incorporates the provisions of section 7. The authority shall obtain public comment in the preparation of this plan.

(14) A writing prepared, owned, used, in possession of, or retained by the board of governors in the performance of an official function is subject to the freedom of information act, Act No. 442 of the Public Acts of 1976, being sections 15.231 to 15.246 of the Michigan Compiled Laws.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26218 Report and recommendations; preparation and submission.

Sec. 18. (1) The authority shall each month prepare and submit to the department a report that sets forth all of the following information:

(a) The character, volume, class, and curie count of waste received by the authority.

(b) The number of manifests and shipments of waste received by the authority during the reporting period.

(c) The number of manifests received by the authority that properly and improperly reflected the waste received.

(d) The response of the authority to any discrepancies in the manifest.

(e) The recommendation of the authority to the department for follow-up action regarding a discrepancy in a manifest or other impropriety.

(2) The authority shall prepare and submit to the department and the attorney general recommendations regarding sanctions against a generator, carrier, collector, or processor who the authority suspects has violated part 137 or a rule promulgated under that part or a permit issued under part 137.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987.

### 333.26218a Report by generator; contents; preparation and presentation of summary.

Sec. 18a. (1) By October 1 of each year, or as otherwise required by the authority, a generator shall report to the authority the following information about the waste it generates:

(a) Volume of waste.

(b) Curie content and principal radionuclides present.

(c) Form of waste.

(d) Methods used to store waste.

(e) Any other information about the waste that the authority considers necessary or helpful in implementing its duties under this act.

(2) A summary of information reported under subsection (1) shall be prepared by the authority and presented to the appropriate standing committees of the senate and house of representatives of the legislature that primarily address issues pertaining to the environment and natural resources.

**History:** Add. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26219 Establishment of fee system for disposal site; assurance of sufficient funding; creation of remedial action fund, long-term liability fund, long-term care fund, and tax contingency fund; administration; disposition of income and earnings; expenditure of funds; surcharges; increase of fees; basis of fee system; disposition of revenues.

Sec. 19. (1) The authority shall establish a fee system that is reasonable and equitable and that provides the authority with sufficient revenue to cover any and all costs associated with the disposal site, including, but not limited to, the planning, siting, licensure, operation, regulation, monitoring, site closure and stabilization, post

© Courtesy of www.legislature.mi.gov

closure monitoring and maintenance, institutional control, and liability pertaining to the disposal site. In addition, the authority shall assure that sufficient funds will be available in the low-level radioactive waste fund for all of the following:

(a) The authority and all of the expenses the authority incurs in meeting the requirements of this act, part 137, and the rules promulgated under part 137.

(b) The expenses of the department that pertain to the department's regulatory responsibility under part 137.

(c) If this state is a member of a compact, the expenses related to compact membership.

(d) The international low-level radioactive waste research and education institute established pursuant to section 17.

(e) The review board established pursuant to section 13.

(f) Local monitoring committees.

(g) The siting criteria advisory committee established pursuant to section 8.

(h) If this state is a member of a compact, the expenses of compact member states that are incurred to obtain privileges in this state to enable waste generated in the compact member states to be disposed of in the disposal site.

(i) If this state is a member of a compact, the funds required to be paid to the commission by the compact member states.

(j) Compensation to the host site community and any county or municipality in this state for the reasonable direct costs related to the disposal site including, but not limited to, necessary road and other capital improvements, emergency response training, and other specialized personnel training.

(k) Benefits to the candidate sites and host site community including incentives available to candidate sites and the host site community, pursuant to agreements reached by the commission and with the authority.

(*l*) Provide funds sufficient to fulfill the provisions of sections 13714 and 13715 of part 137.

(m) Annually to this state for unrestricted purposes, $500,000.00.

(n) Annually to the host site community for unrestricted purposes, $800,000.00.

(o) Costs incurred by a municipality or county as a result of externalities associated with the disposal site.

(p) Revenue for the funds created in subsection (2).

(q) Paying debt service on revenue bonds issued pursuant to section 20a.

(2) The remedial action fund, the long-term liability fund, the long-term care fund, and the tax contingency fund are created as separate funds in the department of treasury. The funds created in this subsection shall be administered by the authority. The income and earnings of the funds created in this subsection shall be added to the assets of the fund which generated the income. The funds created in this subsection shall be funded and expended as follows:

(a) Not less than $10,000,000.00 during the period the disposal site accepts waste for disposal, for deposit in the remedial action fund which is available only to pay for remedial action taken by the authority in the event of a release or threatened release from the disposal site that presents a danger to the public health, safety, or welfare, or the environment.

(b) Not less than $500,000.00 annually for deposit in the long-term liability fund which shall be available only to pay judgments or judicially approved settlements of claims against the authority or, if this state is a member of a compact any compact member state for death, personal injury, illness, or property damage resulting from the disposal of low-level radioactive waste at the disposal site. The long-term liability fund shall be used only after funds available pursuant to sections 13714 and 13715 of part 137 have been exhausted.

(c) Not less than $600,000.00 annually for deposit in the long-term care fund which is available only to pay for the expenses of site closure and stabilization and institutional control.

(d) Not more than $100,000.00 annually for deposit in the tax contingency fund which is available for reasonable payments in lieu of real property taxes which, but for ownership of the disposal site by the authority, would be payable with respect to the disposal site, for as long as the disposal site is not subject to pay property taxes.

(3) The authority shall impose a 20% surcharge to be added to the disposal fees established under subsection (1). The surcharge shall be sufficient to cover the following expenses and shall be distributed by the authority according to the following:

(a) The host site community shall receive 35% of the surcharge or $400,000.00, whichever is greater.

(b) One or more municipalities that share a boundary with the host site community shall receive 20% of the surcharge or $400,000.00, whichever is greater. If there is more than 1 municipality that is eligible for funding under this subdivision, the eligible municipalities shall split equally that funding.

(c) The county in which the host site is located shall receive 15% of the surcharge or $300,000.00,

© Courtesy of www.legislature.mi.gov

whichever is greater.

(d) The environmental response fund created in part 201 (environmental remediation) of the natural resources and environmental protection act, Act No. 451 of the Public Acts of 1994, being sections 324.20101 to 324.20142 of the Michigan Compiled Laws, shall receive 15% of the surcharge or $400,000.00, whichever is greater.

(e) The clean Michigan fund created in part 191 (clean Michigan fund) of Act No. 451 of the Public Acts of 1994, being sections 324.19101 to 324.19121 of the Michigan Compiled Laws, shall receive 15% of the surcharge or $200,000.00, whichever is greater.

(4) The authority may impose a just and reasonable surcharge on any generator, carrier, processor, or collector who does not comply with part 137 or the rules promulgated under part 137.

(5) In the second and each subsequent year of the operation of the disposal site, the amount of each fee established in subsection (1) shall be increased in proportion to each annual increase for the preceding year in the annual consumer price index for all urban consumers as defined and officially reported by the bureau of labor statistics of the United States department of labor for the north central region of the United States. If the disposal site does not operate for the entire year during the second or last year the disposal site accepts waste, the proportional increase provided for in this subsection shall be prorated according to the number of months of operation.

(6) The fee system created by the authority under subsection (1) for the disposal of waste in the disposal site shall not be dependent on revenues received for the disposal of class C waste and shall be based on both of the following:

(a) The volume, radioactivity, and half-life of the waste deposited in the disposal site. The fee shall be proportionately higher for waste that has higher levels of radioactivity as measured in curies, and for waste that has longer half-lives.

(b) A realistic model of the projected cost of the disposal of each classification of waste.

(7) All revenues in the fee system created under subsection (1) that result from the disposal of class C waste in the disposal site shall be deposited in the clean Michigan fund created in part 191 of Act No. 451 of the Public Acts of 1994.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995;—Am. 1996, Act 68, Imd. Eff. Feb. 26, 1996.

### 333.26219a Michigan as host state; agreement to include provision providing penalty for default.

Sec. 19a. If this state enters into a compact and, pursuant to agreements entered into by the compact members, Michigan is selected as the host state for the disposal site and fulfills its obligations to serve as the host state, the contractual agreement among the compact members shall include a provision that provides a penalty if any other compact member state subsequently defaults in any respect on its obligation to serve as the host state for the disposal site. This penalty shall include at least all of the following:

(a) Exemplary damages.

(b) The costs estimated to be incurred by this state due to the default.

(c) The costs estimated to be incurred by this state due to the lost opportunity to join another compact or to have proceeded as an independent state.

(d) Other expenses and costs that this state will incur as a result of the default as determined by the authority.

**History:** Add. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26220 Low-level radioactive waste management fund; creation; administration; appropriations; expenditures; sources of revenue; exemption of assets from taxation; preservation and use of assets.

Sec. 20. (1) There is hereby created in the state treasury a low-level radioactive waste management fund that shall be administered by the authority. The legislature shall make appropriations from the fund as provided in part 137 and as necessary to assure that the authority is able to fully implement its powers and responsibilities.

(2) The authority may expend appropriations by the legislature from the low-level radioactive waste fund for purposes listed in section 19 and as are otherwise reasonably related to the full implementation of the powers and duties of the authority.

(3) The source of the revenue of the fund shall include revenue from the following sources:

(a) Funds provided by other states, if this state is a member of a compact and this state is the host state for the compact, including export fees, funds to be allocated to candidate site communities, and any other

© Courtesy of www.legislature.mi.gov

revenue.

(b) Rebates received from the United States department of energy.

(c) Funds received pursuant to section 4(c).

(d) Disposal fees and surcharges established by the authority under section 19.

(4) The assets of the low-level radioactive waste management fund shall be exempt from all taxation by this state or any of its political subdivisions.

(5) The assets of the low-level radioactive waste management fund shall be preserved, invested, and expended solely pursuant to and for the purposes set forth in this act and in part 137 and shall not be loaned or otherwise transferred or used by the state for any other purpose.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

### 333.26220a Bonds.

Sec. 20a. (1) For the purpose of financing the project costs associated with the disposal site, the authority may borrow money and issue its revenue bonds payable solely from the disposal site revenues, except to the extent paid from the proceeds of sale of revenue bonds or from any other security provided for and pledged as provided by this act. The bonds shall be serial bonds or term bonds, or a combination of serial bonds and term bonds, and shall be payable as provided in the resolution authorizing the bonds. The last annual principal installment shall not be longer than the estimated period of usefulness of the disposal site for which the bonds were issued as determined by the authority. The resolution of the authority authorizing the issuance of the bonds may provide for sinking fund payments; for the bonds to bear interest at a fixed or variable rate or rates of interest per annum or at no interest; for the establishment of a reserve and the method of funding the reserve; for the investment of bond proceeds and other money held in funds and accounts created by the resolution; for the denomination or denominations of the bonds; for the form, either coupon or registered, of the bonds; for the conversion or registration privileges; for the manner of execution; for the sources, medium of payment, and place or places within or without the state of payment; and that the bond be subject to redemption at the option of the holder or the authority with the terms and redemption premiums as the resolution provides.

(2) Bonds issued may be sold at a discount but may not be sold at a price that would make the interest cost on the money borrowed after deducting any premium or adding any discount exceed 10% per annum or the maximum rate permitted by the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, whichever is greater. Bonds of the authority may be sold at public or private sale. Bonds issued under this act are not subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(3) Bonds of the authority shall not be in any way a debt or liability of the state and shall not create or constitute an indebtedness, liability, or obligation of the state or constitute a pledge of the faith and credit of the state, but all bonds issued by the authority, unless funded or refunded by bonds issued by the authority, shall be payable solely from revenues or funds pledged or available for their payment from disposal site revenues, or as otherwise provided by this act. The authority shall not be personally liable for an indebtedness, liability, or obligation under this section. Each bond issued under this section shall contain on its face a statement to the effect that the bond is not in any way a debt or liability of the state, that the state is not obligated to pay principal or interest on the bond, that neither the faith and credit nor the taxing power of the state is pledged for the payment of principal of or interest on the bond, and that the authority is obligated to pay the principal of and interest on the bond only from the disposal site revenues.

(4) The authority may authorize and approve an insurance contract, an agreement for a line of credit, a letter of credit, a commitment to purchase bonds, an agreement to remarket bonds or not to call for prior redemption of bonds, swaps, or interest protection agreements including interest rates, hedges, or similar agreements, and any other transaction to provide security to assure timely payment of the bond. The authority may authorize payment from the proceeds of the bond or from other funds available, of the costs of issuance including, but not limited to, fees for placement, charges for replacement, letters of credit, lines of credit, remarketing agreements, reimbursement agreements, or purchase or sales agreements or commitments, or agreements to provide security to assure timely payment of the bonds.

(5) A pledge of the disposal site revenues and the funds and accounts pledged by the resolution is valid and binding from the time when the pledge is made. The disposal site revenues pledged and thereafter received by the authority shall be subject to a statutory lien of the pledge without physical delivery of the revenues or money or further act, until payment in full of the principal of and interest upon the bonds, unless the authorizing resolution provides for an earlier discharge of the lien. The lien of a pledge of the disposal site revenue is valid and binding against a party having a claim of any kind in tort, contract, or otherwise against the authority, irrespective of whether that party has notice of the pledge. Neither the resolution authorizing the issuance of the bonds, the trust indenture, nor any other instrument by which a pledge is created need be filed

© Courtesy of www.legislature.mi.gov

or recorded in order to establish and perfect a lien or security interest in the property pledged.

(6) In the resolution authorizing the issuance of the bonds, the authority may authorize the state treasurer, as agent for the authority, to do 1 or more of the following:

(a) Sell and deliver, and receive payment for, bonds.

(b) Refund bonds by the delivery of new bonds, whether or not the bonds to be refunded have matured or are subject to redemption.

(c) Deliver bonds, partly to refund bonds, and partly for any other authorized purpose.

(d) Buy bonds that have been issued and resell those bonds.

(e) Approve interest rates or methods for fixing interest rates, prices, discounts, maturities, principal amounts, denominations, dates of issuance, interest payment dates, redemption rights at the option of the authority or holder, the place of delivery and payment, and other matters and procedures necessary to complete the transactions authorized.

(7) The authority may provide in the resolution authorizing the issuance of the bonds for 1 or more of the following:

(a) A provision that the disposal site revenues shall be pledged for the payment of the bonds.

(b) To covenant that the fees and surcharges provided for by section 19 shall be revised from time to time within the limits permitted by law and under the compact when necessary to insure that the revenues to be derived shall be sufficient to pay the principal of and interest on the bonds issued pursuant to this section and other obligations incurred in connection with the issuance of the bonds.

(c) To establish, make provision for, and make regulation regarding and disposition of reserves or sinking funds.

(d) To covenant with respect to or against limitations on the right to sell or otherwise dispose of property of any kind.

(e) A provision for deposit and expenditure of the proceeds of sale of the bonds and for investment of the proceeds and of other funds relating to the bonds.

(f) To covenant as to the issuance of additional bonds or notes, or as to limitations on the issuance of additional bonds, and on incurring other debts of the authority.

(g) To covenant as to the payment of principal and interest on the bonds, as to the sources and methods of that payment, as to the rank and priority of the bonds with respect to a lien or security, or as to the acceleration of the maturity of the bonds.

(h) To covenant as to the redemption of the bonds, and privileges for exchange of other bonds of the authority.

(i) To covenant as to create or authorize the creation of special funds or money to be held or pledged or otherwise for operating expenses, payment or redemption of bonds, reserves, or other purposes, and as the use and disposition of the money held in these special funds.

(j) To establish the procedure by which the terms of a contract or covenant with or for the benefit of the holders of the bonds may be amended or abrogated, the amount of bonds the holders of which must consent to the amendment of abrogation, and to the manner in which the consent may be given.

(k) To provide for the rights and liabilities, powers, and duties arising upon the breach of a covenant, condition, or obligation, and to prescribe the events of default and the terms and conditions upon which any or all the bonds shall become or may be declared due and payable before maturity, and the terms and conditions upon which such declarations and its consequences may be waived.

(*l*) Provide for the appointment of a trustee, to vest in a trustee property, rights, powers, and duties in trust as the authority determines, which may include all or any of the rights, powers, or duties of a trustee appointed by the holders of bonds or notes, and to limit or abrogate the right of holders of bonds of the authority to appoint a trustee under this section or to limit the rights, powers, and duties of such trustee.

(m) To limit the rights of holders of bonds to enforce a pledge or covenant securing the bonds.

(n) Any other matters of like or different character, which in any way affects the security or protection of the bonds.

(8) Notwithstanding any other restriction contained in any other law, the state and the public officer, governmental unit, or agencies of the state or governmental unit; a bank, trust company, savings bank and institution, savings and loan association, investment company, or other person carrying on a banking business; an insurance company, insurance association, or any other person carrying on an insurance business; or an executor, administrator, guardian, trustee, or other fiduciary may legally invest a sinking fund, money, or any other fund belonging to them or within their control in bonds or notes issued under this section, and authority bonds shall be authorized security for public deposits. If the interest of the bonds is excluded from gross income for federal income tax purposes, bonds and interest on those bonds shall be exempt from all taxation by the state or a subdivision of the state.

© Courtesy of www.legislature.mi.gov

(9) The authority may provide for the issuance of bonds in the amount the authority considers necessary for the purpose of refunding bonds of the authority then outstanding, including the payment of any redemption premium and interest accrued or to accrue to the earliest or subsequent date of redemption, purchase, or maturity of these bonds. The proceeds of these refunding bonds may be applied to the purchase or retirement at maturity or redemption of outstanding bonds either on the earliest or subsequent redemption date, and pending the application, may be placed in escrow to be applied to the purchase or retirement at maturity or redemption on a date or dates determined by the authority. Pending the application and subject to agreements with the bondholders, the escrowed proceeds may be invested and reinvested in the manner the authority determines, maturing at the time or times as appropriate to assure prompt payment of the principal, interest, and redemption premium, if any, of the outstanding bonds to be refunded. After the terms of the escrow have been fully satisfied and carried out, the balance of the proceeds and interest, income, and profits, if any, earned or realized on the investment of the proceeds shall be returned to the authority for use by the authority in any lawful manner. In the resolution authorizing bonds, the authority may provide that the bonds that have been refunded shall be considered paid when there has been deposited in trust money or direct obligations of the United States, or other obligations secured by the foregoing that will provide payments of principal and interest adequate to pay the principal and interest on the refunded bonds as that principal and interest becomes due whether by maturity or prior redemption and that, upon the deposit of the money or obligations, the obligations of the authority to the holders of the refunded bonds are terminated except as to the rights to the money or obligations deposited in trust.

(10) As used in this section:

(a) "Annual principal installment" means a maturity of serial bonds, an amount of term bonds required to be redeemed in that year, or a maturity of term bonds less amounts previously required to be redeemed.

(b) "Bonds" means any note, bond, or other obligation or evidence of indebtedness of the authority.

(c) "Disposal site revenues" means fees and surcharges established by the authority under section 19; other revenues generated by the operation of the disposal site; and other revenues received by the bond holders pursuant to the resolution authorizing the bond, after deduction of reasonable expenses of administration, operation, and maintenance of the disposal site.

(d) "Project costs" means the costs of assurance of title, construction, insurance during construction, acquisition, improvement, enlargement, extension, or repair of the disposal site unit including any engineering, architectural, legal, accounting, financial, surveying, and other expenses incidental to the disposal site. Project costs shall also include interest on the bonds and other obligations of the borrower issued to pay project costs or to secure the timely payment of the bonds, a reserve or an addition to a reserve for payment of principal and interest on the bonds, the amount determined by the authority required for the operation of maintenance of the disposal site until sufficient revenues have developed, and all costs associated with the issuance of the bonds.

(11) The issuance of bonds under this act is subject to the agency financing reporting act.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987;—Am. 2002, Act 414, Imd. Eff. June 3, 2002.

### 333.26221 Repealed. 1994, Act 434, Imd. Eff. Jan. 6, 1995.

**Compiler's note:** The repealed section pertained to report to governor and legislature.

### 333.26222 Noncompliance.

Sec. 22. The failure of the authority to comply with a requirement of this act that pertains to specified dates by which certain acts are to occur shall not invalidate an action taken by the authority after the specified date, if that action is otherwise in compliance with this act.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987.

### 333.26223 Annual report.

Sec. 23. The authority shall make an annual report to the governor and to the legislature. The annual report shall include a full account of the activities of the authority.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987.

### 333.26224 Assistance from other department or agencies; reimbursement for costs.

Sec. 24. Upon the request of the authority, any department or agency of this state shall assist the authority in fulfilling its responsibilities under this act and that department or agency shall be reimbursed for costs associated with that assistance.

**History:** 1987, Act 204, Imd. Eff. Dec. 22, 1987.

# AMANDA'S FUND FOR BREAST CANCER PREVENTION AND TREATMENT ACT
# Act 134 of 2007

AN ACT to establish the Amanda's fund for breast cancer prevention and treatment in the department of community health; to provide for the distribution of money from the fund; to prescribe the duties and powers of certain agencies and officials; and to provide for appropriations.

**History:** 2007, Act 134, Imd. Eff. Nov. 1, 2007.

*The People of the State of Michigan enact:*

## 333.26231 Short title.

Sec. 1. This act shall be known and may be cited as the "Amanda's fund for breast cancer prevention and treatment act".

**History:** 2007, Act 134, Imd. Eff. Nov. 1, 2007.

## 333.26232 Definitions.

Sec. 2. As used in this act:

(a) "Breast and cervical cancer control program" or "program" means the comprehensive program implemented in 1991 by the department pursuant to a grant from the federal centers for disease control and prevention to provide certain women with access to life-saving cancer screening services and follow-up care, including cancer treatment if necessary.

(b) "Department" means the department of community health.

(c) "Fund" means the Amanda's fund for breast cancer prevention and treatment created in section 3.

**History:** 2007, Act 134, Imd. Eff. Nov. 1, 2007.

**Compiler's note:** For creation of department of health and human services and abolishment of department of community health, see E.R.O. No. 2015-1, compiled at MCL 400.227.

## 333.26233 Amanda's fund for breast cancer prevention and treatment; creation; credit; investment; money remaining at close of year.

Sec. 3. (1) The Amanda's fund for breast cancer prevention and treatment is created in the department to provide funds for screening, follow-up care, and treatment under the breast and cervical cancer control program.

(2) The state treasurer shall credit to the fund all amounts appropriated for this purpose under section 435 of the income tax act of 1967, 1967 PA 281, MCL 206.435.

(3) The fund shall consist of the money credited to the fund pursuant to section 435 of the income tax act of 1967, 1967 PA 281, MCL 206.435, any interest and earnings accruing from the saving and investment of that money, and other appropriations, money, or other things of value received by the fund.

(4) The state treasurer shall direct the investment of the fund.

(5) Money in the fund at the close of the year shall remain in the fund and shall not lapse to the general fund.

**History:** 2007, Act 134, Imd. Eff. Nov. 1, 2007.

## 333.26234 Money, interest, and earnings; expenditures; availability of gift or donation for distribution.

Sec. 4. (1) The money, interest, and earnings of the fund shall be expended solely for the purposes described in this act.

(2) Money granted or received as a gift or donation to the fund is available for distribution upon appropriation.

**History:** 2007, Act 134, Imd. Eff. Nov. 1, 2007.

## 333.26235 Use of money.

Sec. 5. The department shall utilize money from the fund to expand the breast and cervical cancer control program's ability to provide screening, follow-up care, and treatment to program participants. This money shall be used to provide direct services to program participants and shall be in addition to any other allocation or appropriation and is intended to enhance appropriations to the breast and cervical cancer control program and not to replace or supplant those appropriations.

**History:** 2007, Act 134, Imd. Eff. Nov. 1, 2007.

## 333.26236 Use of money as matching funds.

© Courtesy of www.legislature.mi.gov

Sec. 6. Money from the fund may be used as matching funds for a federal grant or a grant from the national cancer institute if those funds are to be used for the purposes described under section 5.

**History:** 2007, Act 134, Imd. Eff. Nov. 1, 2007.

### 333.26237 Availability of money for distribution; money remaining at close of state fiscal year.

Sec. 7. The money in the fund that is available for distribution shall be appropriated each year. If money remains in the fund at the close of the state fiscal year, that money shall remain in the fund and shall not lapse to the general fund.

**History:** 2007, Act 134, Imd. Eff. Nov. 1, 2007.

# PROSTATE CANCER RESEARCH FUND ACT
# Act 135 of 2007

AN ACT to establish the prostate cancer research fund in the department of community health; to provide for the distribution of money from the fund; to prescribe the powers and duties of certain agencies and officials; and to provide for appropriations.

**History:** 2007, Act 135, Imd. Eff. Nov. 1, 2007.

*The People of the State of Michigan enact:*

## 333.26241 Short title.

Sec. 1. This act shall be known and may be cited as the "prostate cancer research fund act".

**History:** 2007, Act 135, Imd. Eff. Nov. 1, 2007.

## 333.26242 Definitions.

Sec. 2. As used in this act:

(a) "Department" means the department of community health.

(b) "Fund" means the prostate cancer research fund created in section 3.

**History:** 2007, Act 135, Imd. Eff. Nov. 1, 2007.

**Compiler's note:** For creation of department of health and human services and abolishment of department of community health, see E.R.O. No. 2015-1, compiled at MCL 400.227.

## 333.26243 Prostate cancer research fund; creation; credit; investment; money remaining at close of year.

Sec. 3. (1) The prostate cancer research fund is created in the department to provide funds to promote research in this state relating to prostate cancer.

(2) The state treasurer shall credit to the fund all amounts appropriated for this purpose under section 435 of the income tax act of 1967, 1967 PA 281, MCL 206.435.

(3) The fund shall consist of the money credited to the fund pursuant to section 435 of the income tax act of 1967, 1967 PA 281, MCL 206.435, any interest and earnings accruing from the saving and investment of that money, and other appropriations, money, or other things of value received by the fund.

(4) The state treasurer shall direct the investment of the fund.

(5) Money in the fund at the close of the year shall remain in the fund and shall not lapse to the general fund.

**History:** 2007, Act 135, Imd. Eff. Nov. 1, 2007.

## 333.26244 Money, interest, and earnings; expenditures as grants; availability for distribution.

Sec. 4. (1) The money, interest, and earnings of the fund shall be expended solely for grants to any of the following:

(a) A medical school located in this state.

(b) A hospital located in this state that specializes in the treatment of cancer.

(c) A hospital located in an urban area in this state that provides services to African-American men. As used in this subdivision, "urban area" means an urbanized area as determined by the economics and statistics administration of the United States bureau of the census according to the 2000 federal decennial census.

(2) Money granted or received as a gift or donation to the fund is available for distribution upon appropriation.

**History:** 2007, Act 135, Imd. Eff. Nov. 1, 2007.

## 333.26245 Use of money as matching fund.

Sec. 5. Money from the fund may be used as matching funds for a federal grant or a grant from the national cancer institute.

**History:** 2007, Act 135, Imd. Eff. Nov. 1, 2007.

## 333.26246 Availability of money for distribution.

Sec. 6. The money in the fund that is available for distribution shall be appropriated each year.

**History:** 2007, Act 135, Imd. Eff. Nov. 1, 2007.

© Courtesy of www.legislature.mi.gov

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 1991-23**

## 333.26251 Transfer of powers and duties of the low-level radioactive waste authority to the director of the department of commerce.

WHEREAS, Article V, Section 2, of the Constitution of the State of Michigan of 1963 empowers the Governor to make changes in the organization of the Executive Branch or in the assignment of functions among its units which he considers necessary for efficient administration; and

WHEREAS, the Low-Level Radioactive Waste Authority was created as an autonomous entity within the Department of Management and Budget by Act No. 204 of the Public Acts of 1987, being Section 333.26203 et seq. of the Michigan Compiled Laws; and

WHEREAS, the functions, duties and responsibilities assigned to the Low-Level Radioactive Waste Authority can be more effectively carried out under the supervision and direction of the head of the Department of Commerce.

NOW, THEREFORE, I, John Engler, Governor of the State of Michigan, pursuant to the powers vested in me by the Constitution of the State of Michigan of 1963 and the laws of the State of Michigan, do hereby order the following:

(1) All the statutory authority, powers, duties, functions and responsibilities of the Low-Level Radioactive Waste Authority are hereby transferred to the Director of the Department of Commerce, as head of the Department of Commerce, by a Type I transfer, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

(2) The Commissioner of the Low-Level Radioactive Waste Authority shall provide executive direction and supervision for the implementation of the transfers. The assigned functions shall be administered under the direction and supervision of the Commissioner of the Low-Level Radioactive Waste Authority, and all prescribed functions of rule making, licensing and registration, including the prescription of rules, regulations, standards and adjudications, shall be transferred to the Commissioner of the Low-Level Radioactive Waste Authority.

(3) All records, personnel, property and unexpended balances of appropriations, allocations and other funds used, held, employed, available or to be made available to the Low-Level Radioactive Waste Authority for the activities transferred are hereby transferred to the Department of Commerce to the extent required to provide for the efficient and effective operation of the Low-Level Radioactive Waste Authority.

(4) The Commissioner of the Low-Level Radioactive Waste Authority and the Director of the Department of Commerce shall immediately initiate coordination to facilitate the transfer and develop a memorandum of record identifying any pending settlements, issues of compliance with applicable federal and State laws and regulations, or other obligations to be resolved by the Low-Level Radioactive Waste Authority.

(5) All rules, orders, contracts and agreements relating to the assigned functions lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended or repealed.

(6) Any suit, action or other proceeding lawfully commenced by, against or before any entity affected by this Order shall not abate by reason of the taking effect of this Order. Any suit, action or other proceeding may be maintained by, against or before the appropriate successor of any entity affected by this Order.

(7) All departments and agencies of the state government shall cooperate with the Low-Level Radioactive Waste Authority in carrying out the functions and responsibilities assigned to it by law.

In fulfillment of the requirement of Article V, Section 2, of the Constitution of the State of Michigan of 1963, the provisions of the Executive Order shall become effective 60 days after filing.

**History:** 1991, No. E.R.O. 1991-23, Eff. Jan. 21, 1992.

**Compiler's note:** For transfer of low-level radioactive waste authority from department of environmental quality to department of natural resources and environment, see E.R.O. No. 2009-31, compiled at MCL 324.99919.

For transfer of powers and duties of commissioner of low-level radioactive waste authority to department of natural resources and environment by type III transfer, see E.R.O. No. 2009-31, compiled at MCL 324.99919.

For transfer of low-level radioactive waste authority from department of natural resources and environment to department of environmental quality, see E.R.O. No. 2011-1, compiled at MCL 324.99921.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2009-17**

## 333.26252 Transfer of RSD/CRPS work group to department of community health by type III transfer; abolishment of RSD/CRPS work group.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, abolishing the Reflex Sympathetic Dystrophy/Complex Regional Pain Syndrome Work Group will contribute to a smaller and more efficient state government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Community Health" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the Department of Community Health under Executive Order 1996-1, MCL 330.3101.

B. "Reflex Sympathetic Dystrophy/Complex Regional Pain Syndrome Work Group" or "RSD/CRPS Work Group" means the work group created under Section 5141 of the Public Health Code, 1978 PA 368, MCL 333.5141.

C. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of The Management and Budget Act, 1984 PA 431, MCL 18.1321.

D. "Type III transfer" means that term as defined under Section 3(c) of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. The RSD/CRPS Work Group is transferred by Type III transfer to the Department of Community Health.

B. The RSD/CRPS Work Group is abolished.

**III. IMPLEMENTATION OF TRANSFERS**

A. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Community Health in such ways as to promote efficient administration.

C. All records, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the RSD/CRPS Work Group for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Community Health.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2014-2**

**333.26253 Amendment of Executive Order Nos. 2011-6, 2007-18, and 2010-15; transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising from MCL 333.20901 to 333.20979 from department of licensing and regulatory affairs to department of community health; creation of grape and wine industry council within department of agriculture and rural development.**

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power in the Governor; and

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the Executive Branch or in the assignment of functions among its units that the Governor considers necessary for efficient administration; and

WHEREAS, Section 8 of Article V of the Michigan Constitution of 1963 provides that each principal department shall be under the supervision of the Governor, unless otherwise provided by the Constitution; and

WHEREAS, there is a continued need to reorganize the functions among state departments for efficient administration, and

WHEREAS, programs, agencies, and services should be placed among the principal departments on a consistent, logical basis in order to ensure the most efficient use of public dollars and more streamlined services.

NOW, THEREFORE, I, Richard D. Snyder, Governor of the state of Michigan, by virtue of the powers and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. TRANSFER OF RESPONSIBILITIES UNDER PART 209 OF THE MICHIGAN PUBLIC HEALTH CODE TO THE DEPARTMENT OF COMMUNITY HEALTH**

A. Any authority, powers, responsibilities duties, functions, records, contracts, personnel, property, unexpended balances of appropriations, allocations or other funds, including the functions of budgeting and procurement, of the Department of Licensing and Regulatory Affairs relative to the registration, licensing, or regulation of professional occupations arising from Part 209 of the Michigan Public Health Code, 1978 PA 368, MCL 333.20901 to 333.20979, including any board, commission, council, or similar entity providing regulation of health professionals licensed, registered, or certified under Part 209 of Article 17 of the Public Health Code, are transferred from the Department of Licensing and Regulatory Affairs to the Department of Community Health.

B. Any authority, powers, duties, functions, and responsibilities of management support within the Department of Licensing and Regulatory Affairs for programs or functions relative to the registration, licensing, or enforcement of professional occupations under Part 209 of the Public Health Code are transferred from the Department of Licensing and Regulatory Affairs to the Department of Community Health.

C. Any authority, powers, duties, functions, and responsibilities of the Department of Licensing and Regulatory Affairs related to the promulgation of rules related to the registration, licensing, or regulation of professional occupations under Part 209 of the Public Health Code are transferred from the Department of Licensing and Regulatory Affairs to the Department of Community Health.

**II. MICHIGAN COMPENSATION APPELLATE COMMISSION**

Sections I. D. and E. of Executive Order 2011-6 are amended to read as follows:

"D. The Commission shall consist of up to nine members appointed by the Governor with the advice and consent of the Senate. Of the members initially appointed, up to three members shall be appointed for a term expiring on July 31, 2013, up to three members shall be appointed for a term expiring July 31, 2014, and up to three members shall be appointed for a term expiring on July 31, 2015."

"E. Except as provided in Section I. D., Appellate Commissioners shall be appointed for terms of four years. If, in the case of a vacancy, the Governor determines that the vacancy should be filled, he may appoint a Commissioner and shall fill the position in the same manner as the original appointment. An Appellate Commissioner appointed to fill a vacancy created other than by expiration of a term shall be appointed for the balance of the unexpired term."

**III. MICHIGAN CITIZEN COMMUNITY EMERGENCY RESPONSE COORDINATING COUNCIL**

© Courtesy of www.legislature.mi.gov

Section II . B. 7. of Executive Order 2007-18 is amended to read as follows:

"7. The State Fire Marshal, or his or her designated representative from within the Department of Licensing and Regulatory Affairs ."

**IV. GRAPE AND WINE INDUSTRY COUNCIL**

A. A new Grape and Wine Industry Council is created within the Department of Agriculture and Rural Development.

B. The Council shall consist of the following twelve members:

1. Three wine makers, who shall be appointed by the Governor.

2. A wine grape grower, who shall be appointed by the Governor.

3. The Chief Executive Officer of the Michigan Economic Development Corporation, or his or her designee,

4. The Director of the Department of Agriculture and Rural Development, or his or her designee, who shall serve as chairperson of the council.

5. A staff member of Michigan State University appointed by, and serving at the pleasure of, the Dean of the College of Agriculture and Natural Resources of Michigan State University.

6. The Chairperson of the Liquor Control Commission, or his or her designee, as an ex officio member.

7. A person who operates a retail food establishment that holds a specially designated merchant license and sells Michigan wines, or a person who operates a restaurant that holds a Class C license and serves Michigan wines, who shall be appointed by the Governor.

8. A beer and wine wholesaler who markets Michigan wine, who shall be appointed by the Governor.

9. Two members of the public, who shall be appointed by the Governor.

C. The Council members appointed under subsections B. 2., B. 7., one of the council members appointed under subsection B. 1., and one council member appointed under subsection B. 9. shall serve from the effective date of this order until February 1, 2016.

D. Two of the Council members appointed under subsection B. 1., the Council member appointed under subsection B. 8., and one Council member appointed under B. 9. shall serve from the effective date of this order until February 1, 2017.

E. All appointments for terms beginning after January 1, 2016, shall be for three years.

F. A member shall not serve more than 2 consecutive terms. A member shall continue to serve until a qualified successor has been appointed. A vacancy on the board shall be filled in the same manner as the original appointment.

G. The Grape and Wine Council shall be governed by the provisions of Section 303(4)-(9) of the Michigan Liquor Control Code of 1998, PA 58.

H. All of the statutory authority, powers, duties, functions, and responsibilities of the Grape and Wine Industry Council created in Section 303 of the Michigan Liquor Control Code, 1998 PA 58, are transferred to the new Grape and Wine Industry Council. The former Grape and Wine Industry Council is abolished.

**V. P-20 LONGITUDINAL DATA SYSTEM ADVISORY COUNCIL**

Sections II. and III. of Executive Order No. 2010-15 are amended to read as follows:

"II. CREATION OF THE P-20 LONGITUDINAL DATA SYSTEM ADVISORY COUNCIL

A. The P-20 Longitudinal Data System Advisory Council is created as an advisory body within the State Budget Office.

B. The Council shall consist of the following members:

1. Three representatives nominated by the Superintendent of Public Instruction from within the Department of Education and appointed by the State Budget Director representing K12 academic affairs, K12 assessment and accountability, and early childhood.

2. One representative nominated by the Chief Information Officer within the Department of Technology, Management, and Budget and appointed by the State Budget Director.

3. One representative nominated by the Director of the Workforce Development Agency within the Michigan Strategic Fund and appointed by the State Budget Director.

4. One representative nominated by the State Treasurer from within the Department of Treasury and appointed by the State Budget Director representing student financial aid programs.

5. One representative from within the State Budget Office appointed by the State Budget Director to serve as his or her designee.

6. Twelve individuals appointed by the State Budget Director, including all of the following:

a. Six individuals representing public schools in this state.

b. Three individuals representing institutions of higher education in this state but not including community colleges.

© Courtesy of www.legislature.mi.gov

c. Two individuals representing community colleges in this state.

d. One other resident of this state.

C. All Members of the Council shall serve at the pleasure of the State Budget Director.

D. The representative of the State Budget Director shall serve as the Chairperson of the Council.

III. CHARGE TO THE COUNCIL

The Council shall act in an advisory capacity to the State Budget Director and the Director of the Center for Educational Performance and Information and shall do all of the following :

1. Review, develop, and recommend policies, procedures, and timelines to be adopted by the Center for Educational Performance and Information for the development and implementation and maintenance of a comprehensive longitudinal data reporting system in compliance with state and federal laws.

2. Develop and recommend state and educational entity model policies related to data collection, maintenance, and reporting for the P-20 longitudinal data reporting system, including, but not limited to, all of the following:

a. Storing unique student identifiers and matching student-level data in elementary, secondary and postsecondary data systems;

b. Reporting student-level remedial coursework for institutions of higher education;

c. Connecting individual teacher data to teacher preparation colleges;

d. Ensuring the privacy of individual student data, including that a student's social security number is not released to the public for any purpose.

3. Ensure the data in the P-20 longitudinal data reporting system is made available to state and local policymakers and residents of this state in the most useful format possible.

4. Report to the State Budget Director on recommended changes in Michigan law.

5. Other duties as requested by the State Budget Director."

**VI. MISCELLANEOUS**

A. The directors of the departments and agencies impacted by this Order shall administer the functions transferred in such ways as to promote efficient administration and shall make internal organizational changes as may be administratively necessary to complete the realignment of responsibilities under this Order.

B. All rules, orders, contracts, plans, and agreements relating to the functions transferred by this Order lawfully adopted prior to the effective date of this Order by the responsible state agency shall continue to be effective until revised , amended, or rescinded.

C. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system as necessary for the implementation of this Order.

D. Any suit, action, or other proceeding lawfully commenced by, against, or before any entity transferred by this Order shall not abate by reason of the taking effect of this Order. Any lawfully commenced suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected by this Order.

E. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements of Section 2 of Article V of the Michigan Constitution of 1963, this Order shall be effective 60 days after the filing of this Order.

**History:** 2014, E.R.O. No. 2014-2, Eff. May 10, 2014.

**Compiler's note:** Executive Reorganization Order No. 2014-2 was promulgated March 10, 2014 as Executive Order No. 2014-6, Eff. May 10, 2014.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2017-3**

**333.26254 Transfer of powers and duties of migrant labor housing program from department of health and human services to department of agriculture and rural development; transfer of Michigan dry cleaning program, Michigan indoor radon program, and radioactive materials program from department of health and human services to department of environmental quality; transfer of powers and duties of department of licensing and regulatory affairs relative to registration, licensing, or regulation of professional occupations arising under MCL 333.20901 to 333.20970 to department of health and human services.**

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the state of Michigan in the Governor; and

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the Executive Branch or in the assignment of functions among its units that he considers necessary for efficient administration; and

WHEREAS, Section 8 of Article V of the Michigan Constitution of 1963 provides that each principal department shall be under the supervision of the Governor unless otherwise provided by the Constitution; and

WHEREAS, there is a continued need to reorganize functions among state departments to ensure efficient administration; and

WHEREAS, programs, agencies, and services should be placed among the principal departments on a consistent, logical basis in order to ensure the most efficient use of public dollars and more streamlined services.

NOW, THEREFORE, I, Richard D. Snyder, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Agriculture and Rural Development" means the principal department of state government created as the Department of Agriculture under Section 1 of 1921 PA 13, MCL 285.1, and Section 175 of the Executive Reorganization Act of 1965, 1965 PA 380, MCL 16.275, and renamed the Department of Agriculture and Rural Development under Executive Order No. 2011-2, MCL 285.11.

B. "Department of Environmental Quality" means the principal department of state government created as the Department of Environmental Quality under Executive Order No. 2011-1, MCL 324.99921.

C. "Department of Health and Human Services" means the principal department of state government created as the Department of Health and Human Services under Executive Order No. 2015-4, MCL 400.227.

D. "Department of Licensing and Regulatory Affairs" means the principal department of state government created as the Department of Commerce under Section 225 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.325, renamed the Department of Consumer and Industry Services under Executive Order 1996-2, MCL 445.2001, renamed the Department of Labor and Economic Growth under Executive Order 2003-18, MCL 445.2011, renamed the Department of Energy, Labor and Economic Growth under Executive Order 2008-20, MCL 445.2025, and renamed the Department of Licensing and Regulatory Affairs under Executive Order 2011-4, MCL 445.2030.

E. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of the Management and Budget Act, 1984 PA 431, MCL 18.321.

**II. TRANSFER OF RESPONSIBILITIES UNDER PART 124 OF THE MICHIGAN PUBLIC HEALTH CODE TO THE DEPARTMENT OF AGRICULTURE AND RURAL DEVELOPMENT**

A. Any and all authority, powers, duties, functions and responsibilities of the Migrant Labor Housing program, including, but not limited to, the statutory authority, powers, duties, functions and responsibilities set forth in Part 124 of the Public Health Code, 1978 PA 368, as amended, MCL 333.12401 *et seq.*, that were moved to the Department of Health and Human Services by 2015 PA 155, MCL 333.1104(5), are transferred from the Department of Health and Human Services to the Department of Agriculture and Rural Development.

B. All records, personnel, property, unexpended balances of appropriations, allocations, or other funds used, held, employed, available, or to be made available to the Department of Health and Human Services for the activities, powers, duties, functions, and responsibilities transferred to the Department of Agriculture and

Rural Development by Section II of this Order are transferred to the Department of Agriculture and Rural Development.

C. The Director of the Department of Agriculture and Rural Development, after consultation with the Director of the Department of Health and Human Services, shall provide executive direction and supervision for the implementation of the transfers. The assigned functions shall be administered under the direction and supervision of the Director of the Agriculture and Rural Development.

D. The directors of the departments shall immediately initiate coordination to facilitate the transfers and shall, if necessary, develop a memorandum of record identifying any pending settlements, issues of compliance with applicable federal and state laws and regulations, or other obligations to be resolved by the Department of Agriculture and Rural Development.

**III. TRANSFER OF RESPONSIBILITIES UNDER PARTS 133, 135, AND 137 OF THE MICHIGAN PUBLIC HEALTH CODE TO THE DEPARTMENT OF ENVIRONMENTAL QUALITY**

A. Any and all authority, powers, duties, functions, and responsibilities of the Michigan Dry Cleaning Program, the Michigan Indoor Radon Program, and the Radioactive Materials Program, under Parts 133, 135 and 137 of the Public Health Code, 1978 PA 368, as amended, being MCL 333.13301 *et seq.*, MCL 333.13501 *et seq.* and MCL 333.13701 *et seq.*, that were moved to the Department of Health and Human Services by 2015 PA 155, MCL 333.1104(5), are transferred from the Department of Health and Human Services to the Department of Environmental Quality.

B. All records, personnel, property, unexpended balances of appropriations, allocations, or other funds used, held, employed, available, or to be made available to the Department of Health and Human Services for the activities, powers, duties, functions, and responsibilities transferred to the Department of Environmental Quality by Section III of this Order are transferred to the Department of Environmental Quality.

C. The Director of the Department of Environmental Quality, after consultation with the Director of the Department of Health and Human Services, shall provide executive direction and supervision for the implementation of the transfers. The assigned functions shall be administered under the direction and supervision of the Director of the Environmental Quality.

D. The directors of the departments shall immediately initiate coordination to facilitate the transfers and shall, if necessary, develop a memorandum of record identifying any pending settlements, issues of compliance with applicable federal and state laws and regulations, or other obligations to be resolved by the Department of Environmental Quality.

**IV. TRANSFER OF RESPONSIBILITIES UNDER PART 209 OF THE MICHIGAN PUBLIC HEALTH CODE TO THE DEPARTMENT OF HEALTH AND HUMAN SERVICES**

A. Any authority, powers, responsibilities duties, functions, records, contracts, personnel, property, unexpended balances of appropriations, allocations or other funds, including the functions of budgeting and procurement, of the Department of Licensing and Regulatory Affairs relative to the registration, licensing, or regulation of professional occupations arising from Part 209 of the Michigan Public Health Code, 1978 PA 368, MCL 333.20901 to 333.20979, including any board, commission, council, or similar entity providing regulation of health professionals licensed, registered, or certified under Part 209 of Article 17 of the Public Health Code, that were moved to the Department of Licensing and Regulatory Affairs by 2015 PA 155, MCL 333.20104(4), are transferred from the Department of Licensing and Regulatory Affairs to the Department of Health and Human Services.

B. Any authority, powers, duties, functions, and responsibilities of management support within the Department of Licensing and Regulatory Affairs for programs or functions relative to the registration, licensing, or enforcement of professional occupations under Part 209 of the Public Health Code are transferred from the Department of Licensing and Regulatory Affairs to the Department of Health and Human Services.

C. Any authority, powers, duties, functions, and responsibilities of the Department of Licensing and Regulatory Affairs related to the promulgation of rules related to the registration, licensing, or regulation of professional occupations under Part 209 of the Public Health Code are transferred from the Department of Licensing and Regulatory Affairs to the Department of Health and Human Services.

D. All records, personnel, property, unexpended balances of appropriations, allocations, or other funds used, held, employed, available, or to be made available to the Department of Licensing and Regulatory Affairs for the activities, powers, duties, functions, and responsibilities transferred to the Department of Health and Human Services by Section IV of this Order are transferred to the Department of Health and Human Services.

E. The Director of the Department of Health and Human Services, after consultation with the Director of

© Courtesy of www.legislature.mi.gov

the Department of Licensing and Regulatory Affairs, shall provide executive direction and supervision for the implementation of the transfers. The assigned functions shall be administered under the direction and supervision of the Director of the Health and Human Services.

F. The directors of the departments shall immediately initiate coordination to facilitate the transfers and shall, if necessary, develop a memorandum of record identifying any pending settlements, issues of compliance with applicable federal and state laws and regulations, or other obligations to be resolved by the Department of Health and Human Services.

**V. IMPLEMENTATION**

A. The directors of the departments impacted by this Order shall administer the functions transferred in such ways as to promote efficient administration and shall make internal organizational changes as may be administratively necessary to complete the realignment of responsibilities under this Order.

B. The State Budget Director shall determine and authorize the most efficient manner possible for the handling of financial transactions and records in the state's financial management system for the remainder of the current state fiscal year for transfers made under this Order.

C. All rules, orders, contracts, plans, and agreements relating to the functions transferred by this Order lawfully adopted prior to the effective date of this Order by the responsible state agency shall continue to be effective until revised, amended, or rescinded.

D. Any suit, action, or other proceeding lawfully commenced by, against, or before any entity transferred by this Order shall not abate by reason of the taking effect of this Order. Any lawfully commenced suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected by this Order.

E. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements of Section 2 of Article V of the Michigan Constitution of 1963, this Order shall be effective 60 days after the filing of this Order.

**History:** 2017, E.R.O. No. 2017-3, Eff. Dec. 5, 2017.

**Compiler's note:** Executive Reorganization Order No. 2017-3 was promulgated October 5, 2017, as Executive Order No. 2017-7, Eff. Dec. 5, 2017.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2018-2**

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2018-3**

## 333.26256 Rescission of Executive Order No. 2018-4; appointment of additional voting members to state emergency medical services coordinating committee.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor; and

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the Executive Branch or in the assignment of functions among its units that he considers necessary for efficient administration; and

WHEREAS, Section 8 of Article V of the Michigan Constitution of 1963 provides that each principal department shall be under the supervision of the Governor unless otherwise provided by the constitution; and

WHEREAS, emergency medical services are a critical component of public health and safety in Michigan; and

WHEREAS, the provision of emergency medical services has become increasingly integrated with other comprehensive systems of care; and

WHEREAS, rural areas in Michigan present unique challenges for the provision of emergency medical services because of the wide dispersal of patients and the heavy reliance on volunteer emergency medical technicians; and

WHEREAS, the State Emergency Medical Services Coordinating Committee (the "Coordinating Committee") within the Department of Health and Human Services (the "Department"), see MCL 333.20915 & MCL 333.20916, plays a vital role in coordinating the exchange of information on emergency medical services and advising the Department on all matters involving the provision of emergency medical services in Michigan; and

WHEREAS, changes to the composition of the Coordinating Committee are necessary for efficient administration and to ensure that the Department continues to have access to subject-matter expertise from a well-rounded Coordinating Committee that will continue to fully support the evolution of emergency medical services in Michigan;

NOW, THEREFORE, I, Richard D. Snyder, Governor of the state of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. RESCISSION OF EXECUTIVE ORDER 2018-4**

Executive Order 2018-4 is hereby rescinded and replaced by this Order.

**II. STATE EMERGENCY MEDICAL SERVICES COORDINATING COMMITTEE**

A. In addition to the voting members of the Coordinating Committee appointed by the director of the Department pursuant to MCL 333.20915(1), the Coordinating Committee shall also include the following three voting members appointed by the director of the Department to three-years terms:

1. One individual representing local law enforcement;
2. One representative nominated by the Michigan Emergency Nurses Association Executive Board; and
3. One representative nominated by the Michigan Pharmacy Association.

B. In addition to the ex officio members serving on the Coordinating Committee pursuant to MCL 333.20915(2), the Coordinating Committee shall also include the following four ex officio members without the right to vote:

1. One representative of the Department, designated by the director of the Department;
2. The State 9-1-1 Administrator;
3. One representative nominated by the Michigan Center for Rural Health; and
4. One representative nominated by the Michigan Office of Highway Safety Planning.

C. After the director of the Department makes new appointments under subsections (1)(a), (1)(b), (1)(c), (1)(d), (1)(e), (1)(f), and (1)(i) of MCL 333.20915, at least one representative from each of the organizations identified must be associated with a county having a population of not more than 50,000.

D. At least one voting member of the Coordinating Committee shall be from a city with a population of not less than 500,000.

**III. MISCELLANEOUS**

A. Any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order shall not abate by reason of the taking effect of this Order.

B. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order.

In fulfillment of the requirements of Section 2 of Article V of the Michigan Constitution of 1963, this

# MEDICAL RECORDS ACCESS ACT
## Act 47 of 2004

AN ACT to provide for and to regulate access to and disclosure of medical records; to prescribe powers and duties of certain state agencies and departments; to establish fees; to prescribe administrative sanctions; and to provide remedies.

**History:** 2004, Act 47, Imd. Eff. Apr. 1, 2004.

*The People of the State of Michigan enact:*

### 333.26261 Short title.

Sec. 1. This act shall be known and may be cited as the "medical records access act".

**History:** 2004, Act 47, Imd. Eff. Apr. 1, 2004.

### 333.26263 Definitions.

Sec. 3. As used in this act:

(a) "Authorized representative" means any of the following:

(*i*) A person empowered by the patient by explicit written authorization to act on the patient's behalf to access, disclose, or consent to the disclosure of the patient's medical record, in accordance with this act.

(*ii*) If the patient is deceased, any of the following:

(A) His or her personal representative.

(B) His or her heirs at law including, but not limited to, his or her spouse.

(C) The beneficiary of the patient's life insurance policy, to the extent provided by section 2157 of the revised judicature act of 1961, 1961 PA 236, MCL 600.2157.

(*iii*) For the purpose of obtaining a copy of an autopsy report regarding a deceased patient, any of the following:

(A) The deceased patient's heirs at law including, but not limited to, the deceased patient's spouse.

(B) The deceased patient's personal representative.

(C) The beneficiary of the deceased patient's life insurance policy, to the extent provided by section 2157 of the revised judicature act of 1961, 1961 PA 236, MCL 600.2157.

(b) "Detroit consumer price index" means the most comprehensive index of consumer prices available for the Detroit area from the bureau of labor statistics of the United States department of labor.

(c) "Guardian" means an individual who is appointed under section 5306 of the estates and protected individuals code, 1998 PA 386, MCL 700.5306, to the extent that the scope of the guardianship includes the authority to act on the individual's behalf with regard to his or her health care. Guardian includes an individual who is appointed as the guardian of a minor under section 5202 or 5204 of the estates and protected individuals code, 1998 PA 386, MCL 700.5202 and 700.5204, or under the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106, to the extent that the scope of the guardianship includes the authority to act on the individual's behalf with regard to his or her health care.

(d) "Health care" means any care, service, or procedure provided by a health care provider or health facility to diagnose, treat, or maintain a patient's physical condition, or that affects the structure or a function of the human body.

(e) "Health care provider" means a person who is licensed or registered or otherwise authorized under article 15 of the public health code, 1978 PA 368, MCL 333.16101 to 333.18838, to provide health care in the ordinary course of business or practice of a health profession. Health care provider does not include a person who provides health care solely through the sale or dispensing of drugs or medical devices or a psychiatrist, psychologist, social worker, or professional counselor who provides only mental health services.

(f) "Health facility" means a health facility or agency licensed under article 17 of the public health code, 1978 PA 368, MCL 333.20101 to 333.22260, or any other organized entity where a health care provider provides health care to patients.

(g) "Maintain", as related to medical records, means to hold, possess, preserve, retain, store, or control medical records.

(h) "Medicaid" means that term as defined in section 2701 of the public health code, 1978 PA 368, MCL 333.2701.

(i) "Medical record" means information oral or recorded in any form or medium that pertains to a patient's health care, medical history, diagnosis, prognosis, or medical condition and that is maintained by a health care provider or health facility in the process of caring for the patient's health.

(j) "Medical records company" means a person who stores, locates, or copies medical records for a health

© Courtesy of www.legislature.mi.gov

care provider or health facility under a contract or agreement with that health care provider or health facility and charges a fee for providing medical records to a patient or his or her authorized representative for that health care provider or health facility.

(k) "Medically indigent individual" means that term as defined in section 106 of the social welfare act, 1939 PA 280, MCL 400.106.

(*l*) "Medicare" means that term as defined in section 2701 of the public health code, 1978 PA 368, MCL 333.2701.

(m) "Minor" means an individual who is less than 18 years of age, but does not include an individual who is emancipated under section 4 of 1968 PA 293, MCL 722.4.

(n) "Patient" means an individual who receives or has received health care from a health care provider or health facility. Patient includes a guardian, if appointed, and a parent, guardian, or person acting in loco parentis, if the individual is a minor, unless the minor lawfully obtained health care without the consent or notification of a parent, guardian, or other person acting in loco parentis, in which case the minor has the exclusive right to exercise the rights of a patient under this act with respect to those medical records relating to that care.

(o) "Person" means an individual, corporation, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or other legal or commercial entity.

(p) "Personal representative" means that term as defined in section 1106 of the estates and protected individuals code, 1998 PA 386, MCL 700.1106.

(q) "Third party payer" means a public or private health care payment or benefits program including, but not limited to, all of the following:

(*i*) A health insurer.

(*ii*) A nonprofit health care corporation.

(*iii*) A health maintenance organization.

(*iv*) A preferred provider organization.

(*v*) A nonprofit dental care corporation.

(*vi*) Medicaid or medicare.

**History:** 2004, Act 47, Imd. Eff. Apr. 1, 2004;—Am. 2008, Act 124, Imd. Eff. May 9, 2008.

### 333.26265 Request by authorized individual to examine or obtain medical record; response by health care provider or facility; extension of response time.

Sec. 5. (1) Except as otherwise provided by law or regulation, a patient or his or her authorized representative has the right to examine or obtain the patient's medical record.

(2) An individual authorized under subsection (1) who wishes to examine or obtain a copy of the patient's medical record shall submit a written request that is signed and dated by that individual not more than 60 days before being submitted to the health care provider or health facility that maintains the medical record that is the subject of the request. Upon receipt of a request under this subsection, a health care provider or health facility shall, as promptly as required under the circumstances, but not later than 30 days after receipt of the request or if the medical record is not maintained or accessible on-site not later than 60 days after receipt of the request, do 1 or more of the following:

(a) Make the medical record available for inspection or copying, or both, at the health care provider's or health facility's business location during regular business hours or provide a copy of all or part of the medical record, as requested by the patient or his or her authorized representative.

(b) If the health care provider or health facility has contracted with another person or medical records company to maintain the health care provider's or health facility's medical records, the health care provider or health facility shall transmit a request made under this subsection to the person or medical records company maintaining the medical records. The health care provider or health facility shall retrieve the medical record from the person or medical records company maintaining the medical records and comply with subdivision (a) or shall require the person or medical records company that maintains that medical record to comply with subdivision (a).

(c) Inform the patient or his or her authorized representative if the medical record does not exist or cannot be found.

(d) If the health care provider or health facility to which the request is directed does not maintain the medical record requested and does not have a contract with another person or medical records company as described in subdivision (b), so inform the patient or his or her authorized representative and provide the name and address, if known, of the health care provider or health facility that maintains the medical records.

(e) If the health care provider or health facility determines that disclosure of the requested medical record is likely to have an adverse effect on the patient, the health care provider or health facility shall provide a

© Courtesy of www.legislature.mi.gov

clear statement supporting that determination and provide the medical record to another health care provider, health facility, or legal counsel designated by the patient or his or her authorized representative.

(f) If the health care provider or health facility receives a request for a medical record that was obtained from someone other than a health care provider or health facility under a confidentiality agreement, the health care provider or health facility may deny access to that medical record if access to that medical record would be reasonably likely to reveal the source of the information. If the health care provider or health facility denies access under this subdivision, it shall provide the patient or his or her authorized representative with a written denial.

(g) The health care provider, health facility, or medical records company shall take reasonable steps to verify the identity of the person making the request to examine or obtain a copy of the patient's medical record.

(3) If the health care provider, health facility, or medical records company is unable to take action as required under subsection (2) and the health care provider, health facility, or medical records company provides the patient with a written statement indicating the reasons for its delay within the required time period, the health care provider, health facility, or medical records company may extend the response time for no more than 30 days. A health care provider, health facility, or medical records company may only extend the response time once per request under this subsection.

**History:** 2004, Act 47, Imd. Eff. Apr. 1, 2004.

### 333.26267 Inquiry as to purpose prohibited.

Sec. 7. A health care provider or health facility that receives a request for a medical record under section 5 shall not inquire as to the purpose of the request.

**History:** 2004, Act 47, Imd. Eff. Apr. 1, 2004.

### 333.26269 Fee.

Sec. 9. (1) Except as otherwise provided in this section, if a patient or his or her authorized representative makes a request for a copy of all or part of his or her medical record under section 5, the health care provider, health facility, or medical records company to which the request is directed may charge the patient or his or her authorized representative a fee that is not more than the following amounts:

(a) An initial fee of $20.00 per request for a copy of the record.

(b) Paper copies as follows:

(*i*) One dollar per page for the first 20 pages.

(*ii*) Fifty cents per page for pages 21 through 50.

(*iii*) Twenty cents for pages 51 and over.

(c) If the medical record is in some form or medium other than paper, the actual cost of preparing a duplicate.

(d) Any postage or shipping costs incurred by the health care provider, health facility, or medical records company in providing the copies.

(e) Any actual costs incurred by the health care provider, health facility, or medical records company in retrieving medical records that are 7 years old or older and not maintained or accessible on-site.

(2) A health care provider, health facility, or medical records company may refuse to retrieve or copy all or part of a medical record for a patient or his or her authorized representative until the applicable fee is paid.

(3) A health care provider, health facility, or medical records company shall not charge a fee for retrieving, copying, or mailing all or part of a medical record other than a fee allowed under subsection (1). Except as otherwise provided in subsection (4), a health care provider, health facility, or medical records company shall waive all fees for a medically indigent individual. The health care provider, health facility, or medical records company may require the patient or his or her authorized representative to provide proof that the patient is a recipient of assistance as described in this subsection.

(4) A medically indigent individual that receives copies of medical records at no charge under subsection (3) is limited to 1 set of copies per health care provider, health facility, or medical records company. Any additional requests for the same records from the same health care provider, health facility, or medical records company shall be subject to the fee provisions under subsection (1).

(5) Notwithstanding subsection (1), a health care provider, health facility, or medical records company shall not charge a patient an initial fee for his or her medical record.

(6) Beginning 2 years after the effective date of this act, the department of community health shall adjust on an annual basis the fees prescribed by subsection (1) by an amount determined by the state treasurer to reflect the cumulative annual percentage change in the Detroit consumer price index.

# DESIGNATED CAREGIVER ACT
# Act 85 of 2016

AN ACT to allow for designation of a caregiver; to prescribe the duties of a designated caregiver; to enable a hospital to assist in designating a caregiver; and to prescribe the duties of state departments and agencies.

**History:** 2016, Act 85, Eff. July 12, 2016.

*The People of the State of Michigan enact:*

## 333.26281 Short title.

Sec. 1. This act shall be known and may be cited as the "designated caregiver act".

**History:** 2016, Act 85, Eff. July 12, 2016.

## 333.26283 Definitions.

Sec. 3. As used in this act:

(a) "After-care assistance" means assistance provided by a lay caregiver to a patient following the patient's discharge from a hospital that is related to the patient's condition at the time of discharge. After-care assistance includes, but is not limited to, 1 or more of the following:

(*i*) Assisting with basic activities of daily living.

(*ii*) Assisting with instrumental activities of daily living.

(*iii*) Assisting with medical or nursing tasks, including managing wound care, assisting in administering medications, or operating medical equipment.

(b) "Attending physician" means that term as defined in section 20102 of the public health code, 1978 PA 368, MCL 333.20102.

(c) "Caregiver", "designated caregiver", or "lay caregiver" means an individual 18 years of age or older designated as a caregiver by a patient under this act who voluntarily provides after-care assistance to a patient in the patient's residence. Caregiver, designated caregiver, or lay caregiver includes, but is not limited to, a relative, spouse, partner, friend, or neighbor who has a significant relationship with the patient.

(d) "Discharge" means a patient's exit or release from a hospital to the patient's residence following any medical care or treatment rendered to the patient following an inpatient admission.

(e) "Entry" means a patient's admission into a hospital for the purposes of receiving inpatient medical care.

(f) "Health care professional" means an individual licensed or otherwise authorized to practice medicine under article 15 of the public health code, 1978 PA 368, MCL 333.16101 to 333.18838.

(g) "Hospital" means that term as defined in section 20106 of the public health code, 1978 PA 368, MCL 333.20106.

(h) "Patient advocate" means that term as described and used in section 5506 of the estates and protected individuals code, 1998 PA 386, MCL 700.5506.

(i) "Residence" means the dwelling that the patient considers to be his or her home. Residence does not include a rehabilitation facility, hospital, or nursing home.

**History:** 2016, Act 85, Eff. July 12, 2016.

## 333.26285 Designation of lay caregiver.

Sec. 5. (1) As soon as practicable following a patient's admission to a hospital as an inpatient and before the patient's discharge from the hospital to the patient's residence, the hospital shall provide each patient or, if applicable, the patient's legal guardian or patient advocate with an opportunity to designate a lay caregiver.

(2) If the patient is unconscious or otherwise incapacitated upon entry into the hospital, the hospital shall provide the patient, the patient's legal guardian, or the patient advocate with an opportunity to designate a lay caregiver within a given time frame, at the discretion of the attending physician, following the patient's recovery of consciousness or capacity.

(3) If the patient, the patient's legal guardian, or the patient advocate declines to designate a caregiver under this act, the hospital shall document that decline in the patient's medical record. Upon the documentation in the patient's medical record described in this subsection, the hospital has complied with the requirements of this act.

(4) If the patient, the patient's legal guardian, or the patient advocate designates an individual as a caregiver under this act, the hospital shall record the patient's designation of caregiver, the relationship of the designated caregiver to the patient, and the name, telephone number, and other appropriate contact information of the patient's designated caregiver in the patient's medical record.

(5) A patient, the patient's legal guardian, or the patient advocate may elect to change the patient's

© Courtesy of www.legislature.mi.gov

designated caregiver at any time, and the hospital must record the change in the patient's medical record before the patient's discharge.

(6) This does not require a patient or a patient's legal guardian to designate an individual as a caregiver.

(7) A designation of a caregiver by a patient, a patient's legal guardian, or a patient advocate does not obligate the designated individual to perform any after-care assistance for the patient.

(8) If the patient is a minor child and the parents of the patient are divorced, the custodial parent has the authority to designate a caregiver. If the parents have joint custody of the patient, the parents shall jointly designate the caregiver.

**History:** 2016, Act 85, Eff. July 12, 2016.

### 333.26287 Notification of patient's discharge or transfer.

Sec. 7. A hospital shall notify the patient's designated caregiver of the patient's discharge or transfer to another facility as soon as practicable and, in any event, upon issuance of a discharge order by the patient's attending physician. If the hospital is unable to contact the designated caregiver, the lack of contact shall not interfere with, delay, or otherwise affect the medical care provided to the patient, or an appropriate discharge of the patient. The hospital shall promptly document the attempt in the patient's medical record.

**History:** 2016, Act 85, Eff. July 12, 2016.

### 333.26289 Consultation before discharge; issuance of discharge plan; live or recorded aftercare demonstration; documentation in medical record.

Sec. 9. (1) As soon as practicable before the patient's discharge from a hospital to the patient's residence, the hospital shall attempt to consult with the designated caregiver to prepare the designated caregiver for the patient's after-care assistance needs and issue a discharge plan that describes the patient's after-care assistance needs, if any, at the patient's residence. The discharge plan may include contact information for health care, community resources, and long-term services and supports necessary to successfully carry out the discharge plan. To the extent possible, training or instructions provided to a designated caregiver shall be provided in nontechnical language, in a culturally competent manner, and in accordance with the hospital's requirements to provide language access services under state and federal law.

(2) As part of the consultation under subsection (1), the hospital shall attempt to provide the designated caregiver the opportunity to ask questions and receive answers about the after-care assistance needs of the patient. If the hospital personnel who consult with the designated caregiver determine, in the exercise of their professional judgment, that a live or recorded demonstration is necessary in order to appropriately prepare the designated caregiver for the patient's after-care needs, the hospital may provide to a designated caregiver a live or recorded demonstration of the aftercare described in the patient's discharge plan and contact information for a hospital employee who can respond to questions about the discharge plan after the instruction provided. If the hospital is unable to contact the designated caregiver, the lack of contact shall not interfere with, delay, or otherwise affect the medical care provided to the patient, or an appropriate discharge of the patient.

(3) Instruction required under this act shall be documented in the patient's medical record, including, at a minimum, the date, time, and contents of the instruction.

**History:** 2016, Act 85, Eff. July 12, 2016.

### 333.26291 Agent operating under advance directive.

Sec. 11. (1) This act does not interfere with the rights of an agent operating under a valid advance directive.

(2) A patient may designate a caregiver in an advance directive.

**History:** 2016, Act 85, Eff. July 12, 2016.

### 333.26293 Entities in contractual relationship; liability; entities issuing health benefits plans; reimbursement obligations of insurance companies.

Sec. 13. (1) This act does not create a private right of action against a hospital, a hospital employee, or a consultant or contractor with whom a hospital has a contractual relationship.

(2) A hospital, a hospital employee, or a consultant or contractor with whom a hospital has a contractual relationship shall not be held liable, in any way, for the services rendered or not rendered by the caregiver to the patient at the patient's residence.

(3) This act does not obviate the obligation of an insurance company, health service corporation, hospital service corporation, medical service corporation, health maintenance organization, or any other entity issuing health benefits plans to provide coverage required under a health benefits plan.

© Courtesy of www.legislature.mi.gov

(4) This act does not impact, impede, or otherwise disrupt or reduce the reimbursement obligations of an insurance company, including an insurance company providing any form of no-fault automobile personal protection insurance as required under chapter 31 of the insurance code of 1956, 1956 PA 218, MCL 500.3101 to 500.3119, an insurance company providing any form of worker's compensation benefits under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, a health service corporation, hospital service corporation, medical service corporation, health maintenance organization, or any other entity responsible to pay any of a patient's medical expenses or issuing other health benefits plans to provide coverage under those health benefits plans.

**History:** 2016, Act 85, Eff. July 12, 2016.

### 333.26295 Discharge or transfer to another facility; delay.

Sec. 15. This act does not delay the discharge of a patient or the transfer of a patient from a hospital to another facility.

**History:** 2016, Act 85, Eff. July 12, 2016.

# ATHLETIC SERVICES PROVIDERS
# Act 31 of 1990

AN ACT to require athletic services providers to post certain notices; to prescribe the powers and duties of certain state departments and agencies; and to prescribe penalties.

**History:** 1990, Act 31, Eff. Mar. 28, 1991.

*The People of the State of Michigan enact:*

## 333.26301 Definitions.

Sec. 1. As used in this act:

(a) "Athletic services provider" means a person who owns or operates an educational athletic facility or a recreational athletic facility.

(b) "Department" means the department of public health.

(c) "Educational athletic facility" means a facility that is owned or operated by an educational institution and that is used or intended to be used for 1 or more of the following:

(*i*) Maintaining or enhancing the aerobic condition or physical strength of 1 or more individuals.

(*ii*) Athletic competition between 2 or more individuals.

(d) "Educational institution" means a public or private secondary school, trade school, vocational school, community or junior college, college, or university.

(e) "Facility" means a building, structure, room, place, or area.

(f) "Hotel" means that term as defined in section 1 of Act No. 188 of the Public Acts of 1913, being section 427.1 of the Michigan Compiled Laws.

(g) "Practice of physical therapy" means that term as defined in section 17801 of the public health code, Act No. 368 of the Public Acts of 1978, being section 333.1708 of the Michigan Compiled Laws.

(h) "Recreational athletic facility" means a gymnasium, fitness center, or health spa that is used or intended to be used to maintain or enhance the physical strength of individuals through the use of free weights or weight lifting machinery. Recreational athletic facility does not include any of the following:

(*i*) A gymnasium, fitness center, or health spa that is located in a residence or residential complex, if that gymnasium, fitness center, or health spa is used or intended to be used only by the residents of that residence or residential complex, or by the nonpaying guests of those residents.

(*ii*) A gymnasium, fitness center, or health spa that is located in a hotel, if that gymnasium, fitness center, or health spa is used or intended to be used only by the guests of that hotel.

(*iii*) A facility exclusively used for engaging in the practice of physical therapy.

(i) "Serious communicable disease or infection" means that term as defined in section 5101 of the public health code, Act No. 368 of the Public Acts of 1978, being section 333.5101 of the Michigan Compiled Laws.

**History:** 1990, Act 31, Eff. Mar. 28, 1991.

**Compiler's note:** In subdivision (g), the reference to "333.1708" evidently should read "333.17801."

## 333.26302 Notice; form; contents; size; modifications; locations.

Sec. 2. (1) An athletic services provider shall place the following notice in a form prescribed by the department in each educational athletic facility or recreational athletic facility owned or operated by that athletic services provider:

"WARNING!

USE:

A person who knowingly uses an androgenic anabolic steroid in violation of section 17766a of the public health code, Act No. 368 of the Public Acts of 1978, being section 17766a of the Michigan Compiled Laws is guilty of a misdemeanor, punishable by imprisonment for not more than 90 days, or a fine of not more than $100.00, or both.

POSSESSION:

A person who knowingly possesses an androgenic anabolic steroid in violation of section 17766a of Act No. 368 of the Public Acts of 1978 is guilty of a misdemeanor punishable by imprisonment for not more than 90 days, or a fine of not more than $100.00, or both. A second or subsequent violation is a felony, punishable by imprisonment for not more than 4 years, or a fine of not more than $2,000.00, or both.

DELIVERY:

A person who knowingly delivers or knowingly possesses with intent to deliver an androgenic anabolic steroid or counterfeit androgenic anabolic steroid to another person in violation of section 17766a of Act No. 368 of the Public Acts of 1978 is guilty of a felony, punishable by imprisonment for not more than 7 years, or

© Courtesy of www.legislature.mi.gov

a fine of not more than $5,000.00, or both.

POTENTIAL SIDE EFFECTS FROM USE:

| | |
|---|---|
| Atrophy of the testicles | Enlarged breasts |
| Sterility | Impotence |
| Acne | Hair loss |
| Stroke | Kidney damage |
| Psychosis | Cardiovascular disease |
| Addiction | High blood pressure |
| Withdrawal | High blood cholesterol |
| Heart attack | Stunted bone growth |

TRANSMITTED DISEASES AND INFECTIONS:

The shared use of hypodermic needles can result in the transmission of serious communicable diseases and infections including AIDS and hepatitis B.".

(2) The notice required under subsection (1) shall be not less than 8-1/2 inches by 11-1/2 inches. The information required to be printed on the notice shall be printed in 10-point boldfaced type or larger.

(3) The department may modify the contents of the notice required under subsection (1) to reflect changes in criminal penalties, scientific discoveries regarding the potential side effects from the use of androgenic anabolic steroids, and scientific evidence regarding serious communicable diseases and infections that may be transmitted by the shared use of hypodermic needles.

(4) An athletic services provider shall conspicuously place the notice required under subsection (1) in the following locations:

(a) If the facility is an educational athletic facility, in each locker room of that facility.

(b) If the facility is a recreational athletic facility, near each entrance and in each locker room of that facility.

**History:** 1990, Act 31, Eff. June 27, 1991.

**Compiler's note:** In the second paragraph of subsection (1), the phrase “being section 17766a of the Michigan Compiled Laws” evidently should read “being section 333.17766a of the Michigan Compiled Laws.”

### 333.26303 Civil violation; penalty.

Sec. 3. (1) Except as provided in subsection (2), a person who violates this act is responsible for a civil violation, and shall be fined not more than $50.00.

(2) A person who violates this act after he or she is notified of the violation in writing by the department of public health is responsible for a civil violation, and shall be fined not more than $50.00 for each day that the violation continues after the notice is issued.

**History:** 1990, Act 31, Eff. June 27, 1991.

### 333.26304 Production of notice; distribution of copies.

Sec. 4. (1) The department shall produce the notice required under subsection (1), and have copies of the notice available for distribution to educational institutions and recreational athletic facilities on or before the expiration of 60 days after the effective date of this act.

(2) The department shall provide copies of the notice required under subsection (1) free of charge to educational institutions and the owners of recreational athletic facilities who request copies of the notice.

**History:** 1990, Act 31, Eff. Mar. 28, 1991.

### 333.26305 Rules.

Sec. 5. The department may promulgate rules under the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being sections 24.201 to 24.328 of the Michigan Compiled Laws, to implement and enforce this act.

**History:** 1990, Act 31, Eff. Mar. 28, 1991.

### 333.26306 Effective date of MCL 333.26302 and 333.26303.

Sec. 6. Sections 2 and 3 shall take effect upon the expiration of 90 days after the effective date of this act.

**History:** 1990, Act 31, Eff. Mar. 28, 1991.

## MEDICAL EMERGENCIES IN HEALTH CLUBS
## Act 23 of 2006

AN ACT to regulate certain health clubs with respect to potential medical emergencies; and to provide for civil sanctions.

**History:** 2006, Act 23, Imd. Eff. Feb. 16, 2006.

*The People of the State of Michigan enact:*

### 333.26311 Definitions.

Sec. 1. As used in this act:

(a) "AED" means automated external defibrillator.

(b) "Department" means the department of community health.

(c) "Person" means an individual, partnership, corporation, association, governmental entity, or other legal entity.

(d) "Health club" means an establishment that provides, as its primary purpose, services or facilities that are purported to assist patrons in physical exercise, in weight control, or in figure development, including, but not limited to, a fitness center, studio, salon, or club. A health club does not include a hotel or motel that provides physical fitness equipment or activities, an organization solely offering training or facilities for an individual sport, or a weight reduction center.

**History:** 2006, Act 23, Imd. Eff. Feb. 16, 2006.

**Compiler's note:** For creation of department of health and human services and abolishment of department of community health, see E.R.O. No. 2015-1, compiled at MCL 400.227.

### 333.26312 Owner or operator of health club; duties.

Sec. 2. Beginning 1 year after the effective date of this act, the owner or operator of a health club shall do all of the following:

(a) Employ at least 1 individual who has satisfactorily completed a course or courses in basic first aid, basic cardiopulmonary resuscitation, and AED use taught by the American red cross, the American heart association, or an equivalent organization approved by the department.

(b) Have available on the premises of the health club an AED deployed in a manner that provides obvious and ready accessibility to staff, members, and guests.

(c) Develop and implement an emergency plan to address emergency services, when needed, during operational hours at the health club.

**History:** 2006, Act 23, Imd. Eff. Feb. 16, 2006.

### 333.26313 Emergency service.

Sec. 3. (1) A person, including, but not limited to, a health club owner, operator, or employee, does not have a duty to render emergency service to an individual using an AED that a health club has on the premises.

(2) This act does not limit the applicability of 1963 PA 17, MCL 691.1501 to 691.1507.

**History:** 2006, Act 23, Imd. Eff. Feb. 16, 2006.

### 333.26314 Violation as civil infraction; civil fine.

Sec. 4. A person who violates this act is responsible for a state civil infraction and shall be ordered to pay a civil fine as follows:

(a) Not more than $250.00 for a first offense.

(b) Not more than $500.00 for a second offense.

(c) Not more than $1,000.00 for a third or subsequent offense.

**History:** 2006, Act 23, Imd. Eff. Feb. 16, 2006.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 1991-3**

**333.26321 Office of substance abuse services; functions, duties, and responsibilities transferred to department of public health; advisory commission on substance abuse services; functions, duties, and responsibilities transferred to the director of the department of public health.**

WHEREAS, Article V, Section 2, of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the Executive Branch or assignment of functions among its units which he considers necessary for efficient administration; and

WHEREAS, The Office of Substance Abuse Services was created by Act 368 of the Public Acts of 1978, being Section 333.6201 et seq of the Michigan Compiled Laws as an autonomous agency within the Department of Public Health; and

WHEREAS, the Advisory Commission on Substance Abuse Services was also created by Act 368 of the Public Acts of 1978, being Section 333.6221, et seq, of the Michigan Compiled Laws in the Executive Office of the Governor; and

WHEREAS, it is the duty of the office of Substance Abuse Services, with the assistance of the Department of Public Health, to develop a comprehensive state plan of services and facilities for the prevention and control of substance abuse and the diagnosis, treatment and rehabilitation of individuals who are substance abusers; and

WHEREAS, it is also the duty of the Office of Substance Abuse Services, with the assistance of the Department of Public Health, to administer state administered public funds and coordinate comprehensive state services for substance abuse education, prevention, treatment and rehabilitation; and

WHEREAS, The functions, duties and responsibilities assigned to the Office of Substance Abuse Services and the Advisory Commission on Substance Abuse Services can be more effectively organized and carried out under the supervision and direction of the head of the Department of Public Health; and

WHEREAS, it is necessary in the interests of efficient administration and effectiveness of government to effect changes in the organization of the Executive Branch of government.

NOW, THEREFORE, I, John Engler, Governor of the State of Michigan, pursuant to the powers vested in me by the Michigan Constitution of 1963 and the laws of the State of Michigan, do hereby order the following:

(1) All the statutory authority, powers, duties, functions and responsibilities, including the functions of budgeting and procurement and management-related functions, created under Act 368 of the Public Acts of 1978, being Sections 333.6201 et seq. of the Michigan Compiled Laws, are hereby transferred from the Office of Substance Abuse Services to the Department of Public Health by Type II transfer as defined by Section 3 of Act 380 of the Public Act of 1965, being Section 16.103 of the Michigan Compiled Laws.

(2) All the statutory authority, powers, duties, functions and responsibilities of the Advisory Commission on Substance Abuse Services are hereby transferred to the Director of the Department of Public Health, as head of the Department of Public Health, by a Type III transfer as defined by Section 3 of the Act 380 of the Public Acts of 1965, being Section 16.103 of the Michigan Compiled Laws.

(3) The Director of the Department of Public Health may appoint the administrator of the Office of Substance Abuse Services or may administer the assigned functions in other ways to promote efficient administration.

(4) The Director of the Department of Public Health, shall provide executive direction and supervision for the implementation of the transfers. The assigned functions shall be administered under the direction and supervision of the Director, and all prescribed functions of rule making, licensing and registration including the prescription of rules, regulations, standards and adjudications, shall be transferred to the Director of the Department of Public Health.

(5) All records, personnel, property and unexpended balances of appropriations, allocations, and other funds used, held, employed, available or to be made available to the Office of Substance Abuse Services and the Advisory Commission on Substance Abuse Services for the activities transferred to the Department of Public Health by this Order are hereby transferred to the Department of Public Health.

(6) After the effective date of this Order, the Director of the Department of Public Health shall make internal organizational changes as may be administratively necessary to complete the realignment of responsibilities prescribed by the Order.

(7) The Administrator of the Office of Substance Abuse Services and the Director of the Department of Public Health shall immediately initiate coordination to facilitate the transfer and develop a memorandum of

© Courtesy of www.legislature.mi.gov

record identifying any pending settlements, issues of compliance with applicable federal and State laws and regulations or other obligations to be resolved by the Office of Substance Abuse Services.

(8) All rules, orders, contracts and agreements relating to the assigned functions lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended or repealed.

(9) Any suit, action or other proceeding lawfully commenced by or against any entity affected by this Order shall not abate by reason of the taking effect of this Order. Any suit, action or other proceeding may be maintained by or against the appropriate successor of any entity affected by this Order.

In fulfillment of the requirement of Article V, Section 2, of the Constitution of the State of Michigan, the provisions of this Executive Order shall become effective March 16, 1991 at 11:59 p.m.

**History:** 1991, E.R.O. No. 1991-3, Eff. Mar. 6, 1991;—Am. 1991, E.R.O. No. 1991-3 (amended), Eff. Mar. 16, 1991.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 1994-1**

**333.26322 Transfer of powers and duties of asbestos abatement contractors licensing board, chronic disease advisory committee, health facilities and agencies advisory commission, radiation advisory board, and water well drillers advisory committee by type III transfer to director of department of public health as head of the department of public health.**

WHEREAS, Article V, Section 2, of the Constitution of the State of Michigan of 1963 empowers the Governor to make changes in the organization of the Executive Branch or in the assignment of functions among it units which he considers necessary for efficient administration; and

WHEREAS, the Asbestos Abatement Contractors Licensing Board was created by Act No. 135 of the Public Acts of 1986, as amended, being Sections 338.3201 et seq. of the Michigan Compiled Laws, in the Michigan State Department of Public Health; and

WHEREAS, the Chronic Disease Advisory Committee was created by Act No. 368 of the Public Acts of 1978, as amended, being Sections 333.5421 et seq. of the Michigan Compiled Laws, in the Michigan State Department of Public Health; and

WHEREAS, the Health Facilities and Agencies Advisory Commission was also created by Act No. 368 of the Public Acts of 1978, as amended, being Sections 333.20121 et seq. of the Michigan Compiled Laws, in the Michigan State Department of Public Health; and

WHEREAS, the Radiation Advisory Board was also created by Act No. 368 of the Public Acts of 1978, as amended, being Sections 333.13531 et seq. of the Michigan Compiled Laws, in the Michigan State Department of Public Health; and

WHEREAS, the Water Well Drillers Advisory Committee was also created by Act No. 368 of the Public Acts of 1978, as amended, being Sections 333.12711 et seq. of the Michigan Compiled Laws, in the Michigan State Department of Public Health; and

WHEREAS, the functions, duties and responsibilities assigned to the Asbestos Abatement Contractors Licensing Board, the Chronic Disease Advisory Committee, the Health Facilities and Agencies Advisory Commission, the Radiation Advisory Board and the Water Well Drillers Advisory Committee can be more effectively organized and carried out under the supervision and direction of the head of the Michigan State Department of Public Health; and

WHEREAS, it is necessary in the interests of efficient administration and effectiveness of government to effect changes in the organization of the Executive Branch of government.

NOW, THEREFORE, I, John Engler, Governor of the State of Michigan, pursuant to the powers vested in me by the Constitution of the State of Michigan of 1963 and the laws of the State of Michigan, do hereby order the following:

1. All the statutory authority, powers, duties, functions and responsibilities of the Asbestos Abatement Contractors Licensing Board are hereby transferred to the Director of the Michigan State Department of Public Health, as head of the Michigan State Department of Public Health, by a Type III transfer, as defined by Section 3 of Act 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

2. All the statutory authority, powers, duties, functions and responsibilities of the Chronic Disease Advisory Committee are hereby transferred to the Director of the Michigan State Department of Public Health, as head of the Michigan State Department of Public Health, by a Type III transfer, as defined by Section 3 of Act 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

3. All the statutory authority, powers, duties, functions and responsibilities of the Health Facilities and Agencies Advisory Commission are hereby transferred to the Director of the Michigan State Department of Public Health, as head of the Michigan State Department of Public Health, by a Type III transfer, as defined by Section 3 of Act 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

4. All the statutory authority, powers, duties, functions and responsibilities of the Radiation Advisory Board are hereby transferred to the Director of the Michigan State Department of Public Health, as head of the Michigan State Department of Public Health, by a Type III transfer, as defined by Section 3 of Act 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

5. All the statutory authority, powers, duties, functions and responsibilities of the Water Well Drillers Advisory Committee are hereby transferred to the Director of the Michigan State Department of Public Health, as head of the Michigan State Department of Public Health, by a Type III transfer, as defined by

Section 3 of Act 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

6. The Director of the Michigan State Department of Public Health shall provide executive direction and supervision for the implementation of the transfers. The assigned functions shall be administered under the direction and supervision of the Director of the Michigan State Department of Public Health, and all prescribed functions of rule making, licensing and registration, including the prescription of rules, regulations, standards and adjudications, shall be transferred to the Director of the Michigan State Department of Public Health.

7. All records, personnel, property and unexpended balances of appropriations, allocations and other funds used, held, employed, available or to be made available to the Asbestos Abatement Contractors Licensing Board, the Chronic Disease Advisory Committee, the Health Facilities and Agencies Advisory Commission, the Radiation Advisory Board and the Water Well Drillers Advisory Committee for the activities transferred to the Director of the Michigan State Department of Public Health by this Order are hereby transferred to the Michigan State Department of Public Health.

8. The Director of the Michigan State Department of Public Health shall make internal organizational changes as may be administratively necessary to complete the realignment of responsibilities prescribed by this Order.

9. The Director of the Michigan State Department of Public Health shall immediately initiate coordination to facilitate the transfer and develop a memorandum of record identifying any pending settlements, issues of compliance with applicable federal and state laws and regulations, or other obligations to be resolved by the Asbestos Abatement Contractors Licensing Board, the Chronic Disease Advisory Committee, the Health Facilities and Agencies Advisory Commission, the Radiation Advisory Board and the Water Well Drillers Advisory Committee.

10. All rules, orders, contracts and agreements relating to the assigned functions lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended or repealed.

11. Any suit, action or other proceeding lawfully commenced by, against or before any entity affected by this Order shall not abate by reason of the taking effect of this Order. Any suit, action or other proceeding may be maintained by, against or before the appropriate successor of any entity affected by this Order.

In fulfillment of the requirement of Article V, Section 2, of the Constitution of the State of Michigan of 1963, the provisions of this Executive Order shall become effective 60 days after filing.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 1995-20**

## 333.26323 Transfer of the biologic products division of the department of public health and the pharmaceutical products fund to the Michigan biologic products institute by type III transfer.

WHEREAS, Article V, Section 2, of the Constitution of the State of Michigan of 1963 empowers the Governor to make changes in the organization of the Executive Branch or in the assignment of functions among its units which he considers necessary for efficient administration; and

WHEREAS, Article V, Section 4, of the Constitution of the State of Michigan of 1963 authorizes the establishment of temporary commissions or agencies for special purposes with a life of no more than two years and provides that such temporary commissions or agencies need not be allocated within a principal department; and

WHEREAS, Section 9111 of Act No. 368 of the Public Acts of 1978, being Section 333.9111 of the Michigan Compiled Laws, authorized establishment of the Biologic Products Division within the Michigan Department of Public Health; and

WHEREAS, Act No. 204 of the Public Acts of 1986, being Section 333.9112 of the Michigan Compiled Laws created the Pharmaceutical Products Fund in the state treasury and made the Michigan Department of Public Health responsible for administering it; and

WHEREAS, the functions, duties and responsibilities assigned to the Biologic Products Division can be more effectively administered and executed outside the Michigan Department of Public Health, due in part to the need of the Biologic Products Division to meet Federal regulatory and commercial requirements; and

WHEREAS, the long-term capability of the Biologic Products Division to meet Federal regulatory and other commercial requirements can best be achieved by removing the Division from state government as soon as is practicable; and

WHEREAS, the manufacture of products by the Biologic Products Division is not critical to the mission of the Michigan Department of Public Health.

NOW, THEREFORE, I, John Engler, Governor of the State of Michigan, pursuant to the powers vested in me by the Constitution of the State of Michigan of 1963 and the laws of the State of Michigan, do hereby order the following:

**I. ESTABLISHMENT OF THE MICHIGAN BIOLOGIC PRODUCTS INSTITUTE AND THE MICHIGAN BIOLOGIC PRODUCTS COMMISSION**

**A.Definitions:**

In this Executive Order the following definitions shall apply.

1. "Commission" means the Michigan Biologic Products Commission established as a temporary commission by this Executive Order.

2. "Director" means the person initially designated by the Governor as the Director of the Michigan Biologic Products Institute established as a temporary agency by this Executive Order.

3. "Institute" means the Michigan Biologic Products Institute established as a temporary agency by this Executive Order.

4. "Member" means a member appointed by the Governor to the Michigan Biologic Products Commission established as a temporary commission by this Executive Order.

**B. Establishment of the Michigan Biologic Products Institute**

1. The Michigan Biologic Products Institute is established by this Executive Order, pursuant to Article V, Section 4, of the Constitution of the State of Michigan of 1963, as a temporary agency with a life of no more than two years from the effective date of this Executive Order.

2. The Institute shall be an independent and autonomous entity with the intent that its authority, powers, duties and responsibilities and the authority, powers, duties and responsibilities of the Director, including personnel, budgeting, procurement and management-related functions, be exercised free from the direction and supervision of the principal departments in the Executive Branch.

3. The Director shall be the head of the Institute within the meaning of the Constitution of the State of Michigan of 1963, and of the Executive Organization Act of 1965, Act No. 380 of the Public Acts of 1965, being Section 16.101 et seq. of the Michigan Compiled Laws, and shall be the Appointing Authority as that term is used in the Constitution of the State of Michigan of 1963, and in the rules and procedures of the Civil Service Commission.

4. The Biologic Products Division of the Michigan Department of Public Health and the Pharmaceutical Products Fund, established under Sections 9111 and 9112 of Act No. 368 of the Public Acts of 1978, being

© Courtesy of www.legislature.mi.gov

Section 333.9111 and 333.9112 of the Michigan Compiled Laws are hereby transferred to the Michigan Biologic Products Institute by a Type III transfer, as defined by Section 3 of Public Act No. 380 of the Public Acts of 1965, being Section 16.103 of the Michigan Compiled Laws. The Michigan Biologic Products Institute shall assume all functions, duties, contractual obligations, responsibilities, inventory, tangible and intangible property and employees of the Biologic Products Division of the Michigan Department of Public Health, including administration of the Pharmaceutical Products Fund.

**C. Establishment of the Michigan Biologic Products Commission**

1. The Michigan Biologic Products Commission is established by this Executive Order, pursuant to Article V, Section 4, of the Constitution of the State of Michigan of 1963, to serve as a temporary entity with a life of no more than two years from the effective date of this Executive Order.

2. The Commission shall have three (3) voting members who shall be appointed by the Governor and such members shall serve as members at the pleasure of the Governor. None of these members shall be employees of the Institute. The Governor shall designate one (1) member of the Commission to serve as its chair and that member shall serve as chair at the pleasure of the Governor.

3. Members of the Commission shall serve without compensation for their membership on the Commission. Members of the Commission may receive reimbursement for necessary travel and expenses according to relevant procedures of the Civil Service Commission and the Department of Management and Budget.

4. The Commission may promulgate bylaws, not inconsistent with law and with this Executive Order, governing its organization and procedure. A majority of the serving voting members constitutes a quorum for the transaction of business at a meeting, notwithstanding the existence of one (1) or more vacancies. Voting upon actions taken by the Commission shall be conducted by a majority vote of the members present in person at a meeting of the Commission or present by use of amplified telephonic equipment.

5. The Commission shall meet at the call of the chair and as may be provided in the bylaws of the Commission. Meetings of the Commission may be held anywhere within the State of Michigan. The Commission shall be subject to the Open Meetings Act, Act No. 267 of the Public Acts of 1976, being Section 15.261 et seq. of the Michigan Compiled Laws. The Commission may, as appropriate, make inquiries, studies and investigations, hold hearings and receive comments from the public.

**II. DUTIES AND RESPONSIBILITIES OF THE MICHIGAN BIOLOGIC PRODUCTS COMMISSION**

The Commission shall provide supervision, policy control and direction to the Institute, and the Director. The Commission may, consistent with the provisions of this Executive Order, establish general goals and objectives relating to the operation and development of the Michigan Biologic Products Institute for the guidance of the Director.

The Michigan Biologic Products Commission shall:

1. Within eight (8) months of their initial organizational meeting, prepare, or cause to be prepared under contract, a detailed business plan with supporting documentation, including, but not limited to, any necessary legislation, describing the means by which the Michigan Biologic Products Institute will be transferred out of state government and into the private sector within the two year term of its temporary agency status under this Executive Order.

2. As part of the business plan, cause the fair market value of all state property, inventory, equipment and other assets associated with the manufacture of biologic products to be determined.

3. Contract with the initial Director; designate and contract with any future Directors.

4. Perform such other duties and responsibilities as may be assigned or transferred to the Commission by statute or by executive order.

**III. OPERATIONS OF THE INSTITUTE**

The current Responsible Head of biologic products manufacturing under licenses granted by the Food and Drug Administration is hereby designated to serve as the initial Director of the Institute. The Director shall report to and be directly responsible to the Commission. The Director shall, in addition to the other duties and responsibilities given to the Director herein or assigned or transferred to the Director as head of the Institute by statute or executive order, be responsible for the oversight and supervision of employees of the Institute, for administration of the Pharmaceutical Products Fund, for management of the Institute's facilities and for the operations of the Institute. The Director shall also perform such other duties and exercise other powers as the Commission may prescribe.

The Director may appoint or contract with such other deputies, assistants and employees as are necessary.

The Director shall receive reasonable compensation. Such compensation shall be established according to relevant procedures of the Civil Service Commission.

© Courtesy of www.legislature.mi.gov

The Director shall:

1. Maintain the establishment license of the facilities for biologic product production and maintain existing product licenses, except for obsolete products, and obtain new licenses as appropriate.

2. Maintain existing contractual relationships and expand the value of the work being undertaken while transferring responsibility for such work out of state government.

3. Fulfill the duties of a Responsible Head as delineated in 21 CFR 600.10(a), if applicable.

4. Report to the Commission on actions that affect the business of the Institute.

Notwithstanding Executive Directive 1995-2, the Director may hire or retain such contractors, subcontractors, advisors, consultants, and agents as the Director may deem advisable and necessary, in accordance with relevant statutes, and the rules and regulations of the Civil Service Commission, and may make and enter into contracts necessary or incidental to the exercise of the powers of and the performance of the duties of the Institute and the Director.

It is the intent of the Executive Order that the Director, the employees, and representatives of the Institute shall have the benefit of the provisions of Sections 2228(2) and 2465(2) of Act No. 368 of the Public Acts of 1978, being Sections 333.2228(2) and 333.2465(2) of the Michigan Compiled Laws.

**IV. OPERATIONS OF BOTH THE INSTITUTE AND THE COMMISSION**

Employees of the Institute are subject to Act No. 317 of the Public Acts of 1968, being Section 15.321 et seq. of the Michigan Compiled Laws, or Act No. 318 of the Public Act of 1968, being Section 15.301 et seq. of the Michigan Compiled Laws, as appropriate. Members of the Commission and employees of the Institute are subject to Act No. 196 of the Public Acts of 1973, being Section 15.341 et seq. of the Michigan Compiled Laws. Employees of the Institute are also subject to applicable Civil Service Commission rules and regulations concerning conflicts of interest.

A member of the Commission, the Director, employees and agents of the Institute shall discharge the duties of their positions in a nonpartisan manner, with good faith and with that degree of diligence, care and skill which an ordinarily prudent person would exercise under similar circumstances in a like position. In discharging their duties, a member of the commission, the Director, employees and agents of the Institute, when acting in good faith, may rely upon the opinion of counsel for the Institute, upon the report of an independent appraiser selected with reasonable care by the Institute and upon financial statements of the Institute represented to a member of the commission, the Director, employees or agents of the Institute to be correct by the person having charge of the Institute's books or accounts or represented to be correct in a written report by a certified public accountant or firm of certified public accountants.

**V. MISCELLANEOUS PROVISIONS**

All the licenses and contracts associated with the Biologic Products Division along with all property and equipment needed to support the licenses and to fulfill the contracts are hereby transferred to the Michigan Biologic Products Institute which shall continue to perform pursuant to those licenses and to fulfill those contracts.

The Director of the Michigan Biologic Products Institute shall provide executive direction and supervision for the implementation of the transfers. The Director of the Michigan Biologic Products Institute shall make internal organizational changes as may be administratively necessary to complete the realignment of responsibilities prescribed by this order.

The Director of the Michigan Biologic Products Institute shall immediately enter into negotiations with other state departments or individuals or groups outside of state government to obtain services such as personnel, budgeting, procurement, security, maintenance, and janitorial services.

All records, personnel, property and unexpended balances of appropriations, allocations and other funds used, held, employed, available or to be made available to the Biologic Products Division for the activities transferred are hereby transferred to the Michigan Biologic Products Institute.

The Michigan Department of Public Health shall make internal organizational changes as may be administratively necessary to complete the realignment of responsibilities prescribed by this order.

The Director of the Department of Public Health and Director of the Biologic Products Institute shall immediately initiate coordination to facilitate the transfer and develop a memorandum of record identifying any pending settlements, issues of compliance with applicable federal and state laws and regulations, or obligations to be resolved by the Michigan Biologic Products Institute.

All rules, orders, contracts and agreements relating to the assigned functions lawfully adopted prior to the effective date of this order shall continue to be effective until revised, amended or repealed.

Any suit, action or other proceeding lawfully commenced by, against or before any entity affected by this order shall not abate by reason of the taking effect of this order. Any suit, action or other proceeding may be maintained by, against or before the appropriate successor of any entity affected by this order.

© Courtesy of www.legislature.mi.gov

The invalidity of any portion of this Executive Order shall not affect the validity of the remainder thereof.

All departments, boards, commissions or officers of the state or of any political subdivision thereof shall give to the Commission, or to any member or representative thereof, any necessary assistance required by the Commission, or any member or representative thereof, in the performance of the duties of the Commission so far as is compatible with its, his or her duties; free access shall also be given to any books, records or documents in its, his or her custody, relating to matters within the scope of the inquiry, study or investigation of the Commission.

The Institute may accept grants of funds and donations of funds, property, labor or other things of value from any department or agency of the State of Michigan and the United States and from any other public or private agency or person.

In fulfillment of the requirements of Article V, Section 2, of the Constitution of the State of Michigan, the provisions of this Executive Order shall become effective December 15, 1995.

**History:** 1995, E.R.O. No. 1995-20, Eff. Feb. 17, 1996.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 1997-4**

**333.26324 Redesignation of medical services administration as type II agency and transfer of related personnel and funds to department of community health; redesignation of community public health agency as type II agency; transfer of powers and duties of public health advisory board, center for rural health, anatomy board, animal research advisory board, agent orange commission, state interdepartmental substance abuse coordinating commission, citizens mental health advisory council, standing committee on multicultural services, state mental health advisory council on deafness, and state advisory council on mental health and aging to director of department of community health by type III transfer; establishment of community health advisory council; redesignation of office of drug control policy as type II agency and transfer of related personnel and funds to department of community health.**

WHEREAS, Article V, Section 1, of the Constitution of the State of Michigan of 1963 vests the executive power in the Governor; and

WHEREAS, Article V, Section 2, of the Constitution of the State of Michigan of 1963 empowers the Governor to make changes in the organization of the Executive Branch or in the assignment of functions among its units which he considers necessary for efficient administration; and

WHEREAS, Article V, Section 8, of the Constitution of the State of Michigan of 1963 provides that each principal department shall be under the supervision of the Governor unless otherwise provided by the Constitution; and

WHEREAS, Article IV, Section 51, states that the public health and general welfare of the people of the state are matters of public concern; and

WHEREAS, Article VIII, Section 8, states that institutions, programs and services for the care, treatment, education or rehabilitation of those inhabitants who are physically, mentally, or otherwise seriously handicapped shall always be fostered and supported; and

WHEREAS, the State of Michigan plays a fundamental role in the protection of the health and safety of its citizens in guiding policy for improving the health status of Michigan citizens, improving access to health care services, and preventing diseases; and

WHEREAS, the future in state-funded and administered health and behavioral services lies in integrating administrative systems and pooling state purchasing power for more efficient use of resources; and

WHEREAS, Executive Order 1996-1 provided for a foundation of integrated administration of health related programs; and

WHEREAS, the protection of the health and safety of the citizens of Michigan can be carried out more effectively and efficiently by continuing the alignment of health-related administrative functions in state government; and

WHEREAS, it is necessary in the interests of efficient administration and effectiveness of government to effect changes in the organization of the Executive Branch of government.

NOW, THEREFORE, I, John Engler, Governor of the State of Michigan, pursuant to the powers vested in me by the Constitution of the State of Michigan of 1963 and the laws of the State of Michigan, do hereby order the following:

**I. Medical Services Administration**

1. The Medical Services Administration, is hereby redesignated as a Type II agency, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

2. All records, personnel, property and unexpended balances of appropriations, allocations and other funds used, held, employed, available or to be made available to the Medical Services Administration for the activities, powers, duties, functions, and responsibilities resulting from this redesignation are hereby transferred to the Department of Community Health.

**II. Community Public Health Agency**

1. The Community Public Health Agency, is hereby redesignated as a Type II agency, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

2. All the statutory authority, duties, powers, functions and responsibilities of the Public Health Advisory Council, including but not limited to the statutory authority, powers, duties, functions and responsibilities set

© Courtesy of www.legislature.mi.gov

forth in Part 26 of Act No. 368 of the Public Acts of 1978, being Sections 333.2208 - 333.2215 of the Michigan Compiled Laws, are hereby transferred to the Director of the Department of Community Health by a Type III transfer, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

3. All the statutory authority, duties, powers, functions and responsibilities of the Center for Rural Health, including but not limited to the statutory authority, powers, duties, functions and responsibilities set forth in Part 26 of Act No. 368 of the Public Acts of 1978, being Sections 333.2223 and 333.2612 of the Michigan Compiled Laws, are hereby transferred to the Director of the Department of Community Health by a Type III transfer, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

4. All the statutory authority, duties, powers, functions and responsibilities of the Anatomy Board, including but not limited to the statutory authority, duties, powers, functions and responsibilities set forth in Part 26 of Act 368 of the Public Acts of 1978, being Section 333.2651 - 333.2658 of the Michigan Compiled Laws, are hereby transferred to the Director of the Department of Community Health by a Type III transfer, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

5. All the statutory authority, duties, powers, functions and responsibilities of the Animal Research Advisory Board, including but not limited to the statutory authority, powers, duties, functions and responsibilities set forth in Part 26 of Act No. 368 of the Public Acts of 1978, being Sections 333.2672 - 333.2676 of the Michigan Compiled Laws, are hereby transferred to the Director of the Department of Community Health by a Type III transfer, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

6. All the statutory authority, duties, powers, functions and responsibilities of the Agent Orange Commission, including but not limited to the statutory authority, duties, powers, functions and responsibilities set forth in Act No. 49 of the Public Acts of 1987, being Section 333.5731 - 333.5737 of the Michigan Compiled Laws, are hereby transferred to the Director of the Department of Community Health by a Type III transfer, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

7. All the statutory authority, duties, powers, functions and responsibilities of the State Interdepartmental Substance Abuse Coordinating Commission, including but not limited to the statutory authority, powers, duties, functions and responsibilities set forth in Part 62 of Act No. 368 of the Public Acts of 1978, being Sections 333.6215 - 333.6217 of the Michigan Compiled Laws, are hereby transferred to the Director of the Department of Community Health by a Type III transfer, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

8. All records, personnel, property and unexpended balances of appropriations, allocations and other funds used, held, employed, available or to be made available to the Community Public Health Agency for the activities, powers, duties, functions, and responsibilities transferred in paragraphs II. 1-7 of this Order are hereby transferred to the Department of Community Health.

**III. Behavioral Health**

1. All the statutory authority, powers, duties, functions and responsibilities of the Citizens Mental Health Advisory Council set forth in Act No. 258 of the Public Acts of 1974, as amended, being Section 330.1110 of the Michigan Compiled Laws, are hereby transferred to the Director of the Department of Community Health by a Type III transfer, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

2. All the statutory authority, powers, duties, functions and responsibilities of the Standing Committee on Multicultural Services set forth in Act No. 258 of the Public Acts of 1974, as amended, being Section 330.1162 of the Michigan Compiled Laws, are hereby transferred to the Director of the Department of Community Health by a Type III transfer, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

3. All the statutory authority, powers, duties, functions and responsibilities of the State Mental Health Advisory Council on Deafness set forth in Act No. 258 of the Public Acts of 1974, as amended, being Section 330.1939 of the Michigan Compiled Laws, are hereby transferred to the Director of the Department of Community Health by a Type III transfer, as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

4. All the statutory authority, powers, duties, functions and responsibilities of the State Advisory Council on Mental Health and Aging set forth in Act No. 258 of the Public Acts of 1974, as amended, being Section 330.1941 of the Michigan Compiled Laws, and Act No. 437 of the Public Acts of 1988, being Section 400.585a of the Michigan Compiled Laws, are hereby transferred to the Director of the Department of

Community Health by a Type III transfer as defined by Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

5. All records, personnel, property and unexpended balances of appropriations, allocations and other funds used, held, employed, available or to be made available for the activities, powers, duties, functions, and responsibilities transferred in paragraphs III. 1-4 of this Order are hereby transferred to the Department of Community Health.

**IV. Community Health Advisory Council**

1. A Community Health Advisory Council is established to advise and assist the Director of the Department of Community Health in developing and executing community health policies and services.

2. The Council shall consist of 15 members who shall be appointed by the Governor. The term of office of each member shall be 2 years. A member shall be paid a reasonable per diem and reimbursed for necessary travel expenses for each meeting attended. A meeting should be held at least once every 3 months, upon the call of the Director. The Council shall annually, by majority vote, choose a chairperson from among its own membership.

3. The composition of the Council shall be representatives of primary consumers, family members, agencies and professionals having a working involvement with community health services, and the general public. At least 5 members of the Council shall be primary consumers or family members, and at least 3 of the 5 shall be primary consumers.

**V. Office of Drug Control Policy**

1. The Office of Drug Control Policy created in Executive Order 1991-20 is hereby redesignated as a Type II agency as defined in Section 3 of Act No. 380 of the Public Acts of 1965, as amended, being Section 16.103 of the Michigan Compiled Laws.

2. All records, personnel, property and unexpended balances of appropriations, allocations and other funds used, held, employed, available or to be made available to the Department of Management and Budget for the activities, powers, duties, functions, and responsibilities transferred by this Order are hereby transferred to the Department of Community Health.

**VI. General**

1. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of the transfers prescribed in this Order. The assigned functions shall be administered under the direction and supervision of the Director, and all prescribed functions of rule making, licensing and regulation, including the prescription or rules, regulations, standards and adjudications, shall be transferred to the Director of the Department of Community Health.

2. The Director of the Department of Community Health shall administer the assigned functions in such ways as to promote efficient administration and shall make internal organizational changes, as may be administratively necessary, to complete the realignment of responsibilities prescribed by this Order.

3. The Director of the Department of Community Health and the Director of the Department of Management and Budget shall immediately initiate coordination and develop a memorandum of record identifying all outstanding settlements, issues of compliance with applicable federal and state laws, or other obligations to be resolved by the Office of Drug Control Policy.

4. The Director of the Department of Community Health may, by written instrument, delegate a duty or power conferred by law or this Order, including but not limited to Medicaid provider appeals, Certificate of Need and the Office of Recipient Rights. The person to whom such duty or power is so delegated may perform such duty or exercise such power at the time and to the extent that such duty or power is delegated by the Director of the Department of Community Health.

5. All rules, orders, contracts, and agreements relating to the functions transferred to the Department of Community Health which were lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, or repealed.

6. Any suit, action or other proceeding lawfully commenced by, against or before any entity affected by this Order, shall not abate by reason of the taking effect of this Order. Any suit, action or other proceeding may be maintained by, against or before the appropriate successor or any entity affected by this Order.

In fulfillment of the requirement of Article V, Section 2, of the Constitution of the State of Michigan of 1963, the provisions of this Executive Order shall become effective sixty (60) days from the date of filing of this Order.

**History:** 1997, E.R.O. No. 1997-4, Eff. May 18, 1997.

**Compiler's note:** For abolishment of the community health advisory council and transfer of its powers and duties to the department of community health, see E.R.O. No. 2007-12, compiled at MCL 333.26325.

For transfer of office of drug control policy to department of community health, and abolishment of the office, see E.R.O. No. 2009-1, compiled at MCL 333.26327.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2007-12**

## 333.26325 Transfer of powers and duties of community health advisory council to department of community health by type III transfer; abolishment of community health advisory council.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, abolishing the Community Health Advisory Council created by Governor John M. Engler in 1997 will contribute to a smaller and more efficient state government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Community Health" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the "Department of Community Health" under Executive Order 1996-1, MCL 330.3101.

B. "Type III transfer" means that term as defined under Section 3(c) of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. All of the authority, powers, duties, functions, records, personnel, property, unexpended balances of appropriations, allocations or other funds of the Community Health Advisory Council created under Section IV of Executive Order 1997-4, MCL 333.26324, are transferred by Type III transfer to the Department of Community Health.

B. The Community Health Advisory Council is abolished.

**III. IMPLEMENTATION OF TRANSFERS**

A. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Community Health in such ways as to promote efficient administration.

C. All records, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the Community Health Advisory Council for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Community Health.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the provisions of this Order are effective July 15, 2007 at 12:01 a.m.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2007-13**

## 333.26326 Transfer of powers and duties of specialty services panel within department of community health to department of community health by type III transfer; abolishment of specialty services panel.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, abolishing the Specialty Services Panel provided for within the Department of Community Health under Public Act 409 of 2000 will contribute to a smaller and more efficient state government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Community Health" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the "Department of Community Health" under Executive Order 1996-1, MCL 330.3101

B. "Type III transfer" means that term as defined under Section 3(c) of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. All of the authority, powers, duties, functions, records, personnel, property, unexpended balances of appropriations, allocations or other funds of the Specialty Services Panel provided for within the Department of Community Health under Section 109g of The Social Welfare Act, 1939 PA 280, MCL 400.109g, are transferred by Type III transfer to the Department of Community Health.

B. The Specialty Services Panel is abolished.

**III. IMPLEMENTATION OF TRANSFERS**

A. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Community Health in such ways as to promote efficient administration.

C. All records, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the Specialty Services Panel for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Community Health.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the provisions of this Order are effective July 15, 2007 at 12:01 a.m.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2009-1**

## 333.26327 Transfer of office of drug control policy to department of community health by type III transfer.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, reductions in state revenue and on-going fiscal constraints inhibit the ability of state government to continue to operate a separate and distinct Office of Drug Control Policy within the Department of Community Health;

WHEREAS, legally mandated duties and functions currently performed by the Office of Drug Control Policy can be assumed by the Department of Community Health;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Community Health" or "Department" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the Department of Community Health under Executive Order 1996-2, MCL 330.3101.

B. "Office of Drug Control Policy" means the office established as an autonomous entity within the Department of Management and Budget under Executive Order 1991-20, transferred to the Department of Community Health by Executive Order 1996-2, MCL 330.3101, and designated as a "Type II agency" within the Department of Community Health by Executive Order 1997-4, MCL 333.26324.

C. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of The Management and Budget Act, 1984 PA 431, MCL 18.1321.

D. "Type III transfer" means that term as defined under Section 3 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF FUNCTIONS OF OFFICE OF DRUG CONTROL POLICY**

A. The Office of Drug Control Policy is transferred by Type III transfer to the Department of Community Health.

B. The Office of Drug Control Policy is abolished.

**III. IMPLEMENTATION OF TRANSFER**

A. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of the transfer under this Order and shall make internal organization changes as necessary to effectuate the transfers.

B. The authority, powers, duties, functions, and responsibilities transferred to the Department of Community Health under this Order shall be administered in such ways as to promote efficient administration.

C. All records, property, grants, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available for the activities, powers, duties, functions, and responsibilities transferred to the Department of Community Health under this Order are transferred to the Department.

**IV. MISCELLANEOUS**

A. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

B. All rules, orders, contracts, and agreements relating to the transfers under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

C. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or

before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

D. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the provisions of this Order are effective October 1, 2009 at 12:01 a.m.

**History:** 2009, E.R.O. No. 2009-1, Eff. Oct. 1, 2009.

**E.R.O. No. 2009-6**

## 333.26329 Transfer of clinical advisory committee to department of community health by type III transfer.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, abolishing the Clinical Advisory Committee will contribute to a smaller and more efficient state government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Community Health" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the "Department of Community Health" under Executive Order 1996-1, MCL 330.3101.

B. "Clinical Advisory Committee" means the committee authorized under Section 20155 of the Public Health Code, 1978 PA 368, MCL 333.20155.

C. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of The Management and Budget Act, 1984 PA 431, MCL 18.1321.

D. "Type III transfer" means that term as defined under Section 3 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. The Clinical Advisory Committee is transferred by Type III transfer to the Department of Community Health.

B. The Clinical Advisory Committee is abolished.

**III. IMPLEMNETATION OF TRANSFER**

A. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Community Health in such ways as to promote efficient administration.

C. All records, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the Clinical Advisory Committee for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Community Health.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state’s financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2009-7**

## 333.26330 Transfer of grantee health agency advisory committee to department of community health by type III transfer.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, abolishing the Grantee Health Agency Advisory Committee will contribute to a smaller and more efficient state government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Community Health" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the "Department of Community Health" under Executive Order 1996-1, MCL 330.3101.

B. "Grantee Health Agency Advisory Committee" means the committee authorized under Section 16625 of the Public Health Code, 1978 PA 368, MCL 333.16625 and amended by 2005 PA 161.

C. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of The Management and Budget Act, 1984 PA 431, MCL 18.1321.

D. "Type III transfer" means that term as defined under Section 3(c) of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. The Grantee Health Agency Advisory Committee is transferred by Type III transfer to the Department of Community Health.

B. The Grantee Health Agency Advisory Committee is abolished.

**III. IMPLEMENTATION OF TRANFERS**

A. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Community Health in such ways as to promote efficient administration.

C. All records, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the Grantee Health Agency Advisory Committee for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Community Health.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the

# THE MICHIGAN BIOLOGIC PRODUCTS INSTITUTE TRANSFER ACT
## Act 522 of 1996

AN ACT to establish the Michigan biologic products institute as an independent, autonomous state agency within the department of community health; to authorize the conveyance of the assets and liabilities of the state related to the operation of the Michigan biologic products institute; to authorize the state administrative board to approve the conveyance and to make determinations that certain conditions upon the conveyance have been met; to permit the acceptance of consideration in exchange for the conveyance; to make certain findings and determinations of the interest of the state relative to the conveyance; to authorize the state administrative board to approve certain agreements for continued services and products by certain state agencies to transferred facilities or to the state from the transferred facilities; to establish the Michigan biologic products commission as a temporary state commission; to authorize the Michigan biologic products commission to negotiate and, upon concurrence of the state administrative board, approve certain agreements related to the conveyance of the assets and liabilities of the state associated with the Michigan biologic products institute, certain agreements for the marketing of the assets and liabilities, certain agreements for continued services and products, and certain agreements for the retention of rights, interests, and easements in certain conveyed assets; to authorize employees and employee based entities to bid for or make proposals to acquire the assets and liabilities of the state associated with the Michigan biologic products institute; to prescribe the powers and duties of certain public officers and certain state agencies and departments; to grant exclusive jurisdiction over claims related to the conveyance to the court of claims and to limit the time in which claims related to the conveyance or to the products produced by the Michigan biologic products institute may be brought; to provide for the disposition of the revenue derived from the conveyance; and to make an appropriation.

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997;—Am. 1998, Act 8, Imd. Eff. Feb. 17, 1998.

*The People of the State of Michigan enact:*

### 333.26331 Short title.

Sec. 1. This act shall be known and may be cited as "the Michigan biologic products institute transfer act".

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997.

### 333.26332 Legislative findings and declarations.

Sec. 2. The legislature finds and declares all of the following:

(a) That increasing regulatory costs, the need to replace manufacturing facilities, the need to develop and the cost of developing new biologic products, the changing pediatric vaccine market, and the need to serve other markets outside the borders of this state have adversely affected the ability of the state to sustain a viable, self-supporting operation for the manufacture and distribution of vaccines and blood derivative products.

(b) That allowing the Michigan biologic products institute to be conveyed to a private enterprise would assist the institute to become self-sustaining, avoid the need for future state general fund subsidies, retain the employment of many employees of the institute, and assure the state's access to biologic products to protect Michigan's citizens from infectious disease.

(c) That the conveyance of the assets associated with the institute will not impair the public health mission of the department of community health and, if the institute is not conveyed to a private enterprise, the operations of the institute could be discontinued. If the operations of the institute are discontinued, the legislature recognizes the need for the disposal of the facilities and the expense to the state of costs related to employee separation from the institute and of costs related to disposal of the assets associated with the institute, both of which the legislature desires to offset by authorizing the conveyance of the assets associated with the institute to a private enterprise.

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997.

### 333.26333 Definitions.

Sec. 3. As used in this act:

(a) "Assets" means all or part of the following that are associated with the institute and are subject to conveyance under this act:

(*i*) Real property, including all rights to coal, oil, gas, and other materials, and all rights to sand, gravel, clay, and other nonmetallic minerals, found on, within, or under real property conveyed under this act, except that the agreement for the conveyance of the assets and liabilities of the institute entered into under this act

© Courtesy of www.legislature.mi.gov

shall specify that the state shall receive not less than 1/2 of the net royalties from the development, if any, of coal, oil, gas, or other minerals on or under the real estate.

(*ii*) Personal property.

(*iii*) Intangible property.

(*iv*) Product inventory, including, but not limited to, manufactured products that have been released by the federal food and drug administration for public sale and use, manufactured products that have not been released by the federal food and drug administration for public sale and use, and products that are in the process of being manufactured and components of those products.

(b) "Chair" means the chair of the commission.

(c) "Commission" means the Michigan biologic products commission established by Executive Order 1995-25, pursuant to section 4 of article V of the state constitution of 1963, and by section 3b.

(d) "Conveyance" means sale, transfer, assignment, or other disposition.

(e) "Institute" means the Michigan biologic products institute established by Executive Order 1995-25, pursuant to section 4 of article V of the state constitution of 1963, and by section 3a.

(f) "Local health department" means that term as defined in section 1105 of the public health code, MCL 333.1105.

(g) "Pharmaceutical products fund" means the pharmaceutical products fund established under section 9112 of the public health code, MCL 333.9112.

(h) "Public health code" means 1978 PA 368, MCL 333.1101 to 333.25211.

(i) "Real property" means all or a portion of the real property associated with the institute, more particularly described as follows:

(*i*) A parcel of land in the NE 1/4 of section 5, T4N, R2W, Ingham County, Michigan and more particularly described as commencing at the northeast corner of said section 5; thence N89°59'49"W 124.94 feet, on the north line of said section 5; thence S00°00'11"W 33.00 feet, to the point of beginning of this description; thence S33°12'59"W 315.33 feet; thence N53°08'14"W 101.37 feet; thence S89°11'38"W 47.55 feet; thence S00°42'03"W 63.21 feet; thence S89°45'02"W 73.97 feet; thence S00°59'58"W 106.92 feet; thence 132.16 feet, on the arc of a curve to the right with a central angle of 33°53'13", a radius of 223.46 feet, and a long chord bearing and distance of S22°22'16"W 130.25 feet; thence S59°26'51"W 14.65 feet; thence S77 °08'54"W 92.93 feet; thence S88°34'58"W 131.49 feet; thence S01°57'43"E 41.46 feet; thence S88°02'17"W 153.47 feet; thence S01°57'43"E 132.00 feet; thence S88°02'17"W 351.61 feet; to the easterly right of way line of Logan Street; thence N00°28'13"E 716.63 feet, to the southerly right of way line of Sheridan Road; thence S89°59'49"E 1155.21 feet, on said right of way to the point of beginning, containing 12.56 acres, more or less.

(*ii*) A parcel of land in the SE 1/4 of Section 32, T5N, R2W, Clinton County, Michigan and more particularly described as beginning at the S 1/4 corner of said section 32; thence N00°12'30"W 2152.16 feet on the N-S 1/4 line of said section 32; thence S89°57'16"E 683.94 feet to the westerly Right-of-Way of DeWitt Road at a point 500.00 feet southerly of the E-W 1/4 line of said section 32; thence on the westerly Right-of-Way of DeWitt Road for the next five calls; thence S04°03'50"E 112.68 feet; thence 299.44 feet on the arc of a curve to the left with a central angle of 23°26'19", a radius of 731.99 feet and long chord bearing and distance of S15°47'00"E 297.36 feet; thence S27°30'10"E 927.69 feet; thence 356.62 feet on the arc of a curve to the right with a central angle of 27°41'37", a radius of 737.82 feet and a long chord bearing and distance of S13°39'21"E 353.16 feet; thence S00°11'27"W 30.40 feet; thence S88°07'13"W 171.96 feet; thence S17°13'15"W 128.78 feet; thence S02°36'04"W 161.34 feet; thence N89°52'39"W 420.93 feet; thence S00°06'07"E 267.69 feet to the south line of said section 32, thence N89°59'49"W 632.45 feet on the south line of said section 32 to the N 1/4 corner of section 5, T4N, R2W; thence S89°27'29"W 6.45 feet on the south line of said section 32 to the point of beginning, containing 46.94 acres, more or less.

(j) "State administrative board" means the state administrative board created under 1921 PA 2, MCL 17.1 to 17.3.

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997;—Am. 1998, Act 8, Imd. Eff. Feb. 17, 1998.

### 333.26333a Michigan biologic products institute; transfer to Michigan department of community health as type I transfer; powers and duties; appointment of director.

Sec. 3a. (1) Effective February 17, 1998, the Michigan biologic products institute, established by Executive Order 1995-25, is transferred to the Michigan department of community health as a type I transfer. As used in this subsection, "type I transfer" means that term as defined in section 3 of the executive organization act of 1965, 1965 PA 380, MCL 16.103.

(2) The institute is an independent and autonomous entity. The institute and the director of the institute shall exercise the powers and perform the duties prescribed by this act independently of the principal

© Courtesy of www.legislature.mi.gov

executive departments of this state, including, but not limited to, personnel, budgeting, procurement, and management-related functions.

(3) The governor shall appoint a director for the institute, who shall be the head of the institute, within the meaning of the executive organization act of 1965, 1965 PA 380, MCL 16.101 to 16.608. The director is also the appointing authority for purposes of section 5 of article XI of the state constitution of 1963.

(4) The institute has the powers, duties, and responsibilities prescribed in Executive Order 1995-25, and shall operate pursuant to and in accordance with Executive Order 1995-25.

**History:** Add. 1998, Act 8, Imd. Eff. Feb. 17, 1998.

### 333.26333b Michigan biologic products commission; transfer to Michigan department of community health as type I transfer; membership; designation of chairperson; powers and duties of commission; reimbursement; bylaws; quorum; voting; meetings.

Sec. 3b. (1) Effective February 17, 1998, the Michigan biologic products commission, established by Executive Order 1995-25, is transferred to the Michigan department of community health as a type I transfer. As used in this subsection, "type I transfer" means that term as defined in section 3 of the executive organization act of 1965, 1965 PA 380, MCL 16.103.

(2) The commission consists of 3 voting members appointed by the governor who are not employees of the institute and who shall serve at the pleasure of the governor. The governor shall designate 1 of the appointed members to serve as chair of the commission. The chair of the commission also serves in that capacity at the pleasure of the governor.

(3) The commission has the powers, duties, and responsibilities prescribed in Executive Order 1995-25, and shall operate pursuant to and in accordance with Executive Order 1995-25.

(4) The members of the commission shall serve without compensation, but shall be reimbursed for necessary travel and other expenses pursuant to the standard travel regulations of the department of management and budget.

(5) The commission may promulgate bylaws governing the organization and procedures of the commission. A majority of the members serving constitute a quorum for the transaction of business, notwithstanding the existence of 1 or more vacancies on the commission. The commission shall approve a final action of the commission by a majority vote of the members. A member of the commission must be present at a meeting of the commission in order to vote, either in person or by amplified telephone equipment.

(6) The commission shall meet at the call of the chair and as otherwise provided in the commission's bylaws. The commission may meet at any location within the state. A meeting of the commission is subject to the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. The commission may make inquiries, conduct studies and investigations, hold hearings, and receive comments from the public.

**History:** Add. 1998, Act 8, Imd. Eff. Feb. 17, 1998.

### 333.26334 Michigan biologic products commission; conveyance of assets; powers and rights.

Sec. 4. (1) Subject to the requirements of this act, including the approval of the state administrative board, the commission may perform 1 or more of the following acts relative to the conveyance of assets under this act:

(a) Determine the assets that are subject to the proposed conveyance.

(b) Determine the liabilities of the institute, if any, that a proposed transferee would be required to assume.

(c) Negotiate and approve agreements on behalf of the state for the conveyance of all or a portion of the assets to 1 or more transferees and for the assumption of all, a portion of, or none of the liabilities of the institute by 1 or more transferees. An agreement negotiated and approved under this subdivision may include any term determined by the commission to be necessary or convenient for the conveyance of the assets, including, but not limited to, 1 or more of the following:

(*i*) The retention of rights, interests, and easements in or in the favor of the state to certain assets.

(*ii*) An agreement on behalf of the state to grant rights for the future purchase of assets retained by the state.

(*iii*) An agreement on behalf of the state to buy or sell steam and other utility services from assets retained by the state or conveyed by the state to a transferee.

(*iv*) A joint production agreement on behalf of the state related to steam and other utility services from assets conveyed by the state to a transferee.

(*v*) Agreements on behalf of the state for the provision of service or products by 1 or more state agencies to a transferee and agreements for the provision of service or products by a transferee to 1 or more state agencies.

© Courtesy of www.legislature.mi.gov

(*vi*) Option or similar agreements on behalf of and in favor of the state related to the repurchase of all or a portion of the conveyed assets upon the occurrence of events specified in the option or similar agreement.

(*vii*) Deeds and other instruments of conveyance associated with real property.

(d) Retain a selling agent to assist the commission in marketing the assets and the liabilities of the institute.

(e) Solicit prospective purchasers or other transferees for the assets using the method or methods considered most appropriate by the commission.

(f) Recommend to the state administrative board the terms of 1 or more proposed agreements with 1 or more proposed transferees for the conveyance of all or a portion of the assets to 1 or more transferees and for the assumption of all, a portion of, or none of the liabilities of the institute.

(g) Upon approval of the state administrative board, authorize the chair or his or her designee to execute agreements, deeds and other instruments of conveyance, bills of sale, and closing documents necessary to complete the conveyance of all or a portion of the assets.

(h) Exercise any other power necessary or convenient to effect or complete the transactions permitted under this act, including, but not limited to, all actions necessary to transfer permits and licenses related to the operation of the institute.

(2) The commission, for and on behalf of the state, without giving any reasons and without any liability therefor, at any time and in any respect, may amend or terminate any activities with respect to the conveyance of the assets, commence and terminate discussion with any or all persons seeking to acquire the assets, reject any or all proposals to acquire the assets, and negotiate and consummate the conveyance of the assets with any person. This subsection does not restrict the right of the commission to enter into a binding purchase agreement upon approval of the state administrative board pursuant to section 5.

(3) The commission shall identify in an agreement for the conveyance of the assets the consideration to be received in exchange for the conveyance of the assets. In addition to the consideration recognized by the legislature in section 2, the commission may accept as part of the conveyance any other valuable consideration.

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997.

### 333.26335 State administrative board; powers and duties.

Sec. 5. (1) Upon recommendation of the commission, the state administrative board may approve and authorize the chair or his or her designee to execute 1 or more agreements, instruments of conveyance, and bills of sale in the name of the state for the conveyance of all or a portion of the assets to 1 or more transferees, and for the assumption of all, a portion of, or none of the liabilities of the institute by 1 or more transferees, subject to all of the following conditions:

(a) Before the effective date of the conveyance, the state administrative board shall determine that the consideration to be received under the conveyance is fair and adequate so that the credit of the state does not need to be granted to a public or private person, association, or corporation.

(b) The terms of the conveyance must require the transferee to provide the state for use in Michigan with preferential access to biologic products, including, but not limited to, the first option to access vaccines and biologic products, from among those products and product components made by the institute on the effective date of the agreement and licensed by the federal food and drug administration or subsequently made by the transferee, as determined by the state, and for the period and subject to conditions and prices contained in the agreement.

(c) Before the effective date of the conveyance, the state administrative board shall determine that the conveyance includes a commitment by the proposed transferee to continue the employment of institute employees who elect to continue employment with the transferee, for not less than 1 year after the effective date of the agreement. This subdivision does not affect the transferee's ability to terminate an employee's employment for cause.

(2) If more than 1 transferee is recommended by the commission to the state administrative board under subsection (1), the determinations and requirements prescribed by subsection (1)(b) and (c) apply to that transferee to which those assets directly involved in the manufacture of vaccines and blood derivative products are proposed to be transferred.

(3) The state administrative board may, in its sole discretion, evaluate the terms of any recommendation made by the commission under subsection (1) and approve or reject any recommendations of the commission made under this act without assigning reasons for the evaluation, approval, or rejection.

(4) In addition to the conditions upon the execution of a conveyance specified in subsection (1), the state administrative board shall receive, before the effective date of the conveyance, an independent opinion that the consideration for the assets or liabilities, or both, of the institute is fair and adequate.

(5) The state administrative board may rely upon the opinions or reports of legal counsel, independent

© Courtesy of www.legislature.mi.gov

appraisers, accountants, financial advisors, and other experts when performing its duties and exercising its powers under this act.

(6) The auditor general shall review the entire process used by the commission under this act to convey the assets and liabilities of the institute and shall report the results of its review to the legislature before the state administrative board approves the recommendations made by the commission under subsection (1).

(7) The governing boards of the house and senate fiscal agencies shall each appoint a person to monitor the progress and review the results of the independent opinion required under subsection (4).

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997;—Am. 1998, Act 8, Imd. Eff. Feb. 17, 1998.

### 333.26336 Disposition and use of monetary consideration; appropriation; expenditures; retention of unexpended money in pharmaceutical products fund; administration of fund by community public health agency.

Sec. 6. (1) The monetary consideration received under this act for the conveyance of the assets shall be deposited in the pharmaceutical products fund and, except as otherwise provided in this section, shall be used solely for the purchase of vaccines and other biologic products necessary to promote and protect the public health.

(2) The money in the pharmaceutical products fund not needed to fund the appropriations made by Act No. 364 of the Public Acts of 1996 for the 1996-97 state fiscal year is appropriated for the following purposes and in the following order of priority:

(a) Payment of fees associated with the services provided by a selling agent in marketing the assets, if such services are retained and used by the commission.

(b) For payment of accrued sick and annual leave time to employees of the institute upon separation of employment from the state if current fiscal year appropriations available for that purpose are insufficient.

(c) For reimbursement of the state for payouts for accrued sick and annual leave time from current fiscal year appropriations available for that purpose to employees of the institute upon separation of employment from the state.

(d) To reimburse the state employees' retirement system for the actuarial cost of providing an optional early-out program for employees of the institute whose combined age and service credit equal 70 or greater, regardless of age, on the date of separation of employment from the state.

(e) Separation costs including, but not limited to, expenses incurred in moving non-institute employee work stations and other equipment in to other state office locations and converting the facilities of the institute to private operations.

(f) To pay other costs related to the negotiation and closing of the agreement for the conveyance of the assets, including title insurance and any opinions or reports required by the state administrative board, and the fees of attorneys and consultants used to develop and complete the conveyance.

(3) There is appropriated an additional $2,000,000.00 for the institute for the fiscal year ending September 30, 1997 for the construction of phase 1-B of the renovations to building 16 for regulatory compliance purposes. Of the $2,000,000.00, $630,000.00 is appropriated from other federal revenues and $1,370,000.00 is appropriated from biologic product sales and other revenue.

(4) The amounts that can be expended for the purposes prescribed in subsection (2)(a), (e), and (f) shall not exceed $2,500,000.00. The amounts that can be expended for the purposes prescribed in subsection (2)(b), (c), and (d) shall not exceed $2,500,000.00.

(5) All unexpended money of the pharmaceutical products fund shall be retained in the pharmaceutical products fund at the end of the fiscal year in which the conveyance of the assets is completed. After the conveyance is completed, the community public health agency within the department of community health shall administer the pharmaceutical products fund.

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997.

### 333.26336a Appropriation; department of community health and Michigan biologic products institute.

Sec. 6a. There is appropriated for the department of community health and the Michigan biologic products institute for the fiscal year ending September 30, 1998, from the following funds:

**DEPARTMENT OF COMMUNITY HEALTH**

| | | |
|---|---|---|
| Full-time equated classified positions | 200.0 | |
| Gross appropriation | | $ 18,000,000 |
| Interdepartmental grant revenues: | | |
| Total interdepartmental grants and intradepartmental transfers | | $ 0 |
| Adjusted gross appropriation | | $ 18,000,000 |

**History:** Add. 1998, Act 9, Imd. Eff. Feb. 17, 1998.

### 333.26336b Total state spending; spending to local units of government.

Sec. 6b. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending in section 6a from state sources for fiscal year 1997-98 is estimated at $15,000,000.00. Appropriations from which spending to units of local government will occur:$ 0

**History:** Add. 1998, Act 9, Imd. Eff. Feb. 17, 1998.

### 333.26336c Contingency funds.

Sec. 6c. (1) In addition to the funds appropriated in section 6a for the Michigan biologic products institute, there is appropriated an amount not to exceed $5,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in section 6a, there is appropriated an amount not to exceed $5,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in section 6a, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in section 6a, there is appropriated an amount not to exceed $500,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

**History:** Add. 1998, Act 9, Imd. Eff. Feb. 17, 1998.

### 333.26337 Acquisition of assets by employee or employee group; bid or proposal; notice of proposed employment agreement.

Sec. 7. (1) An employee of the institute or a group composed in whole or in part of employees of the institute may bid on or make a proposal to acquire the assets and enter into 1 or more agreements related to the conveyance of all or a portion of the assets to the employee or group.

(2) When acting with the knowledge or upon the direction of the commission or in entering into an agreement to accept employment with a potential acquirer of the assets, an employee of the institute shall not be considered to have violated Act No. 196 of the Public Acts of 1973, being sections 15.341 to 15.348 of the Michigan Compiled Laws, if the employee provided written notice to the commission of the proposed employment agreement and the terms of that agreement before its execution.

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997.

© Courtesy of www.legislature.mi.gov

### 333.26338 Conveyance of assets; liens, claims, or interests.

Sec. 8. Except for taxes otherwise imposed by the state or a political subdivision of the state, the conveyance of assets permitted under this act is free and clear of any liens, claims, or interests of the state or of a person claiming through or under the state.

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997.

### 333.26339 Assets not conveyed; transfer to department of management and budget or other department; report.

Sec. 9. (1) Except for the pharmaceutical products fund, any assets that have not been conveyed on or before the expiration of the life of the commission shall be transferred to the department of management and budget or any other state executive department, as the state administrative board may direct.

(2) Not less than 90 days after the conveyance of assets and liabilities is completed under this act, the state administrative board shall make a report in writing to the legislature of the terms of the conveyance.

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997.

### 333.26340 Jurisdiction over claim; validity of proceedings or determinations; commencement of action.

Sec. 10. (1) The court of claims has exclusive jurisdiction over a claim asserted against the state and arising out of or related to this act.

(2) The validity of the proceedings of, or the determinations made by, the state administrative board or the commission under this act are conclusive if not challenged by filing suit with the court of claims within 60 days after the action that is the subject of the suit is taken.

(3) A person shall not bring or maintain an action related to a product manufactured by the institute or to recover damages for injuries to persons unless the action is commenced within 6 months after the claim first accrued to the plaintiff or to someone through whom the plaintiff claims. A claim subject to this subsection accrues at the time the plaintiff or someone through whom the plaintiff claims discovered or should have discovered through reasonable diligence the existence of the claim or the injury that is the basis for the claim.

**History:** 1996, Act 522, Imd. Eff. Jan. 13, 1997.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 1997-8**

## 333.26361 Transfer of certain operations and functions supporting the Michigan biologic products institute from the Michigan department of community health and the Michigan department of management and budget to the Michigan biologic products institute by type II transfer.

WHEREAS, Article V, Section 1, of the Constitution of the State of Michigan of 1963 vests the executive power in the Governor; and

WHEREAS, Article V, Section 2, of the Constitution of the State of Michigan of 1963 empowers the Governor to make changes in the organization of the Executive Branch or in the assignment of functions among its units which he considers necessary for efficient administration; and

WHEREAS, Executive Order 1995-25 created the Michigan Biologic Products Institute and the Michigan Biologic Products Commission, both as temporary agencies under Article V, Section 4, of the Constitution of the State of Michigan of 1963; and

WHEREAS, certain functions supporting the manufacture of biologic products at the Michigan Biologic Products Institute are currently provided by the Michigan Department of Community Health and the Michigan Department of Management and Budget; and

WHEREAS, federal regulations concerning biologic manufacturing enterprises, being 21 CFR 600.10, require that the management of such enterprises exercise control in all matters impacting manufacturing at the establishment; and

WHEREAS, recent regulatory actions by the United States Food and Drug Administration have created a need for management of the Michigan Biologic Products Institute to take immediate control of certain functions in order to comply with federal regulations.

NOW, THEREFORE, I, John Engler, Governor of the State of Michigan, pursuant to the powers vested in me by the Constitution of the State of Michigan of 1963 and the laws of the State of Michigan, do hereby order the following:

1. The portion of the Stockroom operation for the North Complex of the Michigan Department of Community Health supporting the Michigan Biologic Products Institute and the portion of the North Complex Security service supporting the Michigan Biologic Products Institute of the Michigan Department of Management and Budget are hereby transferred to the Michigan Biologic Products Institute by a Type II transfer, as defined by Section 3 of Public Act No. 380 of the Public Acts of 1965, being Section 16.103 of the Michigan Compiled Laws. The Michigan Biologic Products Institute shall assume all functions, duties, contractual obligations, responsibilities, inventory, tangible and intangible property, and employees for the portion of the Stockroom operation for the North Complex of the Michigan Department of Community Health supporting the Michigan Biologic Products Institute and the portion of the North Complex Security service of the Michigan Department of Management and Budget supporting the Michigan Biologic Products Institute.

2. The Director of the Michigan Biologic Products Institute shall provide executive direction and supervision for the implementation of the transfers. The Director of the Michigan Biologic Products Institute shall make internal organizational changes as may be administratively necessary to complete the realignment of responsibilities prescribed by this order.

3. All records, personnel, property, and unexpended balances of appropriations, allocations and other funds used, held, employed, available or to be made available to the portion of the Stockroom operation for the North Complex of the Michigan Department of Community Health supporting the Michigan Biologic Products Institute are hereby transferred to the Michigan Biologic Products Institute.

4. All records, personnel, property and unexpended balances of appropriations, allocations and other funds used, held, employed, available or to be made available to the portion of the North Complex Security service of the Michigan Department of Management and Budget supporting the Michigan Biologic Products Institute are hereby transferred to the Michigan Biologic Products Institute.

5. The Michigan Department of Community Health and the Michigan Department of Management and Budget shall make internal organizational changes as may be administratively necessary to complete the realignment of responsibilities prescribed by this order.

6. The Director of the Michigan Department of Community Health, the Director of the Michigan Department of Management and Budget, and the Director of the Michigan Biologic Products Institute shall immediately initiate coordination to facilitate the transfer and develop a memorandum of record identifying any pending settlements, issues of compliance with applicable federal and state laws and regulations, or obligations to be resolved by the Michigan Biologic Products Institute.

7. The Department of Management and Budget shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system for the remainder of the fiscal year.

8. All rules, orders, contracts and agreements relating to the assigned functions lawfully adopted prior to the effective date of this order shall continue to be effective until revised, amended, or repealed.

9. Any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected by this order shall not abate by reason of the taking effect of this order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected by this order.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2009-8**

## 333.26362 Transfer of hearing and vision programs advisory committee to department of community health by type III transfer.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, abolishing the Hearing and Vision Programs Advisory Committee will contribute to a smaller and more efficient state government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Community Health" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the "Department of Community Health" under Executive Order 1996-1, MCL 330.3101.

B. "Hearing and Vision Programs Advisory Committee" means the committee authorized under Section 9315 of the Public Health Code, 1979 PA 368, MCL 333.9315.

C. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of The Management and Budget Act, 1984 PA 431, MCL 18.1321.

D. "Type III transfer" means that term as defined under Section 3(c) of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. The Hearing and Vision Programs Advisory Committee is transferred by Type III transfer to the Department of Community Health.

B. The Hearing and Vision Programs Advisory Committee is abolished.

**III. IMPLEMENTATION OF TRANSFERS**

A. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Community Health in such ways as to promote efficient administration.

C. All records, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the Hearing and Vision Programs Advisory Committee for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Community Health.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2009-9**

## 333.26363 Transfer of poison control center network advisory committee to department of community health by type III transfer.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, the Poison Control Center Network Advisory Committee has completed the work for which it was established;

WHEREAS, abolishing the Poison Control Center Network Advisory Committee will contribute to a smaller and more efficient state government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Community Health" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the "Department of Community Health" under Executive Order 1996-1, MCL 330.3101.

B. "Poison Control Center Network Advisory Committee" means the committee authorized under Section 2 of 1978 PA 606, MCL 333.1012.

C. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of The Management and Budget Act, 1984 PA 431, MCL 18.1321.

D. "Type III transfer" means that term as defined under Section 3(c) of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. The Poison Control Center Network Advisory Committee is transferred by Type III transfer to the Department of Community Health.

B. The Poison Control Center Network Advisory Committee is abolished.

**III. IMPLEMENTATION OF TRANSFERS**

A. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Community Health in such ways as to promote efficient administration.

C. All records, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the Poison Control Center Network Advisory Committee for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Community Health.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or

**E.R.O. No. 2009-10**

## 333.26364 Transfer of sanitarian advisory committee to department of community health by type III transfer.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, abolishing the Sanitarian Advisory Committee will contribute to a smaller and more efficient state government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Community Health" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the "Department of Community Health" under Executive Order 1996-1, MCL 330.3101.

B. "Sanitarian Advisory Committee" means the committee created under Section 18421 of the Public Health Code, 1978 PA 368, MCL 333.18421.

C. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of The Management and Budget Act, 1984 PA 431, MCL 18.1321.

D. "Type III transfer" means the term as defined under Section 3 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. The Sanitarian Advisory Committee is transferred by Type III transfer to the Department of Community Health.

B. The Sanitarian Advisory Committee is abolished.

**III. IMPLEMENTATION OF TRANSFERS**

A. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Community Health in such ways as to promote efficient administration.

C. All records, property, unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the 7-member Sanitarian Advisory Committee for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Community Health.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the

## 333.26365 Transfer of campground public health advisory board to department of environmental quality by type III transfer; abolishment of campground public health advisory board.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the Executive Branch or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, abolishing the Campground Public Health Advisory Board will contribute to a smaller and more efficient state government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Environmental Quality" means the principal department of state government created under Executive Order 1995-18, MCL 324.99903.

B. "Campground Public Health Advisory Board" means the board authorized under Section 12513 of the Public Health Code, 1978 PA 368, MCL 333.12513.

C. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of the Management and Budget Act, 1984 PA 431, MCL 18.1321.

D. "Type III transfer" means that term as defined under Section 3(c) of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. The Campground Public Health Advisory Board is transferred by Type III transfer to the Department of Environmental Quality.

B. The Campground Public Health Advisory Board is abolished.

**III. IMPLEMENTATION OF TRANSFERS**

A. The Director of the Department of Environmental Quality shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Environmental Quality in such ways as to promote efficient administration.

C. All records, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the Campground Public Health Advisory Board for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Environmental Quality.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the provisions of this Order are effective June 6, 2009 at 12:01 a.m.

© Courtesy of www.legislature.mi.gov

**History:** 2009, E.R.O. No. 2009-14, Eff. June 6, 2009;—2009, E.R.O. No. 2009-27, Eff. Sept. 30, 2009.

**Compiler's note:** The last paragraph of MCL 333.26365, as enacted by E.R.O. No. 2009-14, reads as follows:

"In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the provisions of this Order are effective May 31, 2009 at 12:01 a.m."

MCL 333.26365 was subsequently amended by E.R.O. No. 2009-27. The text of the last paragraph of MCL 333.26365 now reflects the E.R.O. No. 2009-27 amendment, which revised the effective date. All other text remains as originally enacted.

Prior to the E.R.O. No .2009-27 amendment, Executive Order No. 2009-23 purported to amend E.R.O. No. 2009-14; however, Executive Order No. 2009-23 was not designated as a reorganization order by the governor and was therefore not compiled. Executive Order No. 2009-38 rescinded Executive Order No. 2009-23.

## 333.26366 Transfer of substance abuse advisory committee to department of community health by type III transfer; abolishment of substance abuse advisory committee.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the Governor considers necessary for efficient administration;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

WHEREAS, abolishing the Substance Abuse Advisory Committee will contribute to a smaller and more efficient state government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Community Health" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the Department of Community Health under Executive Order 1996-1, MCL 330.3101.

B. "Substance Abuse Advisory Committee" means the committee created under Section 414a of the Nonprofit Healthcare Corporation Reform Act, 1980 PA 350, MCL 550.1414a.

C. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of The Management and Budget Act, 1984 PA 431, MCL 18.1321.

D. "Type III transfer" means that term as defined under Section 3(c) of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. The Substance Abuse Advisory Committee is transferred by Type III transfer to the Department of Community Health.

B. The Substance Abuse Advisory Committee is abolished.

**III. IMPLEMENTATION OF TRANSFERS**

A. The Director of the Department of Community Health shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Community Health in such ways as to promote efficient administration.

C. All records, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the Substance Abuse Advisory Committee for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Community Health.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Department of Environmental Quality" means the principal department of state government created under Executive Order 1995-18, MCL 324.99903.

B. "Interdepartmental Medical Waste Advisory Council" means the advisory council created under Section 13827 of the Public Health Code, 1978 PA 368, MCL 333.13827.

C. "State Budget Director" means the individual appointed by the Governor pursuant to Section 321 of The Management and Budget Act, 1984 PA 431, MCL 18.1321.

D. "Type III transfer" means that term as defined under Section 3(c) of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.103.

**II. TRANSFER OF AUTHORITY**

A. The Interdepartmental Medical Waste Advisory Council is transferred by Type III transfer to the Department of Environmental Quality.

B. The Interdepartmental Medical Waste Advisory Council is abolished.

**III. IMPLEMENATION OF TRANSFERS**

A. The Director of the Department of Environmental Quality shall provide executive direction and supervision for the implementation of all transfers of functions under this Order and shall make internal organizational changes as necessary to complete the transfers under this Order.

B. The functions transferred under this Order shall be administered by the Director of the Department of Environmental Quality in such ways as to promote efficient administration.

C. All records, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to the Interdepartmental Medical Waste Advisory Council for the activities, powers, duties, functions, and responsibilities transferred under this Order are transferred to the Department of Environmental Quality.

D. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**IV. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the provisions of this Order are effective July 31, 2009 at 12:01 a.m.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2010-1**

## 333.26368 Creation of office of health services inspector general; transfer of powers and duties necessary for office to perform duties from department of community health.

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor;

WHEREAS, Section 2 of Article V of the Michigan Constitution of 1963 empowers the Governor to make changes in the organization of the executive branch of state government or in the assignment of functions amongst its units that the Governor considers necessary for efficient administration;

WHEREAS, fraud, waste, and abuse in the state's health services programs affect all Michigan citizens by increasing health care costs and by undermining the trust of taxpayers funding the program;

WHEREAS, the current fraud, waste, and abuse control activities conducted by the Department of Community Health have been successful in recouping, withholding, or avoiding unnecessary spending;

WHEREAS, notwithstanding the success of these efforts, the current system would benefit from consolidation of fraud, waste, and abuse responsibilities and increased focus on specific auditing and fraud prevention goals;

WHEREAS, further reduction in fraud, waste, and abuse in the state's health services programs will benefit this state and Michigan taxpayers;

WHEREAS, the State of Michigan should safeguard taxpayer dollars by using innovative strategies to reduce fraud, waste, and abuse in health services programs;

WHEREAS, there is a continuing need to reorganize functions amongst state departments to ensure efficient administration and effectiveness of government;

NOW, THEREFORE, I, Jennifer M. Granholm, Governor of the State of Michigan, by virtue of the power and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Children's Special Health Care Services Program" means the program for medical assistance for mothers and children provided under Part 58 of the Public Health Code, 1978 PA 368, MCL 333.5801 to 333.5879, including the program for medical assistance for mothers and children established under the Title V of the federal Social Security Act, 42 USC 701 to 710.

B. "Civil Service Commission" means the commission required under Section 5 of Article XI of the Michigan Constitution of 1963.

C. "Department of Community Health" or "Department" means the principal department of state government created as the Department of Mental Health under Section 400 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.500, and renamed the "Department of Community Health" under Executive Order 1996-1, MCL 330.3101.

D. "Department of Human Services Office of Inspector General" means the office within the Department of Human Services created under Section 43b of The Social Welfare Act, 1939 PA 280, MCL 400.43b.

E. "Department of Technology, Management, and Budget" means the principal department of state government created as the Department of Management and Budget under Section 121 of The Management and Budget Act, 1984 PA 431, MCL 18.1121, and renamed the "Department of Technology, Management, and Budget" under Executive Order 2009-55.

F. "Health Services Programs" means this state's Medicaid Program, Mental Health Program, MIChild Program, and Children's Special Health Care Services Program.

G. "Health Services Inspector General" means the head of the Office of Health Services Inspector General created within the Department of Community Health under this Order.

H. "Medicaid Program" means the program for medical assistance for the medically indigent provided in accordance with The Social Welfare Act, 1939 PA 280, MCL 400.1 to 400.119b, including the program for medical assistance established under Title XIX of the federal Social Security Act, 42 USC 1396 to 1396w-2.

I. "Medical Services Administration" means the agency within the Department of Community Health referenced in Section I of Executive Order 1997-4, MCL 333.26324, with oversight of the state Medicaid Program and MI Child Program.

J. "Mental Health Program" means the program for mental health services provided under the Mental Health Code, 1974 PA 258, MCL 330.1001 to 330.2106, which includes the provision of prepaid inpatient health plans under the Medicaid Program.

© Courtesy of www.legislature.mi.gov

K. "MI Child Program" means the program for medical assistance for low income individuals provided in accordance with The Social Welfare Act, 1939 PA 280, MCL 400.1 to 400.119b, which includes the program for health insurance established under Title XXI of the federal Social Security Act, 42 USC 1397aa to 1397mm.

L. "Office of Health Services Inspector General" or "Office" means the office created within the Department of Community Health under this Order.

M. "State Budget Director" means the individual appointed by the Governor under Section 321 of The Management and Budget Act, 1984 PA 431, MCL 18.1321.

**II. CREATION OF THE OFFICE OF HEALTH SERVICES INSPECTOR GENERAL**

A. The Office of Health Services Inspector General is created as an independent and autonomous entity within the Department of Community Health.

B. The Office shall exercise its prescribed powers, duties, responsibilities, and functions independently of the Director of the Department of Community Health, including, but not limited to, budget, procurement, and related management functions. The Department of Community Health shall assist the Office with budget, procurement, and related management functions, as requested by the Office. The Office shall be headed by the Health Services Inspector General, who shall be a member of the classified state civil service. The appointing authority for the Health Services Inspector General shall be the Governor. The Health Services Inspector General shall administer the personnel functions of the Office and be the appointing authority for employees of the Office. The Department of Community Health shall assist the Office with personnel functions, as requested by the Health Services Inspector General.

C. All of the authority, powers, duties, functions, records, personnel, property, unexpended balances of appropriations, allocations or other funds of the Department of Community Health necessary for the Office to perform the powers and duties vested in the Office under this Order are transferred to the Office.

D. The Medical Services Administration, Mental Health and Substance Abuse Administration, and the other appropriate administrative divisions within the Department of Community Health shall retain and share with the Office their respective authority, powers, duties, and functions relating to administrative or civil enforcement actions or collections with respect to Health Services Programs. These entities shall continue to pursue actions on mispayments and other errors that do not rise to the level of fraud or abuse, as determined by the Office. Nothing in this paragraph shall be interpreted to diminish the ability of the Office to exercise its powers, duties, responsibilities, and functions independently of the Department of Community Health, subject to Section III.A.23. of this Order.

**III. POWERS AND DUTIES OF THE OFFICE OF HEALTH SERVICES INSPECTOR GENERAL**

A. The Office of Health Services Inspector General shall conduct and supervise activities to prevent, detect, and investigate fraud, waste, and abuse in Health Services Programs. Specifically, the Office shall do all of the following:

1. Solicit, receive, and investigate complaints related to fraud, waste, and abuse in Health Services Programs.

2. Undertake and be responsible for the Department of Community Health's duties under federal law with respect to fraud, waste, and abuse for the administration of the Health Services Programs in Michigan.

3. Actively seek out fraudulent billing practices of providers and develop techniques and procedures for detecting suspect billing patterns through the use of existing database resources managed by the Department of Community Health and available from federal sources.

4. Pursuant to Section 8 of The Social Welfare Act, 1939 PA 280, MCL 400.8, subpoena and enforce the attendance of witnesses, administer oaths or affirmations, examine witnesses under oath, and take testimony as the Health Services Inspector General deems relevant or material to an investigation, examination, or review undertaken by the Office.

5. Require and compel the production of such books, papers, records, and documents as the Health Services Inspector General deems to be relevant or material to an investigation, examination, or review undertaken by the Office.

6. Examine and copy or remove documents or records of any kind related to Health Services Programs or necessary for the Office to perform its duties and responsibilities that are prepared, maintained, or held by, or available to, any state agency or local unit of government entity or contractor to a state agency or local unit of government. Any such documents or records shall be afforded confidentiality protections as provided under state and federal law. The removal of records shall be limited to those circumstances in which a copy is insufficient for an appropriate legal or investigative purpose.

© Courtesy of www.legislature.mi.gov

7. Request information, assistance, and cooperation from any federal, state, or local government department, board, bureau, commission, or other agency or unit thereof as may be necessary for carrying out the duties imposed upon the Health Services Inspector General by this Order. State departments and agencies, political subdivisions of this state, and their contractors shall provide such information, assistance, and cooperation.

8. Pursue administrative and civil enforcement actions or collections against any individual or entity that engages in fraud, abuse, or illegal or improper acts or unacceptable practices perpetrated within Health Services Programs, including but not limited to:

a. Referring information and evidence to regulatory agencies and licensure boards.

b. Withholding payment of medical assistance funds in accordance with state and federal laws and regulations.

c. Excluding providers, vendors, and contractors from participation in the Medicaid program.

d. Imposing administrative sanctions and penalties in accordance with state and federal laws and regulations.

e. Initiating and maintaining actions for civil recovery and, where authorized by law, seizure of property or other assets connected with improper payments.

f. Entering into administrative or civil settlements.

g. Pursuing any other formal or informal enforcement action relating to fraud, waste, and abuse that the Department of Community Health is authorized to take under state or federal law, including, but not limited to, any actions under Sections 111a to 111h of The Social Welfare Act, 1939 PA 280, MCL 400.111a to 400.111h, or 1979 AC, R 400.3401 to 400.3425.

9. Promptly provide information and evidence relating to suspected criminal acts to the Medicaid Fraud Control Unit of the Department of Attorney General, or any successor entity, to the extent required by federal law. A criminal referral does not preclude the Office from continuing its investigation, which may lead to administrative or civil sanctions. Nothing in this paragraph shall restrict the Office from referring cases of suspected criminal acts to any appropriate law enforcement agency, including, but not limited to, federal and local prosecutors.

10. Promptly provide all information and evidence relating to suspected fraud, waste or abuse by Health Services Programs beneficiaries to the Department of Human Services Office of Inspector General. The Office and the Department of Human Services Office of Inspector General shall collaborate on investigations as necessary.

11. Prepare cases, provide testimony, and support administrative hearings and other legal proceedings.

12. Review managed care contracts, prepaid inpatient health plans, other health plans, or any other provider service arrangements for Health Services Programs to minimize the risk of fraud, and to monitor billing, encounter data, and subcontracting arrangements between Medicaid managed care companies, providers, and services provided to beneficiaries for fraud, waste, or abuse, and make recommendations to the Department of Community Health for clauses which should be included in future contracts.

13. Serve as the central point of contact with entities having contracts with the Department of Community Health to report, monitor, audit, or investigate fraud, waste, or abuse in Health Services Programs.

14. Promulgate rules or regulations relating to fraud, waste, and abuse under Sections 6, 9, and 10 of The Social Welfare Act, 1939 PA 280, MCL 400.6, 400.9, and 400.10, or other applicable law.

15. Develop procedures to collect overpayments, restitution amounts, and settlement proceeds.

16. Monitor compliance by entities participating in Medicaid programs with requirements to inform their employees, contractors, and agents about the details of state and federal false claims statutes.

17. Communicate information to the public and beneficiaries of Health Services Programs describing fraud schemes and practices to encourage reporting of fraud, waste, and abuse to the Office.

18. Work with municipal and county units administering Health Services Programs to identify questionable claims and the existence of fraud, waste or abuse, including establishing cooperative agreements to review, refer, investigate, and audit such claims.

19. Keep the Governor and the Director of the Department of Community Health apprised of efforts to prevent, detect, investigate, and prosecute fraud, waste, and abuse in Health Services Programs.

20. Advise the Governor and the Director of the Department of Community Health of programs and practices that increase the risk of waste of funds and recommend policies to prevent and better detect fraud, waste, and abuse in Health Services Programs.

21. Monitor the implementation of any recommendations made by the Office to departments, agencies, or other entities.

22. Prepare an annual report for the Governor and the Director of the Department of Community Health on the progress of implementing the Office of Health Services Inspector General, fraud control initiatives,

© Courtesy of www.legislature.mi.gov

results, and recommendations. The report shall include at a minimum the number of audits, investigations, and administrative and civil enforcement proceedings initiated and completed; funds recovered by administrative or civil collection proceedings or settlements; the number of referrals to the Department of Attorney General or other law enforcement agencies for criminal investigation; and the number of referrals to regulatory agencies and licensure boards.

23. Make every effort to collaborate with the Medical Services Administration, the Mental Health and Substance Abuse Administration, or other administrative divisions of the Department of Community Health while carrying out its duties, including, but not limited to, regular communication regarding actions of the Office which impact the operations of these entities.

24. Perform any other functions necessary or appropriate to fulfill the duties and responsibilities of the Office.

25. Comply with applicable federal law.

B. The Office shall submit all administrative cost allocations relative to federal financial participation consistent and in accordance with the State of Michigan's cost allocation plan. The Department of Community Health shall, as necessary, prepare and submit for approval, consistent with 45 CFR 95.501 to 95.519 and other applicable law, a cost allocation plan amendment.

**IV. IMPLEMENTATION**

A. All records, property, grants, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available or to be made available to the Department of Community Health, the Department of Human Services, or any other entity for the authority, activities, powers, duties, functions, and responsibilities vested in the Office of Health Services Inspector General under this Order are transferred to the Office.

B. The personnel currently assigned to the Program Investigation Section, Bureau of Medicaid Financial Management and Administrative Services, Medical Services Administration within the Department of Community Health shall be transferred to the Office. The Office shall immediately assume the functions performed by the Program Investigation Section on the effective date of this Order.

C. Personnel in other offices, divisions, or entities within the Department of Community Health who are currently assigned to perform fraud, waste, or abuse related activity, including, but not limited to, detection, monitoring, audit, or other related audit functions that fall under the area of responsibility of the Office described in this Order, shall be transferred to the Office.

D. An individual designated by the Governor as the Health Services Inspector General Transition Director (hereinafter, "Transition Director") shall provide executive direction and supervision for the implementation of all transfers under this Order. The Transition Director shall identify the positions that will be transferred to the Office, consistent with this Order. The Transition Director and the Director of the Department of Community Health shall make every effort to develop agreements specifying the positions that will be transferred by the effective date of this Order. In the event of a failure to reach agreement on the positions to be transferred, the Transition Director shall develop a written recommendation specifying the positions to be transferred and submit the recommendation to the Governor for consideration and approval. All transfers to the Office shall be consistent with this Order and documented by a memorandum of understanding between the Transition Director and the Director of Department of Community Health.

E. State departments, agencies, and state officers shall fully and actively cooperate with the Office and the Transition Director in the implementation of this Order.

F. The Health Services Inspector General shall administer the functions transferred under this Order in such ways as to promote efficient administration and shall make internal organizational changes as may be administratively necessary to complete the realignment of responsibilities under this Order.

G. The Health Services Inspector General may delegate within the Office a duty or power conferred on the Health Services Inspector General by this Order or by other law, and the person to whom the duty or power is delegated may perform the duty or exercise the power at the time and to the extent that the duty or power is delegated by the Health Services Inspector General.

H. The Health Services Inspector General may hire or retain such contractors, subcontractors, advisors, consultants, and agents as the Health Services Inspector General may deem advisable and necessary, in accordance with relevant law and the procedures, rules, and regulations of the Civil Service Commission and the Department of Technology, Management, and Budget, and may make and enter into contracts necessary or incidental to the exercise of powers and performance of the duties of the Office.

I. The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in the state's financial management system necessary for the implementation of this Order.

**V. MISCELLANEOUS**

A. All rules, orders, contracts, and agreements relating to the functions transferred under this Order lawfully adopted prior to the effective date of this Order shall continue to be effective until revised, amended, repealed, or rescinded.

B. This Order shall not abate any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order. Any suit, action, or other proceeding may be maintained by, against, or before the appropriate successor of any entity affected under this Order.

C. This Order shall not abate any criminal action commenced by this state prior to the effective date of this Order.

D. The invalidity of any portion of this Order shall not affect the validity of the remainder of the Order, which may be given effect without any invalid portion. Any portion of this Order found invalid by a court or other entity with proper jurisdiction shall be severable from the remaining portions of this Order.

In fulfillment of the requirements under Section 2 of Article V of the Michigan Constitution of 1963, the provisions of this Order are effective October 1, 2010 at 12:01 a.m.

**History:** 2010, E.R.O. No. 2010-1, Eff. Oct. 1, 2010.

**Compiler's note:** For transfer of powers and duties of office of health services inspector general from department of community health to department of health and human services office of inspector general, and abolishment of position of health services inspector general, see E.R.O. No. 2015-1, compiled at MCL 400.227.

For transfer of powers and duties of the medical services administration to the health and aging services administration created within the department of health and human services; and abolishment of the medical services administration, see E.R.O. No. 2021-2, compiled at MCL 400.562.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2016-4**

**333.26369 Creation of office of chief medical executive within department of health and human services; carrying out of authority, powers, and duties of chief medical executive by new chief medical executive under MCL 333.2202; abolishment of position of chief medical executive.**

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the state of Michigan in the Governor; and

WHEREAS, Section 4 of Article V of the Michigan Constitution of 1963 authorizes establishment of temporary commissions or agencies for special purposes; and

WHEREAS, Section 8 of Article V of the Michigan Constitution of 1963 provides that each principal department shall be under the supervision of the Governor unless otherwise provided by the Constitution; and

WHEREAS, protecting and promoting the public health is an essential function of government; and

WHEREAS, the creation of an Office of the Chief Medical Executive in the Department of Health and Human Services will help to protect and promote public health in Michigan by advising the Governor and the Department on public health issues, assessing the state of public health in Michigan, and communicating health information to the public; and

WHEREAS, the establishment of a Public Health Advisory Commission will help to protect and promote public health in Michigan by providing advice and assistance on best practices for the organization of functions and the delivery of public health services by state and local governments;

NOW, THEREFORE, I, Richard D. Snyder, Governor of the state of Michigan, by virtue of the powers and authority vested in the Governor by the Michigan Constitution of 1963 and Michigan law, order the following:

**I. DEFINITIONS**

As used in this Order:

A. "Commission" means the Public Health Advisory Commission created under Section III of this Order.

B. "Department" means the Department of Health and Human Services.

C. "Director" means the Director of the Department of Health and Human Services.

D. "Office" means the Office of Chief Medical Executive created under Section II of this Order.

**II. CREATION OF THE OFFICE OF CHIEF MEDICAL EXECUTIVE**

A. The Office of Chief Medical Executive is created within the Department of Health and Human Services.

B. The head of the Office shall be the new Chief Medical Executive. The new Chief Medical Executive shall be a physician appointed by the Governor who shall serve at the pleasure of the Governor. The new Chief Medical Executive shall carry out the functions vested in the Office by this Order, as otherwise provided by law, and as directed by the Director and the Governor. The new Chief Medical Executive shall serve as a member of the Governor's Cabinet.

C. The new Chief Medical Executive shall be a full-time employee of the Department who shall be exempt from and not within the classified state civil service.

D. The new Chief Medical Executive shall carry out any and all authority, powers, duties, functions, and responsibilities of the Chief Medical Executive under Subsection 2202(2) of the Public Health Code, 1978 PA 368, as amended, MCL 333.2202. The position of Chief Medical Executive established by Subsection 2202(2) of the Public Health Code, 1978 PA 368, as amended, MCL 333.2202, is abolished.

E. The Office shall disseminate public health information, including, but not limited to, advocating disease prevention and promoting the Department's public health initiatives.

F. The Office shall, where appropriate, collaborate with public and private public health stakeholders in Michigan, including, but not limited to, institutions of higher learning, hospitals, and professional organizations.

G. The Office shall establish performance measures and other objective criteria to inform the public about the state of public health in Michigan and the Department's public health initiatives. The Office shall publish those measures and other information the Director considers appropriate on the Department's website.

H. The Office shall issue an annual report to the Governor, the legislature, and the public addressing the state of public health in Michigan and outlining the accomplishments and strategic goals of the Department relating to public health.

I. The Office shall otherwise assist in the development and implementation of the Department's public health mission and values to protect, promote, and preserve the health of Michigan residents.

J. The Department shall ensure that the Office has adequate funding and staffing to accomplish the

© Courtesy of www.legislature.mi.gov

responsibilities set forth in this Order.

**III. CREATION OF THE PUBLIC HEALTH ADVISORY COMMISSION**

A. The Public Health Advisory Commission is created as a temporary commission pursuant to Article V, Section 4 of the Michigan Constitution of 1963 and shall serve as an advisory body within the Executive Office of the Governor.

B. The Commission shall be an independent and autonomous entity with the intent that its authority, powers, duties, and responsibilities be exercised free from the direction and supervision of the principal departments in the executive branch and shall be composed of twenty-four (24) members appointed as follows:

1. The new Chief Medical Executive shall be a voting member and shall serve as the chairperson of the Commission.

2. The Governor shall appoint eighteen (18) voting members to the Commission serving at the pleasure of the Governor.

3. The following five (5) department heads or their designees from within their respective departments who shall serve as non-voting, ex officio members:

- The Department of Agriculture and Rural Development
- The Department of Environmental Quality
- The Department of Health and Human Services
- The Department of Licensing and Regulatory Affairs
- The Department of State Police, or a designee from the Division of Emergency Management and Homeland Security, within the Department of State Police.

C. A vacancy on the Commission shall be filled in the same manner as the original appointment.

D. The eighteen voting members of the Commission appointed by the Governor shall include at least one member residing in each of Michigan's Regional Prosperity Initiative zones.

E. The eighteen voting members of the Commission appointed by the Governor shall include at least one member representing each of the following categories:

- A physician
- A registered nurse
- A licensed pharmacist
- A veterinarian
- A representative of a nationally-accredited medical school
- A representative of a school of public health from an institution of higher education in the state
- A local public health official
- A person with experience in hospital administration
- A local director of public works
- An epidemiologist
- A toxicologist
- A food safety expert
- An expert in environmental health; and
- A representative of a non-profit health or environmental organization.

**IV. CHARGE TO THE COMMISSION**

The Commission shall act in an advisory capacity to the Governor and the state of Michigan, and shall do all of the following:

1. Provide advice about emerging issues in public health, or other public health advice, as requested by the Governor or the Director.

2. Complete an assessment of the current public health service delivery system in Michigan, at both the state and local level, including a review of (i) the organization of public health functions within and across the executive departments of this state, (ii) the division of responsibilities between state and local public health authorities, and (iii) the regulatory framework established by the Public Health Code, 1978 PA 368, as amended, MCL 333.1101 et seq.

3. Research and benchmark other states to identify best practices in public health governance.

4. Recommend changes to (i) the organization of public health functions within and across the executive departments of this state, (ii) the division of responsibilities between state and local public health authorities, and (iii) the regulatory framework established by the Public Health Code, 1978 PA 368, as amended, MCL 333.1101 et seq. , as necessary to best protect and promote public health in Michigan.

5. Prioritize the Commission's recommendations for implementation.

6. Provide other information or advice as directed by the Governor.

© Courtesy of www.legislature.mi.gov

7. No later than April 1, 2017, the Commission shall complete its work and issue a final report to the Governor for his consideration. A copy of the final report shall be transmitted to the Legislature.

8. Ninety (90) days after issuance and transference of its final report, the Commission shall be deemed to have met the charges placed upon it by this Order and shall cease operations.

**V. OPERATIONS OF THE COMMISSION**

A. The Commission shall be staffed by personnel from and assisted by state departments and agencies as directed by the Office of the Governor.

B. The Commission may select from among its members a Vice Chairperson.

C. The Commission shall meet at the call of the Chairperson and as may be provided in procedures adopted by the Commission. Meetings of the Commission may be held anywhere within the state of Michigan.

D. The Commission may establish workgroups or committees assigning Commission members to and inviting public participation on these workgroups or committees as the Commission deems necessary.

E. The Commission may adopt, reject, or modify recommendations made by the workgroups or committees.

F. A majority of the voting members of the Commission serving constitutes a quorum for the transaction of the Commission's business, notwithstanding the existence of one or more vacancies. The Commission shall act by majority vote of its present and voting members.

G. The Commission shall adopt procedures consistent with Michigan law and this Order governing its organization and operations.

H. The Commission may, as appropriate, make inquiries, studies, investigations, hold hearings, and receive comments from the public. Subject to the Governor's approval, the Commission may consult with outside experts in order to perform its duties, including, but not limited to, experts in the private sector, government agencies, institutions of higher education, and the nonprofit sector.

I. Members of the Commission shall serve without compensation. Subject to the Governor's approval and available funding, members of the Commission may receive reimbursement for necessary travel and expenses according to relevant statutes and the rules and procedures of the Michigan Civil Service Commission and the Department of Technology, Management and Budget.

J. Subject to the Governor's approval, the Commission may hire or retain contractors, sub-contractors, advisors, consultants, and agents, and may make and enter into contracts as necessary or incidental to the exercise of the powers of the Commission and the performance of its duties, as the Governor deems advisable and necessary in accordance with the relevant statutes, rules, and procedures of the Civil Service Commission and the Department of Technology, Management and Budget.

K. The Commission may accept grants of funds, donations of funds, property, labor, services, or other things of value from any public or private agency or person. Any donations shall be expended in accordance with applicable laws, rules, and procedures.

L. A member of the Commission shall not use for personal gain information obtained by the member while performing business of the Commission, nor shall a member of the Commission disclose confidential information obtained by the member while conducting Commission business, except as necessary to perform Commission business.

M. Members of the Commission, staff, or contractors shall refer all legal, legislative, and media contact relating to Commission actions or activities to the Office of the Governor.

**VI. MISCELLANEOUS**

A. All departments, committees, commissioners, or officers of this state or of any political subdivision of this state shall give to the Commission, or to any member or representative of the Commission, any necessary assistance required by the Commission, or any member or representative of the Commission, in the performance of the duties of the Commission so far as is compatible with its, his, or her duties. Free access shall also be given to any books, records, or documents in its, his, or her custody, relating to matters within the scope of inquiry, study, or investigation of the Commission.

B. Any suit, action, or other proceeding lawfully commenced by, against, or before any entity affected under this Order shall not abate by any reason or by the taking effect of this Order.

C. Nothing in this Order shall be construed to change the organization of the executive branch of state government or the assignment of functions among its units in a manner requiring the force of law.

D. The invalidity of any portion of this Order shall not affect the validity of the remainder the Order.

This Executive Order shall become effective upon filing.

**History:** 2016, E.R.O. No. 2016-4, Eff. Nov. 22, 2016.

**Compiler's note:** Executive Reorganization Order No. 2016-4 was promulgated September 22, 2016, as Executive Order No. 2016-19, Eff. Nov. 22, 2016.

# METHAMPHETAMINE LABORATORY
# Act 255 of 2006

AN ACT to prescribe certain powers and duties of the department of community health and the department of state police with respect to certain illegal drug manufacturing laboratories.

**History:** 2006, Act 255, Eff. Jan. 1, 2007.

*The People of the State of Michigan enact:*

## 333.26371 Definitions.

Sec. 1. As used in this act:

(a) "Methamphetamine" means that substance as described in section 7214(c)(*ii*) of the public health code, 1978 PA 368, MCL 333.7214.

(b) "Methamphetamine laboratory" means the site where the illegal manufacture of methamphetamine has taken place, and includes all equipment and supplies used at that site for that purpose.

**History:** 2006, Act 255, Eff. Jan. 1, 2007.

## 333.26372 Information obtained under methamphetamine reporting act; transmission; posting on internet website.

Sec. 2. The department of state police shall transmit to the department of community health information obtained under the methamphetamine reporting act regarding the discovery of any methamphetamine laboratory in this state. The department of community health, upon receiving that information, shall post on its internet website the location of the methamphetamine laboratory and the name of the law enforcement agency or other agency that reported the existence of the methamphetamine laboratory.

**History:** 2006, Act 255, Eff. Jan. 1, 2007.

## 333.26373 Posted information to be current; statement relating to remediation.

Sec. 3. The department of community health shall keep the information posted under section 2 current and shall include in that information a statement as to whether or not the remediation of each laboratory site has been completed according to standards established by the department of community health.

**History:** 2006, Act 255, Eff. Jan. 1, 2007.

# THE HUMAN CLONING FUNDING PROHIBITION ACT
# Act 111 of 1998

AN ACT to prohibit the expenditure of state funds for the purpose of human cloning.

**History:** 1998, Act 111, Eff. Mar. 23, 1999.

*The People of the State of Michigan enact:*

## 333.26401 Short title.

Sec. 1. This act shall be known and may be cited as "the human cloning funding prohibition act".

**History:** 1998, Act 111, Eff. Mar. 23, 1999.

## 333.26402 “Human cloning” defined.

Sec. 2. As used in this act, "human cloning" means that term as defined in section 16274 of the public health code, 1978 PA 368, MCL 333.16274.

**History:** 1998, Act 111, Eff. Mar. 23, 1999.

## 333.26403 Human cloning; prohibited conduct.

Sec. 3. A person shall not use state funds to engage in or attempt to engage in human cloning.

**History:** 1998, Act 111, Eff. Mar. 23, 1999.

## 333.26404 Exception.

Sec. 4. Section 3 does not prohibit the use of state funds for scientific research or cell-based therapies not specifically prohibited by that section.

**History:** 1998, Act 111, Eff. Mar. 23, 1999.

## 333.26405 Private right of action.

Sec. 5. This act does not give a person a private right of action.

**History:** 1998, Act 111, Eff. Mar. 23, 1999.

## 333.26406 Violation; penalty.

Sec. 6. A person who violates section 3 is subject to a civil fine of $10,000,000.00. A civil fine imposed under this section shall be distributed in the same manner in which penal fines are distributed in this state.

**History:** 1998, Act 111, Eff. Mar. 23, 1999.

# MICHIGAN MEDICAL MARIHUANA ACT
## Initiated Law 1 of 2008

AN INITIATION of Legislation to allow under state law the medical use of marihuana; to provide protections for the medical use of marihuana; to provide for a system of registry identification cards for qualifying patients and primary caregivers; to impose a fee for registry application and renewal; to make an appropriation; to provide for the promulgation of rules; to provide for the administration of this act; to provide for enforcement of this act; to provide for affirmative defenses; and to provide for penalties for violations of this act.

**History:** 2008, Initiated Law 1, Eff. Dec. 4, 2008;—Am. 2016, Act 283, Eff. Dec. 20, 2016.

**Compiler's note:** For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

*The People of the State of Michigan enact:*

### 333.26421 Short title.

**1. Short Title.**

Sec. 1. This act shall be known and may be cited as the Michigan Medical Marihuana Act.

**History:** 2008, Initiated Law 1, Eff. Dec. 4, 2008.

**Compiler's note:** MCL 333.26430 of Initiated Law 1 of 2008 provides:

10. Severability.

Sec. 10. Any section of this act being held invalid as to any person or circumstances shall not affect the application of any other section of this act that can be given full effect without the invalid section or application.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.26422 Findings, declaration.

**2. Findings.**

Sec. 2. The people of the State of Michigan find and declare that:

(a) Modern medical research, including as found by the National Academy of Sciences' Institute of Medicine in a March 1999 report, has discovered beneficial uses for marihuana in treating or alleviating the pain, nausea, and other symptoms associated with a variety of debilitating medical conditions.

(b) Data from the Federal Bureau of Investigation Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 marihuana arrests in the United States are made under state law, rather than under federal law. Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill people who have a medical need to use marihuana.

(c) Although federal law currently prohibits any use of marihuana except under very limited circumstances, states are not required to enforce federal law or prosecute people for engaging in activities prohibited by federal law. The laws of Alaska, California, Colorado, Hawaii, Maine, Montana, Nevada, New Mexico, Oregon, Vermont, Rhode Island, and Washington do not penalize the medical use and cultivation of marihuana. Michigan joins in this effort for the health and welfare of its citizens.

**History:** 2008, Initiated Law 1, Eff. Dec. 4, 2008.

**Compiler's note:** MCL 333.26430 of Initiated Law 1 of 2008 provides:

10. Severability.

Sec. 10. Any section of this act being held invalid as to any person or circumstances shall not affect the application of any other section of this act that can be given full effect without the invalid section or application.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.26423 Definitions.

3. Definitions.

Sec. 3. As used in this act:

(a) "Bona fide physician-patient relationship" means a treatment or counseling relationship between a

© Courtesy of www.legislature.mi.gov

physician and patient in which all of the following are present:

(1) The physician has reviewed the patient's relevant medical records and completed a full assessment of the patient's medical history and current medical condition, including a relevant medical evaluation of the patient.

(2) The physician has created and maintained records of the patient's condition in accord with medically accepted standards.

(3) The physician has a reasonable expectation that he or she will provide follow-up care to the patient to monitor the efficacy of the use of medical marihuana as a treatment of the patient's debilitating medical condition.

(4) If the patient has given permission, the physician has notified the patient's primary care physician of the patient's debilitating medical condition and certification for the medical use of marihuana to treat that condition.

(b) "Debilitating medical condition" means 1 or more of the following:

(1) Cancer, glaucoma, positive status for human immunodeficiency virus, acquired immune deficiency syndrome, hepatitis C, amyotrophic lateral sclerosis, Crohn's disease, agitation of Alzheimer's disease, nail patella, or the treatment of these conditions.

(2) A chronic or debilitating disease or medical condition or its treatment that produces 1 or more of the following: cachexia or wasting syndrome; severe and chronic pain; severe nausea; seizures, including but not limited to those characteristic of epilepsy; or severe and persistent muscle spasms, including but not limited to those characteristic of multiple sclerosis.

(3) Any other medical condition or its treatment approved by the marijuana regulatory agency, as provided for in section 6(k).

(c) "Department" means the department of licensing and regulatory affairs.

(d) "Enclosed, locked facility" means a closet, room, or other comparable, stationary, and fully enclosed area equipped with secured locks or other functioning security devices that permit access only by a registered primary caregiver or registered qualifying patient. Marihuana plants grown outdoors are considered to be in an enclosed, locked facility if they are not visible to the unaided eye from an adjacent property when viewed by an individual at ground level or from a permanent structure and are grown within a stationary structure that is enclosed on all sides, except for the base, by chain-link fencing, wooden slats, or a similar material that prevents access by the general public and that is anchored, attached, or affixed to the ground; located on land that is owned, leased, or rented by either the registered qualifying patient or a person designated through the marijuana regulatory agency's registration process as the primary caregiver for the registered qualifying patient or patients for whom the marihuana plants are grown; and equipped with functioning locks or other security devices that restrict access to only the registered qualifying patient or the registered primary caregiver who owns, leases, or rents the property on which the structure is located. Enclosed, locked facility includes a motor vehicle if both of the following conditions are met:

(1) The vehicle is being used temporarily to transport living marihuana plants from 1 location to another with the intent to permanently retain those plants at the second location.

(2) An individual is not inside the vehicle unless he or she is either the registered qualifying patient to whom the living marihuana plants belong or the individual designated through the marijuana regulatory agency's registration process as the primary caregiver for the registered qualifying patient.

(e) "Marihuana" means that term as defined in section 3 of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953.

(f) "Marihuana-infused product" means a topical formulation, tincture, beverage, edible substance, or similar product containing any usable marihuana that is intended for human consumption in a manner other than smoke inhalation. Marihuana-infused product shall not be considered a food for purposes of the food law, 2000 PA 92, MCL 289.1101 to 289.8111.

(g) "Marihuana plant" means any plant of the species *Cannabis sativa* L.

(h) "Marijuana regulatory agency" means the marijuana regulatory agency created under Executive Reorganization Order No. 2019-2, MCL 333.27001.

(i) "Medical use of marihuana" means the acquisition, possession, cultivation, manufacture, extraction, use, internal possession, delivery, transfer, or transportation of marihuana, marihuana-infused products, or paraphernalia relating to the administration of marihuana to treat or alleviate a registered qualifying patient's debilitating medical condition or symptoms associated with the debilitating medical condition.

(j) "Physician" means an individual licensed as a physician under part 170 of the public health code, 1978 PA 368, MCL 333.17001 to 333.17084, or an osteopathic physician under part 175 of the public health code, 1978 PA 368, MCL 333.17501 to 333.17556.

(k) "Plant" means any living organism that produces its own food through photosynthesis and has

© Courtesy of www.legislature.mi.gov

observable root formation or is in growth material.

(*l*) "Primary caregiver" or "caregiver" means a person who is at least 21 years old and who has agreed to assist with a patient's medical use of marihuana and who has not been convicted of any felony within the past 10 years and has never been convicted of a felony involving illegal drugs or a felony that is an assaultive crime as defined in section 9a of chapter X of the code of criminal procedure, 1927 PA 175, MCL 770.9a.

(m) "Qualifying patient" or "patient" means a person who has been diagnosed by a physician as having a debilitating medical condition.

(n) "Registry identification card" means a document issued by the marijuana regulatory agency that identifies a person as a registered qualifying patient or registered primary caregiver.

(o) "Usable marihuana" means the dried leaves, flowers, plant resin, or extract of the marihuana plant, but does not include the seeds, stalks, and roots of the plant.

(p) "Usable marihuana equivalent" means the amount of usable marihuana in a marihuana-infused product that is calculated as provided in section 4(c).

(q) "Visiting qualifying patient" means a patient who is not a resident of this state or who has been a resident of this state for less than 30 days.

(r) "Written certification" means a document signed by a physician, stating all of the following:

(1) The patient's debilitating medical condition.

(2) The physician has completed a full assessment of the patient's medical history and current medical condition, including a relevant medical evaluation.

(3) In the physician's professional opinion, the patient is likely to receive therapeutic or palliative benefit from the medical use of marihuana to treat or alleviate the patient's debilitating medical condition or symptoms associated with the debilitating medical condition.

**History:** 2008, Initiated Law 1, Eff. Dec. 4, 2008;—Am. 2012, Act 512, Eff. Apr. 1, 2013;—Am. 2016, Act 283, Eff. Dec. 20, 2016;—Am. 2021, Act 62, Eff. Oct. 11, 2021.

**Compiler's note:** MCL 333.26430 of Initiated Law 1 of 2008 provides:

10. Severability.

Sec. 10. Any section of this act being held invalid as to any person or circumstances shall not affect the application of any other section of this act that can be given full effect without the invalid section or application.

Enacting section 2 of Act 283 of 2016 provides:

"Enacting section 2. This amendatory act clarifies ambiguities in the law in accordance with the original intent of the people, as expressed in section 2(b) of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26422:

"(b) Data from the Federal Bureau of Investigation Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 marihuana arrests in the United States are made under state law, rather than under federal law. *Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill people who have a medical need to use marihuana.*". [Emphasis added.]

This amendatory act is curative and applies retroactively as to the following: clarifying the quantities and forms of marihuana for which a person is protected from arrest, precluding an interpretation of "weight" as aggregate weight, and excluding an added inactive substrate component of a preparation in determining the amount of marihuana, medical marihuana, or usable marihuana that constitutes an offense. Retroactive application of this amendatory act does not create a cause of action against a law enforcement officer or any other state or local governmental officer, employee, department, or agency that enforced this act under a good-faith interpretation of its provisions at the time of enforcement."

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.26424 Qualifying patient or primary caregiver; arrest, prosecution, or penalty prohibited; conditions; privilege from arrests; presumption; compensation; physician subject to arrest, prosecution, or penalty prohibited; marihuana paraphernalia; person in presence or vicinity of medical use of marihuana; registry identification card issued outside of department; sale of marihuana as felony; penalty; marihuana-infused product.

4. Protections for the Medical Use of Marihuana.

Sec. 4. (a) A qualifying patient who has been issued and possesses a registry identification card is not subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including, but not limited to, civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for the medical use of marihuana in accordance with this act, provided that the qualifying patient possesses an amount of marihuana that does not exceed a combined total of 2.5 ounces of usable marihuana and usable marihuana equivalents, and, if the qualifying patient has not specified that a primary caregiver will be allowed under state law to cultivate marihuana for the qualifying patient, 12 marihuana plants kept in an enclosed, locked facility. Any incidental amount of seeds, stalks, and unusable roots shall also be allowed under state law and shall not be included in this amount. The privilege from arrest under this subsection

© Courtesy of www.legislature.mi.gov

applies only if the qualifying patient presents both his or her registry identification card and a valid driver license or government-issued identification card that bears a photographic image of the qualifying patient.

(b) A primary caregiver who has been issued and possesses a registry identification card is not subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including but not limited to civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for assisting a qualifying patient to whom he or she is connected through the department's registration process with the medical use of marihuana in accordance with this act. The privilege from arrest under this subsection applies only if the primary caregiver presents both his or her registry identification card and a valid driver license or government-issued identification card that bears a photographic image of the primary caregiver. This subsection applies only if the primary caregiver possesses marihuana in forms and amounts that do not exceed any of the following:

(1) For each qualifying patient to whom he or she is connected through the department's registration process, a combined total of 2.5 ounces of usable marihuana and usable marihuana equivalents.

(2) For each registered qualifying patient who has specified that the primary caregiver will be allowed under state law to cultivate marihuana for the qualifying patient, 12 marihuana plants kept in an enclosed, locked facility.

(3) Any incidental amount of seeds, stalks, and unusable roots.

(c) For purposes of determining usable marihuana equivalency, the following shall be considered equivalent to 1 ounce of usable marihuana:

(1) 16 ounces of marihuana-infused product if in a solid form.

(2) 7 grams of marihuana-infused product if in a gaseous form.

(3) 36 fluid ounces of marihuana-infused product if in a liquid form.

(d) A person shall not be denied custody or visitation of a minor for acting in accordance with this act, unless the person's behavior is such that it creates an unreasonable danger to the minor that can be clearly articulated and substantiated.

(e) There is a presumption that a qualifying patient or primary caregiver is engaged in the medical use of marihuana in accordance with this act if the qualifying patient or primary caregiver complies with both of the following:

(1) Is in possession of a registry identification card.

(2) Is in possession of an amount of marihuana that does not exceed the amount allowed under this act. The presumption may be rebutted by evidence that conduct related to marihuana was not for the purpose of alleviating the qualifying patient's debilitating medical condition or symptoms associated with the debilitating medical condition, in accordance with this act.

(f) A registered primary caregiver may receive compensation for costs associated with assisting a registered qualifying patient in the medical use of marihuana. Any such compensation does not constitute the sale of controlled substances.

(g) A physician shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including but not limited to civil penalty or disciplinary action by the Michigan board of medicine, the Michigan board of osteopathic medicine and surgery, or any other business or occupational or professional licensing board or bureau, solely for providing written certifications, in the course of a bona fide physician-patient relationship and after the physician has completed a full assessment of the qualifying patient's medical history, or for otherwise stating that, in the physician's professional opinion, a patient is likely to receive therapeutic or palliative benefit from the medical use of marihuana to treat or alleviate the patient's serious or debilitating medical condition or symptoms associated with the serious or debilitating medical condition, provided that nothing shall prevent a professional licensing board from sanctioning a physician for failing to properly evaluate a patient's medical condition or otherwise violating the standard of care for evaluating medical conditions.

(h) A person shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including but not limited to civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for providing a registered qualifying patient or a registered primary caregiver with marihuana paraphernalia for purposes of a qualifying patient's medical use of marihuana.

(i) Any marihuana, marihuana paraphernalia, or licit property that is possessed, owned, or used in connection with the medical use of marihuana, as allowed under this act, or acts incidental to such use, shall not be seized or forfeited.

(j) A person shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including but not limited to civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, solely for being in the presence or vicinity of the medical use of marihuana in accordance with this act, or for assisting a registered qualifying patient with using or

© Courtesy of www.legislature.mi.gov

administering marihuana.

(k) A registry identification card, or its equivalent, that is issued under the laws of another state, district, territory, commonwealth, or insular possession of the United States that allows the medical use of marihuana by a visiting qualifying patient, or to allow a person to assist with a visiting qualifying patient's medical use of marihuana, shall have the same force and effect as a registry identification card issued by the department.

(*l*) Any registered qualifying patient or registered primary caregiver who sells marihuana to someone who is not allowed the medical use of marihuana under this act shall have his or her registry identification card revoked and is guilty of a felony punishable by imprisonment for not more than 2 years or a fine of not more than $2,000.00, or both, in addition to any other penalties for the distribution of marihuana.

(m) A person shall not be subject to arrest, prosecution, or penalty in any manner or denied any right or privilege, including, but not limited to, civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for manufacturing a marihuana-infused product if the person is any of the following:

(1) A registered qualifying patient, manufacturing for his or her own personal use.

(2) A registered primary caregiver, manufacturing for the use of a patient to whom he or she is connected through the department's registration process.

(n) A qualifying patient shall not transfer a marihuana-infused product or marihuana to any individual.

(o) A primary caregiver shall not transfer a marihuana-infused product to any individual who is not a qualifying patient to whom he or she is connected through the department's registration process.

**History:** 2008, Initiated Law 1, Eff. Dec. 4, 2008;—Am. 2012, Act 512, Eff. Apr. 1, 2013;—Am. 2016, Act 283, Eff. Dec. 20, 2016.

**Compiler's note:** MCL 333.26430 of Initiated Law 1 of 2008 provides:

10. Severability.

Sec. 10. Any section of this act being held invalid as to any person or circumstances shall not affect the application of any other section of this act that can be given full effect without the invalid section or application.

Enacting section 2 of Act 283 of 2016 provides:

"Enacting section 2. This amendatory act clarifies ambiguities in the law in accordance with the original intent of the people, as expressed in section 2(b) of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26422:

"(b) Data from the Federal Bureau of Investigation Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 marihuana arrests in the United States are made under state law, rather than under federal law. *Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill people who have a medical need to use marihuana."*. [Emphasis added.]

This amendatory act is curative and applies retroactively as to the following: clarifying the quantities and forms of marihuana for which a person is protected from arrest, precluding an interpretation of "weight" as aggregate weight, and excluding an added inactive substrate component of a preparation in determining the amount of marihuana, medical marihuana, or usable marihuana that constitutes an offense. Retroactive application of this amendatory act does not create a cause of action against a law enforcement officer or any other state or local governmental officer, employee, department, or agency that enforced this act under a good-faith interpretation of its provisions at the time of enforcement."

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.26424a Registered qualifying patient or registered primary caregiver; arrest, prosecution, or penalty, or denial of right or privilege prohibited; conditions.

Sec. 4a. (1) This section does not apply unless the medical marihuana facilities licensing act is enacted.

(2) A registered qualifying patient or registered primary caregiver shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including, but not limited to, civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for any of the following:

(a) Transferring or purchasing marihuana in an amount authorized by this act from a provisioning center licensed under the medical marihuana facilities licensing act.

(b) Transferring or selling marihuana seeds or seedlings to a grower licensed under the medical marihuana facilities licensing act.

(c) Transferring marihuana for testing to and from a safety compliance facility licensed under the medical marihuana facilities licensing act.

**History:** Add. 2016, Act 283, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 283 of 2016 provides:

"Enacting section 2. This amendatory act clarifies ambiguities in the law in accordance with the original intent of the people, as expressed in section 2(b) of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26422:

"(b) Data from the Federal Bureau of Investigation Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 marihuana arrests in the United States are made under state law, rather than under federal law. *Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill people who have*

*a medical need to use marihuana."*. [Emphasis added.]

This amendatory act is curative and applies retroactively as to the following: clarifying the quantities and forms of marihuana for which a person is protected from arrest, precluding an interpretation of "weight" as aggregate weight, and excluding an added inactive substrate component of a preparation in determining the amount of marihuana, medical marihuana, or usable marihuana that constitutes an offense. Retroactive application of this amendatory act does not create a cause of action against a law enforcement officer or any other state or local governmental officer, employee, department, or agency that enforced this act under a good-faith interpretation of its provisions at the time of enforcement."

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.26424b Transporting or possessing marihuana-infused product; violation; fine.

Sec. 4b. (1) Except as provided in subsections (2) to (4), a qualifying patient or primary caregiver shall not transport or possess a marihuana-infused product in or upon a motor vehicle.

(2) This section does not prohibit a qualifying patient from transporting or possessing a marihuana-infused product in or upon a motor vehicle if the marihuana-infused product is in a sealed and labeled package that is carried in the trunk of the vehicle or, if the vehicle does not have a trunk, is carried so as not to be readily accessible from the interior of the vehicle. The label must state the weight of the marihuana-infused product in ounces, name of the manufacturer, date of manufacture, name of the person from whom the marihuana-infused product was received, and date of receipt.

(3) This section does not prohibit a primary caregiver from transporting or possessing a marihuana-infused product in or upon a motor vehicle if the marihuana-infused product is accompanied by an accurate marihuana transportation manifest and enclosed in a case carried in the trunk of the vehicle or, if the vehicle does not have a trunk, is enclosed in a case and carried so as not to be readily accessible from the interior of the vehicle. The manifest form must state the weight of each marihuana-infused product in ounces, name and address of the manufacturer, date of manufacture, destination name and address, date and time of departure, estimated date and time of arrival, and, if applicable, name and address of the person from whom the product was received and date of receipt.

(4) This section does not prohibit a primary caregiver from transporting or possessing a marihuana-infused product in or upon a motor vehicle for the use of his or her child, spouse, or parent who is a qualifying patient if the marihuana-infused product is in a sealed and labeled package that is carried in the trunk of the vehicle or, if the vehicle does not have a trunk, is carried so as not to be readily accessible from the interior of the vehicle. The label must state the weight of the marihuana-infused product in ounces, name of the manufacturer, date of manufacture, name of the qualifying patient, and, if applicable, name of the person from whom the marihuana-infused product was received and date of receipt.

(5) For purposes of determining compliance with quantity limitations under section 4, there is a rebuttable presumption that the weight of a marihuana-infused product listed on its package label or on a marihuana transportation manifest is accurate.

(6) A qualifying patient or primary caregiver who violates this section is responsible for a civil fine of not more than $250.00.

**History:** Add. 2016, Act 283, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 283 of 2016 provides:

"Enacting section 2. This amendatory act clarifies ambiguities in the law in accordance with the original intent of the people, as expressed in section 2(b) of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26422:

"(b) Data from the Federal Bureau of Investigation Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 marihuana arrests in the United States are made under state law, rather than under federal law. *Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill people who have a medical need to use marihuana."*. [Emphasis added.]

This amendatory act is curative and applies retroactively as to the following: clarifying the quantities and forms of marihuana for which a person is protected from arrest, precluding an interpretation of "weight" as aggregate weight, and excluding an added inactive substrate component of a preparation in determining the amount of marihuana, medical marihuana, or usable marihuana that constitutes an offense. Retroactive application of this amendatory act does not create a cause of action against a law enforcement officer or any other state or local governmental officer, employee, department, or agency that enforced this act under a good-faith interpretation of its provisions at the time of enforcement."

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.26425 Rules.

### 5. Department to Promulgate Rules.

© Courtesy of www.legislature.mi.gov

Sec. 5. (a) Not later than 120 days after the effective date of this act, the department shall promulgate rules pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, that govern the manner in which the department shall consider the addition of medical conditions or treatments to the list of debilitating medical conditions set forth in section 3(a) of this act. In promulgating rules, the department shall allow for petition by the public to include additional medical conditions and treatments. In considering such petitions, the department shall include public notice of, and an opportunity to comment in a public hearing upon, such petitions. The department shall, after hearing, approve or deny such petitions within 180 days of the submission of the petition. The approval or denial of such a petition shall be considered a final department action, subject to judicial review pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. Jurisdiction and venue for judicial review are vested in the circuit court for the county of Ingham.

(b) Not later than 120 days after the effective date of this act, the department shall promulgate rules pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, that govern the manner in which it shall consider applications for and renewals of registry identification cards for qualifying patients and primary caregivers. The department's rules shall establish application and renewal fees that generate revenues sufficient to offset all expenses of implementing and administering this act. The department may establish a sliding scale of application and renewal fees based upon a qualifying patient's family income. The department may accept gifts, grants, and other donations from private sources in order to reduce the application and renewal fees.

**History:** 2008, Initiated Law 1, Eff. Dec. 4, 2008.

**Compiler's note:** MCL 333.26430 of Initiated Law 1 of 2008 provides:

10. Severability.

Sec. 10. Any section of this act being held invalid as to any person or circumstances shall not affect the application of any other section of this act that can be given full effect without the invalid section or application.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.26426 Administration and enforcement of rules by marijuana regulatory agency; transfer of funds.

6. Administering the Marijuana Regulatory Agency's Rules.

Sec. 6. (a) The marijuana regulatory agency shall issue registry identification cards to qualifying patients who submit all of the following, in accordance with the marijuana regulatory agency's rules:

(1) A written certification.

(2) Application or renewal fee.

(3) Name, address, and date of birth of the qualifying patient, except that if the applicant is homeless, no address is required.

(4) Name, address, and telephone number of the qualifying patient's physician.

(5) Name, address, and date of birth of the qualifying patient's primary caregiver, if any.

(6) Proof of Michigan residency. For the purposes of this subdivision, a person is considered to have proved legal residency in this state if any of the following apply:

(*i*) The person provides a copy of a valid, lawfully obtained Michigan driver license issued under the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923, or an official state personal identification card issued under 1972 PA 222, MCL 28.291 to 28.300.

(*ii*) The person provides a copy of a valid Michigan voter registration.

(7) If the qualifying patient designates a primary caregiver, a designation as to whether the qualifying patient or primary caregiver will be allowed under state law to possess marihuana plants for the qualifying patient's medical use.

(b) The marijuana regulatory agency shall not issue a registry identification card to a qualifying patient who is under the age of 18 unless all of the following conditions are met:

(1) The qualifying patient's physician has explained the potential risks and benefits of the medical use of marihuana to the qualifying patient and to his or her parent or legal guardian.

(2) The qualifying patient's parent or legal guardian submits a written certification from 2 physicians.

(3) The qualifying patient's parent or legal guardian consents in writing to do all of the following:

(A) Allow the qualifying patient's medical use of marihuana.

(B) Serve as the qualifying patient's primary caregiver.

(C) Control the acquisition of the marihuana, the dosage, and the frequency of the medical use of

© Courtesy of www.legislature.mi.gov

marihuana by the qualifying patient.

(c) The marijuana regulatory agency shall verify the information contained in an application or renewal submitted pursuant to this section, and shall approve or deny an application or renewal within 15 business days after receiving it. The marijuana regulatory agency may deny an application or renewal only if the applicant did not provide the information required pursuant to this section, or if the marijuana regulatory agency determines that the information provided was falsified. Rejection of an application or renewal is considered a final marijuana regulatory agency action, subject to judicial review. Jurisdiction and venue for judicial review are vested in the circuit court for the county of Ingham.

(d) The marijuana regulatory agency shall issue a registry identification card to the primary caregiver, if any, who is named in a qualifying patient's approved application. However, each qualifying patient can have not more than 1 primary caregiver, and a primary caregiver may assist not more than 5 qualifying patients with their medical use of marihuana.

(e) The marijuana regulatory agency shall issue registry identification cards within 5 business days after approving an application or renewal. A registry identification card expires 2 years after the date it is issued. Registry identification cards must contain all of the following:

(1) Name, address, and date of birth of the qualifying patient.

(2) Name, address, and date of birth of the primary caregiver, if any, of the qualifying patient.

(3) The date of issuance and expiration date of the registry identification card.

(4) A random identification number.

(5) A photograph, if the marijuana regulatory agency requires one by rule.

(6) A clear designation showing whether the primary caregiver or the qualifying patient will be allowed under state law to possess the marihuana plants for the qualifying patient's medical use, which shall be determined based solely on the qualifying patient's preference.

(f) If a registered qualifying patient's certifying physician notifies the marijuana regulatory agency in writing that the patient has ceased to suffer from a debilitating medical condition, the card becomes null and void upon notification by the marijuana regulatory agency to the patient.

(g) Possession of, or application for, a registry identification card shall not constitute probable cause or reasonable suspicion, nor shall it be used to support the search of the person or property of the person possessing or applying for the registry identification card, or otherwise subject the person or property of the person to inspection by any local, county, or state governmental agency.

(h) The following confidentiality rules apply:

(1) Subject to subdivisions (3) and (4), applications and supporting information submitted by qualifying patients, including information regarding their primary caregivers and physicians, are confidential.

(2) The marijuana regulatory agency shall maintain a confidential list of the persons to whom the marijuana regulatory agency has issued registry identification cards. Except as provided in subdivisions (3) and (4), individual names and other identifying information on the list are confidential and are exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(3) The marijuana regulatory agency shall verify to law enforcement personnel and to the necessary database created in the marihuana tracking act as established by the medical marihuana facilities licensing act whether a registry identification card is valid, without disclosing more information than is reasonably necessary to verify the authenticity of the registry identification card.

(4) A person, including an employee, contractor, or official of the marijuana regulatory agency or another state agency or local unit of government, who discloses confidential information in violation of this act is guilty of a misdemeanor punishable by imprisonment for not more than 6 months or a fine of not more than $1,000.00, or both. Notwithstanding this provision, marijuana regulatory agency employees may notify law enforcement about falsified or fraudulent information submitted to the marijuana regulatory agency.

(i) The marijuana regulatory agency shall submit to the legislature an annual report that does not disclose any identifying information about qualifying patients, primary caregivers, or physicians, but does contain, at a minimum, all of the following information:

(1) The number of applications filed for registry identification cards.

(2) The number of qualifying patients and primary caregivers approved in each county.

(3) The nature of the debilitating medical conditions of the qualifying patients.

(4) The number of registry identification cards revoked.

(5) The number of physicians providing written certifications for qualifying patients.

(j) The marijuana regulatory agency may enter into a contract with a private contractor to assist the marijuana regulatory agency in performing its duties under this section. The contract may provide for assistance in processing and issuing registry identification cards, but the marijuana regulatory agency shall retain the authority to make the final determination as to issuing the registry identification card. Any contract

© Courtesy of www.legislature.mi.gov

must include a provision requiring the contractor to preserve the confidentiality of information in conformity with subsection (h).

(k) Not later than 6 months after April 1, 2013, the marijuana regulatory agency shall appoint a panel to review petitions to approve medical conditions or treatments for addition to the list of debilitating medical conditions under the rules. The panel shall meet at least twice each year and shall review and make a recommendation to the marijuana regulatory agency concerning any petitions that have been submitted that are completed and include any documentation required by rule. All of the following apply to the panel:

(1) A majority of the panel members must be licensed physicians, and the panel shall provide recommendations to the marijuana regulatory agency regarding whether the petitions should be approved or denied.

(2) All meetings of the panel are subject to the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(*l*) The marihuana registry fund is created within the state treasury. All fees collected under this act shall be deposited into the fund. The state treasurer may receive money or other assets from any source for deposit into the fund. The state treasurer shall direct the investment of the fund. The state treasurer shall credit to the fund interest and earnings from fund investments. Money in the fund at the close of the fiscal year must remain in the fund and must not lapse to the general fund. The marijuana regulatory agency shall be the administrator of the fund for auditing purposes. The marijuana regulatory agency shall expend money from the fund, upon appropriation, for the operation and oversight of the Michigan medical marihuana program. For the fiscal year ending September 30, 2016, $8,500,000.00 is appropriated from the marihuana registry fund to the department for its initial costs of implementing the medical marihuana facilities licensing act and the marihuana tracking act. For the fiscal year ending September 30, 2021, $24,000,000.00 of the money in the marihuana registry fund is transferred to and must be deposited into the Michigan set aside fund created under section 1i of 1965 PA 213, MCL 780.621i.

(m) As used in this section, "marijuana regulatory agency" means the marijuana regulatory agency created under Executive Reorganization Order No. 2019-2, MCL 333.27001.

**History:** 2008, Initiated Law 1, Eff. Dec. 4, 2008;—Am. 2012, Act 514, Eff. Apr. 1, 2013;—Am. 2016, Act 283, Eff. Dec. 20, 2016;—Am. 2020, Act 400, Imd. Eff. Jan. 4, 2021.

**Compiler's note:** MCL 333.26430 of Initiated Law 1 of 2008 provides:

10. Severability.

Sec. 10. Any section of this act being held invalid as to any person or circumstances shall not affect the application of any other section of this act that can be given full effect without the invalid section or application.

Enacting section 2 of Act 283 of 2016 provides:

"Enacting section 2. This amendatory act clarifies ambiguities in the law in accordance with the original intent of the people, as expressed in section 2(b) of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26422:

"(b) Data from the Federal Bureau of Investigation Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 marihuana arrests in the United States are made under state law, rather than under federal law. *Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill people who have a medical need to use marihuana.*". [Emphasis added.]

This amendatory act is curative and applies retroactively as to the following: clarifying the quantities and forms of marihuana for which a person is protected from arrest, precluding an interpretation of "weight" as aggregate weight, and excluding an added inactive substrate component of a preparation in determining the amount of marihuana, medical marihuana, or usable marihuana that constitutes an offense. Retroactive application of this amendatory act does not create a cause of action against a law enforcement officer or any other state or local governmental officer, employee, department, or agency that enforced this act under a good-faith interpretation of its provisions at the time of enforcement."

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.26427 Scope of act; limitations; application of certain provisions of the revised judicature act of 1961.

7. Scope of Act.

Sec. 7. (a) The medical use of marihuana is allowed under state law to the extent that it complies with this act.

(b) This act does not authorize a person to do any of the following:

(1) Undertake any task under the influence of marihuana, if doing so would constitute negligence or professional malpractice.

(2) Possess marihuana, or engage in the medical use of marihuana, at any of the following locations:

(A) In a school bus.

(B) On the grounds of any preschool or primary or secondary school.

(C) In any correctional facility.

© Courtesy of www.legislature.mi.gov

(3) Smoke marihuana at any of the following locations:

(A) On any form of public transportation.

(B) In any public place.

(4) Operate, navigate, or be in actual physical control of any motor vehicle, aircraft, snowmobile, off-road recreational vehicle, or motorboat while under the influence of marihuana.

(5) Use marihuana if that person does not have a serious or debilitating medical condition.

(6) Separate plant resin from a marihuana plant by butane extraction in any of the following:

(A) A public place.

(B) A motor vehicle.

(C) Inside or within the curtilage of any residential structure.

(7) Separate plant resin from a marihuana plant by butane extraction in a manner that demonstrates a failure to exercise reasonable care or reckless disregard for the safety of others.

(c) Nothing in this act requires any of the following:

(1) A government medical assistance program or commercial or nonprofit health insurer to reimburse a person for costs associated with the medical use of marihuana.

(2) An employer to accommodate the ingestion of marihuana in any workplace or any employee working while under the influence of marihuana.

(3) A private property owner to lease residential property to any person who smokes or cultivates marihuana on the premises, if the prohibition against smoking or cultivating marihuana is in the written lease.

(d) Fraudulent representation to a law enforcement official of any fact or circumstance relating to the medical use of marihuana to avoid arrest or prosecution is punishable by a fine of $500.00, in addition to any other penalties that may apply for making a false statement or for the use of marihuana other than use that complies with this act.

(e) All other acts and parts of acts inconsistent with this act do not apply to the medical use of marihuana as provided for by this act. However, if this act is inconsistent with any part of chapter 10a, 10b, 10c, or 12 of the revised judicature act of 1961, 1961 PA 236, MCL 600.1060 to 600.1088, 600.1090 to 600.1099a, 600.1099b to 600.1099m, and 600.1200 to 600.1212, that part applies.

**History:** 2008, Initiated Law 1, Eff. Dec. 4, 2008;—Am. 2016, Act 283, Eff. Dec. 20, 2016;—Am. 2016, Act 546, Eff. Apr. 10, 2017;—Am. 2022, Act 186, Imd. Eff. July 25, 2022.

**Compiler's note:** MCL 333.26430 of Initiated Law 1 of 2008 provides:

10. Severability.

Sec. 10. Any section of this act being held invalid as to any person or circumstances shall not affect the application of any other section of this act that can be given full effect without the invalid section or application.

Enacting section 2 of Act 283 of 2016 provides:

"Enacting section 2. This amendatory act clarifies ambiguities in the law in accordance with the original intent of the people, as expressed in section 2(b) of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26422:

"(b) Data from the Federal Bureau of Investigation Uniform Crime Reports and the Compendium of Federal Justice Statistics show that approximately 99 out of every 100 marihuana arrests in the United States are made under state law, rather than under federal law. *Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill people who have a medical need to use marihuana."*. [Emphasis added.]

This amendatory act is curative and applies retroactively as to the following: clarifying the quantities and forms of marihuana for which a person is protected from arrest, precluding an interpretation of "weight" as aggregate weight, and excluding an added inactive substrate component of a preparation in determining the amount of marihuana, medical marihuana, or usable marihuana that constitutes an offense. Retroactive application of this amendatory act does not create a cause of action against a law enforcement officer or any other state or local governmental officer, employee, department, or agency that enforced this act under a good-faith interpretation of its provisions at the time of enforcement."

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.26428 Defenses.

### 8. Affirmative Defense and Dismissal for Medical Marihuana.

Sec. 8. (a) Except as provided in section 7(b), a patient and a patient's primary caregiver, if any, may assert the medical purpose for using marihuana as a defense to any prosecution involving marihuana, and this defense shall be presumed valid where the evidence shows that:

(1) A physician has stated that, in the physician's professional opinion, after having completed a full assessment of the patient's medical history and current medical condition made in the course of a bona fide physician-patient relationship, the patient is likely to receive therapeutic or palliative benefit from the medical use of marihuana to treat or alleviate the patient's serious or debilitating medical condition or symptoms of the patient's serious or debilitating medical condition;

© Courtesy of www.legislature.mi.gov

(2) The patient and the patient's primary caregiver, if any, were collectively in possession of a quantity of marihuana that was not more than was reasonably necessary to ensure the uninterrupted availability of marihuana for the purpose of treating or alleviating the patient's serious or debilitating medical condition or symptoms of the patient's serious or debilitating medical condition; and

(3) The patient and the patient's primary caregiver, if any, were engaged in the acquisition, possession, cultivation, manufacture, use, delivery, transfer, or transportation of marihuana or paraphernalia relating to the use of marihuana to treat or alleviate the patient's serious or debilitating medical condition or symptoms of the patient's serious or debilitating medical condition.

(b) A person may assert the medical purpose for using marihuana in a motion to dismiss, and the charges shall be dismissed following an evidentiary hearing where the person shows the elements listed in subsection (a).

(c) If a patient or a patient's primary caregiver demonstrates the patient's medical purpose for using marihuana pursuant to this section, the patient and the patient's primary caregiver shall not be subject to the following for the patient's medical use of marihuana:

(1) disciplinary action by a business or occupational or professional licensing board or bureau; or

(2) forfeiture of any interest in or right to property.

**History:** 2008, Initiated Law 1, Eff. Dec. 4, 2008;—Am. 2012, Act 512, Eff. Apr. 1, 2013.

**Compiler's note:** MCL 333.26430 of Initiated Law 1 of 2008 provides:

10. Severability.

Sec. 10. Any section of this act being held invalid as to any person or circumstances shall not affect the application of any other section of this act that can be given full effect without the invalid section or application.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.26429 Failure of department to adopt rules or issue valid registry identification card.

**9. Enforcement of this Act.**

Sec. 9. (a) If the department fails to adopt rules to implement this act within 120 days of the effective date of this act, a qualifying patient may commence an action in the circuit court for the county of Ingham to compel the department to perform the actions mandated pursuant to the provisions of this act.

(b) If the department fails to issue a valid registry identification card in response to a valid application or renewal submitted pursuant to this act within 20 days of its submission, the registry identification card shall be deemed granted, and a copy of the registry identification application or renewal shall be deemed a valid registry identification card.

(c) If at any time after the 140 days following the effective date of this act the department is not accepting applications, including if it has not created rules allowing qualifying patients to submit applications, a notarized statement by a qualifying patient containing the information required in an application, pursuant to section 6(a)(3)-(6) together with a written certification, shall be deemed a valid registry identification card.

**History:** 2008, Initiated Law 1, Eff. Dec. 4, 2008.

**Compiler's note:** MCL 333.26430 of Initiated Law 1 of 2008 provides:

# RIGHT TO TRY ACT
# Act 345 of 2014

AN ACT to authorize access to and use of experimental treatments for patients with an advanced illness; to establish conditions for use of experimental treatment; to prohibit sanctions of health care providers solely for recommending or providing experimental treatment; to clarify duties of a health insurer with regard to experimental treatment authorized under this act; to prohibit certain actions by state officials, employees, and agents; and to restrict certain causes of action arising from experimental treatment.

**History:** 2014, Act 345, Imd. Eff. Oct. 17, 2014.

*The People of the State of Michigan enact:*

## 333.26451 Short title; definitions.

Sec. 1. (1) This act shall be known and may be cited as the "right to try act".

(2) As used in this act, and unless the context otherwise requires:

(a) "Advanced illness", for purposes of this section only, means a progressive disease or medical or surgical condition that entails significant functional impairment, that is not considered by a treating physician to be reversible even with administration of current federal drug administration approved and available treatments, and that, without life-sustaining procedures, will soon result in death.

(b) "Eligible patient" means an individual who meets all of the following conditions:

(*i*) Has an advanced illness, attested to by the patient's treating physician.

(*ii*) Has considered all other treatment options currently approved by the United States food and drug administration.

(*iii*) Has received a recommendation from his or her physician for an investigational drug, biological product, or device.

(*iv*) Has given written, informed consent for the use of the investigational drug, biological product, or device.

(*v*) Has documentation from his or her physician that he or she meets the requirements of this subdivision.

(c) "Investigational drug, biological product, or device" means a drug, biological product, or device that has successfully completed phase 1 of a clinical trial but has not yet been approved for general use by the United States food and drug administration and remains under investigation in a United States food and drug administration-approved clinical trial.

(d) "Written, informed consent" means a written document that is signed by the patient; parent, if the patient is a minor; legal guardian; or patient advocate designated by the patient under section 5506 of the estates and protected individuals code, 1998 PA 386, MCL 700.5506, and attested to by the patient's physician and a witness and that, at a minimum, includes all of the following:

(*i*) An explanation of the currently approved products and treatments for the disease or condition from which the patient suffers.

(*ii*) An attestation that the patient concurs with his or her physician in believing that all currently approved and conventionally recognized treatments are unlikely to prolong the patient's life.

(*iii*) Clear identification of the specific proposed investigational drug, biological product, or device that the patient is seeking to use.

(*iv*) A description of the potentially best and worst outcomes of using the investigational drug, biological product, or device and a realistic description of the most likely outcome. The description shall include the possibility that new, unanticipated, different, or worse symptoms might result and that death could be hastened by the proposed treatment. The description shall be based on the physician's knowledge of the proposed treatment in conjunction with an awareness of the patient's condition.

(*v*) A statement that the patient's health plan or third party administrator and provider are not obligated to pay for any care or treatments consequent to the use of the investigational drug, biological product, or device, unless they are specifically required to do so by law or contract.

(*vi*) A statement that the patient's eligibility for hospice care may be withdrawn if the patient begins curative treatment with the investigational drug, biological product, or device and that care may be reinstated if this treatment ends and the patient meets hospice eligibility requirements.

(*vii*) A statement that the patient understands that he or she is liable for all expenses consequent to the use of the investigational drug, biological product, or device and that this liability extends to the patient's estate, unless a contract between the patient and the manufacturer of the drug, biological product, or device states otherwise.

**History:** 2014, Act 345, Imd. Eff. Oct. 17, 2014.

© Courtesy of www.legislature.mi.gov

### 333.26452 Availability of investigational drug, biological product, or device.

Sec. 2. (1) A manufacturer of an investigational drug, biological product, or device may make available and an eligible patient may request the manufacturer's investigational drug, biological product, or device under this act. This act does not require that a manufacturer make available an investigational drug, biological product, or device to an eligible patient.

(2) A manufacturer may do all of the following:

(a) Provide an investigational drug, biological product, or device to an eligible patient without receiving compensation.

(b) Require an eligible patient to pay the costs of, or the costs associated with, the manufacture of the investigational drug, biological product, or device.

**History:** 2014, Act 345, Imd. Eff. Oct. 17, 2014.

### 333.26453 Coverage by health plan, third party administrator, or governmental agency; costs; new or additional services provided by hospital or facility.

Sec. 3. (1) This act does not expand the coverage required of an insurer under the insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302.

(2) A health plan, third party administrator, or governmental agency may, but is not required to, provide coverage for the cost of an investigational drug, biological product, or device, or the cost of services related to the use of an investigational drug, biological product, or device under this act.

(3) This act does not require any governmental agency to pay costs associated with the use, care, or treatment of a patient with an investigational drug, biological product, or device.

(4) This act does not require a hospital or facility licensed under part 215 of the public health code, 1978 PA 368, MCL 333.21501 to 333.21571, to provide new or additional services, unless approved by the hospital or facility.

**History:** 2014, Act 345, Imd. Eff. Oct. 17, 2014.

### 333.26454 Outstanding debt related to treatment or lack of insurance; liability of patient's heirs.

Sec. 4. If a patient dies while being treated by an investigational drug, biological product, or device, the patient's heirs are not liable for any outstanding debt related to the treatment or lack of insurance due to the treatment.

**History:** 2014, Act 345, Imd. Eff. Oct. 17, 2014.

### 333.26455 Licensing board or disciplinary committee; prohibitions; medicare certification entity; prohibitions.

Sec. 5. A licensing board or disciplinary subcommittee shall not revoke, fail to renew, suspend, or take any action against a health care provider's license issued under article 15 or 17 of the public health code, 1978 PA 368, MCL 333.16101 to 333.18838 and 333.20101 to 333.22260, based solely on the health care provider's recommendations to an eligible patient regarding access to or treatment with an investigational drug, biological product, or device. An entity responsible for medicare certification shall not take action against a health care provider's medicare certification based solely on the health care provider's recommendation that a patient have access to an investigational drug, biological product, or device.

**History:** 2014, Act 345, Imd. Eff. Oct. 17, 2014.

### 333.26456 Access to investigational drug, biological product, or device.

Sec. 6. An official, employee, or agent of this state shall not block or attempt to block an eligible patient's access to an investigational drug, biological product, or device. Counseling, advice, or a recommendation consistent with medical standards of care from a licensed health care provider is not a violation of this section.

**History:** 2014, Act 345, Imd. Eff. Oct. 17, 2014.

### 333.26457 Private cause of action; participation in clinical trials.

Sec. 7. (1) This act does not create a private cause of action against a manufacturer of an investigational drug, biological product, or device or against any other person or entity involved in the care of an eligible patient using the investigational drug, biological product, or device for any harm done to the eligible patient resulting from the investigational drug, biological product, or device, if the manufacturer or other person or entity is complying in good faith with the terms of this act and has exercised reasonable care.

(2) This act does not affect any mandatory health care coverage for participation in clinical trials under the insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302.

# HOUSING-WITH-SERVICES CONTRACT ACT
# Act 424 of 2002

AN ACT to provide for standards for contracts involving certain residential and care services; and to provide for remedies.

**History:** 2002, Act 424, Imd. Eff. June 5, 2002.

*The People of the State of Michigan enact:*

## 333.26501 Short title.

Sec. 1. This act shall be known and may be cited as the "housing-with-services contract act".

**History:** 2002, Act 424, Imd. Eff. June 5, 2002.

## 333.26502 Definitions.

Sec. 2. As used in this act:

(a) "Health-related services" means 1 or more of the following:

(*i*) Nursing services.

(*ii*) Nursing services delegated to aides or personal care services including, but not limited to, escort services, reminders, and standby assistance related to dressing or grooming.

(*iii*) Home aide care tasks.

(b) "Housing-with-services establishment" means an establishment regularly providing or offering to provide leased private unit residences accommodating 1 or more adults, and providing or offering to provide for a fee either 1 or more regularly scheduled health-related services or 2 or more regularly scheduled supportive services, whether offered directly by the establishment or by another person by arrangement of the establishment. Housing-with-services establishment does not include an adult foster care facility licensed under the adult foster care facility licensing act, 1979 PA 218, MCL 400.701 to 400.737, or a health facility or agency licensed under article 17 of the public health code, 1978 PA 368, MCL 333.20101 to 333.22260.

(c) "Resident" means an individual leasing and residing in a housing-with-services establishment.

(d) "Supportive services" means helping with personal laundry, arranging for medical services, health-related services, social services, or transportation to medical or social services appointments, or providing for at least 1 individual awake and alert in the housing-with-services establishment to contact a service provider in an emergency. Supportive services do not include making referrals or assisting a resident in contacting a service provider of the resident's choice.

**History:** 2002, Act 424, Imd. Eff. June 5, 2002.

## 333.26503 Contract requirements.

Sec. 3. (1) An establishment shall not function as a housing-with-services establishment for an individual except under a written contract complying with this act.

(2) A contract between a housing-with-services establishment and a resident must be in writing and shall include at least all of the following:

(a) The name, street address, and mailing address of the housing-with-services establishment.

(b) The owner's name and mailing address.

(c) The title and address of the managing agent, whether an owner of a management firm or agency.

(d) The title and business address, if different from the establishment address, of at least 1 individual authorized to accept service of process on behalf of the owner and managing agent.

(e) A statement describing whether the housing-with-services establishment is licensed by a local, state, or federal agency.

(f) The term of the contract described in months or years.

(g) A description of the services the establishment will provide to the resident for the base-rate paid by the resident.

(h) A description of additional services available for an additional fee from the housing-with-services establishment directly or through arrangements with the housing-with-services establishment.

(i) A statement describing the policy of the housing-with-services establishment regarding the outside contracting of services by a resident.

(j) Fee schedules outlining the cost of additional services.

(k) A description of the process through which the contract may be modified, amended, or terminated, including conditions under which a contract may be terminated by the resident or the establishment.

(*l*) A description of the housing-with-services establishment's complaint resolution process.

© Courtesy of www.legislature.mi.gov

(m) The resident's designated representative, if any.

(n) The establishment's referral procedure in the event the contract is terminated.

(o) Billing and payment procedures and requirements.

(3) The housing-with-services establishment shall keep the contracts and related documents executed by the establishment and residents for at least 3 years after the date of termination of each contract. Contracts, or copies of the contracts, for current residents shall be kept at the establishment.

**History:** 2002, Act 424, Imd. Eff. June 5, 2002.

### 333.26504 Compliance with act and state and local codes.

Sec. 4. (1) A housing-with-services establishment shall comply with this act and shall comply with applicable state and local codes.

(2) This act does not mandate a housing-with-services establishment to provide any of the following:

(a) A minimum core of services.

(b) A specific number of residents.

(c) Physical plant or establishment specifications so long as the housing-with-services establishment is in compliance with applicable state and local codes.

**History:** 2002, Act 424, Imd. Eff. June 5, 2002.

### 333.26505 Rights or responsibilities not limited.

Sec. 5. Nothing in this act limits a person's rights or responsibilities under any other applicable state housing or renting act.

**History:** 2002, Act 424, Imd. Eff. June 5, 2002.

### 333.26506 Violation of act; contract as void.

Sec. 6. A contract executed in violation of this act is voidable at the option of the resident. The provisions of this section shall not be used as a means to avoid a resident's payment obligation if the contract is not executed in violation of this act.

**History:** 2002, Act 424, Imd. Eff. June 5, 2002.

### 333.26507 Licensure requirements of adult foster care facility licensing act or article 17 of public health code not limited.

Sec. 7. Nothing in this act limits a facility's responsibilities or obligations to be licensed under the adult foster care facility licensing act, 1979 PA 218, MCL 400.701 to 400.737, or under article 17 of the public health code, 1978 PA 368, MCL 333.20101 to 333.22260.

# MICHIGAN LIFESPAN RESPITE SERVICES RESOURCE ACT
# Act 178 of 2004

AN ACT to provide respite care information resources; to establish a unified Michigan lifespan respite services resource network to disseminate community lifespan respite services information resources; and to prescribe the powers and duties of certain departments of this state.

**History:** 2004, Act 178, Imd. Eff. July 1, 2004.

*The People of the State of Michigan enact:*

## 333.26521 Short title.

Sec. 1. This act shall be known and may be cited as the "Michigan lifespan respite services resource act".

**History:** 2004, Act 178, Imd. Eff. July 1, 2004.

## 333.26522 Definitions.

Sec. 2. As used in this act:

(a) "Caregiver" means an individual providing ongoing care for an individual unable to care for himself or herself.

(b) "Department" means the department of community health.

(c) "Director" means the director of the department.

(d) "Respite care" means providing short-term relief to primary caregivers from the demands of ongoing care for an individual whose health and welfare would be jeopardized if left unattended.

**History:** 2004, Act 178, Imd. Eff. July 1, 2004.

**Compiler's note:** For creation of department of health and human services and abolishment of department of community health, see E.R.O. No. 2015-1, compiled at MCL 400.227.

## 333.26523 Michigan lifespan respite services resource network; establishment; purpose; duties.

Sec. 3. (1) The director shall establish the Michigan lifespan respite services resource network within the department to develop and encourage statewide coordination of respite services and to work with community-based private nonprofit or for-profit agencies, public agencies, and interested citizen groups to engage in networking community lifespan respite services information resources.

(2) The Michigan lifespan respite services resource network shall do all of the following:

(a) Develop and distribute respite services information.

(b) Promote information exchange and coordination among state and local governments, community lifespan respite services programs, agencies serving individuals who need respite care, families of individuals unable to care for themselves, and respite care advocates to encourage efficient provision of respite services and reduce duplication of effort.

(c) Promote a statewide network of community lifespan respite services.

(d) Establish a respite care website and a toll-free respite care information hotline.

**History:** 2004, Act 178, Imd. Eff. July 1, 2004.

# UNITED WAY FUND ACT; CHILDREN'S HOSPITAL OF MICHIGAN FUND ACT
# Act 527 of 2008

AN ACT to establish the united way fund in the department of treasury; to establish the children's hospital of Michigan fund in the department of community health; to provide for the distribution of the money from those funds; to prescribe the powers and duties of certain agencies and officials; and to provide for appropriations.

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

*The People of the State of Michigan enact:*

PART 1

## 333.26531 Short title of part.

Sec. 1. This part shall be known and may be cited as the "united way fund act".

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

## 333.26532 Definitions.

Sec. 2. As used in this act:

(a) "Department" means the department of treasury.

(b) "Fund" means the united way fund created in section 3.

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

## 333.26533 United way fund; creation; purpose; credit of amounts to fund; interest and earnings; investment.

Sec. 3. (1) The united way fund is created in the department to provide funds for donation to any united way of America organization located in this state to improve lives by mobilizing the caring power of communities to provide for basic needs, including, but not limited to, food, clothing, and shelter.

(2) The state treasurer shall credit to the fund all amounts appropriated for this purpose under section 435 of the income tax act of 1967, 1967 PA 281, MCL 206.435.

(3) The fund shall consist of the money credited to the fund pursuant to section 435 of the income tax act of 1967, 1967 PA 281, MCL 206.435, any interest and earnings accruing from the saving and investment of that money, and other appropriations, money, or other things of value received by the fund.

(4) The state treasurer shall direct the investment of the fund.

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

## 333.26534 Expenditures; distribution.

Sec. 4. (1) The money, interest, and earnings of the fund shall be expended solely for the purposes described in this act.

(2) Money granted or received as a gift or donation to the fund is available for distribution upon appropriation to each county from which a contribution, gift, or donation was received.

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

## 333.26535 Fund; use as matching funds for federal grant.

Sec. 5. Money from the fund may be used as matching funds for a federal grant if those funds are to be used for the purposes described under section 3 only if the federal grant will benefit the county from which the matching funds were received.

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

## 333.26536 Appropriation; money remaining in fund at close of year.

Sec. 6. The money in the fund that is available for distribution shall be appropriated each year. Money in the fund at the close of the year shall remain in the fund and shall not lapse to the general fund.

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

PART 2

## 333.26541 Short title of part.

Sec. 11. This part shall be known and may be cited as the "children's hospital of Michigan fund act".

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

© Courtesy of www.legislature.mi.gov

### 333.26543 Definitions.

Sec. 13. As used in this part:

(a) "Department" means the department of community health.

(b) "Fund" means the children's hospital of Michigan fund created in section 15.

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

**Compiler's note:** For creation of department of health and human services and abolishment of department of community health, see E.R.O. No. 2015-1, compiled at MCL 400.227.

### 333.26545 Children's hospital of Michigan fund; creation; purpose; credit of amounts to fund; investment; money remaining in fund at close of year.

Sec. 15. (1) The children's hospital of Michigan fund is created in the department to provide funds for donation to the children's hospital of Michigan to support the children's hospital of Michigan in providing life-saving pediatric care, education, and research.

(2) The state treasurer shall credit to the fund all amounts appropriated for this purpose under section 435 of the income tax act of 1967, 1967 PA 281, MCL 206.435, and money from any other source for deposit into the fund.

(3) The state treasurer shall direct the investment of the fund. The fund shall consist of the money credited to the fund pursuant to section 435 of the income tax act of 1967, 1967 PA 281, MCL 206.435, any interest and earnings accruing from the saving and investment of that money, and money from any other source.

(4) Money in the fund at the close of the year shall remain in the fund and shall not lapse to the general fund.

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

### 333.26547 Expenditures.

Sec. 17. The money, interest, and earnings of the fund shall be expended solely for donations to the children's hospital of Michigan to support the children's hospital of Michigan in providing life-saving pediatric care, education, and research.

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

### 333.26549 Appropriation; distribution.

Sec. 19. The money in the fund that is available for distribution shall be appropriated each year. Money granted or received as a gift or donation to the fund is available for distribution upon appropriation.

**History:** 2008, Act 527, Imd. Eff. Jan. 13, 2009.

# CHILDREN'S MIRACLE NETWORK FUND ACT
# Act 557 of 2008

AN ACT to establish the children's miracle network fund in the department of community health; to provide for the distribution of the money from the fund; to prescribe the powers and duties of certain agencies and officials; and to provide for appropriations.

**History:** 2008, Act 557, Imd. Eff. Jan. 16, 2009.

*The People of the State of Michigan enact:*

## 333.26561 Short title.

Sec. 1. This act shall be known and may be cited as the "children's miracle network fund act".

**History:** 2008, Act 557, Imd. Eff. Jan. 16, 2009.

## 333.26563 Definitions.

Sec. 3. As used in this act:

(a) "Department" means the department of community health.

(b) "Fund" means the children's miracle network fund created in section 5.

**History:** 2008, Act 557, Imd. Eff. Jan. 16, 2009.

**Compiler's note:** For creation of department of health and human services and abolishment of department of community health, see E.R.O. No. 2015-1, compiled at MCL 400.227.

## 333.26565 Children's miracle network fund; creation; purpose; credit to fund; investment; interest and earnings.

Sec. 5. (1) The children's miracle network fund is created in the department to provide funds for donation to the children's miracle network to support the children's miracle network hospitals located in this state in providing life-saving pediatric care, education, and research.

(2) The state treasurer shall credit to the fund all amounts appropriated for this purpose under section 435 of the income tax act of 1967, 1967 PA 281, MCL 206.435, and money from any other source for deposit into the fund.

(3) The state treasurer shall direct the investment of the fund. The fund shall consist of the money credited to the fund pursuant to section 435 of the income tax act of 1967, 1967 PA 281, MCL 206.435, any interest and earnings accruing from the saving and investment of that money, and money from any other source.

(4) Money in the fund at the close of the year shall remain in the fund and shall not lapse to the general fund.

**History:** 2008, Act 557, Imd. Eff. Jan. 16, 2009.

## 333.26567 Money, interest, and earnings; expenditures; report.

Sec. 7. The money, interest, and earnings of the fund shall be expended solely for donations to the children's miracle network to support the children's miracle network hospitals located in this state in providing life-saving pediatric care, education, and research. The money, interest, and earnings of the fund shall be expended among the children's miracle network hospitals in this state in the same proportion that each children's miracle network hospital's annual fund-raising revenue is to the total annual amount of fund-raising revenue of all children's miracle network hospitals in this state as reported to the national children's miracle network organization. Each children's miracle network hospital in this state shall annually report to the department its fund-raising revenue on a form prescribed by the department.

**History:** 2008, Act 557, Imd. Eff. Jan. 16, 2009.

## 333.26569 Appropriation.

Sec. 9. The money in the fund that is available for distribution shall be appropriated each year. Money granted or received as a gift or donation to the fund is available for distribution upon appropriation.

**History:** 2008, Act 557, Imd. Eff. Jan. 16, 2009.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2019-2**

**333.27001 Creation of marijuana regulatory agency as a type I agency within department of licensing and regulatory affairs; transfer of powers and duties of medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation to marijuana regulatory agency; abolishment of medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation; transfer of certain powers and duties of department of licensing and regulatory affairs to regulate industrial hemp to department of agriculture and rural development; administration of marijuana regulatory agency; transfer of certain powers and duties of department of licensing and regulatory affairs to Michigan unarmed combat commission as type I transfer.**

Section 1 of article 5 of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the governor.

Section 2 of article 5 of the Michigan Constitution of 1963 empowers the governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that are necessary for efficient administration.

To avoid licensing delays and to better coordinate varying sources of authority for the enforcement of state law, the administration of state laws relating to marijuana can more effectively and efficiently be administered by a dedicated state agency.

Changing the organization of the executive branch of state government is necessary in the interests of efficient administration and effectiveness of government.

Acting pursuant to the Michigan Constitution of 1963 and Michigan law, I order the following:

**1. Creating the Marijuana Regulatory Agency**

(a) The Marijuana Regulatory Agency (the "Agency") is created as a Type I agency within the Department of Licensing and Regulatory Affairs (the "Department").

(b) All of the authorities, powers, duties, functions, and responsibilities of the Medical Marihuana Licensing Board under the Medical Marihuana Facilities Licensing Act, 2016 PA 281, as amended, MCL 333.27101 to 333.27801, are transferred by Type I transfer to the Agency. The Medical Marihuana Licensing Board is abolished.

(c) All of the authorities, powers, duties, functions, and responsibilities of the Marihuana Advisory Panel under the Medical Marihuana Facilities Licensing Act, 2016 PA 281, as amended, MCL 333.27101 to 333.27801, are transferred to the Agency. The Marihuana Advisory Panel is abolished.

(d) Except as provided in section 1(f), all of the authorities, powers, duties, functions, and responsibilities of the Department, including its Bureau of Marijuana Regulation, under the following statutes are transferred to the Agency to be administered by the Agency:

(i) The Michigan Medical Marihuana Act, 2008 IL 1, as amended, MCL 333.26421 to 333.26430.

(ii) The Medical Marihuana Facilities Licensing Act, 2016 PA 281, as amended, MCL 333.27101 to 333.27801.

(iii) The Marihuana Tracking Act, 2016 PA 282, as amended, MCL 333.27901 to 333.27904.

(iv) The Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27951 to 333.27967.

(e) The Bureau of Marijuana Regulation is abolished.

(f) The authorities, powers, duties, functions, and responsibilities of the Department to promulgate rules to regulate the cultivation, processing, distribution, and sale of industrial hemp, under section 8 of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27958, are transferred by Type II transfer to the Department of Agriculture and Rural Development, except that the Agency may promulgate rules to establish standards, procedures, and requirements for the processing, testing, transportation, and sale of industrial hemp from marihuana establishments.

(g) The Agency shall exercise all of the authorities, powers, duties, functions, and responsibilities transferred to the Agency by this order or otherwise vested in the Agency by law.

(h) The Agency is responsible for implementing the transfers to the Agency under this order and has the powers and duties necessary to exercise the powers and duties vested in the Agency by this order or otherwise by law.

**2. Administration of the Marijuana Regulatory Agency**

(a) The head of the Marijuana Regulatory Agency is an executive director (the "Executive Director") appointed by the governor with the advice and consent of the senate. The Executive Director shall serve at the

© Courtesy of www.legislature.mi.gov

pleasure of the governor. A vacancy in the office of Executive Director shall be filled in the same manner as the original appointment.

(b) The Executive Director shall subscribe to and file the oath of office required by section 1 of article 11 of the Michigan Constitution of 1963. The Executive Director shall devote his or her full time to the performance of the duties of the office of Executive Director and shall not hold any other office or employment.

(c) The Executive Director must not be interested pecuniarily, directly or indirectly, in a marihuana establishment. An individual who is not of good moral character or who has been indicted for, charged with, or convicted of, pled guilty or no contest to, or forfeited bail concerning any felony or a misdemeanor involving a controlled substance violation, theft, dishonesty, or fraud under the laws of this state, any other state, or the United States or a local ordinance in any state involving a controlled substance violation, dishonesty, theft, or fraud that substantially corresponds to a misdemeanor in that state is not eligible to serve as the Executive Director.

(d) The Executive Director shall file with the governor a financial disclosure statement listing all assets and liabilities, property and business interests, and sources of income of the Executive Director and his or her spouse, if any. The financial disclosure statement must be made under oath and filed at the time of appointment and annually during each year after the appointment. For four years after the expiration of the Executive Director's service as Executive Director, the Executive Director shall not acquire any direct or indirect interest in, be employed by, or enter into a contract for services with an applicant, licensee, or marihuana establishment. For two years after the expiration of the Executive Director's service as Executive Director, the Executive Director shall not represent any person or party other than this state before or against the Agency.

(e) The Executive Director shall comply with the requirements applicable to a member of the former Medical Marihuana Licensing Board under section 305 of the Medical Marihuana Facilities Licensing Act, 2016 PA 281, as amended, MCL 333.27305.

(f) The Executive Director shall be the appointing authority for the employees of the Agency.

(g) The Agency shall hold at least four public meetings each calendar year for the purpose of hearing complaints and receiving the views of the public regarding the administration of the authorities, powers, duties, functions, and responsibilities vested in the Agency by this order or otherwise by law.

(h) The Executive Director may establish advisory workgroups composed of members of the public as deemed necessary by the Executive Director to assist the Agency in performing its functions and responsibilities. The Executive Director may adopt, reject, or modify any recommendations proposed by an advisory workgroup.

(i) To the fullest extent permitted by law, an employee, advisor, or consultant of the Agency involved in the implementation, administration, or enforcement of the authorities, powers, duties, functions, and responsibilities transferred to the Agency by this order is not personally liable for any action at law for damages sustained by a person or entity because of an action performed or done in the performance of those authorities, powers, duties, functions, and responsibilities.

**3. Other Transfers to Department of Licensing and Regulatory Affairs**

(a) The Michigan Unarmed Combat Commission (the "Commission") is transferred by Type I transfer to the Department.

(b) Except as otherwise provided by this order, all of the authorities, powers, duties, functions, and responsibilities of the Department under the Michigan Unarmed Combat Regulatory Act, 2004 PA 403, as amended, MCL 338.3601 to 338.3661a, are transferred to the Commission.

(c) The authorities, powers, duties, functions, and responsibilities of the director of the Department under sections 20(5) to 20(7), 22(5)(a), 41(1), 43(1), and 45(5) of the Michigan Unarmed Combat Regulatory Act, 2004 PA 403, as amended, MCL 338.3620(5) to 338.3620(7), 338.3622(5)(a), 338.3641(1), 338.3643(1), and 338.3645(5), are transferred to the chairperson of the Commission.

(d) The authorities, powers, duties, functions, and responsibilities of the director of the Department under sections 22(2) to 22(4), 22(7), 34(d), and 35 of the Michigan Unarmed Combat Regulatory Act, 2004 PA 403, as amended, MCL 338.3622(2) to 338.3622(4), 338.3622(7), 338.3634(d), and 338.3635, are transferred to the Commission.

(e) As a Type I agency, the Commission shall exercise its prescribed powers, duties, responsibilities, functions, and any rule-making, licensing, and registration, including the prescription of any rules, rates, and regulations and standards, and adjudication, including those transferred to the Commission under this order, independently of the director of the Department. The budgeting, procurement, and related management functions of the Commission shall be performed under the direction and supervision of the director of the Department. The director of the Department shall be the appointing authority for employees of the

© Courtesy of www.legislature.mi.gov

Commission.

**4. Definitions**

As used in this order:

(a) "Applicant" means that term as defined under section 102(c) of the Medical Marihuana Facilities Licensing Act, 2016 PA 281, as amended, MCL 333.27102(c), and also includes an applicant under the Michigan Medical Marihuana Act, 2008 IL 1, as amended, MCL 333.26421 to 333.26430, and the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27951 to 333.27967.

(b) "Department of Agriculture and Rural Development" means principal department of state government created under section 1 of 1921 PA 13, MCL 285.1, and section 175 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.275, and renamed by Executive Order 2011-2, MCL 285.11.

(c) "Department of Licensing and Regulatory Affairs" means the principal department of state government originally created as the Department of Commerce under section 225 of the Executive Organization Act of 1965, 1965 PA 380, as amended, MCL 16.325, renamed as the Department of Consumer and Industry Services by Executive Order 1996-2, MCL 445.2001, renamed the Department of Labor and Economic Growth by Executive Order 2003-18, MCL 445.2011, renamed the Department of Energy, Labor, and Economic Growth by Executive Order 2008-20, MCL 445.2025, and renamed the Department of Licensing and Regulatory Affairs by Executive Order 2011-4, MCL 445.2030.

(d) "Licensee" means that term as defined under section 102(h) of the Medical Marihuana Facilities Licensing Act, 2016 PA 281, as amended, MCL 333.27102(h), and includes a licensee as defined under section 3(d) of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953(d).

(e) "Marihuana Advisory Panel" means the public body created under section 810 of the Medical Marihuana Facilities Licensing Act, 2016 PA 281, as amended, MCL 333.27101 to 333.27801.

(f) "Marihuana" means that term as defined in section 3(e) of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953(e), including marihuana as defined in section 7106 of the Public Health Code, 1978 PA 368, as amended, MCL 333.7106. For purposes of this order, "marihuana" and "marijuana" are synonymous.

(g) "Marihuana establishment" means that term as defined in section 3(h) of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953(3), or any marihuana facility as defined in section 102(j) of the Medical Marihuana Facilities Licensing Act, 2016 PA 281, as amended, MCL 333.27102.

(h) "Medical Marihuana Licensing Board" means the board created within the Department of Licensing and Regulatory Affairs under section 301 of the Medical Marihuana Facilities Licensing Act, 2016 PA 281, as amended, MCL 333.27301.

(i) "Michigan Unarmed Combat Commission" means the commission created within the Department of Licensing and Regulatory Affairs under section 20 of the Michigan Unarmed Combat Regulatory Act, 2004 PA 403, as amended, MCL 338.3620.

(j) "State Budget Director" means the individual appointed by the governor under section 321 of The Management and Budget Act, 1984 PA 431, as amended, MCL 18.1321.

(k) "Type I agency" means an agency established consistent with section 3(a) of the Executive Organization Act of 1965, 1965 PA 380, as amended, MCL 16.103.

(l) "Type I transfer" means that term as defined under section 3(a) of the Executive Organization Act of 1965, 1965 PA 380, as amended, MCL 16.103(a).

(m) "Type II transfer" means that term as defined under section 3(b) of the Executive Organization Act of 1965, 1965 PA 380, as amended, MCL 16.103(b).

**5. Implementation**

(a) The director of each applicable department shall provide executive direction and supervision for the implementation of all transfers to the director’s department under this order.

(b) Except as otherwise provided in this order, the functions and responsibilities transferred to a department under this order shall be administered under the direction and supervision of the director of that department.

(c) Any records, personnel, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to any entity for the authority, activities, powers, duties, functions, and responsibilities transferred to a department or agency under this order, are transferred to that department or agency.

(d) The director of a department shall administer the functions and responsibilities transferred to the department under this order in such ways as to promote efficient administration and shall make internal organizational changes as administratively necessary to complete the realignment of responsibilities under this order.

© Courtesy of www.legislature.mi.gov

(e) State departments, agencies, and state officers shall fully and actively cooperate with and assist each director of a department receiving functions or responsibilities under this order with implementation responsibilities under this order. The director of a department or Executive Director of the Agency receiving functions or responsibilities under this order may request the assistance of other state departments, agencies, and officers with respect to personnel, budgeting, procurement, telecommunications, information systems, legal services, and other management-related functions, and the departments, agencies, and officers shall provide that assistance.

(f) The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in this state's financial management system necessary to implement this order.

(g) A rule, regulation, order, contract, or agreement relating to a function or responsibility transferred under this order lawfully adopted or entered into before the effective date of this order shall continue to be effective until revised, amended, repealed, or rescinded.

(h) This order does not limit any privileges, rights, immunities, or defenses of a person as provided in the Michigan Medical Marihuana Act, 2008 IL 1, as amended, MCL 333.26421 to 333.26430, the Medical Marihuana Facilities Licensing Act, 2016 PA 281, as amended, MCL 333.27101 to 333.27801, the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27951 to 333.27967, or any other law of this state regulating marihuana.

(i) This order does not abate any criminal action commenced by this state before the effective date of this order.

(j) This order is not intended to abate a proceeding commenced by, against, or before an officer or entity affected by this order. A proceeding may be maintained by, against, or before the successor of any officer or entity affected by this order.

(k) If any portion of this order is found to be unenforceable, the unenforceable provision should be disregarded and the rest of the order should remain in effect as issued.

(l) Consistent with section 2 of article 5 of the Michigan Constitution of 1963, this order is effective April 30, 2019 at 12:01 a.m.

**History:** 2019, E.R.O. No. 2019-2, Eff. May 1, 2019.

**Compiler's note:** Executive Reorganization Order No. 2019-2 was promulgated Mar. 1, 2019, as Executive Order No. 2019-7, Eff. May 1, 2019.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

**EXECUTIVE REORGANIZATION ORDER**
**E.R.O. No. 2022-1**

**333.27002 Renaming of marijuana regulatory agency to cannabis regulatory agency; transfer of authority, powers, duties, functions and responsibilities of the department of agriculture and rural development to license and regulate processor-handlers of industrial hemp to the cannabis regulatory agency; authority to promulgate rules; renaming Michigan council for arts and cultural affairs to Michigan arts and culture council.**

The Michigan Department of Agriculture and Rural Development regulates the processing, distribution, and sale of hemp, while the Marijuana Regulatory Agency regulates the processing, distribution, and sale of marijuana.

Consolidating the regulation of the processing, distribution and sale of marijuana and hemp into a single state agency will allow for more effective and efficient administration and enforcement of state laws relating to cannabis. The expertise of the Michigan Department of Agriculture and Rural Development necessitates their continued regulation of the cultivation of hemp.

Changing the organization of the executive branch of state government is necessary in the interests of efficient administration and effectiveness of government.

Section 1 of article 5 of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the governor.

Section 2 of article 5 of the Michigan Constitution of 1963 empowers the governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that are necessary for efficient administration.

Acting under the Michigan Constitution of 1963 and Michigan law, I order the following:

**1. Renaming the Marijuana Regulatory Agency**

(a) The Marijuana Regulatory Agency is renamed the Cannabis Regulatory Agency (the "Agency").

(b) After the effective date of this order, a reference to the Marijuana Regulatory Agency will be deemed to be a reference to the Agency.

(c) After the effective date of this order, a reference to the Executive Director of the Marijuana Regulatory Agency will be deemed to be a reference to the Executive Director of the Agency.

**2. Transfers from the Department of Agriculture and Rural Development**

(a) All of the authorities, powers, duties, functions, and responsibilities of the Department of Agriculture and Rural Development to license and regulate processor-handlers under the Industrial Hemp Research and Development Act, 2014 PA 547, MCL 286.841 to 286.859, are transferred to the Agency to be administered by the Agency. Section 8 of the Michigan Regulation and Taxation of Marihuana Act ("MRTMA"), 2018 IL 1, MCL 333.27958, grants the Agency the authority to promulgate rules to regulate the cultivation, processing, distribution, and sale of industrial hemp.

(b) The authorities, powers, duties, functions, and responsibilities of the Agency to promulgate rules to regulate the cultivation of industrial hemp under section 8 of MRTMA are transferred by Type II transfer to the Department of Agriculture and Rural Development.

(c) The Agency must exercise all of the authorities, powers, duties, functions, and responsibilities transferred to the Agency by this order or otherwise vested in the Agency by law.

(d) The Agency is responsible for implementing the transfers to the Agency under this order and has the powers and duties necessary to exercise the powers and duties vested in the Agency by this order or otherwise by law.

**3. Renaming the Michigan Council for Arts and Cultural Affairs**

(a) The Michigan Council for Arts and Cultural Affairs, created by Executive Order 1991-20, MCL 2.132, and transferred to the Michigan Strategic Fund by Executive Order 2009-36, is renamed the Michigan Arts and Culture Council.

(b) After the effective date of this order, a reference to the Michigan Council for Arts and Cultural Affairs will be deemed to be a reference to the Michigan Arts and Culture Council.

**4. Definitions**

As used in this order:

(a) "Cannabis" means that term as defined under section 2(b) of the Industrial Hemp Research and Development Act, MCL 286.842(b).

(b) "Department of Agriculture and Rural Development" means the principal department of state government created under section 1 of 1921 PA 13, MCL 285.1, and section 175 of the Executive Organization Act of 1965, 1965 PA 380, MCL 16.275, and renamed by Executive Order 2011-2, MCL

© Courtesy of www.legislature.mi.gov

285.11.

(c) "Department of Licensing and Regulatory Affairs" means the principal department of state government originally created as the Department of Commerce under section 225 of the Executive Organization Act of 1965, 1965 PA 380, as amended, MCL 16.325, renamed as the Department of Consumer and Industry Services by Executive Order 1996-2, MCL 445.2001, renamed the Department of Labor and Economic Growth by Executive Order 2003-18, MCL 445.2011, renamed the Department of Energy, Labor, and Economic Growth by Executive Order 2008-20, MCL 445.2025, and renamed the Department of Licensing and Regulatory Affairs by Executive Order 2011-4, MCL 445.2030.

(d) "Industrial hemp" means that term as defined under section 3(c) of the Michigan Regulation and Taxation of Marihuana Act, MCL 333.27953(c).

(e) "Marijuana Regulatory Agency" is defined in section 3(q) of the Michigan Regulation and Taxation of Marihuana Act, MCL 333.27953(q), to mean the marijuana regulatory agency created under Executive Reorganization Order 2019-2, MCL 333.27001.

(f) "State Budget Director" means the individual appointed by the governor under section 321 of The Management and Budget Act, 1984 PA 431, as amended, MCL 18.1321.

(g) "Type II transfer" means that term as defined under section 3(b) of the Executive Organization Act of 1965, 1965 PA 380, as amended, MCL 16.103(b).

**5. Implementation**

(a) The Director of the Department of Agriculture and Rural Development and the Executive Director of the Agency must provide executive direction and supervision for the implementation of all transfers to the Agency under this order.

(b) Except as otherwise provided in this order, the functions and responsibilities transferred to the Agency under this order must be administered under the direction and supervision of the Executive Director.

(c) Any records, personnel, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to any entity for the authority, activities, powers, duties, functions, and responsibilities transferred to the Agency under this order, are transferred to the Agency.

(d) The Executive Director must administer the functions and responsibilities transferred to the Agency under this order in such ways as to promote efficient administration and must make internal organizational changes as administratively necessary to complete the realignment of responsibilities under this order.

(e) State departments, agencies, and state officers must fully and actively cooperate with and assist the Executive Director with implementation responsibilities under this order. The Executive Director of the Agency may request the assistance of other state departments, agencies, and officers with respect to personnel, budgeting, procurement, telecommunications, information systems, legal services, and other management-related functions, and the departments, agencies, and officers must provide that assistance.

(f) The State Budget Director must determine and authorize the most efficient manner possible for handling financial transactions and records in this state's financial management system necessary to implement this order.

(g) A rule, regulation, order, contract, or agreement relating to a function or responsibility transferred under this order lawfully adopted or entered into before the effective date of this order must continue to be effective until revised, amended, repealed, or rescinded.

(h) This order does not abate any criminal action commenced by this State before the effective date of this order.

(i) This order is not intended to abate a proceeding commenced by, against, or before an officer or entity affected by this order. A proceeding may be maintained by, against, or before the successor of any officer or entity affected by this order.

(j) If any portion of this order is found to be unenforceable, the unenforceable provision should be disregarded, and the rest of the order should remain in effect as issued.

(k) Consistent with section 2 of article 5 of the Michigan Constitution of 1963, this order is effective April 13, 2022 at 12:01 a.m.

**History:** 2022, E.R.O. No. 2022-1, Eff. Apr. 13, 2022.

**Compiler's note:** Executive Reorganization Order No. 2022-1 was promulgated February 11, 2022, as Executive Order No. 2022-1, Eff. Apr. 13, 2022.

# MEDICAL MARIHUANA FACILITIES LICENSING ACT
# Act 281 of 2016

AN ACT to license and regulate medical marihuana growers, processors, provisioning centers, secure transporters, and safety compliance facilities; to allow certain licensees to process, test, or sell industrial hemp; to provide for the powers and duties of certain state and local governmental officers and entities; to create a medical marihuana licensing board; to provide for interaction with the statewide monitoring system for commercial marihuana transactions; to create an advisory panel; to provide immunity from prosecution for marihuana-related offenses for persons engaging in certain activities in compliance with this act; to prescribe civil fines and sanctions and provide remedies; to provide for forfeiture of contraband; to provide for taxes, fees, and assessments; and to require the promulgation of rules.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018;—Am. 2018, Act 648, Eff. Mar. 28, 2019.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

*The People of the State of Michigan enact:*

## PART 1. GENERAL PROVISIONS

### 333.27101 Short title.

Sec. 101. This act shall be known and may be cited as the "medical marihuana facilities licensing act".

**History:** 2016, Act 281, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27102 Definitions.

Sec. 102. As used in this act:

(a) "Advisory panel" or "panel" means the marijuana regulatory agency.

(b) "Affiliate" means any person that controls, is controlled by, or is under common control with; is in a partnership or joint venture relationship with; or is a co-shareholder of a corporation, a co-member of a limited liability company, or a co-partner in a limited liability partnership with a licensee or applicant.

(c) "Applicant" means a person who applies for a state operating license. Applicant includes, with respect to disclosures in an application, for purposes of ineligibility for a license under section 402, or for purposes of prior marijuana regulatory agency approval of a transfer of interest under section 406, and only for applications submitted on or after January 1, 2019, a managerial employee of the applicant, a person holding a direct or indirect ownership interest of more than 10% in the applicant, and the following for each type of applicant:

(*i*) For an individual or sole proprietorship: the proprietor and the proprietor's spouse.

(*ii*) For a partnership and limited liability partnership: all partners and their spouses. For a limited partnership and limited liability limited partnership: all general and limited partners, not including a limited partner holding a direct or indirect ownership interest of 10% or less and who does not exercise control over or participate in the management of the partnership, and their spouses. For a limited liability company: all members and managers, not including a member holding a direct or indirect ownership interest of 10% or less and who does not exercise control over or participate in the management of the company, and their spouses.

(*iii*) For a privately held corporation: all corporate officers or persons with equivalent titles and their spouses, all directors and their spouses, and all stockholders, not including those holding a direct or indirect ownership interest of 10% or less, and their spouses.

(*iv*) For a publicly held corporation: all corporate officers or persons with equivalent titles and their spouses, all directors and their spouses, and all stockholders, not including those holding a direct or indirect

© Courtesy of www.legislature.mi.gov

ownership interest of 10% or less, and their spouses.

(*v*) For a multilevel ownership enterprise: any entity or person that receives or has the right to receive more than 10% of the gross or net profit from the enterprise during any full or partial calendar or fiscal year.

(*vi*) For a nonprofit corporation: all individuals and entities with membership or shareholder rights in accordance with the articles of incorporation or the bylaws and the spouses of the individuals.

(d) "Board" means the marijuana regulatory agency.

(e) "Cutting" means a section of a lead stem or root stock that is used for vegetative asexual propagation.

(f) "Department" means the department of licensing and regulatory affairs.

(g) "Grower" means a licensee that is a commercial entity located in this state that cultivates, dries, trims, or cures and packages marihuana for sale to a processor, provisioning center, or another grower.

(h) "Industrial hemp" means that term as defined in section 3 of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953.

(i) "Industrial hemp research and development act" means the industrial hemp research and development act, 2014 PA 547, MCL 286.841 to 286.859.

(j) "Licensee" means a person holding a state operating license.

(k) "Marihuana" means that term as defined in section 3 of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953.

(*l*) "Marihuana facility" means a location at which a licensee is licensed to operate under this act.

(m) "Marihuana plant" means any plant of the species *Cannabis sativa* L. Marihuana plant does not include industrial hemp.

(n) "Marihuana-infused product" means that term as defined in section 3 of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953.

(o) "Marihuana tracking act" means the marihuana tracking act, 2016 PA 282, MCL 333.27901 to 333.27904.

(p) "Marijuana regulatory agency" means the marijuana regulatory agency created under Executive Reorganization Order No. 2019-2, MCL 333.27001.

(q) "Michigan medical marihuana act" means the Michigan Medical Marihuana Act, 2008 IL 1, MCL 333.26421 to 333.26430.

(r) "Municipality" means a city, township, or village.

(s) "Paraphernalia" means any equipment, product, or material of any kind that is designed for or used in growing, cultivating, producing, manufacturing, compounding, converting, storing, processing, preparing, transporting, injecting, smoking, ingesting, inhaling, or otherwise introducing into the human body, marihuana.

(t) "Person" means an individual, corporation, limited liability company, partnership, limited partnership, limited liability partnership, limited liability limited partnership, trust, or other legal entity.

(u) "Plant" means any living organism that produces its own food through photosynthesis and has observable root formation or is in growth material.

(v) "Processor" means a licensee that is a commercial entity located in this state that purchases marihuana from a grower and that extracts resin from the marihuana or creates a marihuana-infused product for sale and transfer in packaged form to a provisioning center or another processor.

(w) "Provisioning center" means a licensee that is a commercial entity located in this state that purchases marihuana from a grower or processor and sells, supplies, or provides marihuana to registered qualifying patients, directly or through the patients' registered primary caregivers. Provisioning center includes any commercial property where marihuana is sold at retail to registered qualifying patients or registered primary caregivers. A noncommercial location used by a registered primary caregiver to assist a qualifying patient connected to the caregiver through the department's marihuana registration process in accordance with the Michigan Medical Marihuana Act is not a provisioning center for purposes of this act.

(x) "Registered primary caregiver" means a primary caregiver who has been issued a current registry identification card under the Michigan Medical Marihuana Act.

(y) "Registered qualifying patient" means a qualifying patient who has been issued a current registry identification card under the Michigan Medical Marihuana Act or a visiting qualifying patient as that term is defined in section 3 of the Michigan Medical Marihuana Act, MCL 333.26423.

(z) "Registry identification card" means that term as defined in section 3 of the Michigan Medical Marihuana Act, MCL 333.26423.

(aa) "Rules" means rules promulgated under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, by the marijuana regulatory agency to implement this act.

(bb) "Safety compliance facility" means a licensee that is a commercial entity that takes marihuana from a marihuana facility or receives marihuana from a registered primary caregiver, tests the marihuana for

© Courtesy of www.legislature.mi.gov

contaminants and for tetrahydrocannabinol and other cannabinoids, returns the test results, and may return the marihuana to the marihuana facility.

(cc) "Secure transporter" means a licensee that is a commercial entity located in this state that stores marihuana and transports marihuana between marihuana facilities for a fee.

(dd) "Seed" means the fertilized, ungerminated, matured ovule, containing an embryo or rudimentary plant, of a marihuana plant that is flowering.

(ee) "Seedling" means a marihuana plant that has germinated and has not flowered and is not harvestable.

(ff) "State operating license" or, unless the context requires a different meaning, "license" means a license that is issued under this act that allows the licensee to operate as 1 of the following, specified in the license:

(*i*) A grower.

(*ii*) A processor.

(*iii*) A secure transporter.

(*iv*) A provisioning center.

(*v*) A safety compliance facility.

(gg) "Statewide monitoring system" or, unless the context requires a different meaning, "system" means an internet-based, statewide database established, implemented, and maintained by the department under the marihuana tracking act, that is available to licensees, law enforcement agencies, and authorized state departments and agencies on a 24-hour basis for all of the following:

(*i*) Verifying registry identification cards.

(*ii*) Tracking marihuana transfer and transportation by licensees, including transferee, date, quantity, and price.

(*iii*) Verifying in commercially reasonable time that a transfer will not exceed the limit that the patient or caregiver is authorized to receive under section 4 of the Michigan Medical Marihuana Act, MCL 333.26424.

(hh) "Tissue culture" means a marihuana plant cell, cutting, tissue, or organ, that is kept under a sterile condition on a nutrient culture medium of known composition and that does not have visible root formation. A tissue culture is not a marihuana plant for purposes of a grower.

(ii) "Usable marihuana" means the dried leaves, flowers, plant resin, or extract of the marihuana plant, but does not include the seeds, stalks, and roots of the plant.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018;—Am. 2018, Act 582, Eff. Jan. 1, 2019;—Am. 2018, Act 648, Eff. Mar. 28, 2019;—Am. 2019, Act 3, Imd. Eff. Apr. 16, 2019;—Am. 2020, Act 207, Imd. Eff. Oct. 15, 2020;—Am. 2021, Act 57, Eff. Oct. 11, 2021.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## PART 2. APPLICATION OF OTHER LAWS

### 333.27201 Protected activities; person owning or leasing property upon which marihuana facility located subject to penalties or sanctions prohibited; conditions; activities of certified public accountant or financial institution not subject to certain penalties or sanctions; other provisions of law inconsistent with act; definitions.

Sec. 201. (1) Except as otherwise provided in this act, if a person has been granted a state operating license and is operating within the scope of the license, the licensee and its agents are not subject to any of the following for engaging in activities described in subsection (2):

(a) Criminal penalties under state law or local ordinances regulating marihuana.

(b) State or local criminal prosecution for a marihuana-related offense.

(c) State or local civil prosecution for a marihuana-related offense.

(d) Search or inspection, except for an inspection authorized under this act by law enforcement officers, the municipality, or the department.

(e) Seizure of marihuana, real property, personal property, or anything of value based on a marihuana-related offense.

(f) Any sanction, including disciplinary action or denial of a right or privilege, by a business or occupational or professional licensing board or bureau based on a marihuana-related offense.

© Courtesy of www.legislature.mi.gov

(2) The following activities are protected under subsection (1) if performed under a state operating license within the scope of that license and in accord with this act, rules, and any ordinance adopted under section 205:

(a) Growing marihuana.

(b) Purchasing, receiving, selling, transporting, or transferring marihuana from or to a licensee, a licensee's agent, a registered qualifying patient, or a registered primary caregiver.

(c) Possessing marihuana.

(d) Possessing or manufacturing marihuana paraphernalia for medical use.

(e) Processing marihuana.

(f) Transporting marihuana.

(g) Testing, transferring, infusing, extracting, altering, or studying marihuana.

(h) Receiving or providing compensation for products or services.

(3) Except as otherwise provided in this act, a person who owns or leases real property upon which a marihuana facility is located and who has no knowledge that the licensee violated this act is not subject to any of the following for owning, leasing, or permitting the operation of a marihuana facility on the real property:

(a) Criminal penalties under state law or local ordinances regulating marihuana.

(b) State or local civil prosecution based on a marihuana-related offense.

(c) State or local criminal prosecution based on a marihuana-related offense.

(d) Search or inspection, except for an inspection authorized under this act by law enforcement officers, the municipality, or the department.

(e) Seizure of any real or personal property or anything of value based on a marihuana-related offense.

(f) Any sanction, including disciplinary action or denial of a right or privilege, by a business or occupational or professional licensing board or bureau.

(4) Except as otherwise provided in this act, a certified public accountant who is licensed under article 7 of the occupational code, 1980 PA 299, MCL 339.720 to 339.736, is not subject to any of the following for engaging in the practice of public accounting as that term is defined in section 720 of the occupational code, 1980 PA 299, MCL 339.720, for an applicant or licensee who is in compliance with this act, rules, and the Michigan medical marihuana act:

(a) Criminal penalties under state law or local ordinances regulating marihuana.

(b) State or local civil prosecution based on a marihuana-related offense.

(c) State or local criminal prosecution based on a marihuana-related offense.

(d) Seizure of any real or personal property or anything of value based on a marihuana-related offense.

(e) Any sanction, including disciplinary action or denial of a right or privilege, by a business or occupational or professional licensing board or bureau based on a marihuana-related offense.

(5) Except as otherwise provided in this act, a financial institution is not subject to any of the following for providing a financial service to a licensee under this act:

(a) Criminal penalties under state law or local ordinances regulating marihuana.

(b) State or local civil prosecution based on a marihuana-related offense.

(c) State or local criminal prosecution based on a marihuana-related offense.

(d) Seizure of any real or personal property or anything of value based on a marihuana-related offense.

(e) Any sanction, including disciplinary action or denial of a right or privilege, by a business or occupational or professional licensing board or bureau based on a marihuana-related offense.

(6) For the purposes of regulating the commercial entities established under this act, any provisions of the following acts that are inconsistent with this act do not apply to a grower, processor, secure transporter, provisioning center, or safety compliance facility operating in compliance with this act:

(a) The business corporation act, 1972 PA 284, MCL 450.1101 to 450.2098.

(b) The nonprofit corporation act, 1982 PA 162, MCL 450.2101 to 450.3192.

(c) 1931 PA 327, MCL 450.98 to 450.192.

(d) The Michigan revised uniform limited partnership act, 1982 PA 213, MCL 449.1101 to 449.2108.

(e) The Michigan limited liability company act, 1993 PA 23, MCL 450.4101 to 450.5200.

(f) 1907 PA 101, MCL 445.1 to 445.5.

(g) 1913 PA 164, MCL 449.101 to 449.106.

(h) The uniform partnership act, 1917 PA 72, MCL 449.1 to 449.48.

(7) As used in this section:

(a) "Financial institution" means any of the following:

(*i*) A state or national bank.

(*ii*) A state or federally chartered savings and loan association.

(*iii*) A state or federally chartered savings bank.

© Courtesy of www.legislature.mi.gov

(*iv*) A state or federally chartered credit union.

(*v*) An insurance company.

(*vi*) An entity that offers any of the following to a resident of this state:

(A) A mutual fund account.

(B) A securities brokerage account.

(C) A money market account.

(D) A retail investment account.

(*vii*) An entity regulated by the Securities and Exchange Commission that collects funds from the public.

(*viii*) An entity that is a member of the National Association of Securities Dealers and that collects funds from the public.

(*ix*) Another entity that collects funds from the public.

(b) "Financial service" means a deposit; withdrawal; transfer between accounts; exchange of currency; loan; extension of credit; purchase or sale of any stock, bond, certificate of deposit, or other monetary instrument; or any other payment, transfer, or delivery by, through, or to a financial institution, by whatever means effected.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27203 Registered qualifying patient or registered primary caregiver; criminal prosecution or sanctions prohibited; conditions.

Sec. 203. A registered qualifying patient or registered primary caregiver is not subject to criminal prosecution or sanctions for purchasing marihuana from a provisioning center if the quantity purchased is within the limits established under the Michigan medical marihuana act. A registered primary caregiver is not subject to criminal prosecution or sanctions for any transfer of 2.5 ounces or less of marihuana to a safety compliance facility for testing.

**History:** 2016, Act 281, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27204 Medical purpose defense.

Sec. 204. This act does not limit the medical purpose defense provided in section 8 of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26428, to any prosecution involving marihuana.

**History:** 2016, Act 281, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27205 Marihuana facility; ordinance; requirements.

Sec. 205. (1) The board shall not issue a state operating license to an applicant unless the municipality in

© Courtesy of www.legislature.mi.gov

which the applicant's proposed marihuana facility will operate has adopted an ordinance that authorizes that type of facility. A municipality may adopt an ordinance to authorize 1 or more types of marihuana facilities within its boundaries and to limit the number of each type of marihuana facility. A municipality may adopt other ordinances relating to marihuana facilities within its jurisdiction, including zoning regulations, but shall not impose regulations regarding the purity or pricing of marihuana or interfering or conflicting with this act or rules for licensing marihuana facilities. A municipality that adopts an ordinance under this subsection that authorizes a marihuana facility shall provide the department with all of the following on a form prescribed and provided by the department:

(a) An attestation that the municipality has adopted an ordinance under this subsection that authorizes the marihuana facility.

(b) A description of any zoning regulations that apply to the proposed marihuana facility within the municipality.

(c) The signature of the clerk of the municipality or his or her designee.

(d) Any other information required by the department.

(2) A municipal ordinance may establish an annual, nonrefundable fee of not more than $5,000.00 to help defray administrative and enforcement costs associated with the operation of a marihuana facility in the municipality.

(3) The department may require a municipality to provide the following information to the department on a form prescribed and provided by the department regarding a licensee who submits an application for license renewal:

(a) Information that the board declares necessary to determine whether the licensee's license should be renewed.

(b) A description of a violation of an ordinance or a zoning regulation adopted under subsection (1) committed by the licensee, but only if the violation relates to activities licensed under this act and rules or the Michigan medical marihuana act.

(c) Whether there has been a change to an ordinance or a zoning regulation adopted under subsection (1) since the license was issued to the licensee and a description of the change.

(4) Information a municipality obtains from an applicant under this section is exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246. Except as otherwise provided in this subsection, information a municipality provides to the department under this section is subject to disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27206 Rules.

Sec. 206. The marijuana regulatory agency shall promulgate rules and emergency rules as necessary to implement, administer, and enforce this act. The rules must ensure the safety, security, and integrity of the operation of marihuana facilities, and must include rules to do the following:

(a) Set appropriate standards for marihuana facilities and associated equipment.

(b) Subject to section 408, establish minimum levels of insurance that licensees must maintain.

(c) Establish operating regulations for each category of license to ensure the health, safety, and security of the public and the integrity of marihuana facility operations.

(d) Establish qualifications and restrictions for persons participating in or involved with operating marihuana facilities.

(e) Establish testing standards, procedures, and requirements for marihuana sold through provisioning centers.

(f) Provide for the levy and collection of fines for a violation of this act or rules.

(g) Prescribe use of the statewide monitoring system to track all marihuana transfers, as provided in the marihuana tracking act and this act, and provide for a funding mechanism to support the system.

(h) Establish quality control standards, procedures, and requirements for marihuana facilities.

© Courtesy of www.legislature.mi.gov

(i) Establish chain of custody standards, procedures, and requirements for marihuana facilities.

(j) Establish standards, procedures, and requirements for waste product disposal and storage by marihuana facilities.

(k) Establish chemical storage standards, procedures, and requirements for marihuana facilities.

(*l*) Establish standards, procedures, and requirements for securely and safely transporting marihuana between marihuana facilities.

(m) Establish standards, procedures, and requirements for the storage of marihuana by marihuana facilities.

(n) Establish labeling and packaging standards, procedures, and requirements for marihuana sold or transferred through provisioning centers, including, but not limited to:

(*i*) A prohibition on labeling or packaging that is intended to appeal to or has the effect of appealing to minors.

(*ii*) A requirement that all marihuana sold through provisioning centers include on the exterior of the marihuana packaging the following warning printed in clearly legible type and surrounded by a continuous heavy line:

WARNING: USE BY PREGNANT OR BREASTFEEDING WOMEN, OR BY
WOMEN PLANNING TO BECOME PREGNANT, MAY RESULT IN FETAL
INJURY, PRETERM BIRTH, LOW BIRTH WEIGHT, OR DEVELOPMENTAL
PROBLEMS FOR THE CHILD.

(o) Establish daily and monthly purchasing limits at provisioning centers for registered qualifying patients and registered primary caregivers to ensure compliance with the Michigan Medical Marihuana Act.

(p) Establish marketing and advertising restrictions for marihuana products and marihuana facilities.

(q) Establish maximum tetrahydrocannabinol levels for marihuana-infused products sold or transferred through provisioning centers.

(r) Establish health standards to ensure the safe preparation of products containing marihuana that are intended for human consumption in a manner other than smoke inhalation.

(s) Establish restrictions on edible marihuana-infused products to prohibit shapes that would appeal to minors.

(t) Establish standards, procedures, and requirements for the sale of industrial hemp from a provisioning center to a registered qualified patient. The rules promulgated under this subdivision must be promulgated before March 1, 2019.

(u) Establish informational pamphlet standards for provisioning centers including, but not limited to, a requirement to make available to every patron at the time of sale a pamphlet measuring 3.5 inches by 5 inches that includes safety information related to marihuana use by minors and the poison control hotline number.

(v) Establish procedures and standards for approving an appointee to operate a marihuana facility under section 206a.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018;—Am. 2018, Act 648, Eff. Mar. 28, 2019;—Am. 2020, Act 32, Imd. Eff. Feb. 20, 2020;—Am. 2020, Act 207, Imd. Eff. Oct. 15, 2020.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27206a Operation of a marihuana facility; appointment and approval; notice of violation.

Sec. 206a. (1) The marijuana regulatory agency may approve the operation of a marihuana facility by any of the following:

(a) A court-appointed personal representative, guardian, or conservator of an individual who holds a state license or has an interest in a person that holds a state license.

(b) A court-appointed receiver or trustee.

(2) If an individual approved to operate a marihuana facility under subsection (1) receives notice from the marijuana regulatory agency that the marihuana facility the individual is operating is in violation of this act or rules, the individual shall notify the court that appointed the individual of the notice of violation within 2 days after receiving the notice of violation.

**History:** Add. 2020, Act 207, Imd. Eff. Oct. 15, 2020.

**Compiler's note:** For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27207 Third-party inventory control and tracking system; exception for statewide monitoring system.

Sec. 207. (1) Except as otherwise provided in subsection (2), a licensee shall adopt and use a third-party inventory control and tracking system that is capable of interfacing with the statewide monitoring system to allow the licensee to enter or access information in the statewide monitoring system as required under this act and rules. The third-party inventory control and tracking system must have all of the following capabilities necessary for the licensee to comply with the requirements applicable to the licensee's license type:

(a) Tracking all marihuana plants, products, packages, patient and primary caregiver purchase totals, waste, transfers, conversions, sales, and returns that are linked to unique identification numbers.

(b) Tracking lot and batch information throughout the entire chain of custody.

(c) Tracking all products, conversions, and derivatives throughout the entire chain of custody.

(d) Tracking marihuana plant, batch, and product destruction.

(e) Tracking transportation of product.

(f) Performing complete batch recall tracking that clearly identifies all of the following details relating to the specific batch subject to the recall:

(*i*) Sold product.

(*ii*) Product inventory that is finished and available for sale.

(*iii*) Product that is in the process of transfer.

(*iv*) Product being processed into another form.

(*v*) Postharvest raw product, such as product that is in the drying, trimming, or curing process.

(g) Reporting and tracking loss, theft, or diversion of product containing marihuana.

(h) Reporting and tracking all inventory discrepancies.

(i) Reporting and tracking adverse patient responses or dose-related efficacy issues.

(j) Reporting and tracking all sales and refunds.

(k) Electronically receiving and transmitting information as required under this act, the Michigan medical marihuana act, 2008 IL 1, MCL 333.26421 to 333.26430, and the marihuana tracking act.

(*l*) Receiving testing results electronically from a safety compliance facility via a secured application program interface into the system and directly linking the testing results to each applicable source batch and sample.

(m) Identifying test results that may have been altered.

(n) Providing the licensee with access to information in the tracking system that is necessary to verify that the licensee is carrying out the marihuana transactions authorized under the licensee's license in accordance with this act.

(o) Providing information to cross-check that product sales are made to a registered qualifying patient or a registered primary caregiver on behalf of a registered qualifying patient and that the product received the required testing.

(p) Providing the department and state agencies with access to information in the database that they are authorized to access.

(q) Providing law enforcement agencies with access to only the information in the database that is necessary to verify that an individual possesses a valid and current registry identification card.

(r) Providing licensees with access only to the information in the system that they are required to receive before a sale, transfer, transport, or other activity authorized under a license issued under this act.

(s) Securing the confidentiality of information in the database by preventing access by a person who is not authorized to access the statewide monitoring system or is not authorized to access the particular information.

(t) Providing analytics to the department regarding key performance indicators such as the following:

(*i*) Total daily sales.

(*ii*) Total marihuana plants in production.

(*iii*) Total marihuana plants destroyed.

(*iv*) Total inventory adjustments.

(2) If the statewide monitoring system is capable of allowing a licensee to access or enter information into the statewide monitoring system without use of a third-party inventory control and tracking system, a licensee may access or enter information into the statewide monitoring system directly and the licensee is not required to adopt and use a third-party inventory control and tracking system.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 582, Eff. Jan. 1, 2019.

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27208 Marihuana facility and property; examination by local and state police.

Sec. 208. A marihuana facility and all articles of property in that facility are subject to examination at any time by a local police agency or the department of state police.

**History:** 2016, Act 281, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## PART 3. MEDICAL MARIHUANA LICENSING BOARD

### 333.27301 Medical marihuana licensing board; creation; membership; appointment; terms; vacancy; reimbursement for expenses; other public office; eligibility; removal of member; appointment and employment limitations; financial disclosure statement; direct or indirect interest.

Sec. 301. (1) The medical marihuana licensing board is created within the department of licensing and regulatory affairs.

(2) The board consists of 5 members who are residents of this state, not more than 3 of whom are members of the same political party. The governor shall appoint the members. One of the members shall be appointed from 3 nominees submitted by the senate majority leader and 1 from 3 nominees submitted by the speaker of the house. The governor shall designate 1 of the members as chairperson.

(3) The members shall be appointed for terms of 4 years, except, of those who are first appointed, 1 member shall be appointed for a term of 2 years and 2 members shall be appointed for a term of 3 years. A member's term expires on December 31 of the last year of the member's term. If a vacancy occurs, the governor shall appoint a successor to fill the unexpired term in the manner of the original appointment.

(4) Each member of the board shall be reimbursed for all actual and necessary expenses and disbursements incurred in carrying out official duties.

(5) A board member shall not hold any other public office for which he or she receives compensation other than necessary travel or other incidental expenses.

(6) A person who is not of good moral character or who has been indicted for, charged with, or convicted of, pled guilty or nolo contendere to, or forfeited bail concerning any felony or a misdemeanor involving a controlled substance violation, theft, dishonesty, or fraud under the laws of this state, any other state, or the United States or a local ordinance in any state involving a controlled substance violation, dishonesty, theft, or fraud that substantially corresponds to a misdemeanor in that state is not eligible to serve on the board.

(7) The governor may remove any member of the board for neglect of duty, misfeasance, malfeasance, nonfeasance, or any other just cause.

(8) The board shall not appoint or employ an individual if any of the following circumstances exist:

(a) During the 3 years immediately preceding appointment or employment, the individual held any direct or indirect interest in, or was employed by, a person who is licensed to operate under this act or under a corresponding license in another jurisdiction or a person with an application for an operating license pending before the board or in any other jurisdiction. The board shall not employ an individual who has a direct or indirect interest in a licensee or a marihuana facility.

(b) The individual or his or her spouse, parent, child, child's spouse, sibling, or spouse of a sibling has an application for a license pending before the board or is a member of the board of directors of, or an individual financially interested in, any licensee or marihuana facility.

(9) Each member of the board and each key employee as determined by the department shall file with the

© Courtesy of www.legislature.mi.gov

governor a financial disclosure statement listing all assets and liabilities, property and business interests, and sources of income of the member and key employee and his or her spouse, if any, affirming that the member and key employee are in compliance with subsection (8)(a) and (b). The financial disclosure statement shall be made under oath and filed at the time of employment and annually thereafter.

(10) Each employee of the board shall file with the board a financial disclosure statement listing all assets and liabilities, property and business interests, and sources of income of the employee and his or her spouse. This subsection does not apply to a key employee.

(11) A member of the board or key employee shall not hold any direct or indirect interest in, be employed by, or enter into a contract for services with an applicant, a board licensee, or a marihuana facility for a period of 4 years after the date his or her employment or membership on the board terminates. The department in consultation with the board shall define the term "direct or indirect interest" by rule.

(12) For 2 years after the date his or her employment with the board is terminated, an employee of the board shall not acquire any direct or indirect interest in, be employed by, or enter into a contract for services with any applicant, licensee, or marihuana facility.

(13) For 2 years after the termination of his or her office or employment with the board, a board member or an individual employed by the board shall not represent any person or party other than this state before or against the board.

(14) A business entity in which a former board member or employee or agent has an interest, or any partner, officer, or employee of the business entity, shall not make any appearance or represent a party that the former member, employee, or agent is prohibited from appearing for or representing. As used in this subsection, "business entity" means a corporation, limited liability company, partnership, limited liability partnership, association, trust, or other form of legal entity.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 582, Eff. Jan. 1, 2019.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27302 Board; duties.

Sec. 302. The board has general responsibility for implementing this act. The board has the powers and duties specified in this act and all other powers necessary and proper to fully and effectively implement and administer this act for the purpose of licensing, regulating, and enforcing the licensing and regulation system established under this act for marihuana growth, processing, testing, and transporting. The board is subject to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. The board's duties include all of the following:

(a) Granting or denying each application for a state operating license within a reasonable time.

(b) Deciding all license applications in reasonable order.

(c) Conducting its public meetings in compliance with the open meetings act, 1976 PA 267, MCL 15.231 to 15.246.

(d) Consulting with the department in promulgating rules and emergency rules as necessary to implement, administer, and enforce this act. The board shall not promulgate a rule establishing a limit on the number or type of marihuana facility licenses that may be granted.

(e) Implementing and collecting the application fee described in section 401 and, in conjunction with the department of treasury, the tax described in section 601 and regulatory assessment described in section 603.

(f) Providing for the levy and collection of fines for a violation of this act or rules.

(g) Providing oversight of a marihuana facility through the board's inspectors, agents, and auditors and through the state police or attorney general for the purpose of certifying the revenue, receiving complaints from the public, or conducting investigations into the operation of the marihuana facility as the board considers necessary and proper to ensure compliance with this act and rules and to protect and promote the overall safety, security, and integrity of the operation of a marihuana facility.

(h) Providing oversight of marihuana facilities to ensure that marihuana-infused products meet health and safety standards that protect the public to a degree comparable to state and federal standards applicable to similar food and drugs.

© Courtesy of www.legislature.mi.gov

(i) Reviewing and ruling on any complaint by a licensee regarding any investigative procedures of this state that are believed to be unnecessarily disruptive of marihuana facility operations. The need to inspect and investigate is presumed at all times. The board may delegate authority to hear, review, or rule on licensee complaints to a subcommittee of the board. To prevail on the complaint, a licensee must establish by a preponderance of the evidence that the procedures unreasonably disrupted its marihuana facility operations.

(j) Holding at least 2 public meetings each year. Upon 72 hours' written notice to each member, the chairperson or any 2 board members may call a special meeting. Three members of the board constitute a quorum, including when making determinations on an application for a license. Three votes are required in support of final determinations of the board on applications for licenses and all other licensing determinations, except that 4 votes are required in support of a determination to suspend or revoke a license. The board shall keep a complete and accurate record of all of its meetings and hearings. Upon order of the board, 1 of the board members or a hearing officer designated by the board may conduct any hearing provided for under this act or by rules and may recommend findings and decisions to the board. The board member or hearing officer conducting the hearing has all powers and rights regarding the conduct of hearings granted to the board under this act. The record made at the time of the hearing shall be reviewed by the board or a majority of the board, and the findings and decision of the majority of the board are the order of the board in the case.

(k) Maintaining records that are separate and distinct from the records of any other state board. The records shall be made available for public inspection subject to the limitations of this act and shall accurately reflect all board proceedings.

(*l*) Reviewing the patterns of marihuana transfers by the licensees under this act as recorded in a statewide database established for use in administering and enforcing this act and making recommendations to the governor and the legislature in a written annual report to the governor and the legislature and additional reports that the governor requests. The annual report shall be submitted by April 15 of each year and shall include the report required under section 702, a statement of receipts and disbursements by the board, the actions taken by the board, and any additional information and recommendations that the board considers appropriate or that the governor requests.

(m) Except as otherwise provided in this act, all information, records, interviews, reports, statements, memoranda, or other data supplied to or used by the board are subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, except for the following:

(*i*) Unless presented during a public hearing or requested by the licensee or applicant who is the sole subject of the data, all of the information, records, interviews, reports, statements, memoranda, or other data supplied to, created by, or used by the board related to background investigation of applicants or licensees and to trade secrets, internal controls, and security measures of the licensees or applicants.

(*ii*) All information, records, interviews, reports, statements, memoranda, or other data supplied to or used by the board that have been received from another jurisdiction or local, state, or federal agency under a promise of confidentiality or if the release of the information is otherwise barred by the statutes, rules, or regulations of that jurisdiction or agency or by an intergovernmental agreement.

(*iii*) All information in the statewide monitoring system.

**History:** 2016, Act 281, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27303 Marijuana regulatory agency; powers.

Sec. 303. (1) The marijuana regulatory agency has jurisdiction over the operation of all marihuana facilities. The marijuana regulatory agency has all powers necessary and proper to fully and effectively oversee the operation of marihuana facilities, including the authority to do all of the following:

(a) Investigate applicants for state operating licenses, determine the eligibility for licenses, and grant licenses to applicants in accordance with this act and the rules.

(b) Investigate all individuals employed by marihuana facilities.

(c) At any time, through its investigators, agents, auditors, or the state police, without a warrant and without notice to the licensee, enter the premises, offices, facilities, or other places of business of a licensee, if

© Courtesy of www.legislature.mi.gov

evidence of compliance or noncompliance with this act or rules is likely to be found and consistent with constitutional limitations, for the following purposes:

(*i*) To inspect and examine all premises of marihuana facilities.

(*ii*) To inspect, examine, and audit relevant records of the licensee and, if the licensee fails to cooperate with an investigation, impound, seize, assume physical control of, or summarily remove from the premises all books, ledgers, documents, writings, photocopies, correspondence, records, and videotapes, including electronically stored records, money receptacles, or equipment in which the records are stored.

(*iii*) To inspect the person, and inspect or examine personal effects present in a marihuana facility, of any holder of a state operating license while that person is present in a marihuana facility.

(*iv*) To investigate alleged violations of this act or rules.

(d) Investigate alleged violations of this act or rules and take appropriate disciplinary action against a licensee.

(e) Consult with the department in adopting rules to establish appropriate standards for marihuana facilities and associated equipment.

(f) Require all relevant records of licensees, including financial or other statements, to be kept on the premises authorized for operation of the marihuana facility of the licensee or in the manner prescribed by the marijuana regulatory agency.

(g) Require that each licensee of a marihuana facility submit to the marijuana regulatory agency a list of the stockholders or other persons having a 2.5% or greater beneficial interest in the facility in addition to any other information the marijuana regulatory agency considers necessary to effectively administer this act and rules, orders, and final decisions made under this act.

(h) Eject, or exclude or authorize the ejection or exclusion of, an individual from a marihuana facility if the individual violates this act, rules, or final orders of the marijuana regulatory agency. However, the propriety of the ejection or exclusion is subject to a subsequent hearing by the marijuana regulatory agency.

(i) Conduct periodic audits of marihuana facilities licensed under this act.

(j) Consult with the department as to appropriate minimum levels of insurance for licensees in addition to the minimum established under section 408 for liability insurance.

(k) Delegate the execution of any of its powers that are not specifically and exclusively reserved to the marijuana regulatory agency under this act for the purpose of administering and enforcing this act and rules.

(*l*) Take disciplinary action as the marijuana regulatory agency considers appropriate to prevent practices that violate this act and rules.

(m) Review a licensee if that licensee is under review or the subject of discipline by a regulatory body in any other jurisdiction for a violation of a controlled substance or marihuana law or regulation in that jurisdiction.

(n) Take any other reasonable or appropriate action to enforce this act and rules.

(2) The marijuana regulatory agency may seek and shall receive the cooperation and assistance of the department of state police in conducting background investigations of applicants and in fulfilling its responsibilities under this act. The department of state police may recover its costs of cooperation under this subsection.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2020, Act 207, Imd. Eff. Oct. 15, 2020.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27305 Board; disclosure form; providing certain notices to chairperson; ex parte communication; outside employment; personal transaction involving marihuana with licensee or applicant; violation.

Sec. 305. (1) By January 31 of each year, each member of the board shall prepare and file with the governor's office and the board a disclosure form in which the member does all of the following:

(a) Affirms that the member or the member's spouse, parent, child, or child's spouse is not a member of the board of directors of, financially interested in, or employed by a licensee or applicant.

(b) Affirms that the member continues to meet any other criteria for board membership under this act or

© Courtesy of www.legislature.mi.gov

the rules promulgated by the board.

(c) Discloses any legal or beneficial interests in any real property that is or that may be directly or indirectly involved with operations authorized by this act.

(d) Discloses any other information as may be required to ensure that the integrity of the board and its work is maintained.

(2) By January 31 of each year, each employee of the board shall prepare and file with the board an employee disclosure form in which the employee does all of the following:

(a) Affirms the absence of financial interests prohibited by this act.

(b) Discloses any legal or beneficial interests in any real property that is or that may be directly or indirectly involved with operations authorized by this act.

(c) Discloses whether the employee or the employee's spouse, parent, child, or child's spouse is financially interested in or employed by a licensee or an applicant for a license under this act.

(d) Discloses such other matters as may be required to ensure that the integrity of the board and its work is maintained.

(3) A member, employee, or agent of the board who becomes aware that the member, employee, or agent of the board or his or her spouse, parent, or child is a member of the board of directors of, financially interested in, or employed by a licensee or an applicant shall immediately provide detailed written notice thereof to the chairperson.

(4) A member, employee, or agent of the board who within the previous 10 years has been indicted for, charged with, or convicted of, pled guilty or nolo contendere to, or forfeited bail concerning a misdemeanor involving controlled substances, dishonesty, theft, or fraud or a local ordinance in any state involving controlled substances, dishonesty, theft, or fraud that substantially corresponds to a misdemeanor in that state, or a felony under Michigan law, the laws of any other state, or the laws of the United States or any other jurisdiction shall immediately provide detailed written notice of the conviction or charge to the chairperson.

(5) Any member, employee, or agent of the board who is negotiating for, or acquires by any means, any interest in any person who is a licensee or an applicant, or any person affiliated with such a person, shall immediately provide written notice of the details of the interest to the chairperson. The member, employee, or agent of the board shall not act on behalf of the board with respect to that person.

(6) A member, employee, or agent of the board shall not enter into any negotiations for employment with any person or affiliate of any person who is a licensee or an applicant and shall immediately provide written notice of the details of any such negotiations or discussions in progress to the chairperson. The member, employee, or agent of the board shall not take action on behalf of the board with respect to that person.

(7) Any member, employee, or agent of the board who receives an invitation, written or oral, to initiate a discussion concerning employment or the possibility of employment with a person or affiliate of a person who is a licensee or an applicant shall immediately report that he or she received the invitation to the chairperson. The member, employee, or agent of the board shall not take action on behalf of the board with respect to the person.

(8) A licensee or applicant shall not knowingly initiate a negotiation for or discussion of employment with a member, employee, or agent of the board. A licensee or applicant who initiates a negotiation or discussion about employment shall immediately provide written notice of the details of the negotiation or discussion to the chairperson as soon as he or she becomes aware that the negotiation or discussion has been initiated with a member, employee, or agent of the board.

(9) A member, employee, or agent of the board, or former member, employee, or agent of the board, shall not disseminate or otherwise disclose any material or information in the possession of the board that the board considers confidential unless specifically authorized to do so by the chairperson or the board.

(10) A member, employee, or agent of the board or a parent, spouse, sibling, spouse of a sibling, child, or spouse of a child of a member, employee, or agent of the board shall not accept any gift, gratuity, compensation, travel, lodging, or anything of value, directly or indirectly, from any licensee or any applicant or affiliate or representative of a licensee or applicant, unless the acceptance conforms to a written policy or directive that is issued by the chairperson or the board. Any member, employee, or agent of the board who is offered or receives any gift, gratuity, compensation, travel, lodging, or anything of value, directly or indirectly, from any licensee or any applicant or affiliate or representative of an applicant or licensee shall immediately provide written notification of the details to the chairperson.

(11) A licensee or applicant, or an affiliate or representative of an applicant or licensee, shall not, directly or indirectly, give or offer to give any gift, gratuity, compensation, travel, lodging, or anything of value to any member, employee, or agent of the board that the member, employee, or agent of the board is prohibited from accepting under subsection (10).

(12) A member, employee, or agent of the board shall not engage in any conduct that constitutes a conflict

© Courtesy of www.legislature.mi.gov

of interest and shall immediately advise the chairperson in writing of the details of any incident or circumstances that would present the existence of a conflict of interest with respect to performing board-related work or duties.

(13) A member, employee, or agent of the board who is approached and offered a bribe as described in section 118 of the Michigan penal code, 1931 PA 328, MCL 750.118, or this act shall immediately provide written account of the details of the incident to the chairperson and to a law enforcement officer of a law enforcement agency having jurisdiction.

(14) A member, employee, or agent of the board shall disclose his or her past involvement with any marihuana enterprise in the past 5 years and shall not engage in political activity or politically related activity during the duration of his or her appointment or employment.

(15) A former member, employee, or agent of the board may appear before the board as a fact witness about matters or actions handled by the member, employee, or agent during his or her tenure as a member, employee, or agent of the board. The member, employee, or agent of the board shall not receive compensation for such an appearance other than a standard witness fee and reimbursement for travel expenses as established by statute or court rule.

(16) A licensee or applicant or any affiliate or representative of an applicant or licensee shall not engage in ex parte communications with a member of the board. A member of the board shall not engage in any ex parte communications with a licensee or an applicant or with any affiliate or representative of an applicant or licensee.

(17) Any board member, licensee, or applicant or affiliate or representative of a board member, licensee, or applicant who receives any ex parte communication in violation of subsection (16), or who is aware of an attempted communication in violation of subsection (16), shall immediately report details of the communication or attempted communication in writing to the chairperson.

(18) Any member of the board who receives an ex parte communication in an attempt to influence that member's official action shall disclose the source and content of the communication to the chairperson. The chairperson may investigate or initiate an investigation of the matter with the assistance of the attorney general and state police to determine if the communication violates subsection (16) or subsection (17) or other state law. The disclosure under this section and the investigation are confidential. Following an investigation, the chairperson shall advise the governor or the board, or both, of the results of the investigation and may recommend action as the chairperson considers appropriate. If the chairperson receives such an ex parte communication, he or she shall report the communication to the governor's office for appropriate action.

(19) A new or current employee or agent of the board shall obtain written permission from the director of the department or his or her designee before continuing outside employment held at the time the employee begins to work for the board. Permission shall be denied, or permission previously granted shall be revoked, if the director of the department or his or her designee considers the nature of the work to create a possible conflict of interest or if it would otherwise interfere with the duties of the employee or agent for the board.

(20) An employee or agent of the board granted permission for outside employment shall not conduct any business or perform any activities, including solicitation, related to outside employment on premises used by the board or during the employee's working hours for the board.

(21) The chairperson shall report any action he or she has taken or proposes to take under this section with respect to an employee or agent or former employee or former agent to the board at the next meeting of the board.

(22) Except as allowed under the Michigan medical marihuana act, a member, employee, or agent of the board shall not enter into any personal transaction involving marihuana with a licensee or applicant.

(23) If a licensee or applicant, or an affiliate or representative of a licensee or applicant, violates this section, the board may deny a license application, revoke or suspend a license, or take other disciplinary action as provided in section 407.

(24) Violation of this section by a member of the board may result in disqualification or constitute cause for removal under section 301(7) or other disciplinary action as recommended by the board to the governor.

(25) A violation of this section by an employee or agent of the board need not result in termination of employment if the board determines that the conduct involved does not violate the purpose of this act. However, all of the following apply:

(a) If, after being offered employment or beginning employment with the board, the employee or agent intentionally acquires a financial interest in a licensee or an applicant, or an affiliate or representative of a licensee or applicant, the offer or employment with the board shall be terminated.

(b) If a financial interest in a licensee or an applicant, or an affiliate or representative of a licensee or applicant, is acquired by an employee or agent that has been offered employment with the board, an employee of the board, or the employee's or agent's spouse, parent, or child, through no intentional action of the

© Courtesy of www.legislature.mi.gov

employee or agent, the individual shall have up to 30 days to divest or terminate the financial interest. Employment may be terminated if the interest has not been divested after 30 days.

(c) Employment shall be terminated if the employee or agent is a spouse, parent, child, or spouse of a child of a board member.

(26) Violation of this section does not create a civil cause of action.

(27) As used in this section:

(a) "Outside employment", in addition to employment by a third party, includes, but is not limited to, the following:

(*i*) Operation of a proprietorship.

(*ii*) Participation in a partnership or group business enterprise.

(*iii*) Performance as a director or corporate officer of any for-profit or nonprofit corporation or banking or credit institution.

(*iv*) Performance as a manager of a limited liability company.

(b) "Political activity" or "politically related activity" includes all of the following:

(*i*) Using his or her official authority or influence for the purpose of interfering with or affecting the result of an election.

(*ii*) Knowingly soliciting, accepting, or receiving a political contribution from any person.

(*iii*) Running for the nomination or as a candidate for election to a partisan political office.

(*iv*) Knowingly soliciting or discouraging the participation in any political activity of any person who is either of the following:

(A) Applying for any compensation, grant, contract, ruling, license, permit, or certificate pending before the board.

(B) The subject of or a participant in an ongoing audit, investigation, or enforcement action being carried out by the board.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 582, Eff. Jan. 1, 2019.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## PART 4. LICENSING

### 333.27401 Licensure; application; background investigation; consent to inspections, examinations, searches, and seizures; disclosure of confidential records; interest in other state operating license; fee; additional costs; notification to municipality.

Sec. 401. (1) A person may apply to the marijuana regulatory agency for state operating licenses in the categories of class A, B, or C grower; processor; provisioning center; secure transporter; and safety compliance facility as provided in this act. The application shall be made under oath on a form provided by the marijuana regulatory agency and shall contain information as prescribed by the marijuana regulatory agency, including, but not limited to, all of the following:

(a) The name, business address, business telephone number, Social Security number, and, if applicable, federal tax identification number of the applicant.

(b) The identity of every person having a 2.5% or greater ownership interest in the applicant with respect to which the license is sought. If the disclosed entity is a trust, the application shall disclose the names and addresses of the beneficiaries; if a privately held corporation, the names and addresses of all shareholders, officers, and directors; if a publicly held corporation, the names and addresses of all shareholders holding a direct or indirect interest of greater than 5%, officers, and directors; if a partnership or limited liability partnership, the names and addresses of all partners; if a limited partnership or limited liability limited partnership, the names of all partners, both general and limited; or if a limited liability company, the names and addresses of all members and managers.

(c) An identification of any business that is directly or indirectly involved in the growing, processing, testing, transporting, or sale of marihuana, including, if applicable, the state of incorporation or registration, in which an applicant or, if the applicant is an individual, the applicant's spouse, parent, or child has any equity interest. If an applicant is a corporation, partnership, or other business entity, the applicant shall identify any

© Courtesy of www.legislature.mi.gov

other corporation, partnership, or other business entity that is directly or indirectly involved in the growing, processing, testing, transporting, or sale of marihuana in which it has any equity interest, including, if applicable, the state of incorporation or registration. An applicant may comply with this subdivision by filing a copy of the applicant's registration with the Securities and Exchange Commission if the registration contains the information required by this subdivision.

(d) Whether an applicant has been indicted for, charged with, arrested for, or convicted of, pled guilty or nolo contendere to, forfeited bail concerning any criminal offense under the laws of any jurisdiction, either felony or controlled-substance-related misdemeanor, not including traffic violations, regardless of whether the offense has been reversed on appeal or otherwise, including the date, the name and location of the court, arresting agency, and prosecuting agency, the case caption, the docket number, the offense, the disposition, and the location and length of incarceration.

(e) Whether an applicant has ever applied for or has been granted any commercial license or certificate issued by a licensing authority in Michigan or any other jurisdiction that has been denied, restricted, suspended, revoked, or not renewed and a statement describing the facts and circumstances concerning the application, denial, restriction, suspension, revocation, or nonrenewal, including the licensing authority, the date each action was taken, and the reason for each action.

(f) Whether an applicant has filed, or been served with, a complaint or other notice filed with any public body, regarding the delinquency in the payment of, or a dispute over the filings concerning the payment of, any tax required under federal, state, or local law, including the amount, type of tax, taxing agency, and time periods involved.

(g) A statement listing the names and titles of all public officials or officers of any unit of government, and the spouses, parents, and children of those public officials or officers, who, directly or indirectly, own any financial interest in, have any beneficial interest in, are the creditors of or hold any debt instrument issued by, or hold or have any interest in any contractual or service relationship with an applicant. As used in this subdivision, public official or officer does not include a person who would have to be listed solely because of his or her state or federal military service.

(h) A description of the type of marihuana facility; anticipated or actual number of employees; and projected or actual gross receipts.

(i) Financial information in the manner and form prescribed by the marijuana regulatory agency.

(j) A paper copy or electronic posting website reference for the ordinance or zoning restriction that the municipality adopted to authorize or restrict operation of 1 or more marihuana facilities in the municipality.

(k) A copy of the notice informing the municipality by registered mail that the applicant has applied for a license under this act. The applicant shall also certify that it has delivered the notice to the municipality or will do so by 10 days after the date the applicant submits the application for a license to the marijuana regulatory agency.

(*l*) Any other information the department requires by rule.

(2) The marijuana regulatory agency shall use information provided on the application as a basis to conduct a thorough background investigation on the applicant. A false application is cause for the marijuana regulatory agency to deny a license. The marijuana regulatory agency shall not consider an incomplete application but shall, within a reasonable time, return the application to the applicant with notification of the deficiency and instructions for submitting a corrected application. Information the marijuana regulatory agency obtains from the background investigation is exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(3) An applicant must provide written consent to the inspections, examinations, searches, and seizures provided for in section 303(1)(c)(*i*) to (*iv*) and to disclosure to the marijuana regulatory agency and its agents of otherwise confidential records, including tax records held by any federal, state, or local agency, or credit bureau or financial institution, while applying for or holding a license. Information the marijuana regulatory agency receives under this subsection is exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(4) An applicant must certify that the applicant does not have an interest in any other state operating license that is prohibited under this act.

(5) A nonrefundable application fee must be paid at the time of filing to defray the costs associated with the background investigation conducted by the marijuana regulatory agency. The marijuana regulatory agency shall set the amount of the application fee for each category and class of license by rule. If the costs of the investigation and processing the application exceed the application fee, the applicant shall pay the additional amount to the marijuana regulatory agency. All information, records, interviews, reports, statements, memoranda, or other data supplied to or used by the marijuana regulatory agency in the course of its review or investigation of an application for a license under this act shall be disclosed only in accordance with this

© Courtesy of www.legislature.mi.gov

act. The information, records, interviews, reports, statements, memoranda, or other data are not admissible as evidence or discoverable in any action of any kind in any court or before any tribunal, board, agency, or person, except for any action considered necessary by the marijuana regulatory agency.

(6) By 10 days after the date the applicant submits an application to the marijuana regulatory agency, the applicant shall notify the municipality by registered mail that it has applied for a license under this act.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 582, Eff. Jan. 1, 2019;—Am. 2020, Act 207, Imd. Eff. Oct. 15, 2020.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27402 License; issuance; ineligibility; circumstances; other considerations granting license; fingerprint processing fee; criminal history check; requirements applicable to fingerprints; definitions; review of application; informing applicant of decision; issuance; duration; renewal; notice; expiration; consent to inspections; examinations, searches, and seizures; information required to be provided by applicant.

Sec. 402. (1) The marijuana regulatory agency shall issue a license to an applicant if all of the following conditions are met:

(a) The applicant submits a complete application.

(b) The applicant pays both the nonrefundable application fee required under section 401(5) and the regulatory assessment established by the marijuana regulatory agency for the first year of operation.

(c) The marijuana regulatory agency determines that the applicant is qualified to receive a license under this act.

(2) An applicant is ineligible to receive a license if any of the following circumstances exist:

(a) The applicant has been convicted of or released from incarceration for a felony under the laws of this state, any other state, or the United States within the past 10 years or has been convicted of a controlled substance-related felony within the past 10 years. This subdivision does not apply to a felony for the manufacture, processing, or distribution of marihuana, or possession with the intent to manufacture, process, or distribute marihuana, unless the felony involved the distribution of marihuana to a minor.

(b) Within the past 5 years the applicant has been convicted of a misdemeanor involving a controlled substance, theft, dishonesty, or fraud in any state or been found responsible for violating a local ordinance in any state involving a controlled substance, dishonesty, theft, or fraud that substantially corresponds to a misdemeanor in that state. This subdivision does not apply to a misdemeanor or ordinance violation for the possession or use of marihuana.

(c) The applicant has knowingly submitted an application for a license under this act that contains false information.

(d) The applicant is an employee of the marijuana regulatory agency.

(e) The applicant fails to demonstrate the applicant's ability to maintain adequate premises liability and casualty insurance for its proposed marihuana facility.

(f) The applicant holds an elective office of a governmental unit of this state, another state, or the federal government. This subdivision does not apply to an elected officer of or employee of a federally recognized Indian tribe or to an elected precinct delegate.

(g) The applicant is a member of or employed by a regulatory body of a governmental unit in this state, another state, or the federal government, or is employed by a governmental unit of this state. This subdivision does not apply to any of the following:

(*i*) An elected officer of or employee of a federally recognized Indian tribe.

(*ii*) An elected precinct delegate.

(*iii*) The spouse of a person who applies for a state operating license unless the spouse's position creates a conflict of interest or is within any of the following:

(A) The marijuana regulatory agency.

(B) A regulatory body of a governmental unit in this state, another state, or the federal government that makes decisions regarding medical marihuana.

(h) The marijuana regulatory agency determines that the applicant is not in compliance with section

© Courtesy of www.legislature.mi.gov

205(1).

(i) The marijuana regulatory agency determines that the applicant is not in compliance with section 408.

(j) The applicant fails to meet other criteria established by rule.

(3) In determining whether to grant a license to an applicant, the marijuana regulatory agency may also consider all of the following:

(a) The business probity; financial ability and experience; and responsibility or means to operate or maintain a marihuana facility of the applicant and of any other person that meets either of the following:

(*i*) Controls, directly or indirectly, the applicant.

(*ii*) Is controlled, directly or indirectly, by the applicant or by a person who controls, directly or indirectly, the applicant.

(b) The financial ability of the applicant to purchase and maintain adequate liability and casualty insurance.

(c) The sources and total amount of the applicant's capitalization to operate and maintain the proposed marihuana facility.

(d) Whether the applicant has been indicted for, charged with, arrested for, or convicted of, pled guilty or nolo contendere to, forfeited bail concerning, or had expunged any relevant criminal offense under the laws of any jurisdiction, either felony or misdemeanor, not including traffic violations, regardless of whether the offense has been expunged, pardoned, or reversed on appeal or otherwise. This subdivision does not apply to a criminal offense for the possession, use, manufacture, processing, or distribution of marihuana, or possession with the intent to manufacture, process, or distribute marihuana, unless the felony involved the distribution of marihuana to a minor.

(e) Whether the applicant has filed, or had filed against it, a proceeding for bankruptcy within the past 7 years.

(f) Whether the applicant has been served with a complaint or other notice filed with any public body regarding payment of any tax required under federal, state, or local law that has been delinquent for 1 or more years.

(g) Whether the applicant has a history of noncompliance with any regulatory requirements in this state or any other jurisdiction.

(h) Whether at the time of application the applicant is a defendant in litigation involving its business practices.

(i) Whether the applicant meets other standards in rules applicable to the license category.

(4) Each applicant shall ensure that 1 set of fingerprints is submitted to the department of state police. The applicant shall submit with its application the applicant's written consent to the criminal history check described in this section and the submission of the applicant's fingerprints to, and the inclusion of the applicant's fingerprints in, the state and federal database systems described in subsection (7).

(5) The fingerprints required under subsection (4) may be taken by a law enforcement agency or any other person determined by the department of state police to be qualified to take fingerprints. The applicant shall submit a fingerprint processing fee to the department in an amount required under section 3 of 1935 PA 120, MCL 28.273, and any costs imposed by the Federal Bureau of Investigation.

(6) The department of state police shall do all of the following:

(a) Conduct a criminal history check on each applicant and request the Federal Bureau of Investigation to make a determination of the existence of any national criminal history pertaining to each applicant.

(b) Provide the marijuana regulatory agency with a written report containing the criminal history record information of each applicant.

(7) All of the following apply concerning fingerprints submitted to the department of state police under this section:

(a) The department of state police shall store and retain all fingerprints submitted under this section in an automated fingerprint identification system database that searches against latent fingerprints, and provides for an automatic notification when a subsequent fingerprint is submitted into the system that matches a fingerprint previously submitted under this section or when the criminal history of an individual whose fingerprints are retained in the system is updated. Upon receiving a notification, the department of state police shall immediately notify the marijuana regulatory agency. Information in the database maintained under this subsection is confidential, is not subject to disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, and shall not be disclosed to any person except for purposes of this act or for law enforcement purposes.

(b) The department of state police shall forward all fingerprints submitted to it under this section to the Federal Bureau of Investigation for submission of those fingerprints into the FBI automatic notification system. This subdivision does not apply until the department of state police is a participant in the FBI automatic notification system. As used in this subdivision:

© Courtesy of www.legislature.mi.gov

(*i*) "Automatic notification system" means a system that stores and retains fingerprints, and that provides for an automatic notification to a participant if and when a fingerprint is submitted into the system that matches an individual whose fingerprints are retained in the system or if and when the criminal history of an individual whose fingerprints are retained in the system is updated.

(*ii*) "FBI automatic notification system" means the automatic notification system that is maintained by the Federal Bureau of Investigation.

(8) The marijuana regulatory agency shall review all applications for licenses and shall inform each applicant of the marijuana regulatory agency's decision.

(9) A license shall be issued for a 1-year period and is renewable annually. Except as otherwise provided in this act, the marijuana regulatory agency shall renew a license if all of the following requirements are met:

(a) The licensee applies to the marijuana regulatory agency on a renewal form provided by the marijuana regulatory agency that requires information prescribed in rules.

(b) The application is received by the marijuana regulatory agency on or before the expiration date of the current license.

(c) The licensee pays the regulatory assessment under section 603.

(d) The licensee meets the requirements of this act and any other renewal requirements set forth in rules.

(10) The department shall notify the licensee by mail or electronic mail at the last known address on file with the marijuana regulatory agency advising of the time and procedure for paying and the amount of the regulatory assessment under section 603. The failure of the licensee to receive notice under this subsection does not relieve the licensee of the responsibility for renewing the license.

(11) If a license renewal application is not submitted by the license expiration date, the license may be renewed within 60 days after its expiration date upon application, payment of the regulatory assessment under section 603, and satisfaction of any renewal requirement and late fee set forth in rules. The licensee may continue to operate during the 60 days after the license expiration date if the license is renewed by the end of the 60-day period.

(12) License expiration does not terminate the marijuana regulatory agency's authority to impose sanctions on a licensee whose license has expired.

(13) In its decision on an application for renewal, the marijuana regulatory agency shall consider any specific written input it receives from an individual or entity within the local unit of government in which the applicant for renewal is located.

(14) A licensee must consent in writing to inspections, examinations, searches, and seizures that are permitted under this act and must provide a handwriting exemplar, fingerprints, photographs, and information as authorized in this act or by rules.

(15) An applicant or licensee has a continuing duty to provide information requested by the marijuana regulatory agency and to cooperate in any investigation, inquiry, or hearing conducted by the marijuana regulatory agency.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2017, Act 105, Imd. Eff. July 13, 2017;—Am. 2018, Act 582, Eff. Jan. 1, 2019;—Am. 2021, Act 103, Imd. Eff. Nov. 4, 2021;—Am. 2021, Act 161, Eff. Mar. 30, 2022.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27403 Application deficiency; correction.

Sec. 403. If the board identifies a deficiency in an application, the board shall provide the applicant with a reasonable period of time to correct the deficiency.

**History:** 2016, Act 281, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27404 Repealed. 2018, Act 582, Eff. Jan. 1, 2019.

**Compiler's note:** The repealed section pertained to a true party of interest.

### 333.27405 Background check.

Sec. 405. Subject to the laws of this state, before hiring a prospective employee, the holder of a license shall conduct a background check of the prospective employee. If the background check indicates a pending charge or conviction within the past 10 years for a controlled substance-related felony, a licensee shall not hire the prospective employee without written permission of the board.

**History:** 2016, Act 281, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27406 Transfer, sale, or purchase of license.

Sec. 406. Each license is exclusive to the licensee, and a licensee or any other person must apply for and receive the board's approval before a license is transferred, sold, or purchased. The attempted transfer, sale, or other conveyance of an interest in a license without prior board approval is grounds for suspension or revocation of the license or for other sanction considered appropriate by the board, but only if the transfer, sale, or other conveyance would result in the transferee meeting the definition of applicant.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 582, Eff. Jan. 1, 2019.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27407 Denial, suspension, revocation, or restriction of license.

Sec. 407. (1) If an applicant or licensee fails to comply with this act or rules, if a licensee fails to comply with the marihuana tracking act, if a licensee no longer meets the eligibility requirements for a license under this act, or if an applicant or licensee fails to provide information the board requests to assist in any investigation, inquiry, or board hearing, the board may deny, suspend, revoke, or restrict a license. The board may suspend, revoke, or restrict a license and require the removal of a licensee or an employee of a licensee for a violation of this act, rules, the marihuana tracking act, or any ordinance adopted under section 205. The board may impose civil fines of up to $5,000.00 against an individual and up to $10,000.00 or an amount equal to the daily gross receipts, whichever is greater, against a licensee for each violation of this act, rules, or an order of the board. Assessment of a civil fine under this subsection is not a bar to the investigation, arrest, charging, or prosecution of an individual for any other violation of this act and is not grounds to suppress evidence in any criminal prosecution that arises under this act or any other law of this state.

(2) The board shall comply with the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, when denying, revoking, suspending, or restricting a license or imposing a fine. The board may suspend a license without notice or hearing upon a determination that the safety or health of patrons or employees is jeopardized by continuing a marihuana facility's operation. If the board suspends a license under this subsection without notice or hearing, a prompt postsuspension hearing must be held to determine if the suspension should remain in effect. The suspension may remain in effect until the board determines that the cause for suspension has been abated. The board may revoke the license or approve a transfer or sale of the license upon a determination that the licensee has not made satisfactory progress toward abating the hazard.

(3) After denying an application for a license, the board shall, upon request, provide a public investigative

© Courtesy of www.legislature.mi.gov

hearing at which the applicant is given the opportunity to present testimony and evidence to establish its suitability for a license. Other testimony and evidence may be presented at the hearing, but the board's decision must be based on the whole record before the board and is not limited to testimony and evidence submitted at the public investigative hearing.

(4) Except for license applicants who may be granted a hearing at the discretion of the board under subsection (3), any party aggrieved by an action of the board suspending, revoking, restricting, or refusing to renew a license, or imposing a fine, shall be given a hearing before the board upon request. A request for a hearing must be made to the board in writing within 21 days after service of notice of the action of the board. Notice of the action of the board must be served either by personal delivery or by certified mail, postage prepaid, to the aggrieved party. Notice served by certified mail is considered complete on the business day following the date of the mailing.

(5) The board may conduct investigative and contested case hearings; issue subpoenas for the attendance of witnesses; issue subpoenas duces tecum for the production of books, ledgers, records, memoranda, electronically retrievable data, and other pertinent documents; and administer oaths and affirmations to witnesses as appropriate to exercise and discharge the powers and duties of the board under this act. The director of the department or his or her designee may issue subpoenas and administer oaths and affirmations to witnesses.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 582, Eff. Jan. 1, 2019.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27407a Operation of marihuana facility; license required; violation; penalties.

Sec. 407a. Beginning June 1, 2019, a person shall not hold itself out as operating a marihuana facility if the person does not hold a license to operate that marihuana facility or if the person's license to operate that marihuana facility is suspended, revoked, lapsed, or void, or was fraudulently obtained or transferred to the person other than pursuant to section 406. A person that violates this section is guilty as follows:

(a) In the case of a first violation, a misdemeanor punishable by a fine of not less than $10,000.00 or more than $25,000.00 or imprisonment of not more than 93 days, or both.

(b) In the case of a second or subsequent violation, a misdemeanor punishable by a fine of not less than $10,000.00 or more than $25,000.00 or imprisonment of not more than 1 year, or both.

(c) If the violation causes death or serious injury, a felony punishable by a fine of not less than $10,000.00 or more than $25,000.00 or imprisonment for not more than 4 years, or both.

**History:** Add. 2018, Act 582, Eff. Jan. 1, 2019.

**Compiler's note:** For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27408 Proof of financial responsibility; liability insurance policy requirements; failure to maintain proof; suspension.

Sec. 408. (1) Before the marijuana regulatory agency grants or renews any license under this act, the licensee or applicant shall file with the marijuana regulatory agency proof of financial responsibility for liability for bodily injury to lawful users resulting from the manufacture, distribution, transportation, or sale of adulterated marihuana or adulterated marihuana-infused product in an amount not less than $100,000.00 for each license. The proof of financial responsibility must be a liability insurance policy that meets all of the following requirements:

(a) Is issued by a licensed insurance company or licensed captive insurance company in this state.

(b) Does not include a condition, provision, stipulation, or limitation contained in the policy, or any other endorsement, that relieves the insurer from liability for the payment of any claim for which the insured may be held liable under this act.

© Courtesy of www.legislature.mi.gov

(c) Covers bodily injuries to a qualifying patient including injuries that are caused by the intentional conduct of the licensee or its employee or agent. However, the proof of financial responsibility is not required to cover bodily injuries to qualifying patients caused by the licensee or its employee or agent if the licensee or its employee or agent acted with the intent to harm.

(2) A licensee or applicant must include with its filing under subsection (1) an attestation of compliance with this section on a form approved by the marijuana regulatory agency. An officer of the licensed insurance company or licensed captive insurance company that issues the policy described in subsection (1) must sign the attestation of compliance that the licensee or applicant is required to file under this subsection.

(3) A licensee or applicant may furnish proof of financial responsibility that exceeds the requirements of this section.

(4) If at any time a licensee fails to maintain proof of financial responsibility as required under this section, the marijuana regulatory agency shall immediately suspend the licensee's license until the licensee provides to the marijuana regulatory agency proof of financial responsibility as required under this section.

(5) As used in this section:

(a) "Adulterated marihuana" means a product sold as marihuana that contains any unintended substance or chemical or biological matter other than marihuana that causes adverse reaction after ingestion or consumption.

(b) "Bodily injury" does not include expected or intended effect or long-term adverse effect of smoking, ingestion, or consumption of marihuana or marihuana-infused product.

(6) An insured licensee shall not cancel liability insurance required under this section unless the licensee does both of the following:

(a) Gives 30 days' prior written notice to the marijuana regulatory agency.

(b) Procures new proof of financial responsibility required under this section and delivers that proof to the marijuana regulatory agency within 30 days after giving the marijuana regulatory agency the notice under subdivision (a).

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2021, Act 160, Eff. Mar. 30, 2022.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27409 State operating license as revocable privilege.

Sec. 409. A state operating license is a revocable privilege granted by this state and is not a property right. Granting a license does not create or vest any right, title, franchise, or other property interest. A licensee or any other person shall not lease, pledge, or borrow or loan money against a license.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 582, Eff. Jan. 1, 2019.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## PART 5. LICENSEES

### 333.27501 Grower license.

Sec. 501. (1) A grower license authorizes the grower to grow not more than the following number of marihuana plants under the indicated license class for each license the grower holds in that class:

(a) Class A – 500 marihuana plants.

(b) Class B – 1,000 marihuana plants.

(c) Class C – 1,500 marihuana plants.

(2) Except as otherwise provided in this subsection, a grower license authorizes sale of marihuana plants to

© Courtesy of www.legislature.mi.gov

a grower only by means of a secure transporter. A grower license authorizes the sale or transfer of seeds, seedlings, or tissue cultures to a grower from a registered primary caregiver or another grower without using a secure transporter.

(3) A grower license authorizes a grower to transfer marihuana without using a secure transporter to a processor or provisioning center if both of the following are met:

(a) The processor or provisioning center occupies the same location as the grower and the marihuana is transferred using only private real property without accessing public roadways.

(b) The grower enters each transfer into the statewide monitoring system.

(4) A grower license authorizes sale of marihuana, other than seeds, seedlings, tissue cultures, and cuttings, to a processor or provisioning center.

(5) Except as otherwise provided in subsections (2) and (3) and section 505, a grower license authorizes the grower to transfer marihuana only by means of a secure transporter.

(6) To be eligible for a grower license, the applicant and each investor in the grower must not have an interest in a secure transporter or safety compliance facility.

(7) Until December 31, 2018, for a period of 30 days after the issuance of a grower license and in accord with rules, a grower may transfer any of the following that are lawfully possessed by an individual formerly registered as a primary caregiver who is an active employee of the grower:

(a) Marihuana plants.

(b) Seeds.

(c) Seedlings.

(8) A grower shall comply with all of the following:

(a) Until December 31, 2021, have, or have as an active employee an individual who has, a minimum of 2 years' experience as a registered primary caregiver.

(b) While holding a license as a grower, not be a registered primary caregiver and not employ an individual who is simultaneously a registered primary caregiver.

(c) Enter all transactions, current inventory, and other information into the statewide monitoring system as required in this act, rules, and the marihuana tracking act.

(9) A grower license does not authorize the grower to operate in an area unless the area is zoned for industrial or agricultural uses or is unzoned and otherwise meets the requirements established in section 205(1).

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27502 Processor license; exception for industrial hemp.

Sec. 502. (1) A processor license authorizes purchase of marihuana only from a grower and sale of marihuana-infused products or marihuana only to a provisioning center or another processor.

(2) Except as otherwise provided in section 505 and this subsection, a processor license authorizes the processor to transfer marihuana only by means of a secure transporter. A processor license authorizes a processor to transfer marihuana without using a secure transporter to a grower or provisioning center if both of the following are met:

(a) The grower or provisioning center occupies the same location as the processor and the marihuana is transferred using only private real property without accessing public roadways.

(b) The processor enters each transfer into the statewide monitoring system.

(3) To be eligible for a processor license, the applicant and each investor in the processor must not have an interest in a secure transporter or safety compliance facility.

(4) Until December 31, 2018, for a period of 30 days after the issuance of a processor license and in accord with rules, a processor may transfer any of the following that are lawfully possessed by an individual formerly registered as a primary caregiver who is an active employee of the processor:

(a) Marihuana plants.

(b) Usable marihuana.

© Courtesy of www.legislature.mi.gov

(5) A processor shall comply with all of the following:

(a) Until December 31, 2021, have, or have as an active employee an individual who has, a minimum of 2 years' experience as a registered primary caregiver.

(b) While holding a license as a processor, not be a registered primary caregiver and not employ an individual who is simultaneously a registered primary caregiver.

(c) Enter all transactions, current inventory, and other information into the statewide monitoring system as required in this act, rules, and the marihuana tracking act.

(6) This act does not prohibit a processor from handling, processing, marketing, or brokering, as those terms are defined in section 2 of the industrial hemp research and development act, MCL 286.842, industrial hemp.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018;—Am. 2018, Act 648, Eff. Mar. 28, 2019.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27503 Secure transporter license.

Sec. 503. (1) A secure transporter license authorizes the licensee to store and transport marihuana and money associated with the purchase or sale of marihuana between marihuana facilities for a fee upon request of a person with legal custody of that marihuana or money. It does not authorize transport to a registered qualifying patient or registered primary caregiver. If a secure transporter has its primary place of business in a municipality that has adopted an ordinance under section 205 authorizing that marihuana facility, the secure transporter may travel through any municipality.

(2) To be eligible for a secure transporter license, the applicant and each investor with an interest in the secure transporter must not have an interest in a grower, processor, provisioning center, or safety compliance facility and must not be a registered qualifying patient or a registered primary caregiver.

(3) A secure transporter shall enter all transactions, current inventory, and other information into the statewide monitoring system as required in this act, rules, and the marihuana tracking act.

(4) A secure transporter shall comply with all of the following:

(a) Each driver transporting marihuana must have a chauffeur's license issued by this state.

(b) Each employee who has custody of marihuana or money that is related to a marihuana transaction shall not have been convicted of or released from incarceration for a felony under the laws of this state, any other state, or the United States within the past 5 years or have been convicted of a misdemeanor involving a controlled substance within the past 5 years.

(c) Each vehicle must be operated with a 2-person crew with at least 1 individual remaining with the vehicle at all times during the transportation of marihuana.

(d) A route plan and manifest must be entered into the statewide monitoring system, and a copy must be carried in the transporting vehicle and presented to a law enforcement officer upon request.

(e) The marihuana must be transported in 1 or more sealed containers and not be accessible while in transit.

(f) A secure transporting vehicle must not bear markings or other indication that it is carrying marihuana or a marihuana-infused product.

(5) A secure transporter is subject to administrative inspection by a law enforcement officer at any point during the transportation of marihuana to determine compliance with this act.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

© Courtesy of www.legislature.mi.gov

### 333.27504 Provisioning center license.

Sec. 504. (1) A provisioning center license authorizes the purchase or transfer of marihuana only from a grower or processor and sale or transfer to only a registered qualifying patient or registered primary caregiver. Except as otherwise provided in section 505 and this subsection, all transfers of marihuana to a provisioning center from a separate marihuana facility must be by means of a secure transporter. A transfer of marihuana to a provisioning center from a marihuana facility that occupies the same location as the provisioning center does not require a secure transporter if the marihuana is transferred to the provisioning center using only private real property without accessing public roadways.

(2) A provisioning center license authorizes the provisioning center to transfer marihuana to or from a safety compliance facility for testing by means of a secure transporter or as provided in section 505.

(3) To be eligible for a provisioning center license, the applicant and each investor in the provisioning center must not have an interest in a secure transporter or safety compliance facility.

(4) A provisioning center shall comply with all of the following:

(a) Sell or transfer marihuana to a registered qualifying patient or registered primary caregiver only after it has been tested and bears the label required for retail sale.

(b) Enter all transactions, current inventory, and other information into the statewide monitoring system as required in this act, rules, and the marihuana tracking act.

(c) Before selling or transferring marihuana to a registered qualifying patient or to a registered primary caregiver on behalf of a registered qualifying patient, inquire of the statewide monitoring system to determine whether the patient and, if applicable, the caregiver hold a valid, current, unexpired, and unrevoked registry identification card and that the sale or transfer will not exceed the daily and monthly purchasing limit established by the medical marihuana licensing board under this act.

(d) Not allow the sale, consumption, or use of alcohol or tobacco products on the premises.

(e) Not allow a physician to conduct a medical examination or issue a medical certification document on the premises for the purpose of obtaining a registry identification card.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27505 Safety compliance facility license; exception for industrial hemp.

Sec. 505. (1) In addition to transfer and testing authorized in section 203, a safety compliance facility license authorizes the safety compliance facility to do all of the following without using a secure transporter:

(a) Take marihuana from, test marihuana for, and return marihuana to only a marihuana facility.

(b) Collect a random sample of marihuana at the marihuana facility of a grower, processor, or provisioning center for testing.

(2) A safety compliance facility must be accredited by an entity approved by the board by 1 year after the date the license is issued or have previously provided drug testing services to this state or this state's court system and be a vendor in good standing in regard to those services. The board may grant a variance from this requirement upon a finding that the variance is necessary to protect and preserve the public health, safety, or welfare.

(3) To be eligible for a safety compliance facility license, the applicant and each investor with any interest in the safety compliance facility must not have an interest in a grower, secure transporter, processor, or provisioning center.

(4) A safety compliance facility shall comply with all of the following:

(a) Perform tests to certify that marihuana is reasonably free of chemical residues such as fungicides and insecticides.

(b) Use validated test methods to determine tetrahydrocannabinol, tetrahydrocannabinol acid, cannabidiol, and cannabidiol acid levels.

(c) Perform tests that determine whether marihuana complies with the standards the board establishes for microbial and mycotoxin contents.

(d) Perform other tests necessary to determine compliance with any other good manufacturing practices as

© Courtesy of www.legislature.mi.gov

prescribed in rules.

(e) Enter all transactions, current inventory, and other information into the statewide monitoring system as required in this act, rules, and the marihuana tracking act.

(f) Have a secured laboratory space that cannot be accessed by the general public.

(g) Retain and employ at least 1 staff member with a relevant advanced degree in a medical or laboratory science.

(5) This act does not prohibit a safety compliance facility from taking or receiving industrial hemp for testing purposes and testing the industrial hemp pursuant to the industrial hemp research and development act.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018;—Am. 2018, Act 648, Eff. Mar. 28, 2019.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## PART 6. TAXES AND FEES

### 333.27601 Provisioning center; imposition of tax; rate; administration.

Sec. 601. (1) A tax is imposed on each provisioning center at the rate of 3% of the provisioning center's gross retail receipts. By 30 days after the end of the calendar quarter, a provisioning center shall remit the tax for the preceding calendar quarter to the department of treasury accompanied by a form prescribed by the department of treasury that shows the gross quarterly retail income of the provisioning center and the amount of tax due, and shall submit a copy of the form to the department. If a law authorizing the recreational or nonmedical use of marihuana in this state is enacted, this section does not apply beginning 90 days after the effective date of that law.

(2) The taxes imposed under this section shall be administered by the department of treasury in accordance with 1941 PA 122, MCL 205.1 to 205.31, and this act. In case of conflict between the provisions of 1941 PA 122, MCL 205.1 to 205.31, and this act, the provisions of this act prevail.

**History:** 2016, Act 281, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27602 Medical marihuana excise fund.

Sec. 602. (1) The medical marihuana excise fund is created in the state treasury.

(2) Except for the application fee under section 401, the regulatory assessment under section 603, and any local fees, all money collected under section 601 and all other fees, fines, and charges, imposed under this act must be deposited in the medical marihuana excise fund. The state treasurer shall direct the investment of the fund. The state treasurer shall credit to the fund interest and earnings from fund investments.

(3) Money in the medical marihuana excise fund at the close of the fiscal year remains in the fund and does not lapse to the general fund.

(4) The state treasurer is the administrator of the medical marihuana excise fund for auditing purposes.

(5) The money in the medical marihuana excise fund must be allocated, upon appropriation, as follows:

(a) 25% to municipalities in which a marihuana facility is located, allocated in proportion to the number of marihuana facilities within the municipality.

(b) 30% to counties in which a marihuana facility is located, allocated in proportion to the number of marihuana facilities within the county.

(c) 5% to counties in which a marihuana facility is located, allocated in proportion to the number of marihuana facilities within the county. Money allocated under this subdivision must be used exclusively to support the county sheriffs and must be in addition to and not in replacement of any other funding received by

© Courtesy of www.legislature.mi.gov

the county sheriffs.

(d) 30% to this state for the following:

(*i*) Until September 30, 2017, for deposit in the general fund of the state treasury.

(*ii*) Beginning October 1, 2017, for deposit in the first responder presumed coverage fund created in section 405 of the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.405.

(e) 5% to the Michigan commission on law enforcement standards for training local law enforcement officers.

(f) 5% to the department of state police.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27603 Regulatory assessment.

Sec. 603. (1) A regulatory assessment is imposed on certain licensees as provided in this section. All of the following shall be included in establishing the total amount of the regulatory assessment established under this section:

(a) The department's costs to implement, administer, and enforce this act, except for the costs to process and investigate applications for licenses supported with the application fee described in section 401.

(b) Expenses of medical-marihuana-related legal services provided to the department by the department of attorney general.

(c) Expenses of medical-marihuana-related services provided to the department by the department of state police.

(d) Expenses of medical-marihuana-related services provided by the department of treasury.

(e) $500,000.00 to be allocated to the department for expenditures of the department for licensing substance use disorder programs.

(f) An amount equal to 5% of the sum of the amounts provided for under subdivisions (a) to (d) to be allocated to the department of health and human services for substance-abuse-related expenditures including, but not limited to, substance use disorder prevention, education, and treatment programs.

(g) Expenses related to the standardized field sobriety tests administered in enforcing the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923.

(h) An amount sufficient to provide for the administrative costs of the Michigan commission on law enforcement standards.

(2) The regulatory assessment is in addition to the application fee described in section 401, the tax described in section 601, and any local licensing fees.

(3) The regulatory assessment shall be collected annually from licensed growers, processors, provisioning centers, and secure transporters. The regulatory assessment for a class A grower license shall not exceed $10,000.00.

(4) Beginning in the first year marihuana facilities are authorized to operate in this state, and annually thereafter, the department, in consultation with the board, shall establish the total regulatory assessment at an amount that is estimated to be sufficient to cover the actual costs and support the expenditures listed in subsection (1).

(5) On or before the date the licensee begins operating and annually thereafter, each grower, processor, provisioning center, and secure transporter shall pay to the state treasurer an amount determined by the department to reasonably reflect the licensee's share of the total regulatory assessment established under subsection (4).

**History:** 2016, Act 281, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical

marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27604 Marihuana regulatory fund.

Sec. 604. (1) The marihuana regulatory fund is created within the state treasury.

(2) The application fee collected under section 401 and the regulatory assessment collected under section 603 must be deposited into the marihuana regulatory fund. The state treasurer shall direct the investment of the fund. The state treasurer shall credit to the fund interest and earnings from fund investments.

(3) Except as otherwise provided in this section, money in the marihuana regulatory fund at the close of the fiscal year must remain in the fund and must not lapse to the general fund.

(4) The marijuana regulatory agency is the administrator of the marihuana regulatory fund for auditing purposes.

(5) Except as provided in section 603(1)(d) and (e), the department shall expend money from the marihuana regulatory fund, upon appropriation, only for implementing, administering, and enforcing this act.

(6) For the fiscal year ending September 30, 2020 only, $17,000,000.00 of the money in the marihuana regulatory fund is transferred to and must be deposited into the general fund.

(7) As used in this section, "marijuana regulatory agency" means the marijuana regulatory agency created under Executive Reorganization Order No. 2019-2, MCL 333.27001.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2020, Act 170, Imd. Eff. Oct. 1, 2020.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27605 Use of money from Michigan marihuana registry fund.

Sec. 605. The department may use any money appropriated to it from the marihuana registry fund created in section 6 of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26426, for the purpose of funding the operations of the department and the board in the initial implementation and subsequent administration and enforcement of this act.

**History:** 2016, Act 281, Eff. Dec. 20, 2016.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## PART 7. REPORTS

### 333.27701 Financial statements.

Sec. 701. Every 3 years, or a shorter time period as determined by the marijuana regulatory agency, a licensee shall transmit to the marijuana regulatory agency and to the municipality financial statements of the licensee's total operations. The financial statements must be reviewed by a certified public accountant in a manner and form prescribed by the marijuana regulatory agency. The certified public accountant must be licensed in this state under article 7 of the occupational code, 1980 PA 299, MCL 339.720 to 339.736. The compensation for the certified public accountant must be paid directly by the licensee to the certified public accountant.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2021, Act 119, Imd. Eff. Dec. 7, 2021.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear

© Courtesy of www.legislature.mi.gov

requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27702 Report.

Sec. 702. The board shall submit with the annual report to the governor under section 302(*l*) and to the chairs of the legislative committees that govern issues related to marihuana facilities a report covering the previous year. The report shall include an account of the board actions, its financial position, results of operation under this act, and any recommendations for legislation that the board considers advisable.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 582, Eff. Jan. 1, 2019.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## PART 8. MARIHUANA ADVISORY PANEL

### 333.27801 Marihuana advisory panel.

Sec. 801. (1) The marihuana advisory panel is created within the department.

(2) The marihuana advisory panel consists of 17 members, including the director of state police or his or her designee, the director of this state's department of health and human services or his or her designee, the director of the department or his or her designee, the attorney general or his or her designee, the director of the department of agriculture and rural development or his or her designee, and the following members appointed by the governor:

(a) One registered medical marihuana patient or medical marihuana primary caregiver.

(b) One representative of the industry from the growers category.

(c) One representative of the industry from the processors category.

(d) One representative of the industry from the provisioning centers category.

(e) One representative of the industry from the safety compliance facilities category.

(f) One representative of townships.

(g) One representative of cities and villages.

(h) One representative of counties.

(i) One representative of sheriffs.

(j) One representative of local police.

(k) One physician licensed under article 15 of the public health code, 1978 PA 368, MCL 333.16101 to 333.18838.

(*l*) One representative of the industry from the secure transporter category.

(3) The governor shall appoint the first members of the panel by March 1, 2018. The members appointed to the panel shall serve at the pleasure of the governor and shall serve for terms of 3 years or until a successor is appointed, whichever is later.

(4) If a vacancy occurs on the advisory panel, the governor shall make an appointment for the unexpired term in the same manner as the original appointment.

(5) The director of the department or his or her designee shall call the first meeting of the panel within 1 month after the advisory panel is appointed. At the first meeting, the panel shall elect from among its members a chairperson and any other officers it considers necessary or appropriate. After the first meeting, the panel shall meet at least 2 times each year, or more frequently at the call of the chairperson.

(6) A majority of the members of the panel constitute a quorum for the transaction of business. A majority of the members present and serving are required for official action of the panel.

(7) The business that the panel performs must be conducted at a public meeting held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(8) A writing prepared, owned, used, in the possession of, or retained by the panel in the performance of an

© Courtesy of www.legislature.mi.gov

official function is subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(9) Members of the panel shall serve without compensation. However, members of the panel may be reimbursed for their actual and necessary expenses incurred in the performance of their official duties as members of the panel.

(10) The panel may make recommendations to the board concerning promulgation of rules and, as requested by the board or the department, the administration, implementation, and enforcement of this act and the marihuana tracking act.

(11) State departments and agencies shall cooperate with the panel and, upon request, provide it with meeting space and other necessary resources to assist it in the performance of its duties.

**History:** 2016, Act 281, Eff. Dec. 20, 2016;—Am. 2018, Act 10, Imd. Eff. Jan. 26, 2018.

**Compiler's note:** Enacting section 2 of Act 281 of 2016 provides:

"Enacting section 2. The legislature finds that the necessity for access to safe sources of marihuana for medical use and the immediate need for growers, processors, secure transporters, provisioning centers, and safety compliance facilities to operate under clear requirements establish the need to promulgate emergency rules to preserve the public health, safety, or welfare."

For transfer of powers and duties of the medical marihuana licensing board, marihuana advisory panel, and department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the medical marihuana licensing board, marihuana advisory panel, and bureau of marijuana regulation, see ERO No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

# MARIHUANA TRACKING ACT
# Act 282 of 2016

AN ACT to establish a statewide monitoring system to track marihuana and marihuana products in commercial trade; to monitor compliance with laws authorizing commercial traffic in medical marihuana; to identify threats to health from particular batches of marihuana or medical marihuana; to require persons engaged in commercial marihuana trade to submit certain information for entry into the system; to provide the powers and duties of certain state departments and agencies; to provide for remedies; and to provide for the promulgation of rules.

**History:** 2016, Act 282, Eff. Dec. 20, 2016.

**Compiler's note:** For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

*The People of the State of Michigan enact:*

## 333.27901 Short title.

Sec. 1. This act shall be known and may be cited as the "marihuana tracking act".

**History:** 2016, Act 282, Eff. Dec. 20, 2016.

**Compiler's note:** For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27902 Definitions.

Sec. 2. As used in this act:

(a) "Department" means the department of licensing and regulatory affairs.

(b) "Financial institution" means that term as defined in section 201 of the medical marihuana facilities licensing act, MCL 333.27201.

(c) "Licensee" means that term as defined in section 102 of the medical marihuana facilities licensing act, MCL 333.27102.

(d) "Marihuana" means that term as defined in section 3 of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953.

(e) "Medical marihuana facilities licensing act" means the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801.

(f) "Registered primary caregiver" means that term as defined in section 102 of the medical marihuana facilities licensing act, MCL 333.27102.

(g) "Registered qualifying patient" means that term as defined in section 102 of the medical marihuana facilities licensing act, MCL 333.27102.

(h) "Registry identification card" means that term as defined in section 3 of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26423.

(i) "Statewide monitoring system" or "system" means an internet-based, statewide database established, implemented, and maintained directly or indirectly by the department that is available to licensees, law enforcement agencies, and authorized state departments and agencies on a 24-hour basis for all of the following:

(*i*) Verifying registry identification cards.

(*ii*) Tracking marihuana transfer and transportation by licensees, including transferee, date, quantity, and price.

(*iii*) Verifying in a commercially reasonable time that a transfer will not exceed the limit that the registered qualifying patient or registered primary caregiver is authorized to receive under section 4 of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26424.

**History:** 2016, Act 282, Eff. Dec. 20, 2016;—Am. 2018, Act 439, Eff. Mar. 21, 2019;—Am. 2021, Act 59, Eff. Oct. 11, 2021.

**Compiler's note:** For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27903 Statewide monitoring system; use as integrated marihuana tracking, inventory, and verification system; requirements; rules; bids; violation; termination of contract.

Sec. 3. (1) The department shall establish a statewide monitoring system for use as an integrated marihuana tracking, inventory, and verification system. The system must allow for interface with third-party inventory and tracking systems as described in section 207 of the medical marihuana facilities licensing act to provide for access by this state, licensees, and law enforcement personnel, to the extent that they need and are authorized to receive or submit the information, to comply with, enforce, or administer this act; the Michigan medical marihuana act, 2008 IL 1, MCL 333.26421 to 333.26430; or the medical marihuana facilities licensing act.

(2) At a minimum, the system must be capable of storing and providing access to information that, in conjunction with 1 or more third-party inventory control and tracking systems under section 207 of the medical marihuana facilities licensing act, allows all of the following:

(a) Verification that a registry identification card is current and valid and has not been suspended, revoked, or denied.

(b) Retention of a record of the date, time, quantity, and price of each sale or transfer of marihuana to a registered qualifying patient or registered primary caregiver.

(c) Determination of whether a particular sale or transfer transaction will exceed the permissible limit established under the Michigan medical marihuana act, 2008 IL 1, MCL 333.26421 to 333.26430.

(d) Effective monitoring of marihuana seed-to-sale transfers.

(e) Receipt and integration of information from third-party inventory control and tracking systems under section 207 of the medical marihuana facilities licensing act.

(3) The department shall promulgate rules to govern the process for incorporating information concerning registry identification card renewal, revocation, suspension, and changes and other information applicable to licensees, registered primary caregivers, and registered qualifying patients that must be included and maintained in the statewide monitoring system.

(4) The department shall seek bids to establish, operate, and maintain the statewide monitoring system under this section. The department shall do all of the following:

(a) Evaluate bidders based on the cost of the service and the ability to meet all of the requirements of this act; the Michigan medical marihuana act, 2008 IL 1, MCL 333.26421 to 333.26430; and the medical marihuana facilities licensing act.

(b) Give strong consideration to the bidder's ability to prevent fraud, abuse, and other unlawful or prohibited activities associated with the commercial trade in marihuana in this state, and the ability to provide additional tools for the administration and enforcement of this act; the Michigan medical marihuana act, 2008 IL 1, MCL 333.26421 to 333.26430; and the medical marihuana facilities licensing act.

(c) Institute procedures to ensure that the contract awardee does not disclose or use the information in the system for any use or purpose except for the enforcement, oversight, and implementation of the Michigan medical marihuana act, 2008 IL 1, MCL 333.26421 to 333.26430, or the medical marihuana facilities licensing act.

(d) Require the contract awardee to deliver the functioning system by 180 days after award of the contract.

(5) The department may terminate a contract with a contract awardee under this act for a violation of this act. A contract awardee may be debarred from award of other state contracts under this act for a violation of this act.

**History:** 2016, Act 282, Eff. Dec. 20, 2016.

**Compiler's note:** For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27904 Confidentiality; exemption from disclosure; exceptions.

Sec. 4. (1) The information in the system is confidential and is exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246. Information in the system may be disclosed pursuant to subsection (2) or for purposes of enforcing this act; the Michigan medical marihuana act, 2008 IL 1, MCL 333.26421 to 333.26430; and the medical marihuana facilities licensing act.

(2) A licensee may, in writing, authorize the department to disclose the licensee's information in the system described in section 3(2)(a) to (c) to a financial institution identified in the authorization. Upon receiving written authorization under this subsection, the department shall disclose the licensee's information described in section 3(2)(a) to (c) to a financial institution identified in the authorization.

# MICHIGAN REGULATION AND TAXATION OF MARIHUANA ACT
## Initiated Law 1 of 2018

An initiation of legislation to allow under state law the personal possession and use of marihuana by persons 21 years of age or older; to provide for the lawful cultivation and sale of marihuana and industrial hemp by persons 21 years of age or older; to permit the taxation of revenue derived from commercial marihuana facilities; to permit the promulgation of administrative rules; and to prescribe certain penalties for violations of this act. If not enacted by the Michigan State Legislature in accordance with the Michigan Constitution of 1963, the proposed legislation is to be voted on at the General Election, November 6, 2018.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

*The People of the State of Michigan enact:*

### 333.27951 Short title.

Sec. 1. This act shall be known and may be cited as the Michigan Regulation and Taxation of Marihuana Act.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27952 Purpose and intent.

Sec. 2. The purpose of this act is to make marihuana legal under state and local law for adults 21 years of age or older, to make industrial hemp legal under state and local law, and to control the commercial production and distribution of marihuana under a system that licenses, regulates, and taxes the businesses involved. The intent is to prevent arrest and penalty for personal possession and cultivation of marihuana by adults 21 years of age or older; remove the commercial production and distribution of marihuana from the illicit market; prevent revenue generated from commerce in marihuana from going to criminal enterprises or gangs; prevent the distribution of marihuana to persons under 21 years of age; prevent the diversion of marihuana to illicit markets; ensure the safety of marihuana and marihuana-infused products; and ensure security of marihuana establishments. To the fullest extent possible, this act shall be interpreted in accordance with the purpose and intent set forth in this section.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27953 Definitions.

Sec. 3. As used in this act:

(a) "Cannabis regulatory agency" means the marijuana regulatory agency created under Executive Reorganization Order No. 2019-2, MCL 333.27001, renamed the cannabis regulatory agency under Executive Reorganization Order No. 2022-1, MCL 333.27002.

© Courtesy of www.legislature.mi.gov

(b) "Cultivate" means to propagate, breed, grow, harvest, dry, cure, or separate parts of a marihuana plant by manual or mechanical means.

(c) "Department" means the cannabis regulatory agency.

(d) "Indian lands" means any of the following:

(*i*) All lands within the limits of an Indian reservation.

(*ii*) Any lands title to which is either held in trust by the United States for the benefit of any Indian tribe or individual or held by any Indian tribe or individual subject to restriction by the United States against alienation and over which an Indian tribe exercises governmental power.

(e) "Indian tribe" means any Indian tribe, band, nation, or other organized group or community of Indians which is recognized as eligible by the United States Secretary of the Interior for the special programs and services provided by the United States to Indians because of their status as Indians, and is recognized as possessing powers of self-government.

(f) "Industrial hemp" means any of the following:

(*i*) A plant of the genus *Cannabis*, whether growing or not, with a THC concentration of 0.3% or less on a dry-weight basis.

(*ii*) A part of a plant of the genus *Cannabis*, whether growing or not, with a THC concentration of 0.3% or less on a dry-weight basis.

(*iii*) The seeds of a plant of the genus *Cannabis* with a THC concentration of 0.3% or less on a dry-weight basis.

(*iv*) If it has a THC concentration of 0.3% or less on a dry-weight basis, a compound, manufacture, derivative, mixture, preparation, extract, cannabinoid, acid, salt, isomer, or salt of an isomer of any of the following:

(A) A plant of the genus *Cannabis*.

(B) A part of a plant of the genus *Cannabis*.

(*v*) A product to which 1 of the following applies:

(A) If the product is intended for human or animal consumption, the product, in the form in which it is intended for sale to a consumer, meets both of the following requirements:

(I) Has a THC concentration of 0.3% or less on a dry-weight or per volume basis.

(II) Contains a total amount of THC that is less than or equal to the limit established by the cannabis regulatory agency under section 8(1)(n).

(B) If the product is not intended for human or animal consumption, the product meets both of the following requirements:

(I) Contains a substance listed in subparagraph (*i*), (*ii*), (*iii*), or (*iv*).

(II) Has a THC concentration of 0.3% or less on a dry-weight basis.

(g) "Licensee" means a person holding a state license.

(h) "Marihuana" means any of the following:

(*i*) A plant of the genus *Cannabis*, whether growing or not.

(*ii*) A part of a plant of the genus *Cannabis*, whether growing or not.

(*iii*) The seeds of a plant of the genus *Cannabis*.

(*iv*) Marihuana concentrate.

(*v*) A compound, manufacture, salt, derivative, mixture, extract, acid, isomer, salt of an isomer, or preparation of any of the following:

(A) A plant of the genus *Cannabis*.

(B) A part of a plant of the genus *Cannabis*.

(C) The seeds of a plant of the genus *Cannabis*.

(D) Marihuana concentrate.

(*vi*) A marihuana-infused product.

(*vii*) A product with a THC concentration of more than 0.3% on a dry-weight or per volume basis in the form in which it is intended for sale to a consumer.

(*viii*) A product that is intended for human or animal consumption and that contains, in the form in which it is intended for sale to a consumer, a total amount of THC that is greater than the limit established by the cannabis regulatory agency under section 8(1)(n).

(i) Except for marihuana concentrate extracted from any of the following, "marihuana" does not include any of the following:

(*i*) The mature stalks of a plant of the genus *Cannabis*.

(*ii*) Fiber produced from the mature stalks of a plant of the genus *Cannabis*.

(*iii*) Oil or cake made from the seeds of a plant of the genus *Cannabis*.

(*iv*) A compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks of a plant of

© Courtesy of www.legislature.mi.gov

the genus *Cannabis*.

(*v*) Industrial hemp.

(*vi*) An ingredient combined with marihuana to prepare topical or oral administrations, food, drink, or other products.

(*vii*) A drug for which an application filed in accordance with 21 USC 355 is approved by the Food and Drug Administration.

(j) "Marihuana accessories" means any equipment, product, material, or combination of equipment, products, or materials, that is specifically designed for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, ingesting, inhaling, or otherwise introducing marihuana into the human body.

(k) "Marihuana concentrate" means the resin extracted from any part of a plant of the genus *Cannabis*.

(*l*) "Marihuana establishment" means a marihuana grower, marihuana safety compliance facility, marihuana processor, marihuana microbusiness, marihuana retailer, marihuana secure transporter, or any other type of marihuana-related business licensed by the cannabis regulatory agency.

(m) "Marihuana grower" means a person licensed to cultivate marihuana and sell or otherwise transfer marihuana to marihuana establishments.

(n) "Marihuana-infused product" means a topical formulation, tincture, beverage, edible substance, or similar product containing marihuana and other ingredients and that is intended for human consumption.

(o) "Marihuana microbusiness" means a person licensed to cultivate not more than 150 marihuana plants; process and package marihuana; and sell or otherwise transfer marihuana to individuals who are 21 years of age or older or to a marihuana safety compliance facility, but not to other marihuana establishments.

(p) "Marihuana processor" means a person licensed to obtain marihuana from marihuana establishments; process and package marihuana; and sell or otherwise transfer marihuana to marihuana establishments.

(q) "Marihuana retailer" means a person licensed to obtain marihuana from marihuana establishments and to sell or otherwise transfer marihuana to marihuana establishments and to individuals who are 21 years of age or older.

(r) "Marihuana safety compliance facility" means a person licensed to test marihuana, including certification for potency and the presence of contaminants.

(s) "Marihuana secure transporter" means a person licensed to obtain marihuana from marihuana establishments in order to transport marihuana to marihuana establishments.

(t) "Marijuana regulatory agency", unless the context dictates otherwise, means the cannabis regulatory agency.

(u) "Municipal license" means a license issued by a municipality pursuant to section 16 that allows a person to operate a marihuana establishment in that municipality.

(v) "Municipality" means a city, village, or township.

(w) "Person" means an individual, corporation, limited liability company, partnership of any type, trust, or other legal entity.

(x) "Process" or "processing" means to separate or otherwise prepare parts of a marihuana plant and to compound, blend, extract, infuse, or otherwise make or prepare marihuana concentrate or marihuana-infused products.

(y) "Qualifying Indian tribe" means an Indian tribe that meets all of the following conditions:

(*i*) The Indian tribe has entered into an agreement with the cannabis regulatory agency under section 7(2)(b) that is in effect.

(*ii*) The Indian tribe has entered into an agreement with the department of treasury that is in effect and that does all of the following:

(A) States that the revenue collected from the tax or fee described in subparagraph (*iii*) is not state money, and requires that this revenue be retained by and used as determined by only the Indian tribe, if the marihuana subject to the tax or fee was grown and processed on only the Indian tribe's Indian lands.

(B) States whether the revenue collected from the tax or fee described in subparagraph (*iii*) from marihuana not described in sub-subparagraph (A) is subject to revenue sharing between the Indian tribe and this state and, if so, the details of the revenue sharing arrangement.

(*iii*) The Indian tribe imposes a tax or fee on each sale or transfer of marihuana from a tribal marihuana business located in the Indian tribe's Indian lands to a person other than a tribal marihuana business or marihuana establishment. This subparagraph does not prohibit a qualifying Indian tribe from imposing the tax or fee on sales or transfers of marihuana that are not described in this subparagraph. The tax or fee must be based on the sales price of the marihuana and the rate of the tax or fee must be equal to or greater than the rate established under section 13.

© Courtesy of www.legislature.mi.gov

(z) "State license" means a license issued by the cannabis regulatory agency that allows a person to operate a marihuana establishment.

(aa) "THC" means any of the following:

(*i*) Tetrahydrocannabinolic acid.

(*ii*) Unless excluded by the cannabis regulatory agency under section 8(2)(c), a tetrahydrocannabinol, regardless of whether it is artificially or naturally derived.

(*iii*) A tetrahydrocannabinol that is a structural, optical, or geometric isomer of a tetrahydrocannabinol described in subparagraph (*ii*).

(bb) "Tribal marihuana business" means a business that meets all of the following conditions:

(*i*) The business engages in the type of activities licensed under this act.

(*ii*) The business is not a marihuana establishment.

(*iii*) The business is wholly owned by a qualifying Indian tribe, the enrolled members of a qualifying Indian tribe, or a combination of a qualifying Indian tribe and the members of that qualifying Indian tribe.

(*iv*) The business is located in this state and in the Indian lands of the qualifying Indian tribe described in subparagraph (*iii*).

(*v*) The business is subject to a tax or fee described in subdivision (y)(*iii*).

(cc) "Unreasonably impracticable" means that the measures necessary to comply with the rules or ordinances adopted pursuant to this act subject licensees to unreasonable risk or require such a high investment of money, time, or any other resource or asset that a reasonably prudent businessperson would not operate the marihuana establishment.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018;—Am. 2020, Act 208, Imd. Eff. Oct. 15, 2020;—Am. 2021, Act 56, Eff. Oct. 11, 2021;—Am. 2023, Act 166, Imd. Eff. Oct. 19, 2023.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27954 Scope of act; unauthorized activities with marihuana and marihuana accessories; limitations; application of privileges, rights, immunities, and defenses under other marihuana laws; employer rights; property owner rights.

Sec. 4. 1. This act does not authorize:

(a) operating, navigating, or being in physical control of any motor vehicle, aircraft, snowmobile, off-road recreational vehicle, or motorboat while under the influence of marihuana;

(b) transfer of marihuana or marihuana accessories to a person under the age of 21;

(c) any person under the age of 21 to possess, consume, purchase or otherwise obtain, cultivate, process, transport, or sell marihuana;

(d) separation of plant resin by butane extraction or another method that utilizes a substance with a flashpoint below 100 degrees Fahrenheit in any public place, motor vehicle, or within the curtilage of any residential structure;

(e) consuming marihuana in a public place or smoking marihuana where prohibited by the person who owns, occupies, or manages the property, except for purposes of this subdivision a public place does not include an area designated for consumption within a municipality that has authorized consumption in designated areas that are not accessible to persons under 21 years of age;

(f) cultivating marihuana plants if the plants are visible from a public place without the use of binoculars, aircraft, or other optical aids or outside of an enclosed area equipped with locks or other functioning security devices that restrict access to the area;

(g) consuming marihuana while operating, navigating, or being in physical control of any motor vehicle, aircraft, snowmobile, off-road recreational vehicle, or motorboat, or smoking marihuana within the passenger area of a vehicle upon a public way;

(h) possessing marihuana accessories or possessing or consuming marihuana on the grounds of a public or private school where children attend classes in preschool programs, kindergarten programs, or grades 1 through 12, in a school bus, or on the grounds of any correctional facility; or

(i) Possessing more than 2.5 ounces of marihuana within a person's place of residence unless the excess marihuana is stored in a container or area equipped with locks or other functioning security devices that

© Courtesy of www.legislature.mi.gov

restrict access to the contents of the container or area.

2. This act does not limit any privileges, rights, immunities, or defenses of a person as provided in the Michigan medical marihuana act, 2008 IL 1, MCL 333.26421 to 333.26430, the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801, or any other law of this state allowing for or regulating marihuana for medical use.

3. This act does not require an employer to permit or accommodate conduct otherwise allowed by this act in any workplace or on the employer's property. This act does not prohibit an employer from disciplining an employee for violation of a workplace drug policy or for working while under the influence of marihuana. This act does not prevent an employer from refusing to hire, discharging, disciplining, or otherwise taking an adverse employment action against a person with respect to hire, tenure, terms, conditions, or privileges of employment because of that person's violation of a workplace drug policy or because that person was working while under the influence of marihuana.

4. This act allows a person to prohibit or otherwise regulate the consumption, cultivation, distribution, processing, sale, or display of marihuana and marihuana accessories on property the person owns, occupies, or manages, except that a lease agreement may not prohibit a tenant from lawfully possessing and consuming marihuana by means other than smoking.

5. All other laws inconsistent with this act do not apply to conduct that is permitted by this act.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27955 Lawful activities by person 21 years of age or older; terms, conditions, limitations, and restrictions; denial of custody or visitation prohibited.

Sec. 5. 1. Notwithstanding any other law or provision of this act, and except as otherwise provided in section 4 of this act, the following acts by a person 21 years of age or older are not unlawful, are not an offense, are not grounds for seizing or forfeiting property, are not grounds for arrest, prosecution, or penalty in any manner, are not grounds for search or inspection, and are not grounds to deny any other right or privilege:

(a) except as permitted by subdivision (b), possessing, using or consuming, internally possessing, purchasing, transporting, or processing 2.5 ounces or less of marihuana, except that not more than 15 grams of marihuana may be in the form of marihuana concentrate;

(b) within the person's residence, possessing, storing, and processing not more than 10 ounces of marihuana and any marihuana produced by marihuana plants cultivated on the premises and cultivating not more than 12 marihuana plants for personal use, provided that no more than 12 marihuana plants are possessed, cultivated, or processed on the premises at once;

(c) assisting another person who is 21 years of age or older in any of the acts described in this section; and

(d) giving away or otherwise transferring without remuneration up to 2.5 ounces of marihuana, except that not more than 15 grams of marihuana may be in the form of marihuana concentrate, to a person 21 years of age or older, as long as the transfer is not advertised or promoted to the public.

2. Notwithstanding any other law or provision of this act, except as otherwise provided in section 4 of this act, the use, manufacture, possession, and purchase of marihuana accessories by a person 21 years of age or older and the distribution or sale of marihuana accessories to a person 21 years of age or older is authorized, is not unlawful, is not an offense, is not grounds for seizing or forfeiting property, is not grounds for arrest, prosecution, or penalty in any manner, and is not grounds to deny any other right or privilege.

3. A person shall not be denied custody of or visitation with a minor for conduct that is permitted by this act, unless the person's behavior is such that it creates an unreasonable danger to the minor that can be clearly articulated and substantiated.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27956 Adoption or enforcement of ordinances by municipality; marihuana establishment local license; annual fee; restrictions on transportation or other facilities prohibited.

Sec. 6. 1. Except as provided in section 4, a municipality may completely prohibit or limit the number of marihuana establishments within its boundaries. Individuals may petition to initiate an ordinance to provide for the number of marihuana establishments allowed within a municipality or to completely prohibit marihuana establishments within a municipality, and such ordinance shall be submitted to the electors of the municipality at the next regular election when a petition is signed by qualified electors in the municipality in a number greater than 5% of the votes cast for governor by qualified electors in the municipality at the last gubernatorial election. A petition under this subsection is subject to section 488 of the Michigan election law, 1954 PA 116, MCL 168.488.

2. A municipality may adopt other ordinances that are not unreasonably impracticable and do not conflict with this act or with any rule promulgated pursuant to this act and that:

(a) establish reasonable restrictions on public signs related to marihuana establishments;

(b) regulate the time, place, and manner of operation of marihuana establishments and of the production, manufacture, sale, or display of marihuana accessories;

(c) authorize the sale of marihuana for consumption in designated areas that are not accessible to persons under 21 years of age, or at special events in limited areas and for a limited time; and

(d) designate a violation of the ordinance and provide for a penalty for that violation by a marihuana establishment, provided that such violation is a civil infraction and such penalty is a civil fine of not more than $500.

3. A municipality may adopt an ordinance requiring a marihuana establishment with a physical location within the municipality to obtain a municipal license, but may not impose qualifications for licensure that conflict with this act or rules promulgated by the department.

4. A municipality may charge an annual fee of not more than $5,000 to defray application, administrative, and enforcement costs associated with the operation of the marihuana establishment in the municipality.

5. A municipality may not adopt an ordinance that restricts the transportation of marihuana through the municipality or prohibits a marihuana grower, a marihuana processor, and a marihuana retailer from operating within a single facility or from operating at a location shared with a marihuana facility operating pursuant to the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27957 Implementation, administration, and enforcement by cannabis regulatory agency; powers and duties; agreement with Indian tribe; conflict of interest; liability; cooperation of department of state police.

Sec. 7. (1) The cannabis regulatory agency is responsible for implementing this act and has the powers and duties necessary to control the commercial production and distribution of marihuana. The cannabis regulatory agency shall do all of the following:

(a) Promulgate rules pursuant to section 8 that are necessary to implement, administer, and enforce this act.

(b) Grant or deny each application for licensure and investigate each applicant to determine eligibility for licensure, including conducting a background investigation on each person holding an ownership interest in the applicant.

(c) Ensure that marihuana establishments comply with this act and the rules promulgated under this act by doing all of the following:

(*i*) Performing investigations of compliance and regular inspections of marihuana establishments.

(*ii*) Taking appropriate disciplinary action against a licensee, including prescribing civil fines for violations of this act or the rules promulgated under this act and suspending, restricting, or revoking a state license.

© Courtesy of www.legislature.mi.gov

(d) Hold at least 4 public meetings each calendar year for the purpose of hearing complaints and receiving the views of the public with respect to administration of this act.

(e) Collect fees for licensure and fines for violations of this act or the rules promulgated under this act.

(f) Deposit all fees collected for licensure into the marihuana regulation fund established under section 14 and remit all fines collected for deposit into the general fund.

(g) Submit an annual report to the governor covering the immediately preceding year that includes all of the following:

(*i*) The number of state licenses of each class issued.

(*ii*) Demographic information of licensees.

(*iii*) A description of enforcement and disciplinary actions taken against licensees.

(*iv*) A statement of revenues and expenses of the cannabis regulatory agency related to the implementation, administration, and enforcement of this act.

(h) Employ personnel as necessary to adequately perform its duties.

(2) The cannabis regulatory agency may do either of the following:

(a) Enter into an agreement with an advisor or consultant as necessary to adequately perform its duties under this act.

(b) Enter into an agreement with an Indian tribe regarding marihuana-related regulatory issues that involve the interests of this state and the Indian tribe, including, but not limited to, issues related to the commercial growing, processing, sale, testing, transportation, and possession of marihuana.

(3) A person who has a pecuniary interest, directly or indirectly, in a marihuana establishment or tribal marihuana business may not be an employee, advisor, or consultant involved in the implementation, administration, or enforcement of this act. An employee, advisor, or consultant of the cannabis regulatory agency is not personally liable for any action at law for damages sustained by a person because of an action performed or done in the performance of the employee's, advisor's, or consultant's duties in the implementation, administration, or enforcement of this act.

(4) The department of state police shall cooperate and assist the cannabis regulatory agency in performing the cannabis regulatory agency's duties under this act, including, but not limited to, conducting background investigations of applicants.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018;—Am. 2023, Act 166, Imd. Eff. Oct. 19, 2023.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27958 Rules; limitations.

Sec. 8. (1) The cannabis regulatory agency shall promulgate rules to implement and administer this act that include all of the following:

(a) Procedures for issuing a state license pursuant to section 9 and for renewing, suspending, and revoking a state license.

(b) A schedule of fees in amounts not more than necessary to pay for implementation, administration, and enforcement costs of this act and that relate to the size of each licensee or the volume of business conducted by the licensee.

(c) Qualifications for licensure that are directly and demonstrably related to the operation of a marihuana establishment. However, a prior conviction solely for a marihuana-related offense must not disqualify an individual or otherwise affect eligibility for licensure, unless the offense involved distribution of a controlled substance to a minor.

(d) Requirements and standards for safe cultivation, processing, and distribution of marihuana by marihuana establishments, including health standards to ensure the safe preparation of marihuana-infused products and prohibitions on pesticides that are not safe for use on marihuana.

(e) Testing, packaging, and labeling standards, procedures, and requirements for marihuana, including, but not limited to, all of the following:

(*i*) A maximum THC level for marihuana-infused products.

(*ii*) A requirement that a representative sample of marihuana be tested by a marihuana safety compliance facility.

© Courtesy of www.legislature.mi.gov

(*iii*) A requirement that the amount of marihuana or marihuana concentrate contained within a marihuana-infused product be specified on the product label.

(*iv*) A requirement that all marihuana sold through marihuana retailers and marihuana microbusinesses include on the exterior of the marihuana packaging the following warning printed in clearly legible type and surrounded by a continuous heavy line:

WARNING: USE BY PREGNANT OR BREASTFEEDING WOMEN, OR BY
WOMEN PLANNING TO BECOME PREGNANT, MAY RESULT IN FETAL
INJURY, PRETERM BIRTH, LOW BIRTH WEIGHT, OR DEVELOPMENTAL
PROBLEMS FOR THE CHILD.

(f) Security requirements, including lighting, physical security, and alarm requirements, and requirements for securely transporting marihuana between marihuana establishments. The requirements described in this subdivision must not prohibit cultivation of marihuana outdoors or in greenhouses.

(g) Record keeping requirements for marihuana establishments and monitoring requirements to track the transfer of marihuana by licensees.

(h) Requirements for the operation of marihuana secure transporters to ensure that all marihuana establishments are properly serviced.

(i) Reasonable restrictions on advertising, marketing, and display of marihuana and marihuana establishments.

(j) A plan to promote and encourage participation in the marihuana industry by people from communities that have been disproportionately impacted by marihuana prohibition and enforcement and to positively impact those communities.

(k) Penalties for failure to comply with a rule promulgated pursuant to this section or for a violation of this act by a licensee, including civil fines and suspension, revocation, or restriction of a state license.

(*l*) Informational pamphlet standards for marihuana retailers and marihuana microbusinesses, including, but not limited to, a requirement to make available to every customer at the time of sale a pamphlet measuring 3.5 inches by 5 inches that includes safety information related to marihuana use by minors and the poison control hotline number.

(m) Procedures and standards for approving an appointee to operate a marihuana establishment under section 9a.

(n) A limit on the total amount of THC that a product described in section 3(f)(*v*)(A) may contain.

(2) The cannabis regulatory agency may promulgate rules to do any of the following:

(a) Provide for the issuance of additional types or classes of state licenses to operate marihuana-related businesses, including licenses that authorize any of the following:

(*i*) Limited cultivation, processing, transportation, delivery, storage, sale, or purchase of marihuana.

(*ii*) Consumption of marihuana within designated areas.

(*iii*) Consumption of marihuana at special events in limited areas and for a limited time.

(*iv*) Cultivation for purposes of propagation.

(*v*) Facilitation of scientific research or education.

(b) Regulate the cultivation, processing, distribution, and sale of industrial hemp.

(c) Exclude from the definition of THC in section 3 a tetrahydrocannabinol if, after the cannabis regulatory agency makes findings with respect to each of the following factors, the cannabis regulatory agency determines that the tetrahydrocannabinol does not have a potential for abuse:

(*i*) The actual or relative potential for abuse of the tetrahydrocannabinol.

(*ii*) The scientific evidence of the tetrahydrocannabinol's pharmacological effect, if known.

(*iii*) The state of current scientific knowledge regarding the tetrahydrocannabinol.

(*iv*) The history and current pattern of abuse of the tetrahydrocannabinol.

(*v*) The scope, duration, and significance of abuse of the tetrahydrocannabinol.

(*vi*) The tetrahydrocannabinol's risk to the public health.

(*vii*) The potential of the tetrahydrocannabinol to produce psychic or physiological dependence liability.

(3) The cannabis regulatory agency shall not promulgate a rule that is unreasonably impracticable or that does any of the following:

(a) Establishes a limit on the number of any type of state license that may be granted.

(b) Requires a customer to provide a marihuana retailer with identifying information other than identification to determine the customer's age or requires the marihuana retailer to acquire or record personal information about customers other than information typically required in a retail transaction.

(c) Prohibits a marihuana establishment from operating at a shared location of a marihuana facility operating pursuant to the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801, or prohibits a marihuana grower, marihuana processor, or marihuana retailer from operating

© Courtesy of www.legislature.mi.gov

within a single facility.

(4) A rule promulgated under this act must be promulgated pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018;—Am. 2020, Act 31, Imd. Eff. Feb. 20, 2020;—Am. 2020, Act 208, Imd. Eff. Oct. 15, 2020;—Am. 2021, Act 56, Eff. Oct. 11, 2021;—Am. 2023, Act 166, Imd. Eff. Oct. 19, 2023.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the transfer of powers and duties of the department of licensing and regulatory affairs to promulgate rules to regulate industrial hemp to the department of agriculture and rural development by type II transfer, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

For the renaming of the marijuana regulatory agency to cannabis regulatory agency; establishment of the authority of the cannabis regulatory agency to promulgate rules to regulate the cultivation, processing, distribution, and sale of industrial hemp, and transfer of the authority of the cannabis regulatory agency to promulgate rules to regulate the cultivation of industrial hemp to the department of agriculture and rural development, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27959 License to operate a marihuana establishment; application; qualifications; issuance; disclosure.

Sec. 9. 1. Each application for a state license must be submitted to the department. Upon receipt of a complete application and application fee, the department shall forward a copy of the application to the municipality in which the marihuana establishment is to be located, determine whether the applicant and the premises qualify for the state license and comply with this act, and issue the appropriate state license or send the applicant a notice of rejection setting forth specific reasons why the department did not approve the state license application within 90 days.

2. The department shall issue the following state license types: marihuana retailer; marihuana safety compliance facility; marihuana secure transporter; marihuana processor; marihuana microbusiness; class A marihuana grower authorizing cultivation of not more than 100 marihuana plants; class B marihuana grower authorizing cultivation of not more than 500 marihuana plants; and class C marihuana grower authorizing cultivation of not more than 2,000 marihuana plants.

3. Except as otherwise provided in this section, the department shall approve a state license application and issue a state license if:

(a) the applicant has submitted an application in compliance with the rules promulgated by the department, is in compliance with this act and the rules, and has paid the required fee;

(b) the municipality in which the proposed marihuana establishment will be located does not notify the department that the proposed marihuana establishment is not in compliance with an ordinance consistent with section 6 of this act and in effect at the time of application;

(c) the property where the proposed marihuana establishment is to be located is not within an area zoned exclusively for residential use and is not within 1,000 feet of a pre-existing public or private school providing education in kindergarten or any of grades 1 through 12, unless a municipality adopts an ordinance that reduces this distance requirement;

(d) no person who holds an ownership interest in the marihuana establishment applicant:

(1) will hold an ownership interest in both a marihuana safety compliance facility or in a marihuana secure transporter and in a marihuana grower, a marihuana processor, a marihuana retailer, or a marihuana microbusiness;

(2) will hold an ownership interest in both a marihuana microbusiness and in a marihuana grower, a marihuana processor, a marihuana retailer, a marihuana safety compliance facility, or a marihuana secure transporter; and

(3) will hold an ownership interest in more than 5 marihuana growers or in more than 1 marihuana microbusiness, except that the department may approve a license application from a person who holds an ownership interest in more than 5 marihuana growers or more than 1 marihuana microbusiness if, after January 1, 2023, the department promulgates a rule authorizing an individual to hold an ownership interest in more than 5 marihuana growers or in more than 1 marihuana microbusiness.

4. If a municipality limits the number of marihuana establishments that may be licensed in the municipality pursuant to section 6 of this act and that limit prevents the department from issuing a state license to all applicants who meet the requirements of subsection 3 of this section, the municipality shall decide among

© Courtesy of www.legislature.mi.gov

competing applications by a competitive process intended to select applicants who are best suited to operate in compliance with this act within the municipality.

5. All state licenses are effective for 1 year, unless the department issues the state license for a longer term. A state license is renewed upon receipt of a complete renewal application and a renewal fee from any marihuana establishment in good standing.

6. The department shall begin accepting applications for marihuana establishments within 12 months after the effective date of this act. Except as otherwise provided in this section, for 24 months after the department begins to receive applications for marihuana establishments, the department may only accept applications for licensure: for a class A marihuana grower or for a marihuana microbusiness, from persons who are residents of Michigan; for a marihuana retailer, marihuana processor, class B marihuana grower, class C marihuana grower, or a marihuana secure transporter, from persons holding a state operating license pursuant to the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801; and for a marihuana safety compliance facility, from any applicant. One year after the department begins to accept applications pursuant to this section, the department shall begin accepting applications from any applicant if the department determines that additional state licenses are necessary to minimize the illegal market for marihuana in this state, to efficiently meet the demand for marihuana, or to provide for reasonable access to marihuana in rural areas.

7. Information obtained from an applicant related to licensure under this act is exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018..

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27959a Operation of a marihuana establishment; approval; marijuana regulatory agency; notice of violation.

Sec. 9a. (1) The marijuana regulatory agency may approve the operation of a marihuana establishment by any of the following:

(a) A court-appointed personal representative, guardian, or conservator of an individual who holds a state license or has an interest in a person that holds a state license.

(b) A court-appointed receiver or trustee.

(2) If an individual approved to operate a marihuana establishment under subsection (1) receives notice from the marijuana regulatory agency that the marihuana establishment the individual is operating is in violation of this act or the rules promulgated under this act, the individual shall notify the court that appointed the individual of the notice of violation within 2 days after receiving the notice of violation.

**History:** Add. 2020, Act 208, Imd. Eff. Oct. 15, 2020.

**Compiler's note:** For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27960 Lawful activities by marihuana grower, processor, transporter, or retailer; limitations; contracts related to operation of marihuana establishments.

Sec. 10. (1) Notwithstanding any other law or provision of this act, and except as otherwise provided in section 4 or the rules promulgated under this act, the following acts are not unlawful, are not an offense, are not grounds for seizing or forfeiting property, are not grounds for arrest, prosecution, or penalty in any manner, are not grounds for search or inspection except as authorized by this act, and are not grounds to deny any other right or privilege:

(a) For a marihuana grower or an agent acting on behalf of a marihuana grower who is 21 years of age or older, cultivating not more than the number of marihuana plants authorized by the state license class; possessing, packaging, storing, or testing marihuana; acquiring marihuana seeds or seedlings from a person who is 21 years of age or older; selling or otherwise transferring, purchasing or otherwise obtaining, or transporting marihuana to or from a marihuana establishment or a tribal marihuana business; or receiving compensation for goods or services.

(b) For a marihuana processor or an agent acting on behalf of a marihuana processor who is 21 years of age

© Courtesy of www.legislature.mi.gov

or older, possessing, processing, packaging, storing, or testing marihuana; selling or otherwise transferring, purchasing or otherwise obtaining, or transporting marihuana to or from a marihuana establishment or a tribal marihuana business; or receiving compensation for goods or services.

(c) For a marihuana secure transporter or an agent acting on behalf of a marihuana secure transporter who is 21 years of age or older, possessing or storing marihuana; transporting marihuana to or from a marihuana establishment or a tribal marihuana business; or receiving compensation for services.

(d) For a marihuana safety compliance facility or an agent acting on behalf of a marihuana safety compliance facility who is 21 years of age or older, testing, possessing, repackaging, or storing marihuana; transferring, obtaining, or transporting marihuana to or from a marihuana establishment or a tribal marihuana business; or receiving compensation for services.

(e) For a marihuana retailer or an agent acting on behalf of a marihuana retailer who is 21 years of age or older, possessing, storing, or testing marihuana; selling or otherwise transferring, purchasing or otherwise obtaining, or transporting marihuana to or from a marihuana establishment or a tribal marihuana business; selling or otherwise transferring marihuana to a person who is 21 years of age or older; or receiving compensation for goods or services.

(f) For a marihuana microbusiness or an agent acting on behalf of a marihuana microbusiness who is 21 years of age or older, cultivating not more than 150 marihuana plants; possessing, processing, packaging, storing, or testing marihuana from marihuana plants cultivated on the premises; selling or otherwise transferring marihuana cultivated or processed on the premises to a person who is 21 years of age or older; or receiving compensation for goods or services.

(g) For a tribal marihuana business or an agent acting on behalf of a tribal marihuana business who is 21 years of age or older, engaging in an activity the tribal marihuana business is authorized to engage in under an applicable agreement entered into under section 7(2)(b) that is in effect.

(h) Leasing or otherwise allowing the use of property owned, occupied, or managed for activities allowed under this act.

(i) Enrolling or employing a person who engages in marihuana-related activities allowed under this act.

(j) Possessing, cultivating, processing, obtaining, transferring, or transporting industrial hemp.

(k) Providing professional services to prospective or licensed marihuana establishments related to activity under this act.

(2) A person acting as an agent of a marihuana retailer who sells or otherwise transfers marihuana or marihuana accessories to a person who is younger than 21 years of age is not subject to arrest, prosecution, forfeiture of property, disciplinary action by a professional licensing board, denial of any right or privilege, or penalty in any manner, if the person reasonably verified that the recipient appeared to be 21 years of age or older by means of government-issued photographic identification containing a date of birth, and the person complied with any rules promulgated pursuant to this act.

(3) It is the public policy of this state that contracts related to the operation of marihuana establishments or tribal marihuana businesses be enforceable.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018;—Am. 2023, Act 166, Imd. Eff. Oct. 19, 2023.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27961 Marihuana establishments; requirements; limitations.

Sec. 11. (a) A marihuana establishment may not allow cultivation, processing, sale, or display of marihuana or marihuana accessories to be visible from a public place outside of the marihuana establishment without the use of binoculars, aircraft, or other optical aids.

(b) A marihuana establishment may not cultivate, process, test, or store marihuana at any location other than a physical address approved by the department and within an enclosed area that is secured in a manner that prevents access by persons not permitted by the marihuana establishment to access the area.

(c) A marihuana establishment shall secure every entrance to the establishment so that access to areas containing marihuana is restricted to employees and other persons permitted by the marihuana establishment to access the area and to agents of the department or state and local law enforcement officers and emergency personnel and shall secure its inventory and equipment during and after operating hours to deter and prevent

© Courtesy of www.legislature.mi.gov

theft of marihuana and marihuana accessories.

(d) No marihuana establishment may refuse representatives of the department the right during the hours of operation to inspect the licensed premises or to audit the books and records of the marihuana establishment.

(e) No marihuana establishment may allow a person under 21 years of age to volunteer or work for the marihuana establishment.

(f) No marihuana establishment may sell or otherwise transfer marihuana that was not produced, distributed, and taxed in compliance with this act.

(g) A marihuana grower, marihuana retailer, marihuana processor, marihuana microbusiness, or marihuana testing facility or agents acting on their behalf may not transport more than 15 ounces of marihuana or more than 60 grams of marihuana concentrate at one time.

(h) A marihuana secure transporter may not hold title to marihuana.

(i) No marihuana processor may process and no marihuana retailer may sell edible marihuana-infused candy in shapes or packages that are attractive to children or that are easily confused with commercially sold candy that does not contain marihuana.

(j) No marihuana retailer may sell or otherwise transfer marihuana that is not contained in an opaque, resealable, child-resistant package designed to be significantly difficult for children under 5 years of age to open and not difficult for normal adults to use properly as defined by 16 C.F.R. 1700.20 (1995), unless the marihuana is transferred for consumption on the premises where sold.

(k) No marihuana establishment may sell or otherwise transfer tobacco.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27961a Direct sale or transfer of marihuana to minor or intoxicated individual; prohibition; right of action; indemnification; defenses; rebuttable presumption; damages; insurance coverage required; civil action; definitions.

Sec. 11a. (1) A licensee authorized to sell or otherwise transfer marihuana under this act or a rule promulgated under this act shall not directly, or by a clerk, agent, or servant, sell or otherwise transfer marihuana to a minor or to an individual who, at the time of the sale or transfer, is visibly intoxicated.

(2) Except as otherwise provided in this section, an individual who suffers damage or is personally injured by a minor or visibly intoxicated person as a result of a violation of subsection (1), if the violation is a proximate cause of the damage or personal injury or death, shall have a right of action in his or her name against the licensee that sold or transferred the marihuana.

(3) An action under this section must be instituted within 2 years after the injury or death. A person shall give written notice to all defendants within 120 days after entering an attorney-client relationship for the purposes of pursuing a claim for damages under this section. Failure to give written notice to the licensee within that time period is grounds for dismissal of the claim unless the licensee could not be identified within that time period with reasonable diligence. If the licensee is identified after that time period, failure to give written notice within 120 days thereafter is grounds for dismissal. In the event of the death of either party, the right of action under this section survives to or against his or her personal representative.

(4) An action under this section shall not be commenced unless the minor or alleged visibly intoxicated individual is a named defendant and is retained in the action until the litigation is concluded by final action or the licensee is dismissed with prejudice.

(5) A licensee described in subsection (2) has the right to full indemnification from the minor or alleged visibly intoxicated individual for all damages awarded against the licensee.

(6) All defenses of the minor or alleged visibly intoxicated individual are available to the licensee. In an action alleging a violation of subsection (1) involving a minor, proof that the licensee demanded and was shown a government-issued photographic identification appearing to be genuine and showing the minor to be 21 years of age or older, is a complete defense to the action.

(7) It is presumed that a licensee, other than the licensee that last sold or transferred marihuana to a minor or visibly intoxicated person, is not a proximate cause of an injury that gave rise to a cause of action under subsection (2). This presumption may be overcome by clear and convincing evidence.

© Courtesy of www.legislature.mi.gov

(8) A minor or alleged visibly intoxicated individual does not have a cause of action under this section. A person does not have a cause of action against a licensee for any loss or damage sustained resulting from the injury or death of the minor or visibly intoxicated person.

(9) An individual who suffers damage or who is personally injured by a minor or visibly intoxicated person as a result of a violation of subsection (1) has the right to recover actual damages in a sum of not less than $50.00 in each case in which the court or jury determines that intoxication was a proximate cause of the damage, injury, or death.

(10) A licensee authorized to sell or otherwise transfer marihuana under this act or a rule promulgated under this act must maintain insurance coverage provided by a licensed and admitted insurance company in Michigan in a minimum amount of $50,000.00 for actions brought under subsection (2).

(11) This section provides the exclusive remedy for money damages against a licensee and the licensee's clerks, agents, and employees arising out of a violation of subsection (1). This subsection does not apply to a remedy available under law to lawful users of marihuana for liability resulting from the manufacture, distribution, transportation, or sale of adulterated marihuana.

(12) Except as otherwise provided in this section, a civil action against a licensee is subject to the revised judicature act of 1961, 1961 PA 236, MCL 600.101 to 600.9947.

(13) As used in this section:

(a) "Adulterated marihuana" means a product sold as marihuana that contains any unintended substance or chemical or biological matter other than marihuana that causes adverse reaction after ingestion or consumption.

(b) "Minor" means an individual who is younger than 21 years of age.

(c) "Visibly intoxicated" means displaying obvious, objective, and visible evidence of intoxication that would be apparent to an ordinary observer.

(d) "Written notice" means a communication in writing that does all of the following:

(*i*) Identifies the minor or alleged visibly intoxicated person by name and address.

(*ii*) States all of the following:

(A) The date of the alleged violation of subsection (1).

(B) The name and address of the injured or killed individual.

(C) The location and circumstances of the accident or event that caused injury or death.

(D) The date of retention of the person or law firm giving the notice.

**History:** Add. 2021, Act 55, Eff. Oct. 11, 2021.

**Compiler's note:** For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27962 Deduction of certain expenses from income.

Sec. 12. In computing net income for marihuana establishments, deductions from state taxes are allowed for all the ordinary and necessary expenses paid or incurred during the taxable year in carrying out a trade or business.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27963 Imposition of excise tax; administration by department of treasury; exemptions.

Sec. 13. (1) Except as otherwise provided in subsection (4), in addition to all other taxes, an excise tax is imposed on each marihuana establishment and on each person who sells marihuana at the rate of 10% of the sales price for marihuana sold or otherwise transferred to a person other than a marihuana establishment or tribal marihuana business.

(2) Except as otherwise provided by a rule promulgated by the department of treasury, a product subject to the tax imposed under this section may not be bundled in a single transaction with a product or service that is not subject to the tax imposed by this section.

(3) The department of treasury shall administer the taxes imposed under this act pursuant to 1941 PA 122, MCL 205.1 to 205.31. The department of treasury may promulgate rules pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to MCL 24.328, that prescribe a method and manner for

© Courtesy of www.legislature.mi.gov

payment and collection of the taxes imposed under this act.

(4) The tax imposed under subsection (1) does not apply to any of the following:

(a) Marihuana sold or otherwise transferred from a tribal marihuana business.

(b) Marihuana sold or otherwise transferred under the Michigan Medical Marihuana Act, 2008 IL 1, MCL 333.26421 to 333.26430.

(c) Marihuana sold or otherwise transferred under the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018;—Am. 2023, Act 166, Imd. Eff. Oct. 19, 2023.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27964 Marihuana regulation fund; creation; administration; allocation of expenditures.

Sec. 14. (1) The marihuana regulation fund is created in the state treasury. The department of treasury shall deposit into the fund all money collected under section 13 and all money collected by the department of treasury in accordance with an agreement described in section 3(y)(*ii*), and the cannabis regulatory agency shall deposit into the fund all fees collected under this act. The state treasurer shall direct the investment of the fund and shall credit to the fund interest and earnings from fund investments. The cannabis regulatory agency shall administer the fund for auditing purposes. Money in the fund at the close of the fiscal year must remain in the fund and must not lapse to the general fund.

(2) Funds for the initial activities of the cannabis regulatory agency to implement this act shall be appropriated from the general fund. The cannabis regulatory agency shall repay any amount appropriated under this subsection from proceeds in the fund.

(3) The cannabis regulatory agency shall expend money in the fund as follows:

(a) For the implementation, administration, and enforcement of this act.

(b) Until 2022 or for at least 2 years, whichever is later, for 1 or more development and research projects, including clinical trials, that are approved by the United States Food and Drug Administration and sponsored by a nonprofit organization or researcher within an academic institution researching the efficacy of marihuana in treating the medical conditions and preventing the suicide of United States Armed Services veterans. The cannabis regulatory agency shall expend $20,000,000.00 per year under this subdivision.

(4) Upon appropriation, the unexpended balances in the fund must be allocated as follows:

(a) Subject to subsection (5), 15% to municipalities in which a marihuana retailer or marihuana microbusiness is located, allocated in proportion to the number of marihuana retailers and marihuana microbusinesses within each municipality.

(b) Subject to subsection (5), 15% to counties in which a marihuana retailer or marihuana microbusiness is located, allocated in proportion to the number of marihuana retailers and marihuana microbusinesses within each county.

(c) 35% to the school aid fund to be used for K-12 education.

(d) 35% to the Michigan transportation fund to be used for the repair and maintenance of roads and bridges.

(5) If a marihuana retailer or marihuana microbusiness is located in Indian lands, the portions of the unexpended balances attributable to the marihuana retailer or marihuana microbusiness that would have otherwise been allocated to a municipality under subsection (4)(a) and a county under subsection (4)(b) must instead be allocated to the Indian tribe in whose Indian lands the marihuana retailer or marihuana microbusiness is located.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018;—Am. 2023, Act 165, Imd. Eff. Oct. 19, 2023.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL

## 333.27965 Violations; penalties.

Sec. 15. A person who commits any of the following acts, and is not otherwise authorized by this act to conduct such activities, may be punished only as provided in this section and is not subject to any other form of punishment or disqualification, unless the person consents to another disposition authorized by law:

1. Except for a person who engaged in conduct described in sections 4(1)(a), 4(1)(b), 4(1)(c), 4(1)(d), 4(1)(g), or 4(1)(h), a person who possesses not more than the amount of marihuana allowed by section 5, cultivates not more than the amount of marihuana allowed by section 5, delivers without receiving any remuneration to a person who is at least 21 years of age not more than the amount of marihuana allowed by section 5, or possesses with intent to deliver not more than the amount of marihuana allowed by section 5, is responsible for a civil infraction and may be punished by a fine of not more than $100 and forfeiture of the marihuana.

2. Except for a person who engaged in conduct described in section 4, a person who possesses not more than twice the amount of marihuana allowed by section 5, cultivates not more than twice the amount of marihuana allowed by section 5, delivers without receiving any remuneration to a person who is at least 21 years of age not more than twice the amount of marihuana allowed by section 5, or possesses with intent to deliver not more than twice the amount of marihuana allowed by section 5:

(a) for a first violation, is responsible for a civil infraction and may be punished by a fine of not more than $500 and forfeiture of the marihuana;

(b) for a second violation, is responsible for a civil infraction and may be punished by a fine of not more than $1,000 and forfeiture of the marihuana;

(c) for a third or subsequent violation, is guilty of a misdemeanor and may be punished by a fine of not more than $2,000 and forfeiture of the marihuana.

3. Except for a person who engaged in conduct described by section 4(1)(a), 4(1)(d), or 4(1)(g), a person under 21 years of age who possesses not more than 2.5 ounces of marihuana or who cultivates not more than 12 marihuana plants:

(a) for a first violation, is responsible for a civil infraction and may be punished as follows:

(1) if the person is less than 18 years of age, by a fine of not more than $100 or community service, forfeiture of the marihuana, and completion of 4 hours of drug education or counseling; or

(2) if the person is at least 18 years of age, by a fine of not more than $100 and forfeiture of the marihuana.

(b) for a second violation, is responsible for a civil infraction and may be punished as follows:

(1) if the person is less than 18 years of age, by a fine of not more than $500 or community service, forfeiture of the marihuana, and completion of 8 hours of drug education or counseling; or

(2) if the person is at least 18 years of age, by a fine of not more than $500 and forfeiture of the marihuana.

4. Except for a person who engaged in conduct described in section 4, a person who possesses more than twice the amount of marihuana allowed by section 5, cultivates more than twice the amount of marihuana allowed by section 5, or delivers without receiving any remuneration to a person who is at least 21 years of age more than twice the amount of marihuana allowed by section 5, shall be responsible for a misdemeanor, but shall not be subject to imprisonment unless the violation was habitual, willful, and for a commercial purpose or the violation involved violence.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## 333.27966 Failure to act by department; application to municipality.

Sec. 16. 1. If the department does not timely promulgate rules as required by section 8 of this act or accept or process applications in accordance with section 9 of this act, beginning one year after the effective date of this act, an applicant may submit an application for a marihuana establishment directly to the municipality where the marihuana establishment will be located.

2. If a marihuana establishment submits an application to a municipality under this section, the municipality shall issue a municipal license to the applicant within 90 days after receipt of the application unless the municipality finds and notifies the applicant that the applicant is not in compliance with an

© Courtesy of www.legislature.mi.gov

ordinance or rule adopted pursuant to this act.

3. If a municipality issues a municipal license pursuant to this section:

(a) the municipality shall notify the department that the municipal license has been issued;

(b) the municipal license has the same force and effect as a state license; and

(c) the holder of the municipal license is not subject to regulation or enforcement by the department during the municipal license term.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

### 333.27967 Construction of act; effect of federal law; severability.

Sec. 17. This act shall be broadly construed to accomplish its intent as stated in section 2 of this act. Nothing in this act purports to supersede any applicable federal law, except where allowed by federal law. All provisions of this act are self-executing. Any section of this act that is found invalid as to any person or circumstances shall not affect the application of any other section of this act that can be given full effect without the invalid section or application.

**History:** 2018, Initiated Law 1, Eff. Dec. 6, 2018.

**Compiler's note:** This new act was proposed by initiative petition pursuant to Const. 1963, art 2, section 9. The proposed language was certified to the legislature on April 26, 2018 with the 40-day consideration period lapsing on June 5, 2018. The initiative petition was submitted to the voters as proposal 18-1 at the November 6, 2018 general election where it was approved 2,356,422 for and 1,859,675 against.

For the transfer of powers and duties of the department of licensing and regulatory affairs, including its bureau of marijuana regulation, to the marijuana regulatory agency, and abolishment of the bureau of marijuana regulation, see E.R.O. No. 2019-2, compiled at MCL 333.27001.

For the renaming of the marijuana regulatory agency to the cannabis regulatory agency, see E.R.O. No. 2022-1, compiled at MCL 333.27002.

## INDUSTRIAL HEMP GROWERS ACT
## Act 137 of 2020

### 333.28101 – 333.28701 Repealed. 2020, Act 220, Imd. Eff. Oct. 16, 2020.

© Courtesy of www.legislature.mi.gov

# INDUSTRIAL HEMP GROWERS ACT
# Act 220 of 2020

AN ACT to create an industrial hemp program; to authorize certain activities involving industrial hemp to require the registration of persons engaged in certain activities; to provide for the sampling and testing of industrial hemp; to provide for the collection of fees; to create certain funds; to provide for the powers and duties of certain state departments and officers and state agencies and officials; to prohibit certain acts; to prescribe civil sanctions; and to repeal acts and parts of acts.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

*The People of the State of Michigan enact:*

## CHAPTER I
## General Provisions

### 333.29101 Short title.

Sec. 101. This act shall be known and may be cited as the "industrial hemp growers act".

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

### 333.29103 Definitions.

Sec. 103. As used in this act:

(a) "Acceptable THC level" means the application of the measurement of uncertainty to the reported total delta-9-THC concentration level on a dry weight basis that produces a distribution or range that includes 0.3% or less total delta-9-THC.

(b) "Applicant" means a person that submits an application for a registration.

(c) "Cannabis" means the plant *Cannabis sativa* L. and any part of that plant, whether growing or not.

(d) "Compliance monitoring testing facility" means a laboratory that meets both of the following requirements:

(*i*) Is registered with the DEA to conduct chemical analysis of controlled substances under 21 CFR 1301.13.

(*ii*) Performs routine compliance monitoring testing of unofficial hemp samples throughout the growing season.

(e) "Controlled substance felony" means a felony violation of the laws of any state having to do with controlled substances or a felony violation of federal law having to do with controlled substances.

(f) "Conviction" means a plea of guilty or nolo contendere, or a finding of guilt related to a controlled substance felony, unless 1 of the following applies:

(*i*) The finding of guilt is subsequently expunged.

(*ii*) The finding of guilt is set aside under 1965 PA 213, MCL 780.621 to 780.624, or otherwise expunged.

(*iii*) The individual is pardoned.

(g) "Corrective action plan" means a plan created under section 601.

(h) "Criminal history record information" means that term as defined in section 1a of 1925 PA 289, MCL 28.241a.

(i) "Criminal history report" means a report that meets all of the following requirements:

(*i*) Is prepared by the United States Federal Bureau of Investigation or another authority approved by the department.

(*ii*) Includes fingerprint-based criminal history record information.

(*iii*) Is completed not more than 60 days before an application is submitted under section 201.

(j) "Culpable mental state greater than negligence" means to act intentionally, knowingly, willfully, or recklessly.

(k) "DEA" means the United States Drug Enforcement Administration.

(*l*) "Department" means the department of agriculture and rural development.

(m) "Designated sampling agent" means a federal, state, or local law enforcement agent authorized by the department to collect official samples under section 401.

(n) "Dispose" means an activity that transitions industrial hemp into a nonretrievable or noningestible form of industrial hemp under section 407.

(o) "Dry weight basis" means the ratio of the amount of moisture in cannabis to the amount of solid in cannabis.

(p) "Dwelling" means a house, building, tent, trailer, vehicle, or other shelter that is occupied in whole or

© Courtesy of www.legislature.mi.gov

in part as a home, residence, living place, or sleeping place for 1 or more individuals either permanently or transiently, or any portion thereof.

(q) "Fund" means the industrial hemp fund created in section 107.

(r) "Good standing" means all fees or fines owed under this act are paid and there are no outstanding fees or fines owed to the department.

(s) "GPS coordinates" means latitude and longitude coordinates derived from a global positioning system that are taken from a central point within a growing area or structure and that include decimal degrees to 6 places after the decimal.

(t) "Grow" or "growing", unless the context requires otherwise, means to plant, propagate, cultivate, or harvest live plants or viable seed. Grow or growing includes drying and storing harvested industrial hemp, possessing live industrial hemp plants or viable seed on a premises where the live industrial hemp plants or viable seed are grown, growing industrial hemp for the purposes of conducting research, and selling harvested industrial hemp to a processor-handler licensed under the industrial hemp research and development act, 2014 PA 547, MCL 286.841 to 286.859, or processor licensed under the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801, as authorized under this act. Grow or growing does not include selling an intermediary, in-process, or finished industrial hemp product or smokable hemp flower.

(u) "Grower" means a person that is required to be registered under section 201.

(v) "Industrial hemp" means that term as defined in section 3 of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953.

(w) "Industrial hemp plan" means the plan created under section 105.

(x) "Key participant" means a person that has a direct or indirect financial interest in the person or business producing hemp or a person in a corporate entity at an executive level that is regularly responsible for decision making impacting the growing of industrial hemp. A key participant includes, but is not limited to, any of the following:

(*i*) For a sole proprietorship, a sole proprietor.

(*ii*) For a partnership, a partner.

(*iii*) For a corporation, an individual with executive managerial control including, but not limited to, a chief executive officer, a chief operating officer, or a chief financial officer.

(y) Key participant does not include positions such as farm, field, or shift managers.

(z) "Lot" means either of the following:

(*i*) A contiguous area in a field, greenhouse, or other indoor growing area that contains the same variety or strain of cannabis throughout.

(*ii*) A farm, tract, field, or subfield as these terms are defined in 7 CFR 718.2.

(aa) "Marihuana" means that term as defined in section 3 of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953.

(bb) "Measurement of uncertainty" means the parameter associated with the result of a measurement that characterizes the dispersion of the values that could reasonably be attributed to the particular quantity subject to the measurement.

(cc) "Negligence" means the failure to exercise the level of care that a reasonably prudent person would exercise in the same or similar circumstances.

(dd) "Noncompliant industrial hemp" means industrial hemp that is not in compliance with this act or the rules promulgated under this act.

(ee) "Official hemp sample" means a sample of an industrial hemp lot that is collected by a designated sampling agent under section 401 in accordance with department sampling protocols and is tested by a regulatory testing facility.

(ff) "Percentage of THC on a dry weight basis" means the percentage, by weight, of THC in cannabis after excluding the moisture from the cannabis.

(gg) "Person" means an individual, partnership, corporation, association, college or university, or other legal entity.

(hh) "Postdecarboxylation test" means a test of cannabis for delta-9-THC after a carboxyl group is eliminated from delta-9-THC acid.

(ii) "Program" means the industrial hemp program established by this act.

(jj) "Registration" means a grower registration granted under this act.

(kk) "Regulatory testing facility" means a laboratory that meets all of the following requirements:

(*i*) Is registered with the DEA.

(*ii*) Is authorized to conduct chemical analysis of controlled substances pursuant to 21 CFR 1301.13.

(*iii*) Meets the requirements under section 403.

(*iv*) Conducts testing of official hemp samples.

© Courtesy of www.legislature.mi.gov

(*ll*) "Remediate" means an activity that transitions noncompliant industrial hemp into industrial hemp that is in compliance with this act and the rules promulgated under this act under section 407.

(mm) "THC" means that term as defined in section 3 of the Michigan Regulation and Taxation of Marihuana Act, 2018 IL 1, MCL 333.27953.

(nn) "Total delta-9-THC" means the total available tetrahydrocannabinol measured as the sum of delta-9-tetrahydrocannabinol and 87.7% of the delta-9-tetrahydrocannabinol acid reported on a dry weight basis.

(oo) "Unofficial hemp sample" means a sample of industrial hemp collected by a grower for routine compliance monitoring testing throughout the growing season for testing by a compliance monitoring testing facility.

(pp) "USDA" means the United States Department of Agriculture.

(qq) "Variety" means a subdivision of a species that has the following characteristics:

(*i*) The subdivision is uniform, in the sense that variations between the subdivision and other subdivisions in essential and distinctive characteristics are describable.

(*ii*) The subdivision is distinct, in the sense that the subdivision can be differentiated by 1 or more identifiable morphological, physiological, or other characteristics from all other known subdivisions.

(*iii*) The subdivision is stable, in the sense that the subdivision will remain uniform and distinct if reproduced.

(rr) "Viable seed" means seed that has a germination rate of greater than 0.0%.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021;—Am. 2021, Act 58, Eff. Oct. 11, 2021 .

### 333.29105 Industrial hemp program; USDA approval.

Sec. 105. (1) The department shall establish, operate, and administer an industrial hemp program.

(2) The department shall develop and submit to the USDA for approval an industrial hemp plan for this state that complies with 7 USC 1639o to 1639s. Upon approval, the department shall use the industrial hemp plan to implement the program.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

### 333.29107 Industrial hemp fund.

Sec. 107. (1) The industrial hemp fund is created within the state treasury.

(2) The state treasurer may receive the fees collected under section 511 for deposit into the fund. The state treasurer may also receive money or other assets from any other source for deposit into the fund. The state treasurer shall credit to the fund interest and earnings from fund investments.

(3) Money in the fund at the close of the fiscal year remains in the fund and does not lapse to the general fund.

(4) The department is the administrator of the fund for auditing purposes.

(5) The department shall expend money from the fund to establish, operate, and enforce the program.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

## CHAPTER II

## Application and Registration

### 333.29201 Grower registration; application; requirements.

Sec. 201. (1) A person shall not grow industrial hemp in this state unless the person is a grower.

(2) A person applying for a registration under this section shall do so on an application and in a manner provided by the department. The applicant shall include with the application all of the following information:

(a) The applicant's full name, date of birth, mailing address, telephone number, and electronic mail address. If the applicant is not an individual, the application must include the EIN number of the applicant and for each key participant, his or her full name, date of birth, title, and electronic mail address.

(b) The total acreage and greenhouse or other indoor square footage where industrial hemp will be grown.

(c) The address and legal description of and GPS coordinates for each field, greenhouse, building, or other location where industrial hemp will be grown.

(d) Maps depicting each field, greenhouse, building, or other location where industrial hemp will be grown that indicate entrances, field boundaries, and specific locations corresponding to the GPS coordinates provided under subdivision (c).

(e) A criminal history report for the applicant, or, if the applicant is not an individual, a criminal history report for each key participant.

© Courtesy of www.legislature.mi.gov

(3) The department shall grant an applicant described in this section a registration to grow industrial hemp if the applicant does all of the following:

(a) Submits a completed application under subsection (2).

(b) Pays the applicable fees under section 511.

(c) Meets the qualifications for registration.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

### 333.29211 Initial registration; expiration; renewal; nontransferability.

Sec. 211. (1) An initial registration granted by the department under this act expires at midnight on January 31 immediately following the date on which the registration is granted.

(2) Other than a registration granted under subsection (1), a registration is valid for 1 year beginning on February 1 and expiring at midnight on the following January 31.

(3) To renew a registration, an applicant must do all of the following:

(a) Submit an application on a form and in a manner provided by the department.

(b) If the application is submitted on or before January 31, pay the registration fee under section 511.

(c) If an application is submitted after January 31, pay the registration fee under section 511 and a late fee of $250.00.

(4) If an applicant provides express written consent to disclose personal information on an application, the applicant's name, email address, and telephone number may be disclosed to a grower, a processor-handler licensed under the industrial hemp research and development act, 2014 PA 547, MCL 286.841 to 286.859, or a processor licensed under the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801. If the applicant does not provide express written consent to disclose personal information on the application, any information submitted by the applicant to the department on the application is exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246. This subsection does not apply to the disclosure of personal information to a law enforcement agency.

(5) A registration is nontransferable.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29213 Denial of application; notification.

Sec. 213. (1) The department shall approve or deny an application for a registration within 120 days after the completed application is submitted.

(2) The department shall deny an application for a registration if any of the following apply:

(a) The application is incomplete.

(b) If the applicant is an individual, the applicant is under the age of 18.

(c) The applicant's location for growing industrial hemp is not located in this state.

(d) The applicant has not demonstrated, as determined by the department, a willingness to comply with this act or rules promulgated under this act.

(e) The applicant has unpaid fees or civil fines owed to this state under this act.

(f) The applicant has made a false statement or representation, as determined by the department, to the department or a law enforcement agency.

(g) The applicant had a registration revoked in the immediately preceding 5-year period.

(h) The applicant or, if the applicant is not an individual, a key participant of the applicant was convicted of a controlled substance felony in the immediately preceding 10-year period. This subdivision does not apply if both of the following conditions are met:

(*i*) The applicant or key participant grew industrial hemp before December 20, 2018, as a pilot program participant under the agricultural act of 2014, Public Law 113-79.

(*ii*) The applicant's or key participant's conviction occurred before December 20, 2018.

(3) If the department denies an application because it is incomplete, the department shall notify the applicant of the denial within 120 days after the application is submitted, by letter or by electronic mail, and state the deficiency and request additional information.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

### 333.29215 Documentation of registration.

Sec. 215. The department shall issue a document to a grower that evidences the granting of a registration.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

### 333.29217 Appeal of denied application; hearing.

Sec. 217. (1) If the department denies an application for a registration, the applicant may appeal the denial

© Courtesy of www.legislature.mi.gov

by submitting a written request for a hearing to the department. The applicant must submit the request to the department not more than 15 days after the date of the denial.

(2) The department shall conduct a hearing requested under this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

## CHAPTER III
## Grower Registration

### 333.29301 Report to USDA Farm Service Agency; grower duties.

Sec. 301. (1) After a grower is granted a registration under chapter II and not more than 60 days before the grower plants any industrial hemp, the grower shall report the following information to the USDA Farm Service Agency:

(a) The address and total acreage of and GPS coordinates for each field, greenhouse, building, or other location where industrial hemp will be grown.

(b) The grower's registration number.

(2) A grower shall do all of the following:

(a) Allow the department or a law enforcement agency to enter onto and inspect all premises where industrial hemp is or will be located, with or without cause and with or without advance notice.

(b) On request from the department or a law enforcement agency, produce a copy of the grower's registration for inspection.

(c) Contact the department to collect an official hemp sample under section 401.

(d) Harvest the industrial hemp lot within 30 days after an official hemp sample is collected under section 401.

(e) Dispose of or remediate under section 407, without compensation, any industrial hemp lot determined to be noncompliant under section 405.

(f) Dispose of the following, without compensation, under section 407:

(*i*) Industrial hemp that is at a location that is not disclosed on the grower's application under section 201.

(*ii*) Industrial hemp that is grown in violation of this act.

(g) Report all of the following information to the department by November 30 of each year:

(*i*) Total acreage of industrial hemp that the grower grew in the immediately preceding growing season.

(*ii*) Total acreage of industrial hemp that the grower harvested in the immediately preceding growing season.

(*iii*) Total acreage of industrial hemp that the grower disposed of in the immediately preceding growing season.

(h) Use only a compliance monitoring testing facility to test unofficial hemp samples for compliance monitoring to determine whether the industrial hemp is in compliance with this act.

(i) If the department is inspecting or investigating a complaint, the grower or the grower's authorized agent must be present and do all of the following:

(*i*) Allow the department to have access to all structures directly related to the production of industrial hemp including, but not limited to, a barn, machine shed, greenhouse, or storage area.

(*ii*) Provide business records including books, accounts, records, files, and any other documents in print or electronic media that the department determines is relevant or necessary for the inspection or investigation.

(*iii*) Allow a law enforcement agency to accompany the department during an inspection or investigation.

(*iv*) Allow the department to collect official hemp samples for the purpose of completing an inspection or investigation.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29303 Prohibitions on grower.

Sec. 303. A grower shall not do any of the following:

(a) Grow industrial hemp that is not in compliance with the grower's registration.

(b) Grow industrial hemp in a location that is not disclosed on the grower's application under section 201.

(c) Grow industrial hemp in a location that is not owned or completely controlled by the grower. As used in this subdivision, "completely controlled" means to be solely responsible for all of the industrial hemp grown at a location.

(d) Grow industrial hemp in a dwelling.

(e) Grow a variety of industrial hemp that is on the list created under section 505.

(f) Sell or transport, or permit the sale or transport of, viable industrial hemp plants or viable seed.

© Courtesy of www.legislature.mi.gov

(g) Harvest industrial hemp before an official hemp sample is collected under section 401.

(h) Sell raw industrial hemp to a person in this state that is not licensed as a processor-handler under the industrial hemp research and development act, 2014 PA 547, MCL 286.841 to 286.859, or as a processor under the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801, as authorized under this act.

(i) Dispose of industrial hemp without submitting a notice of intent to dispose to the department under section 407(6)(a). This subdivision does not apply to a grower that disposes of industrial hemp affected by poor health, pests, disease, or weather or to prevent cross-pollination of male or hermaphrodite industrial hemp plants.

(j) Sell an intermediary, in-process, or finished industrial hemp product or smokable hemp flower, unless the grower is licensed as a processor-handler under the industrial hemp research and development act, 2014 PA 547, MCL 286.841 to 286.859, or as a processor under the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29305 Sign posting requirements.

Sec. 305. (1) A grower shall post signage in a conspicuous location at each boundary line of each location where industrial hemp is grown. The signage must include all of the following:

(a) The statement, "Industrial Hemp Registered with the Michigan Department of Agriculture and Rural Development".

(b) The grower's name.

(c) The grower's registration number.

(2) The signage described under subsection (1) must meet all of the following requirements:

(a) Be a minimum of 8 inches by 10 inches.

(b) Use print that is clearly legible and not smaller than 3/8 inch tall.

(c) Be made of weather-resistant material.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29307 Record of sale of raw industrial hemp.

Sec. 307. A grower shall provide a record of sale of raw industrial hemp to a processor-handler licensed under the industrial hemp research and development act, 2014 PA 547, MCL 286.841 to 286.859, or a processor licensed under the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801. The record of sale must contain all of the following information:

(a) The name and license number of the processor-handler or processor purchasing the industrial hemp.

(b) The total weight of industrial hemp purchased.

(c) The total sale price of the industrial hemp.

(d) The date of the sale.

(e) The certified report of the total delta-9-THC testing under section 405 for each variety of industrial hemp purchased.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29309 Maintenance of records.

Sec. 309. (1) A grower shall maintain records that contain all of the following information:

(a) Each record of sale generated under section 307.

(b) The name and mailing address of any person from whom the grower purchased viable industrial hemp.

(c) The name of each variety of industrial hemp the grower grows.

(d) Evidence that the information required to be reported under section 301 was submitted and received by the USDA Farm Service Agency.

(e) A notice of disposal generated under section 407(6)(b), if applicable.

(2) A grower shall maintain the records under subsection (1) for 5 years and make the records available to the department on request.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29311 Growing locations; approval required.

Sec. 311. (1) Before implementing a modification to a growing location listed in a registration, the grower must submit a growing location modification request on a form provided by the department and the required fee under section 511, and obtain written approval from the department.

(2) The department shall not approve a growing location modification request under this section unless the

© Courtesy of www.legislature.mi.gov

grower has paid the growing location modification fee in full.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29313 Sale of industrial hemp to processor.

Sec. 313. A grower may sell industrial hemp to a processor that is licensed under the medical marihuana facilities licensing act, 2016 PA 281, MCL 333.27101 to 333.27801.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

## CHAPTER IV

## Sampling, Testing, and Disposal

### 333.29401 Harvesting of industrial hemp crop; sampling requirements.

Sec. 401. (1) A grower that intends to harvest an industrial hemp lot shall contact the department not more than 30 days or less than 20 days before the grower's anticipated harvest to collect an official hemp sample of each lot of industrial hemp grown. A designated sampling agent shall collect an official hemp sample before the grower's anticipated harvest, and the grower or the grower's authorized representative must be present.

(2) When a designated sampling agent collects an official hemp sample, the grower shall provide the designated sampling agent with complete and unrestricted access to both of the following during normal business hours:

(a) All cannabis.

(b) All acreage, greenhouses, indoor square footage, fields, buildings, or other locations, including any location listed in the application under section 201, where cannabis is growing or stored.

(3) The department shall transport or cause to be transported an official hemp sample collected under this section to a regulatory testing facility for total delta-9-THC testing under section 403.

(4) A grower that requests the collection of an official hemp sample under this section must be in good standing. An official hemp sample will not be collected until any outstanding fee or fine under this act is paid.

(5) A grower may collect an unofficial hemp sample and submit the unofficial hemp sample to a compliance monitoring testing facility for compliance monitoring at any time to determine whether the industrial hemp is in compliance with this act.

(6) The department may use performance-based sampling that allows for reduced or no regulatory sampling of specific certified seed, varieties yielding consistently compliant hemp, lots used for academic research by a college or university, historical performance of the grower, or other factors, which have the potential to ensure at a confidence level of 95% that no more than 1% of the plants in each lot would be noncompliant.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29403 Regulatory testing facility or compliance monitoring testing facility; requirements; duties; report.

Sec. 403. (1) A regulatory testing facility that performs total delta-9-THC testing must do all of the following:

(a) Adopt a laboratory quality assurance program that ensures the validity and reliability of the total delta-9-THC test results.

(b) Adopt an analytical method selection, validation, and verification procedure that ensures that the total delta-9-THC testing method is appropriate.

(c) Demonstrate that the total delta-9-THC testing ensures consistent and accurate analytical performance.

(d) Adopt method performance selection specifications that ensure that the total delta-9-THC testing methods are sufficient to detect the total delta-9-THC as required under this act.

(e) Report the measurement of uncertainty on the certified report of the total delta-9-THC test.

(f) Adopt a total delta-9-THC testing method that includes a postdecarboxylation test or other similar method.

(2) A compliance monitoring testing facility or regulatory testing facility that performs total delta-9-THC testing shall do both of the following:

(a) Ensure that an official hemp sample or unofficial hemp sample is not commingled with any other official hemp sample or unofficial hemp sample.

(b) Assign a sample identification number to each official hemp sample or unofficial hemp sample.

(3) A regulatory testing facility or compliance monitoring testing facility shall report all of the following information to the grower for each test performed:

(a) The grower's full name and mailing address.

© Courtesy of www.legislature.mi.gov

(b) The grower's registration number.

(c) Each sample identification number assigned under subsection (1)(h).

(d) The testing facility's name and DEA registration number, if applicable.

(e) The date the total delta-9-THC testing was completed.

(f) The total delta-9-THC.

(4) The requirement for regulatory testing facilities and compliance monitoring testing facilities to be registered with the DEA is effective on December 31, 2022.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

**Compiler's note:** In subsection (3)(c), the reference to "subsection (1)(h)" evidently should read "subsection (2)(b)".

### 333.29405 Testing results; certified report; harvesting timeline.

Sec. 405. (1) If the results of the total delta-9-THC test of an official hemp sample indicate a total delta-9-THC concentration of not more than the acceptable THC level, the regulatory testing facility shall provide to the grower and the department a certified report that states the results of the total delta-9-THC test.

(2) If the results of the total delta-9-THC test of an official hemp sample indicate a total delta-9-THC concentration that is greater than the acceptable THC level, the regulatory testing facility shall provide the grower and the department a certified report that states the results of the total delta-9-THC test, and the grower must dispose of or remediate the noncompliant industrial hemp lot under section 407.

(3) A grower shall harvest an industrial hemp lot within 30 days after an official hemp sample is collected under section 401. If the grower is unable to harvest the industrial hemp lot within the 30-day period because of any of the following, the grower may submit a request to the department to collect a second official hemp sample under section 401:

(a) Weather.

(b) Agricultural practices.

(c) Equipment failure.

(d) Any other reason approved by the department.

(4) A second official hemp sample collected under subsection (3) must be tested under section 403, and the grower must harvest the remaining industrial hemp lot within 30 days after the second official sample is collected under section 401. A grower shall not request the department to collect a second official sample for testing under subsection (3) unless both of the following apply:

(a) The grower is in good standing with the department.

(b) The request to collect a second official sample is not for the purpose of delaying the harvest to increase cannabinoid concentration.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29407 Destruction or remediation of noncompliant hemp; timeline; methods; grower duties; exceptions.

Sec. 407. (1) A grower that receives a certified report under section 405(2) shall, within 30 days after receiving the certified report, dispose of the noncompliant hemp lot under subsection (2) or remediate the noncompliant industrial hemp lot under subsection (3).

(2) Except as provided in subsection (8), a grower shall dispose of a noncompliant industrial hemp lot using 1 of the following methods:

(a) Plowing under using a curved plow blade to rotate the subsoil to the surface and bury the industrial hemp below the subsoil.

(b) Mulching, disking, or composting the industrial hemp and blending the industrial hemp with existing soil, manure, or other biomass material.

(c) Mowing, deep burial, or burning.

(3) Except as provided in subsection (8), a grower shall remediate a noncompliant industrial hemp lot using 1 of the following methods:

(a) Removing all of the floral material and disposing of the floral material under subsection (2).

(b) Shredding the industrial hemp plant into a biomass-like material.

(4) If a grower remediates a noncompliant industrial hemp lot under subsection (3), the grower shall contact the department to collect an official hemp sample of the industrial hemp lot under section 401. The official hemp sample must be tested by a regulatory testing facility under section 403. If the results of the total delta-9-THC test indicate a total delta-9-THC concentration of not more than the acceptable THC level, the grower must harvest the industrial hemp lot within 30 days after the official hemp sample is collected under section 401. If the results of the total delta-9-THC test indicate a total delta-9-THC concentration that is greater than the acceptable THC level, the grower must dispose of the industrial hemp lot under subsection

© Courtesy of www.legislature.mi.gov

(2). The regulatory testing facility shall provide the grower and the department a certified report that states the results of any total delta-9-THC test completed under this subsection.

(5) The industrial hemp disposed of under subsection (2) must be rendered nonretrievable or noningestible.

(6) A grower that disposes of industrial hemp under subsection (2) shall do both of the following:

(a) Submit a notice of intent to dispose to the department at least 48 hours before disposing of the industrial hemp. The grower shall submit the notice of intent to dispose on a form and in a manner provided by the department.

(b) Submit a notice of disposal to the department within 48 hours after the industrial hemp is disposed of under subsection (2) that contains all of the following information:

(*i*) The date of the disposal.

(*ii*) The method of disposal.

(*iii*) The total acreage or square footage disposed of.

(*iv*) The reason for disposal.

(*v*) Photographic or video evidence of the disposal.

(7) The grower shall allow an agent of the department to be present during any disposal or remediation activities conducted under this section.

(8) Industrial hemp that is disposed of for any of the following reasons is not subject to the disposal requirements under this section:

(a) Poor health.

(b) Pests.

(c) Disease.

(d) Weather.

(e) To prevent cross-pollination of male or hermaphrodite industrial hemp plants.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29409 Effective date of Chapter IV.

Sec. 409. The provisions of this chapter are effective beginning November 1, 2020.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

## CHAPTER V
## Administration

### 333.29501 Rules.

Sec. 501. The department may promulgate rules to implement this act under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

### 333.29503 Department reporting requirements.

Sec. 503. (1) By the first of each month, the department shall report all of the following to the USDA:

(a) For each grower, the information provided on an application submitted under section 201.

(b) Each grower's registration number.

(c) The status of each grower registration.

(d) Any changes or updates to a grower's information provided under subdivision (a).

(e) An indication that there were no changes or updates to the reports previously submitted under this subsection, if applicable.

(f) The date for which the information contained in subdivisions (a), (b), (c), and (d) is current.

(g) The period covered by the report.

(2) If a grower is required to dispose of an industrial hemp lot under section 407, by the first of each month, the department shall report all of the following to the USDA:

(a) The information provided on the grower's application submitted under section 201.

(b) The grower's registration number.

(c) The total acreage or square footage of industrial hemp that was disposed of.

(d) The date on which the industrial hemp was destroyed.

(3) Not later than December 15 of each year, the department shall report all of the following information to the USDA:

(a) The total acreage of industrial hemp that was grown in the immediately preceding growing season.

(b) The total acreage of industrial hemp that was harvested in the immediately preceding growing season.

(c) The total acreage of industrial hemp that was disposed of in the immediately preceding growing season.

© Courtesy of www.legislature.mi.gov

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29505 List of prohibited industrial hemp varieties; website; enforcement response policy.

Sec. 505. (1) The department may create and maintain on its website a list of prohibited industrial hemp varieties.

(2) The department shall develop an enforcement response policy for use under chapter VI. The enforcement response policy must provide for consideration and application of all of the following factors:

(a) Whether a grower has committed 1 or more violations under chapter VI.

(b) The severity of a violation under chapter VI.

(c) Whether a person has had previous contact with the department about violations or attempted violations under chapter VI.

(d) Past enforcement actions under chapter VI.

(e) Any other circumstances as determined by the department.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29507 Application maintenance.

Sec. 507. The department shall maintain an application submitted under section 201 for 5 years.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

### 333.29509 Official regulatory testing facility.

Sec. 509. (1) The department's laboratory is the official regulatory testing facility for testing official hemp samples under chapter IV.

(2) The department may contract with a third-party laboratory to conduct the testing of official hemp samples under chapter IV. A third-party laboratory must meet all of the following requirements:

(a) Be registered with the DEA.

(b) Meet the standards under chapter IV.

(c) Provide copies of any certified report that states the results of a total delta-9-THC test completed under section 403 to the department within 24 hours after the total delta-9-THC test is completed.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29511 Grower fees.

Sec. 511. (1) A grower is subject to the following fees, as applicable:

(a) A registration fee of $1,250.00.

(b) A growing location modification fee of $50.00 for each growing location modification request form submitted under section 311.

(2) A grower shall pay a fee required under this act at the time an application is submitted under section 201 or at the time the growing location modification request form is submitted under section 311. The fee must be paid using a method prescribed by the department.

(3) A fee required under this act is nonrefundable and nontransferable.

(4) A grower shall pay a fee charged for total delta-9-THC testing under chapter IV within 15 days after receiving the invoice. A fee under this subsection is limited to the reasonable costs of conducting the testing.

(5) A grower shall pay a fee charged for the collection of an official hemp sample within 15 days after receiving the invoice. A fee under this subsection is limited to the reasonable costs of collecting the official hemp sample.

(6) The department may refer a fee charged under subsection (4) or (5) that remains unpaid for more than 180 days to the department of treasury for collection.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29513 Local rule, regulation, code, or ordinance; prohibited.

Sec. 513. A political subdivision of this state shall not adopt a rule, regulation, code, or ordinance that restricts or limits the requirements under this act.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

### 333.29515 Annual inspection.

Sec. 515. The department shall conduct an annual inspection of randomly selected growers to verify that industrial hemp is grown in compliance with this act.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020.

CHAPTER VI

Violations and Penalties

### 333.29601 Negligent violations of this act; notice; corrective action plan; penalties.

Sec. 601. (1) A grower negligently violates this act if the grower does any of the following:

(a) Fails to provide a legal description for each field, greenhouse, building, or other location where industrial hemp will be grown under section 201.

(b) Fails to obtain a registration.

(c) Grows industrial hemp that exceeds the acceptable THC level but does not have more than 1.0% total delta-9-THC on a dry weight basis.

(d) Any other violation that the department determines is negligent under subsection (7).

(2) If a grower violates subsection (1), the department shall issue the grower a notice of violation and the terms of a corrective action plan. The grower must comply with the terms of the corrective action plan.

(3) The department shall develop a corrective action plan under subsection (2) or (7) that includes the following terms:

(a) A reasonable date by which the grower will correct the negligent violation.

(b) A requirement that for not less than 2 years after a violation under subsection (1), the grower shall make periodic reports to the department about the grower's progress and compliance with the requirements of the corrective action plan.

(4) A grower that negligently violates this act 3 times in a 5-year period is ineligible to register as a grower for 5 years from the date of the third violation.

(5) A negligent violation under this section is not subject to criminal enforcement.

(6) A grower is not subject to more than 1 negligent violation under subsection (1) per growing season.

(7) In addition to a negligent violation listed in subsection (1), the department may determine that any other violation of this act is a negligent violation. If the department determines that a grower negligently violated this act, the department shall issue the grower a notice of violation and the terms of a corrective action plan. The grower must comply with the terms of the corrective action plan. The department shall use the enforcement response policy created under section 505 to determine whether a violation of this act is a negligent violation.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29602 Violations of this act.

Sec. 602. Except for a negligent violation under section 601(1), a person violates this act if the person does any of the following:

(a) Intentionally grows or is in possession of cannabis with a total delta-9-THC content greater than the acceptable THC level.

(b) Makes a false or misleading statement, as determined by the department, to the department or a law enforcement agency.

(c) Fails to comply with an order from the department or a law enforcement agency.

(d) Materially falsifies information required under section 201.

(e) Commits any other violation of this act, a rule promulgated under this act, or an order issued under this act.

**History:** Add. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29603 Investigations; registration suspension; notice.

Sec. 603. (1) If a grower violates or is suspected of violating section 602(a), (b), (c), or (e), the department shall investigate and may suspend the grower's registration for not more than 60 days.

(2) If the department suspends a registration under this section, the department shall notify the grower in writing that the registration is suspended.

(3) If a registration is suspended under this section, the grower shall not harvest or remove industrial hemp from the location where the industrial hemp was located at the time the department issued the notice of suspension, except as authorized in writing by the department.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29605 Revocation of registration; hearing; suspension removal; effect on other registrations.

Sec. 605. (1) The department shall not permanently revoke a registration suspended under section 603

unless the department notifies the grower of the allegation against the grower and gives the grower an opportunity for a hearing to appeal the revocation.

(2) The department shall schedule a hearing on a revocation under subsection (1) for a date as soon as practicable that is not more than 60 days after the date of notification of a registration suspension.

(3) The department shall conduct the hearing required under this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(4) If the department finds by a preponderance of the evidence that a person committed a violation under section 602(a), (b), (c), or (e) is true, the department shall revoke the registration. The revocation is effective immediately, and the department or a law enforcement agency must order the grower to dispose of all cannabis that is in the grower's possession under section 407.

(5) The department or a law enforcement agency shall not compensate or indemnify the value of the cannabis that is destroyed or confiscated under this section.

(6) If the department revokes a registration, the grower is barred from participating in the program in any capacity for a minimum of 5 years from the date on which the registration was revoked.

(7) If the department does not find by a preponderance of the evidence that a person committed a violation under section 602(a), (b), (c), or (e) is true, the department shall remove the suspension imposed under section 603 within 24 hours of the department's determination.

(8) If a grower commits a violation under section 602(a), (b), (c), or (e) 3 times within a 5-year period, the grower is barred from participating in the program in any capacity for a minimum of 5 years from the date of the grower's third violation.

(9) A suspension, revocation, or denial of a registration of a person who is an individual may result in the suspension, revocation, or denial of any other registration held or applied for by that individual under this act. The registration of a corporation, partnership, or other association may by suspended when a registration or registration application of a partner, trustee, director or officer, member, or a person exercising control of the corporation, partnership, or other association is suspended, revoked, or denied.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29607 Violation of MCL 333.29602; misdemeanor.

Sec. 607. A grower that commits a violation under section 602 is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or a fine of not more than $5,000.00, or both.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

### 333.29609 Violation of MCL 333.29601 or 333.29602; administrative fine and penalties; civil action; affirmative defense.

Sec. 609. (1) A grower that commits a violation under section 601 or 602 may be subject to an administrative fine. On the request of a person to whom an administrative fine is issued, the department shall conduct a hearing pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. The department shall impose an administrative fine authorized under this section as follows:

(a) For a first violation, an administrative fine of not less than $100.00 or more than $500.00, plus the actual costs of the investigation and double the amount of any economic benefit associated with the violation.

(b) For a second violation that occurs within 5 years after a violation under subdivision (a), an administrative fine of not less than $500.00 or more than $1,000.00, plus the actual costs of the investigation and double the amount of any economic benefit associated with the violation.

(c) For a third or subsequent violation that occurs within 5 years after a violation under subdivision (a), an administrative fine of not less than $1,000.00 or more than $2,000.00, plus the actual costs of the investigation and double the amount of any economic benefit associated with the violation.

(2) A grower that commits a violation under section 602(d) is ineligible to participate in the program.

(3) In addition to imposing an administrative fine under subsection (1), the department may do any of the following:

(a) Issue a cease and desist order, either orally or in writing. The department must inform the grower of the reasons for the cease and desist order. A cease and desist order issued under this subdivision is effective immediately, and failure to comply may subject the grower to an administrative fine under subsection (1).

(b) Bring an action to enjoin a violation or attempted violation under section 602 in the county in which the violation occurs or is about to occur.

(c) Bring a civil action to restrain, by temporary or permanent injunction, a violation under section 602. The action may be brought in the circuit court for the county where the violation occurred. The court may issue a temporary or permanent injunction and issue other equitable orders or judgments.

(4) The attorney general may file a civil action for a violation under section 602. A person that commits or

attempts to commit a violation under section 602 may be ordered to pay a civil fine of not more than $5,000.00 for each violation or attempted violation. In addition, the attorney general may bring an action in circuit court to recover the reasonable costs of the investigation from a grower that committed or attempted to commit a violation under section 602. Money recovered under this subsection must be forwarded to the state treasurer for deposit into the fund.

(5) A decision of the department under this section is subject to judicial review as provided by law.

(6) The department shall advise the attorney general of the failure of any person to pay an administrative fine imposed under subsection (1). The attorney general shall bring an action to recover the fine.

(7) Any administrative fine, investigation costs, or recovery of an economic benefit associated with a violation that is collected under this section must be paid to the state treasury and deposited into the fund.

(8) A person that violates this act is liable for all damages sustained by a purchaser of a product sold in violation of this act. In an enforcement action, a court may order, in addition to other sanctions provided by law, restitution to a party injured by the purchase of a product sold in violation of this act.

(9) As an affirmative defense to any action filed under this section, in addition to any other lawful defense, a grower may present evidence that, at the time of the alleged violation or attempted violation, the grower was in compliance with this act and the rules promulgated under this act.

(10) If the department determines that a grower individually, or by the action of an agent or employee, or as the agent or employee of another, committed a violation under section 602, that did not result in significant harm to public health or the environment, the department may issue a warning instead of imposing an administrative fine under subsection (1).

(11) The applicable provisions of the revised judicature act of 1961, 1961 PA 236, MCL 600.101 to 600.9948, apply to civil actions filed under this section.

(12) The department shall report to the United States Attorney General, the USDA, and the chief law enforcement officer of this state any violation under this chapter committed with a culpable mental state greater than negligence.

(13) The department shall use the enforcement response policy in determining what actions to pursue under this section.

**History:** 2020, Act 220, Imd. Eff. Oct. 16, 2020;—Am. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

## CHAPTER VII
## Emergency Rule Codification

### 333.29701 Repealed. 2021, Act 4, Imd. Eff. Mar. 24, 2021.

**Compiler's note:** The repealed section pertained to growers registered under the industrial hemp research and development act.

## CHAPTER VIII
## Colleges and Universities

****** 333.29801.added THIS ADDED SECTION DOES NOT TAKE EFFECT UNLESS ACT 547 OF 2014 IS REPEALED. (See enacting section 2 of Act 4 of 2021.) ******

### 333.29801.added Colleges or universities; growing of industrial hemp for research; requirements; "college or university" defined.

Sec. 801. (1) A college or university that grows industrial hemp for the purpose of conducting research shall do all of the following:

(a) Register as a grower under chapter II.

(b) Collect samples of each lot of industrial hemp and complete a total delta-9-THC test as required under chapter IV. If the college or university adopts alternative methods for collecting a sample and completing a total delta-9-THC test, the college or university does not have to comply with the requirements of chapter IV. A total delta-9-THC test conducted under this subdivision must achieve a confidence level of 95% with respect to the acceptable THC level.

(c) Dispose of noncompliant industrial hemp under section 407.

(2) As used in this section, "college or university" means a college or university described in section 4, 5, or 6 of article VIII of the state constitution of 1963 or a junior college or community college described in section 7 of article VIII of the state constitution of 1963.

**History:** Add. 2021, Act 4, Eff. (pending).

**Compiler's note:** Enacting section 2 of Act 4 of 2021 provides:

"Enacting section 2. Section 801 of the industrial hemp growers act, 2020 PA 220, MCL 333.29801, does not take effect unless the industrial hemp research and development act, 2014 PA 547, MCL 286.841 to 286.859, is repealed."
